The Comptroller is elected by the people for a term of four years from the third Monday in January next ensuing his election. The Comptroller appoints all officers in his own office.

The Comptroller is the head of the Division of Financial Review of the Finance Department. He is directed to exercise supervision and direction over the State Auditor, the State Bank Commissioner, the State Insurance Department, the State Tax Commission and the Central Purchasing Bureau.

The Comptroller shall have the general superintendence of the fiscal affairs of the State; he shall digest and prepare plans for the improvement and management of the revenue, and for the support of the public credit; prepare and report estimates of the revenue and expenditures of the State; superintend and enforce the prompt collection of all taxes and revenue; adjust and settle, on terms prescribed by law, with delinquent collectors and receivers of taxes and State revenue; preserve all public accounts; decide on the forms of keeping and stating accounts; grant, under regulations, prescribed by law, all warrants for money to be paid out of the Treasury, in pursuance of appropriations by law, and countersign all checks drawn by the Treasurer upon any bank or banks, in which the moneys of the State may, from time to time, be deposited; prescribe the formalities of the transfer of stock, or other evidence of the State debt, and countersign the same, without which such evidence shall not be valid; he shall make to the General Assembly full reports of all his proceedings, and of the state of the treasury department, within ten days after the commencement of each session; and perform such other duties as shall be prescribed by law.

An Act of the General Assembly of 1929 providing for a change in the Constitution which would permit the Comptroller to appoint deputies with authority to sign warrants and countersign checks was approved at the November, 1930, election. This authority makes possible the direct payment of all obligations of the State by the State Treasury Department and gives the central accounting office of the State an opportunity to pass upon all vouchers before payment. It had not been possible to provide for direct payment of all vouchers because of the impossibility of one man, the Comptroller, being able to sign all the warrants and checks which would be necessary if this plan were put into effect. A similar provision was approved for the State Treasurer's Office so that the State Treasurer will be authorized to appoint a deputy, or deputies, to sign checks in payment of State obligations.

He is required to visit and examine, either in person or by deputy, each institution at least twice a year, and at such other times as he may deem expedient and at any time upon the request of the directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by the law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated.

In case of the failure of any banking institution (other than a National Bank) the Bank Commissioner acts as Receiver and liquidates its assets and winds up its affairs under the jurisdiction of the Court. The Bank Commissioner may substitute the Deputy Bank Commissioner or a Senior Examiner as Receiver of any such Banking Institution.

Every bank and trust company is required to submit to the Bank Commissioner, under oath at least three reports in each calendar year; such reports to exhibit in detail the resources and liabilities of the institution, and show its true condition. These reports are to be published in the local newspapers. All mutual savings institutions are required to report their condition to the Bank Commissioner on June 30th and December 31st of each year.

It is the duty of the Bank Commissioner to examine each report received from the institutions under his supervision, and when necessary, to verify them, at the same time to correct any irregularities that may be disclosed or make any recommendations that may seem advisable.

STATE TAX COMMISSION.

Name.	Term Expires.	Postoffice.
Commissioners:

A. LeRoy McCardell	1937	Frederick
Frederic P. Adkins	1941	Salisbury
Secretary:		
Albert W. Ward		Baltimore
Chief Clerk:

The State Tax Commission was created by the Act of 1914, Chapter 841, superseding the State Tax Commissioner, an office which was established in 1878, with functions limited virtually to the assessment of the shares of domestic corporations and national banks, the gross receipts of certain classes of corporations, and distilled spirits. Greatly enlarged jurisdiction and responsibilities were conferred upon the State Tax Commission by the act creating it and by subsequent legislation. In addition to the duties formerly exercised by the State Tax Commissioner, the Commission is empowered to "supervise the administration of the assessment and tax laws of Maryland and of each county or city thereof"; "to enforce and execute a continuing method of assessment and to require that all property in the State be reviewed for assessment at least once in every five years," but not necessarily by reassessment of all property in the same year; to act as an appellate tribunal to which all appeals from assessments of real and personal property made by local assessing bodies must be taken; to assess the rolling stock of railroad companies; "to participate in any proceeding in any court wherein any assessment or taxation question is involved."

The Commission appoints for each of the counties a Supervisor of Assessments who has the status of chief assessor in the county, with power also to appeal to the Commission from any assessments or rulings made by the County Commissioners. The supervisors are appointed from a list of five nominees submitted by the County Commissioners. They serve during good behavior and are removable by the State Tax Commission "for incompetency or other cause." Their salaries are paid by the respective counties and are graded according to the aggregate value of property assessed in the county. A supervisor is also appointed for Baltimore City with important duties of investigation. The Commission may order the appointment of local assessors to be made by the County Commissioners and may dismiss such assessors for cause, and, in its discretion, may fill any vacancy thus created.

The State Tax Commission has charge of the registration of foreign corporations doing business in Maryland. It also determines the amount of capital employed by them in the State, as the basis of the annual franchise tax. Charters and amendments to charters of domestic corporations are filed with, and recorded and approved by, the Commission. In its jurisdiction over foreign corporations the Commission succeeds the Secretary of State; while in passing on appeals from assessments locally made, and on certificates of incorporation, it exercises functions formerly performed by the courts.

Under the Tax Revision Act of 1929 (Chapter 226) an appeal to the courts lies from the decisions of the Commission in all cases where questions of law are involved.

The State Tax Commission is composed of three members, appointed by the Governor for terms of six years, one of the terms expiring every two years. One member must be a resident of the Eastern Shore, one a resident of Baltimore City and the other a resident of one of the Western Shore counties. "Not more than two of said Commissioners shall be of the same political party, and each of them shall be a taxpayer and qualified voter of this State."

This Bureau consists of the Governor, who is Chairman; Secretary of State, Comproller of the Treasury, State Treasurer, Chairman of the State Roads Commission, Commissioner of Motor Vehicles, Chairman of the State Board of Welfare, Chairman of the State Board of Health, State Superintendent of Public Schools, President of the University of Maryland, and the Superintendent or managing heads of the following institutions: Crownsville State Hospital, Eastern Shore State Hospital, Rosewood State Training School, Spring Grove State Hospital, Springfield State Hospital, Maryland Tuberculosis Sanatorium, Maryland State School for the Deaf, Montrose School for Girls and Maryland Training School for Boys.

The Chairman of the Bureau appoints a Secretary-Treasurer who shall be known as the Purchasing Agent.

The Central Purchasing Bureau of Maryland was established in consequence of an act passed by the Legislature of 1920 (Chapter 184, 1920). The Bureau was organized in June, 1920, and immediately took over the purchasing of all State Departments and Institutions with the exception of the State Roads Commission.
During the last fiscal year, purchases in excess of $2,000,000 were made.

The principal functions which this office has endeavored to carry out are as follows:

First: The securing of lower prices by reason of bulk purchases. Comparison between the prices paid on consolidated quantities and those which individual institutions would pay show a saving of not less than 10 per cent.

Second: Standardization of commodities in common use, resulting in a decrease in the varieties purchased with the consequent increase in the volume of purchases of standardized articles.

Third: Because of the volume of consolidated purchases, original sources of supply can be dealt with, resulting in the lowest possible price.

Fourth: Warehousing. A warehouse of 18,000 square feet capacity is maintained in Baltimore City for the storage of staple supplies purchased in quantities on favorable markets. Such supplies are paid for out of a Revolving Fund of $100,000, which is available through Legislative appropriation. This provides for prompt payment of bills and all invoices subject to discount are paid within the prescribed period. The saving in cash discounts alone more than pays for the cost of maintaining the warehouse.

Because of this ability to warehouse considerable quantities of staple commodities and cash payment for same, lowest possible prices are secured. An accounting system has been developed, by means of which, through simple debit and credit entries, funds are transferred from Budget appropriations of Using Agencies to reimburse the Revolving Fund. Supplies are withdrawn from the warehouse with a consequent lessening in the amount of clerical labor on the part of the Using Agencies in the payment of invoices.

Monthly meetings are held with the Superintendents of the various State Institutions and other State Agencies present, at which time samples are examined and contracts awarded. These monthly meetings furnish a good opportunity for the heads of the various State Agencies to meet and exchange advice with reference to the conduct of their departments and institutions.

Every advantage is made of the facilities which the State has for the testing of materials, supplies and equipment, determining those commodities most suitable for use. Advice is also sought of the various scientific agencies of the State to determine the composition of commodities offered for purchase, and subsequently to determine the comparison of delivered articles and samples submitted.

The Treasurer and Comptroller are custodians of all bonds, stock, and other securities belonging to the State, and held for the use of the different sinking funds.

The Treasurer has charge of the State's insurance and is custodian of all policies covering same. The Treasurer publishes the balances in the different State depositories standing to the credit of the State, monthly, and renders a quarterly report to the Comptroller.

The head of the Department of Education is the State Board of Education.

In accordance with Chapter 506 of the Acts of 1916, the members of the State Board of Education are appointed by the Governor. One member is appointed annually for a term of seven years from the first Monday in May next succeeding the appointment.

The State Board of Education selects a State Superintendent of Schools, and through him and his assistants, has general control of the Public School System of the State. The Board is a legislative body, and, as such, enacts by-laws and prescribes rules and regulations for carrying into effect the provisions of the school laws. These by-laws and rules include regulations for the construction of school buildings, for grading and standardizing all public schools, for the certification of public school teachers, for taking the bi-ennial school census, and for a uniform series of forms and blanks for the use of county superintendents, school officials and teachers.

The State Superintendent of Schools is the executive officer of the Board. The members of the State Board of Education and the State Superintendent of Schools are ex-officio trustees of the State Teachers Colleges.

State Superintendent of Schools.

The State Superintendent of Schools is appointed by the State Board of Education for a term of four years and is ex-officio secretary and treasurer of the Board. He is the executive officer of the State Board of Education, which, in addition to having general control of the State School System, is charged with the duties of interpreting school laws and acting without expense to the parties concerned in all controversies and disputes involving the proper administration of the public school system. He carries out the education policies of the State Board of Education. He conducts conferences of school officials and teachers, issues teachers' certificates, passes upon proposals for the sale of school sites and buildings, and the plans for the construction of new buildings. He directs the taking of the bi-ennial school census, prepares courses of study and an annual report. He also issues bulletins from time to time on the conditions and needs of the schools.

Either in person, or through his assistants, he has general supervision over the educational conditions in the counties and co-operates with county school officials in welding together school interests in a State system. He certifies to the Comptroller each year a list of schools entitled to receive State aid, and the amount due each county in part payment by the State of the salaries of superintendents, supervisors and attendance officers. He audits the accounts of the county boards of education and sees that their expenditures conform to the law. His approval is necessary in the appointment of county superintendents, supervisors, and attendance officers by the County Boards of Education. The State Superintendent is a member ex-officio of the Board of Trustees of the State Teachers' Retirement System.

All communications pertaining to the supervision and administration of the State School System (Baltimore City not included) should be sent to the State Superintendent of Schools, or to him as secretary of the State Board of Education.

Work of the State Department of Education.

The twenty-three counties of the State in 1933-34 enrolled over 172,000 pupils in 1,530 public elementary and secondary schools in charge of 4,919 teachers. Over 33,850 of these pupils were in the last four years of work of the 177 high schools distributed in the twenty-three counties of the State. In the same year the counties expended on schools approximately $8,010,000 for current expenses, of which $3,681,000, or 46 per cent., was received by the twenty-three counties from the State of Maryland and Federal vocational funds. Baltimore City received $1,431,000 from State and Federal school funds for the maintenance of schools and the retirement system for teachers.

There were *10,845 graduates from county white elementary schools and 5,122 from county white high schools in 1934. Of the white girl graduates from county high schools, 2.9 per cent. entered the Towson, Frostburg and Salisbury Normal Schools. The three normal schools had an enrollment in the fall of 1934 of 603 students, which includes 178 enrolled from Baltimore City at Towson.

Approximately 24 per cent. of the white high-school graduates of 1933 continued their education beyond high school in colleges, universities, normal schools, hospitals, commercial schools, etc., in 1933-34.

*Includes eighth grade promotions in junior high schools.

Towson, Frostburg and Salisbury Normal Schools gave diplomas in 1934 to 296 young men and women, of whom 111 were from Baltimore City. These graduates were the first ones to complete the three-year course inaugurated in September, 1931. Beginning in September, 1934, a four-year course has been offered to county students. The names of the normal schools offering four-year courses were changed to teachers' colleges as a result of legislation in 1935. Of the 1934 county normal school graduates, over 68 per cent. received teaching positions for 1934-35. Nearly 54 per cent. of the county graduates returned to teach in their home counties. In October, 1934, 98 per cent. of the white elementary teachers and principals held elementary principals' advanced first or first-grade certificates, 1 per cent. second-grade certificates, and only 1 per cent third grade certificates.† In the financially poorer counties, which could not carry the minimum requirements of the State program on a county school current expenses tax rate of 67 cents plus other forms of State aid, the State provided the additional amount necessary through an Equalization Fund from 1923 to 1933. Through legislation in 1933, the 67-cent county school current expense tax rate required of counties sharing in the Equalization Fund was reduced to 47 cents beginning with the school year 1933-34.

During the school year ending in June, 1935, there was at least one supervising or helping teacher in every county in Maryland. This is the thirteenth year that this satisfactory situation has existed. The State pays two-thirds of the salaries according to the minimum schedule of the county supervising and helping teachers and of county superintendents. The improvement in the results of the tests in reading and arithmetic is one evidence of effective supervision.

The improvement of instruction through supervision is accomplished by organizing the content of the curriculum into definite units of instruction in the various subjects; by setting up specific goals of accomplishment for each grade in the various subjects; by giving standardized tests in the "three R's" to check on the accomplishment of goals and to plan appropriate remedial teaching for deficiencies revealed; by analyzing with teachers the achievements to secure more suitable classification and to provide adequate guidance for individual pupils who vary markedly from the average; by constantly urging the improvement of physical and hygienic conditions in the schools; by stimulating teachers to do the best work of which they are capable through visits to the classroom followed by helpful conferences and through participation in professional group meetings of teachers conducted by the supervisor; by breaking down the isolation of teachers in rural schools and giving adequate educational opportunity to country children; by building up new content and methods with older experienced teachers who may be inclined to fall into a dull routine; by utilizing the strength of superior teachers for the benefit of the entire group through demonstration lessons; and by helping the public and parents to understand more clearly what the schools are trying to accomplish for their children.

In the fall of 1934 there were 45 supervising or helping teachers employed for the 2,741 white elementary teachers scattered over the 9,870 square miles in the Maryland counties, an average of 60 teachers for each supervising or helping teacher. Since there are very few non-teaching principals in the Maryland county schools, the counties are

helping teachers to improve instruction with a relatively small corps of supervisory officials.

The average current expense cost in 1934 of educating a pupil in the schools of the twenty-three counties was $48.74. Graded schools having three or more teachers, with better trained teachers, more equipment and expenditures for transportation, cost less per pupil than rural schools having one or two teachers, chiefly because the classes were larger. Transportation was provided at public expense for over 42,000 county pupils at a cost of $864,000.

There were 58.5 per cent of the white county schools, and 81 per cent of the colored schools in the counties which reported that they had active parent-teacher associations organized in 1934.

