This Department was created by Chapter 64 of the Acts of the General Assembly, 1939 Session, and combines the functions of budget making and purchasing. Under the law, the Director of the Department prepares a tentative State Budget for the Governor's consideration. Included in the law also are important provisions relating to fiscal control by the Board of Public Works. These controls are concerned with power to reduce budget items if the same are found to be in excess of needs; also approval of lump sum appropriations to State Agencies which must be budgeted in detail. The Board of Public Works is also authorized to adopt rules and regulations governing the business administration of State Agencies. All leases for the rental of office space must be approved by the Board of Public Works and authority is given that Agency to designate the location of all State Agencies. The budget functions are performed by the Budget Bureau, the head of which is appointed by the Director of the Department. The Director of the Department has the authority to make proper investigations into the necessity for expenditures and is required also to study the operations and functions of various State Agencies. He is further required to study the various sources of revenue of the State.

The Director of the Department is also an ex-officio member of the Board of Trustees of the State Employees' Retirement System and of the State Employees' Standard Salary Board. The present incumbent acts as the Secretary of both of these Boards.

Included in the Department also is the Purchasing Bureau, the head of which is appointed by the Director of the Department. This Bureau is charged with the purchase of all supplies, materials and equipment for the use of State Agencies.

A warehouse is maintained for the storage of supplies, paid for out of a Revolving Fund of $100,000.00. An accounting system has been developed by means of which, through simple debit and credit entries, funds are transferred from budget appropriations of Using Agencies to reimburse the Revolving Fund. Supplies are withdrawn from the warehouse with a consequent lessening in the amount of clerical labor on the part of the Using Agencies in the payment of invoices.

Monthly meetings are held with the Superintendents of the various State Institutions and other State Agencies, at which time samples are examined and contracts awarded. These monthly meetings furnish a good opportunity for the heads of the various State Agencies

to meet and exchange advice with reference to the conduct of their Departments and Institutions.

Every advantage is made of the facilities which the State has for the testing of materials, supplies and equipment, determining those commodities most suitable for use. Advice is also sought of the various scientific Agencies of the State to determine the composition of commodities offered for purchase and, subsequently, to determine the comparison of delivered articles and samples submitted.

In addition to parole administration, the Statute provides that the Division shall make such investigations of applicants for Executive Clemency as the Governor may require. The officers of the Division are also made available to the courts of the various county circuits and to the Criminal Court of Baltimore, as Probation Officers, to make investigations and supervise the conduct of persons released on probation.

The Director of Parole and Probation is appointed by the Governor to serve as administrator, for the State of Maryland, of the Inter-State Compact for the reciprocal supervision of parolees and probationers. The Compact places under the jurisdiction of the administrator, during the parole or probation period, any person convicted of an offense within the State of Maryland who may thereafter be placed on probation or released on parole to reside in another state. The Hall of Records Commission was created by Chapter 18, Acts of 1935. It is composed of: The Governor of Maryland, the State Comptroller, the Chief Judge of the Court of Appeals, the President of the Johns Hopkins University, the President of St. John's College, the President of the Maryland Historical Society, and the President of the Board of Trustees of the Peabody Institute of Baltimore.

The Commission supervises and controls the Hall of Records building and appoints the Archivist who has charge of the active management of the building and contents.

Among the records now housed in the Hall of Records are the engrossed laws of Maryland, the large collection of materials, including its own records, formerly in the care of the Court of Appeals, the manuscript archives of Maryland formerly deposited with the Maryland Historical Society, Maryland probate material from 1635–1776, records of Baltimore, Prince George's, Frederick, Anne Arundel, Charles and Somerset Counties, old records of the various state offices. In addition there is a small but growing collection of church records and private papers.

Every state, county, city, town or other public official in the State is authorized to deposit for preservation any original papers, official books, records, documents, files, newspapers, printed books or portraits not in current use. The Commission accepts gifts or deposits of like nature from other than governmental officers. Such gifts or deposits are kept in fireproof air-conditioned stacks, and the Hall of Records furnishes for a small fee typewitten, photostat or microfilm copies of any material in its possession. The Commission has a seal and is empowered to certify such copies.

The Hall of Records is open to the public with the privilege of examining records, under the necessary safeguards. In addition requests by mail for information contained in the records will be answered, but no genealogical line will be traced.

By virtue of two Acts of the General Assembly of 1941 custodians of records who wish to dispose of them may offer them to the Hall of Records.

In the event that the Archivist does not believe them of sufficient historical value to be preserved, the custodian may then request the Board of Public Works for permission to destroy them (Chapter 825), and custodians may now have copies of their records made by photographic process by sending them to the land office or to the Hall of Records for this purpose (Chapter 421).

The Board has the power and duty to approve every lease and renewal thereof of land, buildings or office space before the same is executed by any department, board, commission, State officer or institution of the State, and the power to designate the location of any State agency, after review by the Director of Budget and Procurement.

The Board is authorized and empowered to borrow upon the credit of the State, at any time between the biennial sessions of the General Assembly in sum or sums not to exceed $50,000 in the aggregate to meet temporary deficits in the treasury; and in addition thereto the said Board is authorized and empowered to borrow upon the credit of the State in sum or sums not to exceed $1,000,000 in the aggregate, in anticipation of taxes levied for any year. All loans made in pursuance of this section shall bear interest at a rate to be determined by the Board, and shall mature and be repaid on or before the end of the biennium in which such sums are borrowed.

The Board has power to adopt rules and regulations, upon recommendation of the Comptroller, covering matters of business administration in the various departments, institutions and agencies of the State, including the fixing of uniform rates of mileage allowance, and the terms and renewals of all bonds furnished by State officials and employees.

The Comptroller is elected by the people for a term of four years from the third Monday in January next ensuing his election. The Comptroller appoints all officers in his own office.

The Comptroller is the head of the Division of Financial Review of the Finance Department. He is directed to exercise supervision and direction over the State Auditor, the State Bank Commissioner, the State Insurance Department, the State Tax Commission and the Department of Budget and Procurement.

The Comptroller shall have general superintendence of the fiscal affairs of the State; he shall digest and prepare plans for the improvement and management of the revenue, and for the support of the public credit; prepare and report estimates of the revenue and expenditures of the State; superintend and enforce the prompt collection of all taxes and revenue; adjust and settle, on terms prescribed by law, with delinquent collectors and receivers of taxes and State revenue; preserve all public accounts; decide on the forms of keeping and stating accounts; grant under regulations, prescribed by law, all warrants for money to be paid out of the Treasury, in pursuance of appropriations by law, and countersign all checks drawn by the Treasurer upon any bank or banks, in which the monies of the State may, from time to time, be deposited; prescribe the formalities of the transfer of stock, or other evidence of the State debt, and countersign the same, without which such evidence shall not be valid; he shall make to the General Assembly full reports of all his proceedings, and of the state of the treasury department, within ten days after the commencement of each session; and perform such other duties as shall be prescribed by law.

An Act of the General Assembly of 1929 providing for a change in the Constitution which would permit the Comptroller to appoint deputies with authority to sign warrants and countersign checks was approved at the November 1930 election. This authority makes possible the direct payment of all obligations of the State by the State Treasury Department and gives the central accounting office of the State an opportunity to pass upon all vouchers before payment. It had not been possible to provide for direct payment of all vouchers because of the impossibility of one man, the Comptroller, being able to sign all warrants and checks which would be necessary if this plan were put into effect. A similar provision was approved for the State Treasurer's Office so that the State Treasurer will be authorized to appoint a deputy, or deputies, to sign checks in payment of State obligations.

The State Treasurer is elected on joint ballot at the regular session of the Legislature, beginning with the term of the Governor, for a period of four years, or until his successor is duly elected and qualifies.

The Treasurer is the head of the Division of Deposits and Disbursements, depositing daily all monies received in such banks as he may select, with the approval of the Governor; said banks giving sufficient bond or approved collateral security satisfactory to the Governor. All State money is paid out upon the warrant of the Comptroller by check issued by the Treasurer, and countersigned by the Comptroller. He is a member of the Board of Public Works; chairman of the Board of Trustees and Treasurer of both the Teachers' Retirement System of Maryland and the Employees' Retirement System of Maryland and also a member of the other Boards having charge of the different State Institutions.

The Comptroller and Treasurer issue all loans authorized by the Legislature—the Treasurer signing the bonds or certificates of indebtedness, countersigned by the Comptroller. The Treasurer and Comptroller are custodians of all bonds, stocks, and other securities belonging to the State, and held for the use of the different sinking funds.

The Treasurer has charge of the State's insurance and is custodian of all policies covering same. The Treasurer publishes the balances in the different State depositories standing to the credit of the State, monthly, and renders a quarterly report to the Comptroller.

The Bank Commissioner under the law has general supervision over all banking institutions in the State (other than National Banks). He is required to visit and examine, either in person or by deputy, each institution at least twice a year, and at such other times as he may deem expedient and at any time upon the request of the directors of the institution. Whenever the capital stock of an institution is reduced by impairment, and such impairment is not made good as prescribed by the law, or whenever it is found that an institution is being conducted in an unsafe manner, the Bank Commissioner may take possession, as provided by law, and retain possession until it resumes business or is finally liquidated.

In case of the failure of any banking institution (other than a National Bank) the Bank Commissioner acts as Receiver and liquidates its assets and winds up its affairs under the jurisdiction of the Court. The Bank Commissioner may substitute the Deputy Bank Commissioner or a Senior Examiner as Receiver of any such Banking Institution.

Every bank and trust company is required to submit to the Bank Commissioner, under oath at least three reports in each calendar year; such reports to exhibit in detail the resources and liabilities of the institution, and show its true condition. These reports are to be published in the local newspapers. All mutual savings institutions are required to report their condition to the Bank Commissioner on June 30 and December 31 of each year.

It is the duty of the Bank Commissioner to examine each report received from the institutions under his supervision, and when necessary, to verify them, at the same time to correct any irregularities

that may be disclosed or make any recommendations that may seem advisable.

It is part of the duty of the Bank Commissioner to supervise the formation of new banking institutions; to see that all requirements of the law have been complied with, and to issue his certificate authorizing them to commence business.

It is the further duty of the Bank Commissioner to pass upon all amendments to charters, and all consolidations and voluntary liquidations. On the tenth of February in each year the Bank Commissioner is required to make a report to the Governor, concerning the operations of his office.

The General Assembly of 1929 passed what is known as the "Credit Union Law," which provides that any seven or more persons, residents of this State, may apply to the Bank Commissioner for permission to organize a Credit Union. The Bill further provides that all such approved and State chartered Credit Unions are under the supervision of the Bank Commissioner.

The 1935 Session of the General Assembly (Chapter 489) passed a law creating the Banking Board, appointed by the Governor, the members of which are subject to the call of the Bank Commissioner to confer and consult with him in matters concerning the business of banking or banking institutions in the State of Maryland.

STATE TAX COMMISSION

Name	Term Expires	Postoffice

Secretary:

The State Tax Commission was created by the Act of 1914, Chapter 841, superseding the State Tax Commissioner, an office which was established in 1878, with functions limited virtually to the assessment of the shares of domestic corporations and national banks, the gross receipts of certain classes of corporations, and distilled spirits. Greatly enlarged jurisdiction and responsibilities were conferred upon the State Tax Commission by the act creating it and by subsequent legislation. In addition to the duties formerly exercised by the State Tax Commissioner, the Commission is empowered to "supervise the administration of the assessment and tax laws of Maryland and of each county or city thereof"; "to enforce and execute a continuing method of assessment and to require that all property in the State be reviewed for assessment at least once in every five years," but not necessarily by reassessment of all property in the same year; to act as an appellate tribunal to which all appeals from assessments of real and personal property made by local assessing bodies must be taken; to assess the operating property, except land, of railroads and other public utilities and contract carriers; "to participate in any proceeding in any court wherein any assessment or taxation question is involved."

The Commission appoints for each of the counties a Supervisor of Assessments who has the status of chief assessor in the county, with power also to appeal to the Commission from any assessments or rulings made by the County Commissioners. The supervisors are appointed from a list of five nominees submitted by the County Commissioners. They serve during good behavior and are removable by the State Tax Commission "for incompetency or other cause." Their salaries are paid by the respective counties and are graded according to the aggregate value of property assessed in the county. A supervisor is also appointed for Baltimore City with important duties of investigation.

Under the provisions of Chapter 717 of the Acts of 1943, a continuous assessment plan was adopted, whereby permanent assessors are established to review for reassessment all property in each county in Maryland once in every five years. The law requires that one fifth of each county be reviewed each year, whereas it had been the practice to review the whole county in the fifth year. The supervisor of assessments is the chief assessor in the county and acts as such over the local assessors. The local assessors are appointed by the County Commissioners for an indefinite period from a list of applicants examined and graded by the State Tax Commission.

The State Tax Commission has charge of the qualification and or registration of foreign corporations doing business in Maryland. In addition to collecting an annual filing fee, and accounting monthly for all such collections to the Treasurer, Chapter 387 of the Acts of 1939 requires the Commission, beginning with the year 1940, to assess the tangible personal property of foreign corporations and distribute the assessment to the localities in which the property is located. This law transfers the jurisdiction to tax such property from the local taxing authorities to the State Tax Commission. Charters and amendments to charters of domestic corporations are filed with, and recorded and approved by, the Commission. In its jurisdiction over foreign corporations the Commission succeeds the Secretary of State; while in passing on appeals from assessments locally made, and on certificates of incorporation, it exercises functions formerly performed by the courts.

Under the income tax law, the Commission was given appellate jurisdiction to hear all appeals from the final action of the Comptroller. The determination of the Commission is *prima facie* evidence of the amount of the tax due, but an appeal to the courts lies from the finding of the Commission in the manner now provided for on appeals from said Commission in the exercise of its appellate jurisdiction and the provisions of Section 188 of Article 81 of the Code are made applicable.

The State Tax Commission is composed of three members, appointed by the Governor for terms of six years, one of the terms expiring every two years. One member must be a resident of the Eastern Shore, one a resident of Baltimore City and the other a resident of one of the Western Shore counties. "Not more than two of said Commissioners shall be of the same political party, and each of them shall be a taxpayer and qualified voter of this State."

Chapter 741 of the Acts of 1939 abolished the office of Commissioner of Loans and provided for the appointment by the Governor of an Administrator of Loan Laws, to be under the direction and supervision of the State Bank Commissioner. However, by Ch. 289 of the Acts of 1941 the office of Administrator of Loan Laws was removed from the supervision of the Bank Commissioner. The salary of the Administrator of Loan Laws was fixed at $4000.00. Chapter 358 of the Acts of 1937 as amended by Chapter 741 of the Acts of 1939 specifies the duties of the Administrator and directs that no person, co-partnership or corporation shall engage in the business of making loans of money, credits, goods, or things in action, in the amount or to the value, of $300.00 or less, and charge, contract for or receive a greater rate of interest than six per centum per annum therefor without first having obtained a license from the Administrator of Loan Laws. The cost of maintaining the office is borne by the licensees operating under the Small Loan Law.

One June 1, 1941, the responsibility of the state supervision over certain instalment houses was assigned to this office by the Legislature through the Acts of 1941, Chapter 851. This called for a small increase in the personnel of the department, who though handicapped by the sudden abnormal expansion of business brought on by the war, have been able by their supervision to hold to a minimum those abuses that necessitated the passage of such an Act by the General Assembly. This section of the office is also sustained by the fees obtained for licenses secured therefrom.

State Superintendent of Schools.

The State Superintendent of Schools is appointed by the State Board of Education for a term of four years and is ex-officio secretary and treasurer of the Board. He is the executive officer of the State Board of Education, which, in addition to having general control of the State School System, is charged with the duties of interpreting school laws and acting without expense to the parties concerned in all controversies and disputes involving the proper administration of the public school system. He carries out the policies established by the State Board of Education. He conducts conferences of school officials and teachers, issues teachers' certificates, passes upon proposals for the sale of school sites and buildings, and the plans for the construction of new buildings. He directs the taking of the bi-ennial school census, prepares courses of study and an annual report. He also issues bulletins from time to time on the conditions and needs of the schools.

