All State bonds and certificates of debt are signed by the Treasurer, and with the Comptroller he is custodian of all stocks, bonds and other securities belonging to the State and held for the different sinking funds. He is also a member of the Board of State Canvassers. All trust, guaranty, loan and fidelity companies doing a certain business in Maryland

are required to make a semi-annual report to him. The Treasurer renders quarterly reports to the Comptroller and publishes monthly reports of the State's balances.

GOVERNOR'S MILITARY STAFF.

Gover Ritchie has determined not to appoint a military staff as provided for in Article 65 of the Annotated Code. He gave out the following explanation of his decision on the subject:

"On the few occasions upon which, as Governor of the State, I may need military aides, I have, after much consideration, decided to have them assigned to me from those members of the National Guard who participated in the war, rather than appoint the customary honorary staff.

"The staff, as it has been constituted in former years, would now receive, under the national defense act, no recognition at all from the Federal Government or the General Staff, and the desire of the War Department and the modern tendency in other States are both in favor of assigning to the Governor as his personal aides, officers of appropriate rank from the National Guard or from a veteran organization of the war, as is done in the case of the President. For instance, this is now required by law in New York, Florida, Montana, Utah, Vermont, Washington and other States.

"Not only is this the logical and clearly proper thing to do from a military point of view, but it seems to me particularly appropriate at this time that military honors should go to those who won military fame in the war and who are now serving their State as members of the National Guard."

Governor appoints three, one of whom he designates Chairman; one for two, one for four, and one for six years; and, as these terms expire, the successor is appointed for a term of six years. (Ch. 180, 1910.)

This Board has the supervision of railroads, steam and electric, common carriers in general, gas corporations, electrical corporations, telephone companies, telegraph companies, water companies, steam heating and refrigerating companies, express companies, sleeping car companies, steamship, steamboat, motorboat and sailing boat companies and automobile bus companies doing business as common carriers, provided any of the aforementioned companies are doing business within the State of Maryland. Its supervision and jurisdiction covers the service furnished, the rates charged, capitalization, issue of stocks and bonds, the right to exercise franchises granted by the counties or by the cities, the right to fix rates for service, fix standards for service and general supervisory and regulatory powers.

In the matter of permitting the companies to exercise franchises and to issue securities, they are required in all cases to advertise the fact that the Commission will hear their application upon a certain date. This done in order that any person, or persons, opposed to the exercise of the franchise or the issuance of securities may have an

opportunity to be heard and submit to the Commission their reason for believing that the Commission should withhold the order permitting the things to be done under the application filed.

The State Roads Commission, consisting of three members appointed by the Governor, has direct control over the construction and maintenance of a system of highways throughout the State. The Commission also has authority over the building of "lateral" roads not included in the main or trunk line system. Plans and specifications are prepared, the contracts awarded, and the work of construction supervised by the State Roads Commission. The cost of "lateral" roads is shared equally by the State and Counties, the allotment of State funds to the counties being based upon road mileage. (Acts 1918, Chapter 224, Section 33.)

The system of trunk line roads, built and maintained entirely at the expense of the State, was authorized by the Legislature in 1908, and bond issues amounting to approximately $28,000,000 have been authorized to and including the Legislature of 1922. (Acts 1908, Chapter 141.)

The Leigslature of 1920 provided an appropriation of $3,000,000, and the Legislature of 1922, $3,150,000, to be used for the construction of rural post roads, lateral roads and the extension of the State road system, with the assistance of funds from the United States Government and the several counties of the State. The principal amount of these loans shall be paid upon the serial annuity plan, and all within fifteen years after the issuance thereof. (Acts 1920, Chapter 508—Acts 1922, Chapter 203.)

Funds for the maintenance of State highways are provided from the receipts of the Commissioner of Motor Vehicles from license fees, etc. The last Legislature passed an Act to impose a tax of 2 cents per gallon on gasoline on and after January 1, 1924, in lieu of the present license fees or a part of same imposed on motor vehicles. (Acts 1922, Chapter 522.)

The following statement gives in condensed form the work accomplished by the State Roads Commission:

Total mileage completed roads to December 31, 1919	1,511.45
Mileage completed during 1920	154.64
Mileage completed during 1921	158.08
Total mileage completed roads to December 31, 1921	1,824.17
Total mileage concrete shoulders December 31, 1920	70.89
Mileage concrete shoulders completed during 1921	14.56
Total mileage concrete shoulders, December 31, 1921	85.45

The State Tax Commission was created by the General Assembly of 1914, Chapter 841.

The Act creating the Commission designated the personnel of the first Board, which was composed of Arthur P. Gorman, Jr., as Chairman, Lewin W. Wickes, and Oscar Leser, who was the minority member. As the terms of the several Commissioners expire the Governor appoints a successor for a term of six years from the date of appointment. No more than two Commissioners can be of the same political faith.

The Commission elects a Secretary and appoints such employees as may be necessary.

An appeal lies directly to the State Tax Commission from all assessments entered by the County Commissioners of the several counties or by the Appeal Tax Court of Baltimore City, and the determination by the Commission as regards the assessment of property is final, as an appeal from a decision by the Commissoin exists only on questions of law.

In August, 1916, the Commission ordered a re-assessment of real estate of the several counties of the State of Maryland. The legality of this order was attacked but the Commission's authority was affirmed by the Court of Appeals of Maryland in the case of State Tax Commission versus Lowenstein, 129 Md., 244. Subsequently in December, 1917, the Commission ordered a general re-assessment of personal property, tangible and intangible, owned or held by residents of the twenty-three counties of Maryland.

Besides the right to bring about general equalization, the Commission has the power to establish forms of schedules, notices, etc., and also of assessment and collection books; to establish a uniform system of accounts; to require that all property in the State be reviewed for re-assessment at least once in every five years; to confer with State officials of this State and taxing authorities of other States in order to bring about a uniform system of taxation and to provide for a system of inspection of licenses.

The Commission has devised a method of assessing business corporations in accordance with the Act passed at the session of 1914, on their tangible assets instead of on their share valuation.

It appoints a Supervisor of Assessments for each county of the State from a list of five residents of each county, nominated by the respective Boards of County Commissioners. The salaries of the supervisors are paid by the County Commissioners and are based upon the value of the assessable property under the jurisdiction of the respective supervisors. It is the function of the supervisors to advise the Commission of assessments as compared with valuations, to report all sales of property and to perform such other duties as may be assigned to them by the Commission.

The following is a list of the supervisors:

In accordance with Chapter 506 of the Acts of 1916, the members of the State Board of Education are appointed by the Governor before the first Monday in May. After 1922 one member shall be appointed annually for a term of seven years from the first Monday in May next succeeding the appointment. Neither the Governor nor the State Superintendent of Schools is a member of this Board, as was the case before 1916.

The State Board of Education selects a State Superintendent of Schools, and through him and his assistants, has general control of the Public School System of the State. The Board is a legislative body, and, as such, enacts by-laws and prescribes rules and regulations for carrying into effect the provisions of the school laws. These by-laws and rules include regulations for the construction of school buildings, for grading and standardizing all public schools, for the certification of public school teachers, for taking the bi-ennial school census, and for a uniform series of forms and blanks for the use of county superintendents, school officials and teachers.

The State Superintendent of Schools is the executive officer of the Board. The members of the State Board of Education and the State Superintendent of Schools are ex-officio trustees of the State Normal Schools.

State Superintendent of Schools.

The present position was created by the General Assembly of 1900. The principal of the Maryland State Normal School before that time (1872-1900) being ex-officio State Superintendent. The State Superintendent of Schools is appointed by the State Board of Education for a term of four years and is ex-officio secretary and treasurer of the Board.

He is the executive officer of the State Board of Education, which, in addition to having general control of the State School System, is charged with the duties of interpreting school laws and acting without expense to the parties concerned in all controversies and disputes involving the proper administration of the public school system. He carries out the educational policies of the State Board of Education. He conducts conferences of school officials and teachers, issues teachers' certificates, passes upon proposals for the sale of school sites and buildings, and the plans for the construction of new buildings. He directs the taking of the bi-ennial school census, prepares courses of study and an annual report. He also issues bulletins from time to time on the conditions and needs of the schools.

Either in person, or through his assistants, he has general supervision over the education affairs of the counties, co-operates with county school officials in welding together school interests in a State system. He certifies to the Comptroller each year a list of schools entitled to receive State aid, and the amount due each county in part payment by the State of the salaries of superintendents, supervisors and attendance officers. He audits the accounts of the county boards of education and sees that their expenditures conform to the law.

The appointment of the county superintendents and supervisors and attendance officers is made by the county boards of education subject to the approval of the State Superintendent.

All communications pertaining to the supervision and administration of the State School System (Baltimore City not included) should be sent to him either as State Superintendent of Schools, or as secretary to the State Board of Education.

Work of the State Department of Education.

The twenty-three counties of the State in 1920-1921 enrolled in school 149,000 children in nearly 2,300 schools in charge of over 4,300 teachers. Over 11,000 of these pupils were in the 121 high schools distributed over the State. In the same year, the counties expended on schools approximately $6,000,000 for current expense and capital outlay, of which amount over $1,500,000 was received from the State of Maryland. Baltimore City received approximately $1,000,000 from the State School Fund.

Through the action of the Legislature of 1922, the budget for the State Department of Education for 1922-1923 was increased to $3,476,500, an increase of $717,270, or 26 per cent. over the previous year. Almost all of this increase will be used in the counties to carry out the changes in the school law resulting from the enactments of 1922, which are summarized below:

1. The establishment of an "Equalization Fund" to help fifteen of the counties which cannot carry the State school program on a 67 cent county tax rate.

2. An increase of 50 per cent. in the State aid to high schools.

3. The establishment of the position of helping teacher. Provision for the employment of a superintendent, a supervising teacher, or a helping teacher for every forty white elementary teachers, the State paying two-thirds of the salary expense in accordance with a minimum salary schedule set up.

4. The payment by the State of the entire salary of the attendance officer.

5. An increase in the minimum number of days required for colored schools from 140 to 160 days.

6. Salary increases for the trained teaching and supervisory staff, which should be an added incentive to bring to the normal schools more graduates of the high schools and to hold trained teachers in the service.

The Bureau of Educational Measurements in the State Department of Education, which began work in January, 1921, is aiding the county superintendents and supervisors to use standardized tests in reading, spelling, and arithmetic. The results show how the children in Maryland compare in achievement with averages obtained by children tested in the United States in exactly the same way. Teachers in the counties are then given specific remedial measures which will correct defects revealed by the tests and help in bringing their pupils up to standard. As the supervisors in the counties diagnose the results of the tests and see that proper remedial measures are adopted, definite improvement in instruction in the fundamental subjects will be brought about.

On the administration side, the Bureau is furnishing county superintendents with facts, showing the comparative standing of the counties in an index number of educational efficiency in school attendance and expenditures on schools. For the year 1920-1921, the counties rank as follows:

The work in Medicine Pharmacy, Law and Dentistry is given in schools in Baltimore. The University Hospital is also located in that city.

History.

The history of the present University of Maryland combines the histories of two institutions. It begins with the chartering of the College of Medicine of Maryland in Baltimore in 1807, which gradu ated its first class in 1810. In 1812 the institution was empowered to annex other departments and was by the same act "constituted an University by the name and under the title of the University of Maryland."

The Medical School building in Baltimore, located at Lombard and Greene Strets, erected in 1814-1815, is the oldest structure in America devoted to medical teaching.

