"With today's intricate new hair styles, hair must be easy to control and comb, she said. "SHIM is a wonderful conditioner and dressing. It is gentle in its action but firm in its results."

"SHIM is formulated to help keep scalp healthy, hair brittle and dry. Overnight, hair becomes a comb and falls into place naturally.

W. L. VOMACK INC. and its affiliate, Gold Medal Hair Products, make several products which contribute to the overall beauty concept. Shim Gold Medal Wax is another favorite. It helps give longer lasting curls and waves, and the blend of natural oils is said to keep the hair beautifully set longer."

AN IMPROVED bleach cream, Shim Bleach Cream, is reported to have many advantages over the old type freckle creams and can be used as a skin lightener or for special skin treatments to avoid roughness, bumps, and externally caused skin blemishes.

And just out, for the first time, New Shim Golden Shampoo which sparkles, cleans and refreshes your hair, leaving it soft, silkier and easier to manage.

SHIM PRODUCTS were first introduced to the public in 1945. Acclaim was immediate and far reaching; orders were received from every part of the U.S. and several foreign countries. The new products were the result of many years of research and testing.
