THE BALTIMORE WEEKLY CLIPPER.
THE CHEAPEST NEWSPAPER IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent., is also a great requisite, and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprize, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY;
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprize; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country, recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be amongst the matters furnished, something which *alone* would justify them in investing the small amount required for one year.
The aim of the new Proprietor is to furnish a First rate
FAMILY AND BUSINESS PAPER,
embracing whatever may be *interesting*, amusing and *instructive* and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.
No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the heart of these climates fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of Cholera Morbus and Dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate children or the adult, where the printed directions accompanying it are faithfully followed. It is known as
DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic), Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of children, and Bilious Cholic. Put up in small vials and Packages, which will keep in all climates for any length of time.
TO THE PUBLIC
This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least three cases of the most fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which in one case of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America (one trip America, and Mexico, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.
It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and has hitherto proved in its ravages to any part of our globe, but ranges at large remorselessly, cutting down, *in spite of the best medical aid called to relieve it*, the young and well as the hardy, the trembling adult in all variations of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Diarrhœa or Army Diarrhœa, and who had previously had a long and unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.
With these few remarks, it is now confidently offered to the public, who can rely that not one-half its merits, the size can be known, as these relieves, in the last seven years, were individuals of all civilized nations and climes, subjected to trying influences on their way to the lands of gold, from the hardy mariner to the effeminate traveller or pleasure seeker, many of whom still well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully reminded of its effects under its administration by him.
Throwing aside all "*fond views*" and "*fables*," and the ambiguous rubbish to which has and always been resorted to in these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of their neglect, to try it a trial according to the *simple directions* as no physician will ever be needed in the above named dangerous diseases, one small package often relieving many sufferers.
TO MASTERS OF SHIPS.—To those who do business on the great Western Lakes, especially be found invaluable and no Ship Master should fail to take it to leaving port, it was on the seas more especially, wind and storm and strife of the elements, that it was first more thoroughly made known and widely tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its effects than in any other tropical climates. The notion of the ship also, from his observation, always aggravating the symptoms, and therefore battling the out well all efforts to relieve the patient, in the above diseases.
☞ Druggists and sellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or in their wardrobe, without the least inconvenience. When required, are taken in cold water. No hotel, proprietor, or Country Merchant, should be without this justly celebrated remedy, as many applications present themselves in the course of the summer where speedy and certain relief is required by their patrons.
TESTIMONIALS.
An examination of the following testimonials earnestly invited, as they do not purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and respected citizens of this city (many of whom can be referred to) will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.
SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, especially of children. I have even known, in the cases where it has been administered, its effects to be almost marvellous. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses than private practice, I cheerfully testify to, from my own personal experience, and regretting many others have to my knowledge, that you had not earlier made your public qualified with this. I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved.
Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1865.
ESTEMED FRIENT—I take pleasure in testifying to the very beneficial effects of your medicine in my family.
A case of bowel complaint occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, it continued to grow worse; but when was completely and effectually restored by the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course despite the usual well medicines used by our physicians, for six or eight weeks. The complaint took of recovery until your remedy was received and administered, when an immediate change was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1-63.
While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose of your Tropical Dysentery Remedy. The relief was immediate. I advise all my friends not to be without it, and I do so while I have strength, with the directions as I have used it never to be called in that troublesome and often fatal disease.
Respectfully yours,
JAMES ROBERTSON,
133 Court street, Brooklyn.

BROOKLYN, July 1-63.
DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the first aid I called in. I then tried a celebrated Tropical Dysentery Remedy, and I was immediately relieved, and continued to take it and obtained immediate relief, and cured the disease, and through my care, prudence in diet, brought on no relapse, which I was quite subject to before I took your Remedy. I am happy to add, was permanently cured.
JOHN WILSON,
Stallman st., near Myrtle Ave.

EAST BROOKLYN, L. I., June 1-63.
DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, I believe, I have now, as I will, be cured, after a long and severe attack of Dysentery, and I am happy to acknowledge it as the result of your medicine. I am happy to make this statement, and I am happy to make it, if it is of any benefit to be administered, as the direct result of that a cure, I will be effected in every instance, of a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the infant as well as adult. We would not be without it.
Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time prior to your sailing for Australia, also has been the instrument of many wonderful cures, lately performed wonders; curing many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.
Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.

MEDICAL.

COUGH SYRUP.
COUGH SYRUP. COUGH SYRUP.
W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of Coughs, Colds, Asthma, Bronchitis, Throat Ulcers, and Consumption.
THIS SYRUP is one of the most certain and efficacious cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease more fatal to be neglected than this; and yet there is none that more certainly and surely terminates in death. Many are the victims annually to the procure of long years of suffering; and many a child that has been permitted to run its course, has buried its mother in the immature grave. The Consumptive should know that we may thus cure and alleviate, or would have warded off that dreadful handmaid of death—Consumption—in many a one who is now linger-ing on with its tortures. Be careful then how you neglect that cough or cold upon which you now look so lightly, and remember that a little expense may be more good to you than all the money that may procure your life.
Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable remedy:
From REV. JAMES H. BROWN, Member of Baltimore Conference.
This certifies that I have used W. H. Read's Cough Pectoral Syrup, with the most happy effect, and recommend it as a most valuable medicine. JAS. H. BROWN.
From REV. ANDREW MANSHIP, Member of Philadelphia Conference.
Wm. H. Read—Dear Sir—I have used your Syrup of Liverwort, it was of great service to my throat, and relieved me of a long cough. I can recommend it to clergymen and public speakers.
ANDREW MANSHIP.
From REV. WM. W. HICKS, late Missionary to India.
Mr. Wm. H. Read, Sir:

NERVOUS DISEASES CONTROLLED AND CONQUERED.
DR. BRADSHAW'S INVIGORATING CORDIAL.
DR. BRADSHAW'S INVIGORATING CORDIAL.
THE GREAT INVIGORANT,
THE GREAT NERVINE,
CURES, CURES, CURES,
NERVOUSNESS AND WEAKNESS
And all diseases arising from the excesses and overexertion whether physical or mental.
No persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or any age. The feeble girl, the nervous youth, the listless, enervated youth, the overworn man of business, the victim of nervous depression, the individual suffering from general debility or from weakness, will find immediate and permanent relief from the use of this incomparable renovator.
A STIMULANT THAT ENTAILS NO REACTION.
Its force is never expended, as is the case with opium or alcoholic preparations, and its effect is permanent. The effect of others is brief, and it may well be said of him who takes them, "the last state of the man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, "perpetual in its effects, invigorating the nerves, the mind, and the entire organization. In cases of neuralgia, headache, loss of memory
