500 Brice Street registers — Their block organization is a little unusual but according to the advisor I spoke to, they decided having more than one captain was best for their block, however, when this was called to my attention I explained that in issuing a check at the close of the campaign, if they continue on, the check can only be made out in one name, said Mrs. Leath, the Clean Block lady, but if this is better for your block, then I will have to go along with this, however this is the first time this has happened.

Clean Block Campaign cited by D'Alesandro

Thursday (yesterday) morning Mayor D'Alesandro signed a proclamation citing the AFRO-AMERICAN Newspaper for the continual campaign to embody youth with civic pride and a wholesome attitude towards community projects through its Clean Block Campaign.

The proclamation follows:

For thirty-six years, the AFRO-AMERICAN Newspaper has, in a spirit of public service, sponsored and arranged a Clean Block Campaign in the City of Baltimore.

Cleanliness must be practiced by individuals, but from a civic standpoint, cleanliness is most effective when undertaken on a community-wide basis. Experience has proved that municipal cleanliness can best be promoted when undertaken block by block.

City blocks are communities within themselves, where working organizations of neighbors are easily formed: the result of the efforts of such organization being clean streets, well-kept yards and lawns, neat homes and—a city in which residents and visitors may be justifiably proud.

To encourage and occupy the youth of the city during the summer months, the continuance of the thirty-six-year-old AFRO-AMERICAN Clean Block Campaign is both desirable and necessary. Because of the importance of this Clean Block Campaign, municipal authorities of Baltimore have given their fullest cooperation to this worthy civic endeavor, to the end that Baltimore may be a cleaner and better City in which to live.

NOW, THEREFORE, I, THOMAS J. D'ALESANDRO, III, MAYOR OF THE CITY OF BALTIMORE, do hereby proclaim the period of June 29 — August 29, 1970, as "AFRO-AMERICAN BLOCK CAMPAIGN" IN BALTIMORE, and do request all our citizens to give their full cooperation and support to this worthy cause.

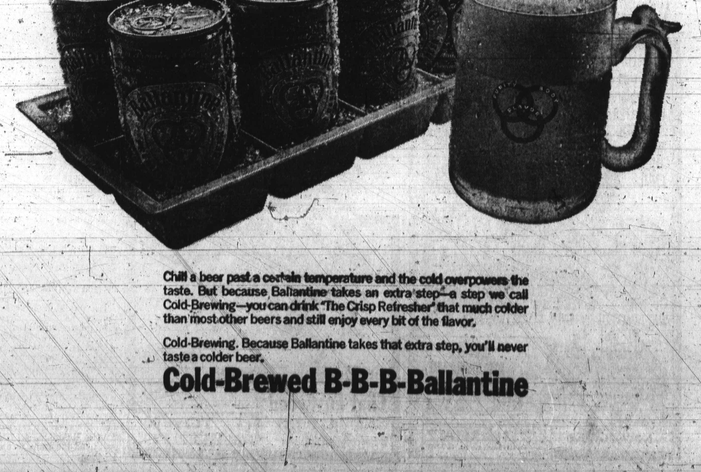
You never taste a colder beer!



Chill a beer past a certain temperature and the cold overpowers the taste. But because Ballantine takes an extra step—a step we call Cold-Brewing—you can drink "The Crisp Refresher" that much colder than most other beers and still enjoy every bit of the flavor.
