THE LOCH NESS MONSTER LIVES!

But you won't believe it till you ride it! At The Old Country, Busch Gardens: 3,400 feet of terror! 2 minutes and 10 seconds of head spinning, heart pounding, mind boggling excitement! The Loch Ness Monster is simply the fastest, fiercest, tallest, meanest roller coaster in this world. There's a 13-story drop from above the trees! Going from 7-70 mph in 3 seconds! Pulling 3.5 g's! There are two interlocking loops that turn you every way but loose. Coming and going! And there are two three quarter turns in darkness. Total darkness! The Loch Ness Monster is new at Busch Gardens. Only at The Old Country, Williamsburg, Virginia. And it's the biggest reason why there's new excitement in Europe this year.
