THE AWARE SHOPPER

By Barbara Sullivan
A&P Director of Consumer Affairs

Tips On Storing Meat And Poultry

As soon as you get the meat home, take off the store wrapping and rewrap it loosely in wax paper so that air can get to it. Sometimes it's more convenient to put it in an open dish and cover it loosely with waxed paper. Put in refrigerator.

If you're freezing the meat, however, it should be wrapped airtight.

If possible, take the meat out of the refrigerator before cooking and let it stand until it is at room temperature. About an hour for small cuts, two or even more for large cuts.
