ANAPOLIS ODDINGS

By ELOISE RICHARDSON

Scribe to undergo surgery; Spanish-American War veteran dies at 77; Trio flies to Charlotte for sorority conference; Bates High to open baseball season and take first plunge into track competition.

I am still in the hospital, but very comfortable. Thought you would like to know that I am going to have to undergo surgery, so you probably will not hear from me for a week or two. But it would be nice to hear from you. Friends have been very lovely to me, even though up to this point I have only been confined.

I was in the hospital during the Easter holidays, but my room is so much like a flower garden that I can't help but feel a "ray of sunshine all around me." The flowers are all so beautiful and to me flowers are certainly sent from heaven. And as I lay here and think and look at them I am constantly reminded of the fact that there are so many beautiful evidences of God's love.

Just lying here and thinking also reminds me of a verse of a poem I have been reading: Some flowers grow that open wide at dawn to bloom 'til night; they keep their faces to the sun, reflect its sunny light, they shed their beauty, perfume sweet on all who pass their way— and all they ever know of life is but a sunny day.

It is with the depth of gratitude that I can stop, think and realize that each day when I am active is a day I have tried to reflect a sunny light to those I come in contact with. It is hoped you have enjoyed the column widely, and I promise you will hear from me again.

Piper Davis to manage Barons

BIRMINGHAM, Ala. — Lorenzo (Piper) Davis, who played for Fort Worth in the Texas League last season, has been named playing manager of the Birmingham Barons of the Negro American League.

The announcement was made this week by W. S. Welch, owner and general manager of the club. Davis was an outstanding infielder — outfielder with Birmingham for five years before he went into organized baseball as a member of the Oakland club of the Pacific Coast League.

He also played with the Los Angeles Angels and moved to Ft. Worth when the Dodgers transferred to the West Coast.

The new Birmingham pilot greeted thirty candidates here last week when spring training sessions started. He believes he has the nucleus of an outstanding club with such young players as Tony Lloyd, rookie third baseman who starred the past four years at Tuskegee; Bobby Sanders, brilliant sophomore shortstop and Willie Smith, a lefthanded pitcher from Huntsville, Ala., in the fold and ready for action.

Freedmen's H.U. shift predicted

WASHINGTON, D.C. (NNPA) — Dr. Arthur S. Flemming, Secretary of Health, Education and Welfare, told a House appropriations subcommittee that he is confident the executive committee of the Howard University Board of Trustees will be able to work out the problems, which are holding up transfer of Freedmen's Hospital to the university.

The statement of Dr. Flemming was made during his testimony on appropriations for the Department of Health Education and Welfare for the fiscal year beginning July 1. The hearings were made public Friday (April 10).

"What has happened with the plan to consolidate Freedmen's with Howard University?" Rep. John F. Hogarty of Rhode Island, subcommittee chairman, asked him.

* * *

"THE SITUATION on that is this," replied Dr. Flemming. "As you know, legislation was introduced at the last session of Congress in order to make the transfer of Freedmen's possible.

"That legislation was reported out by the House committee. As you undoubtedly recall, there were some discussions about the House committee relative to certain personnel policies involved in the transfer.

"I happened to attend a meeting of the Board of Trustees of Howard University where that matter was considered a few months ago.

"At that time, the board of trustees directed its executive committee to look into these personnel problems and to make a report back to the board as to the way in which they should be handled.

"I am confident that the executive committee of the board and the board will be able to work out a solution to these problems. As soon as they have been worked out, we will renew the request for legislation which would make this transfer possible."

* * *

UNION opposition blocked House and Senate consideration last year of a bill to transfer Freedmen's to Howard as a teaching facility.

The union, representing a minority of Freedmen's employees, was dissatisfied over job tenure and other benefits they enjoy as United States civil service employees but which they would not fully retain as employees of Howard University.