For more than a century the University of Maryland stood almost as organized in 1812, until an Act of the Legislature of 1920 merged it with the Maryland State College and changed the name of the Maryland State College to the University of Maryland. All the property formerly held by the old University of Maryland was turned over to the Board of Trustees of the Maryland State College, and made the Board of Trustees the Board of Regents of the new university.

The Maryland State College first was chartered in 1856 under the name of the Maryland Agricultural College, the second agricultural college in the Western Hempisphere. For three years the college was under private management. In 1862 the Congress of the United States, recognizing the practical value and increasing need of such colleges, passed the Land Grant Act. This Act granted each State and Territory that should claim its benefits a proportionate amount of unclaimed Western lands, in place of scrip, the proceeds from the sale

of which should apply under certain conditions to the "endowment, support and maintenance of at least one college of which the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to each such branches of learning as are related to agriculture and the mechanic arts, in such manner as the Legislatures of the State may respectively prescribe, in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life." This grant was accepted by the General Assembly of Maryland. The Maryland Agricultural College was named as the beneficiary of the grant. Thus the College became, at least in part, a State institution. In the fall of 1914 its control was taken over entirely by the State. In 1916 the General Assembly granted a new charter to the College and made it the Maryland State College.

Under the new charter, which made the State College a university, the institution is co-educational. Every power is granted necessary to develop an institution of higher earning and research. This is in full accord with the Morrill Act of the National Congress and the subsequent acts above referred to. The charter provides that it shall receive and administer all grants from the national government.

Extension and Research.

Agriculture and Home Economics.

The agricultural and home economics extension service of the University, in co-operation with the United States Department of Agriculture, carries to the people of the State through practical demonstrations conducted by specialists of the College of Agriculture and county agents, the results of investigations in the fields of Agriculture and Home Economics. The organization consists of the administrative forces, including the director, assistant director, specialists and clerical forces, including county agricultural demonstration agents, and the home demonstration agents in each county and in the chief cities of the State. The county agents and the specialists jointly carry on practical demonstrations under the several projects in the production of crops or in home-making, with the view of putting into practice on the farms of the State improved methods of Agriculture and Home Economics that have stood the test of investigation, experimentation, and experience. Movable schools are held in the several counties. At such schools the specialists discuss phases of Agriculture and Home Economics in which the people of the respective counties are specially interested.

The work of the Boys' Agricultural Clubs is of special importance from an educational point of view. The specialists in charge of these projects, in co-operation with the county agricultural agents and the county school officers and teachers, organize the boys of the several communities of the county into agricultural clubs for the purpose of teaching them by actual practice the principles underlying agriculture.

The Home Economics specialists and agents organize the girls into clubs for the purpose of instructing them in the principles underlying canning, drying, preserving of fruits and vegetables, cooking, dressmaking and other forms of Home Economics work.

Educational value of demonstrations, farmers' meetings, movable schools, clubs, community show is incalculable. They serve to carry the institution to the farmer and to the home-maker.

General Extension.

This phase of the extension service of the University is conducted in co-operation with the United States Bureau of Education and is intended to make the Liberal Arts and branches of the curriculum, other than Agriculture and Home Economics, of greater service to the people of the State.

Agricultural Experiment Station.

Vitally associated with the extension service is the experimental work in agriculture.

In 1847 an act was passed making provision for a State Laboratory, in which the application of chemistry to agriculture was to be undertaken. In 1858 experimentation was undertaken on the College farm. After two or three years this work was interrupted by the general financial distress of the time and by the Civil War. In 1888, under the provisions of the Hatch Act of the preceding year, the Agricultural Experiment Station was established.

This act states the object and purpose of the experiment station as follows:

"That it shall be the object and duty of said Experiment Stations to conduct original researches or verify experiments on the physiology of plants and animals; the diseases to which they are severally subject, with the remedies for the same; the chemical composition of useful plants at their different stages of growth; the comparative advantages of rotative cropping as pursued under a varying series of crops; the capacity of new plants or trees for acclimation; the annalysis of soils and water; the chemical composition of manures, natural or artificial, with experiments designed to test their comparative effects on crops of different kinds; the adaptation and value of grasses and forage plants; the composition and digestibility of the different kinds of food for domestic animals; the scientific and economic questions involved in the production of butter and cheese; and such other researches or experiments bearing directly on the agricultural industry of the United States as may in each case be deemed advisable having due regard to the varying conditions and needs of the respective States or Territories."

The placing of agricultural demonstrations and extension work on a national basis has been the direct outgrowth of the work of the experiment station.

The students of the University, taking courses in the College of Agriculture, are kept in close touch with the investigations in progress.

The Eastern Branch of the University of Maryland is located at Princess Anne, Somerset county. It is maintained for the education of negroes in agriculture and mechanic arts.

The officers of the Department are as follows:

E. N. Cory.....State Entomologist
C. E. Temple.....State Pathologist

The Commissioner exercises, subject to review by the Courts, entire jurisdiction over titling, registration and licensing of all motor vehicles owned or operating continuously within the State. He has jurisdiction and, subject to review by the Courts, sole authority in the examination, qualifications and licensing of all persons operating motor vehicles continuously within the State. Reciprocity with other States gives to owners and drivers of cars coming into Maryland a period of grace before they become subject to car registration, car licensing and driver's permit regulations as provided in the Maryland statutes.

All licensing fees, both for titling and registering cars, and registering drivers, as well as all fines for violations of the traffic regulations and motor vehicle statutes, are collected and accounted for by the Commissioner. The judges of the Baltimore City Traffic Court and the police magistrates in the towns and rural sections make return to the Commissioner on all fines collected. No part of the costs of arrests or prosecutions goes to the State officers operating under authority of the Commissioner, where these officers make the arrests.

The system of licensing all pleasure vehicles on a horsepower basis, commercial vehicles and trucks on a tonnage basis, and public service lines, both freight and passenger, on ton mile or passenger mile basis, which had obtained for years in arriving at licensing charges, was changed by the Legislature in 1922. Substituted therefore, except in the case of public lines, the gasoline tax becomes operative in Maryland on January 1st, 1924. This tax is fixed at 2 cents per gallon. In advance of its becoming operative and superceding the horsepower and tonnage system, during such period from June 1st, 1922, until a deficit in the State highway maintenance fund has been made up, a supplemental tax of one cent a gallon in addition to the old charges is being collected in Maryland. Administration of the detail of collecting the gasoline tax is vested in the State Comptroller, the Motor Vehicle commissioner retaining, however, his former duties in the issuance, at a nominal cost, covering cost of tags and clerical work, of the licensing and registration of cars. The gasoline tax is imposed as an additional charge upon public service vehicles. Their ton-mile and passenger-mile ratings and charges will continue to be computed and enforced by the Commissioner.

All fine and fee income collected by the Commissioner, above the costs of administration of his office and field forces, goes into the State Highway Maintenance fund of the State, thus putting back into the highways built by other means by the State what the motorist is assumed to have taken out in depreciation of surface and base. The last fiscal year's figures available show the cost of maintenance of the Commissioner's department to be but 6 5-10 per cent. of the total revenue collected.

In addition to the headquarters supervision of titling all motor vehicles purchased new or changing ownership in the State, and registering and licensing the automobiles, and registering and licensing all drivers of motor vehicles, there operates under the Commissioner's appointment and jurisdiction a corps of motor vehicle enforcement

officers. This force of approximately 35 uniformed motorcycle-mounted officers operates largely over the rural highways and in the smaller towns, but has full jurisdiction within Baltimore City. Created originally as an exclusively motor vehicle regulator force, the State officers are now, through arrangements whereby the County Sheriffs vest them with authority as deputies, given jurisdiction under the State Criminal Code. They thereby have the power of arrest in all criminal cases. The Commissioner's field force includes, too, a plain-clothes investigation department, operating in the case of accidents, thefts and similar violations. He also has the appointment of civilian deputies.

While trials, with either dismissals or convictions, carrying fines or jail sentences before magistrates furnish a part of the machinery of the enforcement of the motor vehicle statutes, control of all drivers' permits to operate cars or motorcycles is vested solely in the Commissioner. He not only controls issuance of licenses and can refuse to permit an unfit applicant to operate a car in the State, but in addition he holds the power of suspension for a stated period or the absolute revocation of a driver's permit. This without regard to the action of the Courts in cases tried before them.

POLICE DEPARTMENT OF BALTIMORE CITY.

Headquarters, Court House.

Police Commissioner:

Charles D. Gaither ..... Baltimore

(Term Expires 1926.)

Secretary Josiah Kinsey ..... Baltimore

The Police Department of Baltimore City is under direction of a single Commissioner who makes all appointments to and promotions in the department and has entire control of its affairs. The present incumbent was appointed June 1st, 1920, for a term of six years, succeeding a Board of Police Commissioners of three members, with minority representation whose term of office was two years each. From 1867 to 1900 the Board was elected by the Legislature. From 1900 to 1920 its members were appointed by the Governor by and with the consent of the Senate, an in 1920 the law was change to provide for the appointment of a Commissioner by the Governor.

The executive officer of the force is the Chief Inspector, as provided for in the reorganization of the force under Chapter 507 of the Acts of 1922. Prior to June 1, 1922 the officer occupying this position was called the "Marshal," who was assisted in his duties by a "Deputy Marshal." Provision in the said Act is made for three Inspectors, in addition to the Chief, and into the hands of these three Inspectors are confided the supervision of the several police districts, the Traffic Division, the Harbor Patrol Service and certain technical branches presided over by Captains. Under the reorganization Act above mentioned the appointment of 14 Captains is authorized, who may be assigned by the Commissioner to such duties as he may determine upon. The old law required the appointment of a Captain for each police district and four additional Captains to cover the Detective Department and the technical divisions.

Another feature of the reorganization law is the abolishment of the grade of Round Sergeant, those in the said grade being automatically made eligible to occupy the rank of Lieutenant.

LIQUOR LICENSE COMMISSIONERS.

(Term Expires 1924.)

Joseph Y. Brattan, Chairman.....Baltimore
John M. Kerr.....Baltimore

The Commission under the State law consists of three members. On the adoption of the Prohibition amendment to the Federal Constitution two of the former commissioners resigned. Joseph Y. Brattan continued in office without pay until the decision of the Court of Appeals was rendered declaring that despite the Constitutional amendment all persons or concerns dealing in liquors in this State under the Volstead law were still required to obtain Maryland licenses. In the interest of economy at the request of the Board of Estimates of Baltimore Governor Ritchie decided to reappoint Mr. Brattan as chairman of the board, and further named Mr. Kerr to membership with the understanding that he was to attend to the clerical duties of the board, leaving vacant the position of third member of the board and obviating the necessity of employing clerical help.

* Hired for season only.

The Conservation Commission has charge of all the natural resources of the State, namely, oysters, fish, crabs, clams, terrapin, wild fowl, birds, game and fur-bearing animals.

The staff officers and State Game Warden, clerical force, Deputy Commanders of State Fishery Force and Inspectors are appointed by the Commission. Deputy Game Wardens are recommended by the State Game Warden and appointments are confirmed by the Commission.

The Commission, realizing that the natural resources have been rapidly dwindling, started the work of rehabilitation. Good results have been attained. A great many of Maryland's natural oyster bars have become depleted, and the Commission, therefore, planted 100,000 bushels of oyster shells in three sections of the Bay last year. Catches on two of these areas have been most gratifying. The Commission will continue the work by planting 200,000 bushels during the present year. Although the catch of oysters during the season just closed has fallen short of the 1920-21 season, the total amount of the shortage is only 477,627 bushels, the actual output or production being 4,618,467 bushels for the season, which far exceeds the output of 1916-17, 1917-18 and 1918-19.

