Patterson, Boyd, Hogan move up in ring ratings

CHICAGO (ANP) — Three fighters, currently rated hot prospects for championship showdowns, were advanced in the latest ratings released by Ring Magazine, official boxing publication.

Floyd Patterson, Brooklyn's golden boy, advanced to the No. 2 spot in the championless heavyweight division, replacing Tommy "Hurricane" Jackson, whom he decisioned recently. Barring Floyd's path to the top is veteran Archie Moore, who is rated top man in both the heavyweight and light heavyweight divisions. Moore is light heavyweight champion.

* * *

MIDDLEWEIGHT Bobby Boyd moved up two notches behind Sugar Ray Robinson, the bona fide champion of the division. Boyd last month was in the No. 4 spot. The Chicago battler has moved up rapidly and now has a string of nine straight victories going. Included among his victims is Pullmer, rated No. 2, but whom the writer feels doesn't rate the nod over Boyd.

There is no dispute the ranking of Hogan (Kid) Bassey as the No. 1 man behind featherweight Sandy Saddler. If anyone is to defeat the rugged Saddler soon, this Nigerian warrior with the lethal punch rates the best chance in recent months. He has been moving steadily up the fistic ladder. His next step could be the championship!

Lincoln ace to Canadian grid league

LINCOLN UNIVERSITY, Pa. —John Durham, a senior at Lincoln University (Pa.), recently signed a contract to play professional football with the Calgary Stampeders of the Western Interprovincial Football Union.

Durham, who stands 6 ft. 3 in. and weighs 225 lbs., was a stellar performer at Dunbar High School in Washington, D. C., where he made the All-City football team during his last year in high school.

During his first year at Lincoln, Durham made the varsity squad and had a sensational year in the left end slot, catching 22 passes, three of which were good for touchdowns.

He proved to be equally as good as a tackle when shifted to that position. He was particularly outstanding at defensive plays and blocking. He has done most of the team's punting.

Nine new holes are added to Langston links

By EARL E. TASCO

WASHINGTON

Langston golf course's long awaited new nine holes was opened for play this past Saturday, June 30. The new course can be called a great layout.

The greens are still job need of attention, but we think they will come around. The golfing centers seemed to be quite pleased with the course, if not their scores.

It now makes it possible for a golfer to go out early and get home early, practically an impossibility before.

SOME OF THE holes are bounded by water and it may be said that if catfish and carp thrive on golf balls some fisherman is going to make a record catch.

In spite of these hazardous conditions there have been several good rounds reported.

* * *

THE ARLINGTON DIVOT CLUB'S tournament (Northern Virginia Open) is the first tournament on the new course. The trophies for this particular tournament are great.

The Royal Golf Club would like to thank Brainerd Bellfield for remembering them. We are most happy to see him up and around after his operation. Mr. Bellfield is the author of the column on golf in the "Pulsing" published strictly for public links players each month.

Weight stars enter Sunday track meet

Two of the world's finest weight men, Stanley Lampert and Bob Backus, will lead a bevy of stars in Sunday's track and field meet at Druid Hill Park.

The affair is under sponsorship of the Cross City Club.

One of the highlights of the meet will be the certain retirement of the Guardsmen's Trophy.

The prize is up for competition between mile relay teams representing Morgan State College, the Baltimore Olympic Club and others. This is the last year it will remain in competition.

Conditions for its retirement call for its going to the team winning it two years in succession, or to the fastest time for the event. Morgan's clocking of 3-1/5 looks like it will stand up and thus give the Golden Bears possession on Sunday.

Swift, Tyler top race card

Newt Swift of Portland, Maine, who made his first appearance on an Eastern motorcycle track on June 24, says that his victory over Billy Tyler of Stafford, Va., was "no fluke."

Swift will be among riders at the Twisters championship Sunday afternoon out to show Tyler. Tyler was the D.C. Throttle Twisters champion for the 1955 season...

The Throttle Twisters will present an all-star eight race card at the Land and Sea Sportsmen's Club half mile oval with trials at 1 p.m., and the first race at 2 p.m.

AMONG OTHER motorcyclists scheduled to compete in the events are:

Rene Coletti of Miami, Fla., Chapel Oaks-Hawks of Maryland, Bobby Mitchell of Baltimore, Bobby King and James Breat of Washington, D.C.

Former trainer of Louis dead

CHICAGO (ANP) — Johnny Behr, veteran boxing coach of Golden Gloves and Olympic teams, and a former instructor of Joe Louis during his amateur days, died here last week of a heart attack. He was 62.

Death came to Behr as he was watching a baseball game in the Illinois Athletic Club, where he was director of athletics.

As a Golden Gloves coach, Behr trained several amateur boxers who later became pros and went on to win championships. Most outstanding of these are Joe Louis, former heavyweight champion;

Barney Ross, former welterweight titlist; Tony Zale, who ruled the middleweight division; Joe Maxim, former light heavyweight champion; Ezzard Charles, who succeeded Louis to the heavyweight championship; Harold Dade, who held the bantamweight title, and Wallace (Bud) Smith, current lightweight champion.

