An ACT respecting the creditors and debtors of this state.

WHEREAS the provision for the debts of the respective states by the congress of the United States renders it essential to the interest of this state, that its creditors should subscribe to the loan proposed by congress, upon receiving a full compensation from the state for any injury which they might sustain thereby,

Be it enacted, by the general assembly of Maryland, That it be proposed to the creditors of this state, to subscribe to the loan proposed by the congress of the United States, by an act of the said congress, entitled, An act making provision for the debt of the United States, and the faith of this state is hereby pledged to receive from the creditors, who shall subscribe to the said loan, all certificates bearing an interest of three per cent. and all certificates bearing an interest of six per cent. after the year eighteen hundred, which the said creditors shall become entitled to by such subscription; and in exchange therefor, there shall be paid by the trustee appointed by this act, to the said respective creditors, a compensation in stock, created under the act of congress aforesaid, bearing an immediate interest of six per cent. to the full amount of the principal sums mentioned in the said certificates.

And, in order to establish a fund for making the said payment to the subscribing creditors, *Be it enacted,* That Benjamin Harwood, of the city of Annapolis, be and he is hereby appointed a trustee for the purpose of subscribing to the loan proposed by congress the continental paper now in the treasury of this state, and for other purposes herein after mentioned.

And be it enacted, That the treasurer of the western shore be and he is hereby directed to deliver to the said trustee all the continental paper now in the treasury, which may be subscribed to the said loan under the act of congress aforesaid, taking his written declaration acknowledging the receipt of the said paper as trustee of the state, and that the said trustee shall subscribe the same in his own name, and shall deliver the certificates, which he shall receive therefor from the continental commissioner, to the treasurer of the western shore.

And be it enacted, That when any creditor or creditors of this state, who shall subscribe to the said loan, shall produce to the said trustee, any certificate granted by the said commissioner, bearing an interest of three per cent. or any certificate granted by such commissioner, bearing an interest of six per cent. after the year eighteen hundred, and shall assign and transfer the said certificates to the said trustee in due form of law, it shall be lawful for the said trustee, and he is hereby required to transfer to the said creditor or creditors, in exchange therefor, so much of the stock herein before mentioned, bearing an immediate interest of six per cent. as shall amount to the principal sums mentioned in such certificates; and the said trustee shall deliver all certificates, transferred to him by any creditor or creditors as aforesaid, to the treasurer of the western shore for the use of this state: Provided always, that the said trustee shall first be satisfied, that the certificates so produced by any creditor shall have been received from the said commissioner on loans, subscribed in certificates issued by this state.

And be it enacted, That it shall be the duty of the trustee, appointed or to be appointed in virtue of this act, to receive the interest which shall become due on the stock which he shall hold in trust for the state, and to pay the same to the treasurer of the western shore.

And be it enacted, That in case the said trustee, or any other trustee to be appointed in virtue of this act, shall refuse to act, or die, or refuse or neglect to give security as herein after required, the governor and council shall appoint another person in his stead.

And be it enacted, That every trustee appointed, or to be appointed, in virtue of this act, shall, within thirty days after notice of his appointment, and before he proceeds to act, give bond to the state, with good security to be approved of by the governor and council, in the sum of five thousand pounds current money, for the faithful performance of the trust reposed in him by this act, and the said bond shall be recorded by the clerk of the general court for the western shore, and a copy thereof, certified by the said clerk, under his hand and seal of office, shall be received as evidence in any court of law or equity of this state.

And, Whereas the taking out of circulation the certificates issued by this state, will be injurious to the debtors of the state, who were permitted to make payment in the said certificates by the act, entitled, An act respecting the debtors and creditors of this state, under the act to establish funds to secure the payment of the state debt within six years, and for the punctual payment of the annual interest thereon; *Be it enacted,* That all debtors who installed, or might have installed, under the act aforesaid, shall be allowed to make payment of their debt as follows: that is to say, all arrears of interest to the first day of December, in the year seventeen hundred and ninety, and two thirds of the principal, in specie, or in depreciation or other liquidated state certificates, or in stock created under the act of congress herein before mentioned, bearing an immediate interest of six per cent. one third of the principal in specie, or in stock created under the said act of congress, and bearing an interest of six per cent. after the year eighteen hundred; and all interest accruing after the said first day of December, in the year seventeen hundred and ninety, in specie only.

And be it enacted, That the stock paid by the said debtors shall be transferred by them to the trustee appointed by, or to be appointed in virtue of, this act.

And be it enacted, That no execution shall issue against any debtor who installed, or might have installed under the said act, before the first day of August next; and if executions have already issued, the attorney-general shall suspend them, the defendants first paying all legal costs.

And be it enacted, That the first payment due on the bonds of the debtors who have installed, shall be postponed until the first day of August next.

And be it enacted, That it shall and may be lawful for all debtors, who had permission to install by the act aforesaid, to install at any time before the first day of August next, upon the same terms and principles as are prescribed and established by the act aforesaid, except that the time of the first payment shall be on the said first day of August next, and that the manner of making payment shall be as is herein before mentioned: and if any of the said debtors who have not installed, and who shall install before the first day of August next, have paid any part of the principal of their debt since the first day of August last, the governor and council shall have regard to the said payments, and in taking their bonds shall regulate the times of payment, so as to put them on the same footing as if they had installed before the first day of August last.

And be it enacted, That where the security of any debtor has obtained an assignment of the bond of his principal, under the act aforesaid, nothing in this act contained shall prevent the said security, his executors, administrators, or assigns, from proceeding and recovering on the said assigned bond, in the same manner as if this act had not been made; and if any security shall not be able to prevail on his principal to install before the first day of August next, the said security, or his heirs, executors, or administrators, may install on the same terms that the principal might have done, and shall thereupon be entitled to an assignment of the original bond from the treasurer of the western shore, who is hereby directed to make the same, and shall have the same proceedings thereon in his or her own name, for his or her own use, as the state might have had.

And be it enacted, That all powers vested in the governor and council by the act aforesaid, shal be and are hereby continued until the end of the session of assembly which shall be first held after the next general election of delegates for this state.

And be it enacted, That the trustee appointed, or to be appointed, in virtue of this act, shall have, as a compensation for his services for the present year, two hundred and fifty pounds current money, and for every subsequent year, if his service shall be required, the sum of seventy-five pounds current money.

And be it enacted, That the governor and council be requested to cause his act to be published, for the space of six weeks, in the several news-papers of this state, and to send one hundred printed copies thereof to each respective county, for the information of the people. 2