Maryland's school system is frequently visited and studied by officials from other States and counties because of its plan for effective administration and supervision in a county unit system, and because of its method of distributing school funds on the basis of need through its Equalization Fund.

The Governor, with the consent of the Senate, appoints nine Regents for a term of nine years from the first Monday in June.

The first appointments were made in 1916 for terms of 1, 2, 3, 4, 5, 6, 7, 8 and 9 years, and as these terms expire a successor is appointed for a full term of nine years. (Ch. 372, 1916.)

This Board of Regents displaces the old Board of Trustees of the Maryland State College.

Under Chapter 480, Acts 1920, the old University of Maryland was, on July 1, 1920, consolidated with the Maryland State College, under the former name.

THE UNIVERSITY OF MARYLAND.

The University of Maryland is located at College Park, in Prince George's County, Maryland, on the Baltimore and Ohio Railroad, eight miles from Washington and thirty-two miles from Baltimore. College Park is easily accessible from all parts of the State.

The campus fronts on the Baltimore and Washington Boulevard. The suburban town of Hyattsville is two miles to the south, and Laurel is ten miles to the north on the same road. Access to these towns and to Washington may be had by steam and electric railways and busses.

The Professional Schools of Medicine, Nursing, Pharmacy, Dentistry, and Law and the University Hospital are located in Baltimore in the vicinity of Lombard and Greene Streets.

Administration.

The government of the University is vested by law in a Board of Regents, consisting of nine members appointed by the Governor each for a term of nine years. The administration of the University is vested in the President. The University Senate acts in an advisory capacity to the President.

The University organization comprises the following administrative divisions:

College of Agriculture.
Agricultural Experiment Station.
Extension Service.
College of Arts and Sciences.
College of Education.
College of Engineering.
College of Home Economics.
Graduate School.
Summer School.
Department of Military Science and Tactics.
Department of Physical Education and Recreation.
School of Dentistry.
School of Law.
School of Medicine.
School of Nursing.
School of Pharmacy.
The University Hospital.

The College of Agriculture includes the following departments: Agricultural Economics; Agronomy (including Crops and Soils); Animal Husbandry; Bacteriology; Botany, Dairy Husbandry; Entomology and Bee Culture; Farm Forestry; Farm Management; Farm Mechanics; Genetics and Statistics; Horticulture (including Pomology; Vegetable Gardening, Landscape Gardening and Floriculture); Plant Pathology; Plant Physiology and Bio-chemistry; Poultry Husbandry.

The instructional work of the College of Education is conducted by five functional divisions or departments: History and Principles of Education; Methods in Academic and Scientific Subjects, Agricultural Education, Home Economics Education, and Industrial Education.

The College of Engineering includes the Departments of Civil, Electrical and Mechanical Engineering.

Graduate work is offered, under the supervision of the Dean of the Graduate School, by competent members of the various faculties of instruction and research.

The College of Home Economics is organized into the Department of Foods and Nutrition, Textiles and Clothing, and Home and Institutional Management.

There are eleven university departments under the administrative control of the College of Arts and Sciences: Classical Languages, Chemistry, Economics and Sociology, English, History and Political Science, Mathematics, Modern Languages, Philosophy, Physics, Public Speaking, and Zoology and Agriculture.

The Department of Military Science and Tactics has charge of the work of the Reserve Officers' Training Corps unit established by the War Department. During the first two years of the student's stay at the University he is required to take the Basic R. O. T. C. courses. During his junior and senior years he may elect three credit hours in Reserve Officers' Training Corps each term.

The Department of Physical Education and Recreation works in cooperation with the military department and supervises all physical training, general recreation, and intercollegiate athletics.

A summer session of six weeks is conducted at College Park. The program is designed to serve the needs of three classes of students; teachers and supervisors of the several classes of school work—elementary, secondary, and vocational; special students, as farmers, breeders, dairymen, homemakers, chemists, public speakers, graduate students; and students who are candidates for degrees in agriculture, arts and sciences, education, engineering, and home economics.

The work in Medicine, Pharmacy, Law, Dentistry and Nursing is given in schools in Baltimore. The University Hospital is also located in that city.

History.

The history of the present University of Maryland, until they were merged in 1920, is the history of two institutions. These were the old University of Maryland in Baltimore and the Maryland State College (formerly Maryland Agricultural College) in College Park.

The beginning of this history was in 1807, when a charter was granted to the College of Medicine of Maryland. The first class was graduated in 1810. A permanent home was established in 1814-1815 by the erection of the building at Lombard and Greene Streets in Baltimore, the oldest structure in America devoted to medical teaching. Here was founded one of the first medical libraries (and the first medical school library) in the United States. In 1812 the General Assembly of Maryland authorized the College of Medicine of Maryland to "annex or constitute faculties of divinity, law, and arts and sciences," and by the same act declared that the "colleges or faculties thus united should be constituted an university by the name and under the title of the University of Maryland." By authority of this act, steps were taken in 1813 to establish a "faculty of law," and in 1823 a regular school of instruction in law was opened. Subsequently there were added a college of dentistry, a school of pharmacy, and a school of nursing. No signifi-

cant change in the organization of the University occurred until 1920, more than one hundred years after the original establishment in 1812.

The Maryland State College was chartered in 1856 under the name of the Maryland Agricultural College, the second agricultural college in the Western Hemisphere. For three years the College was under private management. In 1862 the Congress of the United States passed the Land Grant Act. This act granted each State and Territory that should claim its benefits a proportionate amount of unclaimed Western lands, in place of scrip, the proceeds from the sale of which should apply under certain conditions to the "endowment, support, and maintenance of at least one college where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach such branches of learning as are related to agriculture and the mechanic arts, in such a manner as the Legislature of the States may respectively prescribe, in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life." This grant was accepted by the General Assembly of Maryland, and the Maryland Agricultural College was named as the beneficiary of the grant. Thus the College became, at least in part, a State institution. In the fall of 1914 control was taken over entirely by the State. In 1916 the General Assembly granted a new charter to the College and made it the Maryland State College.

In 1920, by an act of the State Legislature, the University of Maryland was merged with the Maryland State College, and the name of the latter was changed to the University of Maryland.

All the property formerly held by the old University of Maryland was turned over to the Board of Trustees of the Maryland State College, and the name was changed to the Board of Regents of the University of Maryland. Under this charter every power is granted necessary to carry on an institution of higher learning and research. It provides that the University shall receive and administer all existing grants from the Federal Government for education and research and all future grants which may come to the State from this source. The University is co-educational in all its branches.

Extension and Research.

Agriculture and Home Economics.

The Extension Service is that branch of the University of Maryland, established by Federal and State law, which is designed to assist the farmer and his family in promoting the prosperity and welfare of agriculture and rural life. Its work is conducted in co-operation with the United States Department of Agriculture.

The Extension Service is represented in each county of the State by a county agent and in all but a few counties by a home demonstration agent. Through these agents and its staff of specialists, the Extension Service comes into intimate contact with rural people and with the problems of the farm and home.

Practically every phase of agriculture and rural home life comes within the scope of the work undertaken by the Extension Service. Farmers are supplied with details of crop and livestock production, and with instructions for controlling disease and insect pests; they are encouraged and aided in organized effort, helped with marketing problems, and in every way possible assisted in improving economic conditions on the farm.

Rural women are likewise assisted in the problems of the home. They are made acquainted with time and labor-saving devices, with simpler and easier methods of work, with new knowledge of foods, with new ideas about home furnishing, with practical methods of home

sewing and millinery construction, and with such other information as tends to make rural home life attractive and satisfying.

For rural boys and girls, the Extension Service provides a valuable type of instruction in agriculture and home economics through its 4-H Club work. The instruction is incident to actual demonstrations conducted by the boys and girls themselves. These demonstrations, under supervision of the county and home demonstration agents, are the best possible means of imparting to youthful minds valuable information in crop and livestock production and in the household arts. The 4-H Club work, moreover, affords rural boys and girls a very real opportunity to develop the qualities of self-confidence, perseverance, and leadership.

The Extension Service works in accord with all other branches of the University of Maryland and with all agencies of the United States Department of Agriculture. It co-operates with all farm and community organizations in the State which have as their major object the improvement of agriculture and rural life; and it aids in every way possible in making effective the regulatory work and other measures instituted by the State Board of Agriculture.

General Extension.

This phase of the extension service of the University is conducted in co-operation with the United States Bureau of Education and is intended to make the Liberal Arts and branches of the curriculum, other than Agriculture and Home Economics, of greater service to the people of the State.

Agricultural Experiment Station.

The agricultural work of the University naturally comprises three fields: research, instruction, and extension. The Agricultural Experiment Station is the research agency of the University, which has for its purpose the increase of knowledge relating to agriculture, primarily for the direct benefit of the farmer. It is also the real source of agricultural information for use in the classroom and for demonstrations in the field.

The Experiment Station work is supported by both State and Federal appropriations. The Hatch Act, passed by Congress in 1887, appropriates $15,000 annually; the Adams Act, passed in 1906, provides $15,000 annually; and the Purnell Act, passed in 1925, provides $60,000 annually. The Bankhead-Jones Act, passed in 1935, eventually will provide approximately $35,000 annually. The State appropriation for 1935 is $48,600.

The objects, purposes, and work of the Experiment Stations as set forth by these acts are as follows:

"That it shall be the object and duty of said Experiment Stations to conduct original researches or verify experiments on the physiology of plants and animals; the diseases to which they are severally subject with the remedies for the same; the chemical composition of useful plants at their different stages of growth; the comparative advantages of rotative cropping as pursued under a varying series of crops; the capacity of new plants or trees for acclimation; the analysis of soils and water; the chemical composition of manures, natural or artificial, with experiments designed to test their comparative effects on crops of different kinds; the adaptation and value of grasses and forage plants; the composition and digestibility of the different kinds of food for domestic animals; the scientific and economic questions involved in the production of butter and cheese; and such other researches or experiments bearing directly on the agricultural industry of the United States as may in each case be deemed advisable, having

due regard to the varying conditions and needs of the respective States or Territories."

The Purnell Act also permits the appropriation to be used for conducting investigations and making experiments bearing on the manufacture, preparation, use, distribution, and marketing of agricultural products, and for such economic and sociological investigations as have for their purpose the development and improvement of the rural home and rural life.

The Maryland Station, in addition to the work conducted at the University, operates a sub-station farm of fifty acres at Ridgely, Caroline County, and a farm of about sixty acres at Upper Marlboro for tobacco investigations. Experiments in co-operation with farmers are conducted at many different points in the State. These tests consist of studies with soils, fertilizers, crops, orchards, insect and plant disease control, and stock feeding.

The results of the Experiment Station work during the past quarter of a century have developed a science of agriculture to teach, and have laid a broad and substantial foundation for agricultural development. The placing of agricultural demonstrations and extension work on a national basis has been the direct outgrowth of the work of the Experiment Stations.

The students taking courses in agriculture are kept in close touch with the investigations in progress.

The terms of those first appointed are until the first Monday in May, 1924, and thereafter for two years from the first Monday in May. Ch. 29, 1922.

The Department of Forestry was created and organized to protect and develop the valuable timber and tree products of the State, and to carry on a campaign of education and to instruct counties, towns, corporations and individuals as to the advantages and necessity of protecting from fire and other enemies of the timber lands of the State.

While the power of the Forestry Department rests with the Regents of the University, acting through the Advisory Board, the detail work is in the hands and under the management of the State Forester, who is secretary of the Board, and all correspondence and inquiries should be addressed to him at 1411 Fidelity Building, Baltimore.
Scientific Staff:

Walter J. Quick, Jr., Assistant Forester.....Baltimore
W. W. Simmons, Acting Extension Forester.....College Park
H. C. Buckingham, District Forester.....Cumberland
C. F. Winslow, District Forester.....Laurel
Nelson H. Fritz, District Forester.....Salisbury

The State Forester has studied the timber interests of each of the twenty-three counties in detail and the statistics and information collected are published for free distribution, accompanied by a valuable timber map to all who may apply. He will co-operate with counties, towns, corporations and individuals, in preparing plans for the protection, management and replacement of trees, woodlots and timber tracts under an agreement that the party obtaining such assistance pay at least the field expenses of the men employed. An important work of the Forester is to encourage methods of preventing and extinguishing forest fires which annually destroy thousands of dollars worth of young timber. For this purpose a forest protection system has been established. The state is divided into three districts, each in charge of a District Forester, assisted by nine part-time District Forest Wardens and 650 Forest Wardens. There is also a system of 30 lookout towers for detecting forest fires and 24 forest guards to respond promptly to fire calls.

The laws against setting out fires are very strict. The State and County divide the expense of extinguishing fires.

The Department also administers eight state forests and three state parks, comprising about 55,000 acres in nine different counties. The main purpose of the forests is for timber growing and watershed protection, but they also serve along with the state parks as a recreation ground for the people of the State, being visited every year by thousands for camping and other forms of recreation.

The Roadside Tree Law directs the Department of Forestry to care for those trees growing within the right-of-way of any public highway in the State, and no tree can be cut or trimmed by a corporation or individual without a permit from the Forestry Department, after application has been made to the State Forester. The Forestry Department co-operates with the State Roads Commission in tree planting along state highways.

A State Forest Nursery, established in 1914, furnishes trees at cost for forest planting and for planting along roadsides.

He performs such duties as pertain to his office, and the other chiefs of staff departments and corps under the regulations and customs of the United States Army. He superintends the preparation and publication of all official forms required for use in the military service of the State; the reports and returns required by the United States; keeps a register of all commissioned officers and the record of enlisted men. He is likewise the custodian of all State and Federal property in use by the organized militia; he is also in control of State appropriations for the maintenance of the organized militia (land and naval); apportions such appropriations and provides for the proper application of funds so as to insure a uniform and consistent disbursement for the progressive benefit of the military establishment of the State.

He also promulgates to the organized militia the orders of the Governor as Commander-in-Chief and provides from time to time appropriate regulations for the government, discipline and maintenance of the military establishment; he also publishes and provides for observance of all federal laws and regulations applicable to the militia of the State.

He is the official channel for communication with the War and Navy Departments on all matters and affairs relating to the federal government's interest in the militia of the State.

The Governor, in his discretion, may by executive order transfer any or all of the strictly administrative duties of the ranking line officer to the Adjutant General or Assistant Adjutant General, provided that any such transfer shall not affect the control of the ranking line officer over the tactical command and training of the units and organizations of the National Guard or his general control of the Military Department, in all of which the ranking line officer functions under the direct orders of the Governor.

The Assistant Adjutant General is paid a salary fixed by the Governor out of the appropriation in the budget for the administration of the Maryland Veterans' Commission.

He is charged with the care, control and maintenance of all armories owned by the State of Maryland, and all buildings or other property purchased, occupied, leased or rented by or in behalf of the State military forces, which may now or shall hereafter be authorized by law and has all the power and authority necessary or desirable for the purpose aforesaid and with the right to make and enforce all reasonable rules and regulations.

In matters pertaining to the military establishment of the State or the military relations of the State with the United States, communications should be addressed to the Commanding General, Maryland National Guard, Annapolis.

WAR RECORDS OF MARYLAND SOLDIERS AND SAILORS

The Maryland War Records Commission having disbanded all records pertaining to the World War have been deposited in the Department and are now available for reference purposes at all times.

