Must continue to fight, Mitchell tells neighbors

BY JOSH WATSON

Parren Mitchell, professor at Morgan State College, told members of the Concerned Neighborhood Improvement Association that they must continue to fight to organize the community to combat crime and make the community clean.

The group attending the meeting at Wayland Baptist Church heard Mr. Mitchell say: "Unless we band together and hold together, this neighborhood is going down."

He cited a problem in his own neighborhood on Brooke Lane, with sanitation and law enforcement.

—"When there were 80 per cent Jewish residents in the neighborhood" said Mr. Mitchell "there weren't any problems, now we have to argue to get what we want."

• • •

Mr. Mitchell, who is a candidate for Congress from the 7th District, suggested that the problem is even larger.

"Baltimore is becoming a black city with the abandonment of whites. No adequate housing is being built and when houses are constructed, they are built too quickly. He cited industries deserting the city and gave Freindship Airport as an example with the monetary benefits going to the state rather than the city.

"They milk the neighborhood dry and move out" said Mr. Mitchell. "We will have to tighten up."

He recommended that neighborhoods should select members to meet with the Board of Estimates and invite councilmen in the district to attend the meeting.

"Hell who yells the loudest is going to get the most" said Mr. Mitchell.

He also suggested that the neighborhood association organize the youth of the neighborhood "lay out' to State Attorney General Charles Moylan that we want your office to crack down on the pushers; meet with Police Commissioner Donald D. Pomerleau and ask for statistics on crime in the area, ask about concentrated employment programs.

"They won't do anything until citizens get angry" said Mr. Mitchell.

In the question and answer period which followed a number of residents voiced a need for less liquor outlets and more recreational outlets.

Mr. Mitchell stated that a neighborhood inventory be taken and if there is need for recreational supervisors, Morgan State College and Coppin State or other schools would be glad to volunteer.

Officers of the Concerned Neighborhood Improvement association are: Joseph Briscoe, president, Mrs. Jacquelyn Boone, vice-President; Edward Smith, treasurer; Mrs. Mary Alder man, secretary; and Edward Tombs, public relations director.

be developed on a turnkey basis by Mid-City Developers, Inc. of Washington. This means that the developer will build according to plans developed with HCD, and sell the completed building to the city.

The building will have 357 dwelling units. Of these, 221 will be efficiencies and 136 will have one bedroom. Each unit will have its private balcony, set back from the exterior wall.

The development will be the second centrally air-conditioned public housing building in Baltimore. The first is an extension to Claremont Homes which is in planning and will be constructed before the Market project.

Residents of Lakeview Tower, Baltimore's first public housing exclusively for the elderly, were consulted in the planning of the North Avenue Market building. Lakeview, also developed on the turnkey basis, opened in January.

The Resident Advisory Board of public housing tenants was also consulted, as were elderly residents of the MUND area.

Many of the features of Lakeview, including grab bars in the bathroom, extra-wide doors to accommodate wheelchairs, and emergency call systems, will be incorporated in the new building.

Recreational group activities will take place on the 19th floor, which will have a dramatic view of the city. Among the facilities there will be a large lounge, reading room, meeting room, craft room, laundry and sundeck.

All mechanical equipment will be housed on the roof.

Some recreation space, and a small health clinic, will be on the first floor.

Parking for 102 cars will be provided on three underground levels.

The building will be of medium gray-brown brick.

It will front on 20th Street for 229 feet. The main building will be 61 feet 10 inches deep, with a 17½-foot porch in front.

Running the length of the building's south side will be a 42-foot walled garden.

they were buried by the mud."

A helicopter spotted a crowd estimated at 2,500 persons on a mud-surrounded promontory which was found to have been the Yungay cemetery.

Apparently they were the only survivors in the city of 20,000, about the size of Frederick.

th Council.

Faith and hope have also played a great part in the establishment of the "Peoples Place Grocery Store" which has the address of 1530 E. Baltimore St.

• • •

Mr. Spriggs says there is faith that the neighborhood will appreciate the lowest prices in the area and come and buy and save.

He also noted that hope is abundant in the expectation that the little grocery project will succeed.

In fact, Mr. Spriggs and members of the Youth Council state faith and hope have brought them this far, "through red tape" in getting the project off the ground and waiting for the $2,000 government fund for stock to trickle down over the past nine months, since September, 1969.

• • •

"It was a long hard fight," the sponsors told the AFRO adding. "And we really need the public to know about the "Peoples Place Grocery Store and come help us to survive."

Surviving will hardly be doubtful since, as Mrs. Spriggs says, the prices of all foods are being kept below those that are really overpriced elsewhere.

The "Peoples Place Grocery Store has a full line of meats; staples, canned goods and groceries and plans to add more and at the shoppers call for products they want stocked.

Mr. Spriggs and Mr. Loving are young men destined to succeed.

• • •

In addition to their willingness to sacrifice to stay on duty from 8:30 a.m. to 11 p.m. each day and Sundays from 10 a.m. to 10 p.m., they have their dreams they intend to come true for a bigger and better store

Helping is the Junior Chamber of Commerce which audits the books free each month and lends other valuable advice.

Back of it all is the Youth Council which is now incorporated and has young members none of whom is 21.

Behind them are the adult incorporators, Mr. Spriggs, Willie Dickerson and Harry Bail, all residents of the area.

• • •

If any profits come from the "Peoples Place Grocerty Store" they will go for scholarships for children of the neighborhood.

Mr. Spriggs is a 1963 Dunbar High School graduate. He joined the National Maritime Union in 1967 and sailed the seas as a member of the Deck Department until he was offered the manager's post at the Peoples Place Grocery.

He resides with his parents Mr. and Mrs. Charles Spriggs.

• • •

He was actively competing at the Maritime Hall for a ship and in fact was to leave aboard vessel going to Vietnam when he decided to take the grocery store manager's job.

His uppermost thought as he was interviewed by the AFRO was the hope that everyone concerned will lend a hand to help him, Mr. Loving and the Youth Council put the "People Place Grocery" over
