Doctors' Tests Show How You Can Actually Help Shrink Swelling of Hemorrhoidal Tissues

...Due to Inflammation and Infection. Also Get Prompt, Temporary Relief in Many Cases from Rectal Itching and Pain in Such Tissues.

When inflammation, infection and swelling exist in hemorrhoidal tissues—it can be very painful for the sufferer. But there's an exclusive formulation which in many cases gives hours of relief from the burning itch and pain in hemorrhoidal tissues. It also helps shrink the swelling of such tissues. Sufferers are delighted at the way it acts so gently and is so soothing to sensitive tissues.

Tests by doctors on hundreds of patients reported similar successful results in many cases. And it was all done without the use of narcotics, anesthetics or stinging, smarting astringents of any kind.

You can obtain this same medication used in these tests at any drug counter. Its name is *Preparation H®*. Preparation H also lubricates to protect the inflamed, irritated surface area to help make bowel movements more comfortable. Be sure and try Preparation H. in ointment or suppository form.