The shortage of crabs during the present season can only be accounted for by the winter dredging in Hampton Roads, Virginia. The Commission has had numerous conferences with the Virginia authorities and Secretary of Commerce Hoover, and, although Virginia promised to enact laws to protect the crab, her Legislature adjourned without the passage of such laws.

The absolute necessity for having a State-wide fish law becomes more evident each year. The control of setting of nets is one of the biggest problems the Commission has to deal with. The heads of Maryland's rivers are the natural spawning ground for fish and the nets are so numerous and set so close together it is almost impossible for the fish to reach the spawning grounds. The Commission is seeking co-operation on the part of Virginia to help in this matter, but it will probably be necessary to secure Federal legislation.

The fish department propagated and planted 400,000,000 fish fry of the salt water varieties, such as white and yellow perch, shad, rock and pike, during the spring of 1921. The fresh water hatchery propagated and planted 998,350 brook and rainbow trout, large mouth bass, catfish, sunfish and crappie.

At the 1922 Legislature session the Commission had passed a bill increasing the tax from 1 cent to 2 cents per bushel on oysters caught within Maryland and from 1-3 cent to 2-3 cent on outstate oysters. This will increase revenue $45,000 a year and will nearly make the Commissoin self-supporting. Several other bills were passed by the Legislature, principal among which was one giving authority to the Commission to reserve up to 1,000 acres of depleted oyster bottom in any part of the State, for the purpose of protecting the young growth to insure proper development.

The Game Warden's department liberated during the past year about 10,000 Mexican quail (partridges) into the covers of the State, as well as 2,900 pheasants, and distributed 8,954 pheasants' eggs to persons in the State who agreed to hatch the eggs and liberate the young birds. The game laws are being strictly enforced by a competent corps of Deputy Game Wardens, and game is becoming more plentiful in the State.

STATE INDUSTRIAL ACCIDENT COMMISSION,

Equitable Building, Baltimore.

Name..	Term Expires.	Postoffice.
Commission:		
Robert E. Lee, Chairman	1924	Baltimore
George Louis Eppler	1926	Cumberland
Joseph B. Harrington	1928	Easton
Secretary, W. W. Brown		Baltimore

Governor appoints three, not more than two of whom shall be of the same political faith, one for 6 years, one for 4 years, and one for 2 years, and as these terms expire the successor is appointed for 6 years. The Governor designates the chairman. (Ch. 800, 1914.)

The State Industrial Accident Commission is charged with the duty of administering the Workmen's Compensation Law. The law provides, first, for the payment of compensation to employees injured in certain extra-hazardous employments, and to their dependents in case of death; second, for all employers in such occupations shall secure the payment of such compensation by insuring their liability in a stock company, or the State Accident Fund, or by proving to the satisfaction of the Commission their financial ability to pay the compensation direct.

The business of the Commission is to administer to the Workmen's Compensation Act and involves determining what occupations are in-

cluded, receiving reports of accidents, receiving, investigating and adjudicating claims arising under the Act. Hearings are held in contested cases. In addition to these duties, the Commission administers to the State Accident Fund, which is operated by the Act, as one of the methods by which employers must insure.

During the year ending October 31, 1921, there was a total of 37,012 industrial accidents reported to the Commission. This was a decrease of 16,666 over the number of accidents reported in the preceding year. Out of this number there were 9,016 claims filed for compensation, 116 of which were claims in fatal cases, as against 6,674 claims filed during the year ending October 31, 1920, 153 of which were claims in fatal cases. As a result of last year's work there was paid out to injured employees and their dependents the sum of $1.426,088.16, which included the payment of compensation, funeral and medical expenses, etc.

The Insurance Commissioner is appointed by the Governor for a term of four years from his qualification. The Commissioner appoints all officers in his department. (Ch. 700, 1900.)

The duties placed upon the Commissioner in the enforcement of the insurance laws are very numerous and important, comprising the collection of large sums of money, principally from taxes on premiums and license fees, examination of the financial affairs of all companies organized under the laws of this State, as well as all other companies doing business in the State that the Commissioner thinks proper to examine, and supervision of the entire business of insurance within statutory limitations. The Commissioner is appointed by the Board of Public Works for a term of two years from date of his commission. (Ch. 219, 1910.)

The Bank Commissioner under the law has general supervision over all banking institutions in the State (other than National Banks). He

is required to visit and examine, either in person or by deputy, each institution at least twice a year, and at such other times as he may deem expedient; and at any time upon the request of the directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by the law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated.

In case of the failure of such an institution the Bank Commissoiner acts as receiver, and liquidates its assets and winds up its affairs under the jurisdiction of the Court.

Every bank and trust company is required to submit to the Bank Commissioner, under oath at least five reports in each calendar year; such reports to exhibit in detail the resources and liabilities of the institution, and show its true condition. These reports are to be published in the local newspapers. All mutual savings institutions are required to report their condition to the Bank Commissioner on June 30th and December 31st of each year..

It is the duty of the Bank Commissioner to examine and audit each report received from the institutions under his supervision, and when necessary, to verify them, at the same time to correct any irregularities that may be disclosed or make any recommendations that may seem advisable.

It is part of the duty of the Bank Commissioner to supervise the formation of new banking institutions; to see that all requirements of the law have been complied with, and to issue his certificate authorizing them to commence business.

It is the further duty of the Bank Commissioner to pass upon all amendments to charters, and all consolidations and voluntary liquidations. On the tenth of February in each year the Bank Commissioner is required to make a report to the Governor, covering the operations of his office.

The 1918 session of the General Assembly passed what is known as the Uuniform Small Loan Law. This provides that all persons, co-partnerships or corporations engaged in the business of making loans in the amount of $300 or less and who charge a greater rate of interest than six per cent., shall obtain a license from the Bank Commissioner. This act further provides for the regulation and supervision of such concerns by the Bank Commissioner.

During the fiscal year ending February 1st, 1922, the Bank Commissioner made 367 examinations of the State banks, trust companies and savings institutions, in addition to the inspection of the small loan brokers.

During the same period the Bank Commissioner, acting under proper authority, closed two banks.

RE-ORGANIZATION OF THE NATIONAL GUARD.

Brief Review of Principal Activities.

In October, 1919, the War Department furnished the initial allocation of troops to be organized as the Maryland National Guard as required by the National Defense Act. Preliminary steps were then taken to obtain the requisite officer personnel to the organized units required under the allocation. This required several months when, in March, 1920(an intensive program was inaugurated and vigorously pursued with the result that at the end of the calendar year of 1920 one regiment of infantry was completely organized and the remaining organizations had gotten well under way for complete organization.

In 1921 every recognized means of creating, stimulating and maintaining active and co-operated interest of our citizens in their National Guard were used with gratifying response. The organization of additional units for organizations requiring completion continued as rapidly as existing civic conditions warranted. Camps for officers, non-commissioned officers and selected privates; camp of rifle instruction, and camps of field instruction were held. A team from the Maryland National Guard participated in the national matches held in 1920 and 1921 at Camp Perry, Ohio, competing with teams from the National Guard of the several States, and from all branches of the military service of the United States. Athletic activities in all organizations have been inaugurated and encouraged by this department. Every armory in the State is being made as attractive as possible for the enlisted men so that, in a real measure, they can feel and enjoy the armory as a place of social activities and recreation as well as a center of military training.

During the present year (1922) considerable progress has been made in the National Guard. Many of the initial features necessary for completely organizing, equipment, etc., of the organizations, their armories and the many necessary matters incidental to their proper functioning have been and are being constantly improved thereby insuring greater proficiency and higher efficiency.

The present allocation of troops to compose the Maryland National Guard, under the provisions of the National Defense Act, is as follows: State Staff Corps and Departments:

Adjutant General's Department.
Inspector General's Department.
Judge Advocate General's Department.
Quartermaster Corps.
Ordnance Department.
Medical Department.

Division Troops:

1 Infantry Brigade, to consist of Brigade Headquarters; two regiments, infantry.
1 Field Artillery Battalion (75-mm).
1 Divisional Air Service.
1 Headquarters, Medical Regiment.
1 Hospital Battalion Headquarters.
1 Sanitary Company.
1 Ambulance Company (M. D.).
1 Hospital Company.
1 Veterinary Company.
1 Medical Laboratory Section.
1 Medical Supply Section.

CORPS TROOPS—One Auxiliary Engineer Battalion.

ARMY CORPS—Three Coast Artillery Companies.

This department is co-operating with the War Records Commission in assisting the Commission to make their records complete for publication by the official service records of the men from Maryland in the World War as furnished the War and Navy Departments and the U. S. Marine Corps, and from such other authentic sources that are available to this Department.

Numerous requests are received for the service records of men who served in the Revolutionary War, the War of 1812, the Mexican War, the Civil War, Spanish-American War and the World War. Every request is complied with, without charge, if the record is available in the D partment, and when not available the applicant is advised of the best authentic source to seek the same. Only in respect to the records pertaining to the Revolutionary, War of 1812, and Mexican Wars are our records rather incomplete and the incompleteness is solely due to the methods used in those days of making and preserving records.

MILITIA LAW OF MARYLAND

The National Defense Act required all States to make their military laws conform with the provisions of the Act, in so far as any State law might nave been in conflict or might have been deficient as to certain mandatory features of the Act, to entitle any State to participate in the Federal appropriations for arming, equipping and training the National Guard.

Accordingly, Article 65, P. G. L., Md., was repealed and re-enacted by the Legislature at its January (1922) session in which certain provisions of the National Defense Act have been incorporated as the law of the State, thereby conforming to the Act.

It was also found desirable to provide for the functioning of the ranking line officer of the National Guard on active duty pay status

and to place this officer in control of the military department of the State. This provision in the present Militia Law is in line with the best thought and progressive acts of many of the States. The authority, prerogatives and duties heretofore held and performed by the Adjutant General have, by the present law, been transferred to the ranking line officer who is responsible only to the Governor, acting for and by his direction in all matters pertaining to the Military Department of the State. .

CONTROL OF STATE ARMORIES.

By Act of the General Assembly of 1922 (Art. 65, P. G. L., Md.) the State Armory Commission was abolished and the direct control of all State Armories placed with the Adjutant General of the State, to whom all applications should be made for the use of any armory, provided, however, that when applications are disapproved by the Adjutant General they shall be subject to review and approval of the Board of Public Works, the Adjutant General and the commanding officer of the unit occupying the armory concerned.

Robert D. Case, Secretary.		

The Governor, with the consent of the Senate, appoints three members, one for two years, one for three years, and one for four years, and as these terms expire a successor is appointed for a full term of six years. The Governor designates a Chairman of the Board.

The Board was created for the purpose of executing the affairs of the penal institutions of the State and the Act creating it abolishes the Boards of Managers of the Maryland Penitentiary and the Maryland House of Correction. (Ch. 556, 1916.)

During the six years of its existence this Board has made a study of prison conditions in Maryland and other States. Its recommendations were embodied in a special report to the Governor under date of June 27, 1921. Its recommendations for the establishment of a shoe shop to make shoes for inmates of State Institutions, a printing plant to do printing for the State Departments, and an automobile tag plant to make tags for Maryland and other States were adopted by the Governor and by the General Assembly of 1922, and appropriations for these purposes placed in the bond issues. Appropriations amounting to $120,000.00 will become available on August 15, 1922, and $20,000.00 additional will become available on February 15, 1923. The shoe shop has already been established and now makes shoes for the inmates of all Maryland institutions. Plans for the printing plant are rapidly being completed, and it is expected to be installed and running in the Penitentiary during the current year. The automobile tag plant should be ready to make 1924 tags.

