# Pleads Guilty to Helping Slip Jamaicans Into America

## 2% of White-Collar Jobs Held by Our Workers in 25 Cities

NEW YORK — Colored professional and technical workers represent 2 per cent of the total of all such workers in 25 cities, according to a survey by the Industrial Relations Department of the National Urban League in co-operation with local leagues in those cities.

Approximately 7,400 white-collar workers were interviewed and 46 per cent of the total were found to be in retail merchandising. Industrial firms and other commercial establishments employed 23 per cent; public utilities, 20 per cent; and department stores, 9 per cent. White-collar workers in Federal, State and municipal agencies were excluded from the survey.

Colored technical workers were found in these unusual jobs: director of industrial relations for a large candy manufacturing company; assistant plant superintendent for a Midwestern foundry; supervisor of dietetics in a department store; physicist for a well-known fuel research institute; photographer for a big oil company; and aeronautical engineer for a West Coast airplane manufacturer.

## 671 Rent Boosts Okeyed in Month

The Baltimore Area Rent Office received during September a total of 671 voluntary leases providing for rent increases up to 15%, it was announced this week.

These make a total of 4,766 leases filed during the first six months under the Housing and Rent Act of 1948. During the first six months under the Housing and Rent Act of 1947, a total of 21,269 leases were filed.

**Dec. 31, Deadline for Act**

Under the terms of the 1948 act, landlords and tenants may voluntarily enter into valid, written, rent-increasing leases between April 1, 1948, and Dec. 31, 1948, both dates inclusive. These leases must run through Dec. 31.

The maximum rent on which the percentage of increase up to 15% is based, is the maximum rent which would have been in effect on March 30, 1948, in the absence of a lease.

Copies of leases must be filed within 15 days after execution with the area rent office.

## Man Gets 90 Days in 'Queer' Stabbing

Although he testified that his wife had cut herself by thrusting her hand in his pocket which contained an open knife, Charles Jones of Buckingham County, Va., was sentenced to 90 days in jail, Monday.

According to Mrs. Mary Jone, the wife, they were walking home Sunday after visiting some friends when Jones, who had been drinking, suddenly pulled out a knife and started to stab her with no provocation. Her hand was cut, she said, when she grabbed the knife.

Magistrate Paire of Western district said that these were 'the queerest tales he had ever heard.

Mr. Walker is president of the Associated Negro Credit Union, which lends some $70,000 annually to residents of the Twin Cities.

## Indict Policeman Who Blinded Man

SPRINGFIELD, Ill.—Accused of beating and blinding an imprisoned truck driver, a white policeman was indicted by a Federal Grand Jury sitting here. The indictment followed a demand for an investigation by the U.S. Department of Justice.

James Simpson, the victim, told the Grand Jury that he had been blinded in one eye and severely beaten by Patrolman James Swift in the Rock Island, Ill., prison on the night of November 23, 1947.

He had been arrested by Rock Island police when he became involved in an accident while driving along the highway between Rock Island and Moline.

Swift is reported to have beaten the truck driver in the mistaken belief that he was a man who had recently had a run-in with another Rock Island policeman.

## Passport Racial Tag Is Abolished

WASHINGTON

The U.S. Bureau of Immigration and Naturalization has abolished the practice of reserving the passport designation "American" for white citizens alone while requiring colored Americans to designate themselves as "black."

Action by the bureau followed a protest by Leslie Perry of the NAACP against these instructions: "Native-born citizens of the United States of all Caucasian or white races, departing for permanent residence in a foreign country, should be recorded by race as 'American.' Other native-born citizens of the United States, viz: African (black), Chinese, Japanese . . . should be classed under their respective designations."

## Stolen Truck Junked, Parts Sold

"The motor and chassis of a truck, valued at $400 was stripped, junked and sold to parts dealers for approximately $50, the bulk of which was spent in buying cheap wine, it was testified in North western police court, Thursday.

Held under $3,000 bail on larceny charges were:

Robert L. Autry, 31, 712 Vincent St., Riggan Gerald, 31, and Sherman Briscoe, 47, both of 1702 Ditman Ct.

The truck was the property of Douglass Jones, 1007 N. Fulton Ave., who told Sgt. Leslie H. Kummer it had been stripped and the body left standing on a lot in the 900 block N. Fulton Ave.

An investigation led to the arrest of Autry, whom it was testified, had the other two men help him dismantle the vehicle.

They then employed a hauling contractor to help them dispose of the parts. This contractor was paid $15 and Gerald and Briscoe, $5.

According to Sgt. Kummer, Autry admitted the theft because "times were hard," but further revealed he had bought some wine. How much, he didn't know.

## Youth Hits Expectant Mother, Gets 30 Days

Thirty days in jail was the penalty meted out to Elbert Pardes, 18, of 704 Vincent St., Monday, for beating the young woman who is bearing his unborn child.