Phillies officials willing to discuss racial attitude

PHILADELPHIA — Charles A. Shorter, executive secretary of the Philadelphia NAACP has received a reply from the Phillies baseball president, R. R. M. Carpenter, Jr., on the race policy of that organization.

Mr. Carpenter denied that the Phillies has an anti-racial attitude and listed the number of colored now being employed.

As we do not have a Negro player, or trained for employment by the Philadelphia National League Club.

* * *

FULL TEXT of Mr. Carpenter's letter follows:

Dear Mr. Shorter:

"I have received your letter regarding players and employees in the Philadelphia organization.

"As we do not have a colored player on the active list of the major club, I can readily see the immediate reaction that the Philadelphia organization does not employ them.

"Unfortunately in baseball the big club is your show window and the average fan is not aware of the organization's farm operations.

"THE FOLLOWING is a run down on our colored employees and players:

1.) Ten salaried concession employees out of approximately one hundred are colored — 10 percent.

2.) Ground crew, maintenance men, and park help number 52. Twenty-two or a total of 42 percent of these employees are colored.

3.) William Yaseey, who I am sure you know, has been employed as a scout for the Phillies for two years.

4.) Tom Dixon, who is now assisting us on a part time basis, signed a fine looking catcher from Bluefield College the other day.

* * *

"We signed our first colored player in 1952—Ted Washington. Unfortunately, he entered the Armed Forces and injured his arm and was released in 1955.

"THE FOLLOWING is a list of colored players now playing in the farm system:

1.) Francisco Herrera—Schenectady.

2.) Henry Mason — Schenectady.

3.) Charles Randall—Mattoon.

4.) Nathan Dickerson — Mattoon.

5.) Edward Logan—Mattoon.

6.) William Hill — Olean.

7.) D. D. Vaughn — Olean.

8.) James Wright — Salt Lake City — 1957 contract.

"To say that these boys will play in the Major Leagues would be unfair. However, Herrera, Logan and Stewart have all the qualifications. The other boys are border line cases.

* * *

"THE PURCHASE of established major league stars such as Newcombe, Aaron, Boston, etc., is impossible.

"The club involved would not only suffer on the field, but in these times the sale of outstanding players is impractical regardless of the amount offered.

"If you would prefer to discuss the above in detail, I would be happy to meet with you at your convenience."

Campy re-injured, undergoes X-ray

BROOKLYN (ANP) — Injury-ridden Roy Campanella, Brooklyn Dodgers catcher, last Monday had his right thumb X-rayed to determine whether he has a chipped bone.

Campanella caught the second game of a double header for the Brooks Sunday. The Dodgers defeated the Philadelphia Phillies in the game, 4 - 1, after dropping the opener, 7 - 4.

Roy, batting an anemic .213, has blamed the swollen thumb for his batting slump. It had kept him out of the lineup for a week prior to Sunday's tussle.

SURPRISED PARTY—Jerry Walters of the Los Angeles Strictler Club is a surprised party himself as he runs the track world with a victory in the 1500-meter run in the final Olympic tryouts. Walters finishes ahead of tan Ted Wheeler of Iowa in a one-two upset in a race in which neither was considered dangerous. Jerry's time was a creditable 3:47.6, as he easily whipped the veteran Fred Dwyer by some 20 yards.

The camp will be under the direction of Pirate scouts Joseph Bowen and James Vennari.

PLAYERS MUST be at least 16 years of age to be eligible to attend the sessions, and no Junior American Legion player will be permitted to participate in the camp if such participation would interfere with any of his Legion activities, and such tryout will only be permitted with a letter of approval from either his Legion coach or the Commander of the Legion Post he represents in Legion play.

GRAMBLING, La. — Coach Eddie Robinson of Grambling College labeled Tennessee State, Morris Brown, Bethune - Cookman and Prairie View as the teams most likely to keep the spectacular Tiger success story from roaring into another new chapter.

The defending national champs will play a sardine - packed nine - game schedule that would awe the Edmonton Eskimos.

This is a day camp program of organized outdoor education and intimate group living under mature, qualified leadership.

IT IS CARRIED on five days a week, primarily during daytime hours, in a close-to-home rural setting of woods and a lake.

Major attention is given to the use of outdoor activities related to camping, such as hiking, camp craft, construction projects, fishing, music, camp cooking, Indian lore and crafts, swimming and nature.

Camping statistics indicate that every summer approximately four million boys and girls spend from one to eight weeks in camp.

SINCE THERE are more than 12,000 camps in the United States, many parents find it difficult to select the one most suitable for their offspring.

Most school age children do better on a scheduled program of the routine - uniform - all and awards are given for completing projects.
