Almond treat

"Almond Delight" is sure to delight both guests and family. This layered dessert features smooth almond-flavored custard and marshmallow layer with graham cracker crumbs and toasted chopped almonds. Chilled until firm, it's delicious! Almonds contribute the pleasant crunchy texture and nutty flavor to this unusual dessert.

Almonds are so easy to use in a variety of ways. They not only enhance desserts, they have a wonderful way of transforming the simplest dishes into glamorous ones. Try sprinkling toasted almond slivers over creamed vegetables or left overs and you'll be delighted with the results.

* * *

FOR ALMOND DELIGHT custard layer use two cups milk, two tablespoons corn starch, three tablespoons sugar, one-fourth teaspoon salt, two egg yolks, and one-eighth teaspoon almond extract.

The marshmallow layer requires two envelopes plain gelatin, three-fourth cup cold water, one-sixteenth teaspoon cream of tartar, few grains salt, two egg whites, and two third cup sugar.

You also need one cup graham cracker crumbs and one-half cup chopped toasted or ready-diced almonds.

CUSTARD LAYER: Scald one and one-half cups milk. Combine dry ingredients with remaining milk and stir into hot milk.

Cook about fifteen minutes or until thickened, stirring frequently. Remove from heat and gradually stir in beaten egg yolks. Cook over hot water about three minutes. Remove from heat and add flavoring.

MARSHMALLOW LAYER: Soften gelatin in one - fourth cup water. Combine with cream of tartar, salt and egg whites and beat stiff. Combine sugar and remaining one-half cup water and cook until syrup spins a long thread when dropped from spoon.

Pour hot syrup over egg white and beat until very thick.

Place one-half cup graham cracker crumbs in pan 6 by 9 by one and one-half inches. Four custard over crumbs. Sprinkle with one - fourth cup crumbs and one-fourth cup almonds. Spread on marshmallow layer and sprinkle with remaining crumbs and almonds. Chill in refrigerator until firm. Cut into squares.

Makes six to eight servings.

Sherry Cream Almond Delight

"Mocha Sherry Cream" sounds rich, but calories watchers need not shy away, for it's really a rather light cornstarch pudding.

Omit the whipped cream topping, and you'll still have a delicious dessert — that won't wreck your calorie budget. California Sherry wine is the secret of the excellent flavor.

The pudding may be chilled in molds and turned out to serve, for it holds its shape like gelatin.

* * *

MOCHA SHERRY Cream is made with three-fourths cup milk, three tablespoons cornstarch, one-fourth cup sugar, one-fourth teaspoon salt, one teaspoon powdered cocoa, one cup strong coffee beverage, one-fourth cup California Sherry wine, toasted slivered almonds, and cream.

Scald milk. Combine cornstarch, sugar, salt and cocoa; add coffee and wine, and blend well. Add cornstarch mixture to hot milk and cook over low heat until mixture boils and is thickened; then cook over boiling water for fifteen minutes, stirring occasionally.

Turn into molds and chill until set. Unmold and sprinkle with toasted slivered almonds, if desired. Serve with cream.

Makes three to four servings.

Dean Spann, right, and student relax for coffee "creamed" with Carnation. Double-rich Carnation has the texture of fresh dairy cream. It looks like cream, pours like cream, and makes coffee taste richer.

Dr. Spann with little Frankie Best, son of a Florida A and M faculty member. "Frankie still drinks Carnation, mixed with an equal amount of water," says Dr. Spann. "Incidentally, I was a Carnation baby myself!"

Dr. Annabelle Spann, right, visits class in Experimental Foods and watches as student whips Carnation. "Carnation whips so beautifully it surprises the students," Dr. Spann declares. "My newest recipe recommended for the class is Carnation Whipped Sundae Salad."

Dean of Home Economics at Florida A and M University says:

"CARNATION IS THE COOKING MILK I RECOMMEND TO STUDENTS"

Dr. Annabelle Spann is Associate Dean in charge of Home Economics at Florida A and M in Tallahassee. She received her doctorate in Home Economics at the University of Wisconsin. She is an active member of several community groups, sororities and honorary societies. And busy as she is, Dr. Spann never tires of cooking.

"I'll admit I'm particular about my cooking milk," Dr. Spann says. "It makes all the difference in the texture and flavor of a recipe.

"That's why I recommend Carnation Evaporated Milk to my students. I've tried them all. Carnation gives consistently smoother results in cream sauce, cheese sauce, casseroles and 'creamy' desserts."

Millions, like Dean Spann, have discovered the superior qualities of Carnation. They have made this double-rich milk in the red and white can the world's leading brand of evaporated milk.
