4,700 at Coliseum to hear Rev. Holmes

Over 4,700 persons jammed the Coliseum Sunday night, to hear the Rev. M. E. Holmes, of Chicago, deliver a half-hour sermon on "The Hour Has Come."

The service was sponsored by members of Gillis Memorial Community Church, Mulberry and Calhoun St.

According to the pastor, the Rev. Theodore Jackson, 400 persons were lined at the door @ 5 p.m., three hours before the service began.

"I had to open the doors at 5:10 p.m." to let them in," he said. "They were lined up for a block."

The Rev. Mr. Holmes is scheduled to return to Baltimore on Sept. 17 for a boat ride.

* * *

ALSO APPEARING on the Sunday night program were: The Holmes Ensemble, featuring James Lee of Chicago; Vashti, Heavenly Gates, Chariot Wheels and the Echoes and Silverlight Gospel Singers.

Earlier in the day, the Rev. Mr. Homes appeared on three radio broadcasts.

This is the first time that the Rev. Mr. Holmes has been back here since he was ordered out of Maryland in July of 1951 by Judge S. Ralph Warnken, of Criminal Court.

At that time, the integrant California evangelist was convicted for stealing a taxicab having an Army pistol, assaulting a cab driver and driving under the influence of alcohol.

* * *

JUDGE WARNKEN gave the Rev. Mr. Holmes a choice of either spending a two-year term in the House of Correction, or being placed on probation for five years with the condition that he stay out of the state during that period.

The Rev. Mr. Holmes chose the latter.

Prior to that time, he had been in Baltimore six years making money through way of "blessings", "healings" and gifts.

In 1950, it was estimated that he amassed as much as $97,000.

Rosh Hashanah ushers in orthodox year 5717

"This is the year 5717 according to the Orthodox Jewish faith," Dr. Louis Kaplan, Dean of the Baltimore Hebrew College says. "Beginning Wednesday night at sundown, Sept. 5, with Rosh Hashanah, there is a 10-day period in which we are to make a spiritual inventory.

"We pray for a good year to come not only for our own people but for all of mankind.

"Anyone is welcome to the synagogue at this time providing there are enough seats available. Each seat is usually reserved for the congregation members ahead of time.

"However, there may be seats left vacant by those who have not returned from vacation. Should anyone like to attend any service he should call the synagogue ahead of time to anticipate if there are any seats available," he said.

THE 10 - DAY religious holiday ends with the Day of Atonement. This is considered the most solemn day. There is fasting and prayer beginning the night of Sept. 14 and lasting until sundown Saturday, Sept. 15. This day is called Yom Kippur.

* * *

"According to directions in the Bible we light candles on the eve of every Sabbath and every holiday. There are no certain number used, however there must be no less than two candles lit. It is left up to the family to have more if they so desire. They are lighted at sunsun and they are allowed to burn until they go out."

* * *

DR. KAPLAN stated that Rosh Hashanah is the most universal of all Jewish holidays and since it embraces all mankind, he feels that is an occasion for everyone to observe.

Yom Kippur dates back to Moses and its annual observance is on the 10th day of the seventh month. The custom of fasting and elaborate ceremonies of supplication all date from the religious revival beginning with Ezra.

According to the Hebrew calendar the month is Tishri. Rosh Hashana comes on the first day while Yom Kipper is the tenth of the same month. All Jewish holidays begin at sunset on the day previous to that one given on the calendar.

For the next several months, Dr. Skinner, associate professor of romance languages at Morgan State College, will be teaching English at the Lycee de Garcons in Luxemburg. He will be an exchange teacher under the Fulbright International Educational Exchange Program. (See story Page 32)

cost no less than $5.98 per child. Multiply that figure by six, as everything must be according to the family policy of treating all alike, and the sum will be about $36.00.

The boys' shoes cost about $7 a piece. That adds $28 more. The baby boy must have shoes also. His cost $9. The shoe bill so far is $37. The girls' shoes will be at least an additional $24.