The Governor, without Senate confirmation, appoints one State Employment Commissioner for a term of six years from October 1, 1920. (Ch. 41, 1920.)

The State Employment Commissioner is charged with putting into effect and administering the Merit System Law of the State. The law gives the Commissioner general control of employment and personnel matters so far as the classified service is concerned. On September 30, 1921, the end of the first fiscal year of the Commission, of a total number of 2,892 employees in the State service, 1,536 were included in the classified service.

The Merit System Law provides that the Commissioner shall classify positions in the classified service, pass upon the qualifications of applicants, and certify eligibles when vacancies are to be filled, recommend minimum and maximum salary ranges with intermediate salary rates for each class of position, pass upon transfers, promotions, reinstatements, leaves of absence, and other actions affecting the status of classified employees, provide for the removal of employees and hold hearings when charges are filed by an appointing authority or a citizen, prescribe the standards of performance and the form and scope of the personnel records that appointing authorities keep, and investigate the efficiency of employees in the classified service, and make recommendations for increased efficiency and economy. The Commissioner is also required to check payrolls in advance of the payment of salaries to employees in the classified service, and certify to the legality of the employment of such employees.

The classification of positions and the rules made by the Commissioner, and approved by the Governor, to carry out the provision of the law, become effective February 1, 1921, and subsequently, appointments, removals, promotions, lay offs, reinstatements, suspensions, leaves of absence, or change in class can be legally made only as provided in the Law and the Rules.

During the first year the Commission conducted 90 different examinations covering 61 different classes of positions. Eligible lists were established resulting from these examinations, from which appointments were made to vacancies in the various departments. A total number of 1,776 persons participated in the examinations. Two hundred and thirty-seven appointments were made from eligible lists resulting from examinations, and 135 temporary appointments to classes for which eligible lists did not exist were authorized by the Commissioner.

In order to make the examination facilities accessible to all citizens of the State, and to reduce the expense and loss of time to competitors to a minimum, all examinations have been scheduled to be held at Annapolis, Baltimore, Cumberland, Frederick, and Salisbury.

Three promotional examinations were held during the year, with twelve appointments made from the employment lists resulting therefrom.

Twenty-four cases came before the Commission for a hearing in the matter of suspension from the State service or removal of names improperly included on the employment lists. The charges in each case were sustained. Fourteen requests to reconsider resignations were received during the year by the Commission, of which twelve were allowed and two refused.

State Forester:

F. W. Besley.....Baltimore

The Board consists of the Governor, Comptroller, President of Johns Hopkins University, President of University of Maryland; State Geologist, and two members appointed by the Governor for a term of two years. One of those appointed by the Governor shall be a practical lumberman and one known to be interested in the advancement of forestry. (Ch. 294, 1906.)

The State Board of Forestry was created and organized to protect and develop the valuable timber and tree products of the State, and to carry on a campaign of education and to instruct counties, towns,

corporations and individuals as to the advantages and necessity of protecting from fire and other enemies the timber lands of the State. While the power of the Forest Department rests with the Board, the detail work is in the hands and under the management of the State Forester, who is secretary of the Board, and all correspondence and inquiries should be addressed to him at the Calvert Building, Baltimore. The State Forester has studied the timber interests of each of the twenty-three counties in detail and the statistics and information collected are published for free distribution, accompanied by a valuable timber map to all who may apply. He will co-operate with counties, towns, corporations and individuals, in preparing plans for the protection, management and replacement of trees, woodlots and timber tracts under an agreement that the party obtaining such assistance pay at least the field expenses of the men employed. A great work of the Forester is to use means to prevent and to extinguish forest fires which are liable to destroy annually thousands of dollars' worth of young timber. For this purpose there is a well established system of lookout stations, and of patrol in conjunction with the U. S. Government. About 120 men are distributed throughout the State, who are constantly upon the watch to discover and extinguish fires; giving particular attention during the danger seasons in spring and fall. The laws against setting out fires are very strict. The State and the county divide the expense of extinguishing fires.

By a recent law the Board of Forestry is directed to care for "roadside trees" or those growing within the right-of-way of any public highway in the State, and no tree can be cut or trimmed by a corporation or individual without a permit from a Forest Warden, after application to the State Forester. The same Act makes it illegal to post commercial advertising signs on trees, or along highways, and citizens are empowered and Forest Wardens directed to remove them.

Chapter 406, Acts of 1916, created a Commission known as the State Board of Labor and Statistics. The Board consists of three Commissioners appointed by the Governor for a term of two years. The Governor designates one of the Commissioners as Chairman, the other two Commissioners to be known as Advisory Members.

The Board is authorized and empowered to appoint and employ such deputies, inspectors, assistants and employees as may be necessary for the performances of the duties imposed upon it, provided such appointments and employments and compensation to be allowed shall be subject to the approval of the Governor.

It shall be the duty of said Board (Ist) to collect statistics concerning and examine into the condition of labor in the State, with especial reference to wages, and the causes of strikes and disagreements between employess and employers.

(2) To collect information in regard to the agricultural conditions and products of the State, the acreage under cultivation and planted in the various crops, the character and price of land, the live stock, etc., and all other matters pertaining to agricultural pursuits, which may be of general interest and calculated to attract immigration to the State.

(3) To collect information in regard to the mineral products of the State, the output of mines, quarries and so forth, and the manufacturing industries.

(4) To collect information in regard to railroads and other transportation companies, shipping and commerce.

(5) To keep a bureau of general information and to this end all offices and institutions of the State, including offices of the General Assembly, are directed to transmit to the State Board of Labor and Statistics, all reports as soon as possible.

(6) To classify and arrange the information and data so obtained, and as soon as practicable after entering upon the duties of its office, publish the same in substantial book form and annually thereafter revise and republish same.

It shall be the duty of the Board to organize, establish and conduct free employment agencies in such parts of the State as the said Board may deem advisable for the free use of citizens of the State for the purpose of securing employment for the unemployed and for the purpose of securing help or labor for persons applying for such.

To arbitrate all disputes between employer and employee. To enforce the hours of labor for females; to enforce the Factory Inspection and Child Labor Laws; the Steam Boiler Inspection and the State Mine Inspection Laws.

The Child Labor Law applies to all children between the ages of fourteen and sixteen years, who must pass an educational test and also a physical examination made by the physicians connected with the Bureau, before receiving employment certificates.

Under the Child Labor Law, Acts 1912, Chapter 731, the total number of applications made at the Baltimore office for all classes of permits was 10,210 in 1921, compared with 17,894 in 1920. The number of inspections made under this act in 1921 was 330, compared with 599 in 1920, and the number found employed was 3,082 in 1921, compared with 3,621 in 1920. This decrease in number of inspections and number found employed was due to the fact that an inspection under the Act is only recorded when a child under 16 years is found, and as it was easy to secure the employment of children over 16 years last year they were substituted for those under 16, who come under the Child Labor Inspection and are restricted to an eight-hour day. The average wage which children between 14 and 16 years received in 1921 was $7.20, compared with $8.63 in 1920.

Under the Hours of Employment for Females, Acts 1916, Chap. 147, the number of establishments inspected in the City of Baltimore in 1921 was 2,374, compared with 1,938 in 1920, and the number found employed in 1921 was 39,615, compared with 41,834 in 1920. Thus it will be seen that while there were 436 more inspections made in 1921 than in 1920, there were 2,219 less women found employed.

Under the Factory Inspection Law or "Workshops and Factories," Code 1904, Acts 27, Sec. 243, the number of inspections made in the City of Baltimore in 1921 was 1,666, compared with 1,426 in 1920; 24,923 persons were found employed in 1921, compared with 27,002 in 1920.

Under the Boiler Inspection Law, Article IV, Public Laws of Maryland, "Baltimore City Code," pages 196 to 203, which applies only to Baltimore City, there were 92 inspections made of boilers for the fiscal year ending September 30, 1921, that do not carry insurance. Under the Board of Boiler Rules, Chap. No. 676, 1920 Session of the General Assembly, there were 166 inspections made during the same period, 74 of which were in Baltimore City and 92 were in the counties. The total receipts from inspections under both laws was $1,617.00, compared with $276.00 in 1920, and the total amount received from insurance companies under the Boiler Inspection Law was $1,303.00 in 1921, compared with $1,417.00 in 1920.

Under the Mining Inspection Law 1902, Chap. 124, the total tonnage of coal and clay mined in the State for fiscal year ending May 1st, 1921, was 3,479,153, compared with 3,016,027 in 1920.

There were 7 fatal and 280 non-fatal accidents in the mines during 1921, compared with 6 fatal and 207 non-fatal in 1920.

The number of strikes during the calendar year 1921 was 11, compared with 21 in 1920; 22 in 1919 and 37 in 1918.

MARYLAND STATE BOARD OF MOTION PICTURE CENSORS.

211 North Calvert Street, Baltimore.

Name.	Postoffice.	Term Expires.
Chairman:		
George Heller, M. D.	Baltimore	1923
Vice-Chairman:		
Charles F. Macklin	Ilchester	1924
Secretary:		
Marie W. Presstman	Baltimore	1925

The Board consists of a Chairman, Vice-Chairman and Secretary, appointed by the Governor, with the consent of the Senate, for a term of three years. The first appointments are made for terms of one, two and three years, and as these terms expire a successor is appointed for a full term of three years. (Ch. 390, 1922.)

The duties of the Board are to examine all films, reels or views to be exhibited or used in the State of Maryland; to approve such as are moral and proper, and to condemn or eliminate those which, in the judgment of the Board, tend to debase or corrupt morals, or incite to crime.

The Board receives in advance a fee of $2.00 per reel, for each reel of 1,000 feet or less, submitted for examination, and $1.00 per reel for each duplicate if submitted at the same time. Upon completion of the examination the Board issues a certificate stating the result of the examination and furnishes an official approval seal, record of which is kept by the Board. The Board examined a total of 5,335 films during the past fiscal year. Of this number 4,086 subjects were approved, 57 rejected and 1,192 passed with eliminations.

Persons submitting films to the Board for examination, if dissatisfied with the result of the first examination, may, upon appeal, submit the same film to the Board for re-examination, and finally to the City Court of Baltimore.

Any person failing to display the approval seal of the Board may be fined from $5.00 to $10.00, or in defult of payment shall be sentenced to imprisonment from two to five days.

The law under which the Board was operating was found to be inadequate. A bill, therefore, was introduced and passed by Act of the Legislature of 1922, Chapter 390, which repealed and re-enacted each and every section of the original Acts of 1916, 1918 and 1920, with amendments and changes, conferring additional powers upon the Board and providing increased penalties for violations of the Act.

The provisions of the Act do not apply to any non-commercial exhibition of films by religious, charitable or fraternal organizations, or by any library, school or museum, for purely religious, charitable, fra-

ternal or educational purposes. The Board is authorized to issue permits free of charge to organizations of the above character where exhibitions of films of the above type are to be shown in public places of amusement, such permits to be issued at the discretion of the Board and without examination of film, provided proper affidavits of character of film are made to the Board.

The Maryland Workshop for the Blind, located 601 N. Fulton Ave., Baltimore, was founded by an Act of the Legislature of 1908, Chapter 566.