Numerous requests are received for the service records of men who served in the Revolutionary War, the War of 1812, the Mexican War, the Civil War, Spanish-American War and the World War. Every request is complied with, without charge, if the record is available in the Department, and when not available the applicant is advised of the best authentic source to seek the same. Only in respect to the records pertaining to the Revolutionary, War of 1812, and Mexican Wars are our records rather incomplete and the incompleteness is solely due to the methods used in those days of making and preserving records.

CONTROL OF STATE ARMORIES.

By Act of the General Assembly of 1922 (Art. 65, P. G. L., Md.) the State Armory Commission was abolished and the direct control of all State Armories placed with the ranking line officer of the State, to whom all applications should be made for the use of any armory, provided, however, that when applications are disapproved by the ranking line officer they shall be subject to review and approval of the Board of Public Works, the ranking line officer and the commanding officer of the unit occupying the armory concerned.

In addition to the Fifth Regiment Armory in Baltimore City, State owned armores are now completed in the following towns and cities throughout the State:

MILITIA LAW OF MARYLAND

The National Defense Act required all States to make their military laws conform with the provisions of the Act, in so far as any State law might have been in conflict or might have been deficient as to certain mandatory features of the Act, to entitle any State to participate in the Federal appropriations for arming, equipping and training the National Guard.

Accordingly, Article 65, P. G. L., Md., was repealed and re-enacted by the Legislature at its January (1922) session in which certain provisions of the National Defense Act have been incorporated as the law of the State, thereby conforming to the Act.

It was also found desirable to provide for the functioning of the ranking line officer of the National Guard on active duty pay status and to place this officer in control of the military department of the State. The authority, prerogatives and duties heretofore held and performed by the Adjutant General have, by the present law, been transferred to the ranking line officer who is responsible only to the Governor, acting for and by his direction in all matters pertaining to the Military Department of the State.

MARYLAND VETERANS' COMMISSION.

Chapter 481 of the Acts of the General Assembly of Maryland, Session 1935, repealing and re-enacting with amendments, sections 57, 58, 59 and 60 of Article 65 of the Annotated Code of Maryland, creates a Maryland Veterans' Commission with the Adjutant General or Assistant Adjutant General, or a Maryland Veteran, as chairman, in the discretion of the Governor, and four other members, representative of the four major National Veterans' organizations, to be appointed by the Governor.

The Governor has appointed as members of this Commission:

Name.	Address.

William F. Lehnert, Jr. (American Legion)	4404 Eastway, Baltimore
George M. Tucker (United Spanish War Veterans)	2410 Crest Rd., Baltimore

$50,000 has been made available, which is in the nature of an emergency fund, to be used to provide the necessities of life for such Maryland veterans of the World War or any other war, or the widows or infant children of such veterans, as are sick, disabled or indigent, and who are without means to pay for said necessities or have proper care; and for the purpose of providing the necessary funeral expenses of such veterans, and for the further purpose of providing reasonable compensation to members of the Maryland National Guard who are injured in line of duty; and in case such members are killed in line of duty, then to the widows and infant children of such members. Said fund shall be distributed to such persons of the above classes and in such amounts as the Commission shall deem proper, subject, however, to the provisions and limitations of said Act.

The Commission is further authorized, for the purpose of providing higher education for war orphans of Maryland Veterans to expend from the funds under its control, an amount not to exceed $150.00

annually for each war orphan of Maryland, after reaching the age of eighteen years; and further, the said Commission is authorized to appoint a "State Service Officer" with the approval of the Governor, and assistants, to administer the disbursal of such direct Relief Funds, as the budget may provide; and to prepare in proper form and present and prosecute the claims of service men and women and their dependents before the United States Veterans' Administration and other Federal agencies, and to secure action on said claims, to the end that no veterans or their dependents may be neglected; and further, to make and prepare a permanent registry of the graves of all persons who served in the military or naval forces of the United States in time of war and who are buried in the State of Maryland.

Chief Clerk, Harriette S. Kearfott.
Supervisor of Social Welfare, Anita J. Faatz, Baltimore.
Governor appoints six members of the Board of State Aid and Charities for terms of four years each. The Governor is a member of the Board.

The duties of this Board are to investigate and consider State aid to public and private institutions. It investigates all applications of institutions for aid from the State and submits to each Legislature a report showing the condition that it finds at each of the institutions so applying, together with recommendations concerning them. Old Age Pensions and Emergency Relief are administered by this Board. It is the official representative of the State in regard to charitable matters and has the administration of the laws regarding the placement of children in this State by out-of-State agencies, and the supervision of the law prohibiting the separation of babies from their mothers during the first six months after birth.

The Board is empowered to issue annual licenses to Institutions, Associations, Agencies and Individuals having the care, custody and control of children with certain exceptions. It also is empowered to revoke same.

Under Chapter 586, Acts of 1935, the Board of State Aid and Charities is declared to be the central, co-ordinating and directing

agency of welfare activities in the State, with authority to create in each county a County Welfare Board, constituting an administrative department of the local government. Such boards, when created, have authority to administer public assistance and relief to families and individuals in need, including the administering of relief under the Mothers' Assistance Law, the administering of Old Age Pension relief, the administering of relief to the blind, handicapped and needy, the care of neglected, dependent and delinquent children. Each County Board consists of seven members, one of whom shall be a County Commissioner, and serves for three years. The local board of each county and the Department of Welfare of Baltimore City are charged with the administering of Old Age Pensions. The Old Age Pension Law (Chapter 592, Acts of 1935) provides for a State-wide system of old age pensions by the local boards and the Department of Public Welfare of Baltimore City, under the general supervision of the Board of State Aid and Charities.

In order to finance the Old Age Pension Law and to provide for the funds for unemployment relief, the Legislature, during the 1935 session, passed the Emergency Gross Receipts Tax of 1% on gross retail sales in the State. It was estimated that by this tax sufficient revenue would be derived for unemployment relief and old age pensions.

County Welfare Boards for each of the counties are as follows:

The State's program for the hospitalization of tubercular patients has been practically completed, and is expected to meet the demands of at least a number of years. The facilities are among the finest in the country, and are recognized everywhere as combining economy in operation and excellence in treatment.

Among white people the death rate was reduced from 150.8 per 100,000 in 1917 to 52 in 1934. The colored death rate was reduced from 413.6 to 204 in 1930 and now over one-half of the deaths from tuberculosis are among colored people, which represents about one-sixth of our population.

THE DEPARTMENT OF PUBLIC WORKS

THE STATE ROADS COMMISSION OF MARYLAND.
Federal Reserve Bank Building, Baltimore.

Chairman of the Commission and Director of the Department of Public Works: Dr. Homer E. Tabler.

Members of the Roads Commission: C. Nice Wilkinson, Frank F. Luthardt.

Secretary: Lamar H. Steuart.

Chief Auditor: William A. Codd.

Treasurer: Waring P. Carrington, Jr.

Special Assistant Attorney General: Thomas M. Jenifer.

Chief Engineer: Nathan L. Smith.

Assistant Chief Engineer: Robert M. Reindollar.

Bridge Engineer: Walter C. Hopkins.

The Commission consists of three members appointed by the Governor for no specified term of office. One shall be appointed from that

one of the two leading political parties opposite to the Governor's political party.

The Governor designates a Chairman who shall be also the Director of the Department of Public Works (Chapter 29, 1922).

The State Roads Commission administers all financial and physical transactions applicable to the construction and maintenance of all State roads and bridges on the Road System. (Chapter 539, 1931). The construction of new roads, whether Lateral or Post, on the System, is financed from the proceeds of one and one-half-cent (1½c) gasoline tax, Federal Aid, and with contributions from the counties through bond issues. New bridges on the State System of roads, are constructed from proceeds of Construction funds.

In twenty of the twenty-three counties of the State, the State Roads Commission of Maryland has been delegated the authority of performing all necessary functions in connection with the maintenance of the County Systems of Roads and Bridges. The cost of maintenance of the County Systems of Roads and Bridges is charged to those funds allotted to the counties and administered by the Commission for use of the respective counties (Chapter 425, 1933).

The cost of maintaining all existing roads and bridges on the State System, first is reserved and deducted from the net income derived from automobile license fees imposed and collected by the Commissioner of Motor Vehicles and remitted to this Commission, together with the net revenue derived from the two-cent (2c) gasoline tax set over to the use of this Commission. After deducting the cost of maintenance of the State System from the combined total receipts of the Commissioner of Motor Vehicles and the two-cent (2c) gasoline tax received by this Commission, the remainder of such fund is expended for projects of reconstruction, betterments, and additions to the entire system, or for costs of construction of new projects including those projects constructed by Federal Aid funds, fifty per cent. (50%) of such costs being contributed by the Commission. Grade crossings are eliminated by the expenditure of funds coming into the hands of this Commission from the one-half-cent (½c) gasoline tax, together with contributions by the Railroad companies.

The Commission, in 1934, issued the first of its series of Debentures. The total authorized issue was $4,000,000.00 (Chapter 463, 1933), and an additional issue of $3,000,000.00 was authorized at the Session of the General Assembly in 1935 (Chapter 563, 1935). The proceeds of the sales of these bonds were used in conjunction with Federal Funds made available to Maryland under the National Industrial Recovery Act—Public Works Administration, and used to construct new roads and bridges on the State System of Highways.

During the fiscal year ended September 30, 1934, the receipts of the Commission from all sources, were $13,791,538.92, and the expenditures, $14,537,049.93. The expenditures of this sum was made for the following purposes:

A classification of the roads maintained by the Commission, as of September 30, 1934, was:

254.41 miles of type "A," Bituminous materials with and without concrete shoulders;
522.73 miles of type "B," Macadam with concrete shoulders;
827.28 miles of type "C," Concrete, 16 feet and wider;

32.50 miles of type "H," Gravel, untreated;
1.78 miles of type "I," Brick.

3,826.24 Total Miles.

915.71 Miles of Concrete Shoulders.

In addition to the roads constructed, there were built in 1934, forty-six (46) bridges, replacing one-way or dangerous bridges.

It is anticipated that during 1935, fifty (50) new bridges will be constructed, replacing existing one-way or dangerous structures.

Since the inauguration of the gasoline tax for Grade Elimination projects, the Commission has eliminated fifty-five (55) grade crossings, either by the construction of bridges or through road relocations.

In view of the vast expenditures under the direction of this body and at the suggestion of Governor Nice, the first Legislative Session during his Administration authorized compensation for three full-time members of the Commission, with a view to the elimination of waste and extravagance and the reducing of operating costs to a minimum.

THE COMMISSIONER OF MOTOR VEHICLES

Guilford Avenue and 21st Street, Baltimore.

(Term Expires May, 1937.)

Name.	Postoffice.
Commissioner:	
Walter R. Rudy	Mt. Airy
Deputy Commissioner:	
D. Marshall Schroeder	Frederick
Registrar of Titles:	
Michael A. Noppinger	Baltimore

The Commissioner exercises, subject to review by the Courts, entire jurisdiction over titling, registration and licensing of all motor vehicles owned or operating continuously withn the State. He has jurisdiction and, subject to review by the Courts, sole authority in the examination, qualifications and licensing of all persons operating motor vehicles continuously within the State. Reciprocity with other States gives to owners and drivers of cars coming into Maryland a period of grace before they become subject to car registration, car licensing and driver's permit regulations as provided in the Maryland statutes.

All licensing fees, both for titling and registering cars, and registering drivers, as well as all fines for violations of the traffic regulations and motor vehicle statutes, are collected and accounted for by the Commissioner. The judges of the Baltimore City Traffic Court and the police magistrates in the towns and rural sections make return to the Commissioner on all fines collected. No part of the costs of arrests or prosecutions goes to the State officers operating under authority of the Commissioner, where these officers make the arrests.

The system of licensing all pleasure vehicles on a horse-power basis, commercial vehicles and trucks on a tonnage basis, and public service

lines, both freight and passenger, on ton-mile or passenger-mile basis, which had obtained for years in arriving at licensing charges, was changed by the Legislature in 1922. Under this new system, a gasoline tax became operative in Maryland on January 1st, 1924. This tax is in addition to a reduced horsepower fee and adjustments under the other types of fees.

Administration of the detail of collecting the gasoline tax is vested in the State Comptroller, the Motor Vehicles Commissioner retaining, however, his former duties in the issuance, at a nominal cost, covering cost of tags and clerical work, of the licensing and registration of cars. The gasoline tax is imposed as an additional charge upon public service vehicles. Their ton-mile and passenger-mile ratings and charges will continue to be computed and enforced by the Commissioner.

All fine and fee income collected by the Commissioner, above the costs of administration of his office and field forces, goes into the State Highway Maintenance fund of the State, thus putting back into the highways built by other means by the State what the motorist is assumed to have taken out in depreciation of surface and base.

While trials, with either dismissals or convictions, carrying fines or jail sentences before magistrates furnish a part of the machinery of the enforcement of the motor vehicle statutes, control of all drivers' permits to operate cars or motorcycles is vested solely in the Commissioner. He not only controls issuance of licenses and can refuse to permit an unfit applicant to operate a car in the State, but in addition he holds the power of suspension for a stated period or the absolute revocation of a driver's permit. This without regard to the action of the Courts in cases tried before them.

Appeal to the Courts from the action of the Commissioner, in suspending, refusing or revoking licenses, is provided in the law, however.

By recent Acts of the Legislature, the following appear as safety measures designed to enable the Commissioner of Motor Vehicles to make the state highways safe and thereby reduce accidents to a minimum, viz: (1) upon inability to satisfy a judgment arising from an automobile accident or collision or certain infractions of the motor vehicle laws, certain evidence of financial responsibility must be produced to the Commissioner before licenses may be restored; (2) shatter-proof glass is required in all motor vehicles manufactured or assembled, sold and registered in this State after July 1, 1935; (3) periodical inspection of vehicles by designated agencies.

State Departments having to do with regulating the operation of motor vehicles are as follows: (1) Commissioner of Motor Vehicles; (2) Public Service Commission; (3) State Roads Commission; (4) Maryland State Police.

Through Chapter 303 of the Acts of 1935 of the Maryland Legislature, the separation of the Motor Vehicle Deputies from the Office of the Commissioner of Motor Vehicles was effected and a new Department was created, known as the Department of Maryland State Police. The direction of the Department is vested in the superintendent, with the rank of Major, in the Department. He is appointed by the Governor with the advice and consent of the Senate for four years, from the first day of June following his appointment. He is subject to removal by the Governor for official misconduct or incompetency, and, in the event of removal or resignation, the Governor is given the power to appoint a superintendent to hold office for the remainder of the unexpired term of the superintendent who has resigned or is removed from office.

The qualifications of the superintendent are that he shall be a citizen of the United States and a resident and voter of the State of Maryland. His authority is to establish and maintain classification and grades for police employees in the Department as follows: There may be one captain, three lieutenants, one sergeant major, one first sergeant, six detective sergeants, one quartermaster sergeant, one sergeant mechanic, ten sergeants, fourteen corporals, eighteen officers, first class, and twenty-nine officers. He shall also maintain such clerical employees as may be required. He shall designate the authority, responsibility and duties of the various ranks, grades and positions and, with the approval of the State Employment Commissioner, shall set standards and qualifications and fix pre-requisites of training, education and experience. All employees of the Department are in the classified service except the superintendent. After examination under the Merit System and appointment, such appointees, however, must serve a probationary period of one year, during which time they are removable in the discretion of the superintendent and are not within the Merit System.

