Governor urges careful driving

An urgent appeal to the motoring public to cooperate to prevent the mounting toll of deaths and injuries on Maryland Roadways this Fourth of July Weekend made this week by Governor McKeldin while reminding them that throughout the nation, 9,500 persons were killed in motor vehicle accidents between Memorial Day and Labor Day last year.

Governor McKeldin said, "with the predictions that 50 million Americans will travel to vacation destinations by motor vehicles this year, we have a tremendous challenge to reduce the death and injury toll during the holiday period."

Governor McKeldin emphasized that as part of the "Slow Down and Live" campaign being conducted throughout the nation enforcement officers will concentrate efforts on those violations associated with speed—such as — excessive speed, speed too fast for conditions, improper passing, following too closely and failing to yield the right of way.

Teenagers on probation for assault

Two teenagers who assaulted a youth because he called them vile names as they were on their way to church, May 7, were placed on probation for a year by Judge Herman M. Moserwitz in Juvenile Court, Tuesday.

Neyland Vaughn, 17, 2000 block W. Lanvale St. and Joseph Waters Jr., 16, 800 block N. Appleton St., were given a suspended one-year term in the Reformatory for Males when Policewoman Violet Hill Whyte pointed out that the victim was "an acute delinquent and has since been committed to Boys' Village."

According to a statement by Assistant State's Attorney James O. C. Gentry, the youth, John Brown, 15, was beaten and cut by the teenagers two days after he had antagonized them with the name calling.

Deny discrimination at Cerebral Palsy school

Several handicapped children suffered from cerebral palsy are admitted to the Children's Rehabilitation Institute in Reisterstown, "regardless of race, color, or creed," according to the director of the school.

However, no colored children have ever been treated there but within the past two years two colored therapists completed three - months post graduate courses at the 18-year-old institution.

Christopher H. Weimer, executive director of the Institute, was queried this week regarding its racial policy after the AFRO received several calls concerning it.

• • •

THE CALLS came from persons who have received the Institute's news bulletin and a letter asking for contributions to help make up the school's yearly deficit. Mr. Weimer also admitted ee had received several letters from individuals who asked to be taken off the school's mail list because it discriminated against colored.

This Mr. Weimer denied.

He explained that admissions are made by a screening board made up of Dr. Wilson Parker, the medical director and two other physicians.

• • •

SOME CHILDREN are admitted through the charitable funds of the State Department of Health and all come to the school through the Baltimore League of Cripple Children and Adults.

Mr. Weimer declared that children admitted to the Institute are children "different from those with no mental retarded blocks.

"We take children regardless of color, race, or creed," he stated, "and they undergo intensive treatment here."

• • •

MR. WEIMER said only the severely handicapped victims of cerebral palsy areaccepted at the Institute which has a capacity for 70 kids.

Thirty-two children are now at the school and the enrollment is expected to reach 45 in the new quarter which begins this month.

Mr. Weimer stated that it cost $13 per day to care for a child at the Institute and all are helped individually. Because of the huge operating costs he said it is necessary for the school to ask for contributions to help make up the deficit.

• • •

AT PRESENT there is no outpatient clinic for cerebral palsy victims in Baltimore City, and the City does not come under the state program. Federal aid to the state for cerebral palsy victims is only for rural sections.

It was because of this lack of funds and care locally that Mr. Weimer organized the first Telethon held here in June last year for aid to young cerebral victims.

In Baltimore City there is one school, the William S. Baer School, where cerebral palsy victims study. But even here admission requirements are stiff, Mr. Weimer pointed out.

Seek four men in 2 robberies

Police are searching for four suspects in connection with two separate robberies that took place Tuesday involving articles valued at a total of $135. A burglary was also reported Wednesday at an apartment at 1118 Lander, police.

The first robbery was reported by the Archer Laundry, 400 block St. Mary St. Thieves were told a man entered a side entrance and fled with bed sheets valued at $60. The suspect was said to be between 30 and 35 years old, five feet, nine inches tall, medium dark, and weighing about 145 pounds.

When last seen he was wearing a dirty brown slouch hat, a red shirt and khaki pants. He had a pencil also sported a small moustache.

• • •

THREE YOUTHS are being sought in connection with the theft of 30 cartons of cigarettes, valued at $60, and a coin scale worth $15 from truck in the 1500 block N. Gilmor St. The theft was reported by Vincent W. Solder, an employee of a cigarette vending company.

