—Sitdown roundup

(Continued from Page 1)

Racial Equality, said 100 New York area picket lines before Woolworth stores "show how southerners feel about southern segregation."

GREENSBORO, N.C. — A white man was arrested here for throwing a stink bomb in the midst of student pickets who resumed demonstrations here last Saturday. On Monday, the Woolworth store announced that its lunch counter was closed indefinitely.

NEW BERN — Municipal Court Judge C. E. Hancock convicted 26 students on trespassing charges growing out of sitdown demonstrations March 17 and fined them $10 and costs. He suspended 30-day jail sentences on condition the students remain on "good behavior" for two years.

OKLAHOMA CITY, Okla. — Some 200 colored citizens paraded quietly on state capitol steps in protest to segregated food service at downtown eating places. Demonstration substituted for original plan to invade the business section, which was called off at the request of Gov. J. Howard Edmondson.

CHARLESTON, S.C. — Counters were closed by the store management when 24 teenagers invaded variety stores and sought service. All 24 were arrested.

ORANGEBURG, S. C. — Another 50 sitdowners were convicted here by Magistrate D. Marchand Culler. They were charged with breach of the peace and fined $50 or 30 days in jail. They are free on $100 appeal bonds. Their convictions bring the total number in this city to 114.

MEMPHIS, Tenn. — Some 23 sitdowners who were arrested in a downtown library were fined $20 each by Judge Beverly Boushe. He levied fines of $16 on six others arrested at the art gallery. The students were charged with disorderly conduct and interfering officers.

GALVESTON, Texas — This Texas town became the second to desegregate, following the lead of San Antonio. Store managers, civic, business and religious leaders reached the desegregation agreement through a conference. This town was the site of two sitdowns.

HOUSTON, Texas — Stores here are still holding out. Lunch counters have been closed to all to forestall the possibility of a protest demonstration.

MARSHALL, Texas — A Texas judge instructed a grand jury Monday to investigate "possible outside influences" involved in racial sitdown demonstrations here last week. District Judge Sam B. Hall said he feels racial disturbances in Marshall were "not a child of local citizens."

SAN ANTONIO, Texas — Nearly 30 eating places have been integrated since March 16, without demonstrations or incidents. Involved are six dime stores and 21 chain drug stores. Few colored citizens are taking advantage of facilities now open to them.

ARLINGTON, Va. — In a joint statement, the Fairfax County Council on Human Relations, the Arlington Council on Human Relations and the Community Council for Social Progress asked local proprietors of eating places to serve all patrons without regard to color.

DANVILLE, Va. — City Council here adopted an ordinance restricting use of Danville's Central Library to "present holders of library cards," and barred further issuance of cards, in an effort to halt sitdown demonstrations in the segregated library.

NORFOLK, Va. — A Monday deadline passed without reply from three dime stores to NAACP requests that they desegregate lunch counters. Whites picketed the stores on Saturday urging the merchants to maintain segregation.

WASHINGTON, D. C. — Georgetown University students are conducting a fund-raising campaign to help southern students arrested for protest, will be distributed on the basis of immediate need," Robert T. Hall, a senior in the School of Foreign Service, said.

rested in the area three weeks ago.

Student leaders here have withdrawn pickets in front of the restaurant and the Northwood Theatre but have issued a plea that customers of both races refuse to patronize both places until there is a policy change.

The Northwood shopping center is in the immediate vicinity of Morgan State College.

Eastside Committee staff down to one; no secretary

Officers and some members of the Women's Citywide Committee for Delinquency from the Eastside Community Committee, will meet with Mayor J. Harold Grady on April 19 to discuss the elimination of the job of the Eastside's yet-to-be-named secretary, Mrs. Esther M. Harris.

Mrs. Bernice Rodwins, president of the Delinquency Committee, said that Mrs. Harris, who was honored for 16 years service last month, would be dropped from the Eastside staff as of April 11.

Mrs. Cora White, assistant chairman of the Blue Ribbon Tea sponsored by the Committee last month to provide funds for its work with young people, said plans were being made to honor Mrs. Harris.

