and delayed often then "because of the elements."

3. New equipment. The Cherry Hill pool is to have a much better filtration system than that found in any other city pool. This equipment has to be specially made and will not arrive in Baltimore for 30-45 days hence.

—o O o—

"I feel when the pool is completed," Mr. Pecora said, "it will have the finest equipment of any pool in the city."

The contractor also said the pool part is finished now and stated he saw "no reason why" the pool could not be used now.

"I don't think the city would want to operate that however," he added. "It depends on the city."

—o O o—

IT IS EXTREMELY doubtful that city sanitary engineers would permit the use of the pool without the filtration process completed.

The Allied Construction Co. constructed the outdoor pool used by whites at Druid Hill Park and Mr. Pecora claims that when completed, the Cherry Hill pool will be the superior one.

At present, colored citizens living in areas outside of Northwest Baltimore must pay the cost of transportation whether by bus, private automobile or taxi-cab to reach Druid Park pool.

—o O o—

THIS ADDITIONAL expense assumes the form of a levy.

White children have no such additional expense to contend with. Pools designated for thier use are located in each geographic area of the city.

In the Northwestern section they have one in Druid Hill Park; Roosevelt pool in North Baltimore; in Northeast Baltimore at Clifton Park; in East Baltimore at Patterson Park; in South Baltimore at Riverside and in Southwest Baltimore at Gwynns Falls Park.

—o O o—

THE CITY DOES maintain an indoor pool for colored at the Chick Webb Recreation Center in East Baltimore.

It is this inequality in outdoor swimming facilities for colored swimmers that inspired the NAACP suit now pending before Judge Thomsen in Federal Court.

In his ruling Tuesday, denying a declaratory judgment that the city pools be opened to all, Judge Thomsen stipulated that the city must show at further hearings that municipal swimming facilities for colored are equal to those provided for whites if segregation is to be continued.

The NAACP attorneys are prepared to argue that they are not—by odds right now of 6-1 and even next summer expected to be no better than 6-2.

WON'T BE READY—This photo of uncompleted Cherry Hill Swimming Pool was taken last month. Due to open June 21 and give colored Baltimoreans a second outdoor pool maintained by the city, indications now show it will not open at all this year. Original cost of $365,041 for pool, bathhouse and field house has increased since construction began last year. Judge Thomsen's ruling Tuesday, denying all city pools be open to all, stipulated that at hearing it must be proven that municipal pools are unequal.

Among the hundreds of persons who filed past the bier to view the body of Mrs. Mary Church Terrell as it lay in state at the headquarters of the National Association of Colored Women, 1601 R St., NW, Wednesday were: A. Toliver, T. C. offler, James M. Tolbert and Mrs. Mary Thomas, all of D.C.

and Ernest L. Wilkins, Assistant Secretary of Labor.

ACTIVE PALLBEARERS, in the second car were: Campbell C. Johnson, William D. Nixon, Dr. Mordecai W. Johnson and Col. West A. Hamilton.

Organizations attending included members of the co-ordinating Committee for the Enforcement of D.C. Anti-discrimination Laws which was headed by Dr. Terrell and the American Association of University Women.

Also a group of children accompanied by their teacher, Miss Grace Collins, and principal, Harry J. Robinson, represented the Terrell Jr. High School which was named for Dr. Terrell's late husband, municipal Judge Robert H. Terrell.

There was no sermon and no fanfare as the nation paid last respects to a great woman and leader at historic Lincoln Memorial Congregational Temple, 11th and R Sts., NW.

The Rev. C. Selby Rooks, youthful minister of the church, and the Rev. Arthur F. Elmes, minister of People's Congregational Church here, were the only ministers taking an active part in the rites.

—o o o—

THE REV. MR. ELMES had long been a co-worker with Mrs. Terrell, having been one of those with her at Thompson's Restaurant when the "test case" was set up that resulted in the "Eat Anywhere" decision of the U.S. Supreme Court.