Work of the State Department of Education

The twenty-three counties of the State in 1941-42 enrolled over 180,000 pupils in 1,077 public elementary and secondary schools in charge of 5,326 teachers. Nearly 46,000 of these pupils were in the last four years of work of the 182 high schools distributed over twenty-three counties. In 1941-42 the counties expended on current expenses of public schools approximately $11,687,000 from public funds, of which $4,981,000 or nearly 43 per cent, was received by the twenty-three counties from the State of Maryland and Federal vocational funds. Baltimore City received $986,000 from State and Federal school funds for the maintenance of schools and in addition $536,890 from State funds toward the City retirement system on account of ttachers. For the Maryland Teachers' Retirement System, State aid of

$600,616 was received for administration and as the State's aid toward the contributions of county teachers and teachers in several State institutions.

There were *12,389 graduates from county white elementary schools and 7,179 from county white high schools in 1942. Nearly 1,630, over 23 per cent of the white county high school graduates of 1941 continued their education beyond high schools in 1941-42 in colleges, universities, hospitals, commercial schools, and other institutions. Of the white girl graduates from county high schools in 1942, less than two per cent entered the Towson, Frostburg, and Salisbury Teacher Colleges. Three teachers colleges for white students had an enrollment in the fall of 1942 of 638 students which included 172 enrolled from Baltimore City at Towson.

Towson, Frostburg, Salisbury, and Bowie Teachers Colleges offer a four-year course to students preparing to teach in the elementary schools. Through the training of the teachers colleges, which until 1935 were normal schools, it has been possible to fill 98 per cent of the positions in county elementary schools with teachers who have had from two to four years of professional training. The financially poorer counties have been able to finance the higher salaries for these trained teachers through aid from the State Equalization Fund. Any county which could not carry the minimum requirements of the State program on a county school current expense tax rate of 67 cents plus other forms of State aid received the additional amount necessary through the State Equalization Fund from 1923 to 1933. As a result of legislation in 1933, the 67-cent county school current expense tax rate required of counties sharing in the Equalization Fund was reduced to 47 cents during the period from 1934 to 1939. In accordance with the legislation of 1939 enacted to take care of the requirements of the new minimum salary schedule for teachers based on preparation and experience the county tax rate required for participation in the Equalization Fund has been 51 cents since 1940. Equalization of salaries of colored and white teachers took effect in January, 1942, as a result of legislation in 1941.

The 1943 legislature provided a bonus of $20 a month to be paid to teachers for a maximum of ten months as a means of holding the present staff of teachers and of attracting qualified teachers to fill the vacancies which exist.

During the school year ending in June, 1943, there was at least one supervising or helping teacher in every county in Maryland. This is the twenty-first year that this satisfactory situation has existed. The State pays two-thirds of the salaries according to the minimum schedule of the county supervising and helping teachers and of county superintendents. The improvement in the results of the tests in reading and arithmetic is one evidence of effective supervision.

In the fall of 1942 there were 47 county supervising teachers employed for the 2,935 white elementary teachers scattered over the 9,870 square miles in the Maryland counties, an average of 63 teachers for each supervising teacher. Since there are very few non-teaching principals in the Maryland county elementary schools, the counties are helping teachers to improve instruction with a relatively small corps of supervisory officials.

The average current expense cost in 1942 of educating a day public school pupil in the twenty-three counties was $70.36. Graded schools having three or more teachers, with better trained teachers, more equipment and expenditures for transportation, cost less per pupil than rural schools having one or two teachers, chiefly because the classes are larger. Transportation was provided at public expense for over 74,000 county pupils at a cost of $1,411,110.00.

---

* Includes eighth grade promotions in junior high schools.

There were nearly 72 per cent of the white county schools, and nearly 88 per cent of the colored schools in the counties which reported that they had active parent-teacher associations organized in 1942.

The 1941 legislature provided for the issuance of certificates equivalent to high school diplomas to persons aged nineteen years or over who have not attended high school but who pass examinations given by the State Board of Education. The examinations were given in October 1941 first, and since then have been given each April and October. More and more individuals who have not graduated from high school are taking advantage of the opportunity to make up for this lack which is often brought to their attention when they try to enter a higher institution or seek a position. The 1943 legislature extended a similar opportunity to those who enter the armed services who are seventeen years old or over.

The 1943 legislature also provided for the reemployment and status with respect to the Teachers' Retirement System of teachers who enter the armed services, who receive a certificate of satisfactory completion of such duty, who are still qualified to teach, and who apply for a teaching position within 40 days after relief from active duty. Such a teacher upon reinstatement shall receive credit for experience in the armed services. Although not entitled to ordinary or accidental disability benefits, death benefits or optional allowances from the Retirement System during absence in the armed services, customary contributions may be made by or for the individual who is absent and he shall retain his status and rights as a member if he does not withdraw any of his accumulated contributions, and if within one year from the time he is relieved from active duty he is reemployed by the Board of Education which previously employed him. Such a person shall receive credit for membership service during his absence if his contributions are made up.

History

The history of the present University of Maryland, until the merger of 1920, is the history of two institutions. These were the old University of Maryland in Baltimore and the Maryland State College (formerly Maryland Agricultural College) in College Park.

The beginning of this history was in 1807, when a charter was granted to the College of Medicine of Maryland. The first class was graduated in 1810. A permanent home was established in 1814-1815 by the erection of the building at Lombard and Greene Streets in Baltimore, the oldest structure in America devoted to medical teaching. Here was founded one of the first medical libraries (and the first medical school library) in the United States. In 1812 the General Assembly of Maryland authorized the College of Medicine of Maryland to "annex or constitute faculties of divinity, law, and arts and sciences," and by

the same act declared that the "colleges or faculties thus united should be constituted an university by the name and under the title of the University of Maryland." By authority of this act, steps were taken in 1813 to establish a "faculty of law," and in 1823 a regular school of instruction in law was opened. Subsequently there were added a college of dentistry, a school of pharmacy, and a school of nursing. No significant change in the organization of the University occurred until 1920, more than one hundred years after the original establishment in 1812.

The Maryland State College was chartered in 1856 under the name of the Maryland Agricultural College, the second agricultural college in the Western Hemisphere. For three years the College was under private management. In 1862 the Congress of the United States passed the Land Grant Act. This act granted each State and Territory that should claim its benefits a proportionate amount of unclaimed Western lands, in place of scrip, the proceeds from the sale of which should apply under certain conditions to the "endowment, support, and maintenance of at least one college where the leading object shall be, without excluding other scientific and classical studies, and including military tactics, to teach such branches of learning as are related to agriculture and the mechanic arts, in such a manner as the Legislature of the States may respectively prescribe, in order to promote the liberal and practical education of the industrial classes in the several pursuits and professions of life." This grant was accepted by the General Assembly of Maryland, and the Maryland Agricultural College was named as the beneficiary of the grant. Thus the College became, at least in part, a State institution. In the fall of 1914 control was taken over entirely by the State. In 1916 the General Assembly granted a new charter to the College and made it the Maryland State College.

In 1920, by an act of the State Legislature, the Uiversity of Maryland was merged with the Maryland State College, and the name of the latter was changed to the University of Maryland.

Extension and Research.

Agriculture and Home Economics.

The Extension Service is that branch of the University of Maryland, established by Federal and State law, which is designed to assist the farmer and his family in promoting the prosperity and welfare of agriculture and rural life. Its work is conducted in co-operation with the United States Department of Agriculture.

The Extension Service is represented in each county of the State by a county agent and in all but a few counties by a home demonstration agent. Through these agents and its staff of specialists, the Extension Service comes into intimate contact with rural people and with the problems of the farm and home.

Practically every phase of agriculture and rural home life comes within the scope of the work undertaken by the Extension Service. Farmers are supplied with details of crop and livestock production, and with instructions for controlling disease and insect pests; they are encouraged and aided in organized effort, helped with marketing problems, and in every way possible assisted in improving economic conditions on the farm.

The Extension Service works in accord with all other branches of the University of Maryland and with all agencies of the United States

Department of Agriculture. It co-operates with all farm and community organizations in the State which have as their major object the improvement of agriculture and rural life; and it aids in every way possible in making effective the regulatory work and other measures instituted by the State Board of Agriculture.

General Extension

This phase of the extension service of the University is conducted in co-operation with the United States Bureau of Education and is intended to make the Liberal Arts and branches of the curriculum, other than Agriculture and Home Economics, of greater service to the people of the State.

Agricultural Experiment Station.

The agricultural work of the University naturally comprises three fields: research, instruction, and extension. The Agricultural Experiment Station is the Agricultural research agency of the University, which has for its purpose the increase of knowledge, primarily for the direct benefit of the farmer. It is also the real source of agricultural information for use in the classroom and for demonstrations in the field. The Experiment Station work is supported by both State and Federal appropriations.

The Maryland Station, in addition to the work conducted at the University, operates a sub-station farm of fifty acres at Ridgely, Caroline County, and a farm of about sixty acres at Upper Marlboro for tobacco investigations. Experiments in co-operation with farmers are conducted at many different points in the State. These tests consist of studies with soils, fertilizers, crops, orchards, insect and plant disease control, and stock feeding.

Princess Anne College

R. A. Grigsby, Acting Dean of Administration

Princess Anne College at Princess Anne, Somerset County, is the Negro Land Grant College of Maryland maintained for the education of Negroes in agriculture, the mechanic arts, and home economics.

Chapter 90 of the Acts of 1912 provides that the Johns Hopkins University shall grant a total of 129 scholarships in consideration of the appropriation made by the State. At the time of the passage of the Act in 1912, this provided one scholarship for each member of the House of Delegates, six scholarships from the State at large without reference to county or legislative district, and three scholarships from each of the following institutions:

Loyola College,
Maryland Agricultural College (Univ. of Md.),
Mt. St. Mary's College,
Rock Hill College,
St. John's College,
Washington College,
Western Maryland College.

The 102 scholarships which are awarded to the several counties and the legislative districts of Baltimore City are to be awarded to deserving young men without means of securing a technical education who must be graduates of approved high schools. Where there is more than one applicant for any scholarship, there must be a competitive examination and the Senator from the particular county or legislative district of Baltimore City must certify as to his financial need, etc. The scholarships to be awarded from the colleges are to be awarded on scholastic standing as certified by the President or other executive officer of the college. These scholarships are limited to the Engineering School and include free tuition and exemption from all laboratory, library and graduation fees, as well as purchase of books. One of said scholarships for each county and each legislative district of Baltimore City, except the Fifth and Sixth, which were created after the passage of the Act, is to be known as a "Senatorial scholarship" and carries with it the payment of $200 per year, in addition to tuition, etc.

In the summer of 1942 instruction in the School of Engineering was put on a year-round basis in order to meet the war demand for trained engineers. After informal consultations with State officers, the University awarded scholarships in the regular amount for this summer term. At the 1943 session of the General Assembly provision was made to reimburse the University for the scholarships awarded the previous summer and to provide funds for scholarship awards in the summer term of 1943.

ST. MARY'S FEMALE SEMINARY, ST. MARY'S CITY, ST. MARY'S COUNTY

Chapter 190 of the Acts of 1839 established St. Mary's Female Seminary on the spot where the first settlement in Maryland was made—as a living memorial, that "the mothers of future generations," here educated, might keep alive and pass on the illustrious history of their State. To this end, one of its chief objectives is to keep in operation the principles on which the State was founded.

Chapter 193 of the Acts of 1868 provides that there shall be one free scholarship for each county and legislative district of Baltimore City. Appointment is made by the Senator—after a competitive examination held by the school—in each of the six legislative districts and in each of the counties, except in Montgomery, Caroline, and Prince George; in these three counties, appointment is made by the County Board of Education and the County Superintendent of Schools.

The present organization of St. Mary's Female Seminary is that of the four year junior college: third and fourth years of high school and first and

second years of college—the period of general education. Conduct of the school is that of the big family organization.

Chapter 877—Acts of 1941 provides for the abolishing of the Board of Trustees then in existence, and the appointment of a Board by the Governor, The said Board of Trustees to consist of twelve members, and of those first appointed, four should serve for a term of two years, four for a term of four years, and four for a term of six years. At least six of the members first appointed to be selected from the then existing Board of Trustees. In case of vacancy from death, resignation or otherwise, the Governor shall appoint a person to fill the unexpired term of the member causing said vacancy.

MORGAN STATE COLLEGE

History

Chapter 332—1943

The College was chartered as the Centenary Biblical Institute on November 27, 1867. In 1869 the first building was occupied at 44 E. Saratoga Street, Baltimore. In 1880 the institution moved to larger quarters at the corner of Fulton and Edmondson Avenues in Baltimore. The late Dr. Lyttleton F. Morgan gave a sum of money to the school in 1890, which enabled the institution to offer training on the college level as a result of which the name of the school was changed to Morgan College. In June, 1917, the College took title to its present site, a tract of land formerly known as the Ivy Mills Property.

The College became part of the educational system of the State of Maryland through an act of the General Assembly, Senate Bill 377, approved May 3, 1939. The Bill provided for a commission of five

persons known as the "Commission on a State College for Negroes" whose duty it was (1) to consider the advisability of acquiring the property of Morgan College by the State for educational purposes and (2) to enter into an agreement on behalf of the State with the Board of Trustees of Morgan College for the acquisition of said property, should the Commission decide favorably upon the transfer. The Commission consisted of the following persons: John E. Semmes, H. C. Byrd, B. Howell Griswold, Thomas W. Pangborn and A. W. W. Woodcock.

As a result of negotiations between the Commission and the Board of Trustees of Morgan College, it was agreed that the State should pay to the Board of Trustees the sum of $225,000 for all of its physical property at the Hillen Road site. On the recommendation of the Commission, the Board of Public Works on November 9, 1939, accepted the conditions and on November 20, 1939, the College was officially transferred to the State and its name was changed to "Morgan State College." By Act of the General Assembly of 1943, a permanent Board of Trustees was established with the following personnel having terms of office effective July 1, 1943, their successors to be appointed by the Governor with the advice and consent of the senate.

Objectives and Organizations

Morgan State College is an institution of higher learning for Negro youth devoting its primary efforts to the training of prospective teachers for the junior and senior high schools and the preparation of students for entrance to professional and graduate schools. It also offers courses to women as home-makers and prepares students for employment in recreational and leisure-time activities through its departments of music, drama and physical education. Through courses in commerce, training is given to students looking toward careers in business.

In order to perform these functions as thoroughly as possible, the College operates in three divisions, namely:

(1) The College

At the College plant, located on Hillen Road at its intersection with Arlington Avenue, regular liberal arts and teacher-training courses covering a standard four-year curriculum are offered during the regular school year.

(2) The Summer School

For six weeks in the summer, usually beginning on the last Monday in June, the College offers at the Hillen Road site a variety of courses

planned to serve primarily the needs of the colored teachers of Baltimore and the counties.

(3) The Afternoon and Evening Classes

Through cooperation with the Baltimore Department of Education, courses are given daily throughout the academic year at the Douglass High School of Baltimore offering in-service training to teachers and an opportunity to others to avail themselves of college instruction.

Administration

The government of the College is vested in a Board of Trustees consisting of nine members appointed by the Board of Public Works. The administration of the College is vested in the President. The other administrative officers act in an advisory capacity to the President. The administrative staff is as follows:

Dwight O. W. Holmes, Ph.D., LL.D., President
George C. Grant, A.M., Dean
James H. Carter, Secretary-Business Manager
Edward N. Wilson, A.B., Registrar

In 1935 the General Assembly created a "Commission on Higher Education for Negroes" and appropriated $10.000 to provide professional and other scholarships for Negroes who could not obtain the desired courses at Morgan or Princess Anne Colleges. In 1937 a "Commission on Scholarships for Negroes" was created and the sum of $30,000 was appropriated for the same purpose. In 1939 the General Assembly reduced this grant to $25,000 and transferred its administration to the Board of Trustees of Morgan State College. This grant was repeated in 1941 and 1943.

Each

County Board consists of seven persons, who are appointed for six-year terms, with the exception of the County Commissioner member, who is designated each year by the Board of County Commissioners.

