THE THIRD VOLUME OF
THE CULTIVATOR

WILL be commenced on the first of March next. The terms will continue to be FIFTY CENTS per annum, *payable in advance.*

We tender our thanks to gentlemen who have kindly aided in the circulation of the CULTIVATOR, and respectfully solicit a continuance of their good offices in its behalf.—If this paper enables one man, by the information it affords him, to add to the profits of his farm ten dollars a year,—and we mean to be modest in our supposition,—it will benefit ten men who take it one hundred dollars—and it will effect the most good in districts and towns where it has the greatest subscription; and hence every intelligent man who wishes to promote the interests of his neighbourhood, (and who does not?) will be able to do so by increasing its circulation.

☞ The Cultivator is a monthly publication of 16 quarto pages, devoted to Agricultural Improvement.

THE SALMAGUNDI,
AND NEWS OF THE DAY.
EMBELLISHED WITH A MULTITUDE OF
COMIC ENGRAVINGS.

A NEW PERIODICAL, of a novel character, bearing the above appellation, will be commenced on the beginning of January, 1836. While it will furnish its patrons with the leading features of the news of the day, its principal object will be to serve up a humorous compilation of the numerous lively and pungent sallies which are daily floating along the tide of Literature, and which, for the want of a proper channel for their preservation, are positively lost to the Reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the scintillations of their genius. It is not necessary to detail the many attractions which this journal will possess, as the publisher will furnish a specimen number to every person who desires it—(those out of the city, will forward their orders, postage paid)—☞ and he pledges himself that no exertions on his part shall be wanting to make each succeeding number superior in every respect to the preceding ones.

THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gentleman's Vade Mecum. It is calculated that MORE THAN

500 ENGRAVINGS

will be furnished to the patrons of this Journal in one year—these, in addition to an extensive and choice selection of Satire, Criticism, Humour and Wit, to be circulated through its columns, will form a Literary Banquet of a superior and attractive order; and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The Terms of THE SALMAGUNDI will be TWO DOLLARS per annum, payable invariably in advance. No paper will be furnished unless this stipulation is strictly adhered to. ☞ Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by forwarding a ten dollar note. ☞ The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

☞ THE SALMAGUNDI will be published on alternate weeks—otherwise is would be impossible to procure the numerous Embellishments which each number will contain—and the general interest it will afford must be enhanced by this arrangement.

☞ All orders must come postage paid.

TOBACCO LANDS.

THE subscriber offers for Sale the valuable Real Estate, situate on the north side of Severn River, opposite the city of Annapolis, containing upwards of

ONE THOUSAND ACRES,

About Six Hundred covered with wood and heavy timber, consisting of White Oak, Black Walnut and Poplar, &c., the residue for the most part under good fences—the whole nearly surrounded by the waters of Severn River, and a wide navigable creek, emptying into the Chesapeake Bay, which affords convenient water carriage for wood and produce from almost every part of the land.

It is at present divided into two farms, both in a promising state of improvement, and possessing large banks of oyster shells, and other sources of manure in great abundance. Plaster has been found to act with great effect on those lands in promoting the growth of clover—the soil is naturally of an excellent quality, for grain and other crops, and particularly well adapted to the culture of first quality of Tobacco. There is a good water mill adjoining these lands, and a steam mill in Annapolis, both very convenient to this estate.

The buildings on both the farms are beautifully situated on eminences commanding extensive views of the river and bay, and are in tolerable repair. As persons inclined to purchase will view and judge for themselves, it is deemed unnecessary to be more particular in the description of this property. It will be found on examination to be worthy the attention of those who may have money to invest in real estate, and particularly of such as are skilled in cutting and selling timber, of which there is a great quantity near the water, and none more remote than half a mile.

These farms will be divided, to suit purchasers. The terms will be moderate and a long credit given for part of the purchase money, or for the whole, if well secured—possession may be had at any time.

For further particulars enquire of N. Brice Baltimore, or to the subscriber living on the premises.

The committee on internal improvement to whom was referred the report of the select committee upon the petition of sundry inhabitants of Somerset county, beg leave to report the following preamble and resolutions.

Whereas, it has been represented to the General Assembly of Maryland, that the Great Monie river in Somerset county, running through a thickly settled district of country, has become so obstructed by an accumulation of mud at its mouth, as to render its navigation extremely difficult, and to large vessels entirely impracticable, and as it appears that such difficulty or obstruction may be removed or obviated by the opening of a canal not exceeding two or three miles in extent. Therefore,

Resolved by the General Assembly of Maryland, That John N.