It is governed by a Board of Directors, three members of which are appointed by the Governor and two by the Board of Directors of the Maryland School for the Blind.

The Board, under the law, is made a body corporate with power to employ a secretary and other necessary employees and fix their compensation.

It has been the custom for the Board to elect a Superintendent and the other employees, including a manager; teachers, janitor, etc., are chosen by the Superintendent, with the approval of the Board of Directors..

Blind men and women are admitted to the workshop for training. It has been customary to pay the men a handicap of $3.00 per week

during the period of training. This amount, after one year, is gradually reduced and the workmen placed on a piece payment basis.

The Workshop is a training school for the adult blind of the State as well as a place of employment for those who have become trained workmen. It is, in no sense a home, as those under training or employment do not live there, but go from their homes or boarding places each day, just as do seeing persons who work in factories, etc.

The building in which the shop operates was purchased by the Maryland School for the Blind at no cost to the State, the funds to pay for it having been raised by public subscription.

Eight of the Board shall be women. (Ch. 303, 1918.)

In December, 1921, the property occupied by the School at Carey and Baker Streets was sold to the City of Baltimore for $100,000. This transaction provided the means and opportunity of moving the institution to its recently acquired property at Montrose, Md., without further delay. This new site consists of 486 8-10 acres of land, more or less, and is ideally located for the changed character of the work which was so much desired. .

The main building, which has been on the property for several years, was converted into an administration building, which allows the executive offices to be taken care of, with the upper stories used for the inmates. The outside work on the grounds, including the water supply, sewage disposal, well for drinking water and the necessary piping to the different buildings was done at a total cost of $11,217. On the property a structure has been erected at a cost of $71,933 which will be used for the various phases of the work.

This Board supersedes the Board of Directors of the Maryland Industrial School for Girls, formerly the Female House of Refuge and is authorized to exercise all the powers and authority conferred upon that Board by Article 27 of the Code of Public General Laws.

This institution is for the care, reformation and instruction of such white girls, under the age of 18 years, as require the care of a public reformatory institution.

The Juvenile Court commits girls under 16 years of age and the Magistrates throughout the State and Baltimore City commits those between the ages of 16 and 18 years..

The General Assembly of 1922 passed an act changing the name of the institution from the Maryland Industrial Training School for Girls to the Montrose School for Girls.

Superintendent, Brother Paul.

The Governor appoints five for two years from first Monday in May. (Ch. 35, 1908).

St. Mary's Industrial School for Boys of the City of Baltimore was in corporated in 1866. It is situated in the western part of the city on Wilkens, Caton and Union avenues.

This school is under the personal management of the Xaverian Brothers, a body of men who devote their lives to the education of boys and young men. Brother Paul is the present Superintendent, and all communications should be addressed to him.

The State of Maryland appropriates $50,000 annually towards the maintenance of the boys sent to the school from the various counties of the State. The wards of the City of Baltimore are paid for by the city at the rate of $12.50 per month.

The time is so divided that study, work and recreation help to develop the whole boy and bring out all that is good in him.. The principal trades taught are printing, tailoring, haking, carpentering, painting, shoemaking, farming, dairying, etc. If a boy does not follow in after-life what he has learned at the school he has at least been taught how to work and that is a great point gained towards future success. Music, both vocal and instrumental, is given an important place in the curriculum. The efficiency the boys attain in this art is evidenced by the renditions of the bands.

The inmates are all colored boys between the ages of ten and twenty-one years. Each boy is required to attend school one-half of each day and be engaged in some industrial work the other half. Various industries are taught, the principal one being farming. The larger boys are carefully trained in practical farming. All the work of the farm of 1,250 acres is done by the boys under a head farmer and an assistant, the other industries in which the boys are trained are tailoring, shoemaking, carpentry, painting, laundring, baking, blacksmithing and broom making others are taught to be waiters. All the clothing and shoes worn by the boys, except military caps, are made by them.

The boys are committed by the courts and magistrates of the State and City of Baltimore. Those coming from Baltimore are committed mostly by the Juvenile Court. All commitments are during minority, but are really indeterminate, as, by a parole system, a boy may earn his parole in two years after he enters the institution.

Reorganization of State Departments.

One of the most important pieces of legislation passed by the General Assembly of 1922 is what is known as the Reorganization Bill. This Act provides for a complete reorganization of the various State departments. It started with a survey made of State departments by a group of experts employed by the Governor. The report made by the experts was submitted to a Commission appointed by the Governor for the purpose of framing a plan of reorganization for submission to the General Assembly. The plan adopted by the Commission was approved in the platform of the Democratic party, and the bill carrying the plan into effect was passed at the Session of 1922.

Another important piece of legislation passed as the result of the work of the Commission is what is known as the Fewer Elections Amendment. This amendment to the Constitution provides for holding all State and County elections once every four years. The amendment will be voted on at the election to be held in November, 1922.

Sketch of Governor

Governor: ALBERT C. RITCHIE (Democrat), Baltimore.

Albert C. Ritchie was born August 29, 1876. His father was Judge Albert Ritchie, who had been a member of the Maryland Constitutional Convention of 1867, City Solicitor of Baltimore, City Counselor of Baltimore, President of the Maryland Historical Society, Professor at the University of Maryland Law School, and Judge of the Supreme Bench of Baltimore City. His mother before her marriage was Miss Elizabeth Caskie Cabell, of Richmond, Virginia.

Mr. Ritchie received his early education in private schools in Baltimore, and graduated from the Johns Hopkins University in 1896 with the degree of A. B., and from the University of Maryland Law School in 1898 with the degree of L.L. B. In 1920 he received the degree of L.L. D. from the University of Maryland and from St. John's College.

Upon his graduation Mr. Ritchie began the practice of law in Baltimore with the firm of Steele, Semmes, Carey and Bond, of which firm he became a member in 1900. In March, 1903, he was appointed Assistant City Solicitor of Baltimore, holding this position until July 1, 1910, when he resigned.

In November, 1903, Mr. Ritchie formed a partnership for the general practice of law with Mr. Stuart S. Janney, under the firm name of Ritchie and Janney, which firm later became Ritchie, Janney & Griswold, and still later Ritchie, Janney & Stuart. Mr. Ritchie was a member of this firm until his election as Governor.

In 1907 he was appointed Professor of Law at the University of Maryland Law School, and served in this capacity until his election as Governor.

On July 1, 1910, Mr. Ritchie became Assistant General Counsel to the Public Service Commission. This is the position popularly known as People's Counsel, and it was in this capacity that Mr. Ritchie represented the people of Baltimore in his noteworthy fight for cheaper gas and electricity, which resulted in reducing the price of gas from 90 to 80 cents per 1000 cubic feet, and the price of electricity from 10 to 8½ cents per K. W. H. On February 16, 1913, Mr. Ritchie resigned this position to devote all of his time to private practice.

In September, 1915, Mr. Ritchie was nominated in the direct primary on the Democratic ticket for Attorney General of Maryland, and in November, 1915, he was elected to that office by a majority of 25,000.

Mr. Ritchie served as Attorney General from December 20, 1915, to December 20, 1919. He organized the first State Law Department of Maryland, which took over the legal work of all of the State Departments except the Public Service Commission, thus doing away with the employment of numerous special counsel and resulting both in economy and increased efficiency to the State.

Mr. Ritchie was one of the delegates at large from Maryland to the Democratic National Convention held in St. Louis in June, 1916, which nominated Woodrow Wilson for his second term, and also delegate at large to the Democratic National Convention held in San Francisco July, 1920.

On June 3, 1918, Mr. Ritchie was appointed General Counsel to the United States War Industries Board, serving in this capacity until December, 1918, when the Board was dissolved. He secured a leave of absence from his duties as Attorney General, and moved to Washington, in order to devote his entire time to war work.

In September, 1919, Mr. Ritchie was nominated without opposition as the Democratic candidate for Governor of Maryland, and on November 4, 1919, he was elected to that office.

Secretary of State: PHILIP B. PERLMAN (Democrat), Baltimore.

Philip B. Perlman was born in Baltimore City on March 5th, 1890. He attended the public schools, and was graduated from the Baltimore City College with the class of 1908. During his senior year he was the college correspondent of the Baltimore American and, after his graduation, he became a regular member of the reportorial staff. He attended special courses at the Johns Hopkins University. In the fall of 1909 he entered the Law School of the University of Maryland, at the same time resigning from the American to become a member of the staff of the Baltimore Star. He passed the Bar examination in 1911 and began the practice of law. He was graduated from the University of Maryland in 1912 with the degree of Bachelor of Laws. In April, 1910, Mr. Perlman left the Star to become a member of the first staff of the Evening Sun. For a time he was court reporter and special writer, and in the latter part of 1913 he was made City Editor of the paper.

In January, 1917, Mr. Perlman resigned the City Editorship of the Evening Sun to accept an appointment from Albert C. Ritchie, the Attorney-General, as an Assistant in

the State Law Department which was then being organized under the provisions of the Acts of 1916. In March, 1918, the State Law Department was enlarged and Mr. Perlman became an Assistant Attorney-General. Previous to this, in June, 1917, he had assisted the Attorney-General in drafting the program of War Legislation adopted at the War Session of the General Assembly. Among the legislation which Mr. Perlman helped to draft was the bill creating the Compulsory Work Bureau, which was later copied in other States throughout the country; the act providing for the voting of absent soldiers and sailors, and the acts providing for postponing legal proceedings and suspending judgments in favor of those absent in the military or naval service. Among the bills which Mr. Perlman helped to draft for the Legislature of 1918 was the one revising the Motor Vehicle Laws and creating the Traffic Court in Baltimore. Mr. Ritchie was elected Governor of Maryland in November, 1919, and Mr. Perlman resigned as Assistant Attorney-General the following month in order to devote himself to the private practice of law. During his services in the Attorney-General's Office, Mr. Perlman appeared in nineteen cases in the Court of Appeals and argued a number of others in the lower Courts throughout the State. After Mr. Ritchie became Counsel to the War Industries Board in Washington, Mr. Perlman was elected by the Faculty of the University of Maryland to succeed him as the Lecturer on elementary law. Mr. Perlman lectured on this subject at the University for two years.

On January 14th, 1920, when Mr. Ritchie was inaugurated Governor, he appointed Mr. Perlman as Secretary of State of Maryland and he assumed the office on the same day. During the 1920 session of the Legislature, the Governor intrusted Mr. Perlman with the drafting of the legislation to redeem the pledges made in the Democratic party platform. Among the bills drafted by Mr. Perlman and which were passed by the General Assembly, were those creating a Merit System applicable to the State offices and employees; creating a Central Purchasing Bureau for all State Departments, and institutions; providing for increases in the pay of school teachers and of the police force of Baltimore City; revising the Workmen's Compensation Laws; and the bill introducing modern plans for drainage.

At the request of the Governor, Mr. Perlman drafted the bill passed at the special session of 1920 providing facilities for the registration and voting of women.

Mr. Perlman is a member of the law firm of Marbury & Perlman.

Attorney-General: ALEXANDER ARMSTRONG (Republican), Hagerstown, Md.