The duties of the State Department include the supervision of all public and private institutions having the care, custody, or control of dependent, delinquent, abandoned or neglected children; the investigation of the system of public and private institutions, organizations and agencies of a charitable nature in the State, including those which receive part of their income from the State, except those placed by law under the supervision of another State agency; and furnishing to the Governor, prior to the convening of each regular session of the General Assembly, a report of its activities and of the condition of all charitable institutions, organizations and agencies, including hospitals, receiving financial aid from the State, and making recommendations as to appropriations for them—all monies appropriated to them to be paid on a per capita basis at the rates and subject to the rules and regulations established by the State Board of Public Welfare.

The State Department is empowered to adopt rules and regulations necessary to carry out its duties; to issue licenses to institutions, agencies, societies and individuals having the care, custody, and control of children (with certain exceptions), and to revoke the same, subject to appeal; to license any person or institution maintaining a home in which two or more persons beyond the age of 65 shall be cared for and for which a charge is made, except with respect to persons caring for relatives; and it is the official representative of the State in regard to charitable matters and has the administration of the laws regarding the placement of children in this State by out-of-State agencies, and the supervision of the law prohibiting the separation of infants from their mothers during the first six months after birth.

Chapter 797 of the Acts of 1943 provides for a Bureau of Child Welfare in the State Department of Public Welfare, having responsibility for insuring proper standards of child care for all children in need thereof, and for a Division of Institutions within the Bureau. Provision is made for the appointment of personnel under the State Merit System. Through this Bureau, the Department is responsible for the supervision, direction and control of the four training schools. The State Department is directed to establish by rules and regulations, standards of care, policies of admission, transfer and discharge, to order desirable changes in the policies, conduct or management of the institutions, and to develop a program within each training school, including provision for after-care supervision. Subject to limitations in the new law, each of the institutions is to remain under the general management of its Board of Managers.

Chapter 818 of the Acts of 1943 vests in the Circuit Court of Baltimore City jurisdiction in juvenile and related causes in Baltimore City, and directs the Judge of that Court, if he determines that a child is in need of care or treatment by reason of dependency or neglect, to commit the child to the State Department, which is given sole power to decide the type of care or treatment to be given. In those cases in which the child is determined to be in need of care or treatment for other reasons, the Judge is given discretion to commit the child to the State Department for such placement as it believes to be for the best interests of the child. The State Department has the sole power to determine the length of time during the minority of the child during which any commitment to it by the Judge shall continue, but must report semi-annually to the Judge on each child committed to it.

The members of this board are appointed for the term of six years. The term of two expire every legislative year. The Governor, the Comptroller and the Treasurer are ex-officio members of the board.

The State Sanatorium cares for 510 patients, and Mount Wilson cares for 201 patients. The population of the Eastern Shore Branch is 75 patients. Henryton cares for about 368 patients, all colored.

The State's program for the hospitalization of tubercular patients has been practically completed, and is expected to meet the demands of at least a number of years. The facilities are among the finest in the country, and are recognized everywhere as combining economy in operation and excellence in treatment.

Among white people the death rate was reduced from 150.8 per 100,000 in 1917 to 52 in 1940. The colored death rate was reduced from 413.6 in 1917 to 206 in 1940 and now over one-half of the deaths from tuberculosis are among colored people, which represents about one-sixth of our population.

STATE BOARD OF HEALTH

Appointed by the Governor:

Name.	Address	Terms Expire
Maurice C. Pincoffs, M.D.	Baltimore	1947
E. F. Kelly, Phar. D.	Baltimore	1945
A. L. Penniman, Jr.	Baltimore	1949
J. W. Bird, M.D.	Sandy Spring	1945
Thomas S. Cullen, M.D.	Baltimore	1949
George M. Anderson, D.D.S.	Baltimore	1947

Ex-Officio Members:

Robert H. Riley, M.D., Dr.P.H., Director, Baltimore
Huntington Williams, M.D., Dr.P.H., Commissioner of Health of Baltimore City

The State Board of Health consists of eight members, six appointed by the Governor; two, the Director of Health, and the Com-

missioner of Health of Baltimore City are ex-officio members. The State law requires that of the eight members of the Board three shall be physicians, one a civil engineer, one a certified pharmacist and one an experienced doctor of dental surgery, all to be appointed by the Governor, the remaining members to be the Director of Health, and the Commissioner of Health of Baltimore City. The Director of Health, who shall be an experienced physician, skilled in public health and hygiene, holds office as long as he performes his duties in a competent manner. His successor is appointed by the Board. The Governor's appointees serve for a term of six years each.

Dr. Robert H. Riley is Chairman of the Board and Director of Health. He is the Executive Officer of the State Department of Health. He is represented in the field by the Deputy State Health Officers, one in each Sanitary District. Division of the State into ten Sanitary Districts, each consisting of two or three counties, and each in charge of a full-time Deputy State Health Officer, was made in 1914, in accordance with the law enacted that year. Increased functions made it necessary to decrease the territory covered, and the County Health Department Law enacted in 1922 opened the way for full-time departments in individual counties. A third law passed in 1931, changed the number of Sanitary Districts from ten to twenty-three, corresponding to the number of Counties, and gave the necessary sanction for State-wide full-time County health service. Since 1934, there has been full-time health service in every county in the State.

The County Health Officers are designated as Deputy State Health Officers. Through them the Director of Health exercises supervision over all matters affecting public health in the counties of Maryland.

In the Executive Office are four divisions, Industrial Health, Legal Administration, Oral Hygiene and Personnel and Accounts.

Mr. J. Davis Donovan, LL.B., is Chief of the Division of Legal Administration. His duties include the investigation of all infractions of public health laws and representation of the Department in court in cases of prosecution of violations of such laws.

Richard C. Leonard, D. D. S., is chief of the Division of Oral Hygiene. His duties include the organization and supervision of county school dental clinics wherein preschool and school children are examined and either referred to a family dentist, or, in the case of indigent children, given free care. Educational work on the importance and maintenance of mouth health is carried on through lectures, clinics, moving pictures and pamphlets distributed through the Division.

Starling D. Steiner, M. D., is Chief of the Division of Industrial Health. His duties include the enforcement of the provisions of the Workmen's Compensation Law for the prevention of occupational diseases; visits plants to determine the extent and severity of health hazards and makes recommendations for correction wherever indicated; assists industry in organizing and improving the medical departments.

Public Health Education activities are performed in the Executive Office, and includes assembling and distributing information on health promotion and disease prevention; preparing bulletins in popular form for press purposes, with special reference to use in the counties; preparing circulars and arranging reports and other printed matter bearing upon the work of the Department.

In addition to the Executive Office the Department consists of the following bureaus and divisions, the duties of which are described below:

The Bureau of Vital Statistics registers and makes statistical studies of all births and deaths, marriages, and divorces occurring in Maryland; licenses and registers midwives and regulates the transporation of the dead. It also maintains a service for issuing certified copies of certificates of births and deaths. On registration of births, certificates are sent to parents of all children born in the counties of Maryland and cards certifying to the date of birth are furnished for entrance to school and for work permits.

Arthur W. Hedrich, Sc. D., Chief, Baltimore.

The Bureau of Communicable Diseases receives daily reports from Health Officers of communicable diseases; investigates outbreaks of diseases and directs measures for their control; enforces the laws on the notification of reportable diseases and the smallpox vaccination law: aids in maintaining tuberculosis clinics and keeps a separate and confidential record of all cases of tuberculosis and of venereal diseases; maintains venereal disease clinics, directs medical inspection of public schools and investigates nuisances. The Division of Epidemiology and the Pasteur Division are under this Bureau.

C. H. Halliday, M.D., Epidemiologist, investigates the occurrence, distribution and type of communicable diseases in individuals and communities in the counties of Maryland, in order that measures for the control of such diseases may be instituted. The Division studies the sources and routes of infection, assists local health authorities or family physicians in the diagnosis of communicable diseases, assists in finding unrecognized or unreported cases and advises in regard to the proper method for the collection of laboratory specimens.

C. W. G. Rohrer, M.D., Ph.D., Diagnostician, aids in the diagnosis of communicable diseases, notably those of the exanthematous group. He acts in an advisory capacity to medical inspectors and other physicians in matters pertaining to the prevention and further spread of such diseases. He is in charge of the Pasteur Division and administers the Pasteur treatment.

C. H. Halliday, Assistant Director of Health, and Chief of the Bureau of Communicable Diseases, Baltimore.

The Bureau of Bacteriology assists physicians and health officers in the diagnosis and prevention of communicable diseases; assists in the prevention of maternal mortality by the examination of urine specimens from prenatal cases; determines the bacterial quality of drinking water, milk and other foods.

The Central Laboratory is located at 2411 North Charles Street, Baltimore City, with Branch Laboratories at Cumberland, Hurlock, Frederick, Hagerstown and Rockville.

works; exercises supervision over the disposal of trade wastes, stream pollution in general and aerial pollution.

George L. Hall, Chief Engineer, Baltimore.

The Bureau of Foods and Drugs investigates food and drug products manufactured or sold in the State, for the purpose of determining their purity, honesty of labeling, and compliance with the Food and Drug Law. The Division of Personnel and Accounts does all departmental accounting of both money and property, and does most of the Departmental printing; purchases all supplies, material and equipment for the bureaus of the Department; directs the distribution of supplies; and exercises general supervision over employees of the Department. The Chief of the Division is the Recording Secretary of the State Board of Health and of the Executive Committee. He also supervises the financial aspects of full-time county health units and works with county and town officials in the preparation of joint budgets for such projects.

Walter N. Kirkman, Chief, Baltimore.

THE DEPARTMENT OF PUBLIC WORKS

THE STATE ROADS COMMISSION OF MARYLAND

108 East Lexington Street
Baltimore-3, Maryland

Chairman of the Commission and Director of the Department of Public Works: Ezra B. Whitman.

Members of the Roads Commission: P. Watson Webb, W. Frank Thomas.

Secretary: Lamar H. Steuart.

Chief Auditor: William A. Codd.
Special Assistant Attorney General: K. Thomas Everngam.
Chief Engineer: Wilson T. Ballard.
Assistant Chief Engineer: Robert M. Reindollar.

The Commission consists of three members appointed by the Governor for no specific term of office. One shall be appointed from that one of the two leading political parties opposite to the Governor's political party.

The Governor designates a Chairman who shall also be the Director of the Department of Public Works (Chapter 29, 1922).

The State Roads Commission administers all financial and physical transactions applicable to the construction and maintenance of all State roads and bridges on the State Road System. (Chapter 539, 1931). The construction of new roads, and other projects, on the System, is financed from a portion of the proceeds of one and one-half cent (1½c) gasoline tax, Federal Aid, Special Federal Appropriations for the construction of roads and bridges, and with contributions from the counties, together with a portion of the one-half cent (½c) gasoline tax, a portion of the two cent (2c) gasoline tax, and a portion of the Commission's participation in revenue from Commissioner of Motor Vehicles. New bridges on the State System of roads, likewise are constructed from proceeds of the Construction funds.

In fourteen of the twenty-three counties of the State, the State Roads Commission of Maryland has been delegated the authority of performing all necessary functions in connection with the maintenance of County Systems of Roads and Bridges. The cost of maintenance of the County Systems of Roads and Bridges is charged to those funds allotted to the Counties from the one and one-half cent (1½c) Lateral Gasoline Tax, and administered by the Commission for use of the respective counties (Chapter 425, 1933, Chapter 465, 1935, Chapter 341, 1937, Chapter 766, 1939, Chapter 888, 1941).

At the session of the General Assembly 1941 the administration of the Lateral Gasoline Tax Fund was changed by Chapter 888. An important modification of the previous law permitted additional counties to maintain

and to construct roads under the County System and likewise changed the previous law with respect to use of the Lateral Gasoline Tax Fund by the Counties for the payment of debt service and county obligations, except in connection with those counties which, by a previous Act, had dedicated a part of the Lateral Tax to service bond obligations.

During the fiscal years ended September 30, 1941, and September 30, 1942, the receipts of the Commission, from all sources, were $17,477,636.24 and $25,973,511.57, respectively. The details of receipts and the sources from which they were derived follows:

The total worth of the Highway System of the State, as of September 30, 1941, was $182,045,247.46, and at September 30, 1942, $189,332,165.82.

At the close of the biennium September 30, 1942, the value of new construction undertaken in this period alone was $19,146,507 for all new construction. Many important highways were constructed into Military Reservations of the State and into Military Defense Manufacturing Plants. In order to accomplish this task, the United States Government made available to Maryland for new road purposes, due to the War, a total of $16,174,000. Many of the projects embraced in the Defense Program are now nearing completion.

Maryland's Toll Facilities

The State Roads Commission operates and controls three (3) toll facilities, two (2) toll bridges and one ferry system. The Susquehanna River Toll Bridge, crosses the Susquehanna River at a point near Perryville, Cecil County, to near Havre de Grace, in Harford County. This bridge is constructed of steel and concrete and is approximately 7,613 feet in length. It was opened to traffic August 28, 1940. The total cost of this bridge was $4,506,000.00. The Potomac River Toll Bridge crosses the Potomac River at a point near Newburg, Charles County, Maryland, to a point opposite in the State of Virginia, near Dahlgren. This bridge is constructed of concrete and steel and is approximately 11,446 feet in length. It was opened to traffic on December 15, 1940. The total cost of this bridge was $5,336,000.

The Ferry System, consisting of four (4) vessels, is operated to cross the Chespaeake Bay from Annapolis to Matapeake, on the Eastern Shore of Maryland, and is supplemented by an auxiliary service between Romancoke and Claiborne, crossing the Eastern Bay. Frequent daily and Sunday crossings are maintained throughout the year. The State Roads Commission acquired and began the operation of the System on June 10, 1941. The State Roads Commission acquired the Ferry System properties at a cost of approximately $1,023,000.

THE DEPARTMENT OF MOTOR VEHICLES

Guilford Avenue and 21st Street, Baltimore-18, Md.

(Term Expires May, 1945)

Name.	Postoffice
Commissioner:	
W. Lee Elgin	Hagerstown
Deputy Commissioner:	
D. Marshall Schroeder	Baltimore
Auditor:	
Owen R. E. McGeeney	Baltimore
Registrar of Titles:	
Michael A. Noppinger	Parkville

The Commissioner exercises, subject to review by the Courts, entire jurisdiction over titling, registration and licensing of all motor vehicles owned or operating continuously within the State. He has jurisdiction and, subject to review by the Courts, sole authority in the examination, qualifications and licensing of all persons operating motor vehicles continuously within the State. Reciprocity with other States gives to owners and drivers of cars coming into Maryland a period of grace before they become subject to car registration, car licensing and driver's permit regulations as provided in the Maryland statutes.

All licensing fees, both for titling and registering cars, and registering drivers, as well as all fines for violations of the traffic regulations and motor vehicle statutes, are collected and accounted for by the Commissioner. The judges of the Baltimore City Traffic Court and the police magistrates in the towns and rural sections make return to the Commissioner on all fines collected. No part of the costs of arrests or prosecutions goes to State officers, where these officers make the arrests.

The system of licensing all pleasure vehicles on a horse-power basis, commercial vehicles and trucks on a tonnage basis, and public service lines, both freight and passenger, on ton-mile or passenger-mile basis, which had obtained for years in arriving at licensing charges, was changed by the Legislature in 1922. Under this new system, a gasoline tax became operative in Maryland on January 1st, 1924. This tax is in addition to a reduced horsepower fee and adjustments under the other types of fees.

While trials, with either dismissals or convictions, carrying fines or jail sentences before magistrates furnish a part of the machinery of the enforcement of the motor vehicle statutes, control of all drivers'

permits to operate cars or motorcycles is vested solely in the Commissioner. He not only controls issuance of licenses and can refuse to permit an unfit applicant to operate a car in the State, but in addition he holds the power of suspension for a stated period or the absolute revocation of a driver's permit. This without regard to the action of the Courts in cases tried before them.

Appeal to the Courts from the action of the Commissioner, in suspending, refusing or revoking licenses, is provided in the law, however.