Six investigators of the Commissioner of Motor Vehicles named in the Act were transferred and rank in the Department as Detective Sergeants. The physician attached to the Commissioner of Motor Vehicles was also transferred. All chefs and civilian employees attached to the motorcycle department were transferred.

The Superintendent is empowered to promote employees to the rank, grade or position in the Department as he may deem necessary for efficient administration, but no person may be promoted to any rank, grade or position unless he shall have filled the grade, rank or position immediately inferior. All promotions up to and including the rank of sergeant are provided to be departmental, and to such promotions the Merit System shall not apply. All promotions above the rank of sergeant must be made in accordance with the provisions of the Merit System on competitive examination. Employees discharged or resigned are not afterwards eligible for re-appointment.

The superintendent is authorized to organize and maintain a training school for employees, which training may be made available to any local unit within the State. He is also authorized to formulate such rules and regulations for the administration of the Department as may seem fit, and to assign, re-assign and transfer employees from one station to another.

The superintendent has power to establish and discontinue headquarters and stations in such localities as he may deem advisable.

The Act provides that the Department shall create and maintain a Bureau of Identification and Statistics.

Provision is also made for the salaries, expenses and maintenance of the Department, to be paid out of the gross income of the Depart-

ment of Commissioner of Motor Vehicles, exclusive of revenue produced by fines and forfeitures, and exclusive of revenue arising from commercial hiring truck license fees and commercial hiring franchise truck fees.

The Act provides that the duties of the police employees are to prevent and detect crime, to apprehend criminals, to enforce the criminal and motor vehicles laws and to perform such other related duties as may be imposed upon them by the Legislature, which power shall be exercised in any and all parts of the State. With the exception of the enforcement of the motor vehicle laws, police powers shall not apply to Charles, Calvert, Howard and Montgomery Counties. It is further provided that the State Police shall not act within the limits of any incorporated municipality which maintains a police force, except under the following circumstances:

(1) When in pursuit of an offender or suspected offender;

(2) When in search of an offender or suspected offender wanted for a crime committed outside of the limits of the municipality, or when interviewing or seeking to interview a witness or a supposed witness to such a crime;

(3) When requested to act by the chief executive officer of the municipality in question or its chief police officer;

(4) When ordered by the Governor to act within the municipality in question.

They are directed to cooperate and exchange information with any other Department or authority with police forces, both within and without the State and with Federal Police forces, toward the end of achieving greater success in preventing and detecting crimes and apprehending criminals.

The superintendent shall annually, within thirty days following the close of the fiscal year of the Department, make a full financial and operative report to the Governor showing the activities of the Department.

The Act went into force and took effect after June 1, 1935.

The Legislative Act under which the present Conservation Department now operates, was enacted in 1935 and all control and executive functions of this Department are vested in a Conservation Commission. The Commission consists of three members, two of which are of the same political party. The Commission is appointed by the Governor, with the consent of the Senate, for a term of four years from the first Monday in June, 1935. (Ch. 523, Act 1935.)

The Department enforces the laws governing the natural resources of the Chesapeake Bay and inland waters; the Conservation of wild life and game; and maintains a research laboratory at Solomons, Md.

OCEAN CITY INLET.

With the enactment of legislation by the General Assembly of 1931, providing certain appropriations for the cutting of an inlet between the Atlantic Ocean and Sinepuxent Bay, dependent upon like action on the part of Congress, came further enactments of Conservation laws governing the seafood resources of Worcester County.

This inlet became an actual fact by reason of the storm of August, 1933, and appropriations were made by the State and Congress for the purpose of perpetuating said inlet, and jetties were built to protect and preserve it, the work being completed by the Government in 1935.

The laws concerning this territory have been in effect since April 2, 1934. They are as follows:

1—All waters in the Isle of Wight, Sinepuxent and Chincoteaque Bays, except those set aside as clamming areas, were declared to be oyster leasing grounds and subject to application for leasing for the purpose of private oyster planting.

2—The State-wide laws on oyster, crabs, and fish applied from April 2nd, 1934, to the waters of Worcester County the same as to the other waters of the State.

The effect of this legislation has been to encourage private oyster planting and numerous applications for oyster leasing have been received at this office.

CHESAPEAKE BIOLOGICAL LABORATORY.

The Chesapeake Biological Laboratory, located at Solomons Island, in the mid-region of the Chesapeake Bay Country, is making marked progress as an institution for wild life research and study. In progress at the Solomons Island institution are investigations into pertinent problems concerning crabs, oysters, fish, and clams, with a new line of research working toward the solution of the biology of the boring sponge, Cliona. In the management of the Laboratory, several colleges and independent institutions are co-operating, to wit: University of Maryland, John Hopkins University, Western Maryland College, Washington College, Goucher College, Carnegie Institution of Washington, and the U. S. Bureau of Fisheries. The following courses were offered as class work to advanced undergraduates and to graduate students during the 1935 session: Economic Zoology, Animal Ecology, Paleontology, Aquatic Insects, Diatoms, Algae, and Protozoology. Class work

is limited to eight students in these various subjects relating to local problems, while an effort is made to keep the registration down to five members in each class. Students are accepted on the basis of interest and scholarship, an effort being made to eliminate all except grade "A" students. All research problems are associated with wild life of the State. Original work rather than formal classes is encouraged.

PROPAGATION OF GAME FISH.

Prior to 1926 the fresh water work was supported by State appropriations and only a limited amount of propagation could be accomplished. Since that time the Angler's License Fund was inaugurated which relieved the State from support in this direction, and the revenue from this source has made possible the following:

Enlarging and improving the Lewistown Hatchery at Frederick County, and leasing and operating in connection with the above named hatchery the White Rock and Richey Camp rearing stations.

The purchase and construction of a 50 acre large mouth bass and crappie station at Fairlee, Kent County, where since 1929, 700,000 bass and crappie have been distributed, mostly in the waters of the Eastern Shore.

The purchase of sixteen acres in connection with the Lewistown Hatchery for the purpose of the propagation of small mouth bass. Four and three quarters acres were completed and operated this season, with an output of 206,000 Bass from two to three inches.

The purchase of land and the construction of Bear Creek Station, Garrett County, that has produced yearly since 1928, 20,000 trout, ranging in size from 7 to 14 inches and which have been stocked in the waters of Garrett County.

The leasing and operation of the Cushwa Rearing Station since 1929, where thousands of trout from 7 to 26 inches are stocked yearly in suitable waters of Washington County.

Steady progress is being made in the development, propagation and restoration of fish life to the interest of the angler and those interested in conservation work.

STATE GAME DEPARTMENT OF MARYLAND.

Game.

The State Game Department, or Game Division, of the Conservation Commission acts as an agency for the enforcement of game and fresh water fish law and is supported entirely from receipts thru the sale of hunting licenses, which are credited to the State Game Protection Fund and disbursed for the protection and propagation of game, however, the deputy game wardens enforce the fish laws at all points above tide water and receive their compensation from the State Game Protection Fund and not from the anglers license. The General Treasury does not appropriate a single penny to the support of the Division.

The State Game Department was created by Chapter 293, General Assembly of 1896 and consolidated with the Conservation Commission by Chapter 682, Acts of 1916 when said Commission was created. Prior to 1916 the General Assembly appropriated $2600 every two years for support and maintenance for said Department. With only one salaried officer, namely the State Game Warden, it was impossible for him, no matter how ambitious he may have been, to make a scratch on the surface in the enforcement of the laws and, of course, did not have one penny to expend for propagation.

The hunters license system was created by Chapter 468, Acts of 1918, which requires those who enjoy the great outdoors to contribute to a Fund for support of the Division and until this law was enacted the Department was one by name and not by action due to the lack of finances. For instances, beginning with the fiscal year of 1916, there was $511 in the Treasury to the credit of the Department. Since the enactment of the hunters license system in 1918, the Department re-

ports $129,000 in assets and no liabilities, with a salaried staff of 26 deputy game wardens stationed throughout the State and 600 non-salaried deputies.

The Department has in operation two State-owned game farms, namely the Gwynnbrook Farm, Baltimore county, and the Wicomico Farm in Wicomico county, where large numbers of bob-white and other species of game are propagated in captivity; also operate a propagation plant on a small scale at the Montgomery county Game Refuge and the Washington county Game Refuge. The Department owns 5301 acres purchased from hunters license receipts and said areas are used as game refuges and propagation plants and in addition has under lease 32,685 acres used for the same purpose.

New Legislation.

During the session of the General Assembly of 1935, there were only two bills enacted pertaining to game, namely Chapter 559 which repealed an old law which had been on the statute books 64 years and which provides what is known as rest days for the hunting of wild waterfowl on the Susquehanna Flats. The new Act provides that wild waterfowl may be hunted on the Susquehanna Flats each day of the week except Sunday.

The second bill, Chapter 359 provides it to be unlawful to hunt wild waterfowl with any gun carrying more than three loads at any one time, said gun must be loaded with shot only and said gun shall not be larger than a No. 10 guage; also provides that it shall be unlawful to use more than 25 live decoys on any one property at any one time and no wild waterfowl except crippled birds not otherwise retrievable shall be shot while resting on water or land. This Act further provides it to be lawful to use what is known as a sneak boat on the waters of the Potomac river in Frederick and Montgomery counties, however, said boat or boats must be licensed by the Clerk of the Court of said county under a license fee of $5.00. Said Act further provides it to be unlawful to locate a shooting stand or blind on land when located at a distance of more than 50 yards from natural shore less than 300 yards apart.

Steuart Purcell	1939	Baltimore

Harold E. West, Examiner and Assistant to Commission,	Severna Park

The Public Service Commission of Maryland was created by Chapter 180 of the Acts of 1910, effective April 5, 1910.

The Governor appoints the three members of the Commission, one of whom he designates as Chairman. The term of office is six years, and the term of one Commissioner expires every two years. The Governor also appoints the General Counsel to the Commission for a term of six years.

The Commission has jurisdiction over steam and electric railroads, street railways, common carriers generally, including all railroad corporations, express companies, sleeping car companies, steamboat, power

boat and ferry companies, toll bridges and also motor vehicles engaged in the public transportation of passengers and freight. The Commission also has jurisdiction over gas companies, electric companies, telephone companies, telegraph companies, water companies and heating and refrigerating companies. The jurisdiction of the Commission is limited to operations within the State of Maryland.

The supervision and jurisdiction of the Commission covers the service furnished, the rates charged, the capitalization, the issue of stocks, bonds, and other securities, the right to exercise franchises granted by the counties and by the cities the right to fix rates for service and to fix standards for service, and general supervisory and regulatory powers over the utilities subject to its jurisdiction. In the exercise of this supervision and jurisdiction, it is the purpose of the Commission to insure and maintain to the public safe and adequate service, at just and reasonable rates, without unjust discrimination.

The Commission is given power to investigate and ascertain the fair value of the property of corporations subject to its jurisdiction.

An annual report showing the financial conditions and operations of each utility under its jurisdiction is required to be filed with the Commission.

By legislation enacted subsequent to the original Act, the Commission has been given power to fix minimum as well as maximum rates, to suspend schedules of rates pending the determination of the reasonableness of the rates proposed, and utilities are forbidden to abandon or discontinue the exercise of franchises without the permission and approval of the Commission.

The Commission has also been authorized to make joint investigations, hold joint hearings, and issue joint or concurrent orders in conjunction or concurrence with any official board or commission of any State or of the United States, under agreements or compacts between States or under the concurrent power of States to regulate interstate commerce, or as an agency of the Federal Government, or otherwise.

The Commission is required by law to test all electric meters and gas meters before installation, and to test meters upon request of the consumer.

The Commission maintains a laboratory in which daily tests are made of the gas furnished in the City of Baltimore, and its inspectors also make regular and frequent tests of the gas and electricity furnished in other parts of the State.

The proceedings before the Commission frequently require hearings, and all such hearings are public and are reported by a stenographer, and a permanent record thereof is kept.

In the case of *ex parte* applications of utilities for permission to exercise franchises, to issue securities or otherwise invoking the jurisdiction of the Commission, the applicant is required to advertise, at its own expense, giving notice of the hearing to be had, so that the public interested may be advised thereof and given the opportunity to be heard with respect thereto.

One of the most important amendments to the original Act is that providing for representation by counsel of the interests of the public in all proceedings before the Commission. The Act now provides for the appointment by the Governor of an experienced and qualified lawyer as People's Counsel, and it is the duty of this official to represent the interests of complainants and of the public generally in proceedings before the Commission.

By Chapter 485 of the Acts of 1931 the Commission is given full jurisdiction over taxicabs operating in Baltimore City. One requirement of this law is that all such taxicabs shall carry insurance or give bond to indemnify the public.

THE STATE INDUSTRIAL ACCIDENT COMMISSION

Secretary, Albert E. Brown, Baltimore.

The State Industrial Accident Commission was created by Chapter 800 of the Acts of the General Assembly of 1914 and provided for three commissioners to be appointed by the Governor, not more than two of whom shall be of the same political party. After the creation of the first Commission the term of a commissioner was for a period of six years.

At the session of the General Assembly of Maryland in 1935 the personnel of the Commission was increased to five, not more than three of whom shall belong to the same political party, two of whom shall be the two Commissioners then in office whose terms expire on April 16, 1937 and April 16, 1939, respectively, and the other three Commissioners shall be appointed by the Governor immediately upon the taking effect of this Act. One of them shall hold office for a term of one year beginning April 16, 1935, another shall hold office for a term of three years beginning April 16, 1935, and another shall hold office for a term of five years beginning April 16, 1935. Upon the expiration of the term of each Commissioner, his successor shall be appointed by the Governor for a term of five years. The Governor designates the Chairman.

(Ch. 800, 1914—Ch. 264, 1935.)

The State Industrial Accident Commission is charged with the duty of administering the Workmen's Compensation Law. The law provides. first, for the payment of compensation to employees injured in certain extra-hazardous employments, and to their dependants in case of death; second, that all employers in such occupations shall secure the payment of such compensation by insuring their liability in a stock or mutual company, or in the State Accident Fund, or by proving to the satisfaction of the Commission their financial ability to pay the compensation.

The business of the Commission is to administer the Workmen's Compensation Act and involves determining what occupations are included, receiving reports of accidents, receiving, investigating and adjudicating claims arising under the Act. Hearings are held in contested cases. In addition to these duties, the Commission administers the State Accident Fund, which is provided by the Act as one of the methods by which employers must insure.

The General Assembly of Maryland in its session of 1929 amended the Workmen's Compensation Law, giving the Commission the power to formulate reasonable rules and regulations for the establishment and maintenance of safety, having in mind the prevention of and reduction in accidents in occupations governed by the provisions of the Workmen's Compensation Law. Shortly after the adoption of this amendment the Commission organized a Safety Department for the purpose of carrying on this work, which department is administered by the Commission.