Omission of the sermon by the Rev. Mr. Rooks was in keeping with the Congregational Book of Worship which makes it optional with regard to sermons at funeral services

AN ORGAN prelude opened the service, followed by the invocation by the Rev. Mr. Rooks. "The Lord's Prayer" was said, then came a hymn, "O Love That Will Not Let Me Go."

Scriptures reading from the Psalter followed, with passages from the Book of Psalms and the Revelations.

The Rev. Mr. Rooks then read Mrs. Terrell's life history, and the Rev. Mr. Elmes offered a prayer.

ANOTHER HYMN, "Come Ye Disconsolate," was followed by the viewing of the body, the benediction, and the recessional.

THE FINAL services were held at graveside at Lincoln Memorial Cemetery, of which Mrs. Terrell was a member of the board of directors.

The cemetery association had sent a huge floral piece and wired condolences to Mrs. Terrell's family.

A capacity crowd filled the main auditorium of the church, with the Sunday School auditorium being brought into use for the overflow. Loud speakers carried the services into that auditorium.

HONORARY PALLBEARERS were: Judge Armond W. Scott, Judge James A. Cobb, George E. C. Hayes, Perry W. Howard and Louis H. Meblinger, attorneys; Dr. Garnet C. Wilkinson—all of whom rode in the first car in the funeral procession.

Other honorary pallbearers, in the third car, were: J. Osborne, Walter Jones, William Stevenson, Vernon Porter, Samuel Powell and James Porter.

Several of them are members of the Coordinating Committee for the Enforcement of the D.C. Anti-Discrimination Laws, which Mrs. Terrell founded and headed.

In the fourth and fifth cars were members of the family. In the fourth car were:

Mrs. Phyllis Terrell Langston, daughter, with whom she lived; Mrs. Mary Beaudreaux, daughter, Los Angeles, Calif.; Miss Annette Church, sister; Miss Roberta Church, niece; Lathall Langston, husband of Mrs. Langston; and Mrs. William Stuart Nelson.

In the fifth car family members were: Dr. and Mrs. Alonzo D. Smith, Dr. William Stuart Nelson, Mrs. William Terrell, Miss Elsie Langston and Alonzo Smith Jr.

There were some 20 cars in the funeral procession proper.

o o o o—

MRS. TERRELL was one of the founders around 1900 of the Clark Temple Congregational Church, which was founded in her living room at 1615 S St., NW. The Clark Temple church later merged with the Lincoln Memorial Temple to form the present Lincoln Memorial Congregational Church.

Interment was in Lincoln Memorial Cemetery. The McGuire Funeral Home, 1800 block 9th St., NW., was in charge of funeral arrangements.

mount Ave., Albert Weinstein, president: "We have no colored drivers now but as soon as we move to Northwest Baltimore we will have openings for about 60 or 70 and we will employ colored at that time.

At least 40 of our drivers have notified us they will not stay when we move from this section. In Northwest Baltimore, we will have larger headquarters and we will hire colored drivers. We hope that's in four months. (EDITOR'S NOTE: Citizens' groups are protesting the location of Diamond Cab's new site in their residential area.)

"We do have about 35 colored people in our shops and on inside jobs. One of them is a woman who is employed as an office clerk."

Sun Cab Co., 2600 Sisson St., officer manager: "We have no colored drivers but there is no ban on them. We have just never had any during the 20 years we have been in business. We employ all colored help in the shop. There are about 20 colored there."

o o o o

New City Cab., 1905 Hope St., Michael Vittello, owner: "Fourteen of our 17 drivers are colored. I hire drivers, color doesn't enter into it. If a qualified colored man answers my ad, he gets the job."

Admiral Taxicab Co., 228 N. Montford Ave., Jerome Franklin, president: "We employ no colored drivers. Most of our drivers have been with us 15 years or more. Fact is, we have more drivers than we know what to do with. And our turnover is very small.

"We do have two colored mechanics Willie Gross and Willie Jackson, and they have been with us 18 years."

