DESCRIBE THE PRESENT AND ORIGINAL (If known) PHYSICAL APPEARANCE

This 2 1/2 story house is brick painted white, four bays by two with a fifth bay added, spaced differently, to the west end of the slate roof whose ridgeline runs east-west. Three evenly spaced hip-roofed dormers, ~~peaked~~, at the front of the house face south. A one-story porch runs across the south side.

Chimneys vary in size - a small flush interior chimney is at the east end, a very large interior chimney rises from location of the wall that would have finished off the 4-bay house, inside the addition.

The roof has wide eaves, tin or copper roofing. Windows in the dormers and at the ends are 6/6, elsewhere 2/2.

Commerce ☐	Literature ☐	Theater ☐	
Communications ☐	Military ☐	Transportation ☐	
Conservation ☐	Music ☐		
Architecture ☐			

STATEMENT OF SIGNIFICANCE *(Include Personages, Dates, Events, Etc.)*

It seems that this house may originally have been just the four bay by two section, and that later additions were made to the west end, ~~which~~ the roof changed to wide-eaves under tin or copper roofing, and then dormers added, spaced according to ~~[illegible]~~ the new dimensions of the house.

A good simple 18c house made more spacious ~~[illegible]~~ fifty to a hundred years later.

In 1857 it was advertised for ~~sold~~ sale as part of the 270 acre property of Samuel Wetherell along with Chrome Valley Mill, HA-309. On Martenet's map of 1878 it is identified as S. Wetherill's house.
