HIRAM WALKER & SONS INC., PEORIA, ILL.

Roswell Jackson saved on new awnings for his home in October. Bought a stereo tape deck on clearance after Christmas. Saved again on a winter jacket in the spring.

And he'll save more now when he picks out his new Olds.

Olds dealers are clearing their inventories now. And smart shoppers like Roswell are picking up really big savings now!
On that Delta 88 with "G-Ride", for example; with power steering and power brakes, and now automatic transmission, all standard—it's a *big* car value!
Or a sharp, trim Cutlass S, at a surprisingly modest price. They're both big values now—and you'll find that extra value carries through to trade-in time, too. Even Value-Rated used cars are included in this sale! So hurry in now, while your dealer's stock is at its best.

OLDS SMART BUYER SALE

There's a smart time to save on anything. Now's the smart time to save on an Olds.

Smart buyers will like what Olds has done for cleaner air, too.

Every 71 Olds—regardless of engine size and horsepower—is designed to run efficiently on no-lead, low-lead or regular gas. Score one for cleaner air!

Every 71 Olds carburetor is computer-adjusted to provide excellent performance with minimum emissions—then sealed to keep it that way. The idle mixture should never need readjustment.

Every 71 Olds has a new ignition timing system that reduces exhaust emissions up to 30%. It retards or advances the spark on signal from the transmission—automatically!

Every 71 Olds has a sealed fuel system that prevents emissions by evaporation, too. Vapors are trapped by special controls—stored and recycled for burning off by normal combustion.

These are some of the things we've done. What you can do is observe regular maintenance procedures to help keep your car working at peak efficiency—and buckle up, for safety's sake.
