Upon arriving in D.C. the Baltimore girls were presented with beautiful corsages of chrysanthemums. A full course turkey dinner was then served by the spouses of the D.C. group.

No one was more surprised than Alease Murray of D.C., when everyone went to the club room for coffee and cake, to find a beautiful trimmed umbrella hanging under which a bassinet was filled with lovely gifts for the expectant heir.

Baltimore president Ruth Lee was speechless when she was presented an engraved scrap book and personalized club stationery by Washington prexy Marguerita Fisher.

The girls then went into their business session. Plans were outlined for the year and new members of both groups were formally introduced.

Everyone then adjourned to the clubroom where the social hour was held until the Baltimore girls had to entrain home.

Science Shrinks Piles
New Way Without Surgery
Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

Probe of White Citizens Councils, Klan Demanded

WASHINGTON — George B. Murphy Jr., assistant to the grand secretary of Elks, blasted the House Un-American Activities committee for its failure to investigate the White Citizens Councils and the Klan.

But Murphy, who on previous occasions had been hailed before the committee, still refused to say whether or not he is a member of the Communist party on the ground that his answer might tend to incriminate him.

Explaining his refusal to answer, Mr. Murphy said:

"...In the entire record of this committee, as a person of color in this country, who has not yet fully received his rights, I have seen no record where it has ever brought forward any organization; any group of people, who have continued to deny our people their rights such as the great conspiracy of the White Citizens' Councils, the Ku Klux Klan, and other organizations which I really regard as the genuine conspiracy in America."

Mr. Arens: (Committee counsel) Miss Dorothy Funn has identified you before this committee as a person who, to her knowledge, was known as a Communist. Was she lying or telling the truth?

Mr. Murphy: I refuse to answer that question on the basis as previously stated.

Mr. Moulder: May I ask the question, has this witness you have asked him to identify testified?

Mr. Arens. She will testify very shortly, Mr. Chairman. How long have you been employed in your present job?

Mr. Murphy. Nearly three years, I stated.

Mr. Arens. Where was your employment just prior to the present employment?

Mr. Murphy. Prior to that I was general manager of Freedom, a newspaper, a monthly newspaper.

Mr. Arens. Where is that located?

Mr. Murphy. That was located in New York City.

Mr. Arens. Who controlled Freedom? Who owned it?

Mr. Murphy. It was a cooperation.

Mr. Arens. Just give us a record about the editorial board.

Mr. Murphy. As nearly as I can recall, Mrs. Shirley Graham was a member of the editorial board, Mr. Paul Robeson, Dr. Alphaeus Hunting, Mrs. Modjeska Simkins.

* * *

Mr. Arens. What was your occupation immediately prior to employment with the newspaper or publication, Freedom?

Mr. Murphy. I was assistant to the campaign manager of the Progressive Party.

Mr. Arens. What was your position immediately prior to your job with the Progressive Party?

Mr. Murphy. Prior to that I was National Commander of the Union Negro and Allied Veterans of America.

Mr. Arens. What was your position immediately prior to that?

Mr. Murphy. I was in the Army.

Mr. Arens. What was your position immediately prior to the time that you went into the Army?

Mr. Murphy. I was Maministrative secretary to the National Negro College.

Mr. Arens. What was your position prior to that?

Mr. Murphy. Prior to that I think I was general manager of the Washington AFRO-American.

* * *

Mr. Arens. What was your employment immediately prior to your employment with the AFRO-AMERICAN?

Mr. Murphy. Prior to that I was a teacher at Allen University.

Mr. Arens. Where is that?

Mr. Murphy. A colored school under the auspices of the African Methodist Episcopal Church in Columbia, South Carolina.

Mr. Murphy. Do you regard the Communist Party as a conspiratorial organization?

Mr. Murphy. No, I don't.

Mr. Scherer. (Rep. Gordon H. Scherer (R. O.), While you were employed as a public relations director for the NAACP were you a member of the Communist Party at that time?

* * *

Mr. Murphy. I refuse to answer that question on the basis of the Fifth Amendment as previously stated.

Mr. Moulder. (Rep. Morgan M. Moulder (D., Mo.) May I say your statement about this committee not investigating the Ku Klux Klan and other organizations, which you say are contrary to the civil rights and rights of the colored people, that even so has never encouraged, the colored people to be connected with the Communist Party.

I as a member of this committee will say that I have observed that the colored people have had the most intense loyalty to our present form of government and have never fallen for the propaganda of the Communist Party.

I would say even subjected to the abuses you have mentioned, they have never been suscepti ble to being prejudiced against their own government by the Communist Party or any such conspiracy.

Mr. Murphy. I appreciate your observation, but my point in answer to that is this. Actually understands the record that I have pointed out as to why I felt the way I did is a whole system and principle of white supremacy in this country.

