SIMPLY because both help to s-t-r-e-t-c-h the material on hand.

Today, despite the rapid progress on our tremendous service improvement and expansion program, a lot of folks are still waiting for telephones. And *party lines mean more service for more people sooner.*

If you're on a party line, you can help yourself to better telephone service by following these few simple suggestions:

1. *Try to make your calls reasonably brief.*
2. *Whenever possible, allow an interval between calls so that others can use the line.*
3. *Try to answer the telephone as promptly as you can.*
4. *Please don't interrupt when the line is in use, except in case of emergency.*
5. *Ask the children to follow these friendly suggestions, too.*

Party-line service is good service when everyone co-operates!
