Winterkill can happen to you

By JOSEPH L. MYLER

WASHINGTON (UPI) — The national weather service warned Saturday that "Winterkill" is something that can happen to you as well as to your herbaceious borders.

The service, until recently known as the weather bureau, issued a grim reminder that it is time to get set for the winter storms that every year take a terrible toll of human, plant and animal lives.

From 1936 through 1966 winter storms were the direct or indirect cause of more than 5,000 deaths of human beings. The national weather service has established a system that it hopes will inform Americans when they are likely to be clobbered by storms that can cause winterkill. Keep tuned for storm forecasts, watches, and warnings.

• • •

Meanwhile, take some precautions.

In the home, assume the worst will happen. You will be snowbound. No electricity. No deliveries. So stock up in advance on batteries, and foods that don't need cooking or refrigeration. Beware of fire hazards. Don't invite a heart attack by shoveling snow if you are "in less than prime condition."

On the farm, move your livestock to sheltered areas. Get in extra feed. Arrange water supplies heated enough to be drinkable. Says the service, "Hardly a winter season passes without massive kills of sheep and cattle and livestock somewhere on the land."

• • •

On the road, be sure your car is "winterized." You may be marooned in it. Stock it with blankets, nonperishable food, flashlights, an auxiliary can of gasoline, maps. Stay in it if trapped by a blizzard. Run the motor and heater sparingly, keeping a window cracked to avert gas poisoning. Exercise. Keep dome light on at night to attract rescue crews. Never permit all occupants to sleep at the same time.

There are a lot of nice things to say about winter. It can be a beautiful season. Skiers love it, as do musk oxen and caribou.

BATON ROUGE, La. — The Law School Admission Test Council, in cooperation with Southern University, is offering the February Law School Admission Test and score reporting service without charge. The purpose is to stimulate interest in legal education and to enable students contemplating graduate or professional study to make better informed choices among fields of advanced study. It is recommended that only seniors take the examination.

MISS ROSETTA SQUIRE, recent Coppin State College graduate, was honoree at a party, Saturday. Shown at the affair are, from left, Mrs. Sallie S. Roberts, Mrs. Cynthia Jones, Mrs. Shirley Wicks, Mrs. Bernice Stewart, Miss Rosetta Squire, Miss Gwendolyn Wood, Miss Dodd, Miss Pat Hayes, Philip Brown and Miss Rachael Mabry.

Midnight Clear

It came upon the midnight clear
That glorious song of old,
From angels bending near the earth,
To touch their harps of gold.

Visit From St. Nick

'Twas the night before Christmas
when all through the house,
Not a creature was stirring not even a mouse,
And stockings were hung from the chimney with care,
In the hope that St. Nicholas soon would be there.

Looking For King

They all were looking for a king
To slay their foes and lift them high;
Thou cam'st, a little baby thing,
That made a woman cry.

Old Carol

Is There A Santa?

Not believe in Santa Claus! You might as well not believe in fairies. Nobody sees Santa Claus, but that is no sign there is no Santa Claus. The most real things in the world are those which neither children or men can see. No Santa Claus! Thank God! He lives and he lives forever.

'The Most Exciting Headache News In Years!'

'Doctors' Tests In Treating' Nervous Tension Headaches Now Made Public

Non-Narcotic Tablet That Needs No Prescription Proves Just As Effective As The Expensive, Leading Pain-Relief Prescription Of Doctors.

If you're one of the many who get tense, nervous headaches, these latest tests by doctors should be of the greatest importance.

In recent medical tests doctors proved a famous tablet that needs no prescription gives the *same complete headache relief* as the expensive, leading prescription of doctors.

These doctors' tests proved, beyond a doubt, that Anacin is *just as effective* to relieve tension headaches, yet Anacin needs no prescription and is far more economical.

With Anacin, headache pain and its nervous tension vanish in minutes. Despite its strength, Anacin is not narcotic. You can take it without getting dizzy or an upset stomach.

Next time take powerful, fast-acting *Anacin*®. Anacin Tablets give the same complete headache pain relief as the leading prescription product for which doctors wrote 21 million prescriptions last year.

Christmas stocking.

After they open the toys and the ties and the wallets and the watches, there's one more gift to go.

It's nestled at the bottom of the Christmas stocking. It's a U.S. Savings Bond.

Probably the easiest gift you can give. Just stop at the bank and pick it up.

And, it's one of the nicest gifts anyone could hope to receive.

It even comes with its own special gift envelope. Choose from four different designs.

What's more, now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years 10 months (4% the first year). That extra ½% payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 ... with a comparable improvement for all older Bonds.

A U.S. Savings Bond. For Christmas. It will help fill a stocking this year. And a wallet in the years to come.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. You may be deferred until redemption. And always remember, Bonds are a good way to save.

The U.S. Government does not pay for this advertising. It is presented as a public service in cooperation with The Department of the Treasury and The Advertising Council.

Take stock in America. With higher paying U.S. Savings Bonds.

Plan to replace Council of Churches

The Maryland Council of Churches closes its doors at the end of this year; a number of its programs will also close.

Many church leaders have voiced serious concern that some of the activities which have demonstrated the potential of ecumenical endeavor and its importance to Maryland's religious and secular life could only be ably provided for in a state-wide organization, the Rev. Manfred Manrodt, Convener Pro Tem of an Ad Hoc Planning Committee, stated.

Forty six concerned persons have approved the mailing of an inquiry to determine interest in forming a state-wide organization to pick up some of the programs of the Maryland Council of Churches as well as to develop others.

The inquiry will be directed principally to the 2000 churches which comprisgd the Maryland Council of Churches.

The pastors are being asked if they believe there should be formed a statewide, interdenominational organization through which congregations could implement their commitment to these purposes.