Alexander Armstrong was born in Hagerstown, Maryland, on June 28th, 1877. Mr. Armstrong attended the public schools of Washington County, graduating from its High School in 1895. He then entered Princeton University, receiving there the degree of A. B. in 1899, and the degree of A.M., in 1900, and was later graduated from the University of Pennsylvania Law School in 1903 with a degree of LL.B. Mr. Armstrong was admitted to the Bar of Maryland on January 13, 1904, and immediately commenced the practice of law in Hagerstown. In April, 1904, he was appointed City Attorney for Hagerstown, serving until July, 1906. In the fall of 1907 he was elected State's Attorney for Washington County, serving one term, from January 1st, 1908, to January 1st, 1912. From that date Mr. Armstrong has devoted his entire time to private practice, his work taking him before the Courts and Commissions of Maryland and also before the Federal Court of Baltimore. The law offices in Hagerstown, with which Mr. Armstrong is still connected, are conducted under the name of Armstrong & Scott. In September, 1919, Mr. Armstrong was nominated by the Republican State Convention for Attorney-General of Maryland and was elected to that office on November 4th, 1919. Mr. Armstrong was married to Miss Mary Rebekah Woods, daughter of Dr. and Mrs. Hiram Woods of Baltimore City, on January 25, 1911. They have one son, Alexander Armstrong, Jr.

Colonel George Robertson Dennis was born on a farm named "Essex," in Somerset County, Maryland, March 16th, 1831, he being a direct descendant of John Dennis who sailed from Gravesend, England, July, 1638, at the age of 22 years, in the ship *Merchants Hope*. He settled in Accomac County, Virginia, married and had several children, as appears by his will on record in the Northampton County Court House. His son, Donnock Dennis, was born in 1645, moved to Maryland and settled in Somerset County. Colonel George Robertson Dennis in early life was engaged in farming and in later years was elected President of the Central National Bank of Frederick. Clara White, daughter of Mr. and Mrs. John Henry White of Salisbury, Maryland.

He resigned his railroad position in June, 1897, to accept a position with the Salisbury National Bank, and has filled every position in that institution, having been elected Cashier in 1912, which office he still holds. In 1914 he succeeded his father in an insurance brokerage business, which he is still conducting.

In 1916 Mr. Gordy was elected president of the Associated Banks of Somerset, Worcester and Wicomico Counties, a local Banking Association of the Eastern Shore. When it was formed the Regiment was commanded by Colonel Washington Bowie, Jr., who was the commanding officer of the Fifth Maryland Infantry, and Captain Barnes C. Graham, Adjutant of the Fifth Maryland Infantry, as Adjutant. Of the so-called District of Columbia National Guard, over one-half were actual citizens of Maryland who lived in the vicinity of Washington; hence, the organization was to all intents and purposes a Maryland organization. The personnel was of unusually high type, with the result that this Regiment furnished over one hundred officers, as well as three hundred enlisted men who were specialists of various kinds, all of these being transferred to other organizations and were replaced chiefly by transfers from regular army units.

The Regiment sailed overseas on the 28th of June, 1918. It landed at Liverpool, England, on the 5th of July, 1918, proceeded to Southampton, there crossed the English Channel on the night of July 16th at Cherbourg, France. It proceeded to Poitiers, France, arriving on July 20th, 1918, and remained until August 27th; in the meanwhile having been equipped with French horses, harness and the French 75 MM guns. The unit then proceeded to Camp DeMeucon, where its training in firing the French cannon was completed, and on the 12th of October, 1918, was ordered to the front for the Meuse-Argonne operation.

The Regiment was part of the artillery reserve of the Fifth Corps in the attack of November 1st, 1918, which broke through the German lines and which was the immediate cause of the armistice.

The commanding officer, operations, and intelligence departments of the Regiment were detached on October 28th and assigned for duty with the 7th Field Artillery, which supported the Second Division in the attack of November 1st to 7th.

After the armistice the unit immediately rejoined the 29th Division and returned from France on May 23rd, 1919, and was mustered out of service on June 2nd, 1919. It was one of two units in the entire 29th Division whose commanding officers did not change during the entire war.

In an efficiency test conducted at Camp DeMeucon Battery E, commanded by Captain Gustavus Ober, Jr., was selected to fire the first shot from the 54th Field Artillery Brigade.

*NOTE—A sketch of the 110th Field Artillery was inadvertently omitted from the 1921 Manual when the other World War units were presented and hence is included in this edition.

CHARTER OF MARYLAND

TRANSLATED FROM THE LATIN ORIGINAL

CHARLES,* by the grace of God, of *England, Scotland, France and Ireland,* KING, Defender of the Faith, &c. To ALL to whom these Presents shall come, GREETING.

II. WHEREAS, our well beloved and right trusty Subject, CAECILIUS CALVERT, Baron of BALTIMORE, in our Kingdom of *Ireland,* Son and Heir of GEORGE CALVERT, Knight, late Baron of BALTIMORE in our said Kingdom of *Ireland,* treading in the Steps of his Father, being animated with a laudable and pious Zeal for extending the *Christian Religion,* and also the Territories of our Empire, hath humbly besought leave of US, that he may transport by his own Industry and Expense a numerous Colony of the *English* Nation, to a certain region, herein after described, in a Country hitherto uncultivated, in the parts of *America* and partly occupied by Savages, having no Knowledge of the Divine Being, and that all that Region, with some Privileges, and Jurisdiction, appertaining unto the wholesome Government, and State of his Colony and Region aforesaid may by our Royal Highness be given, granted, and confirmed unto him and his heirs.

III. KNOW YE therefore that WE, encouraging with our Royal Favour, the pious and noble Purpose of the aforesaid Baron of Baltimore, of our special Grace, certain Knowledge, and mere Motion, have GIVEN, GRANTED, and CONFIRMED, and by this our present CHARTER, for US, our Heirs, and Successors, do GIVE, GRANT AND CONFIRM, unto the aforesaid CAECILIUS, now Baron of BALTIMORE, his Heirs and Assigns all that Part of the Peninsula, or *Chersonese* lying in the Parts of *America,* between the Ocean on the East, and the bay of *Chesapeake* on the West, divided from the Residue thereof by a Right Line drawn from the Promontory, or Head Line, called *Watkins' Point,* situate upon the Bay aforesaid, near the river of *Wigheo,* on the West, unto the Main Ocean on the East; and between that Boundary on the South unto that Part of the Bay of *Delaware* on the North, which lieth under the Fortieth Degree of North Latitude from the Aequinoctial, where *New-England*

* Charles the First, of England.

is terminated; And all the Tract of that Land within the Metes underwritten, (*that is to say,*) passing from the said Bay, called *Delaware Bay,* in a right line, by the degree aforesaid, unto the true Meridian of the first Fountain of the River of *Pattowmack,* thence verging toward the South, unto the further Bank of the said River, and following the same on the West and South, unto a certain place called Cinquack, situate near the Mouth of the said River, where it disembogues into the aforesaid Bay of *Chesapeake,* and thence by the shortest line unto the aforesaid Promontory, or Place called *Watkins' Point*; so that the whole Tract of Land, divided by the Line aforesaid, between the Main Ocean and *Watkins' Point,* unto the Promontory called *Cape Charles,* and every the Appendages thereof, may entirely remain excepted for ever to US, our Heirs and Successors.

IV. Also WE DO GRANT, and likewise CONFORM unto the said Baron of BALTIMORE, his Heirs, and Assigns, all Islands and Islets within the Limits aforesaid, all and singular the Islands, and Islets, from the Eastern Shore of the aforesaid Region, toward the East, which have been, or shall be formed in the Sea, situate within ten marine Leagues from the said Shore; with all and singular the Ports, Harbors, Bays, Rivers, and Straits belonging to the Region, or Islands aforesaid, and all the Soil, Plains, Woods, Mountains, Marshes, Lakes, Rivers Bays and Straits, situate, or being within the Metes, Bounds, and Limits aforesaid, with the Fishings of every kind of Fish, as well as of Whales, Sturgeons, and other royal Fish, as of other Fish, in the Sea, Bays, Straits, or Rivers, within the Premises, and the Fish there taken, And moreover all Veins, Mines and Quarries, as well opened as hidden, already found, or that shall be found within the Region, Islands, or Limits aforesaid, of Gold, Silver, Gems, and precious Stones and any other whatsoever, whether they be of Stones or Metals, or of any other Thing, or Matter whatsoever; And furthermore the PATRONAGES and ADVOWSONS of all churches, which, (with the increasing Worship and Religion of CHRIST,) within the said Region, Islands, Islets, and Limits aforesaid, hereafter shall happen to be built; together with License and Faculty of erecting and founding Churches, Chapels and Places of Worship, in convenient and suitable Places, within the Premises and causing the same to be dedicated and consecrated according to the Ecclesiastical Laws of our Kingdom of *England,* with all and singular, such, and as ample Rights, Jurisdictions, Privileges, Prerogatives, Royalties, Liberties, Immunities, and royal Rights and temporal Franchises whatsoever, as well by Sea as by Land, within

the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used and enjoyed, as any Bishop of *Durham,* within the Bishoprick or County Palatine of *Durham, in* our Kingdom of *England,* ever heretofore hath had, held, used, or enjoyed, or of Right, could, or ought to have hold, use or enjoy.

V. And WE do by these Presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs and Successors, to HAVE, HOLD, POSSESS and ENJOY the aforesaid Region, Islands, Islets and other the Premises unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns forever. To HOLD of US our Heirs and Successors, Kings of *England,* as of our Castle of *Windsor,* in our County of *Berks,* in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite,* nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of Windsor, every Year, on Tuesday in Easter-week; and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions, of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our most especial Grace certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plentitude of our royal Power and Prerogative, WE do, for US, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. And forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs, and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full and absolute Power, by the Tenor of

these Presents, to Ordain, Make and Enact LAWS, of what kind soever, according to their sound Discretion, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall- require by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs and duly to execute the same upon all Persons, for the Time being, with the aforesaid PROVINCE and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outwardbound, either to *England* or elsewhere, whether to any other Part or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment, whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE or his Heirs, shall seem most fitting; And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætarian Judicatories, and Tribunals, in all Actions, Suits, Causes and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætarian: Which said Laws, so to be published as above said, WE will, enjoin, charge and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed.

So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be no repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and Rights of this Our Kingdom of *England.*

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen to which it will be necessary to apply a Remedy before the Freeholders of the said PROVINCE, their Delegates or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain and by these Presents, for US, our Heirs and Successors do grant unto the said now Baron of BALTIMORE, and to his Heirs that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesome Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publicly to notify the same to all Persons whom the same in any wise do or may affect. Which Ordinances, WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Right of our Kingdom of *England;* and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life Freehold Goods or Chattels.

IX. FURTHERMORE that the new Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers WE, therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, License and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport themselves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength at the Appointment of the aforesaid, now Baron of BALTIMORE, and his Heirs, for the

Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain and command that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland;* and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England;* also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever within our Kingdom of *England,* and other our Dominions, to inherit or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien, and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England,* freely, quietly and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England,* without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and cheerful Mind, KNOW YE, that WE of our especial Grace, certain Knowledge, and mere Motion, do, by the aforesaid Baron of BALTIMORE and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE without the Impediment or Molestation of US, our Heirs or

Successors, of any officers of US, our Heirs or Successors (Saving unto Us, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes), any Statute, Act, Ordinance or other Thing whatsoever to the contrary notwithstanding.