A SLASH in the committee budget by the City resulted in the elimination of Mrs. Harris' job at Eastside.

William Taylor, director of the Eastside program, will now be a one-man staff, answering the telephone, handling the professional as well as clerical duties of the office.

Spokesmen for the 1,200 volunteer workers whose annual financial projects provide most of the money for the operation of the program, say they are concerned about the future of the Committee in light of the staff cut.

Child 7,, hit by car improves in hospital

Theresa Marie Thomas, 8, 534 N. Carrollton Ave., who suffered a broken leg and face injuries in an accident on Tuesday is reported "doing nicely" at Provident Hospital.

The child was injured when struck by a car about 5:30 p.m. as she was on the way home from the laundromat, her family reports.

Members of the family report that Theresa Marie was crossing the street in the 1200 block of Edmondson Ave. before Ave. when the accident occurred.

SHE is one of triplet girls born to Mr. and Mrs. Thrikeel Berson Thomas on Oct. 3, 1951. One of the triplets, Elizabeth, died when she was three months old. The other surviving triplet is Mary Joyce.

Theresa Marie is a third grade pupil at Elementary School No. 146.

The other Thomas children are Pamela, 10; Gilda Mae, 13; William, 12 and Levern, 5; and a half - sister, Miss Bertha Crawford.

Core backs sitdowners

Members of the Baltimore chapter of CORE (Congress of Racial Equality) issued the following statement in support of sitdowners in demonstrations in local stores:

"The current demonstrations which seek to abolish the unjust, unrealistic and undemocratic practice of racial discrimination are in conformity with the non-violent action program advocated by the Congress of Racial Equality.

"We therefore salute the thousands of persons involved in the noble work and suggest that their courageous efforts and Christian attitude represent the greatest challenge in modern history to America's conscience.

"We are particularly proud of the work of the many young people at Morgan College and we urgently request the people of the city to:

1. Discontinue all patronage at the Hecht-May stores, Stewarts and Hutzlers, until these stores are willing to serve all persons regardless of race.

2. Write to the management of each of the stores telling them why the particular course of action is being followed.

the contest will be credited to the carrier in the reader's neighborhood.

IN NEW sections, where there are no carriers, the AFRO will provide special home delivery service until a newsboy is regularly assigned to the neighborhood.

In such areas, the AFRO would like to find newsboys who live in the community and any parent from a new neighborhood who would like to see her son join the ranks of young men who gain invaluable training while picking up spending money, should call for information.

Requests for home delivery service or other information about the contest may be had by calling MU. 5-6016.

Mr. Lee noted that home delivery service guarantees that the customer will get his paper promptly every Tuesday and Friday from a reliable and courteous carrier.

IN ADDITION to being among the first to enjoy the sensational new $6 million expansion at Disneyland, the carriers who win the trips will be returned "to 1890-1910 America in the Magic Kingdom."

They will have a chance to ride a double-deck bus, a "surrey with fringe on top," a fire wagon, a horse - drawn trolly or a 1903 model car.

Also, they will be able to cruise the Jungle Rivers of the World, visit Tom Sawyer's Island, the Indian Village and travel to colorful Rainbow Desert by mule pack train.

One of the other top thrills will be a chance to blast off on a simulated trip to the moon.

Churches hear student plea to back sitins

An open letter urging the public to support their sitdown demonstrations in the Northwood area and in downtown Baltimore was distributed this week by Morgan State College student leaders.

The letter was read in a number of churches on Sunday.

At some churches, the pastors or priests departed from the letter to add their own plea that members support the demonstrations.

* * *

TYPICAL OF these was St. Peter Claver's Church where the priest pointed out to members that Gerard Sherry, famed Catholic editor, has said:

"There is nothing immoral, unpatriotic or unlawful about the sitin protests; the principle is good. Our progress and administration go with the protesters."

Also quoted was the new Cardinal, Laurian Rugambwa who said:

"We think with profound sorrow of the worsening in many places of cruel treatment that violates religion . . . and Christian civilization and the respect that is due to individuals and collective liberty."