Since the passage of the Workmen's Compensation Law in 1914 there have been numerous amendments passed by the General Assem-

bly. These amendments had in view the purpose of adapting the law to conditions as they now exist. Some of the more important changes were made in 1931 on the recommendations of a committee appointed by the Governor for that purpose, and were concurred in by representatives of employees, employers and insurance carriers.

The jurisdiction of the State Industrial Accident Commission is continuing. Many petitions for reopening or rehearing, after final settlement of claims, are presented, requiring long record of medical and other testimony, many resulting in appeals. This greatly increases the work and expense of the department from year to year.

When the General Assembly of Maryland in 1914 passed the Workmen's Compensation Act, they recognized the fact that employers might be put in the position where they would not be able to comply with the Act, due to the fact that the private insurance companies would refuse to carry their risk. Furthermore, they felt that inasmuch as this form of insurance was compulsory under the State Law, that they shold provide a place where the insurance could be secured at practically the cost of writing this form of insurance. They, therefore, created the State Accident Fund to be administered by the State Industrial Accident Commission. This Fund has grown gradually and has become the largest writer of Compensation Insurance of Maryland business in the State and is in a strong financial condition, affording sure and ample protection under the Workmen's Compensation Law of Maryland. Due to the fact that the Fund is endeavoring to furnish this protection at as near cost as possible, it has saved a great deal of money for those who have insured through it.

Effective March 1, 1926, the Commission inaugurated a new merit-rating system, the purpose of which is to reward and stimulate the policyholders of the Fund in their work of accident prevention and to measure the rate more closely to the individual hazard of the policyholder, preserving to the policyholder, of course, the basic principles of insurance protection, so that any severe losses will still be distributed. This merit-rating system is working out very satisfactorily, and is offering an incentive to the policy holder to take a greater interest in accident prevention in his plant.

The expense of operating the State Industrial Accident Commission is not a burden upon the taxpayers of the State as the entire expense of the Commission, not including the State Accident Fund, is borne by the private insurance companies which write Compensation Insurance, self-insurers, and the State Accident Fund, while the cost of operating the State Accident Fund is borne by the policyholders insuring in the Fund.

BOARD OF BOILER RULES.

This Board for 1934-35 consists of:

Chairman:

Charles S. Warner, Commissioner of Labor and Statistics, 16 W. Saratoga Street, Baltimore.

Members:

William F. Broening, Chairman of the State Industrial Accident Commission, 741 Equitable Building, Baltimore.

Herbert R. O'Conor, Attorney-General, Baltimore Trust Building, Baltimore.

By the Act of 1920, Chapter 676, a Board of Boiler Rules was created consisting of the Commissioner of the State Bureau of Labor and Statistics, who shall be Chairman; the Attorney-General and the Chairman of the State Industrial Accident Commission.

This Board is created for and charged with the duty of formulating rules and regulations governing the proper construction and installation of boilers of over fifteen pounds to the square inch, for sale or use in this State, and to enforce such rules and regulations and the continued maintenance of them on a basis of proper safety.

INSPECTIONS.

The total number of inspections made by this department during the year 1934 was 23,763 first regular inspections; and 86 special inspections made in connection with activities in the field of industrial hygiene. Of the first regular inspections, 63 were child labor inspections; 5,211 were ten-hour law inspections for women; 1,633 were factory inspections; 43 were homeworker inspections, and 16,813 were general inspections, including establishments where no women or children were found employed, and other establishments to which the ten-hour law does not apply. The total number of persons found employed under the various inspections was 256,832.

Two hundred forty-four (244) boilers were inspected during the year ending September 30, 1934.

Under the child labor law, our inspectors found 39 children employed in 37 establishments in Baltimore City in 1934. This decrease in child labor was due in part to the continued difficulty in securing employment and to the restrictions placed upon child labor by the NRA codes. The total number of cases handled in the Baltimore Permit Department was 6,199. The county cases numbered 544.

BUREAU OF MINES.

Chief Mine Engineer:
John J. Rutledge.....22 Light Street, Baltimore

District Mine Inspectors:
Benjamin H. McCracken.....Allegany County.....Frostburg
Clyde J. Rowe.....Westernport

Stenographer and Clerk:
Miss Julia E. Jefferson.....22 Light Street, Baltimore

The Bureau of Mines was created in the State Board of Labor and Statistics by the General Assembly of 1922. The Chief Mine Engineer was appointed by the Governor from a list of eligibles prepared by the State Employment Commissioner. The Act became effective October 1, 1922.

The Act was prepared by a special commission appointed by the Governor and supersedes the several local laws which governed mining operations in this State prior to the enactment of this law.

The Act makes provision for the inspection, sanitation, ventilation and safeguarding of all the operations connected with mining. Provision is also made for the weighing of all coal mined in the State.

It is the duty of the Chief Mine Engineer to enforce all provisions of the Act. He is given the authority to make and enforce necessary rules and regulations in connection with the enforcement of the Act and the operation of the mines. After hearings had been held in Frostburg and Westernport between the Chief Mine Engineer and opera-

tors and miners, such regulations were issued and became effective March 13, 1929, and have been in force since that date. (Ch. 307, 1922.)

There was created by this Act in the Bureau of Mines a State Mine Examining Board with powers to examine and pass upon the qualifications of applicants for certificates of competency as mine foremen, assistant mine foremen, and fire bosses. Ten examinations have been held at Frostburg, Maryland. The personnel of the Mine Examining Board is as follows:

The Governor, without Senate confirmation, appoints one State Employment Commissioner for a term of six years from October 1, 1931. The other members of the staff of the Commissioner are in the classified service.

The Merit System Law of Maryland (Article 64-A, page 2160, Annotated Code of Maryland—Bagby) creating the State Employment Commission was passed in 1920. It embodies advanced principles of personnel legislation which have made possible the inauguration in Maryland of a progressive personnel program based upon the most favorably accepted practices in both the public and the private fields of employment.

There is no provision in the Law for exempt, non-competitive, or labor groups of employees in the classified service in recognition of the fact that all positions which may properly be placed in the classified service may be handled on the competitive basis. The classified positions range from those held by the lowest paid employees in the institutions to those held by the bureau and division chiefs of the various departments.

By Act of the General Assembly, Session of 1922, Part XVI Chapter 29, there was established the Department of State Employment and Registration, to be composed of the State Employment Commissioner and the various examining and licensing boards of the State, with such additional boards as may hereafter be provided for, the head of this department to be the State Employment Commissioner, and to be known as the Commissioner of State Employment and Registration.

The chief duties devolving upon the Commissioner are the classifying and preparing of specifications for all positions in the classified service; the listing, by appropriate tests, of qualified eligibles for appointment to vacancies which occur or are created; the regulation of such personnel matters as, salary adjustments, transfers, promotions, reinstatements, leaves of absence, and lay-offs; the establishment of procedure to assure tenure of service to those performing meritorious service; and the providing of ways and means for the prompt removal from the service of those who have become indolent, incompetent, inefficient, or otherwise unfit to remain therein. The Commissioner is also required to check payrolls in advance of the payment of salaries to employees in the classified service and to certify to the legality of the appointment of such employees.

The Merit System Law of Maryland is workable, efficient and must be carried out to the letter under the present administration, as publicly announced by Governor Nice.

The Fourteenth Annual Report, giving in detail the activities of the Commissioner for the fiscal year ended September 30, 1934, is available for distribution upon application to the office of the Commissioner.

This school is under the personal management of the Xaverian Brothers, a body of men who devote their lives to the education of boys and young men. Brother John Fidelis is the present Superintendent, and all communications should be addressed to him.

The State of Maryland appropriates $60,000 annually towards the maintenance of the boys sent to the school from the various counties of the State. The wards of the City of Baltimore are paid for by the city at the rate of $16⅔ per month.

The inmates are all colored boys between the ages of 10 and 21 years. Each boy under 16 years of age is required to attend school one-half of each day and be engaged in some industrial work the other half. All inmates over sixteen years of age are required to attend school for one and a half hours five nights a week. Various industries are taught, the principal one being farming. The larger boys are carefully trained in practical farming. All the work of the farm of 1,238 acres is done by the boys under a head farmer and an assistant. The other industries in which the boys are trained are tailoring, shoemaking, painting, laundering, baking, and broom making; others are taught to be waiters. All the clothing worn by the boys is made by them in the tailoring department.

The boys are committed by the courts and magistrates of the State and City of Baltimore. Those coming from Baltimore are committed mostly by the Juvenile Court. All commitments are during minority, but are really indeterminate, as, by an honor system, a boy may earn his parole in one year after he enters the institution.

Chapter 366—acts 1935 authorizes the transfer by the House of Reformation to the Board of Public Works of the State of Maryland, all its property, rights, franchises, privileges and immunities provided the State of Maryland assume all mortgage liens and encumbrances against the same.

Description of the Great Seal of Maryland

The Great Seal and Flag of Maryland are so intimately connected the one with the other that their history is inseparable. The flag of the State bears the escutcheon of the Great Seal—the Calvert and Crossland arms quartered. Maryland is unique in her Great Seal, and presents a marked contrast with those of the other States of the American Union, in that it consists of Armorial bearings of a strictly heraldic character, while the others bear "emblems indicative of agriculture and commerce, plenty and prosperity, or kindred subjects represented in a more or less pictorial or allegorical manner."

The first Great Seal brought over by Governor Leonard Calvert, in 1643, was "Treacherously and violently taken away by Richard Ingle, or his accomplices, in or about February A. D. 1644, and hath ever since been so disposed of it cannot be recovered." In 1648, Baltimore sent to the province, through Governor William Stone, a second Great Seal cut in silver. The escutcheon bore the Calvert and Crossland arms quartered. The first and fourth quarters consisted of "six pales" or verticle bars, alternately gold and black with a bend dexter counter charged—that is, a diagonal stripe on which colors are reversed—being the Calvert arms; the second and third quarters consisted of a quartered field of red and silver charged with a Greek, or equal-limbed cross, classified as "Botany"—its arms terminating in trefoils—and also counter-charged, that is, with the colorings reversed, red being on the silver ground and silver on the red—the latter quarterings being from the Crossland, Baltimore's maternal arms—Alicia Crossland having been the mother of the first Baron of Baltimore, George Calvert. These quarterings were surmounted by an earl's coronet and full-faced helmet, which indicated his rank in America as that of a Count Palatine—his rank in England being that of a Baron only—a distinction which no other American Colonial charter conferred. On the helmet rested the Calvert crest, a ducal crown, with two half bannerets, one gold and one black. The escutcheon was supported on one side by the figure of a farmer, and the other by that of a fisherman—symbols of each his two estates, Maryland and Avalon. Below them was a scroll bearing the Calvert motto: "Fatti maschii Parole Femine"—mainly deeds, womanly words, or more strictly, deeds are males, words, females. Behind the escutcheons and coronets was engraved an ermined-lined mantle, and surrounding all, on a border encircling the seal, was the legend: "Scuto Bonae Voluntatis tuae Coronasti Nos"—with favor wilt thou compass us as with a shield. The heraldic terms used in describing the colors in the Calvert arms are "Or" and "Sable," meaning gold and black.

The Obverse of the Great Seal

The obverse of the Great Seal represents Baron Baltimore as a Knight in full armor, with drawn sword and helmet decorated with feathers. He is mounted on a richly caparisoned charger, in full gallop, adorned with his paternal coat of arms, below which are engraved a strip of seashore, grass and flowers; around the whole is an inscription containing his name and titles, "Cecilius Absolutus Dominus Terrae Mariae et Avaloniae Baro de Baltimore."

The Great Seal of the State, or Nation, stands as her symbol of honor, and the signet by which her official acts are authenticated and accredited. In colonial Maryland to every deed granting lands by the Proprietary, who held the fee therein, to the colonist settlers, was suspended by a piece of linen tape, a large wax seal, with the impression of both the obverse and the reverse of the Great Seal thereon. Upon the accession of William and Mary to the throne of England, Maryland became a Royal Province and the Church of England became the established church of the Province. During the sway of the Royal Governors, from 1692 to 1715, other seals came into use, but upon the restoration to Lord Baltimore in 1716 of the Province, "The Greater Seal at Arms" was again used. The convention of 1776 adopted the Great Seal of the Province as the Great Seal of the State, until a new one could be devised. Later, notably in 1794, and in 1817, many changes were made in it, but in 1876 a joint resolution of the Maryland Legislature was passed restoring the seal to the exact description given of it in Lord Baltimore's Commission to Governor Stone on August 12, 1648. RESOLUTION No. 12, APPROVED SEPTEMBER 27, 1934.

This amendment postpones the collection of benefit assessments until the actual work of physically opening, extending, widening, straightening, closing or grading of any street has been completed; extends the time within which benefit assessments, or the first installments thereof, must be collected from two months to six months from the date the physical work has actually been done; postpones the City's lien for benefit assessments until such physical work has actually been done; requires notice to be placed upon lien certificates that a benefit assessment has been made, from and after the return of the Commissioners for Opening Streets is sent to the City Collector, but that said assessment will not become a lien until the physical work has actually been done; allows benefit assessments to be paid before they become liens and provides for the return of such payments in the event the condemnation ordinance is later repealed or declared invalid; authorizes the Commissioners for Opening Streets to apportion benefit assessments after the completion of their final return; and allows any one dissatisfied with such apportionment to appeal to the Baltimore City Court.

SKETCH OF THE GOVERNOR

Governor: HARRY W. NICE (Republican), Baltimore.

Harry W. Nice was born in the City of Washington, District of Columbia, December 5, 1877. He is a member of the Methodist Episcopal Church, and is the son of the late Reverend Henry Nice and Drucilla Arnold Nice. Reverend Henry Nice, whose ancestors settled in Pennsylvania with William Penn, began his active ministerial duties at Snow Hill, Maryland, in 1857, and thereafter assumed various charges elsewhere in the State of Maryland. Drucilla Arnold Nice, the daughter of William A. Arnold, was born in Alexandria, Virginia.

Harry W. Nice received his early education in the public schools of Baltimore City, later attending Baltimore City College and Dickinson College, Carlisle, Pennsylvania.

Graduating from the University of Maryland with the degree of Bachelor of Laws, he was admitted to the Bar in 1899 and practiced his profession, with offices in the City of Baltimore, continuously until elected Governor of the State of Maryland in 1934.

He has received honorary degrees of Doctor of Laws from the University of Maryland, St. John's College, Dickinson College (Carlisle, Pennsylvania), and Washington College.

On June 8, 1905, Mr. Nice married Edna Viola Amos, of Baltimore City, whose ancestors settled in Somerset County early in the Seventeenth Century. Two children, both boys, have been born to this union, one now deceased, the survivor, Harry W. Nice, Jr., now 28 years of age.

Having served as Secretary to the Mayor of Baltimore, Mr. Nice, early in life was elected a member of the Baltimore City Council. He has served also as Supervisor of Elections; Judge of the Appeal Tax Court; Assistant State's Attorney, and State's Attorney for Baltimore City.

His tenure of office as Assistant State's Attorney and later as State's Attorney for Baltimore City was noteworthy for the successful prosecution of many important cases.

In September, 1919, while serving as State's Attorney for Baltimore City, Mr. Nice received the Republican nomination for Governor of Maryland, and in November, 1919, was defeated by the very narrow margin of 165 votes in an election where more than 228,000 votes were cast for the office of Governor. This was considered a remarkable showing because of the tremendous Democratic book majority then obtaining in the State of Maryland.

