COUGH SYRUP.

COUGH SYRUP.

COUGH SYRUP.

W. H. READ'S COMPOUND SYRUP OF LIVERWORT, for the cure of COUGHS, COLDS, CROUPS, ASTHMA, HOARSENESS, BRONCHITIS and INCIPIENT CONSUMPTION.

THIS SYRUP is one of the most certain and effectual cures now in use, and has been proved by all who have given it a fair and impartial trial. There is no class of disease that is more neglected than this; and yet there is none more certainly and surely undermines health. Many a *neglected Cough* has been but the precursor of long years of suffering; and many a Cold that has been permitted to run on *recently*, has fastened its victim into the premature grave of the Consumptive. Every one knows that we be utter the truth when we say that a *very little* care and attention at *first* would have warded off that dreadful handmaid of death—Consumption—from many a one who is now lingering beneath its tortures. Be careful then how you neglect that Cough or Cold upon which you now look so lightly, and remember that a trifle expended upon some good Cough Remedy may preserve your life.

Certificates from the following gentlemen cannot fail to impress the public mind with the value of this truly valuable Remedy:

From REV. JAS. H. ROWLAND, Member of East Baltimore Conference.

This certifies that I have used W. H. Read's Cough Pectoral Syrup with the most happy effects, and recommend it as a most valuable medicine. JAS. H. BROWN.

From REV. ANDREW MANSHIP, Member of Philadelphia Conference.

WM. H. READ—Dear Sir—I have used your Syrup of Liverwort; it was of great service to my throat, and relieved me of a heavy cold. I can recommend it to clergymen and public speakers. ANDREW MANSHIP.

From REV. WM. W. HICKS, late Missionary from India.

Mr. Wm. H. Read, Sir—

I cheerfully recommend your Syrup to all persons affected with Coughs or Hoarseness, as a certain cure.

The Compound Syrup of Liverwort may truly be called the sufferers friend. WM. W. HICKS.

We have many more certificates than we can publish, all speaking in the most emphatic terms of the great value of this medicine, and in every case recommending it to their friends. Among them may be found

MEDICAL.

CLEANSE THE BLOOD.

With correct, disordered or vitiated blood, you are sick all over. It may burst out in Pimples, or Sores, or in some active disease, or it may move by keep your digestion, disordered and good for nothing. But you cannot have good health while your blood is impure.—AYER'S SARSAPARILLA purges out these impurities, and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula, or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, also Syphilis or Venereal Disease, Liver Complaints and Heart Diseases. Try AYER'S Sarsaparilla and see for yourself the surprising activity with which it cleanses the blood and cures these disorders.

During the last years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they contain not a drop of Sarsaparilla, but often no curative properties whatever. Hence, bitter disappointment has followed the use of the various extracts of Sarsaparilla which have flooded the market, until the name itself has become synonymous with imposition and cheat. Still we claim his compound "Sarsaparilla," and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. We think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. We can only assure the sick, that we offer them the best alterative which we know how to produce, and we have reason to believe, it is by far the most effectual purifier of the blood yet discovered by any body.

AYER'S CHERRY PECTORAL, is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows them.

MEDICAL.

ARMY DYSENTERY.

THE GREAT REMEDY FOR

Army Dysentery,

CAN BE CARRIED in the POCKET-BOOK AND AS A TIMELY RESOURCE IN DISEASE IS UNEQUALLED.

No Officer or Soldier should go to the front to encounter the dangers of Miasma and unwholesome water without a package or two of these powders. They are put up in air-tight metallic coverings, occupy little space, and can be taken in a tumbler of water. The prescription has been proved of the highest efficacy on the Chagres route, in Mexico, Central America, and elsewhere, the haunt of these oftentimes fatal diseases of the bowels. It is the remedy of an eminent medical practitioner who has had an extensive experience as Surgeon on the Panama Steamship line, where he had the worst cases of California fever and dysentery to deal with, and it can be relied on by all as a *specific*, when tried on the most delicate child or the adult, where the printed directions accompanying it are faithfully followed. It is known as

DR. F. J. AGRIMONT'S TROPICAL DYSENTERY REMEDY,

for the prompt and decided cure of

DYSENTERY AND DIARRHŒA,

(either recent or chronic). Cholera, Cholera Morbus or looseness of the bowels, Summer Complaint of Children, and Bilious Cholic. Put up in small air-tight Packages, which will keep in all climates for any length of time.

TO THE PUBLIC

This efficacious, scientific, and curative preparation is now for the first time, at the urgent solicitation of many personal friends who have experienced its good effects in private practice, confidently offered to the public, after having been the means of curing within the last seven years, at least 6,000 cases of these often fatal diseases, many of them on crowded passenger ships and steamships, of which the discoverer was Surgeon, tossed about by the Ocean's swell, which is one cause of the great fatality attending these diseases on shipboard. It has also been used more particularly in the mines of Australia as well as California, also in several parts of South America, Central America, and Mexico, and in various parts of the West Indies, where it has been used on account of his health, which was much impaired by his campaign in the American army in Mexico.

It has been the terrible scourge Dysentery, sweeps into hurriedly made graves many thousand annually, and that it is not confined in its ravages to any part of our globe, but at large reaps indiscriminately, cutting down, in *spite of the best medical aid called to relieve it*, the tender infant as well as the aged and trembling adult in all variations of climate.

