Maryland Corn-on-the-Cob in Stella Role on Week's Menus

VIRGINIA C. SHERBURNE
Food Economist

With the arrival of August, homemakers realize that summer is slipping by. Now is the time to take advantage of warm weather living—and warm weather food. So many fresh fruits and vegetables are at their prime during August. One special favorite is corn-on-the-cob!

This vegetable is a top "best buy" this week, according to Virginia C. Sherburne, food economist for the Baltimore Office of the State Department of Markets. Supplies are chiefly from Maryland. Quality is excellent.

Things to watch for in selecting good quality corn include checking to see that the husk is a fresh green color and the kernels are tender and milky. The kernels should be large enough to leave no space between the rows and just firm enough to puncture easily when slight pressure is applied. Ears should be filled to the tip with no rows of missing kernels. If the kernels are very soft and very small, you can be sure the corn is immature.

Variety in Cooking

Corn-on-the-cob is delicious "as is." However, there are several different ways of preparing the ears—baked, boiled or steamed. The ears may be cooked in water, or a mixture of half milk from ten to fifteen minutes, and served with butter and seasoning.

For picnics, where the corn is roasted in hot coals, strip the husks half down but do not detach. Remove silk and wrap a slice of bacon around each ear. Dust with pepper. Pull the husks up over the ear and fasten in place with soft cord or fine wire wound around the ear, from stem to tip. Bake from 40-60 minutes. Remove the cord and husks and serve.

Beans Good Buy

Maryland grown snap beans continue to be a very good choice. Summer squash is another value this week. Other vegetable buys include potatoes, beets, cabbage and lettuce. Receipts of lima beans are plentiful.

Next week, August 6-12 is National Vegetable Week.

Summer apples are a very good fruit economy. Melons, including watermelons and cantaloupes, are reasonably priced. Peach receipts are increasing, and the quality continues to improve.

The meat picture remains about steady this week. Both beef and lamb are in the higher price brackets. Pork is about the same, with bacon, sausage, pork loins and smoked hams reasonable "buys." Lard is up while butter and cheese prices remain firm.

Poultry market is slightly weaker, with prices off somewhat on hens and pullets. Broiler market is firm. Egg market is steady.

Don't hoard. There is plenty of food for everyone, especially sugar and shortening.

CORN SCRAMBLE

4 tablespoons fat
1 tablespoon minced onion
2 tablespoons minced green pepper
2 cups corn
1 cup tomato soup
½ teaspoon salt
¼ teaspoon pepper
4 eggs

Heat fat, add onion and cook until transparent. Add green pepper, corn, tomato soup and salt and pepper. Cook slowly for 15 minutes, stirring occasionally and allow to simmer. Beat eggs and add to the hot mixture. Cook until mixture sets. Pour over hot buttered toast.

CORN HASH

Saute bacon and remove from pan. Cook in fat 1 minced onion and 1 sliced green pepper. Add 2 cups corn cut from cob. Stir until heated. Serve with bacon strips over top. Other fat may be used instead of bacon.

Betrothed

The engagement of Miss Jean Britton Cooper to Sylvester Maultsby Jr. has been announced by her mother, Mrs. Nellie Thomas of Cherry Hill. The bride-elect is also the daughter of James Cooper of Morgan Park.

Fresh Apple Pie Possible at Last

Almost three months have passed without fresh apple pie. And that's too long. Those extra tart green apples are showing their unblushing faces at the stores now, and many say they make the best apple pie in the world.

Go easy on the spices with summer apples. They have enough flavor to stand up and be recognized without bolstering by cinnamon and such.

But use a little more sugar since they pass the acid test and then some.

Grated Apples and Eggs

Did you ever grate the apples and add eggs? Apple pie with a wonderful difference.

GRATED APPLE PIE

1 tbsp. grated lemon rind
1 tbsp. grated orange rind
¼ cup orange juice
5 cups grated green apples
¾ cup sugar
1½ tbsp. flour
¼ tsp. each cinnamon and nutmeg
2 eggs
1 tbsp. butter or margarine
1 unbaked pie shell

Mix grated rinds, orange juice and apples in a bowl. Sift together sugar, flour and spices. Sprinkle a little of the flour mixture over the fruit and add the remainder to the apples. Beat eggs and stir in with apples. Pour in the pie shells and dot with butter.

Bake at 450 degrees for 15 minutes, then reduce the heat to 350 degrees and bake for a minute longer. Cool. Serve with a topping of sweetened cream cheese beaten with top milk until fluffy.

Tart summer apples make the easiest applesauce. And the easiest, since they cook to the right consistency without straining. Use only a little water since they are quite juicy.