If I may be permitted to say so, you exemplify that when you undertake to tell me what our people are loyal to and not loyal to. You are not in our minds. You don't know what colored people have suffered all of these years. To say in the face of that that somehow or other they remain loyal to this government to me—

Mr. Moulder. I am saying from my observation on this committee.

Mr. Murphy. That is your observation, and I am giving mine, if you please.

Mr. Moulder. The point I was trying to make, clear a moment ago that the colored people have never felt as a group that they could rectify the grievances and injustices that they complain of through the Communist Party.

There is some evidence of Communist Party attempt to infilter and gain the affiliation of the colored people with the Communist Party because of their grievances.

I say they have resisted it. Have you ever as such a person attempted to represent the Communist Party—

Mr. Murphy. Before I answer that question I want to take exception to what you just said. You nor no member of Congress or any white person in this country can sit up before me, you might before some colored people, and make a statement as to what you know the colored people think or feel.

You can only judge by your experience in observing them. Therefore, I am not going to permit you, sir, to speak for our feelings and relationships.

* * *

Mr. Moulder. I am not trying to speak for them. I am trying to be very fair about it.

Mr. Murphy. I believe you are. I am trying to tell you, Representative Moulder, that the whole notion of white superiority in this country creates a patronizing attitude towards colored people where white people can undertake to state for them what their feelings are and how they react.

This I regard as an insult to our intelligence and an insult to our people.

Mr. Moulder. I am not taking a patronizing attitude. I am simply saying that the Communist Party is not a solution to what you are talking about. Don't you agree with me on that?

Mr. Murphy. I have no observation to make on that.

Mr. Moulder. That is my thought.

* * *

Mr. Arens. Did you change your position on war after Hitler invaded Soviet Russia?

Mr. Murphy. I refuse to answer that question on the basis that I previously stated.

Mr. Scherer. Do you conscientiously believe that the answer to that question subjects you to possible criminal prosecution?

Mr. Murphy. Representative Scherer, before I answer that question I want to make this statement.

I have indicated in the beginning that the entire record of this Committee in relationship to colored people does not make me a person who could speak other than earnestly what I believe before it.

That is the basis. When you ask me do I earnestly believe there is no other position I can take. I refuse to answer it on that basis.

Mr. Scherer. I ask the Chairman to direct him to answer the question.

* * *

Mr. Moulder. As requested by Congressman Scherer the witness is directed to give a direct or responsive answer to the question. That is not given in the spirit of a threat but to appraise you of your possible dangers involved in connection therewith.

Mr. Murphy. I am sure there is a tremendous possibility that it might.

Mr. Arens. Did you contribute to a book entitled "The Inside Story of the American Legion," which attacks the American Legion?

Mr. Murphy. Let me see the book.

Mr. Arens. I invite your attention specifically—

Mr. Murphy. I am sure I could have. I don't know. I would have to look at it to see because I have always regarded the American Legion as an organization which by no means gave the colored veterans their rights and does not even today. It discriminates against them. I could have.

* * *

Mr. Arens. Have you ever been identified with the Southern Conference for Human Welfare?

Mr. Murphy. I certainly have. I want to state here that not only was I identified with it but I supported its ideas because there again, this Southern Conference even though it has been pillaged and slandered through the years, the great work that conference did, helped to give our people a sense of confidence of their rights in the South where even today people are being killed and denied the right to vote and that again I want to refer to the fact that in-terms of feeling about their Americanism, Mr. Chairman, I think it is of the highest sort.

* * *

Mr. Scherer. Let me say to you, sir, listening to you today that persons like you make it very difficult for persons like me, who all our legislative life have supported the civil rights legislation and have supported the things you say you are fighting for.

You just make our task so much more difficult.

Mr. Murphy. Representative Scherer. My reply to that would be this—

Mr. Scherer. Yes—

Mr. Murphy. Just a moment. I have listened to you. My reply to that would be I am really not concerned how difficult it makes it for you Representative Scherer.

I am concerned about my rights and the rights of my people. I am not concerned about pieces of feelings when you are dealing with 17 millio people, many of whom have been lynched and denied the right to vote and even in the la elections denied the right to vote. I don't think your remarks in that respect, though I have respect for your feelings, are on a level with my feelings.

Mr. Scherer. No, it just hurts your people. You hurt your people.

Mr. Murphy. I don't think I do hurt my people at all. I have never had any feeling that I would hit my hand and have it cut off before I ever felt I would do anything to hurt my people. That is your opinion, Representative Scherer.—

Mr. Murphy. Are you concerned with the Communist Party activities in the U.S.?

Mr. Murphy. I am concerned with fighting for the rights of my people and joining wherever groups which in my view help push forward and develop the ideas of a Declaration of Independence and the Constitution and the Bill of Rights which my people also helped with their blood to put into the Constitution. That is where I stand on that question.