XII. But Because, that in so remote a Region, placed among so many barbarous Nations, the Incursions, as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, Therefore WE have Given, and for US, our Heirs and Successors, do Give by these Presents, as full and unrestrained Power as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also will, and by this our CHARTER, do Give unto the aforesaid now baron of BALTIMORE, and to his Heirs and Assigns, Power, Liberty and Authority, that, in Case of Rebellion, sudden Tumult or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the Province aforesaid, or upon the High Sea in making a Voyage to the said Province of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of any Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, We, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards, Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into Buroughs, and Buroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant License by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be, Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any of the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again in the same or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power, which shall be in Amity with US, our Heirs or Successors; Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of the Kingdom of *England*, for the Time being shall be bound to pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special

Grace, and of our certain Knowledge, and mere Motion, WE do for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect and constitute, within the PROVINCE of MARYLAND, and the Islands and Islets aforesaid, such, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandize out of Ships, Boats and other Vessels, and of Lading in the same, and in so many, and such places, and with such rights, Jurisdictions, liberties and privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, and Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding, SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Succesors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE, and for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabbins, necessary in this Behalf in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subject of US, our Heirs and Successors shall enjoy without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Residents and Inhabitants of the same PROVINCE in the Ports, Creeks and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain and by these Presents, or US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours and other Creeks and Places

aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to whom WE grant Power and by these Presents, for US, our Heirs and Successors to assess and impose the said Taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace and certain Knowledge, and mere Motion, WE have given, granted and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute License, Power and Authority that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such and proportionate Parts and Parcels of the Premises, to any Person or Persons, willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase the same, and his and their Heirs and Assigns, in Fee-Simple, of Fee-tail, or for Term of Life, Lives or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of BALTIMORE, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs or Successors, do grant to the same Person and Persons, and to each and every of them, License, Authority and Power, that such Person or Persons, may take the premises, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs of the aforesaid Baron of BALTIMORE, his Heirs and Assigns of what Estate of Inheritance soever, in Fee-Simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, the late King of *England*, our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England*, or any other Statute, Act, Ordinance, Usage, Law, or Custom, or any other Things, Cause, or Matter, to the contrary thereof, heretofore had, done, published, ordained or provided to the contrary thereof notwithstanding.

XIX. WE, also, by these Presents, do give and grant License to the same Baron of BALTIMORE, and to his Heirs, to erect any Parcels of Land within the PROVINCE aforesaid, into Manors, and in every of those Manors, to have and to hold a Court-Baron, and all Things which to a Court-Baron do belong: and to have and to keep View of Frank-Pledge, for the Conservation of the Peace and Better Government of those Parts, by themselves and their Stewards, or by the Lords, for the Time being to be deputed, of other of those Manors, when they shall be constituted, and in the same to exercise all Things to the View of Frank-Pledge belonging.

XX. AND FURTHER, WE will, and do, by these Presents, for US, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that We, our Heirs and Successors, at no Time hereafter will impose, or make or cause to be imposed, any Impositions, Customs, or other Taxations, Quotas or Contributions whatsoever, in or upon the Residents or Inhabitants of the PROVINCE aforesaid, for their Goods, Lands, or Tenements within the same PROVINCE, or upon any tenements, lands, goods of chattels within the PROVINCE, aforesaid, or in or upon any Goods or Merchandizes within the PROVINCE aforesaid, or within the Ports or Harbours of the said PROVINCE, to be laden or unladen: And WE Will and do, for US, our Heirs and Successors, enjoin and command that this our Declaration shall from Time to Time, be received and allowed in all our Courts and Prætorian Judicatories, and before all the Judges whatsoever of US, our Heirs and Successors, for a sufficient and lawful Discharge, Payment and Acquittance thereof, charging all and singular the Officers and Ministers of US, our Heirs and Successors, and enjoining them, under our heavy Displeasure, that they do not at any Time presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same, but that they, at all Times as is fitting, do aid and assist the aforesaid now Baron of BALTIMORE, and his Hears, and the aforesaid Inhabitants and Merchants of the PROVINCE of MARYLAND aforesaid, and their Servants and Ministers, Factors and Assigns, in the fullest Use and Enjoyment of this our CHARTER.

that the said PROVINCE and the Freeholders or Inhabitants of the said Colony or Country, shall not henceforth be held or reputed a member or Part of the Land of *Virginia* or of any other Colony already transported, or heerafter to be transported, or to be dependent on the same, or subordinate in any kind of Government, from which WE do separate both the said PROVINCE, and Inhabitants thereof, and by these presents do WILL to be distinct, and that they may be immediately subject to our Crown of *England,* and dependent on the same for ever.

XXII. AND if, peradventure, hereafter it may happen that any Doubts or Questions should arise concerning the true Sense and Meaning of any Word, Clause or Sentence, contained in this our present CHARTER, WE will, charge and command, THAT Interpretation to be applied, always, and in all Things, and in all our Courts and Judicatories whatsoever, to obtain which shall be judged to be the more beneficial, profitable, and favourable to the aforesaid now Baron of BALTIMORE, his Heirs and Assigns: PROVIDED always that no Interpretation thereof be made, whereby GOD'S holy and true Christian Religion, or the Allegiance due to US, our Heirs and Successors, may in any wise suffer by Change, Prejudice, or Diminution; although express Mention be not made in these Presents of the true yearly Value or Certainty of the Premises, or any Part thereof, or of other Gifts and Grants made by US, our Heirs and Predecessors, unto the said now Lord BALTIMORE, or any Statute, Act, Ordinance, Provision, Proclamation or Restraint heretofore had, made, published, ordained or provided, or any other Thing, Cause or Matter Whatsoever, to the contrary thereof in any wise notwithstanding.

XXIII. IN WITNESS whereof We have caused these our Letters to be made Patent. WITNESS OURSELVES at *Westminster,* the Twentieth Day of *June,* in the Eighth Year of our Reign. (June 20, 1632.)

CONSTITUTION OF MARYLAND

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND TWENTY.

DECLARATION OF RIGHTS

We, the people of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is found in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made or which shall be made in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby, anything in the Constitution or Law of this State to the contrary notwihsanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the People thereof.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof as a free, sovereign and independent State.

Art. 5. That the inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that law, and to the benefit of such of the English statutes as existed on the Fourth day

of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circumstances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this States. And the Inhabitants of Maryland are also entitled to all property derived to them from or under the Charter granted by His Majesty, Charles the First, to Cæcilius Calvert, Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are Trustees of the Public, and as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought to reform the old, or establish a new Government, the doctrine of nonresistance against arbitrary power and oppression is absurb, slavish and destructive of the good and happiness of mankind.

Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent, and every white* male** citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

---

* The word "white" omitted under the 15th Amendment to the Constitution of the United States.

** The word "male" became inoperative under the 19th Amendment to the Constitution of the United States.

Art. 12. That for redress of grievances, and for amending, strengthening, and for preserving the laws, the Legislature ought to be frequently convened.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceful and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated, or levied, under any pretense, without the consent of the Legislature.

*Art. 15. That the levying of taxes by the poll is grievous and oppressive and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for separate assessment of land and classification and subclassifications of improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the counties and by the City of Baltimore for their respective purposes, shall be uniform as to land within the taxing district, and uniform within the class or sub-class of improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet finest duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declard criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed or required.

Art. 18. That no Law to attaint particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to Law of the Land.

---

* Thus amended by Chapter 390, 1914. Ratified November 2, 1915.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or Charge in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties or privileges, or outlawed, or exiled, or in any manner destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That slavery shall not be re-established in this State; but, having been abolished, under the policy and authority of the United States compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administratiou of Justice, and a great security to the rights and liberties of the People; wherefore, the Judges shall not be removed, except in the manner, and for the causes, provided in this Constitution. No Judge shall hold any other office, civil military or political trust, or employment of any kind whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them: or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation, therefore, in those Departmeuts is one of the best securities of permanent freedom.

Art. 35. That no person shall hold, at the same time more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or States, or from the United States, or any of them, without the approbation of this State.

Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their religious liberty; wherefore, no person ought, by any law to be molested in his person or estate, on account of his religious persuasion or profession, or for his religious practice, unless, under the color of religion, he shall disturb the good order, peace or safety of the State, or shall infringe the laws of morality, or injure others in their natural, civil or religious rights; nor ought any person to be compelled to frequent, or maintain, or contribute, unless on contact, to maintain any place of worship or any ministry; nor shall any person, otherwise competent, be deemed incompetent as a witness, or juror, on account of his religious belief; provided, he believes in the existence of God, and that under His dispensation such person will be held morally accountable for his acts, and be rewarded or punished therefor in this world or the world to come.

Art. 37. That no religious test ought ever to be required as a qualification for any office of profit or trust in this State, other than a declaration of belief in the existence of God; nor shall the legislature prescribe any other oath of office than the oath prescribed by this Constitution.

Art. 38. Sub-Section A: Every appropriation bill shall be either a Budget Bill, or a Supplementary Appropriation Bill, as hereinafter mentioned.

Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years

* Thus amended by Chapter 426, Acts of 1890, ratified by the people November 3, 1891.

next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Governor may desire to make as to the important features of any budget and any suggestion as to methods for reduction or increase of the State's revenue.

Second. Each budget shall be divided into two parts, and the first part shall be designated "Governmental Appropriations" and shall embrace an itemized estimate of the appropriations: (1) for the General Assembly as certified to the Governor in the manner hereinafter provided; (2) for the Executive Department; (3) for the Judiciary Department, as provided by law, certified to the Governor by the Comptroller; (4) to pay and discharge the principal and interest of the debt of the State of Maryland in conformity with Section 34 of Article III of the Constitution, and all laws enacted in pursuance thereof; (5) for the salaries payable by the State under the Constitution and laws of the State; (6) for the establishment and maintenance throughout the State of a thorough and efficient system of public schools in conformity with Article VIII of the Constitution and with the laws of the State; (7) for such other purposes as are set forth in the Constitution of the State.

The Governor shall deliver to the presiding officer of each House the budgets and a bill for all the proposed appropriations of the budgets clearly itemized and classified; and the presiding officer of each House shall promptly cause said bill to be introduced therein, and such bill shall be known as the "Budget Bill." The Governor may, before final action thereon by the General Assembly, amend or supplement either of said budgets to correct an oversight or in case of an emergency, with the consent of the General Assembly by delivering such an amendment or supplement to the presiding officers of both Houses; and such amendment or supplement shall thereby become a part of said budget bill as an addition to the items of said bill or as a modification of or a substitute for any item of said bill such amendment or supplement may effect.

The General Assembly shall not amend the budget bill so as to affect either the obligations of the State under Section 34 of Article III of the Constitution, or the provisions made

by the laws of the State for the establishment and maintenance of a system of public schools, or the payment of any salaries required to be paid by the State of Maryland by the Constitution thereof; and the General Assembly may amend the bill by increasing or diminishing the items therein relating to the General Assembly, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein, provided, however, that the salary or compensation of any public officer shall not be decreased during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

Fourth. The Governor and such representatives of the executive departments, boards, officers and commissions of the State expending or applying for State's money, as have been designated by the Governor for this purpose, shall have the right, and when requested by either House of the Legislature, it shall be their duty to appear and be heard with respect to any budget bill during the consideration thereof, and to answer inquiries relative thereto.

Sub-Section C: Supplementary Appropriation Bills:—Neither House shall consider other appropriations until the Budget Bill has been finally acted upon by both Houses, and no such other appropriation shall be valid except in accordance with the provisions following: (1) Every such appropriation shall be embodied in a separate bill limited to some single work, object or purpose therein stated and called herein a Supplementary Appropriation Bill; (a) Each Supplementary Appropriation Bill shall provide the revenue necessary to pay the appropriation thereby made by a tax, direct or indirect, to be laid and collected as shall be directed in said Bill; (3) No Supplementary Appropriation Bill shall become a law unless it be passed in each House by a vote of a majority of the whole number of the members elected; and the yeas and nays recorded on its final passage; (4) Each Supplementary Appropriation Bill shall be presented to the Governor of the State as provided in Section 17 of Article II of the Constitution and thereafter all the provisions of said Section shall apply.