Now Is Time to Can

Now's the time to can some for next winter's applesauce cakes and to serve for dessert with cookies. Add a little vanilla or almond extract to to dessert applesauce.

You'll be surprised. And for a Sunday family dessert add 3 beaten egg yolks and a little grated lemon rind to 3 cups sweetened applesauce.

Top with a meringue made of the egg whites and bake in a baking dish set in hot water for 15 minutes at 325 degrees F.

Miss Church Retires After 23 Years With Crippled Children

Miss Mary E. Church, director of the Maryland League for Crippled Children, retired last month after 23 years of service. She had been with the organization since its beginning in 1927.

Her retirement was announced by Dr. Allen F. Voshell, president of the League, and president of the Maryland League for Crippled Children and Adults, and the Easter Sale Agency. He said:

"It is with much regret that I announce Miss Church's retirement. Hundreds of Maryland children have been helped and many of them rehabilitated through her efforts. She has worked untiringly for the League throughout the 23 years."

Pioneer Social Worker

Miss Church, who has been a pioneer in the field of voluntary agencies working for the benefit crippled children, had this to say about the League:

"It was one of the organizations to realize early the need for occupational and physical therapy for the cerebral palsy children.

"In 1940, the Cerebral Palsy center was set up in the Baer school, after a demonstration center at school. The original staff consisted of only two workers.

"At present the Maryland League has 28 staff members and 35 workers connected with Camp Greentop, the League's camp for crippled children at Thurmont, Md.

"Greentop is in its 14th year and takes care of 96 crippled children for an eight weeks' season."

Trained at Hopkins

Miss Church, who lives on Garrison Blvd., received her training in social service at the John Hopkins Hospital. She is a member of the American Association of Medical Social Workers, and the American Society of Social Workers.

The assistant administrator of the League, Miss Margaret Huffington, is acting director at the league headquarters, 827 St. Paul St. The financial support of the League comes from the sales of Easter seals and voluntary contributions.

EASY DOES IT

BY ..... HELEN HALE

Keeping summer clothes in good condition need be no problem if you will follow these tips:

White cotton gloves will remain neat longer if they're dipped in starch after rinsing. They'll also shed the dirt because of their smooth, glossier finish.

When pressing a skirt or blouse with a lot of pleats, the job is made easier if you take a few minutes to run a basting thread through the garment, before applying the iron.

Use a soft cloth or calf shoes. Use a soft cloth or shamois for cleaning patent or calf shoes especially after applying a cream polish. This is easy to handle and will help keep the surface shiny and soft.

Steam Helps Suede

Hold suede shoes over a saucepan of hot water to bring up the nap. Another way to steam them is to place a wet towel over the iron and hold the shoes toward that.

Linen and shantung shoes can be touched up with soap or detergent lather. Follow by wiping with a clean, wet cloth, and dry way from sun or direct heat.

RECIPE OF THE WEEK

Chef's Salad
(Serves 6)

6 leaves of lettuce
½ bunch watercress
1 bunch early chicory
½ cup French dressing
2 cup celery, cut in strips
2 cup cooked ham, cut in strips
1 cup cooked chicken, sliced
1 cup carrot strips
strips of cheese
Radish roses

Arrange lettuce in salad bowl. Break up remaining greens and toss with French dressing. Arrange in bowl with lettuce. Arrange celery, ham, chicken, tomato and cheese. Garnish with radishes and pass more dressing, if desired.

Large circular skirts, which are a big ironing task can be made a smaller job if they are spread completely out on the line to dry.

Folding Makes Wrinkles

Remove them when almost dry and iron immediately. Folding them during dampening puts more wrinkles in them.

Belts which have become frayed can be repaired with a bit of colorless nail polish. Use the same treatment on buckles which cannot be replaced.

FOR PLAIN OR "FANCY" COOKING —USE THE MILK THAT WHIPS!

says FREDA C. DE KNIGHT,
Food Editor of EBONY, and author of "A Date With a Dish."

CARNATION MILK is *double-rich* milk—concentrated to the consistency of cream. So it's perfect for your fanciest "company" desserts, as well as all regular milk purposes!

USE IT LIKE CREAM ...for whipped toppings on fruits, cereals, puddings...in most recipes for costly cream. Millions *prefer* undiluted Carnation Milk to cream in their coffee!

IF YOUR RECIPE SAYS "MILK"—use Carnation diluted with an equal amount of water. This gives you homogenized, Vitamin D-fortified milk that's richer than state standards for Grade A milk—yet costs far less!