By recent Acts of the Legislature, the following appear as safety measures designed to enable the Commissioner of Motor Vehicles to make the state highways safe and thereby reduce accidents to a minimum, viz: (1) upon inability to satisfy a judgment arising from an automobile accident or collision or certain infractions of the motor vehicle laws, certain evidence of financial responsibility must be produced to the Commissioner before licenses may be restored; (2) shatter-proof glass is required in all motor vehicles manufactured or assembled, sold and registered in this State after July 1, 1935; (3) periodical inspection of vehicles by designated agencies.

(3) When requested to act by the chief executive officer of the municipality in question or its chief police officer;

By Chapter 708 of the Acts of 1943, a new Article was enacted to be known as Article 99, titled "Birds, Game and Inland Water Fish."

"The Game and Inland Fish Commission is hereby created with the personnel, powers and duties of the present Maryland State Game and Inland Fish Commission."

This Department of the State acts as an agency for the enforcement of game and fresh water fish laws, and the propagation of game and fresh water fish in captivity, and is supported entirely through receipts from the sale of hunters' and anglers' licenses, which receipts are credited to the State Game Protection Fund.

The original State Game Department was consolidated with the Conservation Commission by Chapter 683, Acts of 1916, when said Commission was created. Prior to 1916 the General Assembly appropriated $2,600.00 every two years for the support and maintenance of the State Game Department.

The hunters' license system was created by Chapter 468, Acts of 1918, and requires those who enjoy the great outdoors to contribute to a fund for the support of the Department. Through the hunters' license system, the Department has a salaried staff of law enforcement officers, consisting of a State Game Warden, a Chief Deputy Game Warden, 2 Wildlife Technicians (Biologist-Technician), 6 Regional Deputy Game Wardens, 30 District Deputy Game Wardens and 4 Game Breeders.

As of September 30, 1942, the Department owned fourteen Game Farms and Refuges containing a total of 7,772½ acres. It had under lease 67 Game Refuges containing 21,446 acres, and on property owned by the State Forestry Department it had 2,882 acres used as game refuges.

It has recently, through the cooperation of the Department of State Forests and Parks, added 2 refuges on State Forest lands in Worcester County, the Chandler Game Refuge, comprising 100 acres, and the Carr Game Refuge, comprising 113 acres, located near Snow Hill.

The angler's license was created by Chapter 471, Acts of 1929 and through this system the Fresh Water Fisheries Division has been greatly benefited.

The Department has in operation two State-owned game farms; namely, the Gwynnbrook State Game Farm in Baltimore County, and the Wicomico State Game Farm in Wicomico County. At these plants large numbers of bob-white, pheasants, chukor partridges, wild ducks, wild geese and Virginia white tail deer are raised in captivity and liberated annually in the covers of the State.

The Department also operates a propagation plant at the Montgomery County Game Refuge where bob-white and pheasants are raised, and at the Washington County Game Refuge where wild turkeys are raised.

During the fiscal year of 1940 the Department purchased the Indian Spring Wildlife Demonstration Area located near Indian Spring, Washington County, Maryland, comprising 1265 acres and in cooperation with the Soil Conservation Service is establishing on said area a wildlife demonstration project. Two large signs have been erected on Route 40 calling the public's attention to this area and extending to them a welcome to visit same.

In addition to the Indian Spring Wildlife Demonstration Area, the Department recently acquired two other properties on which wildlife demonstration areas have been established. The Idylwild Wildlife Demonstration Area, Federalsburg, Caroline County, containing 520 3/10ths acres, and the Millington Wildlife Demonstration Area, Millington, Kent County, containing approximately 561½ acres.

The Commission in January, 1940, appointed an advisory Council in in each county of this State. These Councils are composed of twelve members, not less than five of whom must be landowners, or tenants on farms, five from outdoor groups such as Farm Bureau, Farm Grange, etc., and two at large. A bulletin was prepared on the Conservation of soil, forests and

wildlife in the Farm Program and each member of each Council provided with same, giving information as to how a program could be carried out with very little expense to the landowners or tenants on farms in conserving the soil, thereby prohibiting erosion, and also reforesting areas of submarginal land which were unprofitable for cultivation and restoring wildlife to said properties.

During the year ending September 30, 1942, from the Gwynnbrook Game Farm were distributed in the State 6,782 bob-white quail, 1,541 pheasants, 332 chukor partridges and 72 wild ducks; at the Wicomico Farm, 1,614 bob-white quail, 3 wild geese and 10 chukor partridges; at the Washington County Game Refuge, 265 wild turkeys; and at the Montgomery County Game Refuge, 100 bob-white quail, 275 pheasants and 101 wild ducks. Through the kindness of Mr. Edwin J. Baetjer, who had been propagating bob-white for some years at his plant, the White Oak Quail Farm near Richmond, Virginia, the State was presented with 918 bob-white quail, which were liberated through the covers of the State. In addition, during the Spring of 1942 there were received from Federal agencies 941 bob-white quail.

Also distributed in the State were 10,556 cotton tail rabbits.

Chapter 354, Acts of 1939, provided that the Fresh Water Fisheries should be transferred June 1, 1939, from the Conservation Commission of Maryland to the State Game and Inland Fish Commission for supervision.

The Department now owns and operates an extensive fresh water fish hatchery at Lewistown, Frederick County, Maryland, where trout and black bass are propagated in captivity; also owns and operates a trout nursery at Bear Creek in Garrett County; a black bass nursery at Fairlee Station in Kent County; and in addition, operates rearing stations at Cushwa Station in Washington County and at the Ritchie pools in Frederick County.

Placed in the streams and rivers of the State from the fish hatcheries from October 1, 1941 to September 30, 1942 were approximately 150,000 legal size large and small mouth black bass, brown, rainbow and brook trout.

At a meeting of the Game and Inland Fish Commission held on July 30, 1942, Garner Wood Denmead was re-elected Chairman, J. H. Gambrill, Jr., Vice-Chairman, and Harold Smith Kolmer, who has been Secretary of the State Game Department since February 1, 1919, was elected Secretary.

The total assets of the Department (with no liabilities) as of September 30, 1942, are $248,132.88, of which sum $184,337.04 represents game farms and preserves, game farm stock, equipment and cash, and the balance of $63,795.84 land, improvements, equipment and cash in the angler's license fund or inland fish division.

The wild waterfowl season is controlled entirely by Federal regulations

The Chesapeake Biological Laboratory, located on Solomons Island, in the mid-region of the Chesapeake Bay Country, is making marked progress as an institution for research and study of natural resources indigenous to the State. Emphasis is placed on marine forms. In progress at the Solomons Island institution are investigations into pertinent problems concerning crabs, oysters, fish, and certain of their related forms and enemies. In the management of the laboratory, several colleges of the State are cooperating, to wit: University of Maryland, Johns Hopkins University, Western Maryland College, Washington College, Goucher College, St. John's College, and the Carnegie Institution of Washington.

The following courses are offered during the summer to advanced under-graduates and to graduate students: *Algae, Diatones, Economic Zoology, Protozoology, Ichthyology, Invertebrates, Biological Problems, Conservation, and Biological Survey of the Solomons Island Region.* Class work is limited to eight students in these various subjects relating to local forms. Students are accepted on the basis of interest and scholarship, special consideration being given to those from cooperating institutions and to Maryland high school teachers.

Pollution studies, both field and laboratory, chemical and biological, are in progress in several parts of the State, while intensive work of this type is being done in the Patapsco region, where industrial and other wastes are intense. Fish and diamondback terrapin hatcheries are under the direction of the Laboratory. With the cooperating institutions and independent research workers, who are supplied working space and equipment, the Laboratory is developing an extensive volume of basic knowledge about the biological conditions of the State. This work involves, in addition to stream and river, deep water investigations, trips on the open ocean from whence come many of the State's commercial fishes, and basic work on hydrography. Fishery management, conservation, and educational work constitute the foundational program of the Laboratory.

The Public Service Commission of Maryland was created by Chapter 180 of the Acts of 1910, effective April 5, 1910.

The Governor appoints the three members of the Commission, one of whom he designates as Chairman. The term of office is six years, and the term of one Commissioner expires every two years. The Governor also appoints the General Counsel to the Commission for a term of six years.

The Commission has jurisdiction over steam and electric railroads, street railways, common carriers generally, including all railroad corporations, express companies, sleeping car companies, steamboat, power boat and ferry companies, toll bridges and also motor vehicles engaged in the public transportation of passengers and freight. The Commission also has jurisdiction over gas companies, electric companies, telephone companies, telegraph companies, water companies and heating and refrigerating companies. The jurisdiction of the Commission is limited to operations within the State of Maryland.

By legislation enacted subsequent to the original Act, the Commission has been given power to fix minimum as well as maximum rates, to suspend schedules of rates pending the determination of the reasonableness of the rates proposed, and utilities are forbidden to abandon or discontinue the exercise of franchises without the permission and approval of the Commission.

The Commission has also been authorized to make joint investigations, hold joint hearings, and issue joint or concurrent orders in conjunction or concurrence with any official board or commission of any State or of the United States, under agreements or compacts between States or under the concurrent powers of States to regulate interstate commerce, or as an agency of the Federal Government, or otherwise, and it is represented on Joint Boards created by the Interstate Commerce Commission under the Federal Motor Carrier Act, 1935, to hear and pass upon applications and other proceedings pertaining to interstate motor carrier operations conducted in or through not over three states.

The Commission is required by law to test all electric meters and gas meters before installation, and to test meters upon request of the consumer.

The Commission maintains a laboratory in which daily tests are made of the gas furnished in the City of Baltimore, and its inspectors also make regular and frequent tests of the gas and electricity furnished in other parts of the State.

One of the most important amendments to the original Act is that providing for representation by counsel of the interests of the public in all proceedings before the Commission.

By Chapter 485 of the Acts of 1931 the Commission is given full jurisdiction over taxicabs operating in Baltimore City. One requirement of this law is that all such taxicabs shall carry insurance or give bond to indemnify the public.

People's Counsel

The Act now provides for the appointment by the Governor of an experienced and qualified lawyer as People's Counsel, and it is the duty of this official to represent the interests of complainants and of the public generally in proceedings before the Commission.

THE STATE INDUSTRIAL ACCIDENT COMMISSION

741 Equitable Building, Baltimore-2, Md.

Name	Term Expires	Post Office
Emmanuel Gorfine, Chairman	1944	Baltimore, Md.
J. Howard Holzer	1943	Baltimore, Md.
Vivian V. Simpson	1946	Rockville, Md.
Dr. Thomas W. Koon	1945	Cumberland, Md.

Secretary.....De Lancey B. Scrivner
Director of Safety.....Joseph A. Haller

The State Industrial Accident Commission, created by Chapter 800 of the Acts of the General Assembly of Maryland, 1914, is charged with the duty of administering the Workmen's Compensation Law. The law provides—first, for the payment of compensation to employees injured in certain extra-hazardous employments, and to their dependents in case of death; second, that all employers in such occupations shall secure the payment of such compensation by insuring their liability in a stock or mutual company, or in the State Accident

Fund, or by proving to the satisfaction of the Commission their financial ability to pay the compensation.

The work of the Commission involves determining what occupations are covered; receiving and investigating reports of accidents; receiving, investigating and adjudicating claims for compensation arising under the Law. Hearings are held throughout the State in contested cases.

Since the passage of the Workmen's Compensation Law in 1914, amendments to the law have been passed from time to time, by the General Assembly, for the purpose of adapting the law to changing conditions. Some of the more important changes were made in 1931 and 1939, upon the recommendations of committees appointed by the Governor for that purpose, and were concurred in by representatives of employees, employers and insurance carriers.

The Jurisdiction of the State Industrial Accident Commission is continuing. Many petitions for reopening or rehearing, after final settlement of claims are presented, requiring long record of medical and other testimony, many resulting in appeals. This greatly increases the work and expense of the department from year to year.

The expense of operating the State Industrial Accident Commission is not a burden upon the tax-payers of the State, as the entire expense of the Commission, not including the State Accident Fund, is borne by the private insurance companies which write compensation insurance, self-insurers, and the State Accident Fund; while the cost of operating the State Accident Fund is borne by the policyholders insuring in the Fund.

Chapter 465 of the Acts of the General Assembly of Maryland, 1939, amended the Law to provide compensation for disability or death, resulting from a listed schedule of occupational diseases. This amendment provides that there shall be a Medical Board consisting of three members who shall be licensed physicians in good professional standing, two of whom shall have had at least five years practice in the diagnosis, treatment and care of industrial diseases, and one of whom shall be especially trained in roentgenology, and who shall have had at least five years practice and experience. They shall be appointed by the Governor, by and with the advice and consent of the Senate from a list of nominees to be submitted by the Deans of the Medical Departments of the University of Maryland and of the Johns Hopkins University and by the Council of the Medical and Chirurgical Faculty of Maryland, each of these three agencies to submit a list of at least three persons, two of whom shall be especially experienced in occupational diseases, and one of whom shall be an experienced roentgenologist. One of said members shall be designated as Chairman of the Medical Board by the Governor. The term of office of a member of such board shall be six years, except that the first appointments hereunder shall be made as follows: One for two years, one for four years and one for six years. Vacancies shall be filled for the balance of the unexpired terms in the same manner as the original appointments, as herein above provided. A majority of the Medical Board shall constitute a quorum.

The Merit System Law of Maryland (Article 64-A, page 2160, Annotated Code of Maryland—Bagby) creating the State Employment Commissioner was passed in 1920. The basic Law has not been amended in any material manner since its passage. The statute provides that "The State Employment Commissioner" prepare and publish Rules and Regulations for the purpose of carrying out the provisions of the Act, which, when approved by the Governor, shall have the force of law. The Rules, like the Law itself, have shown but few and unimportant amendments. The Law is efficient, workable and its stability has enabled its provisions to be well known and understood by all State employees. The Rules of the Commissioner are practical, and are intended to safe-guard, not only the employee, but the taxpayer. The Merit System, as applied to the State service, functions, not only as a technically professional exemplification of modern practice in public employment, but as a procurement agency charged with the duty of supplying State departments and institutions with the most competent personnel procurable at the compensation provided.

The Merit System of Maryland is strongly supported by public opinion and has been recognized nationally for its efficient operation.

The Court of Appeals prescribes rules for a uniform system of examinations in this State, both for registration and for admission to the Bar; and for fees to be paid by the applicant taking examina-

Joseph P. Healy	Baltimore
C. W. Mitzel	Baltimore
Walter F. Perkins	Baltimore
Ralph C. Beard	Cumberland

The Unemployment Compensation Board was created by Chapter 1 of the Acts of the General Assembly, Special Session of 1936, as amended by Acts of the General Assembly of Maryland of 1937.

The Board is charged with the duty of administering the Unemployment Compensation Law. Contributions are collected from employers covered under the Unemployment Compensation Law and weekly payments of benefits are made to eligible individuals, that is, those who have accumulated certain wage credits and have become unemployed through no fault of their own.

The Maryland State Employment Service, which was one of the divisions under the Board, was loaned to the Federal Government by the Governor January 1, 1942. This transfer was requested by the President of the United States and is for the duration of the emergency caused by the War.

Chapter 435, Acts of 1943, provides for a system of experience rating whereby employers who maintain steady employment are eligible for a reduction in the rate of contributions. All the funds collected under the Law are deposited with the Federal Treasury to the credit of the Unemployment Compensation Trust Fund of Maryland and may only be used for the payment of benefits.

The expense of administering the Unemployment Compensation Board is not a burden upon the employers contributing to the unemployment compensation fund, or upon the taxpayers of the State, as the funds for administration expenses are supplied by the (Federal) Social Security Board.

THE MARYLAND STATE HOUSE, BUILT 1772

The Annapolis Convention of 1786, forerunner of the Convention that framed the American Constitution, met in the old Senate Chamber. Three years earlier, in this same room, Washington resigned his commission as Commander-in-Chief of the Continental armies. Here also the Treaty of Peace with Great Britain was ratified in 1784.

Maryland and Massachusetts are the only two states with Capitol buildings dating from before Revolution. The building pictured above is the third on this site. The first, built in 1697, was destroyed by fire, and the second, built in 1704, was torn down to make room for the present structure.