Fleetway Cab Co., 4213 Reisterstown Rd. Fred Sughalter, manager: "We have 100 colored drivers and about 18 colored mechanics and shop employees. We have been employing colored drivers since June 1952."

White Top Co., 2026 Belair Rd., Miss Juanita O'Neal, office manager: "We do not have any colored drivers. There are 70 drivers. We have been in business 12 years. No, we have never hired colored drivers. We do have two colored men employed in the shop."

o o o o

Community Cab, Dundalk and Centre Aves., Chris Luckett, manager: "We have no colored among our ten drivers. We do hire a colored worker in the garage."

Barton Cab Co., Dundalk, Miss Hannah Tero, office manager: "No, we have no colored. There are 120 drivers and we have been in business almost nine years.

Social Cab Co., 800 N. Stockton St., Walter H. Cook, president: "We have nine drivers on the street. We have been established since 1928. Hiring of colored drivers by white firms has not diminished our business. Right now, the taxi business is slow all over."

Announce New Way To Shrink Painful Piles

Find Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop bleeding—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

Now this new healing substance is offered in ointment form for hemorrhoids under the name *Preparation H.®* The price is only 98¢ a tube including an applicator. The name to ask for is Preparation H—at all drug stores. And remember—if not entirely satisfied—your money will be refunded promptly. *Trade Mark.

Three blamed in hospital dispute

One woman was sent fo jail and two others were fined in Southwestern Police court on Wednesday as the result of a stabbing in the 700 block W. Lexington St. and a distrubance in University Hospital.

Miss Jula McArtes of the 700 block W. Lexington St., was sentenced to 30 days by Magistrate Howard L. Aaron for stabbing James Colbert of the 2100 block W. Lexington St.

Miss Edna Parker of the 700 block W. Lexington St., was fined $25 and costs, while Miss Evelyn Stewart, also of the 700 block W. Lexington St., was fined $10 and costs for disorderly conduct in the hospital.

According to police the women acted in a disorderly manner at the hospital where Colbert had gone for treatment of a minor stab wound allegedly inflicted by Miss McArtes during an argument.

Youth ordered held in stabbing of man

A further hearing was ordered held on Wednesday in Southwestern police court for Arthur Johnson, 17, of the 700 block W. Saratoga St., held on a charge of stabbing Alexander Vaughan, 23, also of the 700 block W. Saratoga St.

Magistrate Howard L. Aaron ordered Johnson held in $1,000 bail for a hearing on August 1., after Officer William Ghant said that Vaughan was confined to University Hospital in a serious condition and would not be able to testify before that date.

Testimony at the Wednesday hearing indicated that Vaughan was stabbed when Johnson intervened in an argument between his mother and the injured man.

Fireman assigned to city ambulance crew

The first colored firemen ever appointed to a municipal ambulance crew in Baltimore, is now on duty at Engine Company No. 13, Myrtle and Fremont Aves.

A fireman for more than a year, Charles Scott, assumed his duties more than a week ago.

HELD IN SHOOTING

Willie Johnson, 32, of the 500 block Moore St., was ordered held in $5,000 bail for a hearing on Aug. 30 in Northwestern police court on Thursday, on a charge of shooting Willie Wiggins of the 1200 block N. Broadway.

What makes a Lucky taste better?

"IT'S TOASTED" to taste better!

"I've tried all the brands, one after the other," says Mildred Blount. "Honestly, Luckies taste better than the rest." It isn't an accident that Luckies taste better. For one thing, Lucky Strike means fine tobacco. And that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—brings Luckies' fine tobacco to its peak of flavor . . . tones up this light, mild, good-tasting tobacco to make it taste even better—cleaner, fresher, smoother. That's our story, pure and simple: a Lucky tastes better because it's the cigarette of fine tobacco . . . and "It's Toasted" to taste better. So, Be Happy—Go Lucky. Smoke the better-tasting cigarette . . . Lucky Strike.