Nothing in this amendment shall be construed as preventing the Legislature from passing at any time in accordance with the provisions of Section 28 of Article III of the Constitution and subject to the Governor's power of approval as provided in Section 17 of Article II of the Constitution an appropriation bill to provide for the payment of any obliga-

tion of the State of Maryland within the protection of Section 10 of Article 1 of the Constitution of the United States.

Sub-Section D: General Provisions:—First. If the Budget Bill shall not have been finally acted upon by the Legislature three days before the expiration of its regular session, the Governor may, and it shall be his duty to issue a proclamation extending the session for such further period as may, in his judgment, be necessary for the passage of such bill; but no other matter than such bill shall be considered during such extended session except a provision for the cost thereof.

Second. The Governor for the purpose of making up his budgets shall have the power, and it shall be his duty, to require from the proper State officials, including herein all executive departments, all executive and administrative offices, bureaus, boards, commissions and agencies expending or supervising the expenditure of, and all institutions applying for State moneys and appropriations, such itemized estimates and other information, in such form and at such times as he shall direct. The estimates for the Legislative Department, certified by the presiding officer of each House, of the Judiciary, as provided by law, certified by the Comptroller, and for the public schools, as provided by law, shall be transmitted to the Governor, in such form and at such times as he shall direct, and shall be included in the budget without revision.

The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and of all institutions applying for State moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third. The Legislature may, from time to time, enact such laws not inconsistent with this Section, as may be necessary and proper to carry out its provisions.

Fourth. In the event of any inconsistency between any of the provisions of this Section and any of the other provisions of the Constitution, the provisions of this Section shall prevail. But nothing herein shall in any manner affect the provisions of Section 34 of Article III of the Constitution or of any laws heretofore or hereafter passed in pursuance thereof, or be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by Section 16 of Article II, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this Section shall be held invalid upon any ground, such invalidity shall not affect the legality of the bill or of any other item of such bill or bills.*

SEC. 53. No person shall be incompetent, as a witness, on account of race or color, unless hereafter so declared by Act of the General Assembly.

SEC. 54. No county of this State shall contract any debt, or obligation, in the construction of any railroad, canal, or other work of internal improvement, nor give, or loan its credit to or in aid of any association, or corporation, unless authorized by an Act of the General Assembly, which shall be published for two months before the next election for members of the House of Delegates in the newspapers published in such county, and shall also be approved by a majority of all the members elected to each House of the General Assembly, at its next session after said election.

SEC. 55. The General Assembly shall pass no law suspending the privilege of the writ of *habeas corpus.*

SEC. 56. The General Assembly shall have power to pass all such laws as may be necessary and proper for carrying into execution the powers vested by this Constitution, in any department or office of the Government, and the duties imposed upon them thereby.

SEC. 58. The Legislature, at its first session after the ratification of this Constitution, shall provide by law for State and municipal taxation upon the revenues accruing from business done in the State by all foreign corporations.

SEC. 59. The office of "State Pension Commissioner" is hereby abolished; and the Legislature shall pass no law creating such office, or establishing any general pension system within this State.

in any case 10,000 signatures shall be sufficient to complete a petition), the Board of Election Supervisors of said city or county shall provide at the next general or Congressional election, occurring after such demand or the filing of such petition, for the election of a charter board of eleven registered voters of said city or five registered voters in any such counties. Nominations for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such county, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting (and not by their mark) of not less than 5 per cent of the registered voters of the said City of Baltimore or said county; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such county are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such county shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five members in the county receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within six months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in said the City of Baltimore or county within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said city or county at the next general or Congressional election after the report of said char-

ter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the *thirtieth day* from the date of such election shall become the law of said city or county, subject only to the Constitution and Public General Laws of this State, and any Public Local Laws inconsistent with the provisions of said charter and former charter of said the City of Baltimore or county shall be thereby repealed.

SEC. 2. The General Assembly at its first session after the adoption of this amendment shall, by Public General Law, provide a grant of express powers for such county or counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said city or county. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in the county as the President of the County Council of the county, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Commissioners of the counties shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for, whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any county of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said county, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said city or county, including the power to repeal or amend Local Laws of said

city or county enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any county in this State to enact laws or regulations for any incorporated town, village, or municipality in said county, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters of the various counties shall provide that the County Council of the counties shall not sit more than one month in each year for the purpose of enacting legislation for such counties, and all legislation shall be enacted during the month so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties, hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said Local Law and any Public General Law now or hereafter enacted, the Public General Law shall control.

Sec. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any county of this State, no Public Local Law shall be enacted by the General Assembly for said city or county on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the counties of this State.

Sec. 5. Amendments to any charter adopted by the City of Baltimore or by any county of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said county, or by a petition signed by not less than 20 per cent of the registered voters of said city or county, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be sub-

mitted to the voters of said city or county at the next general or Congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and become a part of the charter of said city or county from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said city or county.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6, inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each county and the voters of the City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further, that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said counties or city as this Article sets forth.

SEC. 7. The word "Petition," as used in this Article, means one or more sheets written or printed or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the city or county in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

ARTICLE XII.

SECTION 1. The Governor, the Comptroller of the Treasury and the Treasurer shall constitute the Board of Public Works in this State. They shall keep a journal of their pro-

ceedings, and shall hold regular sessions in the city of Annapolis on the first Wednesday in January, April, July and October in each year, and oftener if necessary; at which sessions they shall hear and determine such matters as affect the public works of the State, and as the General Assembly may confer upon them the power to decide.

SEC. 2. They shall exercise a diligent and faithful supervision of all public works in which the State may be interested as stockholder or creditor, and shall represent and vote the stock of the State of Maryland in all meetings of the stockholders of the Chesapeake and Ohio Canal; and shall appoint the directors in every railroad and canal company in which the State has the legal power to appoint directors, which said directors shall represent the State in all meetings of the stockholders of the respective companies for which they are appointed or elected. And the president and directors of the said Chesapeake and Ohio Canal Company shall so regulate the tolls of said company from time to time as to produce the largest amount of revenue, and to avoid the injurious effect to said company of rival competition by other internal improvement companies. They shall require the directors of all said public works to guard the public interest and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State and from time to time, and as often as there shall be any change in the rates of toll on any of the said works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the interests of the State in the said public works; they shall perform such other duties as may be hereafter prescribed by law, and a majority of them shall be competent to act. The Governor, Comptroller and Treasurer shall receive no additional salary for services rendered by them as members of the Board of Public Works. The provisions of the Act of the General Assembly of Maryland of the year 1867, Chapter 359, are hereby declared null and void.

SEC. 3. The Board of Public Works is hereby authorized, subject to such regulations and conditions as the General Assembly may from time to time prescribe, to sell the State's interest in all works of internal improvement, whether as a stockholder or a creditor, and also the State's interest in any banking corporation, receiving in payment the bonds

and registered debt now owing by the State, equal in amount to the price obtained for the State's said interest.*

ARTICLE XIII.

SECTION 1. The General Assembly may provide, by law, for organizing new counties, locating and removing county seats and changing county lines; but no new county shall be organized without the consent of the majority of the legal voters residing within the limits proposed to be formed into said new county; and whenever a new county shall be porposed to be formed out of portions of two or more counties, the consent of majority of the legal voters of such part of each of said counties, respectively, shall be required; nor shall the lines of any county be changed without the consent of a majority of the legal voters residing within the district, which, under said proposed change, would form a part of a county different from that to which it belonged prior to said change; and no new county shall contain less than four hundred square miles, nor less than ten thousand white inhabitants; nor shall any change be made in the limits of any county, whereby the population of said county would be reduced to less than ten thousand white inhabitants, or its territory reduced to less than four hundred square miles.

And the inhabitants thereof shall thenceforth have and enjoy all such rights and privileges as are held and enjoyed by the inhabitants of the other counties of this State.

Sec. 3. When said new county shall have been so created, the inhabitants thereof shall cease to have any claim to, or interest in, the county buildings and other public property of every description belonging to said counties of Somerset and Worcester, respectively, and shall be liable for their proportionate shares of the then existing debts and obligations of the said counties according to the last assessment in said counties, to be ascertained and apportioned by the Circuit Court of Somerset county, as to the debts and obligations of said county, and by the Circuit Court of Worcester county as to the debts and obligations of Worcester county, on the petition of the County Commissioners of the said counties, respectively; and the property in each part of the said counties included in said new county shall be bound only for the share of the debts and obligations of the county from which it shall be separated; and the inhabitants of said new county shall also pay the county taxes levied upon them at the time of the creation of such new county, as if such new county had not been created; and on the application of twelve citizens of the proposed county of Wicomico, the Surveyor of Worcester county shall run and locate the line from Meadow Bridge to the Pocomoke river, previous to the adoption or rejection of this Constitution, and at the expense of said petitioners.

Sec. 4. shall be established, as aforesaid, then the counties of Somerset and Worcester shall be entitled to elect but two Delegates each to the General Assembly.

SEC. 5. The county of Wicomico, if formed according to the provisions of this Constitution, shall be embraced in the First Judicial Circuit, and the times for holding the courts therein shall be fixed and determined by the General Assembly.

SEC. 6. The General Assembly shall pass all such laws as may be necessary more fully to carry into effect the provisions of this Article.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

SECTION 1. The General Assembly may propose amendments to this Constitution; provided, that each amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses by yeas and nays, to be entered on the journals with the proposed amendment. The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers in each county, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, one of which shall be in the German language, once a week for at least three months preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

SEC. 2. It shall be the duty of the General Assembly to provide by law for taking, at the general election to be held in the year eighteen hundred and eighty-seven, and every twenty years thereafter, the sense of the people in regard to calling a convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for a convention, the General Assembly, at its next session, shall provide by law for the assembling of such convention, and for the election of Delegates thereto. Each county and Legislative District of the City of Baltimore shall have in such convention a number of Delegates equal to its representation in both Houses at the time at which the convention is called. But any Constitution, or change, or amendment, of the existing Constitution, which may be adopted by such convention shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

ARTICLE XV.

For the purpose of ascertaining the sense of the people of this State in regard to the adoption or rejection of this Constitution, the Governor shall issue his proclamation within five days after the adjournment of this convention, directed to the Sheriffs of the City of Baltimore and of the several counties of this State, commanding them to give notice in the manner now prescribed by law in reference to the election of members of the House of Delegates, that an election for the adoption or rejection of this Constitution will be held in the City of Baltimore and in the several counties of this State, on Wednesday, the eighteenth day of September, in the year eighteen hundred and sixty-seven, at the usual places of holding elections for members of the House of Delegates in said city and counties. ARTICLE XVI.*

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor.

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term or duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation or maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

Sec. 3. (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by ten thousand qualified voters of the State of Maryland, of whom not more than half shall be residents of Baltimore City, or of any one county; provided that any Public Local Law for any one county or the City of Baltimore shall be referred by the Secretary of State only to the people of said county or City of Baltimore, upon a referendum petition of ten per cent of the qualified voters of said county or City of Baltimore as the case may be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

Sec. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such

paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or county, as the case may be, as set opposite their names and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the Referred Law" and "Against the Referred Law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall, by his proclamation, declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local elction as to any Public Local Law which shall have been submitted to the voters of any county or of City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.