MARYLAND: Final Population — Sixteenth Census of the United States: 1940

POPULATION OF THE STATE OF MARYLAND

FINAL FIGURES: 1940

Between 1930 and 1940 Maryland's rural areas continued to grow somewhat more rapidly than the urban places, according to the final figures from the Sixteenth Decennial Census, issued today by Director William Lane Austin, of the Bureau of the Census, Department of Commerce.

The final count of the Sixteenth Census showed that on April 1, 1940, Maryland had a population of 1,821,244, an increase of 189,718 over the 1,631,526 residents reported in the 1930 census. This change represents an increase of 11.6 percent as compared with 12.5 percent between 1920 and 1930. The population increase in urban areas from 1930 to 1940 was 10.8 percent as compared with 12.8 percent in the rural sections. Urban residents accounted for 59.3 percent of the State's population in 1940, as compared with 59.8 percent in 1930. In 1940, residents of urban areas numbered 1,080,351, while the rural population amounted to 740,893. The Census Bureau considers as urban areas the incorporated places of 2,500 or more. In Maryland, however, two unincorporated political subdivisions are also classified as urban on the basis of special qualifications. The remaining territory is classified as rural.

There were seven cities of 10,000 or more in Maryland, one (Cambridge) having reached this size since 1930. There were also two election districts adjacent to Baltimore city in this size-group that qualified as urban under the special rule. All nine of these urban places of 10,000 or more increased

between 1930 and 1940. District 12 of Baltimore County, with an increase of 33.6 percent, was the fastest growing urban place having 10,000 or more population. Salisbury, with an increase of 21.1 percent, was the fastest growing incorporated place in this size-group.

Eighteen of the 23 counties gained population between 1930 and 1940, as did the independent city of Baltimore, which has the status of a county. Montgomery County, with an increase of 70.5 percent, had the most extensive growth.

The first census of Maryland was taken in 1790, returning a population of 319,728. The population has shown an increase at every census since that time, passing 500,000 between 1840 and 1850, 1,000,000 between 1880 and 1890, and 1,500,000 between 1920 and 1930. The present population represents a density of 184.2 inhabitants per square mile. Maryland's total land area is 9,887 square miles.

Table 1, presents the figures for counties and for urban places of 10,000 or more, and Table 2, for incorporated places of less than 10,000. Table 3 shows the population of Baltimore city by wards.

PROPOSED CONSTITUTIONAL AMENDMENTS AND REFERENDA TO BE SUBMITTED TO THE PEOPLE AT THE GENERAL ELECTION IN NOVEMBER, 1944

(Acts of 1943)

CONSTITUTIONAL AMENDMENTS

ARTICLE 38 - DECLARATION OF RIGHTS

Chapter 320 of the Acts of 1943 submits an amendment to repeal Article 38 of the Declaration of Rights.

(This amendment will be voted upon by the people at the November election 1944).

ARTICLE XIV, Section 1

1. The General Assembly may propose Amendments to this Constitution; provided, that each Amendment shall be embraced in a separate bill, embodying the Article or Section, as the same will stand when amended and passed by three-fifths of all the members elected to each of the two Houses, by yeas and nays, to be entered on the Journals with the proposed Amendment. The bill or bills proposing amendment or amendments shall be published by order of the Governor, in at least two newspapers, in each County, where so many may be published, and where not more than one may be published, then in that newspaper, and in three newspapers published in the City of Baltimore, once a week for four weeks immediately preceding the next ensuing general election, at which the proposed amendment or amendments shall be submitted, in a form to be prescribed by the General Assembly, to the qualified voters of the State for adoption or rejection. The votes cast for and against said proposed amendment or amendments, severally, shall be returned to the Governor, in the manner prescribed in other cases, and if it shall appear to the Governor that a majority of the votes cast at said election on said amendment or amendments, severally, were cast in favor thereof, the Governor shall; by his proclamation, declare the said amendment or amendments having received said majority of votes, to have been adopted by the people of Maryland as part of the Constitution thereof, and thenceforth said amendment or amendments shall be part of the said Constitution. When two or more amendments shall be submitted in manner aforesaid, to the voters of this State at the same election, they shall be so submitted as, that each amendment shall be voted on separately.

This amendment was submitted by Chapter 476 of the Acts of 1943 and will be voted upon by the people in November, 1944.

ARTICLE XI-B.

BALTIMORE REDEVELOPMENT COMMISSION

SECTION 1. The General Assembly of Maryland, by public local law, may authorize the Mayor and City Council of Baltimore to create a Baltimore Redevelopment Commission. Any public local law authorizing the creation of the Baltimore Redevelopment Commission shall contain the following provisions:

(a) The Baltimore Redevelopment Commission shall come into being only when the City Council of Baltimore shall pass a resolution that there is need for the establishment of such a Commission in the City of Baltimore. When the City Council of Baltimore adopts such a resolution, it shall promptly notify the Mayor of Baltimore City of such adoption. Upon receiving such notice and approving said resolution, the Mayor shall appoint five persons (or such additional number of persons as the General Assembly may provide in said public local law), as Commissioners of the Baltimore Redevelopment Commission. The Commissioners shall serve for such term and shall receive such compensation the General Assembly may provide in said public local law.

(b) The Baltimore Redevelopment Commission, when created, shall have power and authority to acquire land in slums and blighted areas in Baltimore City by purchase, lease or condemnation, and to reconvey any such land by sale or lease for redevelopment, in accordance with a redevelopment plan for Baltimore City, provided that such redevelopment plan has first been approved by the Commission on City Plan of Baltimore City; and provided further that no such slum or blighted area to be acquired shall be less than eight acres or more than eighty acres. The term "slum" shall mean any area where dwellings predominate, which by reason of depreciation, overcrowding, faulty arrangement or design, lack of ventilation, light or sanitary facilities, or any combination of these factors, are detrimental to the public safety, health or morals. The term "blighted area" shall mean an area in which a majority of the buildings have declined in productivity by reason of obsolescence, depreciation or other causes to an extent they no longer justify fundamental repairs and adequate maintenance.

(c) The Baltimore Redevelopment Commission shall have authority to use the power of eminent domain to acquire any land needed for any redevelopment project; provided, however, that the Baltimore Redevelopment Commission shall have first obtained options upon or shall have purchased at least 50

percentum of such land area required for any such redevelopment project. Property already devoted to a public use may be acquired by the Baltimore Redevelopment Commission; provided, however, that no real property belonging to the State of Maryland or the Mayor and City Council of Baltimore may be acquired without the consent of said State or of said City, as the case may be. No property taken by the Baltimore Redevelopment Commission, by exercise of the power of eminent domain, shall be taken without just compensation, as agreed upon between the parties, or awarded by a jury.

(d) The Baltimore Redevelopment Commission shall have power to petition the United States of America for loans of money and to receive from the United States of America such loans to be used in the acquisition of land in slums and blighted areas for redevelopment and for use in the preparation of any redevelopment plan.

(e) The Baltimore Redevelopment Commission shall have power to reconvey any land acquired by it, either by purchase, lease or condemnation to any private corporations, companies, partnerships, or persons, for redevelopment and rebuilding, at a price consistent with the new uses which the Commission on City Plan shall prescribe for such land, even though such price may be below the original cost of acquisition. The Baltimore Redevelopment Commission shall have power to include in the terms of sale or leases of land to private corporations, companies, partnerships, or persons, provisions obligating the purchasers or lessees of such land to begin the building of improvements within a reasonable period of time; and to include in such contracts, appropriate covenants and restrictions to maintain standards of population density, property maintenance, character of the use of land, and architectural standards established in the redevelopment plan and approved by the Commission on City Plan of Baltimore City.

(f) The Baltimore Redevelopment Commission shall have no power to pledge the credit of, or in any way bind the Mayor and City Council of Baltimore, and the Mayor and City Council of Baltimore shall not be liable in any way or manner whatsoever, for any of the obligations, contracts, or undertakings of the Baltimore Redevelopment Commission.

SEC. 2. The General Assembly of Maryland may grant the Baltimore Redevelopment Commission, any and all additional powers necessary and proper to carry into effect the above mentioned powers and purposes of said Commission, provided such additional powers are not inconsistent with the terms and provisions of this Article XI-B; and with any other pro-

visions of the Constitution of Maryland. The General Assembly may add such other and further limitations upon the powers and the exercise of such powers of the Baltimore Redevelopment Commission as it may deem proper and expedient.

Th's amendment was submitted by Chapter 649 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Article IV, Section 21.

PART III—CIRCUIT COURTS

Sec. 21. From and after January 1, 1945, there shall be at least three judges for the first, second, third, fourth, fifth, sixth, and seventh circuits, to be styled judges of the Circuit Court, to be elected or appointed as herein provided. In any of said circuits in which there shall be more than three judges (including the additional judge of the Court of Appeals), no successor to the additional judge of the Court of Appeals shall be appointed or elected as judge of said circuit. In any of said circuits in which there shall be only three judges (including an additional judge of the Court of Appeals), a successor to the additional judge of the Court of Appeals shall be appointed and elected as judge of said circuit. The aforesaid number of judges for any of the circuits shall be subject to increase or decrease by law as provided in Section 5 of this Article. The senior judge in length of service shall be the chief judge of the circuit (unless there is an additional judge of the Court of Appeals); the other judge or judges shall be associate judges. No two of said judges of the Circuit Court shall at the time of their election or appointment; or during the term for which they may have been elected or appointed, reside in any one county other than Baltimore, Montgomery, Prince George's or Allegany County, and not more than two in any county except (if there is an additional judge of the Court of Appeals) Baltimore County, in case any candidate or candidates for judge at any election shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more judges than herein permitted to reside in any county of the circuit, then and in that event there shall be declared elected only that candidate or those candidates residing in said county, in the order of the votes received, whose election would provide the permitted number of judges from said county, and also the candidate or candidates residing in some other county, and not similarly disqualified, who shall have the next highest number of votes in said election. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of judges duly

qualified as to residence shall not be elected at any election, then it shall be the duty of the Governor to order a new election, for such unfilled office or offices. The said judges shall hold such terms of the Circuit Court in each of the counties composing their respective circuits, at such times, as are now prescribed or may hereafter be prescribed by rules or regulations by the Court of Appeals or otherwise by law. One judge in each of said seven circuits shall constitute a quorum for the transaction of any business; and the said judges, or any of them, may hold special terms of their Courts, when in their discretion, the business of the several counties renders such terms necessary.

All provisions of the Constitution of Maryland and all acts of the General Assembly relating to the Court of Appeals or any other courts, and all rules heretofore adopted by the Court of Appeals not inconsistent with the provisions of the sections amended or added by this amendment, shall remain in full force and effect unless and until amended or repealed by proper authority. All salaries now prescribed by law for associate judges of the Circuit Courts shall continue to apply to all judges (including chief judges) of the Circuit Courts who are not judges of the Court of Appeals. No member of the General Assembly at which this amendment was proposed, if otherwise qualified, shall be ineligible for appointment or election as judge of the Court of Appeals or any other court by reason of his membership in such General Assembly. All appeals and other matters pending in the Court of Appeals on January 1, 1945, shall be proceeded with and determined by the Court as hereby constituted. In the event and to the extent of any inconsistency between the provisions of any section amended or added by this amendment and any of the other provisions of this Constitution or the provisions of any existing law, the provisions of the sections amended or added shall prevail, and such other provisions shall be repealed or abrogated to the extent of such inconsistency, except Section 35A of Article III of this Constitution; provided, however, that in the event of any inconsistency between the provisions of the sections thus amended or added and any of the other provisions of this Constitution as amended by any other amendments which may be adopted at the same time as this amendment, i. e., at the election held in November, 1944, the changes made by this amendment and all such other amendments to this Constitution shall all be given effect.

This amendment was submitted by Chapter 772 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Article V, Section 9.

9. The State's Attorney shall perform such duties and receive such salary as shall be prescribed by law; and if any State's Attorney shall receive any other fee or reward than such as is or may be allowed by law, he shall, on conviction thereof, be removed from office; provided, that the State's Attorney for Baltimore City shall have the power to appoint a Deputy and such other Assistants as the Supreme Bench of Baltimore City may authorize or approve and until otherwise provided by the General Assembly, the said State's Attorney, Deputy and Assistants shall receive the following annual salaries: State's Attorney, seven thousand five hundred dollars; Deputy State's attorney, five thousand dollars; Assistant State's Attorneys, four thousand dollars each; said salaries, or such salaries as the General Assembly may subsequently provide, and such expenses for conducting the office of the State's Attorney as the Supreme Bench of Baltimore City may authorize or approve shall be paid by the Mayor and City Council of Baltimore to the extent that the total of them exceeds the fees of his office, or as the General Assembly shall otherwise provide, and the Mayor and City Council of Baltimore shall not be liable for appearance fees to the State's Attorney.

This amendment was submitted by Chapter 490 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Article IV, Section 18A.

Sec. 18A. The Chief Judge of the Court of Appeals shall be the administrative head of the judicial system of the State. He shall from time to time require, from each of the judges of the Circuit Court for the several counties and of the Supreme Bench of Baltimore City, reports as to the judicial work and business of each of the judges and their respective courts. He may, in case of a vacancy or of illness, disqualification or other absence of one or more judges of the Court of Appeals, designate any judge of any of the Circuit Courts for the counties or of the Supreme Bench of Baltimore City to sit in any case or for a specified period as a judge of the Court of Appeals in lieu of a judge of that court, and may designate, to sit as a judge of the Circuit Court for any county or of any Court or Courts of Baltimore City, either alone or with one or more other judges, in any case or for a specified period, any judge of the Court of Appeals or of any other Circuit Court or of the Supreme Bench of Baltimore City. In the absence of the Chief judge of the Court of Appeals the provisions of this Section shall be applicable to the senior judge present. The powers of the Chief Judge under the aforegoing provisions of this section shall be

subject to such rules and regulations, if any, as the Court of Appeals may make. The Court of Appeals from time to time shall make rules and regulations to regulate and revise the practice and procedure in that Court and in the other courts of this State, which shall have the force of law until rescinded, changed or modified by the Court of Appeals or otherwise by law. The power of the courts other than the Court of Appeals to make rules of practice and procedure shall be subject to the rules and regulations prescribed by the Court of Appeals or otherwise by law.

This amendment was submitted by Chapter 772 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Article IV, Section 14.

