Attention of bidders is called to the fact that not less than the minimum salaries and wages as set forth in the Contract Documents must be paid on this project and the Contractor must ensure that the employees and applicants for employment are not discriminated against because of their race, creed, color, national origin, sex or religion.

Under the Baltimore City Minority Business Enterprise Program the successful bidder must comply with the goal requirements to subcontract 15 to 25 percent of the total contract to Minority Businesses.

The Contract shall be awarded to the responsible bidder submitting the lowest bid (including acceptable alternates) determined to be in the best interest of the Trustees, the Board of Estimates, and the City of Baltimore. Every bidder is encouraged to bid the voluntary alternate(s). Any cost saving proposal that, in the opinion of the Trustees, does not materially alter the project may be proposed by any bidder. Each voluntary alternate will be evaluated by the Trustees with the Board of Estimates having the final authority to accept or reject each voluntary alternate. The bidder understands that the method of bidding reflecting the savings from acceptable voluntary alternate is for the purpose of arriving at the lowest cost for this particular project and, therefore, the bidder (to the maximum extent permitted by law) waives any right it might have to contest the award of the Contract due to the method of bidding voluntary alternates.