BUT MR. AND MRS. Baker will manage. They are exceedingly thrifty and there is evidence of frugality, prudence and good housewifery everywhere in their first floor apartment where they have lived for 13 years. It is spotlessly clean and uncluttered despite the fact that the addition of little ones thru the years has presented a space problem.

"The children seem to have an idea that they will be able to do better in life if they have a home of their own. They are good students however. John and Robert will continue their piano lessons when school starts," Mrs. Baker said.

"When they begin studying, the entire house becomes a classroom. We scatter them out in the bedrooms, the kitchen and living room. No television is allowed until we are finished. And we play the part of the teacher, checking and correcting their work," added the father.

"One thing we stress is to never copy from any child in school. That is something we will not allow. A child may get away with it for a while, but when it comes to having the knowledge in his head, it won't be there is he has copied."

Mr. Baker is very positive with the children and they realize the value of his wisdom for they all listen attentively.

Mrs. Baker says that the children have been somewhat restless and lonely for their school friends and they are anxious to return to class.

Randolph and James will take their lunches from home. It consists of sandwiches, fruit, and a sweet every day except one. They are allowed that exceptional day to eat in the cafeteria so that they will feel that they are not different from the other children.

The others are close enough at school Number 453 to come home for lunch. However, they eat in the cafeteria one day a week also. When they buy food at school they are allowed 30 cents a piece to buy what they choose.

"The girls will wear their summer cottons until the weather becomes cool," Mrs. Baker stated. "There is little else we have to buy except notebooks, pencils, fountain pens, and rulers."

Although a family of seven children requires much of her time since she does all housework, washing and ironing, Mrs. Baker and her husband are active in all school and community affairs. They took part in the Clean Block Campaign and won 3rd prize, a $25 war bond.

OFF TO SCHOOL — The Baker children leave for various schools near their home at 1205 Nolan Ct., Somerset Homes. They are the children of Mr. and Mrs. Randolph Baker. The only Baker child left at home is 5-year-old Paul Cronhardt, who is too young for school yet. Four of the kids had their tonsils out before school opened.

western area of the city.

These classes will involve approximately 7,250 children.

With the completion of the new Cherry Hill Elementary school in December, it is expected that 36 part time classes can be ended.

School suit filed for second time

The NAACP went back to Federal Court on Tuesday with its suit against the Harford County Board of Education.

Last spring the organization agreed to drop its initial litigation when school officials adopted a resolution calling for desegregation at the start of the fall term.

However, the NAACP said, in August the decision was made to limit integration to the first three grades despite the spring resolution which called for the acceptance into the formerly all white schools of colored pupils "roughly on a ten per cent basis."

* * *

IN ASKING the Federal Court for an injunction to halt segregation, the NAACP said:

"Any other remedy would be attended by such uncertainties and delays as to deny substantial relief, would involve multiplicity of suits, cause further irreparable injury, and occasion damage, vexation and inconvenience not only to those plaintiffs and those similarly situated, but to the defendants as government agencies."

The suit also alleged that in only two county schools, Edgewood Elementary and Hall Cross Roads Elementary are the first three grades integrated.

The suit was filed in behalf of four pupils, Stephen Moore Jr., 206 Hayes St., Bel Air; Dennis Spriggs, 25 Battle St., Edgewood; Roslyn Slade, 117 A Roadman Rd., Aberdeen, and Patricia Garland, 117 H. Rodman Rd., Aberdeen.

It was charged that the Moore youngster applied for a transfer from the Central Consolidated Elementary School in Bel Air; Dennis Spriggs from Central to Edgewood Elementary School, near his home; and Rosalind Slade and Patricia Garland from the Havre de Grace School to Hall Cross Road School, the nearest school to their homes.

* * *

"ALL MINOR plantiffs are in grades above the third grade. Solely because of their race and color, minor plantiffs were notified about August 7, 1956, that they would not be allowed to transfer from their present schools.