PART II—COURT OF APPEALS

Sec. 14. Until January 1, 1945, the Court of Appeals shall be composed of the Judges in office on November 7, 1944. From and after January 1, 1945, the Court of Appeals shall be composed of five Judges, two from the City of Baltimore; one from the First Appellate Judicial Circuit, consisting of Cecil, Kent, Queen Anne's, Caroline, Talbot, Dorchester, Wicomico, Worcester and Somerset Counties; one from the Second Appellate Judicial Circuit, consisting of Harford, Baltimore, Anne Arundel, Prince George's, Charles, Calvert and St. Mary's Counties; and one from the Third Appelate Judicial Circuit, consisting of Carroll, Howard, Montgomery, Frederick, Washington, Allegany and Garrett Counties; and during the continuance in office of Judges who were in office before January 1, 1945, not exceeding three additional Judges. The City of Baltimore shall, for the purposes of this section, be designated as the Fourth Appellate Judicial Circuit. The additional Judge from the Fourth Appellate Judicial Circuit shall be appointed by the Governor to serve until the election and qualification of his successor, as provided by Section 5 of this Article. Except as to such additional Judge, the Judges of said Court, in the first instance, shall be appointed by the Governor from their respective Appellate Judicial Circuits, but such appointments shall be made from among the elected Judges composing the Court of Appeals as of December 31, 1944. If, on December 31, 1944, there are no elected members of the Court of Appeals from any Appellate Judicial Circuit, the Governor shall designate the member of the Court of Appeals from that Appellate Judicial Circuit from among the appointed members of the Court of Appeals from that Appellate Judicial Circuit. If any Judge so appointed shall be a member of the Court of Appeals as of December 31, 1944, by virtue of having been elected

to that office, his appointment shall be for the balance of the term for which he had theretofore been elected. The judges so appointed from the First, Second, and Third Appellate Judicial Circuits shall cease to be Chief Judges of their respective Circuits. Any elected Judges from Circuits, except the Eighth Circuit, in office on December 31, 1944, other than the three designated by the Governor as Judges of the Court of Appeals, shall be additional Judges of the Court of Appeals and shall continue to be Chief Judge of their respective Circuits and shall hold office for the residue of the terms for which they were elected. No successor to any such additional Judge shall be appointed or elected as Judge of the Court of Appeals or (except as provided in Section 21 of this Article) as Judge of his Circuit, but any such additional Judge shall be eligible to appointment as the member of the Court of Appeals from his respective Appellate Judicial Circuit. Any vacancy in any Appellate Judicial Circuit shall be filled by designation by the Governor of one of the additional Judges from such Appellate Judicial Circuit, if any, to hold office for the residue of the term for which he was originally elected. Upon his appointment or designation as a member of the Court of Appeals from his Appellate Judicial Circuit, such additional Judge shall cease to be the Chief Judge of his Circuit. The Judges of the Court of Appeals shall be elected by the qualified voters of their respective Appellate Judicial Circuits, their terms to begin on the date of their qualification. One of the judges of the Court of Appeals shall be designated by the Governor as the Chief Judge. The jurisdiction of the Court of Appeals shall be co-extensive with the limits of the State and such as now is or may hereafter be prescribed by law. It shall hold its sessions in the City of Annapolis on the second Monday in January in the year 1945, and thereafter at such time or times as it shall from time to time by rule prescribe. Its session or sessions shall continue not less than ten months in each year, if the business before it shall so require, and it shall be competent for the judges temporarily to transfer their sittings elsewhere upon sufficient cause. The salary of each judge of the Court of Appeals shall be that now or hereafter prescribed by the General Assembly and shall not be diminished during his continuance in office. When the number of judges shall have become reduced to five, three of the judges shall constitute a quorum, and the concurrence of a majority of a quorum shall be sufficient for the decision of any cause.

This amendment was submitted by Chapter 772 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Article IV, Section 13A

Sec. 13A. The General Assembly shall provide by General

Law for the assignment by the Court of Appeals of any of the Chief Judges and any of the Associate Judges of the several Judicial Circuits of this State, including any Judge of the Court of Appeals from Baltimore City, and any of the Judges of the Supreme Bench of Baltimore, to sit in any other or different Judicial Circuits for designated and limited periods, for the purpose of relieving accumulation of business or because of the indisposition of disqualification of any judge. And any judge so assigned by the Court of Appeals shall have all the power and authority pertaining to the judge of the court to which he is assigned.

This amendment was submitted by Chapter 796 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Article IV, Section 5.

PART I.—GENERAL

Sec. 5. Upon every occurrence or recurrence of a vacancy through death, resignation, removal, disqualification by reason of age or otherwise, or expiration of the term of fifteen years of any judge, or creation of the office of any judge, or in any other way, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the election and qualification of his successor. His successor shall be elected at the first biennial general election for Representatives in Congress after the expiration of the term of fifteen years (if the vacancy occurred in that way) or the first such general election after one year after the occurrence of the vacancy in any other way than through expiration of such term. Except in case of reappointment of a judge upon expiration of his term of fifteen years, no person shall be appointed who will become disqualified by reason of age and thereby unable to continue to hold office until the prescribed time when his successor would have been elected.

This amendment was submitted by Chapter 772 of the Acts of 1943 and will be voted upon by the people in November, 1944.

Maryland State Flag

The flag of the State bears the escutcheon of the great seal—the Calvert and Crossland arms quartered. The device seems to have been adopted by common consent, as there was no formal adoption of any design as the official flag of the State until 1904. To Mr. James W. Thomas, of Cumberland, Md., the author of "Chronicles of Colonial Maryland," is due the credit of the passage of the Act of 1904, Chapter 48, "to formally adopt and legalize the Maryland flag."

That the Colony had a distinct flag or standard we know. The first recorded instance of the use of a Maryland flag occurs in Leonard Calvert's report of the reduction of Kent Island (February, 1638), in which he says that he and his force marched with Baltimore's banner displayed. At the Battle of the Severn, in 1655, where the supporters of the proprietary government, under William Stone, the Governor, were defeated by the Puritan party under Captain William Fuller, Stone's forces marched under the flag of Maryland, borne by William Nugent, "Standard bearer of the Province," while Fuller's party displayed the Flag of the Commonwealth, charged with the crosses of St. George and St. Andrew. It is also said that a Maryland flag was carried by the Marylanders who accompanied Braddock's expedition against Fort DuQuesne (Pittsburgh), in 1755.

The Maryland Flag, like the great seal, was evidently designed and adopted by Cecilius, Lord Baltimore, and sent out by him with the Colony, as it was unfurled and officially used a few days after taking formal possession of the Province, when Governor Calvert, to more forcibly impress the natives, ordered the "Colors to be brought on shore" and a military parade. While there does not seem to be any distinct record of the design of the colonial flag of Maryland, it is believed to have been the same as the one now in use. Maryland is also as unique in her State flag as she is in her Great Seal, in that it, too, is strictly of heraldic design, and is an exact reproduction of the shield or escutcheon upon the reverse of the Great Seal of the Province. Apart from its historic interest, the Maryland Flag, as may be seen from the accompanying illustration, possesses marked symmetry and beauty. The parallel and diagonal lines of the Calvert quarterings being in singular harmony with the crosses and transposed colors of those of the Crossland arms. The combination, too, of the colors of the former—gold and black—while in brilliant contrast with those of the latter quarterings—silver and red—are both effective and pleasing. Silver being a white metal, the white color is substituted for silver in Maryland flags made of bunting or silk, and is so provided for in the Act of 1904, Chapter 48. When painted on panels or printed in colors, however, the rich heraldic colors, gold and black, silver and gules (blood red), should be adhered to.—(From booklet entitled Annapolis, History of Ye Ancient City and Its Public Buildings, by Oswald Tilghman.)

EXECUTIVE DEPARTMENT

Governor: HERBERT R. O'CONOR (Democrat), Baltimore.

Herbert R. O'Conor, son of Mrs. Mary Galvin O'Conor and the late James P. A. O'Conor, was born on November 17th, 1896, in Baltimore. He received his early education at St. Paul's Parochial School and graduated from Loyola College, where he received a degree of Bachelor of Arts in 1917, and the degree of Doctor of Laws in 1924. In 1920, he received his Bachelor of Laws degree from the University of Maryland.

On November 24, 1920, he married M. Eugenia Byrnes, of Baltimore, and they have five children, Herbert R. O'Conor, Jr., Eugene F., Mary Patricia, James P., and Robert.

Mr. O'Conor became a member of the staff of The Baltimore Sun and Evening Sun, and in 1921 was appointed an Assistant State's Attorney. He occupied this position until January 1, 1923, when he was appointed People's Counsel of the Public Service Commission.

In the fall of 1923 he became the Democratic nominee for State's Attorney and was elected to this position by a majority of 30,000 votes. He was the youngest State's Attorney ever to be elected in Baltimore City. In the fall of 1926 he was re-elected by a majority of 58,000 votes and again in 1930 by a majority of 100,000 votes, the largest majority ever received by a candidate for public office in Baltimore City. In November of 1934 Mr. O'Conor was elected Attorney General, also by a record-breaking majority.

While State's Attorney of Baltimore City, Mr. O'Conor organized the State's Attorneys' Association of Maryland, and became its first president. He was also a charter member and officer of the Board of the National Association of Prosecuting Attorneys. He was Chairman of the State Judicial Commission of Maryland and in 1932 was named

on the Committee on Criminal Law and Statistics of the American Prison Association.

Mr. O'Conor in 1937 was president of the National Association of Attorneys General. He has taken a leading part throughout the country in the adoption of Interstate Compacts and was designated as the Chairman of the Maryland Commission on that subject. Legislation proposed by the Commission was adopted without change by the General Assembly.

Mr. O'Conor was nominated as the Democratic candidate for Governor and was elected to that office in the general election of November 8th, 1938, by a majority of over 65,000.

In June 1940, Governor O'Conor was selected by the Governors of the United States as a member of the Executive Committee of the Governors' Conference, the Governing Body of the Governors' Conference, and in June 1941 he was appointed Chairman of the Governors' Committee on Law Enforcement and the Administration of Justice of the Conference. In the Spring of 1941, he was designated as Chairman of the Interstate Commission on the Potomac River Basin, an agency of the States and the District of Columbia situate in the Potomac River area.

At the annual meeting of the Governors in Asheville, North Carolina, June, 1942, Governor O'Conor was elected Chairman of the Governors' Conference, the first Maryland Governor ever so honored. In November, 1943, at the annual meeting of the Council of State Governments in Chicago, he was elected President of that body, which includes, besides the Governors' Conference, various State and interstate Governmental groups.

In May 1943, when, following four regional conferences, the Council of State Governments established the Interstate Committee on Post-War Reconstruction and Development, Governor O'Conor became, ex-officio, its National Chairman.

Breaking a precedent of 35 year's standing the Governors' Conference, at its 35th and largest annual meeting, in Columbus, Ohio, June 20-24, 1943, retained Governor O'Conor as a member of the Executive Committee, and unanimously adopted a resolution expressing appreciation of his "patriotic and faithful service, which has been of such benefit to the Governors of all the States and to the Nation—during one of the most important years in the history of the Governors' Conference."

The Governor has received honorary degrees of Doctor of Laws from the University of Maryland, Loyola College

of Baltimore, Villanova College of Pennsylvania, Georgetown University of Washington, D. C. and Washington College at Chestertown. He is a member of the American Bar Association, the Maryland State and the Baltimore City Bar Associations; he is also a member of the Elks, Moose, Eagles, Knights of Columbus, Veterans of Foreign Wars, American Legion, Phi Kappa Sigma, and holds membership in other clubs.

The Great Seal of Maryland

Description of The Great Seal of Maryland

The Great Seal and Flag of Maryland are so intimately connected the one with the other that their history is inseparable. The flag of the State bears the escutcheon of the Great Seal—the Calvert and Crossland arms quartered. Maryland is unique in her Great Seal, and presents a marked contrast with those of the other States of the American Union, in that it consists of Armorial bearings of a strictly heraldic character, while the others bear "emblems indicative of agriculture and commerce, plenty and prosperity, or kindred subjects represented in a more or less pictorial or allegorical manner."

The first Great Seal brought over by Governor Leonard Calvert, in 1643, was "Treacherously and violently taken away by Richard Ingle, or his accomplices, in or about February A. D. 1644, and hath ever since been so disposed of it cannot be recovered." In 1648, Baltimore sent to the province, through Governor William Stone, a second Great Seal cut in silver. The escutcheon bore the Calvert and Crossland arms quartered. The first and fourth quarters consisted of "six pales" or vertical bars, alternately gold and black with a bend dexter counter charged—that is, a diagonal stripe on which colors are reversed—being the Calvert arms; the second and third quarters consisted of a quartered field of red and silver charged with a Greek, or equal-limbed cross, classified as "Botany"—its arms terminating in trefoils—and also counter-charged, that is, with the colorings reversed, red being on the silver ground and silver on the red—the latter quarterings being from the Crossland, Baltimore's maternal arms—Alicia Crossland having been the mother of the first Baron of Baltimore, George Calvert. These quarterings were surmounted by an earl's coronet and full-faced helmet, which indicated his rank in America as that of a Count Palatine—his rank in England being that of a Baron only—a distinction which no other American Colonial charter conferred. On the helmet rested the Calvert crest, a ducal crown, with two half bannerets, one gold and one black. The escutcheon was supported on one side by the figure of a farmer, and the other by that of a fisherman—symbols of each his two estates, Maryland and Avalon. Below them was a scroll bearing the Calvert motto: "Fatti maschii Parole Femine"—manly deeds, womanly words, or more strictly, deeds are males, words, females. Behind the escutcheons and coronets was engraved an ermined-lined mantle, and surrounding all, on a border encircling the seal, was the legend: "Scuto Bonae Voluntatis tuae Coronasti Nos"—with favor wilt thou compass us as with a shield. The heraldic terms used in describing the colors in the Calvert arms are "Or" and "Sable," meaning gold and black.

The Obverse of The Great Seal

The obverse of the Great Seal represents Baron Baltimore as a Knight in full armor, with drawn sword and helmet decoration with feathers. He is mounted on a richly caparisoned charger in full gallop, adorned with his paternal coat of arms, below which are engraved a strip of seashore, grass and flowers; around the whole is an inscription containing his name and titles, "Cecilius Absolutus Dominus Terrae Mariae et Avaloniae Baro de Baltimore."

The Great Seal of the State, or Nation, stands as her symbol of honor, and the signet by which her official acts are authenticated and accredited. In colonial Maryland to every deed granting lands by the Proprietary, who held the fee therein, to the colonist settlers, was suspended by a piece of linen tape, a large wax seal, with the impression of both the obverse and the reverse of the Great Seal thereon. Upon the accession of William and Mary to the throne of England, Maryland became a Royal Province and the Church of England became the established church of the Province. During the sway of the Royal Governors, from 1692 to 1715, other seals came into use, but upon the restoration to Lord Baltimore in 1716 of the Province, "The Greater Seal at Arms" was again used. The convention of 1776 adopted the Great Seal of the Province as the Great Seal of the State, until a new one could be devised. Later notably in 1794, and in 1817, many changes were made in it, but in 1876 a joint resolution of the Maryland Legislature was passed restoring the seal to the exact description given of it in Lord Baltimore's Commission to Governor Stone on August 12, 1648. X. WE will also, out of our more abundant Grace, for US, our Heirs and Successors, do firmly charge, constitute, ordain and commend that the said PROVINCE be of our Allegiance; and that all and singular the Subjects and Liege-Men of US, our Heirs and Successors, transplanted, or hereafter to be transplanted into the PROVINCE aforesaid, and the children of them, and of others their Descendants, whether already born there,

or hereafter to be born, be and shall be natives and Liege-Men of US, our Heirs and Successors, of our Kingdom of *England* and *Ireland;* and in all Things shall be held, treated, reputed, and esteemed as the faithful Liege-Men of US, and our Heirs and Successors, born within our Kingdom of *England;* also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever within our Kingdom of *England*, and other our Dominions, to inherit or otherwise purchase, receive, take, have, hold, buy, and possess, and the same to use and enjoy, and the same to give, sell, alien, and bequeath; and likewise all Privileges, Franchises and Liberties of this our Kingdom of *England*, freely, quietly and peaceable to have and possess, and the same may use and enjoy in the same Manner as our Liege-Men born, or to be born within our same Kingdom of *England*, without Impediment, Molestation, Vexation, Impeachment, or Grievance of US, or any of our Heirs or Successors; any Statute, Act, Ordinance or Provisions to the contrary thereof, notwithstanding.

XI. FURTHERMORE, That our Subjects may be incited to undertake this Expedition with a ready and cheerful Mind, KNOW YE, that WE of our especial Grace, certain Knowledge, and mere Motion, do, by the aforesaid Baron of BALTIMORE and to his Heirs, as to all other Persons who shall from Time to Time repair to the said Province, either for the sake of Inhabiting, or of Trading with the Inhabitants of the Province aforesaid, full License to Ship and Lade in any the Ports of US, our Heirs and Successors, all and singular their Goods, as well moveable as immoveable, Wares and Merchandise, likewise Grain of what Sort soever, and other Things whatsoever necessary for Food and Clothing by the Laws and Statutes of our Kingdoms and Dominions, not prohibited to be transported out of the said Kingdoms; and the same to transport, by themselves, or their Servants or Assigns, into the said PROVINCE without the Impediment or Molestation of US, our Heirs or Successors, of any officers of US, our Heirs or Successors (Saving unto Us, our Heirs and Successors, the Impositions, Subsidies, Customs, and other Dues payable for the same Goods and Merchandizes), any Statute, Act, Ordinance or other Thing whatsoever to the contrary notwithstanding.