After his term of office as State's Attorney for Baltimore City, Mr. Nice retired to the private practice of law and later, in 1934, again entered the field of politics by declaring for the Republican nomination for Governor. In this contest, Mr. Nice was successful over two very formidable opponents and again received his party's nomination for the office of Governor of Maryland.

In the November election following, (1934), Mr. Nice defeated his Democratic opponent, the then incumbent Governor Ritchie, who likewise opposed him in 1919, by a margin of more than 6000 votes.

Attorney General: HERBERT ROMULUS O'CONOR, (Democrat), Baltimore, Maryland.

Herbert Romulus O'Conor, son of the late James P. A. O'Conor and Mary A. G. O'Conor, was born on November 17th, 1896, in Baltimore. He received his early education at St. Paul's Parochial School and graduated from Loyola College, where he received a degree of Bachelor of Arts in 1917, and the degree of Doctor of Laws in 1924. In 1920 he received his Bachelor of Laws degree from the University of Maryland.

Mr. O'Conor became a member of the staff of The Baltimore Sun and Evening Sun, and in 1921 was appointed an Assistant State's Attorney. He occupied this position until January 1st, 1923, when he was appointed People's Counsel of the Public Service Commission.

In the fall of 1923 he became the Democratic nominee for State's Attorney, and was elected to this position by a majority of 30,000 votes. He was the youngest State's Attorney ever to be elected in Baltimore City. In the fall of 1926 he was re-elected by a majority of 58,000 votes, and again in 1930 by a majority of 100,000 votes, the largest majority ever received by a candidate for public office in Baltimore City. In November of 1934 Mr. O'Conor was elected Attorney General, also by a record-breaking majority.

While State's Attorney of Baltimore City, Mr. O'Conor organized the State's Attorney's Association of Maryland, and became its first president. He was also a charter member and officer of the Board of the National Association of Prosecuting Attorneys. He was also Chairman of the State Judicial Commission of Maryland, and in 1932 was named on the Committee on Criminal Law and Statistics of the American Prison Association.

Mr. O'Conor is a member of the National Association of Attorneys General, and is on the Committee on Resolutions.

He is a member of the American Bar Association, the Maryland State and the Baltimore City Bar Associations; he is also a member of the Elks, Moose, Eagles, Knights of Columbus and holds membership in other clubs.

IV. the Region, Islands, Islets, and Limits aforesaid, to be had, exercised, used and enjoyed, as any Bishop of *Durham,* within the Bishoprick or County Palatine of *Durham, in* our Kingdom of *England,* ever heretofore hath had, held, used, or enjoyed, or of Right, could, or ought to have hold, use or enjoy.

V. And WE do by these Presents, for US, our Heirs and Successors, MAKE, CREATE and CONSTITUTE HIM, the now Baron of BALTIMORE, and his Heirs, the TRUE and ABSOLUTE LORDS and PROPRIETARIES of the Region aforesaid, and of all other the Premises (except the before excepted) saving always the Faith and Allegiance and Sovereign Dominion due to US, our Heirs and Successors, to HAVE, HOLD, POSSESS and ENJOY the aforesaid Region, Islands, Islets and other the Premises unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to the sole and proper Behoof and Use of him, the now Baron of BALTIMORE, his Heirs and Assigns forever. To HOLD of US our Heirs and Successors, Kings of *England,* as of our Castle of *Windsor,* in our County of *Berks,* in free and common SOCCAGE, by Fealty only for all Services, and not *in Capite,* nor by Knight's Service, YIELDING therefore unto US, our Heirs and Successors, TWO INDIAN ARROWS of those Parts, to be delivered at the said Castle of Windsor, every Year, on Tuesday in Easter-week; and also the fifth Part of all Gold and Silver Ore, which shall happen from Time to Time, to be found within the aforesaid Limits.

VI. Now, That the aforesaid Region, thus by us granted and described, may be eminently distinguished above all other Regions, of that Territory, and decorated with more ample Titles, KNOW YE, that WE, of our most especial Grace certain Knowledge, and mere Motion, have thought fit that the said Region and Islands be erected into a PROVINCE, as out of the Plentitude of our royal Power and Prerogative, WE do, for US, our Heirs and Successors, ERECT and INCORPORATE the same into a PROVINCE, and nominate the same MARYLAND, by which name WE will that it shall from henceforth be called.

VII. And forasmuch as WE have above made and ordained the aforesaid now Baron of BALTIMORE, the true LORD and PROPRIETARY of the whole PROVINCE aforesaid, KNOW YE therefore further, that WE, for Us, our Heirs, and Successors do grant unto the said now Baron, (in whose Fidelity, Prudence, Justice, and provident Circumspection of Mind, WE repose the greatest Confidence) and to his Heirs, for the good and happy Government of the said PROVINCE, free, full and absolute Power, by the Tenor of

these Presents, to Ordain, Make and Enact LAWS, of what kind soever, according to their sound Discretion, whether relating to the Public State of the said PROVINCE, or the private Utility of Individuals, of and with the Advice, Assent, and Approbation of the Free-Men of the same PROVINCE, or of the great Part of them, or of their Delegates or Deputies, whom WE will shall be called together for the framing of LAWS, when, and as often as Need shall- require by the aforesaid now Baron of BALTIMORE, and his Heirs, and in the Form which shall seem best to him or them, and the same to publish under the Seal of the aforesaid now Baron of BALTIMORE, and his Heirs and duly to execute the same upon all Persons, for the Time being, with the aforesaid PROVINCE and the Limits thereof, or under his or their Government and Power, in Sailing toward MARYLAND, or thence Returning, Outwardbound, either to *England* or elsewhere, whether to any other Part or of any foreign Dominions, wheresoever established, by the Imposition of Fines, Imprisonment, and other Punishment, whatsoever; even if it be necessary, and the Quality of the Offence require it, by Privation of Member, or Life, by him the aforesaid now Baron of BALTIMORE, and his Heirs, or by his or their Deputy, Lieutenant, Judges, Justices, Magistrates, Officers, and Ministers, to be constituted and appointed according to the Tenor and true Intent of these Presents and to constitute and ordain Judges, Justices, Magistrates and Officers, of what Kind, for what Cause, and with what Power soever, within that Land, and the Sea of those Parts, and in such Form as to the said now Baron of BALTIMORE or his Heirs, shall seem most fitting; And also to Remit, Release, Pardon, and Abolish, all Crimes and Offences whatsoever against such Laws, whether before, or after Judgment passed; and to do all and singular other Things belonging to the Completion of Justice, and to Courts, Prætorian Judicatories, and Tribunals, judicial Forms and Modes of Proceeding, although express Mention thereof in these Presents be not made; and, by Judges by them delegated, to award Process, hold Pleas, and determine in those Courts, Prætarian Judicatories, and Tribunals, in all Actions, Suits, Causes and Matters whatsoever, as well Criminal as Personal, Real and Mixed, and Prætarian: Which said Laws, so to be published as above said, WE will, enjoin, charge and command, to be most absolute and firm in Law, and to be kept in those Parts by all the Subjects and Liege-Men of US, our Heirs and Successors, so far as they concern them, and to be inviolably observed under the Penalties therein expressed, or to be expressed.

So NEVERTHELESS, that the Laws aforesaid be Consonant to Reason, and be no repugnant or contrary, but (so far as conveniently may be) agreeable to the Laws, Statutes, Customs and Rights of this Our Kingdom of *England.*

VIII. AND FORASMUCH as, in the Government of so great a PROVINCE, sudden Accidents may frequently happen to which it will be necessary to apply a Remedy before the Freeholders of the said PROVINCE, their Delegates or Deputies, can be called together for the framing of Laws; neither will it be fit that so great a number of People should immediately on such emergent Occasion, be called together, WE THEREFORE, for the better Government of so great a PROVINCE, do Will and Ordain and by these Presents, for US, our Heirs and Successors do grant unto the said now Baron of BALTIMORE, and to his Heirs that the aforesaid now Baron of BALTIMORE, and his Heirs, by themselves, or by their Magistrates and Officers, thereunto duly to be constituted as aforesaid, may, and can make and constitute fit and wholesome Ordinances from Time to Time, to be kept and observed within the PROVINCE aforesaid, as well for the Conservation of the Peace, as for the Better Government of the People inhabiting therein, and publicly to notify the same to all Persons whom the same in any wise do or may affect. Which Ordinances, WE will to be inviolably observed within the said PROVINCE, under the Pains to be expressed in the same. So that the said Ordinances be Consonant to Reason, and be not repugnant nor contrary, but (so far as conveniently may be done) agreeable to the Laws, Statutes, or Right of our Kingdom of *England;* and so that the same Ordinances do not, in any Sort, extend to oblige, bind, charge, or take away the Right or Interest of any Person or Persons, of, or in Member, Life Freehold Goods or Chattels.

IX. FURTHERMORE that the new Colony may more happily increase by a Multitude of People resorting thither, and at the same Time may be more firmly secured from the Incursions of Savages, or of other Enemies, Pirates, and Ravagers WE, therefore, for US, our Heirs and Successors, do by these Presents give and grant Power, License and Liberty, to all the Liege-Men and Subjects, present and future, of US, our Heirs and Successors, except such to whom it shall be expressly forbidden, to transport themselves and their Families to the said PROVINCE, with fitting Vessels, and suitable provisions, and therein to settle, dwell, and inhabit; and to build and fortify Castles, Forts, and other Places of Strength at the Appointment of the aforesaid, now Baron of BALTIMORE, and his Heirs, for the

Public and their own Defense; the Statute of Fugitives, or any other whatsoever to the contrary of the Premises in any wise notwithstanding.

X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain and command that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there, or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland;* and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England;* also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever within our Kingdom of *England,* and other our Dominions, to inherit or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien, and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England,* freely, quietly and peaceably to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England,* without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and cheerful Mind, KNOW YE, that WE of our especial Grace, certain Knowledge, and mere Motion, do, by the aforesaid Baron of BALTIMORE and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing, by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE without the Impediment or Molestation of US, our Heirs or

Successors, of any officers of US, our Heirs or Successors (Saving unto Us, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes), any Statute, Act, Ordinance or other Thing whatsoever to the contrary notwithstanding.

XII. But Because, that in so remote a Region, placed among so many barbarous Nations, the Incursions, as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, Therefore WE have Given, and for US, our Heirs and Successors, do Give by these Presents, as full and unrestrained Power as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by their Captains or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIII. We also will, and by this our CHARTER, do Give unto the aforesaid now baron of BALTIMORE, and to his Heirs and Assigns, Power, Liberty and Authority, that, in Case of Rebellion, sudden Tumult or Sedition, if any (which GOD forbid) should happen to arise, whether upon Land within the Province aforesaid, or upon the High Sea in making a Voyage to the said Province of MARYLAND, or in returning thence, they may, by themselves, or by their Captains, or other Officers, thereunto deputed under their Seals (to whom WE, for US, our Heirs and Successors, by these Presents, do Give and Grant the fullest Power and Authority) exercise Martial Law as freely, and in as ample Manner and Form, as any Captain-General of any Army, by virtue of his Office may, or hath accustomed to use the same, against the seditious Authors of Innovations in those Parts, withdrawing themselves from the Government of him or them, refusing to serve in War, flying over to the Enemy, exceeding their Leave of Absence, Deserters, or otherwise howsoever offending against the Rule, Law, or Discipline of War.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, We, for US, our Heirs and Successors, do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards, Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into Buroughs, and Buroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although they shall be such as in their own Nature, require a more special Commandment and Warrant than in these Presents may be expressed.

XV. WE WILL also, and by these Presents do, for US, our Heirs and Successors, give and grant License by this our CHARTER, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and to all Persons whatsoever, who are, or shall be, Residents and Inhabitants of the PROVINCE aforesaid, freely to import and unlade, by themselves, their Servants, Factors or Assigns, all Wares and Merchandizes whatsoever, which shall be collected out of the Fruits and Commodities of the said PROVINCE, whether the Product of the Land or the Sea, into any of the Ports whatsoever of US, our Heirs and Successors, of *England* or *Ireland*, or otherwise to dispose of the same there; and, if Need be, within One Year, to be computed immediately from the Time of unlading thereof, to lade the same Merchandizes again in the same or other Ships, and to export the same to any other Countries they shall think proper, whether belonging to US, or any foreign Power, which shall be in Amity with US, our Heirs or Successors; Provided always, that they be bound to pay for the same to US, our Heirs and Successors, such Customs and Impositions, Subsidies and Taxes, as our other Subjects of the Kingdom of *England*, for the Time being shall be bound to pay, beyond which WE WILL that the Inhabitants of the aforesaid PROVINCE of the said Land, called MARYLAND, shall not be burdened.

XVI. AND FURTHERMORE, of our more ample special

Grace, aud of our certain Knowledge, and mere Motion, WE do for US, our Heirs and Successors, grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute Power and Authority to make, erect and constitute, within the PROVINCE of MARYLAND, and the Islands and Islets aforesaid, sueh, and so many Sea-Ports, Harbours, Creeks, and other Places of Unlading and Discharge of Goods and Merchandize out of Ships, Boats and other Vessels, and of Lading in the same, and in so many, and such places, and with such rights, Jurisdictions, liberties and privileges, unto such Ports respecting, as to him or them shall seem most expedient: And, that all and every the Ships, Boats and other Vessels whatsoever, coming to, or going from the PROVINCE aforesaid, for the Sake of Merchandizing, shall be laden and unladen at such Ports only as shall be so erected and constituted by the said now Baron of BALTIMORE, his Heirs and Assigns, and Usage, Custom, or any other Thing whatsoever to the contrary notwithstanding, SAVING always to US, our Heirs and Successors, and to all the Subjects of our Kingdoms of *England* and *Ireland*, of US, our Heirs and Succesors, the Liberty of Fishing for Sea-Fish as well in the Sea, Bays, Straits and navigable Rivers, as in the Harbours, Bays, and Creeks of the PROVINCE aforesaid; and the Privilege of Salting and Drying Fish on the Shores of the same PROVINCE, and for that Cause, to cut down and take Hedging-Wood and Twigs there growing, and to build Huts and Cabbins, necessary in this Behalf in the same Manner as heretofore they reasonably might, or have used to do. Which Liberties and Privileges, the said Subject of US, our Heirs and Sucessors shall enjoy without notable Damage or Injury in any wise to be done to the aforesaid now Baron of BALTIMORE, his Heirs or Assigns, or to the Resideuts and Inhabitants of the same PROVINCE in the Ports, Creeks and Shores aforesaid, and especially in the Woods and Trees there growing. And if any Person shall do damage or Injury of this kind he shall incur the Peril and Pain of the heavy Displeasure of US, our Heirs and Successors, and of the due Chastisement of the Laws, besides making Satisfaction.

XVII. MOREOVER, WE will, appoint, and ordain and by these Presents, or US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that the same Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, for ever, shall have, and enjoy the Taxes and Subsidies payable, or arising within the Ports, Harbours and other Creeks and Places

aforesaid, within the PROVINCE aforesaid, for Wares bought and sold, and Things there to be laden and unladen, to be reasonably assessed by them, and the People there as aforesaid, on emergent Occasion; to whom WE grant Power and by these Presents, for US, our Heirs and Successors to assess and impose the said Taxes and Subsidies there, upon just Cause, and in due Proportion.

