PRINTING

Neatly executed at this Office.

TO THE EDITORS AND PUBLISHERS OF NEWSPAPERS.

JONATHAN ELLIOT, of the city of Washington, respectfully requests the Editors, or publishers of Newspapers within the several States and Territories of the Union, to furnish him through the Members of Congress their particular States or Districts, at the seat of the Federal Government, with three copies of their Newspapers [marked "one," "two" and "three"] issued on [or about] Wednesday, the twenty second of February, 1832, (being the Centennial Anniversary of General Washington)

As his motive is entirely disinterested and patriotic in making this request, it being his desire to produce positive evidence of the number of Newspapers printed in the United States, and their territories, he desires that particular attention may be paid to this request; and above all, by the publishers of country papers in distant towns, that are comparatively little known, and if, at the same time, they would communicate, in their papers any "statistical information" relative to their immediate neighbourhood, it would be highly appreciated and gratefully acknowledged.

It is intended that every newspaper received, shall be carefully preserved and arranged, by States, in a room at Washington, devoted for this object; one set to be eventually deposited in the Library of Congress; the duplicate set to be transmitted to O. Rich, esq. of London, (Agent for the purchase of Books, &c. for the Congressional Library,) to be by him placed in the British Museum; and the triplicate set to be retained for some public institution.

It is intended also, as soon as this collection is completed, to publish, in a tabular form, in the public prints, for the information of the people of the United States, a list of all the Newspapers, embracing the 'name,' 'place' and period of publication,' and 'terms of subscription.' Great pains will be bestowed to make this list (being an important result to be gathered from the collection) as perfect as the material will admit.

☞ It is hoped that the intelligent conductors of Newspapers, favourable to the above project, will oblige the advertiser by inserting this communication in their respective papers, to each of whom a copy of the tabular statement will be transmitted as soon as published