XII. BUT BECAUSE, that in so remote a Region, placed among so many barbarous Nations, the Incursions, as well of the Barbarians themselves, as of other Enemies, Pirates and Ravagers, probably will be feared, THEREFORE WE have Given, and for US, our Heirs and Successors, do Give by these Presents, as full and unrestrained Power as any Captain-General of an Army ever hath had, unto the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, by themselves or by

their Captains or other Officers, to summon to their Standards, or to array all Men, of whatsoever Condition, or wheresoever born for the Time being, in the said Province of MARYLAND, to wage War, and to pursue, even beyond the Limits of their Province, the Enemies and Ravagers aforesaid, infesting those Parts by Land and by Sea, and (if GOD shall grant it) to vanquish and captivate them, and the Captives to put to Death, or, according to their Discretion, to save, and to do all other and singular the Things which appertain, or have been accustomed to appertain unto the Authority and Office of a Captain-General of an Army.

XIV. MOREOVER, lest in so remote and far distant a Region, every Access to Honours and Dignities may seem to be precluded, and utterly barred to Men well born, who are preparing to engage in the present Expedition, and desirous of deserving well, both in Peace and War, of US, and our Kingdoms; for this Cause, We, for US, our Heirs and Successors do give free and plenary Power to the aforesaid now Baron of BALTIMORE, and to his Heirs and Assigns, to confer Favours, Rewards, Honours, upon such Subjects, inhabiting within the PROVINCE aforesaid, as shall be well deserving, and to adorn them with whatsoever Titles and Dignities they shall appoint; (so that they be not such as are now used in *England*) also to erect and incorporate Towns into Buroughs, and Buroughs into CITIES, with suitable Privileges and Immunities, according to the Merits of the Inhabitants, and Convenience of the places; and to do all and singular other Things in the Premises, which to him or them shall seem fitting and convenient; even although

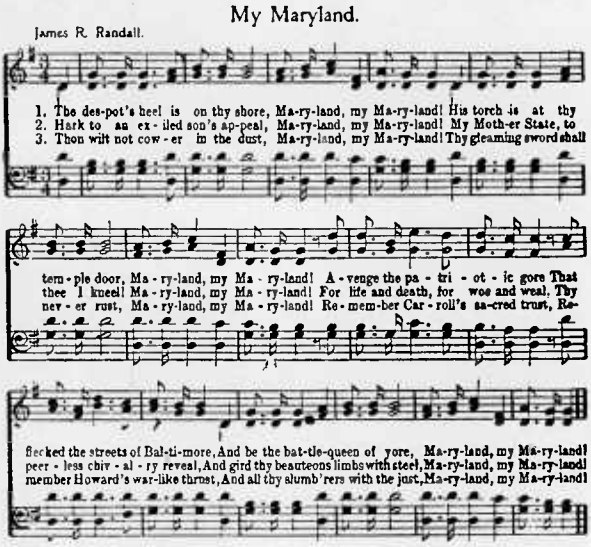
CHAPTER 458, Acts of 1918, designates and adopts the Rudbeckia hirta, or Black-eyed Susan, as the floral emblem of the State of Maryland, and directs the Governor to declare the same by Proclamation.

Maryland State Song



Constitution of Maryland

ADOPTED BY THE CONVENTION

WHICH ASSEMBLED AT THE CITY OF ANNAPOLIS ON THE EIGHTH DAY OF MAY, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND ADJOURNED ON THE SEVENTEENTH DAY OF AUGUST, EIGHTEEN HUNDRED AND SIXTY-SEVEN, AND RATIFIED BY THE PEOPLE ON THE EIGHTEENTH DAY OF SEPTEMBER, EIGHTEEN HUNDRED AND SIXTY-SEVEN, WITH AMENDMENTS TO AND INCLUDING NINETEEN HUNDRED AND FORTY.

DECLARATION OF RIGHTS

We, the people of the State of Maryland, grateful to Almighty God for our civil and religious liberty, and taking into our serious consideration the best means of establishing a good Constitution in this State for the sure foundation and more permanent security thereof, declare:

Article 1. That all Government of right originates from the People, is founded in compact only, and instituted solely for the good of the whole; and they have, at all times, the inalienable right to alter, reform or abolish their form of Government in such manner as they may deem expedient.

Art. 2. The Constitution of the United States, and the Laws made or which shall be made in pursuance thereof, and all Treaties made, or which shall be made, under the authority of the United States, are and shall be the Supreme Law of the State; and the Judges of this State, and all the People of this State, are, and shall be bound thereby, anything in the Constitution or Law of this State to the contrary notwithstanding.

Art. 3. The powers not delegated to the United States by the Constitution thereof, nor prohibited by it to the States, are reserved to the States respectively, or to the People thereof.

Art. 4. That the People of this State have the sole and exclusive right of regulating the internal government and police thereof as a free, sovereign and independent State.

Art. 5. That the inhabitants of Maryland are entitled to the Common Law of England, and the trial by Jury, according to the course of that law, and to the benefit of such of the English statutes as existed on the Fourth day of July, seventeen hundred and seventy-six; and which, by experience, have been found applicable to their local and other circum-

stances, and have been introduced, used and practiced by the Courts of Law or Equity; and also of all Acts of Assembly in force on the first day of June, eighteen hundred and sixty-seven; except such as may have since expired, or may be inconsistent with the provisions of this Constitution; subject, nevertheless, to the revision of, and amendment or repeal by, the Legislature of this State. And the Inhabitants of Maryland are also entitled to all property derived to them from or under the Charter granted by His Majesty, Charles the First, to Cæcilius Calvert Baron of Baltimore.

Art. 6. That all persons invested with the Legislative or Executive powers of Government are Trustees of the Public, and as such, accountable for their conduct: Wherefore, whenever the ends of Government are perverted, and public liberty manifestly endangered, and all other means of redress are ineffectual, the People may, and of right ought to reform the old, or establish a new Government, the doctrine of nonresistance against arbitrary power and oppression is absurd, slavish and destructive of the good and happiness of mankind.

Art. 7. That the right of the People to participate in the Legislature is the best security of liberty and the foundation of all free Government; for this purpose elections ought to be free and frequent, and every white* male** citizen having the qualifications prescribed by the Constitution, ought to have the right of suffrage.

Art. 8. That the Legislative, Executive and Judicial powers of Government ought to be forever separate and distinct from each other; and no person exercising the functions of one of said Departments shall assume or discharge the duties of any other.

Art. 9. That no power of suspending Laws or the execution of Laws, unless by, or derived from the Legislature, ought to be exercised, or allowed.

Art. 10. That freedom of speech and debate, or proceedings in the Legislature, ought not to be impeached in any Court of Judicature.

Art. 11. That Annapolis be the place of meeting of the Legislature; and the Legislature ought not to be convened, or held at any other place but from evident necessity.

Art. 12. That for redress of grievances, and for amending, strengthening, and for preserving the laws, the Legislature ought to be frequently convened.

---

* The word "white" omitted under the 15th Amendment to the Constitutuon of the United States.

** The word "male" became inoperative under the 19th Amendment to the Constitution of the United States.

Art. 13. That every man hath a right to petition the Legislature for the redress of grievances in a peaceful and orderly manner.

Art. 14. That no aid, charge, tax, burthen or fees ought to be rated, or levied, under any pretense, without the consent of the Legislature.

*Art. 15. That the levying of taxes by the poll is grievous and oppressive and ought to be prohibited; that paupers ought not to be assessed for the support of the government; that the General Assembly shall, by uniform rules, provide for separate assessment of land and classification and sub-classification of improvements on land and personal property, as it may deem proper; and all taxes thereafter provided to be levied by the State for the support of the general State Government, and by the counties and by the City of Baltimore for their respective purposes, shall be uniform as to land within the taxing district, and uniform within the class or sub-class of improvements on land and personal property which the respective taxing powers may have directed to be subjected to the tax levy; yet fines, duties or taxes may properly and justly be imposed, or laid with a political view for the good government and benefit of the community.

Art. 16. That sanguinary Laws ought to be avoided as far as it is consistent with the safety of the State; and no Law to inflict cruel and unusual pains and penalties ought to be made in any case, or at any time, hereafter.

Art. 17. That retrospective Laws, punishing acts committed before the existence of such Laws, and by them only declared criminal are oppressive, unjust and incompatible with liberty; wherefore, no *ex post facto* Law ought to be made; nor any retrospective oath or restriction be imposed or required.

Art. 18. That no Law to attaint particular persons of treason or felony, ought to be made in any case, or at any time, hereafter.

Art. 19. That every man, for any injury done to him in his person or property ought to have remedy by the course of the Law of the Land, and ought to have justice and right, freely without sale, fully without any denial, and speedily without delay, according to Law of the Land.

Art. 20. That the trial of facts, where they arise, is one of the greatest securities of the lives, liberties and estate of the People.

---

* Thus amended by Chapter 390, 1914. Ratified November 2, 1915.

Art. 21. That in all criminal prosecutions, every man hath a right to be informed of the accusation against him; to have a copy of the Indictment, or Charge in due time (if required) to prepare for his defence; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath; and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.

Art. 22. That no man ought to be compelled to give evidence against himself in a criminal case.

Art. 23. That no man ought to be taken or imprisoned or disseized of his freehold, liberties or privileges, or outlawed, or exiled, or in any manner destroyed, or deprived of his life, liberty or property, but by the judgment of his peers, or by the Law of the Land.

Art. 24. That slavery shall not be re-established in this State; but, having been abolished, under the policy and authority of the United States compensation, in consideration thereof, is due from the United States.

Art. 25. That excessive bail ought not to be required, nor excessive fines imposed, nor cruel or unusual punishment inflicted by the Courts of Law.

Art. 26. That all warrants, without oath or affirmation, to search suspected places, or to seize any person or property, are grievous and oppressive; and all general warrants to search suspected places, or to apprehend suspected persons, without naming or describing the place, or the person in special, are illegal, and ought not to be granted.

Art. 27. That no conviction shall work corruption of blood or forfeiture of estate.

Art. 28. That a well regulated Militia is the proper and natural defence of a free government.

Art. 29. That Standing Armies are dangerous to liberty, and ought not to be raised, or kept up, without the consent of the Legislature.

Art. 30. That in all cases, and at all times, the military ought to be under strict subordination to, and control of, the civil power.

Art. 31. That no soldier shall, in time of peace, be quartered in any house, without the consent of the owner, nor in time of war, except in the manner prescribed by Law.

Art. 32. That no person except regular soldiers, marines, and mariners in the service of this State, or militia, when in actual service, ought, in any case, to be subject to, or punishable by Martial Law.

Art. 33. That the independency and uprightness of Judges are essential to the impartial administration of Justice, and a great security to the rights and liberties of the People; wherefore, the Judges shall not be removed, except in the manner, and for the causes, provided in this Constitution. No Judge shall hold any other office, civil or military or political trust, or employment of any kind whatsoever, under the Constitution or Laws of this State, or of the United States, or any of them; or receive fees, or perquisites of any kind, for the discharge of his official duties.

Art. 34. That a long continuance in the Executive Departments of power or trust is dangerous to liberty; a rotation, therefore, in those Departments is one of the best securities of permanent freedom.

Art. 35. That no person shall hold, at the same time more than one office of profit, created by the Constitution or Laws of this State; nor shall any person in public trust receive any present from any foreign Prince or States, or from the United States, or any of them, without the approbation of this State.

Art. 36. That as it is the duty of every man to worship God in such manner as he thinks most acceptable to Him, all persons are equally entitled to protection in their religious liberty; wherefore, no person ought, by any law to be molested in his person or estate, on account of his religious persuasion or profession, or for his religious practice, unless, under the color of religion, he shall disturb the good order, peace or safety of the State, or shall infringe the laws of morality, or injure others in their natural, civil or religious rights; nor ought any person to be compelled to maintain any place of worship or any ministry; nor shall any person, otherwise competent, be deemed incompetent as a witness, or juror, on account of his religious belief; provided, he believes in the existence of God, and that under His dispensation such person will be held morally accountable for his acts, and be rewarded or punished therefor in this world or the world to come.

Art. 37. That no religious test ought ever to be required as a qualification for any office of profit or trust in this State, other than a declaration of belief in the existence of God; nor shall the legislature prescribe any other oath of office than the oath prescribed by this Constitution.

*Art. 38. That every gift, sale or devise of land to any Minister, Public Teacher or Preacher of the Gospel, as such, or to any Religious Sect, Order or Denomination, or to, or for the support, use or benefit of, or in trust, for any Minister, Public Teacher or Preacher of the Gospel, as such, or any Religious

Art. 39. That the manner of administering the oath or affirmation to any person ought to be such as those of the religious persuasion, profession, or denomination, of which he is a member, generally esteem the most effectual confirmation by the attestation of the Divine Being.

Art. 40. That the liberty of the press ought to be inviolably preserved; that every citizen of the State ought to be allowed to speak, write and publish his sentiments on all subjects, being responsible for the abuse of that privilege.

Art. 41. That monopolies are odious, contrary to the spirit of a free government and the principles of commerce, and ought not to be suffered.

Art. 42. That no title or hereditary honors ought to be granted in this State.

Art. 43. That the Legislature ought to encourage the diffusion of knowledge and virtue, the extension of a judicious system of general education, the promotion of literature, the arts, sciences, agriculture, commerce and manufactures, and the general amelioration of the condition of the people.

Art. 44. That the provisions of the Constitution of the United States, and of this State, apply as well in time of war as in time of peace; and any departure therefrom, or violation thereof, under the plea of necessity, or any other plea, is subversive of good government and tends to anarchy and despotism.

Each budget shall contain a complete plan of proposed expenditures and estimated revenues for the particular fiscal year to which it relates; and shall show the estimated surplus or deficit of revenues at the end of such year. Accompanying each budget shall be a statement showing: (1) the revenues and expenditures for each of the two fiscal years next preceding; (2) the current assets, liabilities, reserves and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of each of the fiscal years covered by the two budgets above provided; (5) any explanation the Governor may desire to make as to the important features of any budget and any suggestion as to methods for reduction or increase of the State's revenue.

The General Assembly shall not amend the budget bill so as to affect either the obligations of the State under Section 34 of Article III of the Constitution, or the provisions made by the laws of the State for the establishment and maintenance of a system of public schools or the payment of any salaries required to be paid by the State of Maryland by the Constitution thereof; and the General Assembly may amend the bill by increasing or diminishing the items therein relating to the General Assembly, and by increasing the items therein relating to the judiciary, but except as hereinbefore specified, may not alter the said bill except to strike out or reduce items therein, provided, however, that the salary or compensation of any public officer shall not be decreased during his term of office; and such bill when and as passed by both Houses shall be a law immediately without further action by the Governor.

Maryland within the protection of Section 10 of Article I of the Constitution of the United States.

The Governor may provide for public hearings on all estimates and may require the attendance at such hearings of representatives of all agencies, and of all institutions applying for State moneys. After such public hearings he may, in his discretion, revise all estimates except those for the legislative and judiciary departments, and for the public schools as provided by law.

Third. The Legislature may, from time to time, enact such laws not inconsistent with this Section, as may be necessary and proper to carry out its provisions.

Fourth. In the event of any inconsistency between any of the provisions of this Section and any of the other provisions of the Constitution, the provisions of this Section shall prevail. But nothing herein shall in any manner affect the provisions of Section 34 of Article III of the Constitution or of any laws heretofore or hereafter passed in pursuance thereof, or be construed as preventing the Governor from calling extraordinary sessions of the Legislature, as provided by Section 16 of Article II, or as preventing the Legislature at such extraordinary sessions from considering any emergency appropriation or appropriations.

If any item of any appropriation bill passed under the provisions of this Section shall be held invalid upon any ground,

such invalidity shall not affect the legality of the bill or of any other item of such bill or bills[1].

The judge so appointed shall be subject to the same constitutional provisions, receive the same compensation and have the same powers as are herein provided for the other associate judges in the second circuit, and the judge so elected shall be subject to

the same constitutional provision, hold his office for the same term of years, receive the same compensation, and have the same powers as are herein provided for the other associate judges in the second circuit.

