The suggested plans offer a varied program of events that are scheduled to keep it's old friends and make many new ones.

Good News — The church is being organized by Dr. and Mrs. Charles Ward who reside on Beokert Drive is reportedly getting along splendidly with the help of some of the former Cherry Hillites.

Calif. needs FEPC

SAN FRANCISCO — The West Coast NAACP last week again called for the enactment of a state Fair Employment Practice Commission.

In making the announcement public, Franklin H. Williams, regional secretary-counsel of the association, noted that the call for a FEPC law "represents the official position of our organization and leadership."

The experiences of states in which such legislation is now in effect, said Mr. Williams, is that it should adequately define the discrimination it is designed to correct; that it should impose penalties that will serve to discourage such practices; And that it should be administered by a commission armed with adequate enforcement powers and charged with the duty of carrying on an education program to prevent discrimination.
