BALTIMORE MARYLAND

Here's A Typical Northeast Baltimore Block

Here is the 400 block of Worsley St. one of the many pretty blocks in the AFRO's annual clean block drive in Baltimore. Note the unique flower boxes. Some of these boxes were made by Alfred Webb, and a neighbor, Mrs. Annie Gaither donated the flowers for the flower boxes.

32 of 209 Clean Blocks in Contest on Honor Roll

(Continued from Page 17)

East Baltimore is now making a strong bid for the $100 first prize and may well walk away with it if other areas don't work harder. Total registration is now 3,498 workers.

Inspectors' Comments

Inspectors made comments on each one of the blocks visited and here they are:

Clean blockers of 2000 HUNTER ST. may hang the flag up that they won last year, now that they have finished cleaning the block. This block has houses only on one side of the street and the white and green paint used on the steps and flower boxes looks attractive. The side wall is painted white. Gene A. Ross is captain.

In 400 WORSLEY ST. the lower part of the houses are painted. Those gleaming white steps and the freshly painted flower boxes are very pretty. Incidentally, the captain's father, Alfred Webb, made some of the flower boxes and a neighbor, Mrs. Annie Gaither, furnished the flowers. The children and adults painted the boxes.

2400 BRENTWOOD AVE. We see that you have cleaned your marble steps and they look much better. Work on your windowsills and your woodwork around the doors.

400 LAFAYETTE AVE. The few flowers that you have out add beauty to your block, but if you are going to come up to clean block standards, more of the residents in your block must put out their flowers and at least paint the woodwork on their houses.

Latrobe Street

1700 LATROBE ST. Your fresh white paint, and the blooming flowers make the block a winner. We like the gray on the lower part of the houses as a background for your spanking white steps. You need two or three more window cards.

The eastern side of the 400 block FEDERAL ST. look very nice, but the doorsteps at the end of the block near the cemetery should be painted.

1400 BELVEDERE ST. You have improved and your block is well on its way to being completed. Get the three benches painted and the one vestibule. We like the flowers planted in the automobile tires. The benches were made by Charles Blackwell. Miss Connie Miller is captain.

1900 AISQUITH ST. The flower boxes that you have on the steps would look much better in the windows. Your white steps look good, but don't forget the step on the corner near North Ave. Check your doorways and shutters.

Spring Street

1800 N. SPRING ST. 1806-08-12-15-30 and 1836 are holding you back, however we like your idea of painting your doorways green and white and the screen doors green. Try to get the other residents to fix up their houses.

The captain and her workers in the 1700 block of N. SPRING ST. are doing a fine job. Your block looks very clean and we noticed the children cleaning and sweeping the alley. Evelyn Lee is captain.

1600 N. CAROLINE ST. If all of your residents had flower pots and boxes like 1632 and 1634 then you would really have an attractive block.

1700 N. DALLAS ST. Susie Stanback is leading this block. We see that you have almost completed your work. We like your fronts that are painted white and the green and white out-our furniture.

1400 E. PRESTON ST. has improve since our last tour. You deserve a flag, but since you live on a trolly line you wouldn't be able to put it up. 1412 could use a little paint. Bessie Mitchell is captain.

Eden Street

1200 N. EDEN ST. You are ready to be an honor block. If you can get one or two more people in your block to cooperate, you will be ready for a flag. Mrs. Martha Thompson is captain.

We see that the children in the 1100 block of N. EDEN ST. have fixed up a vacant house by placing a bench outside and put a flower box in the window. Flower boxes have also been placed in the windows at the Body and Fender Works and the church parsonage. The automobile tires filled with flowers are very pretty. Check on your alleys because they are not as clean as they should be.

1000 E. EDEN ST. What about your doorways at 1004-06-24-26-34 and 1036? Just a little paint would make quite a difference.

800 N. EDEN ST. We would like for captain Mollock to take a good look at the 1100 and 1200 blocks of N. EDEN ST., and then get to work.

Ashland Avenue

1000 ASHLAND AVE You are among the top clean blocks, however the corner store is holding you back. You have one more pair of steps to paint.

The orange paint on the lower part of the houses in the 1200 block ASHLAND AVE is quite different. We hope that this is only the first coat before the green or white paint is applied.

The west half of your block looks better with the white paint on the lower part of the houses. Mrs. Frances Pryor is captain.

800 SOMERSET ST. Take a good look at the 800 block of Somerset St. then come back home and get to work.

1000 BRUNT ST. HARFORD AVE. The white paint looks very clean, but you still have more work to do on your doorways and steps. Don't forget that the flowers look nice in the automobile tires.

1000 EAGER ST. Your appearance you block looks nice. The flowers are very pretty in the automobile tires and the right, bench. Don't you get the owner in the 1000 block to put up a sign on the garage doors?

1400 EAGER ST. If you don't hurry and get to work you will be left behind. You only have one side of the street to work on and check on the door at the alley way. It will take just a little time to finish that painting done.

1400 CHASE ST. Your lawns look nice with the exception of one that needs cutting. Now, put you flowers out. Gwendolyn Lee is captain.

Central Avenue

1000 block of N. CENTRAL AVE. The two houses on the corner near Eager St. are holding you back. Work on houses and get the vestibules and one or two steps painted.

900 N. CENTRAL AVE. You have made a fine start, but you must keep your street clean by sweeping everyday. What about your flowers?

800 block of N. CENTRAL AVE. Your block is looking very pretty. You have only one or two more doorways and steps to paint.

