SEWING MACHINES.

THE "FLORENCE" AMERICAN INVENTORS' GREAT TRIUMPH.
THE FLORENCE MACHINE PERFECTED.

All the objections to other Machines are overcome by the Florence. It makes four different Stitches with the same ease, and with as little machinery as others make one. Besides, it has the reversible feed motion—a uniform self-regulating tension of thread and no springs, cog-wheels, or cams to get out of order.

It does all kinds of Family Sewing, from the heaviest woolens to the most delicate fabrics, using all kinds of Silk, Cotton and Linen Thread, from No. 20 to 303. No other MACHINE does so large a range of work as the Florence. No other MACHINE pleases the ladies so well as the Florence. The Florence is the only perfect Family Sewing Machine warranted to give entire satisfaction, or money returned. There is no one who owns the Florence would sell it at cost.

Call and see its operations, whether you wish to purchase or not.

SEWING MACHINES.

On all sides we hear the merits of the GROVER & BAKER'S *CELEBRATED SEWING MACHINE* extolled. The ladies declare it the "very best," and protest that it is so many undeniable facts that we are bound to confess our conviction of the truth of the declaration. What other machine will embroider so beautifully, braid so elegantly, hem so fruitlessly, quilt so evenly, stitch so accurately, gather so regularly, operate so easily? None, we conscientiously affirm.

STATE AGENCY FOR THE DISTRIBUTION OF INFORMATION CONCERNING FARMS IN MARYLAND.

MARYLAND FARMS FOR SALE IN EVERY COUNTY.
From $1,000 to $50,000 and Upwards.

The following is a partial list of Farms I have now for sale, comprising some of the most valuable Tracts and Finest Estates in Maryland:

FARM of 253 acres situated in Howard county, on the county road three miles west of the Relay House, 10 miles from the city of Baltimore. It is approached from the Washington turnpike on the south and from the county road from the west and north. The land is in good condition, twenty-five bushels of wheat per acre and other crops in proportion, have been raised; has an abundance of pure spring water and is considered one of the healthiest places in the State; has an abundant supply of fruit of all kinds, about 2,500 trees just coming into bearing this season. The garden of about 6 acres has a large supply of grapes of various kinds; raspberries, currants, gooseberries, strawberries, dwarf pears, &c., &c. Two never failing streams of pure spring water pass through the place, watering every field, one of which supplies a large pond from which the ice house is supplied with ice. The improvements are a close rough cast dwelling house 54 by 40 feet with very large back buildings built in the most substantial manner 8 years ago by the then owner for his own occupancy, and no expense having been spared to make it complete in every respect. A wide piazza extends the whole front of the house. The first floor consists of a parlor, sitting room, dining room, library room, a large and substantial fire proof safe, and wide hall running through the centre of the house, ante room, large winter and summer kitchens, and wood house on same level. Second floor contains six large chambers in main building, two bed rooms, bath room, &c., in back building; every room except the parlor have large and very convenient closets; hot and cold water throughout the house, bells in each room, also gas pipes throughout the house; a large, dry cellar under the whole house; Chelton's largest size furnace, heats the entire building; cooking range, &c., in kitchen; in short, every convenience usually found in a modern built house. The house stands on an elevated position from which nearly all parts of the farm, and from its top of the city of Baltimore, as well as the surrounding country for many miles, can be seen, and is surrounded by oak, hickory and chestnut trees of large size, as well as a profusion of evergreens. The other improvements consist of an ice house 20 feet square, now filled with the purest ice, winter and summer dairy, one of the best constructed barns in the county 61 by 50 feet, which is supplied with water, overseer's house, gate house, &c. The hen house and corn crib are of unique construction and considered to be superior.

FARM OF 189 ACRES on Mill Creek, two miles from Annapolis, 150 acres under cultivation, balance in timber. The soil is rich and adapted to the growth of grain, fruit and vegetables. Would make a fine truck farm. The improvements are, dwelling house of five rooms, and manager's house, of four rooms, fine barn, corn-house, cattle-shed, stable for ten horses, ample feed and harvest rooms, carriage house and house for farm hands. The improvements are mostly new. There are three pumps of fine water on the premises, and the whole is enclosed with good fences. FARM of 572 acres on the Annapolis and Elk Ridge Railroad, at the station known as Patuxent Furnace, 2½ miles from junction with the Washington Railroad, at the head of Patuxent river; 400 acres are under cultivation, and the balance is in young timber. The land is of excellent quality, and the site unsurpassed in regard to beauty and scenery. Two apple orchards and other fruit trees are on the place. An unsurpassed water power site for a factory, with race and mill-dam complete, formerly used for a large iron furnace. Improvements consist of a large and substantially built mansion house, with a fourteen feet wide hall, and piazza in front, surrounded by green trees. The house contains 14 or 15 rooms, and was built at a cost of $20,000. The other improvements are a store at the Station, rented for $400, barns, tobacco houses, &c. The steamboats are running from there to Baltimore and Washington every day. The soil is of a fine and productive character, well adapted to the growth of Corn, Wheat and Tobacco, Melons and Fruit, and every kind of vegetables—it would make a splendid market garden. Four hundred acres are of arable land, and the other portion in oak, chesnut, cedar and pine. The farm abounds in springs of never-failing water; it is situated in a healthy and pleasant neighborhood, convenient to churches of all denominations, post office, &c. It has on it a good Dwelling House, good Out Buildings, such as a fine large Barn, stables, corn House, Granary, Overseer's House, Negro Quarters, laborers, Meat House, Ice House, and all other necessary buildings. There is also a fine site for a Grist Mill, with a stream of never-failing water. Price $60 per acre, cash.

220 ACRES PINE TIMBER LAND in the Pine region west of Frederick, in Allegany county. The improvements are a house and barn; 42 acres cleared and fenced, about 100 acres heavily timbered with white pine hemlock and that very rare and valuable timber known as Tamarack, it grows to great height, combines lightness with strength, and especially valuable for boat oars, ship masts, saw mills, carriages and gates, and large frames; water power sufficient for sawing purposes is on it, and an abundance of good timber around it only accessable through it. The price is about $15 per acre; if sold soon a little less would buy it. At the present rates that pine timber is bringing, sawed up in a few years will exhaust it entirely, and what remains must become valuable. This tract especially so from the quality of the timber and other natural advantages; extensive borings for Petroleum are about to commence in the same region. This tract is as good a show for it as any other in the county, but in this offer for sale nothing is claimed for it upon that score.

MEDICAL.

AYER'S CATHARTIC PILLS

Are the most perfect purgative which we are able to produce or which we think has ever yet been made by anybody. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone to the whole living human system. Not only do they cure the every day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects they are at the same time, in diminished doses, the safest and best physic that can be employed for children.—Being sugar-coated, they are pleasant to take, and, being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent chemists and physicians have lent their names to certify to the public the reliability of our remedies, while others have sent us the assurance of their conviction that our Preparations contribute immensely to the relief of our afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis our American Almanac, containing testimonials for the use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an efficacious medicine. They act upon the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia, and Nervous Inability. Depurgements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they say are more profitable. Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it.