James Larkin, a janitor at School No. 108, Gilmor and School Sts., told police he saw a man with cigarettes running through the schoolyard. The suspect was said to be 18 to 20 years old, about five feet, six inches tall, weighing 150 pounds and of a dark complexion.

• • •

HE WAS SAID to have been wearing khaki pants and a white polo shirt. Two other youths, between 18 and 20, are also being sought in connection with the theft.

The burglary in the 1100 block Linden Ave. was reported by LeRoy Turner, who told police someone broke into his apartment between 7 a. m. and 4:30 p. m. Tuesday and made off with an Ilanian pistol worth $25, a $25 suit coat and a $15 sport coat.

Property owner who violated code freed

Clarence Isler, the embattled landlord of the 1500 block Harlem Ave., ran afoul of the city's zoning code Monday in Northeastern Police Court but managed to go free.

Charged with renting an apartment house at 1321 N. Eden St. to three families without first obtaining a permit in a zone "B" area, the case against him was dismissed on the request of a city official.

Husband fined $50 for threats to wife

Ezekiel Dunston, 51, was fined $50 and costs in Northwestern Police Court, Wednesday on charges of assaulting and threatening his wife, Vivian, with a .32 calibre automatic pistol.

A charge of possession of a deadly weapon was dismissed, because the officers who arrested Dunston, Patrolmen James Sill and Milton Schreiber found the weapon in an upstairs room of the house and not on the defendant.

Man freed in accident that injured woman, 31

Roosevelt Green, 39, 100 block N. Chapel St., was found not guilty of a reckless driving charge at a hearing in Traffic Court, Tuesday.

Testimony was that on May 28, at about 3:40 p.m., Green was driving a car that struck Mrs. Shirley M. Johnson, 31, 1600 block E. Fayette St., as she crossed Fayette St., 36 feet west of Biddle St. Mrs. Johnson was treated for leg injuries at Johns Hopkins Hospital.

Mr. Green testified that the matron "ran into" his car.

Magistrate Henry Miller, in dismissing the charge against Mr. Green, reminded Mrs. Johnson that pedestrians should cross at the corner and refrain from jay walking.

World's only gas with OCTANE BONUS!
No octane wasted fighting lead deposits
Some refiners have found that the cheapest and easiest way to increase octane rating is by adding lead. But lead in an automobile engine can leave harmful deposits. And lead deposits waste power, cut down usable octane on the road where it counts. That calls for higher octane at the pump. And still more lead. Except in the case of the new Amoco-Gas!
A great new Amoco-Gas with an Octane BONUS
It's a white, unleaded gas, made by the patented Ultraforming Process—with such natural high octane that it doesn't need lead!
Every bit of octane-energy in the new Amoco-Gas is used to run your car. Because every drop can burn. No lead deposits form to waste octane—it all reaches the road. The result is an exclusive Octane Bonus that no gas containing lead can match.
REMEMBER THIS! Not matter how much octane you pay for at the pump, the only octane you get is the usable octane that reaches the road! With unleaded Amoco-Gas, that's bonus octane . . . worth trying, worth buying! Come in—try something wonderful!
STANDARD ONE-CYLINDER LABORATORY TEST ENGINE
This universal "Octane Rating" engine accurately determines the octane rating of every gas—in its laboratory. It does not measure the harmful effects of lead deposits in an actual automobile.
It tells only half of octane story
THE REAL TEST ENGINE IS IN YOUR CAR ON THE ROAD!
You can only measure the usable octane value of any gas in an automobile engine in use. Here leaded gas can cause notable deposits that waste octane. All the octane value of new no-lead Amoco-Gas reaches road octane—none is wasted. You get an Octane Bonus on the road.
Your car engine tells whole story
The white gas with the Octane BONUS!
Bonus Mileage—because it contains no lead!

My lips cannot tell how I miss you,
Mother dear
But God alone knows how I miss her
In a home that is lonesome today.

JOHNSON—In loving memory of my dear mother, ANGELINE SLOAN JOHNSON, who passed away two years ago, July 3, 1953:

No one knows how much we miss you
No one knows the bitter pain

There is not a day, dear mother
That we do not think of you.
