THE AFFAIR, held at the Steelworkers Union Hall drew special guests from the Nigerian Embassy. During the intermission, Honorable Consulate Godwin Onyegbula thanked the group for their interest in Africa and gave highlights on educational plans and advancements of Nigerian students. A group of very fashionwise Nigerian college students, in their national finery entertained with a fashion show and dance. Mrs. Albert Chissell, president of the American Nigerian Society, of Washington, was a guest.

Audrey Pinkney and Flavella Clark were very chic in white. Leona Carpenter and Marion Barclift were also lovely in white, accented with gold. Edna Campbell was regal in her rose sheath and made an impressive picture as she conducted the presentations to the Nigerian Consulate.

A fashion award could have undoubtedly gone to Nancy Armor who was a living model in her Edwin Burke original—a white gown with a huge red rose at the back waistline.

Designer Edwin Burke was also present and very elegant in a pink satin jacket dress that belied the fact that it was a maternity outfit.... were representatives of

The illness that never got started
A lot of progress has been made in preventing baby illnesses. Hospitals have learned how to control the germs that threaten even the most spotless nursery.
They have learned that Lysol is one of the most successful preventives of environmental disease ever adopted.
Lysol is the quickest, safest, most effective way to eliminate disease germs while you do your regular housecleaning. Use Lysol Brand Disinfectant in the bathroom, kitchen, nursery, all through the house. Lysol added to your regular cleaning water is more effective than any bleach, any pine oil—at lower cost. And Lysol is as safe to use as your detergent.
Lysol BRAND DISINFECTANT
For more anti-germ protection than any detergent, any bleach, any pine oil.
