Prepare now for U.S. Civil Service job openings, in this area, during the next 12 months. Government positions pay as high as $350.00 a month to start. They provide much greater security than private employment, and excellent opportunity for advancement. Many positions require little or no specialized education or experience.
But to get one of these jobs you must pass a test. The competition is keen, and it takes really some out-of-the-ordinary preparation to give you a fair chance. Lincoln Service helps thousands prepare for these tests every year. It is one of the largest and fastest growing privately owned schools of its kind and is not connected with the Government.
