
Now is the time...

To re-establish the "golden era" of Roosevelt and Truman.

To make the peaceful solution of school desegregation America's first order of business.

To protect the right of all citizens to vote.

To prove that "it does" make a difference whether or not the President of the United States endorses the Supreme Court Decision outlawing segregation in public schools.

To support an economic program which means more money in your pocket.

To get rid of "tight money" and "trickle down" government.

To recognize the Democratic Party as the party for YOU and not just the few

Teacher back home after year abroad

"One of the highlights of my trayels was witnessing the inaugural ceremonies of President Tubman and Vice-President Tolbert in Monrovia, Liberia."

This was the comment that came from Miss Fay M. Hershaw, a teacher in the Abraham Lincoln Elementary School No. 141, who returned to Baltimore from a year's sabbatical leave used in travel.

Speaking of Liberia, she continued:

"The friendly relations our country has with Liberia and the technical assistance we have given her have helped her to grow to such an extent that she is able to aid us in many ways especially in furnishing us with rubber and iron."

Her travels included visits to Europe, Africa and South America. After leaving South America she returned to North America by way of Panama Canal and Central America to California, Louisiana, Florida, Puerto Rico and the Virgin Islands.

"The United States at work in the Panama Canal and in Puerto Rico and Virgin Islands makes one proud to see the stars and stripes waving over those countries.

"One is also proud to be a citizen of the U.S.A. since our country has done so much to raise the standard of living in the insular lands," she said.

MRS. MARY B. Adams, the new art resource teacher, recently presented to the faculty the new art director, Richard L. Mieherdzinski. Mrs. Pauline Smith, the supervisor, and Mrs. Lillian Webb, art specialist.

Mrs. Adams also held an exhibit of art materials with demonstration of their uses. She introduced new materials and new uses of old ones.

TEEN AGE MEDLEY

By LAVANIA RICE

Gertrude Coates of 1907 Clifton Ave., gave a party on Saturday in honor of James Wise and Gordon Stiff. It was a very nice and well planned affair.

Some of her guests were: Roland Brown, Elaine Scotfield, Deemus Butler, Juanita McSwain, Margaret Smith Elnora Johnson, J. Parker, Robert Huggins, Norma Brown, Reginald Johnson, Stanley Morris, Earl Hymes, Esther Adkins and Earl Campbell.

This weekend was a good one for City College who with the help of Sterling Wallace who came in fifth, and John Alderson, who came in sixth, won the cross country over Poly and Southern.

BERNARD BAKER, also a senior at City, was among the boys selected to entertain the teachers at their convention last week.

Misses Brenda Bowe and Frances Perkins, both seniors at Western, will be among the girls representing Western on a trip to the United Nations in New York on Nov. 17.

To end the week end, Jerry Dorman, Mel Ware, Ray Prince, and Johnny Harrington had a "sounds" party on Saturday afternoon at 1500 Appleton St.

Progress seen at School 183

Last Wednesday, pupils and teachers of Junior High School No. 183 saw Previews of Progress, sponsored by General Motors to encourage young people to prepare themselves for careers in scientific fields.

Dr. Antonie R. Browne, chairman of the science department, introduced the representatives who used original and dramatic experiments, having a connection with the commonplace yet showing great progress in science.

Pupils saw synthetic rubber manufactured; demonstration involving unbreakable glass and the latest means of electronic communications using muro-waves.

Girls were interested in the experiment involving a hot pan on a cold stove which fried an egg by use of a small magnetic induction coil. Presented also were fundamentals of a gas turbine operations and jet propulsion.

MR. DOUGLASS UNVEILED—When school children from throughout the state pulled away the covering on Saturday this is the what the audience at Morgan State College saw. The eight foot, four inch statue of Frederick Douglass was cast in bronze at a total cost of $10,000. It weighs 1,600 pounds and sits on a four foot granite pedestal overlooking the campus and represents a project of the Maryland Educational Association. At the base of the statue are shown Governor McKeldin, who made the dedicatory speech, and James E. Lewis, head of the Morgan art department and the creator of Mr. Douglass. (See our editorial.)

Artists invited to show works

The Rev. Julius Carroll, associate pastor of Sharp St. Church, issued a call Saturday for all amateur artists to enter their paintings in the church art show which will be held Oct. 26 and 27 in the Community House, Dolphin and Etting Sts.

Elton Fax, a Baltimore artist, who has attained international fame and who was sent recently by the State Department to South America on a good-will tour, will be present to make sketches of patrons and give an art lecture.

All local artists are invited to enter their paintings in the show. They may place a price on them and may exhibit them for public sale at that time.

"We are hoping that amateur artists will find in our art show, which we intend to make an annual affair, an opportunity to become known, to sell some of their paintings, and to receive encouragement to reach higher in the field of art," the Rev. Mr. Carroll stated.