XVIII. AND FURTHERMORE, of our special Grace and certain Knowledge, and mere Motion, WE have given, granted and confirmed, and by these Presents, for US, our Heirs and Successors, do give, grant, and confirm, unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, full and absolute License, Power and Authority that he, the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, from Time to Time, hereafter, for ever, may and can, at his or their Will and Pleasure, assign, alien, grant, demise, or enfeoff so many, such and proportionate Parts and Parcels of the Premises, to any Person or Persons, willing to purchase the same, as they shall think convenient, to have and to hold to the same Person or Persons willing to take or purchase the same, and his and their Heirs and Assigns, in Fee-Simple, of Fee-tail, or for Term of Life, Lives or Years; to hold of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, by so many, such and so great Services, Customs and Rents OF THIS KIND, as to the same now Baron of BALTIMORE, his Heirs and Assigns, shall seem fit and agreeable, and not immediately of US, our Heirs or Successors. And WE do give, and by these Presents, for US, our Heirs or Successors, do grant to the same Person and Persons, and to each and every of them, License, Authority and Power, that such Person or Persons, may take the premises, or any Parcel thereof, of the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, and hold the same to them and their Assigns, or their Heirs of the aforesaid Baron of BALTIMORE, his Heirs and Assigns of what Estate of Inheritance soever, in Fee-Simple or Fee-tail, or otherwise, as to them and the now Baron of BALTIMORE, his Heirs and Assigns, shall seem expedient; the Statute made in the Parliament of Lord EDWARD, son of King HENRY, the late King of *England*, our Progenitor, commonly called the "STATUTE QUIA EMPTORES TERRARUM," heretofore published in our Kingdom of *England*, or any other Statute, Act, Ordinance, Usage, Law, or Custom, or any other Things, Cause, or Matter, to the contrary thereof, heretofore had, done, published, ordained or provided to the contrary thereof notwithstanding.

XIX. WE, also, by these Presents, do give and grant License to the same Baron of BALTIMORE, and to his Heirs, to erect any Parcels of Land within the PROVINCE aforesaid, into Manors, and in every of those Manors, to have and to hold a Court-Baron, and all Things which to a Court-Baron do belong: and to have and to keep View of Frank-Pledge, for the Conservation of the Peace and Better Government of those Parts, by themselves and their Stewards, or by the Lords, for the Time being to be deputed, of other of those Manors, when they shall be constituted, and in the same to exercise all Things to the View of Frank-Pledge belonging.

XX. AND FURTHER, WE will, and do, by these Presents, for US, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of BALTIMORE, his Heirs and Assigns, that We, our Heirs and Successors, at no Time hereafter will impose, or make or cause to be imposed, any Impositions, Customs, or other Taxations, Quotas or Contributions whatsoever, in or upon the Residents or Inhabitants of the PROVINCE aforesaid, for their Goods, Lands, or Tenements within the same PROVINCE, or upon any tenements, lands, goods of chattels within the PROVINCE, aforesaid, or in or upon any Goods or Merchandizes within the PROVINCE aforesaid, or within the Ports or Harbours of the said PROVINCE, to be laden or unladen: And WE Will and do, for US, our Heirs and Successors, enjoin and command that this our Declaration shall from Time to Time, be received and allowed in all our Courts and Prætorian Judicatories, and before all the Judges whatsoever of US, our Heirs and Successors, for a sufficient and lawful Discharge, Payment and Acquittance thereof, charging all and singular the Officers and Ministers of US, our Heirs and Successors, and enjoining them, under our heavy Displeasure, that they do not at any Time presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same, but that they, at all Times as is fitting, do aid and assist the aforesaid now Baron of BALTIMORE, and his Hears, and the aforesaid Inhabitants and Merchants of the PROVINCE of MARYLAND aforesaid, and their Servants and Ministers, Factors and Assigns, in the fullest Use and Enjoyment of this our CHARTER.

XXI. AND FURTHERMORE WE WILL, and by these Presents, for US, our Heirs and Successors, do grant unto the aforesaid now Baron of BALTIMORE, his Heirs and Assigns and to the Freeholders and Inhabitants of the said PROVINCE, both present and to come, and to every of them,

that the said PROVINCE and the Freeholders or Inhabitants of the said Colony or Country, shall not henceforth be held or reputed a member or Part of the Land of *Virginia* or of any other Colony already transported, or heerafter to be transported, or to be dependent on the same, or subordinate in any kind of Government, from which WE do separate both the said PROVINCE, and Inhabitants thereof, and by these presents do WILL to be distinct, and that they may be immediately subject to our Crown of *England,* and dependent on the same for ever.

XXII. AND if, peradventure, hereafter it may happen that any Doubts or Questions should arise concerning the true Sense and Meaning of any Word, Clause or Sentence, contained in this our present CHARTER, WE will, charge and command, THAT Interpretation to be applied, always, and in all Things, and in all our Courts and Judicatories whatsoever, to obtain which shall be judged to be the more beneficial, profitable, and favourable to the aforesaid now Baron of BALTIMORE, his Heirs and Assigns: PROVIDED always that no Interpretation thereof be made, whereby GOD'S holy and true Christian Religion, or the Allegiance due to US, our Heirs and Successors, may in any wise suffer by Change, Prejudice, or Diminution; although express Mention be not made in these Presents of the true yearly Value or Certainty of the Premises, or any Part thereof, or of other Gifts and Grants made by US, our Heirs and Predecessors, unto the said now Lord BALTIMORE, or any Statute, Act, Ordinance, Provision, Proclamation or Restraint heretofore had, made, published, ordained or provided, or any other Thing, Cause or Matter Whatsoever, to the contrary thereof in any wise notwithstanding.

CONSTITUTION OF MARYLAND

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND THIRTY-ONE.

DECLARATION OF RIGHTS

We, the people of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their form of Government in such manner as they may deem expedient.

Art. 2. SEC. 20. A court shall be held in each county of the State, to be styled the Circuit Court for the county in which it may be held. The said Circuit Courts shall have and exercise, in the respective counties, all the power, authority and jurisdiction, original and appellate, which the present Circuit Courts of this State now have and exercise, or which may hereafter be prescribed by law.

SEC. 21. For each of the said circuits (excepting the eighth and third) there shall be a chief judge and two associate judges, to be styled Judges of the Circuit Court to be elected or appointed as herein provided, and for the third circuit there shall be a Chief Judge and three associate judges to be styled Judges of the Circuit Court to be elected or appointed as herein provided.

And no two of said associate judges for any of the said circuits, except the third circuit shall, at the time of their election or appointment or during the term for which they may have been elected or appointed, reside in the same county. If two or more persons shall be candidates for associate judge in the same county in any of the circuits, except the third circuit, that one only in said county shall be declared elected who has the highest number of votes in the circuit. In case any two candidates for associate judge in any of the circuits, except the third circuit, residing in the same county, shall have an equal number of votes greater than any other candidate for associate judge in the circuit, it shall be the duty of the Governor to order a new election for one associate judge; but the person residing in any other county of the circuit and who has the next highest number of votes shall be declared elected.

SEC. 22. Where any term is held, or trial conducted by less than the whole number of said Circuit Judges, upon the decision or determination of any point or question by the court, it shall be competent to the party against whom the ruling or decision is made, upon motion, to have the point or question reserved for the consideration of the three judges of the Circuit, who shall constitute a court in *banc* for such purpose; and the motion for such reservation shall be entered of record during the sitting at which such decision may be made; and the several Circuit Courts shall regulate, by rules, the mode and manner of presenting such points or questions to the court in *banc,* and the decision of the said court in *banc* shall be the effective decision in the premises, and conclusive, as against the party at whose motion said points or questions were reserved; but such decision in *banc* shall not preclude the right of appeal or writ of error to the adverse party in those cases, civil or criminal, in which appeal or writ of error to the Court of Appeals may be allowed by law. The right of having questions reserved shall not, however, apply to trials of appeals from judgments of Justices of Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the penitentiary; and this section shall be subject to such provisions as may hereafter be made by law.

tered voters of said city or five registered voters in any such counties. Nominations for members for said charter board may be made not less than forty days prior to said election by the Mayor of Baltimore and City Council of the City of Baltimore or the County Commissioners of such county, or not less than twenty days prior to said election by petition bearing the signatures written in their own handwriting (and not by their mark) of not less than 5 per cent of the registered voters of the said City of Baltimore or said county; provided, that in any case two thousand signatures of registered voters shall be sufficient to complete any such nominating petition, and if not more than eleven registered voters of the City of Baltimore or not more than five registered voters in any such county are so nominated their names shall not be printed on the ballot, but said eleven registered voters in the City of Baltimore or five in such county shall constitute said charter board from and after the date of said election. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five members in the county receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within six months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in said the City of Baltimore or county within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said city or county at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the *thirtieth day* from the date of such election shall become the law of said city or county, subject only to the Constitution

and Public General Laws of this State, and any Public Local Laws inconsistent with the provisions of said charter and former charter of said the City of Baltimore or county shall be thereby repealed.

SEC. 2. The General Assembly at its first session after the adoption of this amendment shall, by Public General Law, provide a grant of express powers for such county or counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said city or county. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in the county as the President of the County Council of the county, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Commissioners of the counties shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for, whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any county of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said county, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said city or county, including the power to repeal or amend Local Laws of said city or county enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any county in this State to enact laws or regulations for any in-

corporated town, village, or municipality in said county, on any matter covered by the powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory thereto. Provided, however, that the charters of the various counties shall provide that the County Council of the counties shall not sit more than one month in each year for the purpose of enacting legislation for such counties, and all legislation shall be enacted during the month so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties, hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said Local Law and any Public General Law now or hereafter enacted, the Public General Law shall control.

Sec. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any county of this State, no Public Local Law shall be enacted by the General Assembly for said city or county on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical sub-division" herein used shall be taken to mean the City of Baltimore or any of the counties of this State.

Sec. 5. Amendments to any charter adopted by the City of Baltimore or by any county of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said county, or by a petition signed by not less than 20 per cent of the registered voters of said city or county, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said city or county at the next general or Congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment

shall be adopted and become a part of the charter of said city or county from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said city or county.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6, inclusive, Article XI of this Constitution, when expressly granted as hereinbefore provided, are hereby transferred to the voters of each county and the voters of the City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further, that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said counties or city as this Article sets forth.

SEC. 7. The word "Petition," as used in this Article, means one or more sheets written or printed or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered. The authenticity of such signatures and the fact that the persons so signing are registered voters shall be evidenced by the affidavit of one or more registered voters of the city or county in which said voters so signing are registered, and one affidavit may apply to or cover any number of signatures to such petition. The false signing of any name, or the signing of any fictitious name to said petition shall be forgery, and the making of any false affidavit in connection with said petition shall be perjury.

ARTICLE XII.

PUBLIC WORKS.

SECTION 1. The Governor, the Comptroller of the Treasury and the Treasurer shall constitute the Board of Public Works in this State. They shall keep a journal of their proceedings, and shall hold regular sessions in the City of Annapolis on the first Wednesday in January, April, July and October in each year, and oftener if necessary; at which

sessions they shall hear and determine such matters as affect the public works of the State, and as the General Assembly may confer upon them the power to decide.

SEC. 2. They shall exercise a diligent and faithful supervision of all public works in which the State may be interested as stockholder or creditor, and shall represent and vote the stock of the State of Maryland in all meetings of the stockholders of the Chesapeake and Ohio Canal; and shall appoint the directors in every railroad and canal company in which the State has the legal power to appoint directors, which said directors shall represent the State in all meetings of the stockholders of the respective companies for which they are appointed or elected. And the president and directors of the said Chesapeake and Ohio Canal Company shall so regulate the tolls of said company from time to time as to produce the largest amount of revenue, and to avoid the injurious effect to said company of rival competition by other internal improvement companies. They shall require the directors of all said public works to guard the public interest and prevent the establishment of tolls which shall discriminate against the interest of the citizens or products of this State and from time to time, and as often as there shall be any change in the rates of toll on any of the said works, to furnish the said Board of Public Works a schedule of such modified rates of toll, and so adjust them as to promote the agricultural interests of the State; they shall report to the General Assembly at each regular session, and recommend such legislation as they may deem necessary and requisite to promote or protect the interests of the State in the said public works; they shall perform such other duties as may be hereafter prescribed by law, and a majority of them shall be competent to act. The Governor, Comptroller and Treasurer shall receive no additional salary for services rendered by them as members of the Board of Public Works. The provisions of the Act of the General Assembly of Maryland of the year 1867, Chapter 359, are hereby declared null and void.

SEC. 3. The Board of Public Works is hereby authorized, subject to such regulations and conditions as the General Assembly may from time to time prescribe, to sell the State's interest in all works of internal improvement, whether as a stockholder or a creditor, and also the State's interest in any banking corporation, receiving in payment the bonds and registered debt now owing by the State, equal in amount to the price obtained for the State's said interest.*

* Thus amended by Act of 1890, Chapter 363, and ratified by the people November 3, 1891.

ARTICLE XIII.

NEW COUNTIES.

SECTION 1. The General Assembly may provide, by law, for organizing new counties, locating and removing county seats and changing county lines; but no new county shall be organized without the consent of the majority of the legal voters residing within the limits proposed to be formed into said new county; and whenever a new county shall be proposed to be formed out of portions of two or more counties, the consent of majority of the legal voters of such part of each of said counties, respectively, shall be required; nor shall the lines of any county be changed without the consent of a majority of the legal voters residing within the district, which, under said proposed change, would form a part of a county different from that to which it belonged prior to said change; and no new county shall contain less than four hundred square miles, nor less than ten thousand white inhabitants; nor shall any change be made in the limits of any county, whereby the population of said county would be reduced to less than ten thousand white inhabitants, or its territory reduced to less than four hundred square miles.

SEC. 2. At the election to be held for the adoption or rejection of this Constitution, in each election district, in those parts of Worcester and Somerset counties, comprised within the following limits, viz: Beginning at the point where Mason and Dixon's line crosses the channel of Pocomoke river, thence following said line to the channel of the Nanticoke river; thence with the channel of said river to Tangier Sound, or the intersection of Nanticoke and Wicomico rivers; thence up the channel of the Wicomico river to the mouth of Wicomico creek; thence with the channel of said creek and Passerdyke creek to Dashield's or Disharoon's Mills; thence with the mill pond of said mills and branch following the middle prong of said branch, to Meadow Bridge, on the road dividing the counties of Somerset and Worcester, near the southwest corner of farm of William P. Morris; thence due east to the Pocomoke river; thence with the channel of said river to the beginning; the Judges of Election, in each of said districts, shall receive the ballots of each elector, voting at said election, who has resided for six months preceding said election within said limits, for or against a new county; and the return judges of said election districts shall certify the result of such voting, in the manner now prescribed by law, to the Governor, who shall by proclamation make known the same, and if a majority of the legal votes cast within that part of Wor-

cester county, contained within said lines, and also a majority of the legal votes cast within that part of Somerset county, contained within said lines, shall be in favor of a new county, then said parts of Worcester and Somerset counties shall become and constitute a new county, to be called Wicomico county, and Salisbury shall be the county seat. And the inhabitants thereof shall thenceforth have and enjoy all such rights and privileges as are held and enjoyed by the inhabitants of the other counties of this State.

