## Mrs. LBJ visits Zion pre-schoolers

WASHINGTON

Mrs. Lyndon B. Johnson paid a visit to the pre-school project at Trinity AME Zion Church, 625 Park Rd., NW, Wednesday, to receive a preview of what more than 600,000 children from all over the country will experience in Head Start Child Development Centers this summer.

Project Head Start will be a program for disadvantaged four and five year olds that prepares them to meet the challenges of school.

Mrs. Johnson walked through the school stopping from time to time to talk to the little ones and to watch their activities.

She was given a running bean plant, which was planted by the children, and she in turn gave Mrs. Audrey Gibson, head teacher, two books for the school which were "Jonathan Visits the White House" by Peter Benchley and "The White House" by Lois Perry Jones.

The pre - school in Trinity Chuch is in the Cardoza area, chosen as an area with the widest possible cross section of poverty problems in the district. Over - crowded homes, dilapidated buildings and a high rate of juvenile delinquency abound.

• • •

The jobs they hold are in the semi - skilled area, bus boys, delivery boys, waitresses and similar occupations.

Trinity Church rents its basement for a nominal fee of $10 a month, which includes heat, light and general maintenance. This is paid by the United Planning Organization.

The UPO, a Community Action Program, is funded by the Ford Foundation, and HEW's Office of Juvenile Delinquency and Youth Development.

It will be the sponsor organization of all the Head Start centers in the District of Columbia and neighboring suburbs. The use of Trinity illustrates the five-day a week use to which churches may be put in any given community.

• • •

FORTY - FIVE children are enrolled and there are 4 teachers and 4 teacher's aides. One of these is Claire Horan, a Peace Corps volunteer who has just returned from the Phillippines.

Each child is given a medical examination and the school provides one hot meal a day.

The pre - schoolers introduction to living comes through trips through their community. A visit to the local firehouse, drug store and post office for example.

These 45 children have, this year, learned for the first time many of the things that are taken for granted by the average child. When they now enter school they will be able to cope with new subjects and experiences on an equal footing with more fortunate children.

Mrs. Virginia Williams, mother of two children, 10 and 9 respectively, is the Director Pre - School Program, Model School Division. She said their purpose was to give the children a start before they get left behind.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.

HONESTY PAYS—Delores Ramsey, a student at John Philip Sousa Junior High School is shown with the $20 she received as a reward for finding a lost wallet. (Glover photo)

## She was obeying mother's teachings

WASHINGTON

Roger Stewart of 1826 I St., SE, had one of his best days Monday, thanks to 15 - year - old Dolores Ramsey.

Mr. Stewart, 67, a retired government employee, had finished cleaning a yard near Dolores' home at 2029 Ames St., NE, when he discovered his wallet missing about 8:45 a.m.

Dolores spotted the wallet near her backyard fence in the alley. Picking it up she noticed a dollar in it and continued across the alley to a schoolmate's home where she discovered the rest of the money, a total of $136.

When she arrived at Sousa Junior High School where she is a ninth grade pupil, she carried the money into the principal's office and Mr. Stewart was called.

"She really did me a favor by returning it," the happy retiree gleamed. "There are not many who would have done a thing like that. I had just got my check and had my rent money and everything in it.

"I wish I could afford to give her more," he added.

Asked why she decided to return the wallet, Delores said:

"I decided to do what my mother had taught me to do."