"By limiting the integration program in Harford County to the first three grades in the Edgewood Elementary School and the Hall Cross School and refusing any integration in the other schools of Harford County for the school year 1956 the defendants have violated the agreement of dismissal of Civil Action No. 1615 on March 9, 1956.

"Said program of education is educationally unsound. By continuing to segregate plantiffs and other colored children similarly situated while admitting some colored children to two schools on an integrated basis, they have aggravated the feeling of racial inferority generated by racial segregation in the hearts, minds and souls of the minor plantiffs," the suit said.

'It's different,' says 1st penitentiary guard

"I like my job very much now," says a tall, clean-cut and handsome young man, "however, it is different from any I have ever had. As the days go by I find I am becoming more interested in it."

George Nelson Parker is speaking of his new job as the first guard at the Maryland House of Correction at Jessup. He has passed the six - months probationary period and is now receiving the beginning salary of $3,650 a year.

He is the 25-year-old, unmarried son of a Pentacostal minister, the Rev. James F. and Mrs. Parker of 2500 Ellicott Drive and the second oldest in the family of eight children.

The father has pastored at the church located in the 900 block of North Calhoun Street for eight years.

The head people on the job like my son very much, Mrs. Parker declared enthusiastically. "I was glad when he passed the examination and the probationary period and became ready for his uniform.

"Frank has been ambitious and anxious to get somewhere since he was a little fellow. His boyhood dream was to become a doctor. I think he discarded that idea when he went into the Navy."

MR. PARKER was a Petty Officer in the Navy and for four years on the USS Benninghton CVA 20 as a machine metalsmith third class. He received an honorable discharge April, 1954. In September that year he became a hospital attendant at the District School for Juvenile and Mentally Retarded Children at Laurel where he worked for 17 months.

He has held various other jobs and took the examination for the position he now holds last spring.

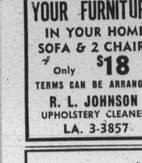
In accordance with mother's belief that he is always looking forward to greater things, Frank is now taking a general business course at Cortez Peters Business School in off - duty hours.

At work Mr Parker supervises the people in his charge while they are in the yard, the dining room and as they prepare for bath and bed at night. He is on duty from 4 p.m. until 12 midnight.

He says," they are quite orderly. They know they have certain rules to follow wherever they are located, whether in the dormitories, at work, on the farm lands or at recreation. It is my job to see that they do not violate any of those rules."

Mrs. Rosetta Bazemore, 822 Whitmore Ave., is Frank's oldest sister. David Lewis, the next oldest brother, is 20. Others of the family are: Mrs. Rebecca Wheatley and Mrs. Dorothy Mae Reed. Tennie Rebecca, age 16, a Douglass High School student, and Henry Luke, age 13, of school 181, reside at home with their parents.

GEORGE PARKER
"The job is different from any I have ever had."



TO FRANCE — Robert J. Wilson, who won a French Government scholarship of $4,000 to study at the Paris Conservatoire de Musique, will sail for France on Friday. He is a June Graduate of Morgan State College.

Group roughed at Klan rally

TUSCALOOSA, Ala. —Klansmen tossed one man into the air "like a baby" and injured another as they roughed a group of colored persons near a Ku Klux Klan rally here.

Some 700 persons—about 300 of them members of the Klan—were in attendance at the rally held in suburban Alberta Park. Policemen were in attendance, but none admitted seeing the disturbance.

* * *

THE KLANSMEN reportedly stormed into the group while State Sen. Albert Davis, the principal speaker, was addressing the group. He ended his speech with: "Give me segregation or give me death."

A group of colored persons were said to have approached the rear of a burning cross and shouted profane epithets. The Klansmen then began to pursue the fleeing hecklers.

The injured man had bruises on the back of his neck and head. His name was not learned.

Science Shrinks Piles New Way Without Surgery
Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment forms* called *Preparation H.®* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with applicator.
