IN THE SUPERIOR COURT OF BALTIMORE, IN EQUITY—Martha A. Bell vs Edward Bell—The object of this suit is to procure a divorce, A Vinculo Matrimonii, for the complaint from her husband the defendant. The bill of complaint states that in July, eighteen hundred and fifty-five, the parties were married at Baltimore city, where they both resided, and that they lived together as man and wife until some time in June, eighteen hundred and fifty-seven, since which time the said defendant has not contributed anything to her support, and she has lived with and been supported by her parents. That the defendant has not resided in the city of Baltimore or State of Maryland for more than three years last past, and is now a resident of Philadelphia; that in the month of June, eighteen hundred and fifty-seven, the said defendant abandoned the complainant, and that such abandonment was continued uninterrupted for more than three years, and is deliberate and final and beyond reasonable expectation of reconciliation.
It is therefore this 24th day of January, 1865, adjudged, ordered and decreed that the complainant by causing a copy of this order to be inserted in some newspaper published in the city of Baltimore, once in each of four successive weeks before the 20th day of February, 1865, give notice to the said absent Defendant of the substance and object of this bill, and warn him to appear in this Court in person or by solicitor, on or before the 20th day of May, 1865, to answer the premises and to show cause, if any, he has, why a decree ought not to pass as prayed.

IN THE CIRCUIT COURT OF BALTIMORE CITY.—AUGUSTA KILLMYER vs. JOHN KILLMYER—To the Hon. Wm. Alexander, Judge, &c: The object of the bill of complaint in the above case is to obtain a divorce a vinculo matrimonii of the complainant, Augusta Killmyer, from the defendant, John Killmyer. The original bill states that in the year 1857 the said Augusta was intermarried with the said John in due form of law, and that she has always been to him a true and faithful wife, but that the said John had treated her with cruelty and been excessively violent in his conduct towards her, assaulted her with blows, with knives, and other deadly weapons, and has often threatened her life, and offers attempts to take it; that it is constant habit is to come home intoxicated, that he is dangerous, and his conduct towards her has driven her from their home for her safety, and that she has always used all reasonable power to make their said home comfortable and happy, but all to no purpose; so that she is compelled to seek the aid of your honors's Court, and pray your Honor to pass a decree authorizing her a divorce a vinculo matrimonii from the said John. The amended bill states that at the time your complainant filed her said original bill she had every reason to believe the said John had committed adultery, but could not charge it, therefore did not charge it in her said original bill but that, since the filing of her said original bill, the fact has come to her knowledge that the said John has committed adultery since their said marriage, and before the filing of her said original bill, and she therefore charges him with the said adultery in her said amended bill, and thereupon prays the writ of subpoena of this court against him to answer, &c., and also that she may resume her a vinculo matrimonii from the said John.
It is therefore ordered this 20th January, 1865, that, whereas two subpoenas issued in this case against the defendant, one of the complainant, by causing a copy of this order to be inserted in some newspaper published in the city of Baltimore, once in each week for four successive weeks, before the 20th day of March, 1865, give notice to the said John of the object and substance of this bill, and warn the said John to appear in this court in person or by solicitor, on or before the 20th of June, 1865, to show cause, if any he have, why a decree of divorce a vinculo matrimonii ought not be passed as prayed.