The additional judge for the sixth circuit herein provided for and elected by the qualified voters of Frederick and Montgomery Counties at the 1938 election in accordance with the terms of the Constitutional Amendment heretofore submitted and adopted shall be subject to the same constitutional provisions, receive the same compensation and have the same powers as are herein provided for the other associate judges in the sixth circuit and his successor shall be appointed and/or elected in accordance with the constitutional provisions relating to judges. The Chief Judge may be elected from either Frederick or Montgomery Counties, but when the Chief Judge is elected from Frederick County one of the associate judges shall be a resident of said county and the two remaining associate judges shall be residents of Montgomery County and when the Chief Judge is elected from Montgomery County one of the associate judges shall be a resident of said Montgomery County and the remaining two associate judges residents of Frederick County. In case any candidate or candidates for associate judge at any judicial election held in the third and sixth judicial circuits shall receive sufficient votes to cause such candidate or candidates to be declared elected, but the election of such candidate or candidates would cause more associate judges than herein permitted to reside in any county of said circuits, then and in that event only that candidate or those candidates, as the case may be, residing in said county in the order of the votes received shall be declared elected whose election would provide the permitted number of associate judges from said county and the candidate or candidates as the case may be, residing in the other county, and not similarly disqualified, who shall have the next highest number of votes in said election shall be declared elected. If by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of associate judges duly qualified as to residence as above set out should not be elected at any election in said third and sixth judicial circuits, then it shall be the duty of the Governor to order a new election for such unfilled office or offices.

The additional associate judge for the seventh circuit herein provided for shall be appointed by the Governor immediately after the adoption of this amendment and shall serve until the first general election for members of the General Assembly that shall be held in said circuit subsequent to the adoption of

this amendment, at which election his successor shall be elected by the qualified voters of Prince George's, Charles, Calvert and St. Mary's Counties. No member of the General Assembly of 1939, otherwise qualified, shall be ineligible for appointment or election as such associate judge by reason of his membership in the General Assembly. The judge so appointed shall be subject to the same constitutional provisions, receive the same compensation and have the same powers as are herein provided for the other associate judges in the seventh circuit, and the judge so elected and his successors shall, subject to the same constitutional provisions, hold office for the same term of years, receive the same compensation, and have the same powers as are herein provided for the other associate judges in the seventh circuit. No two of the associate judges for the seventh circuit shall at the time of their election or appointment or during the term for which they may have been elected or appointed reside in the same county, except in Prince George's County, in which county two of said associate judges for the said circuit shall reside at the time of their appointment or election and during the term for which they may have been appointed or elected unless the chief judge of said circuit shall already reside in said county, in which event only one of said associate judges shall reside in Prince George's County and Prince George's County shall at all times have two resident Judges and no more, such Judges to be either the Chief Judge of the Seventh Circuit and one associate Judge or two associate Judges of said Circuit. In case any candidate or candidates for associate judge at any judicial election held in the seventh judicial circuit shall receive sufficient votes to cause such candidate or canddates to be elected, but the election of such candidate or candidates would cause more associate judges than herein permitted to reside in any county of said circuit, then and in that event only that candidate or those candidates, as the case may be, residing in said county in the order of the votes received shall be declared elected whose election would provide the permitted number of associate judges from said county, and the candidate or candidates, as the case may be, residing in some other county, and not similarly disqualified, who shall have the next highest number of votes in said election shall be declared elected. If, by reason of such a condition or by reason of an equal vote for two or more candidates a sufficient number of associate judges duly qualified as to residence as above set out should not be elected at any election in said seventh judicial circuit, then it shall be the duty of the Governor to order a new election for such unfilled office or offices.

The right of having questions reserved shall not, however, apply to trials of appeals from judgments of Justices of the Peace, nor to criminal cases below the grade of felony, except when the punishment is confinement in the penitentiary; and this section shall be subject to such provisions as may hereafter be made by law.

SEC. 23. The judges of the respective Circuit Courts of this State and of the courts of Baltimore city, shall render their decisions in all cases argued before them, or submitted for their judgment, within two months after the same shall have been so argued or submitted.

Part V-A—People's Courts.

41-A. There is hereby created a People's Court of Baltimore City. Said Court shall consist originally of a Chief Judge and two Associate Judges; the number of such Judges may thereafter be increased or decreased by the General Assembly by law but no such decrease shall affect the term of any Judge then in office or his right to stand for election for further terms as hereinafter provided. The Judges of said Court shall have the qualifications prescribed by Section 2 of this Article and shall have practiced law in the City of Baltimore for a total period of at least five years; shall hold office subject to the provisions of Sections 3 and 4 of this Article with regard to retirement and removal from office; and shall receive from the Mayor and City Council of Baltimore City such compensation as shall be fixed by law by the General Assembly, which shall not be diminished during continuance in office.

The Governor shall appoint to said Court, to take office on the first Monday of May, 1941, one Associate Judge for a term expiring December 31, 1942, one Associate Judge for a term expiring December 31, 1944, and a Chief Judge for a term expiring December 31, 1946; and, upon the creation of any additional office on said Court by increase in the number of Judges pursuant to this Section, shall appoint an Associate Judge for such term, not exceeding eight years and expiring on the thirty-first day of December immediately following a Congressional election, as the law creating such office shall prescribe. If any vacancy occurs during any such original term, the Governor shall appoint a successor to serve for the remainder of such term. After the expiration of said original terms, the terms of office of said Court shall be for eight years from the expiration of the preceding term, and shall be filled as follows:

(1) Any incumbent Judge of said Court shall be eligible, at the Congressional election immediately preceding the expiration of his period of appointment or term, for election or re-election to succeed himself (a) for a full term of eight years, except as provided in (b) hereof; or (b) for the unexpired remainder of the current eight year term, if his appointment will expire before the end of such term. No person other than an incumbent Judge shall be eligible for election to said Court.

(2) Whenever a vacancy shall occur on said Court from any cause the Governor shall appoint to said Court a Judge who shall hold office under such appointment until the thirty-first day of December immediately following the first Congressional election occurring six months or more after the date of his appointment. No Judge of said Court, who has stood for election to succeed himself and not been elected, shall thereafter be ap-

pointed to said Court, and no Judge of said Court, who has failed to stand for election when eligible, shall be appointed to succeed himself.

(3) In order to qualify for election or re-election an incumbent Judge shall file with the Supervisors of Elections of Baltimore City not later than thirty days before the date of the applicable election a certificate signed and duly acknowledged, stating the basis of his eligibility and the term or remainder of term for which he is eligible for election. Thereupon, the name of such Judge, together with a statement of the term or remainder of term for which he is eligible, shall be placed upon the ballot to be used in said City in such election, with no party designation whatever and with no opposing candidate, with space provided to permit any voter to cast his vote for or against the continuance in office of such Judge; if the votes cast for the continuance in office of such Judge represent a majority of all the votes cast for or against his continuance in office, such Judge shall hold office for the unexpired remainder of the term or for the full term of eight years, as the case may be.

Unless his office shall have been abolished pursuant to this Section, each Judge of said Court shall continue to hold office after the expiration of his period of appointment or term until a successor shall qualify. As used in this Section, "Congressional election" means any of the biennial elections at which members of the House of Representatives are regularly chosen.

Said Court shall have such jurisdiction (which may be made exclusive as to any class or classes of civil cases in Baltimore City), with such right of appeal, therefrom, and the Chief Judge and Associate Judges thereof shall have such powers and duties, as the General Assembly shall prescribe from time to time by law. The Judges of said Court shall have full power to regulate by rules the administration, procedure and practice of said Court; such rules shall have the force of law until rescinded or modified by said Judges or the General Assembly. Unless otherwise provided by law, (1) all powers granted by this Section or by law to said Court or the Judges thereof as a body may be exercised by a majority of the Judges thereof, and (2) said Court shall not be a Court of Record.

There shall be a Chief Constable of said Court, who shall perform therein the duties prescribed for Clerks of Court by Section 10 of this Article and such other duties as shall be prescribed by law or by rule of said Court. Such Chief Constable shall be appointed, in the manner hereinafter prescribed, by the Judges of said Court; and such Chief Constable shall appoint, in the manner hereinafter prescribed, all original, subsequent and additional constables and clerks employed pursuant

to this Section, and shall supervise and direct the work of all such constables and clerks. There shall be appointed originally fourteen such constables and sixteen such clerks; the number of either may, on the joint recommendation of said Court and said Chief Constable, be increased by the Mayor and City Council of Baltimore City; no vacancy in the position of any constable or clerk, however, arising, shall be filled by said Chief Constable unless the Judges of said Court and said Chief Constable shall expressly find that the filling of such vacancy is necessary for the efficient operation of said Court. The positions of said Chief Constable and of all such constables and clerks shall be positions in the Classified City Service of Baltimore and the provisions of the Charter of said City with respect to said City Service are hereby expressly made applicable thereto, provided that, the Chief Constable at the time this amendment becomes effective shall continue and remain in said position and immediately become a member of said Classified City Service of Baltimore; all such positions shall be classified by the City Service Commission and all appointments, promotions, transfers, re-instatements, and removals with respect to such positions shall be made only in accordance with the provisions, rules and regulations of said Classified City Service in force from time to time. Such Chief Constable and all of such other constables and all such clerks shall receive from the Mayor and City Council of Baltimore City such compensation as said Mayor and City Council shall prescribe. Such constables and clerks shall perform such duties as may now or hereafter be prescribed by law or rule of Court.

After adoption of this Section no constable shall be appointed by the Mayor and City Council of Baltimore City pursuant to Section 42 or Section 43 of this Article IV, but constables in office upon the adoption of this Section shall hold office for the remainder of their terms, and the constables first appointed under this Section shall take office at the expiration of such terms.

41-B. The General Assembly shall have power by law to establish a People's Court in any county, or any part thereof, incorporated city or town in this State, except Baltimore City, and to prescribe and from time to time to alter (1) the number qualifications, tenure, and method of selection of the Judges of any such Court, and their powers, duties and compensation, except that the term of office or compensation of any Judge shall not be reduced during his continuance in office; (2) the jurisdiction of any such Court (which may be made exclusive as to any class or classes of civil cases in such county, or any part thereof, city or town) and the right of appeal therefrom; (3) the number, qualifications, tenure, method of selection, duties,

and compensation of all constables, clerks or other employees for such Court; and (4) all other matters relating to such Court. At said election the ballot shall contain the names of said nominees in alphabetical order without any indication of the source of their nomination, and shall also be so arranged as to permit the voter to vote for or against the creation of said charter board, but the vote cast against said creation shall not be held to bar the voter from expressing his choice among the nominees for said board, and if the majority of the votes cast for and against the creation of said charter board shall be against said creation the election of the members of said charter board shall be void; but if such majority shall be in favor of the creation of said charter board, then and in that event the eleven nominees of the City of Baltimore or five members in the county receiving the largest number of votes shall constitute the charter board, and said charter board, or a majority thereof, shall prepare within six months from the date of said election a charter or form of government for said city or such county and present the same to the Mayor of Baltimore or President of the Board of County Commissioners of such county, who shall publish the same in at least two newspapers of general circulation published in said the City of Baltimore or county within thirty days after it shall be reported to him. Such charter shall be submitted to the voters of said city or county at the next general or Congressional election after the report of said charter to said Mayor of Baltimore or President of the Board of County Commissioners; and if a majority of the votes cast for and against the adoption of said charter shall be in favor of such adoption, the said charter from and after the *thirtieth day* from the date of such election shall become the law of said city or county, subject only to the Con-

stitution and Public General Laws of this State, and any Public Local Laws inconsistent with the provisions of said charter and any former charter of said the City of Baltimore or county shall be thereby repealed.

SEC 2. The General Assembly at its first session after the adoption of this amendment shall, by Public General Law, provide a grant of express powers for such county or counties as may thereafter form a charter under the provisions of this Article. Such express powers granted to the counties and the powers heretofore granted to the City of Baltimore, as set forth in Article 4, Section 6, Public Local Laws of Maryland, shall not be enlarged or extended by any charter formed under the provisions of this Article, but such powers may be extended, modified, amended or repealed by the General Assembly.

SEC. 3. Every charter so formed shall provide for an elective legislative body in which shall be vested the law-making power of said city or county. Such legislative body in the City of Baltimore shall be known as the City Council of the City of Baltimore, and in any county shall be known as the County Council of the county. The chief executive officer, if any such charter shall provide for the election of such executive officer, or the presiding officer of said legislative body, if such charter shall not provide for the election of a chief executive officer, shall be known in the City of Baltimore as Mayor of Baltimore, and in the county as the President of the County Council of the county, and all references in the Constitution and laws of this State to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Commissioners of the counties shall be construed to refer to the Mayor of Baltimore and City Council of the City of Baltimore and to the President and County Council herein provided for, whenever such construction would be reasonable. From and after the adoption of a charter by the City of Baltimore, or any county of this State, as hereinbefore provided, the Mayor of Baltimore and City Council of the City of Baltimore or the County Council of said county, subject to the Constitution and Public General Laws of this State, shall have full power to enact local laws of said city or county, including the power to repeal or amend Local Laws of said city of county enacted by the General Assembly, upon all matters covered by the express powers granted as above provided; provided that nothing herein contained shall be construed to authorize or empower the County Council of any county in this State to enact laws or regulations for any incorporated town, village, or municipality in said county, on any matter covered by tne powers granted to said town, village, or municipality by the Act incorporating it, or any subsequent Act or Acts amendatory

thereto. Provided, however, that the charters of the various counties shall provide that the County Council of the counties shall not sit more than one month in each year for the purpose of enacting legislation for such counties, and all legislation shall be enacted during the month so designated for that purpose in the charter, and all laws and ordinances so enacted shall be published once a week for three successive weeks in at least one newspaper published in such counties, so that the taxpayers and citizens may have notice thereof. This provision shall not apply to Baltimore City. All such local laws enacted by the Mayor of Baltimore and City Council of the City of Baltimore or the Council of the Counties, hereinbefore provided, shall be subject to the same rules of interpretation as those now applicable to the Public Local Laws of this State, except that in case of any conflict between said Local Law and any Public General Law now or hereafter enacted, the Public General Law shall control.

SEC. 4. From and after the adoption of a charter under the provisions of this Article by the City of Baltimore or any county of this State, no Public Local Law shall be enacted by the General Assembly for said city or county on any subject covered by the express powers granted as above provided. Any law so drawn as to apply to two or more of the geographical sub-divisions of this State shall not be deemed a Local Law, within the meaning of this Act. The term "geographical subdivision" herein used shall be taken to mean the City of Baltimore or any of the counties of this State.

SEC. 5. Amendments to any charter adopted by the City of Baltimore or by any county of this State under the provisions of this Article may be proposed by a resolution of the Mayor of Baltimore and the City Council of said the City of Baltimore, or the Council of said county, or by a petition signed by not less than 20 per cent of the registered voters of said city or county, provided, however, that in any case 10,000 signatures shall be sufficient to complete a petition, and filed with the Mayor of Baltimore or the President of the County Council, and when so proposed shall be submitted to the voters of said city or county at the next general or Congressional election occurring after the passage of said resolution, or the filing of said petition; and if at said election the majority of the votes cast for and against said amendments shall be in favor thereof, said amendment shall be adopted and become a part of the charter of said city or county from and after the thirtieth day after said election. Said amendments shall be published by said Mayor of Baltimore or President of the County Council once a week for five successive weeks prior to said election in at least one newspaper published in said city or county.

SEC. 6. The power heretofore conferred upon the General Assembly to prescribe the number, compensation, powers and duties of the County Commissioners in each county, and the power to make changes in Sections 1 to 6, inclusive, Article XI of this Constitution, when expressly granted as hereinbeforep rovided, are hereby transferred to the voters of each county and the voters of the City of Baltimore, respectively, provided that said powers so transferred shall be exercised only by the adoption or amendment of a charter as hereinbefore provided; and provided further, that this Article shall not be construed to authorize the exercise of any powers in excess of those conferred by the Legislature upon said counties or city as this Article sets forth.

SEC. 7. The word "Petition," as used in this Article, means one or more sheets written or printed or partly written and partly printed; "Signature" means the signature of a registered voter written by himself in his own handwriting (and not by his mark), together with the ward or district and precinct in which he is registered.