SEC. 3. When said new county shall have been so created, the inhabitants thereof shall cease to have any claim to, or interest in, the county buildings and other public property of every description belonging to said counties of Somerset and Worcester, respectively, and shall be liable for their proportionate shares of the then existing debts and obligations of the said counties according to the last assessment in said counties, to be ascertained and apportioned by the Circuit Court of Somerset county, as to the debts and obligations of said county, and by the Circuit Court of Worcester county as to the debts and obligations of Worcester county, on the petition of the County Commissioners of the said counties, respectively; and the property in each part of the said counties included in said new county shall be bound only for the share of the debts and obligations of the county from which it shall be separated; and the inhabitants of said new county shall also pay the county taxes levied upon them at the time of the creation of such new county, as if such new county had not been created; and on the application of twelve citizens of the proposed county of Wicomico, the Surveyor of Worcester county shall run and locate the line from Meadow Bridge to the Pocomoke river, previous to the adoption or rejection of this Constitution, and at the expense of said petitioners.

SEC. 4. At the first general election held under this Constitution the qualified voters of said new county shall be entitled to elect a Senator and two Delegates to the General Assembly, and all such county or other officers as this Constitution may authorize, or require to be elected by other counties of the State; a notice of such election shall be given by the Sheriffs of Worcester and Somerset counties in the manner now prescribed by law; and in case said new county shall be established, as aforesaid, then the counties of Somerset and Worcester shall be entitled to elect but two Delegates each to the General Assembly.

SEC. 5. The county of Wicomico, if formed according to the provisions of this Constitution, shall be embraced in the First Judicial Circuit, and the times for holding the courts

therein shall be fixed and determined by the General Assembly.

SEC. 6. The General Assembly shall pass all such laws as may be necessary more fully to carry into effect the provisions of this Article.

ARTICLE XIV.

AMENDMENTS TO THE CONSTITUTION.

SECTION 1. The General Assembly may propose amendments to this Constitution; provided, that each amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses by yeas and nays, to be entered on the journals with the proposed amendment. The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers in each county, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, one of which shall be in the German language, once a week for at least three months preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall, by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as that each amendment shall be voted on separately.

SEC. 2. It shall be the duty of the General Assembly to provide by law for taking, at the general election to be held in the year eighteen hundred and eighty-seven, and every twenty years thereafter, the sense of the people in regard to calling a convention for altering this Constitution; and if a majority of voters at such election or elections shall vote for

a convention, the General Assembly, at its next session, shall provide by law for the assembling of such convention, and for the election of Delegates thereto. Each county and Legislative District of the City of Baltimore shall have in such convention a number of Delegates equal to its representation in both Houses at the time at which the convention is called. But any Constitution, or change, or amendment, of the existing Constitution, which may be adopted by such convention shall be submitted to the voters of this State, and shall have no effect unless the same shall have been adopted by a majority of the voters voting thereon.

SEC. 3. The Governor and all officers, civil and military, now holding office under this State, whether by election or appointment, shall continue to hold, exercise and discharge the duties of their offices (unless inconsistent with or otherwise provided in this Constitution), until they shall be superseded under its provisions, and until their successors shall be duly qualified.

ARTICLE XVI.*

THE REFERENDUM.

SECTION 1. (a) The people reserve to themselves power known as The Referendum, by petition to have submitted to the registered voters of the State, to approve or reject at the polls, any Act, or part of any Act of the General Assembly, if approved by the Governor, or, if passed by the General Assembly over the veto of the Governor.

(b) The provisions of this Article shall be self-executing; provided that additional legislation in furtherance thereof and not in conflict therewith may be enacted.

SEC. 2. No law enacted by the General Assembly shall take effect until the first day of June next after the session at which it may be passed, unless it contain a section declaring such law an emergency law and necessary for the immediate preservation of the public health or safety, and passed upon a yea and nay vote supported by three-fifths of all the members elected to each of the two Houses of the General Assembly; provided, however, that said period of suspension may be extended as provided in Section 3 (b) hereof. If before said first day of June there shall have been filed with the Secretary of the State a petition to refer to a

vote of the people any law or part of a law capable of referendum, as in this Article provided, the same shall be referred by the Secretary of State to such vote, and shall not become a law or take effect until thirty days after its approval by a majority of the electors voting thereon at the next ensuing election held throughout the State for Members of the House of Representatives of the United States. An emergency law shall remain in force notwithstanding such petition, but shall stand repealed thirty days after having been rejected by a majority of the qualified electors voting thereon; provided, however, that no measure creating or abolishing any office, or changing the salary, term of duty of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be enacted as an emergency law. No law making any appropriation or maintaining the State Government, or for maintaining or aiding any public institution, not exceeding the next previous appropriation for the same purpose, shall be subject to rejection or repeal under this section. The increase in any such appropriation for maintaining or aiding any public institution shall only take effect as in the case of other laws, and such increase or any part thereof specified in the petition, may be referred to a vote of the people upon petition.

Sec. 3. (a) The referendum petition against an Act or part of an Act passed by the General Assembly, shall be sufficient if signed by ten thousand qualified voters of the State of Maryland, of whom not more than half shall be residents of Baltimore City, or of any one county; provided that any Public Local Law for any one county or the City of Baltimore shall be referred by the Secretary of State only to the people of said county or City of Baltimore, upon a referendum petition of ten per cent of the qualified voters of said county or City of Baltimore as the case may be, calculated upon the whole number of votes cast therein respectively for Governor at the last preceding Gubernatorial election.

(b) If more than one-half, but less than the full number of signatures required to complete any referendum petition against any law passed by the General Assembly, be filed with Secretary of State before the first day of June, the time for the law to take effect, and for filing the remainder of signatures to complete the petition shall be extended to the thirtieth day of the same month, with like effect.

Sec. 4. A petition may consist of several papers, but each paper shall contain the full text of the Act or part of Act petitioned upon; and there shall be attached to each such

paper an affidavit of the person procuring the signatures thereon that of the said person's own personal knowledge every signature thereon is genuine and bona fide, and that the signers are registered voters of the State of Maryland, and of the City of Baltimore, or county, as the case may be, as set opposite their names and no other verification shall be required.

SEC. 5. (a) The General Assembly shall provide for furnishing the voters of the State the text of all measures to be voted upon by the people; provided, that until otherwise provided by law the same shall be published in the manner prescribed by Article XIV of the Constitution for the publication of proposed Constitutional Amendments.

(b) All laws referred under the provisions of this Article shall be submitted separately on the ballots to the voters of the people, but if containing more than two hundred words, the full text shall not be printed on the official ballots, but the Secretary of State shall prepare and submit a ballot title of each such measure in such form as to present the purpose of said measure concisely and intelligently. The ballot title may be distinct from the legislative title, but in any case the legislative title shall be sufficient. Upon each of the ballots, following the ballot title or text, as the case may be, of each such measure, there shall be printed the words "For the Referred Law" and "Against the Referred Law," as the case may be. The votes cast for and against any such referred law shall be returned to the Governor in the manner prescribed with respect to proposed amendments to the Constitution under Article XIV of this Constitution, and the Governor shall proclaim the result of the election, and, if it shall appear that the majority of the votes cast on any such measure were cast in favor thereof, the Governor shall, by his proclamation, declare the same having received a majority of the votes to have been adopted by the people of Maryland as a part of the laws of the State, to take effect thirty days after such election, and in like manner and with like effect the Governor shall proclaim the result of the local election as to any Public Local Law which shall have been submitted to the voters of any county or of the City of Baltimore.

SEC. 6. No law or Constitutional Amendment, licensing, regulating, prohibiting, or submitting to local option, the manufacture or sale of malt or spirituous liquors, shall be referred or repealed under any Act of the provisions of this Article.

Sec. 5. The terms of all State and county officers heretofore elected by qualified voters, and whose successors would not be elected until the Tuesday next after the first Monday of November, nineteen hundred and twenty-five, shall be increased by one year, and their successors shall be elected for the regular term at the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-six. The terms of all State and county officers heretofore elected by qualified voters, and whose successors would not be elected until the Tuesday next after the first Monday of November, nineteen hundred and twenty-seven, shall remain unchanged; their successors shall be elected for a term of three years at the elections to be held on the Tuesday next after the first Monday of November, nineteen hundred and twenty-six, but shall not take office until the expiration of the full term for which their predecessors have been elected; and their successors shall be elected for the regular term at the election to be held on the Tuesday next after the first Monday of November, nineteen hundred and thirty. Nothing herein shall affect the terms of any judge of the Circuit Court of the several circuits, the member of the Court of Appeals from Baltimore City or any member of the Supreme Bench of Baltimore City; if the term of any such judge shall expire in a year in which no election for members of the General Assembly is held, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the next general election for members of the General Assembly, when a successor shall be elected for the term elsewhere provided. The terms of all State and county officers heretofore appointed for terms which will not expire until during the years nineteen hundred and twenty-five, nineteen hundred and twenty-six, nineteen hundred and twenty-seven or nineteen hundred and twenty-eight shall be reduced by one year, and their successors shall be appointed for the terms now provided by law in the years nineteen hundred and twenty-four, nineteen hundred and twenty-five, nineteen hundred and twenty-six or nineteen hundred and twenty-seven, respectively. In the event that the term of any officer appointed by the Governor with the advice and consent of the Senate shall expire in the years nineteen hun-

dred and twenty-five or twenty-six, the Governor shall have power to appoint a successor, who shall serve for the full term subject to confirmation by the Senate at the regular session to be held under this Article in the year nineteen hundred and twenty-seven.

SEC. 6. The General Assembly shall meet on the first Wednesday of January, nineteen hundred and twenty-four, for a regular session, and shall not meet again for a regular session until the first Wednesday of January, nineteen hundred and twenty-seven, and the General Assembly shall meet on the same day in every second year thereafter and at no other time, unless convened by proclamation of the Governor.

SEC. 7. The term of the Treasurer elected by the General Assembly at the regular session of nineteen hundred and twenty-four shall be three years. Thereafter the term shall be the same as elsewhere provided.

SEC. 8. The terms of the members of the Board of Supervisors of Elections of Baltimore City and of the several counties shall commence on the first Monday of June next ensuing their appointment.

SEC. 9. The vote to be held under the provisions of Section 2 of Article XIV of the Constitution for the purpose of taking the sense of the people in regard to calling a Constitutional Convention shall be held at the general election in the year nineteen hundred and thirty, and every twenty years thereafter.

SEC. 10. The Governor shall submit three budgets to the General Assembly at the regular session of nineteen hundred and twenty-four, in accordance with the provisions of Section 52 of Article III of the Constitution, for the three fiscal years beginning October first, nineteen hundred and twenty-four, and ending September thirtieth, nineteen hundred and twenty-seven, and two budgets to the general Assembly at the regular session of nineteen hundred and twenty-seven, and thereafter as now provided by said section.

SEC. 11. The purpose of this Article is to reduce the number of elections, by providing that all State and county elections shall be held only in every fourth year, and at the time now provided by law for holding congressional elections; and to bring all terms of appointive officers into harmony with the changes affected in the time of the beginning of the terms of elective officers; and the administrative and judicial officers of the State shall construe the provisions of

this Article so as to effectuate that purpose. For the purpose of this Article only the word "officers" shall be construed to include those holding positions and other places of employment in the State and county governments whose terms are fixed by law, but it shall not include any appointments made by the Board of Public Works, nor appointments by the Governor for terms of three years.

SEC. 12. The General Assembly, at the regular session of the year nineteen hundred and twenty-four, shall make such changes in the primary and general election laws, and otherwise, as may be necessary to carry out the provisions of this Article. There shall be no election for State or county officers in the year nineteen hundred and twenty-five.

SEC. 13. In the event of any inconsistency between the provisions of this Article and any of the other provisions of the Constitution, the provision of this Article shall prevail, and all other provisions shall be repealed or abrogated to the extent of such inconsistency.

Maryland State Flag

The flag of the State bears the escutcheon of the great seal—the Calvert and Crossland arms quartered. The device seems to have been adopted by common consent, as there was no formal adoption of any design as the official flag of the State until 1904. To Mr. James W. Thomas, of Cumberland, Md., the author of "Chronicles of Colonial Maryland," is due the credit of the passage of the Act of 1904, Chapter 48, "to formally adopt and legalize the Maryland flag."

That the Colony had a distinct flag or standard we know. The first recorded instance of the use of a Maryland flag occurs in Leonard Calvert's report of the reduction of Kent Island (February, 1638), in which he says that he and his force marched with Baltimore's banner displayed. At the Battle of the Severn, in 1655, where the supporters of the proprietary government, under William Stone, the Governor, were defeated by the Puritan party under Captain William Fuller, Stone's forces marched under the flag of Maryland, borne by William Nugent, "Standard bearer of the Province," while Fuller's party displayed the Flag of the Commonwealth, charged with the crosses of St. George and St. Andrew. It is also said that a Maryland flag was carried by the Marylanders who accompanied Braddock's expedition against Fort DuQuesne (Pittsburgh), in 1755.

The Maryland Flag, like the great seal, was evidently designed and adopted by Cecilius, Lord Baltimore, and sent out by him with the Colony, as it was unfurled and officially used a few days after taking formal possession of the Province, when Governor Calvert, to more forcibly impress the natives, ordered the "Colors to be brought on shore" and a military parade. While there does not seem to be any distinct record of the design of the colonial flag of Maryland, it is believed to have been the same as the one now in use. Maryland is also as unique in her State flag as she is in her Great Seal, in that it, too, is strictly of heraldic design, and is an exact reproduction of the shield or escutcheon upon the reverse of the Great Seal of the Province. Apart from its historic interest, the Maryland Flag, as may be seen from the accompanying illustration, possesses marked symmetry and beauty. The parallel and diagonal lines of the Calvert quarterings being in singular harmony with the crosses and transposed colors of those of the Crossland arms. The combination, too, of the colors of the former—gold and black—while in brilliant contrast with those of the latter quarterings—silver and red—are both effective and pleasing. Silver being a white metal, the white color is substituted for silver in Maryland flags made of bunting or silk, and is so provided for in the Act of 1904, Chapter 48. When painted on panels or printed in colors, however, the rich heraldic colors, gold and black, silver and gules (blood red), should be adhered to.—[From booklet entitled Annapolis, History of Ye Ancient City and Its Public Buildings, by Oswald Tilghman.]

THE MARYLAND STATE HOUSE, BUILT 1772

The Annapolis Convention of 1786, forerunner of the Convention that framed the American Constitution, met in the old Senate Chamber. Three years earlier, in this same room, Washington resigned his commission as Commander-in-Chief of the Continental armies. Here also the Treaty of Peace with Great Britain was ratified in 1784.

Maryland and Massachusetts are the only two states with Capitol buildings dating from before Revolution. The building pictured above is the third on this site. The first, built in 1697, was destroyed by fire, and the second, built in 1704, was torn down to make room for the present structure.
