React to hold 'wake break' for drivers

There will be a "React Operation" coffee break or stop on July 4 and July 5 at the Howard Johnson located at Reisterstown Road and the Beltway.

Purpose is to help reduce traffic accidents by providing free coffee as an incentive for motorists to take a "wake break"

The effectiveness of the coffee break in off-setting driver fatigue, drowsiness and "highway hypnosis" is well known, and has long been recommended as a key to safe driving.

Stopping the car and leaving it for a few minutes to get a cup of coffee provides a change of environment and an opportunity to rest and relax.

React as a combination of radio emergency associated teams, a community-program to coordinate citizens two-way radio facilities for the common welfare.

Red ink

The government closed its books Wednesday on the red ink-stained 1971 fiscal year which produced the second largest budget deficit since World War II and the fifth largest in the nation's history.

Although the final figures will not be compiled for about a month, it already is certain that spending exceeded income by about $20 billion during the 12 months that began July 1, 1970.

Man is mighty no doubt, but insects bother him more than such bother insects. . . . .

Unfortunately, the man who thinks he can control strong drink, seldom does.
