Film Hits Hatred

That the majority of children in the United States have been infected through their parents with the disease known as race prejudice is tragically, a well - documented fact.

The film, "To Live Together," previewed Wednesday in the auditorium of Station KYW, examines this American problem, and attempts a partial solution. The answer is in close association and learning to know and understand others different from themselves through such experiences as mixed group camping.

Viewed by specialists from the fields of camping, education, social work and youth guidance, the film is intended chiefly as a discussion-starter. It was followed by a panel discussion conducted by representatives of YMCA, United Neighbors Association, American Red Cross, Fellowship House and Lighthouse of the Blind.

Inter-Racial Camp

Produced by the Anti - Defamation League of B'nai B'rith, in cooperation with the Parkway Community House of Chicago and the Chicago Commons Association, "To Live Together" tells of youngsters at an inter-racial camp.

The plight of any child who differs from the rest was made clear in a passage showing white and colored boys joining forces to bad-per an Italian refugee child who differed in background, interests and mannerisms.

"To Live Together" was sponsored locally by: ADL of B'nai B'rith, Pennsylvania Camping Association and the Health and Welfare Council. The films available through Association Films, 347 Madison Ave., NYC, or from the Anti - Defamation Committee of B'nai B'rith, 131 Chestnut St., Philadelphia.

Petrillo Stands for Democracy

Fair City Will Get '52 Meeting

By ED WHARTON

The 1951 convention of the American Federation of Musicians re-elected James C. Petrillo president in New York City last week.

The five-day meeting was held at the Commodore Hotel with more than a thousand musicians present from as far away as Canada.

All delegates shared the facilities of the spacious hotel. The Baltimore delegation, Donald Fields, the writer, and Howard Rollins, representing Local 543, shared a suite on the 14th floor of the hotel.

Petrillo for Democracy

The 1952 convention will be held in Chicago or any other city that will see that all delegates, irrespective of race or color, will be treated alike, President Petrillo emphasized.

Following the final session, the delegates and their wives made a trip to Coney Island by chartered busses attended a big show at the Hotel Astor, followed by a dance.

The future of the professional musician was the main problem confronting the convention, including the employment shrinkage caused by restrictive legislation—Taft-Hartley and the Lea Act.

It was revealed that the New York Local 802 was the largest of the units with 32,000 members with 20,000 "actively" engaged professionally, and only about 7,000 steadily employed.

'Native Son' to Prem in New York

NEW YORK — "Native Son," the film co-starring Richard Wright and Jean Wallace (ex-wife of Franchot Tone), will soon have its premiere here. The film was made in Argentina.