Mr. Moulder. In connection with that statement, do you think the Communist Party represents the principles that you have just stated?

Mr. Murphy. I have never felt in my life, Mr. Moulder, under any circumstances, privately or publicly, that in my view the Communists could be construed as people who are doing anything against the rights of my people.

Mr. Arens. Have you been a participant in a session of a civil rights session attacking the FBI?

* * *

Mr. Murphy. I want to say this about that: I am quite sure that as a colored person who has also had visited on him on the streets even in Washington, as well as FBI agents coming to his office questioning his Americanism, I would be a part of such a committee because I don't think under any circumstances that that kind of a situation, attacking me, a citizen in the community here, and attempting to make me feel among my own people, among the community, that I am some kind of a spy or some kind of un-American person—

That is what I meant Representative Moulder when I said this record of this Committee attempts to delimit how and under what circumstances within the framework of this Committee the colored epople in this country may protest for their rights.

It denies them the right to support other political organizations which may be in disrepute but who they feel honestly are moving in the direction of giving us our rights.

* * *

Mr. Scherer. The FBI called on you not because you are colored. Don't try to leave that impression.

Mr. Murphy. You are not defining for me why I believe the FBI called on me. Why they called on me partly because I am colored. Certainly they did that.

—Garage For Rent.

the record.

Mr. Murphy. They hope to scare this colored person and scare others.

Mr. Scherer. Let me get it in the record. They called on him because he was a member of the Communist conspiracy.

Mr. Murphy. That is your opinion about it. That is what I mean about the white supremacy attitude. You are expressing it right now. You have no respect for what colored people feel or think. Just what Representative Scherer thinks must go. I don't agree with that.

Mr. Scherer. A typical Communist speech.

* * *

Mr. Murphy. That is also covering up the genuine conspiracy that I am talking about. So you think when a colored person stands up before a committee of Congress and defends the rights of his people and their right of free association it becomes a Communist speech.

You don't answer the question why you haven't called the White Citizens' Council. The Ku Klux Klan in here and these groups that have organized here to despoil the Washington school system.

You don't answer that question. You merely give me your opinion about me. That is your freedom of action to do. And my freedom to reject it.

* * *

Mr. Scherer. Your speech now indicates why I said men like you of the colored race make it difficult for men like me who have fought for the very things you are fighting to do something.

Mr. Murphy. I don't believe Representative Scherer. I don't believe you.

Mr. Scherer. Let me tell you this.

Mr. Murphy. You may shout from the house tops and I would refuse to believe you.

Mr. Arens. Was it your position that they should not restore the rights of the Trotskyite Branch of the Communist Party?

Mr. Murphy. I didn't express any position one way or the other as I recall.

* * *

Mr. Scherer. This man becomes strangely silent when we ask him the pertinent questions but he makes long speeches with great vigor here.

Mr. Murphy. I am not going to sit here and accept those snide remarks from you. Yes, I am not making speeches, I am testifying. Because I testify a little loudly that becomes a speech.

That is what many white people in this country who want to deny colored people their rights attempt to do. You must speak softly. You must do it the way we want you to. White supremacy attitude feel is the proper way.

That is what you are saying.

Equal Opportunity Day observed

Monday marked the first annual observance of Equal Opportunity Day. It was in commemoration of the 93rd anniversary of Lincoln's Gettysburg address.

A national observance, it is sponsored locally by the Washington Urban League.

* * *

IN A ceremony with Urban League officials and Community leaders, the District Commissioners issued a proclamation last week setting aside the observance.

League representatives participating in the ceremony were Dr. George W. Snowden, chairman of the League's Equal Opportunity Day Committee, Dr. R. Frank Jones, president of the Washington Urban League and Dr. Caroline F. Ware, Urban League past-president.

* * *

IN ISSUING the proclamation, the Commissioners called upon every citizen of the District to "exert every effort to advance this truly American cause of equal opportunity, and to discourage any and all artificial discrimination based upon race, creed or color so that all Americans shall have an equal opportunity for advancement in accordance with his merits as a human being and his capacity for productive work."

* * *

THE OCCASION was also observed in Washington public schools. In some schools, the Gettysburg address was read in classes and assemblies. Others held informal discussions on equal opportunity during class periods.

A ceremony was held Friday at the Library of Congress. The Gettysburg Address was read by Henry Thomas Smith, a Howard University senior. Mr. Smith is Phi Beta Kappa and holds the rank of major in the ROTC Cadet Corp.

The National chairman of Equal Opportunity Day is the Rev. James A. Pike, dean, the Cathedral of St. John the Divine of New York. He addressed the nation on television, Sunday, on the subject of equal opportunity.