The young woman, Miss Augustine Sutton of 1516 Lanvale St., said Pardes doesn't care to be bothered with her now that she is an expectant mother and that he beats her on sight. She also accused him of thumping her in her abdomen.

Pardes admitted only that he had slapped her.

## Woman Who Drank 1½ Gallons of Water Daily Dies at 110

WHITEFORD, Md. — Mrs. Maggie Frisby, who was thought to have reached her 110th year, died here last Tuesday on the 159-acre farm on which she has lived since she was brought there as a girl of 16 from the county almshouse, in the mid-1850's.

The centenarian, known affectionately as "Old Mag," just slept away peacefully, it was reported. She had given as the secret of her longevity the fact that she drank a gallon and a half of water daily.

## 17-Hour Sit-Down Strike Hits YMCA

### Y Cafe Had Refused to Serve Mixed Group

DALLAS, (ANP)—Because the Dallas downtown YMCA refused to serve food to three colored persons, 15 persons held a 17 hour sit-down strike there, last week. On the outside, a picket line was formed in protest against the discrimination.

The "Y" refused to serve a mixed group called together to honor a regional director of the NAACP, because three of the guests were colored. S. D. Miller, general secretary, said that it was not YMCA policy to serve interracial groups.

Mrs. Lulu White of Houston, regional director of the South, west NAACP, was the guest of honor. She left three hours after the strike began.

**White Woman Leads "Strike**

The white woman who arranged the party, Mrs. Lucy Krebs, had said that the group would remain in the dining room "until breakfast is served." Seven of the original group, including one colored person, remained until the end of the demonstration.

Officials of the center talked to the group and persuaded them to leave at breakfast time of the next day.

Signs carried by both white and colored pickets read, "The colored YMCA feeds white guests—the white YMCA refuses to feed colored guests. Which is Christian? As the picketers marched they chanted, "Jim Crow must go."

Their signs referred to the recent breakfast for Henry A. Wallace at the former building, at which none of the guests was segregated.

A mob of hoodlums later chased the pickets away from the area of the downtown Y, by turning a water hose up them. Police refused to interfere with the action of the riff raff.

## Mother Ordered 'To Clean House'

Holding that the woman was unaware that her home was being used as a breeding place for teenage immorality, Judge Charles E. Moylan on Monday, placed a young mother on a suspended sentence, and warned her to "clean up your house."

The woman, Mrs. Rachel Franklin of 725 N. Fulton Ave., was charged in the juvenile court with with contributing to the delinquency of three girls. Two of are foster children and the third is her daughter.

Policewoman Cornelia Smith brought the charges and produced testimony to show that teen-agers gathered at the Fulton Ave. address during and after school hours. It was not shown, however, that Mrs. Franklin was at home when any of the alleged immoral acts were committed.

The matron explained that she worked daily, and that her husband is ill. She promised to keep a closer watch on the three girls, 12 to 15 years old.

## New Yorker Faces 5 Years

### Admits 38 Birth Forgeries, Smuggling

### NABBED IN MIAMI

### Birth Certificates Secured in Carolina

MIAMI, Fla. — Edward Emanuel Stewart, 52-year-old real estate salesman of Mount Vernon, N.Y., pleaded guilty here Saturday to charges of being the leader of a gang which has been smuggling native Jamaicans into the United States through the use of false birth certificates obtained in South Carolina.

He faces a penalty of five years imprisonment and fines of $5,000 on each count.

Stewart, a native of Jamaica, B.W.I., but a naturalized American citizen, was arrested here at the International Airport on Sept. 27. With him at the time were Mrs. Margo Stewart and Susan Brice, said to be his nieces.

He was held in Dade County jail in lieu of $8,500 bond pending presentation of his case to the Federal Grand Jury here.

According to Walter S. Miller, district director of the Immigration Service, fraudulent birth certificates were provided for at least 60 to 100 Jamaicans who were charged from $50 to $350 for them, most of which were obtained in South Carolina.

In addition to Stewrrt, 41 other persons are under arrest in connection with the case, 30 in New York and 11 in Florida.

Under immigration laws only a very limited number of West Indians may enter the United States yearly.

Minority Group Press Snubs Dixiecrats' Segregation Order
LOUISVILLE—Asked to leave the press section of Memorial Auditorium at the first public rally of the newly-formed Dixiecrat Party, last Wednesday night, a reporter and photographer from the Louisville Defender, a colored newspaper, left the auditorium rather than accept such segregation.
Questioned as to why they were interested in a Dixiecrat meeting, which virtually no persons of their race supported, the reporter stated that the paper had covered the political rallies of Henry Wallace, President Truman and Governor Dewey and did not wish to "discriminate" against Governor Thurmond, the States' Rights candidate.