THE
BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.
The undersigned would call the attention of all desirous of having a good Weekly Journal to the
BALTIMORE WEEKLY CLIPPER,
one of the largest and cheapest Papers published in this or any other State.
At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the condition of European Governments, no person who wishes to keep up with these events should be without the means of doing so.
CHEAPNESS,
when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the
WEEKLY CLIPPER
at the low price of
$1.50 PER YEAR.
Let those who need such a paper, remember that for this comparatively small amount, they are furnished
THIRTY-TWO COLUMNS
of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.
To accomplish the enterprise, however, and to do the undersigned and his subscribers full justice, he must have
PROMPT PAY;
and therefore no paper will be sent from the Office but what is
PAID FOR IN ADVANCE,
and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprize; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.
Let the friends of the paper in the country, recollect also that a
WEEKLY "PRICE CURRENT,"
accurate and reliable, will be amongst the matters furnished, something which *alone* would justify them in investing the small amount required for one year.
The aim of the new Proprietor is to furnish a First rate
FAMILY AND BUSINESS PAPER,
embracing whatever may be *interesting, amusing* and *instructive*, and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.
Subscriptions must be remitted in
UNITED STATES NOTES.
Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.
THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED IN THE POCKET-BOOK
AND AS A TIMELY RESOURCE IN DISEASE IS
UNEQUALLED.
No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic cerentight, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres round in Mexico, Central America, and elsewhere, the haunt of those oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a specific, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as
DR. F. J. AGRIMONY'S
TROPICAL DISENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,
(either recent or chronic). Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.
TO THE PUBLIC.
This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many persons at friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least a dozen cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and in various parts of the world, by one of the proprietors who travelled on account of his health, which was much impaired by his campaign in the American army in Mexico.
It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but ranges at will, remorselessly, cutting down, *in spite of the best medical aid called to relieve it*, the tender infant as well as the aged and trembling adult in all ranges of climate.
In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Dysentery or Army Diarrhœa, and who had previously, as well as since, unequalled experience in Tropical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after one trial by those afflicted, will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.
With this few remarks, we offer our confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all ranks and ratives and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic soldier, some of the latter of whom, as is well known, barely survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully sensible of its effects under its administration by him.
Throwing aside all *"old wives' nostrums and follies,"* and the arrogant TAMPERING which has of late been shown regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial, according to *simple directions* and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.
TO MASTERS OF SHIPS.—To those who "do business on the great waters," it will ever prove a valuable remedy. No Sea Captain or Ship Master should fail to take it on leaving port, as it was on the sea more especially, "mid storm and strife" of the elements, its virtues were first proved, and it is from the sea it has abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in any other part of the world. The mention of the ship also, from his observation, always aggravating the symptoms, and heretofore baffling the best well known efforts to relief and cure of the above diseases.
Sea Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or with their wardrobe, without the slightest incommodious. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves, in the course of the summer when speedy and certain relief is required by their patrons.
TESTIMONIALS.
An examination of the following testimonials is respectfully invited; they do not purport to have been written in Missouri, Kansas, or come out of the way place, but are from some of the most influential and well known citizens of our city, and can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.
SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known. And I can speak from what I attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and regretas many others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved. Yours, &c.
Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 15 Wall street.
CROTON POINT, Westchester Co., N. Y., April 6, 1863.
EXTERNED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.
A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were diligently administered, continued to grow worse; but who was completely and effectually restored by the use of your remedy prepared for that complaint.
Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course unabated, despite all medicine administered by our physicians. It was of eight weeks. Three seemed in a state of recovery until your remedy was received and administered when an improvement was immediately noticed, and a permanent cure was effected.
Very truly yours,
RICHARD D. TALCOTT.
BROOKLYN, Sept. 1863.
While confined to my bed in consequence of a very severe attack of Dysentery, my friend administered a dose or two of your Remedy. The relief was immediate. I advise all my friends not to be without it; and I know while I have it, with the directions, a Physician need not be called in that most unsatisfactory and often fatal disease.
Respectfully yours,
JAMES ROBERTSON,

BROOKLYN, July 1863.
DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I immediately obtained immediate relief; rode out on the island, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the medicine, and I am happy to add, was permanently cured.
JOHN WILSON,
Sailmaker, near Myrtle Ave.
EAST BROOKLYN, L. I., June 1-63.
DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and if continued in a few hours, was permanent. It is slightest injurious in my humble opinion, if your medicine be administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the infant, as well as adult. We would not be without it.
Respectfully yours,
JOHN JAY WOOD.
DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to your sailing for Europe, has lately performed wonders, curing many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known or prescribed by medical men.
Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.
NEW YORK, May 17, 1863.
SIR—The medicine called the "Tropical Dysentery Remedy," as used by the discoverer, who was for six months Physician to The Astor Hotel, I know to be all that is above enumerated, which were numerous in our house in 1862, from the number of Californians stopping with us, it in every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives.
