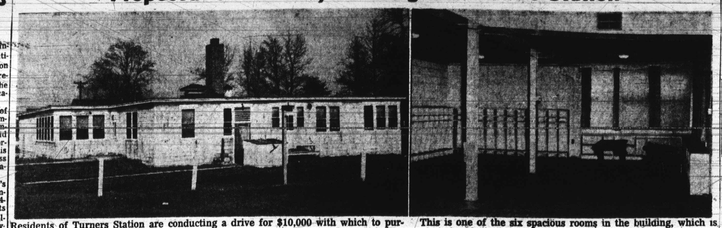
Eisenhower Backs Vocational Drive

NEW YORK—Equal job training opportunities for colored citizens were advocated by Milton Eisenhower in his statement released here Monday, endorsing the National Urban League's Vocational Opportunity Campaign.

Mr. Eisenhower, president of Kansas State College and a member of President Truman's Commission on Higher Education, said all citizens must have equal opportunity if American democracy "is to approach complete effectiveness at home and in its foreign relations."

The National Urban League's 16th Vocational Opportunity Campaign will be observed March 14-21 throughout the country. Its purpose is to demonstrate that colored boys and girls should be given opportunity to train for and be hired at all types of jobs.

Proposed Community Building at Turner's Station



Drive for $10,000 Center Under Way

Residents of Turners Station are conducting a drive for $10,000 with which to purchase the building and ground shown above for a community center. Located in Ernnett Lyons Homes, the building formerly housed the Lyons Primary School. It is valued at more than $35,000 but will be sold to the suburban residents for considerably less. Present plans are to put health, recreation, and child-care centers in the building and use the 52,394 square feet of land as a play area

This is one of the six spacious rooms in the building, which is of cinder-block construction with all floors covered with inlaid linoleum. Its large rooms may be used as assembly halls or divided and used for small gatherings. If the plans for a child-care center are successful, the lockers in this picture and many other facilities of the building will not have to be removed.

or more will be published in the AFRO.

The proposed community center building is a one-story cinderblock structure located in the Ernest Lyons housing project. It is now considered war-surplus and though valued in excess of $35,000, can be purchased for community use at a greatly reduced figure.

If successful in acquiring the building, the suburbanites will use it for health, recreation and child care centers. They will develop the land surrounding the structure for a play area.

The acute need for a health center was stressed recently in the annual report of the Baltimore County Health Department. Turners Station's shortage of recreation facilities were pointed out last July in a report made by the Baltimore Council of Social Agencies.

Forget Color, Just Be Good Citizens, N.H. Doctor Pleads

BOSTON—Speaking before over 200 persons at the second annual breakfast, sponsored by the Brotherhood of Ebenezer Baptist Church, Dr. Albert C. Johnston of Keene, N.H., said that colored people should stop thinking in terms of black and white and think of themselves as just people and U.S. citizens. Dr. Johnson urged minorities not to segregate themselves in particular areas.

Prejudice will then be lessened, he added. He said he posed as white to get a medical internship. Later he attended Harvard as white. He said, "We who pass for whites are more bitter than you; I didn't like it, and I'm not doing it any more."

Among others attending the interracial, inter-faith brotherhood breakfast were former Gov. Maurice Tobin; Father Richard B. Ferley of St. Richard's Church; the Rev. William S. Ravenell, pastor of Ebenezer, and Rabbi David S. Alpert, chaplain of the Jewish Veterans of Foreign Wars.

Officer's Arrival Prevents Violent Incident on Avenue

The timely arrival of Officer David L. Hubbard, probably prevented a slaying in the 1200 block of Pennsylvania Ave., Tuesday evening.

"I walked up just as this woman who was holding a man by the lapel of his coat and menacingly waving a straight razor threatened, 'I'll cut your throat, you,' " testified Officer Hubbard in Northwestern police court.

Had Two Razors

He referred to Miss Delores Savage, 19, of 525 N. Gilmor St., who was charged with possessing two razors. The patrolman said he placed the woman under arrest as the threatened victim fled.

Miss Savage admitted having an argument with the unidentified man, but denied making any threats.

As to the weapons, she said she had taken one of them from a soldier who was about to use it in a fight and brought the other from the home of a relative.

"We deal severely with persons arrested in this district for carrying deadly weapons, especially razors and knives," commented Magistrate Thomas L. Fitzpatrick as he imposed a 60 day jail sentence.

Listed as heirs of Mr. Anderson are his father, Robert Anderson; and brother, Calvin Anderson, both of 810 Rutland Ave.

MORGAN SENIOR SPEAKS:

Practice of Cheating During Exams Scored

Cheating in college examinations is scored in a letter to the Morgan College "Spokesman" by student Joseph Durham.

"At Morgan since my freshman days I have seen footloose examinations floating about the campus," Durham, who is now a senior, declared. He writes further:

"I have seen groups of D and F students clustered together, plotting how to break into an instructor's office and obtain an examination.

Exam Public in Advance

"I have heard students brag that they have practically any examination for any course you desire. One examination was circulated in a semester I vividly recall that an certain class exactly one week before the final examination was scheduled.

"Moreover, I have seen students spend many hours thinking of ways to cheat on exams. I have seen many others laboriously copying so-called 'ponies' to be fitted into pants, cuffs and pockets, beneath watch bands and belts.

"I have seen hands, knees and arms literally covered with significant bits of information as an aid to memory . . .

Work Behind Prof's. Back

"I have seen them (students) heave sighs of relief when the instructor walks out of the room, and upon his return I have heard papers rattling, books falling, on the floor and much hustle and bustle.

Finally, the writer relates that he has seen many of the examinations "which have caused so much trouble and mental concern, returned to the students "abundantly covered with red ink and proudly bearing a crimson D."

8 Put on Police Force in Atlanta

ATLANTA (NNPA)—City Council's Police Committee last Wednesday appointed eight colored men to the police force here and authorized Police Chief Jenkins to assign them to active duty effective March 8, when they will enter a training school.

Appointment of the colored policemen, first in Atlanta since Reconstruction Days, followed appeals from religious and civic leaders, who insisted colored policemen would be in a better position to handle problems of colored people and expressed the belief that a reduction in crime would result.

Names of the appointees are Willard Strickland, William E. Elkins, Johnnie P. Jones, Robert McKibbons, Jesse Jones, Tyson, John Sanders Jr., Henry Hudson Hooks and Claude Dixon II.