* * *

THE STUDENT letter urging support reads as follows:

"We students believe what has been preached from our church pulpits and what you, our mothers and fathers have taught us in our homes.

We have made a start toward helping God to bring the Christian teaching of brotherhood to Baltimore. Since March 16th we have walked through snow, rain and bitter cold.

We have respectfully requested permission to be admitted to Northwood Theatre, and to be served as all other citizens, at the Hecht Company's Rest-top Restaurant.

After two weeks the management still refuses us this elementary right of citizenship.

We are not asking for special favors. We only ask to be treated the same as any other citizen regardless of the color of our skin.

* * *

ALTHOUGH YOU may not be able to walk in our picket lines or sit-in at the restaurants, you can still help us by refusing to buy from Hecht's, Hutzler's, Stewarts' and other stores which discriminate.

It is too much to ask that you stay out of these stores until you and your children are treated like human beings".

If, across the sea, hundreds of our brothers in South Africa are willing to walk into machine guns and die for freedom and human dignity, can't we stay out of these stores which do not respect us enough to let us eat when we are hungry?

Won't you write to these stores and tell them how you feel about this unChristian practice and that you will stop buying until this stops? Won't you write to Mayor Grady and ask for the passage of the Public Accommodations Ordinance.

We need funds for signs, paint, gasoline for transportation, and for legal advice for those arrested.

During this Lenten Season, we want you to know that there are students who have made the decision that if it means going to the cross, we are willing to go with Christ, that we might help bring His Kingdom of justice and righteousness to Baltimore."

Man slain on downtown corner

Joseph Marshall, 30, of the 600 block W. Franklin St., was pronounced dead on arrival at University Hospital Thursday morning from a gunshot wound of the chest.

The fatal shooting was witnessed by a group enroute to work in the vicinity of Redwood St., and Eutaw Pl.

Central District police are looking for a 28-year-old suspect.

to this amicable solution."

Colored and white patrons ate side by side without incident at the lunch counters. They ate at Woolworth, Kress, and more than 10 other (locally owned) stores.

* * *

THE CONFERENCE that resulted in desegregation came after colored students staged sitdown demonstrations here some weeks ago. Sitdowns were also staged in San Antoine, first Texts city to degregate, and in Houston and Marshall.

Leadership from the colored community pledged there would be no further sitdown activity in Galveston. Unlike this city, Marshall used the full force of the law to halt demonstrating students with fire hoses and police strength.

While leaders in other southern cities were privately conjecturing whether some compromise could not be worked out with demonstrators.

In some southern cities, they had placed their reliance on the might of the armed law. However, the southern police have found themselves unable to cope with the solid, unyielding wall of "passive resistance."

As a result, business is off for downtown stores in many southern cities and, for Woolworth stores all over the country. Where police have rightly clamped down on demonstrations and sitdowns, the colored community has countered with a boycott.

* * *

AS THE EASTER season approaches, store owners are increasingly distressed as they realizethey are in for a loss of several hundred thousand dollars in revenue.

The national chains are suffering particularly Woolworth and Kreks — because they are boycotted not only by the patrons of the southern stores but by patrons in other sections of the country also.

From the east to the west coast, sympathy marchers picket Woolworth stores asking the public not to patronize a store that discriminates in the South. One Woolworth spokesman admitted that revenue losses were terrific.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid-ease after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all, this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne*)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository-ointment form called *Preparation H.* Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug counters. Satisfaction guaranteed or money refunded.

Dear friends in the brotherhood of God through the love of Jesus Christ and the fellowship of the Holy Spirit. We ask the aid and cooperation of all churches in encouraging their children to attend regularly the Sunday school of their choice. We feel this early training in the teaching of Christ is an investment that will yield tribute greatly to the future happiness of both parent and child. It is up to us to use the power of God to begin such a movement. May the inspiration of the Holy Spirit bless the people of all races and go with us. In this, our prayer and endeavor.
