COUGH SYRUP.

COUGH SYRUP.
(COUGH SYRUP.
W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of COUGHS, COLDS, CROUPS, ASTHMA, HOARSENESS, BRONCHITIS and INCIPIENT CONSUMPTION.

THIS SYRUP is one of the most certain and effectual cures now in use, as has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more perplexing than that; and yet there is none that more certainly and surely undermines health. Many a *neglected Cough* has been but the precursor of long years of suffering; and how many a Cold that has been permitted to *run its course*, has hurried its victim into the premature grave of the Consumptive. Every one knows that we hasten the truth when we say that a very little care and attention *at first* would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering beneath its tortures. Be careful then how you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may preserve your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable remedy:

From REV. JAS. H. BROWN, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most beneficial effects, and recommend it as a most valuable medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat and lungs, and I believe it will do as much for others. I can recommend it to clergymen and public speakers as a certain cure. ANDREW MANSHIP.

From REV. WM. W. HICKS, late Missionary from India.

Mr. Wm. H. Read, Sir:

I cheerfully recommend your Syrup to all persons affected with Coughs or Hoarseness, as a certain cure.

The Compound Syrup of Liverwort may truly be called the sufferers friend.
WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case recommending it to their friends. Among them may be found

THE BALTIMORE DAILY CLIPPER,
A UNION PAPER,
PUBLISHED BY
WILLIAM WALES,
AT 184 BALTIMORE STREET.

Intended to be a staunch supporter of the Union in its conflict with the rebels in arms, and to recognize no "peace" but that which is based upon the unconditional submission of those who have involved the land in bloodshed upon false pretexts, the *Clipper*, will be devoted to the cause of

GOOD GOVERNMENT
AND OF
SOCIAL ORDER;

The Daily Clipper is furnished at the counter at the low price—in these times—of TWO CENTS, and it is printed on good paper legibly and carefully, and besides being well provided with political matter, it will always be supplied with choice miscellany, an almost every subject, literary, scientific, agricultural and so on.

It is for all who desire to see such a paper made useful to this community especially, to give to it an

ACTIVE SUPPORT.

He does not mean by this, that they should merely commend the endeavor, speak well of it. That is all right as far as it goes. But he must have substantial aid in the way especially of *ADVERTISING* and *SUBSCRIPTIONS* since the City and State is full of good Union men whose patronage now goes in other directions.

If sufficiently encouraged in the enterprize, the new proprietor proposes to himself to expend upon the paper whatever is needed to improve and render it one of the very LARGEST AND BEST IN THE COUNTRY;

and with the Union men of the State thus advised of his purposes, he will await their action.

Terms 12½ Cents Per Week, Payable to the Carriers.

THE
BALTIMORE
WEEKLY CLIPPER,
THE CHEAPEST NEWSPAPER
IN THE STATE.

The undersigned would call the attention of all desirous of having a good Weekly Journal to the

BALTIMORE WEEKLY CLIPPER,

one of the largest and cheapest Papers published in this or any other State.

At a time like the present, when every one is anxious to be thoroughly posted as to the events of the war, and when almost every arrival from abroad brings some new and startling revelation in regard to the conduct of European Governments, no person who wishes to keep up with these events should be without the means of doing so.

CHEAPNESS,

when everything else almost has advanced in price more than one hundred per cent., is also a great requisite; and so it is, that notwithstanding the high price of paper and other printing materials, the undersigned proposes to furnish the

WEEKLY CLIPPER

at the low price of

$1.50 PER YEAR.

Let those who need such a paper, remember that for this comparatively small amount, they are furnished

THIRTY-TWO COLUMNS

of closely printed matter per week—that this comprises DOMESTIC AND FOREIGN NEWS, LITERARY, SCIENTIFIC AND AGRICULTURAL ARTICLES, information concerning the MARKETS, the FINANCES, EDITORIALS ON CURRENT TOPICS, ETC., and all given in a clear impression and on good paper, not excelled by any issue of the same class in the whole country.

To accomplish the enterprize, however, and to do the undersigned and his subscribers full justice, he must have

PROMPT PAY;

and therefore no paper will be sent from the Office but what is

PAID FOR IN ADVANCE,

and this without respect to persons. All papers not thus paid for will have to be promptly discontinued as soon as the advance payment expires. Without the adoption, rigidly, of the CASH SYSTEM, the proprietor would be unable to carry forward the enterprize; and therefore, all will see the necessity of complying with the terms set forth who desire to see a good Union paper freely circulate in the State.

Let the friends of the paper in the country, recollect also that a

WEEKLY "PRICE CURRENT,"

accurate and reliable, will be amongst the matters furnished, something which *alone* would justify them in investing the small amount required for one year.

The aim of the new Proprietor is to furnish a First rate

FAMILY AND BUSINESS PAPER,

embracing whatever may be *interesting*, *amusing* and *instructive*: and he hopes, therefore, that the subscription list of the *Weekly Clipper* will not fall behind any.