In view of these facts, and the *utter failure* of the usual means used in many instances to relieve the afflicted, it is now confidently offered to the public, who can rely that not one-half its merits, thus far can be known, as those relieved by it for the last seven years, were individuals of all civilized nations and climes, subjected to tropical influences on their way to the lands of gold, from the hardy mariner to the energetic traveller, as well as soldier, many of whom, as is well known, never lived to reach their homes at the close of the war with Mexico, with himself, but who have been gratefully astonished at its effects under such circumstances, and

Throwing aside all *"old wives' wiles and fables,"* and the ARTIQUATED TAMPERING which has always prevailed in regard to these fatal diseases, the proprietors in conclusion would charge those who would not save their loved ones, when prostrated in consequence of these diseases, to give it a trial according to the simple directions, and no physician will ever be needed in the above named dangerous diseases; one small package sometimes relieving many sufferers.

TO MASTERS OF VESSELS.—To those who "do business on the great waters," it will especially be found invaluable and no Shipmaster should fail to take it on leaving port, as it may save the lives of his crew, "taking storm and strife" of the elements, its virtues were first more thoroughly made known and abundantly tested by a Ship Surgeon, and that too, while in the Tropical Seas, where it is usually more fatal and rapid in its course than in more temperate climates. The motion of the ship also, from his observation, always aggravating the symptoms, and therefore should the medicine be used, in efforts to relieve the patient, in the above disease.

☞ Travellers will find, from the compact form in which the powders are put up, that they can be carried in the pocket, or in their wardrobe, without the slightest injury. When required, are to be in cold water. No best proprietary, or Country Merchant, should be without this justly celebrated remedy, as many opportunities present themselves in the course of the summer when speedy and certain relief is required by their patrons.

TESTIMONIALS.

An examination of the following testimonials is earnestly hoped for, they do not pretport to have been written in Missouri, Kansas, or some out of the way place, but are from some of the most influential and well known citizens resident in the city, who can be found and will personally testify to the extraordinary effects of the Tropical Dysentery Remedy.

Sir—Your remedy I do not hesitate to say, from my own experience and that of my family, surpasses in its curative effects, all medicines for Bowel Complaints, (especially of children,) I have ever known. And the success with which it has attended its application in private practice, I cheerfully testify to, from my own personal experience, and regret as many other have to say, that you did not earlier make the public acquainted with it as I have often urged you to do, for I have no doubt in Dysentery many valuable lives thereby might thereby have been saved.

Respectfully yours,
RUFUS CLAGETT,
Attorney and Counsellor at Law,
No. 16 Wall street.

CROTON POINT, Westchester Co., N. Y., April 4, 1853.

ESTEEMED FRIEND—I take pleasure in testifying to the very beneficial effects of your medicine in my family.

A case of Dysentery, occurred during the summer of 1852, in which the patient was reduced very low, and although the usual well known remedies were promptly administered, continued to grow worse; but when we commenced your Tropical Dysentery Remedy, the use of your remedy prepared for that complaint.

Subsequently an infant child was attacked with Summer Complaint, which, for two months, which run its course unabated, despite all medicines used by our physicians, for six or eight weeks. There seems no hope of recovery until your remedy was resorted to, and administered, when an improvement was immediately noticed, and a permanent cure was effected.

Very truly yours,
RICHARD D. TALCOTT.

BROOKLYN, Sept. 1853.

While confined to bed in consequence of a very severe attack of Dysentery, a friend administered a dose or two of your Remedy. The relief was immediate. I advise all my friends not to be without it; and I know while I have it, never to be confined to a sick bed, or to be called in that usually troublesome and often fatal disease.

Respectfully yours,
CHARLES H. ROBERTSON,
125 Court street, Brooklyn.

BROOKLYN, July 1853.

DEAR SIR—I was taken with a severe attack of Dysentery, and could get no relief from the best advice I could obtain, until accidentally I heard of your medicine. I took it and obtained immediate relief; rode out on the third day, and through my own imprudence in diet, brought on a severe relapse, which was again relieved by the medicine; and I am happy to add, was permanently cured.

JOHN WILSON,
Skillman st., near Myrtle Avenue.

EAST BROOKLYN, L. I., June 1852.

DEAR SIR—The effects of your medicine and mode of treatment in Dysentery, Diarrhœa, etc., I have witnessed with pleasure and astonishment in my own family. The relief was prompt, decided, and effectual in a few hours; and I am happy to acknowledge, that in my humble opinion, if your medicine be administered, and the directions followed, that a cure would be effected in every instance, in a disease usually fatal in the hands of many able physicians. It is equally safe and as promptly relieves the aged, as well as adult. We would not be without it. Respectfully yours,
JOHN JAY WOOD.

DEAR SIR—The small package of your "Tropical Dysentery Remedy," placed by you in the hands of a friend, has relieved previous to your sailing for Australia, absolutely performed wonders; curing many of my friends as well as several members of my family, who were attacked at different times in the course of the Summer with Dysentery, Diarrhœa, etc. I can, and do most cheerfully state, for the benefit of those who may be similarly afflicted, that it surpasses in its certainty of relief, any medicine I have ever known, prescribed by medical men.

Yours truly,
CLARKSON UNDERHILL,
Corner Bedford and Park Avenues,
Brooklyn, L. I.

NEW YORK, May 17, 1865.

SIR—The medicine called the "Tropical Dysentery Remedy," as used by the discoverer, who was for six months Physician to Tammany Hotel, I know to be all that is above enumerated, which were numerous in the course of the Summer of 1852, from the number of Cases, from the use of which I have seen no case but one, in which it failed to give immediate relief, to the satisfaction of himself and those afflicted, saving many lives.
