Mrs. Barbee tells of work in Congress

Nearly twenty years on the staffs of members of Congress were behind Mrs. Juanita Barbee when she spoke to Morgan State College students Tuesday.

Topic of the weekly workshop conducted by the Institute for Political Education was "Women in Politics."

Mrs. Barbee was the first person named as a Congressional secretary when she was named by Representative Helen Gahagan Douglas of California in 1947.

In 1951 she joined the staff of the then Senator Hubert H. Humphrey of Minnesota and remained there until 1956, when she became manager and administrative assistant to Representative James Roosevelt.

• • •

IN 1963 following the selection of Augustus Hawkins to the House, she became his administrative assistant.

Mrs. Barbee spoke on and off the record of the topics of which she has been a part and she gave many hints to help young people who may want to follow a similar career.

Mrs. Morgan and Mrs. Adams, respectively, told of the organization, program and problems of their organizations in the non - partisan political life of the city.

Mrs. Barbee reached political life from the field of music which she studied as a child. She has been an accompanist, organist and music coach.

The illness that never got started

A lot of progress has been made in preventing baby illnesses. Hospitals have learned how to control the germs that threaten even the most spotless nursery.

They have learned that Lysol is one of the most successful preventives of environmental disease ever adopted.

Lysol is the quickest, safest, most effective way to eliminate disease germs while you do your regular housecleaning. Use Lysol Brand Disinfectant in the bathroom, kitchen, nursery, all through the house. Lysol added to your regular cleaning water is more effective than any bleach, any pine oil—at lower cost. And Lysol is as safe to use as your detergent.