Subscriptions must be remitted in

UNITED STATES NOTES.

Postmasters and others sending ten subscriptions, will be furnished one copy gratis.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR
Army Dysentery,
CAN BE CARRIED in the POCKET-BOOK
AND AS A TIMELY RESOURCE IN DISEASE IS
UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of those oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIMONT'S
TROPICAL DYSENTERY REMEDY,
for the prompt and decided cure of
DYSENTERY AND DIARRHŒA,

(either recent or chronic), Cholera, Cholera Morbus or looseness of the Bowels, Summer Complaint of children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC.

This efficacious, scientific, and curative preparation, is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 5,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the world, by one of the proprietors, who travelled for the sake of his health, which was much impaired by his campaign in the American army in Mexico.

It is well known that the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined to its ravages to any part of our globe, but ranges at large remorselessly, cutting down as much of the best *medical skill called to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, the attention of a Physician and Surgeon in our Army in Mexico, who barely survived from the effects of the Camp Distemper or Army Diarrhœa, and who had previously, as well as since, unequalled medical and surgical diseases, was called to the above complaints, and the result is, the introduction to the public of the "Tropical Dysentery Remedy," which, after so fair a trial by those who will make itself favorably known; and if taken, and the accompanying directions strictly followed, a speedy cure will be effected.

In offering these remedies, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, are in the wilds of all civilized nations and climes, secluded to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as a rule, have survived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully testing its effects under administration by him.

Throwing aside all *"old wives' whims and fables,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *plain directions*, and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who go to sea on the great waters, it will especially be found invaluable. Every ship master should fail to take it on leaving portus, if it was on the seas more especially, "mid storm and strife" of the elements, its virtues were first made known. Its use is known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in any other clime. Prostration of the motion of the ship also, from his observation, always aggravating the symptoms, and heretofore baffling the best well known efforts to relieve the patient, in the severe cases.

☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the vest, or with their wardrobe, without the slightest injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly invited: they do not purport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most practical and well known citizens residing in our midst, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

SIR—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known. I did the success which has attended its exhibition in private practice, I cheerfully testify to, from my own personal experience, and respectfully others have to my knowledge, that you had not earlier made the public acquainted with it as I have often urged you to do, for I feel that many in Dysentery may be valuable lives thereby might thereby have been saved by it.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 6, 1863.

ESTEEMED FRIEND.—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery occurred during the summer of 1862, by which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse, until it was completely and effectually restored by the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint during the hot months, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. It then seemed no hope of recovery, until your remedy was received and administered, when an improvement was immediately noticed, and a permanent cure was effected.

Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1863.

While confined to my bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate. I advise all my friends not to be without it; and I know while I have it, with the directions, a Physician need never be called in that usually troublesome and often fatal disease.

Respectfully yours,
JAMES ROBERTSON,

BROOKLYN, July 1863.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; took it on the island, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the medicine, and I am happy to add, was permanently cured.

JOHN WILSON,

EAST BROOKLYN, L. I., June 1863.

DEAR SIR—The effects of your medicine and mode of treatment, Diarrhœa, Dysentery, &c., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and effectual in a few hours, and I am free to acknowledge, that in my humble opinion, if your medicine be administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the infant, as well as adult. We would not be without it.

Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, a short time previous to his departure for Australia, absolutely performed wonders; cured many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known prescribed by medical men.

Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.

NEW YORK, May 17, 1863.

SIR—The medicine called the "Tropical Dysentery Remedy," as used by the discoverer, who was for six months Physician to Tammany Hotel, I know to be all that is above enumerated, which were numerous in our house in 1858, from the number of Californians stopping with us. It is every instance at once relieved, to the satisfaction of ourselves and those afflicted, saving many lives.

And all diseases arising from excesses and over exertion whether physical or mental.

To persons of feeble constitution, or deficient in vital power, it is recommended as the only means of communicating that energy which is necessary to the enjoyment of all the mental faculties, and its effects under its administration by him.

Throwing aside all *"old wives' whims and fables,"* and the ANTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the *plain directions*, and no physician will ever be needed in the above named dangerous diseases; one small package often relieving many sufferers.

TO MASTERS OF SHIPS.—To those who go to sea on the great waters, it will especially be found invaluable. Every ship master should fail to take it on leaving portus, if it was on the seas more especially, "mid storm and strife" of the elements, its virtues were first made known. Its use is known and abundantly tested by a Ship Surgeon, and that too, while in the West Indies, where it is usually more fatal and rapid in its course than in any other clime. Prostration of the motion of the ship also, from his observation, always aggravating the symptoms, and heretofore baffling the best well known efforts to relieve the patient, in the severe cases.

☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the vest, or with their wardrobe, without the slightest injury. When required, are taken in cold water. No hotel proprietor, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer where speedy and certain relief is required by their patrons.
