Giants play Cedar Hill nine Sunday

Inclement weather rained the Baltimore Giants' trip to North Carolina last week when rains cancelled two games.

A downpour also forced a halt to last Sunday's game with the Cedar Hill A.C. at the end of the four innings with the Giants leading, 4-0.

THE TWO teams, the Giants and the Cedar Hill nine, will try it again Sunday. May 26, with a twin bill at Cedar Hill Park at 2 p.m.

After this road trip, the Giants will return to the home lot at Westport Park on Sunday, June 2 when they encounter the Pittsburgh Crawfords.

25 Dunbar, Carver and Duck thinclads in MSA

By SAM LACY

A strong contingent of tiny men will be on hand at Homewood tomorrow (Saturday) morning to vie for honors in the Maryland Scholastic Association track and field championships, beginning at 9:30 o'clock.

Twenty-five varsity hopefuls from Dunbar, Carver and Douglas high schools qualified in individual events in preliminary trials that were run off Tuesday and Wednesday.

AS A result, Dunbar will have 11 classy youngsters shooting for titles in 14 events. Carver will send out eight in quest of victories in 11 events and Douglass will suit-up six boys trying for recognition in four races.

The Poet vanguard is led by three youths who qualified in two events each. Carver also had three athletes to make their way to the finals with double duty.

* * *

DUNBAR WILL be represented by the following:

Pinkney McCready in the 100 and 220; Edgar Richmond in the 880 and high jump; Robert Royster, in discus and pole vault; Melvin Dorsey, 180-yard low hurdles; Richard Howard, 440-yard dash; Ben Mallory, 880; John Jordan and Robert Wilkes, mile; and Alfred Dyer and James Sanders, pole vault.

* * *

FOR CARVER the following will compete:

Gilbert Travers, 100 and 220; Arnold Gadson, 100 and 220; Godfrey Moore, broad jump and high jump; Reggie Howard, 880; Garland Maguire, 880; Jimmy Howard, 180-yard low hudles; Pete Dawson, mile, vault.

DOUGLASS' hopes will be borne by:

Leslie Johnson, 220-yard dash; Lonnie Morton, 120-yard high hurdles; Wendell Whittle, Harved Hart and Thomas Goggins, 440-yard dash; and Morton in the 180-yard low hurdles.

The Ducks are looked upon as serious contenders for the mile relay title, what with having qualified three of their four entries in the individual quarter-mile competition.

Dunbar also expects to be in the running for the mile event. Coach Lampson will tie William McCoy in the package that he sends to the post. Others will be John Jordan, Mel Dorsey, and Richard Howard.

* * *

CARVER COACH Ed Smith is expected to have a strong hand going for him in the junior varsity events as well as in the varsity division.

In Charles Woodson, the Trainers have a triple qualifier. His 19 feet, 9½ inches proved best of the trials in the broad jump, and he figures also for the 70-yard high hurdles and the 120-yard low hurdles.

Woodson already has tied for the high jump crown, deadlocking Pete Walsh, of Mt. St. Joe, in a final on Wednesday. The versatile Carverite appears to cop "best JV athlete" honors tomorrow.

David Blackwell is another three-time qualifier for the Trainers. He made it in the 100 and 220, and in the broad jump. His 24.1 is the best time thus far in the 220-yard test.

Other Carver jayvees qualifying are Cook Simms, 100 and 220, and James Howard, 220.

DUNBAR'S JV hopes are pinned on Hopkins and Mitchell in the high hurdles. Lewis is in the dashes and broad jump, Ervin and Joyner in the shotput, and Irvin in the dis-

Douglass will be represented in the junior varsity competition by James Woodland in the 440, Edwin Pope in the 100 and 220 (in both of which he recorded the best trials time), and Nat Johnson and Al Miller in the 880.

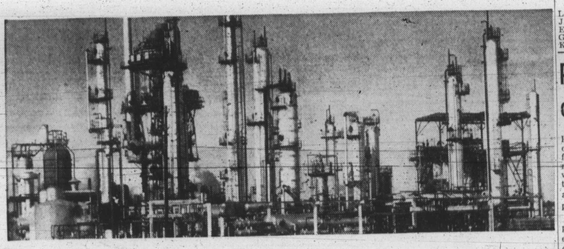
Now from the world's most advanced refinery—

Greater AMOCO-GAS

Greater for every car... yet no increase in price!



AGAIN new-car compression ratios and their power needs have set record highs. And, again millions of motorists look to Amoco for maximum premium gasoline power *without the use of lead.* In response to the growing demand for America's only unleaded premium motor fuel, Amoco now announces the opening of the world's most modern, most advanced gasoline refinery at Yorktown, Virginia.

Amoco's magnificent new Yorktown refinery and new facilities at the present great Texas City refinery make possible *Greater Amoco-Gas* . . . the highest natural octane gasoline in history, yet available at *no increase in price!*

Greater Amoco-Gas is the *only* high-octane gasoline of its kind. Every other premium gasoline, regardless of fancy color, fancy pump or fancy name, is actually a *low-octane gasoline* artificially boosted to premium rating by lead. But *lead doesn't burn!* Instead, it leaves fouling deposits on spark plugs, pistons and valves . . . causes preignition and an ever-increasing thirst for more gasoline.

That's why *only* clear-white, unleaded Greater Amoco-Gas guarantees longer car life . . . no lead fouling . . . greater mileage per gallon than ever before possible . . . 100% power for every car on the road!

Amoco's modern Yorktown refinery is also responsible for other famous, high quality Amoco products including American Gas — the Big Buy of all the Regulars!
