CCB brings services to South Baltimore

By DR. SIDNEY KOBRE
Community College of Baltimore

At the Federal Hill celebration, a striking pictorial exhibit of the Community College of Baltimore will be presented by the Harbor Campus and the Southern Evening Center, being sposored by the college. The exhibit will appeal particularly to residents of Cherry Hill.

The exhibit, especially prepared for the occasion, will show in pictures and prose, where the Harbor Campus will be and how it will benefit South Baltimoreans. The exhibit will point out that the campus, adjacent to the North side of the Baltimore harbor, will be within walking distance of Southside residents, or it can be reached by a short auto ride.

The Harbor Campus, according to Dean William V. Lockwood, will present a variety of courses for area residents. It is the planning stage ,and will be open by 1973.

The other part of the CCB exhibit will show the programs and courses at the Southern Evening Center, sponsored by the Division of Continuing Education. Representatives of the college will be on hand to distribute brochures and answer questions of visitors regarding the courses.

The Food Service and Restaurant Department of CCB will prepare delicious food which will be served to all visitors — as long as the supply lasts.

CCB library named for President Bard

By DR. SIDNEY KOBRE
Community College of Baltimore

In recognition of the accomplishments of President Harry Bard during the past ten years, the Board of Trustees of the Community College of Baltimore has named the college library for him.

The action to designate the building as the Harry Bard Library followed the recommendation made by the Faculty Senate and the Administrative staff, the Association of Secretaries and the Student Government Association. Also requesting the library naming were the custodial and maintenance staff and the cafeteria staff.

The formal designation and placing of a plaque commemorating the event will take place in the fall.

Center Stage presents free drama reading

The Center Stage Touring Company actors will present a reading of a new translation of Aleksei Arbuzov's modern classic, "The Promise," on Monday, May 18, at 8:30 p.m. at the 11 E. North Avenue theatre.

Mrs. Vladlena Tolley, Assistant Professor of Russian at Goucher College, and Peter W. Culman, the Executive Director of Center Stage, undertook the translation in an attempt to Americanize the language. Previously only a translation in what we might call a British idiom existed.

Admission to "The Promise" reading is free. Reservations are encouraged and may be made by calling the theatre box office at 685-5020.

Federal Hill, Inner Harbor festivities

Federal Hill and the Inner Harbor will be alive with people and festivities on Sunday May the 17th, from one to six.

The Spring Celebration on Federal Hill, sponsored by the South Baltimore Community Council, and the Ice Cream Stick Regatta, sponsored by the Maryland Tuberculosis and Respiratory Disease Association, will take place simultaneously.

Sailing boat races begin at noon. The Celebration begins at one with cannon firings from the Constellation to be answered from Federal Hill.

This year's Celebration, with the theme "A New Look at Oil South Baltimore," emphasizes the future of the area, especially as it will be affected by the inner harbor reconstruction, and the development of the harbor as a recreational and cultural center. Models and drawings of the Project will be on view in the tent.

What Do Doctors Advise First For Painful Hemorrhoids?
Conservative treatment usually recommended in most cases of simple, common piles:
New York, N.Y.: Many doctors who keep up with modern practices feel a more conservative treatment (such as sitz baths and proper medication) should first be tried to relieve hemorrhoids. And what more effective medication could one desire than this exclusive formula which doctors found actually helps shrink swelling of hemorrhoid tissues caused by inflammation and infection. It also gives prompt, temporary relief in many cases from pain and burning itch in these tissues.
Tests on hundreds of patients by leading doctors in New York City, Washington, D.C. and at a Midwest Medical Center showed this so.
This doctor-tested medication also lubricates the affected area to protect the inflamed, irritated swollen surface and so helps make bowel movements less painful.
The name of this hemorrhoid formula is Preparation H® and there's no other formula like it. Preparation H needs no prescription. In ointment or suppository form.

Household Hints

There is no need to put lingerie in the dryer. Instead, take it directly from the washer and fold lengthwise, laying items across the top of the drier or some other flat surface. They'll dry quickly and look smooth, crisp and new.

Since you must rely on instructions from the manufacturer, then why not follow the rules throughout the life of the garments. Tags and labels, carefully preserved and referred to when the garment needs washing or dry cleaning, are worth their weight in gold, say the experts.

For brown pie crusts, use heatproof glass, dull aluminum, or enamel pans. They absorb heat; shiny metal ones reflect heat. To bake frozen pie in a foil pan, place it on cookie sheet.

Tell the babysitter which of the children's clothes are to be dressed in the laundry hamper, which are to be hung up, put away, and where.
