Teachers Briefed on College Bias

State Study Reveals 'Serious' Situation

NEW YORK —"Serious discrimination" against minority group teaching admission to New York colleges, as revealed by a recent study on higher education made by the State, was emphasized here Friday to representatives of more than 100 colleges.

The occasion was the opening of a two-day regional conference sponsored by the department of higher education of the National Education Association at the Hotel Commodore.

Able Students Rejected

Algo D. Henderson, associate commissioner of higher education for the State, referred to a study in the report which showed that more colored students from New York are able to gain admission to colleges outside the State than inside the State.

He cited figures of 30 high schools polled in the report showing that 59% of Jewish students in the top quarter of their classes were not accepted by colleges of their first choice, while 16% of non-Jewish students in the same group were rejected.

Loyalty Program Review Requested

Patriots Intimidated, NAACP Advises Truman

NEW YORK —Walter White, NAACP secretary, last week urged President Truman to "review the present "loyalty program, expressing the association's concern over the "increasing tendency" by government agencies to associate activity on interracial matters with disloyalty."

Mr. White asserted that investigating agents have been questioning white people about their association with colored Americans and that a number of colored government employees have been "charged with disloyalty" when they have actively opposed segregation and discrimination in their places of employment or in their communities.

Procedure Criticized

"The present procedure of confronting employees with charges based on hearsay and doubtful sources," wrote Mr. White, "has done much to embarrass and intimidate loyal citizens.

"The NAACP is particularly interested in preventing biased informants and officials from using the loyalty program to persecute members of minority groups or persons sympathetic to the program of civil rights."

Mr. White indicated that eight large cities charges have been filed against colored postal and other government workers by many of whom have records of loyal service for more than 10 years, but expressed confidence that these individuals will be completely exonerated "if given a fair hearing."

We shall meet beyond the dark river,
Where parting is unknown forever.

Death Sentence for Blind Murderer Upheld in Alabama

MONTGOMERY, Ala. (A N P) —The conviction and sentencing of a blind man to the electric chair, for the ax-murder of a woman and the wounding of her young daughter in an argument over a $20 loan was upheld last week by the State Supreme Court. He is Buster Snead, 40, of Bibb county, who is scheduled to be electrocuted Jan 28 for the slaying of Mrs. Ellen Mason last Jan. 14

According to J. Fred Wood, defense attorney, Snead lost his sight several years ago. The man admitted killing the woman when she refused to pay him. After the slaying, he asked a friend to accompany him to the sheriff's office to surrender. Mazelle Blackman, 13-year-old daughter of Mrs. Mason, said the sightless man hacked mother to death, and then wounded her.