1400 ASHLAND AVE. A little elbow grease and paint will do your block a world of good. Mary on Parker is captain.

1400 BARNES ST. In another week you will be ready for the honor roll. We noticed that you were painting and fixing up as we passed thru your block Tuesday morning.

1000 GAY ST. Hurry and get your work done. First take a look at 1000 N. Bond St.

Bond Street

1000 N. BOND ST. The screen doors are quite unique, but don't over do it. Finish painting your doorways and there are three more fences that need white washing.

1500 CHASE ST. A few more flowers will help to make the block attractive.

1000 DALLAS ST. You are not working as hard as you have in former years. You still have quite a bit of painting to do.

900 BARNES ST. Get the rest of your doorways and steps painted. The dirty doorways with finger prints are holding your block down. The captain's house and the one next door is a fine example for the others.

1600 BARNES ST. Try to get together with 900 N. Bond St and get the corner house done.

1800 block ABBOTT ST. You are definitely ahead of the other blocks although you still have one doorway and screen door that needs painting. Paint the fence also.

1600 ASHLAND AVE You still have a little more to do. 1634 is very attractive as well as some of the other houses in the block.

Miller Street

1600 MILLER ST. You are still working. Hurry and get the rest of your steps painted, and finish the fence.

1700 ASHLAND AVE You have to paint your doorways. This is the only thing holding you back.

1100 N. DALLAS ST. You need a whitewash the upper side wall and also the lower fence near Chase St.

2000 CHASE ST. We see you have been working by the fresh white paint. You still have more work to do.

1900 WASHINGTON ST. Your green and white paint looks very nice. You have just about finished your work.

1200 WASHINGTON ST. We like your flowers planted in the automobile tires and the freshly painted walls on the lower part of the houses.

2100 LLEWELLYN AVE. Cut your grass along the side each week. We hope that this is only the first coat before the green or white paint is applied.

Wolfe Street

1000 WOLFE ST. We see you are working, but you must try just little harder to finish.

800 CHAPEL ST. A few more doorways need painting. Sweep your block every day, this is the only ways you can keep the waste paper off your street.

600 N. DURHAM ST. You will have a lot of work to do. Work on your doors a little each day.

1100 N. CHAPEL ST. Your alleys are clean and your freshly painted doors look very nice. Think about getting the rest of the doors painted.

1110 MADERIA ST. We noticed the captain was at her home as we passed by Tuesday morning. Your block looks good, but try to do something about the papers in front of your vacant lot. Mary is captain.

Flowers on Castle St.

19 N. CASTLE ST. We like the flowers that are planted in the automobile tires, in fact your block looks pretty.

100 N. BETHEL ST. You are working a little. We noticed that there was quite a bit of trash in your street, watch this and sweep it up.

20 S. REGESTER ST. Although you are working with Mrs. Jeffersey, you have a few more steps to paint. Jeffersey has done a fine job on her street. It very clean. Hurry, and finish the rest of your work.

400 N. DALLAS ST. Finish the work on your front steps. Your block shows the results of your work. 800 N. DALLAS ST. Several of the children, and adults were out cleaning the block as we passed by Tuesday morning. Your block looks fine and you will soon have all of your work done.

Pierce St. Shingo

807 PIERCE ST. Paint the alley door. You have finished all of your painting and your block looks pretty.

1400 block of N. CENTRAL AVE. Your block is looking very pretty. You have only one or two more doorways and steps to paint.

1400 ASHLAND AVE. A little elbow grease and paint will do your block a world of good. Mary on Parker is captain.

1400 BARNES ST. In another week you will be ready for the honor roll. We noticed that you were painting and fixing up as we passed thru your block Tuesday morning.

1000 GAY ST. Hurry and get your work done. First take a look at 1000 N. Bond St.

Bond Street

1000 N. BOND ST. The screen doors are quite unique, but don't over do it. Finish painting your doorways and there are three more fences that need white washing.

1500 CHASE ST. A few more flowers will help to make the block attractive.

1000 DALLAS ST. You are not working as hard as you have in former years. You still have quite a bit of painting to do.

900 BARNES ST. Get the rest of your doorways and steps painted. The dirty doorways with finger prints are holding your block down. The captain's house and the one next door is a fine example for the others.

1600 BARNES ST. Try to get together with 900 N. Bond St and get the corner house done.

1800 block ABBOTT ST. You are definitely ahead of the other blocks although you still have one doorway and screen door that needs painting. Paint the fence also.

1600 ASHLAND AVE You still have a little more to do. 1634 is very attractive as well as some of the other houses in the block.

Miller Street

1600 MILLER ST. You are still working. Hurry and get the rest of your steps painted, and finish the fence.

1700 ASHLAND AVE You have to paint your doorways. This is the only thing holding you back.

1100 N. DALLAS ST. You need a whitewash the upper side wall and also the lower fence near Chase St.

2000 CHASE ST. We see you have been working by the fresh white paint. You still have more work to do.

1900 WASHINGTON ST. Your green and white paint looks very nice. You have just about finished your work.

1200 WASHINGTON ST. We like your flowers planted in the automobile tires and the freshly painted walls on the lower part of the houses.

2100 LLEWELLYN AVE. Cut your grass along the side each week. We hope that this is only the first coat before the green or white paint is applied.

Wolfe Street

1000 WOLFE ST. We see you are working, but you must try just little harder to finish.

800 CHAPEL ST. A few more doorways need painting. Sweep your block every day, this is the only ways you can keep the waste papers
