EXHIBIT A

2008 Vetoed House Bills

May 22, 2008

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 90 – *Child Welfare – Permanency Planning and Interstate Placement of Foster Children.*

This bill alters the factors a juvenile court is required to consider in making specified findings in permanency planning and review hearings. This bill increases, from 7 to 10, the number of days' notice a local department of social services is required to give to specified persons before permanency planning and review hearings. This bill also requires the court to consult with the child on the record in an age appropriate manner at least every 12 months at a permanency planning or review hearing.

Senate Bill 57, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 90.

Sincerely,

Governor

House Bill 90

AN ACT concerning

Child Welfare – Permanency Planning and Interstate Placement of Foster Children

FOR the purpose of altering the factors a juvenile court is required to consider in making certain findings in certain hearings; altering the number of days' notice a local department of social services is required to give to certain persons before certain hearings; specifying the contents of the notice; requiring the notice to be in writing, unless waived for good cause; clarifying that certain persons have the right to be heard at certain hearings; requiring the court to consult with a child in a certain manner at certain hearings; requiring a local department to consider certain placements for certain

children; correcting an obsolete reference; and generally relating to children in out–of–home placement.

BY repealing and reenacting, with amendments,
Article – Courts and Judicial Proceedings
Section 3–816.1(c)(3) and 3–823(i) and (j)
Annotated Code of Maryland
(2006 Replacement Volume and 2007 Supplement)

BY adding to
Article – Courts and Judicial Proceedings
Section 3–823(k)
Annotated Code of Maryland
(2006 Replacement Volume and 2007 Supplement)

BY repealing and reenacting, with amendments,
Article – Family Law
Section 5–525(d) and (e)
Annotated Code of Maryland
(2006 Replacement Volume and 2007 Supplement)

May 22, 2008

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 241 – *Anne Arundel County – Health Department – License Fees for Food Establishments.*

This bill requires the Anne Arundel County Council to provide for a license fee schedule based on anticipated costs of licensing, inspecting, and regulating food establishments. This bill adds Anne Arundel County to the list of counties that are exempt from limitations on the amount a county may charge for specified fees for obtaining a license to operate a food establishment.

Senate Bill 121, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 241.

Sincerely,

Governor

House Bill 241

AN ACT concerning

Anne Arundel County – Health Department – License Fees for Food Establishments

FOR the purpose of requiring the Anne Arundel County Council to provide for a certain license fee schedule based on certain anticipated costs; adding Anne Arundel County to the list of counties that are exempt from limitations on the amount a county may charge for certain fees to obtain a license to operate a food establishment; and generally relating to certain license fees in Anne Arundel County.

BY repealing and reenacting, with amendments,
Article – Health – General
Section 21–308
Annotated Code of Maryland
(2005 Replacement Volume and 2007 Supplement)

May 22, 2008

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 314 – *Garrett County – County Commissioners – Agricultural Districts.*

This bill requires the Board of Garrett County Commissioners to adopt specified rules, regulations, and procedures in accordance with specified requirements for the establishment of agricultural districts in Garrett County. This bill also prohibits specified rules, regulations, and procedures from requiring a natural gas rights owner or lessee to subordinate its interest to the Commissioners' interest under specified circumstances. Further, the bill prohibits the purchase of specified easements in Garrett County under specified circumstances.

Senate Bill 260, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 314.

Sincerely,

Governor

House Bill 314

AN ACT concerning

Garrett County – County Commissioners – Agricultural Districts

FOR the purpose of requiring the Garrett County Board of County Commissioners to adopt certain rules, regulations, and procedures in accordance with certain requirements for the establishment of agricultural districts in Garrett County; prohibiting certain rules, regulations, and procedures adopted by the Commissioners from requiring a natural gas rights owner or lessee to subordinate its interest to the Commissioners' interest under certain circumstances; prohibiting the Maryland Agricultural Land Preservation Foundation from purchasing certain easements in Garrett County under certain circumstances; providing for the construction of this Act; defining certain terms; and generally relating to agricultural districts in Garrett County.

BY adding to
Article 25 – County Commissioners
Section 237
Annotated Code of Maryland
(2005 Replacement Volume and 2007 Supplement)

May 22, 2008

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 318 – *Anne Arundel County – Prospective or Current Employees or Volunteers – Criminal History Records Checks.*

This bill changes requirements for the Personnel Officer of Anne Arundel County to request State and national criminal records checks from the Criminal Justice Information System Central Repository for a prospective or current employee or volunteer. This bill also requires the Personnel Officer to submit specified items to the Central Repository. Further, the bill requires the Central Repository to forward the criminal history information to the prospective or current employee or volunteer and the Personnel Officer.

Senate Bill 252, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 318.

Sincerely,

Governor

House Bill 318

AN ACT concerning

Anne Arundel County – Prospective or Current Employees or Volunteers – Criminal History Records Checks

FOR the purpose of altering the requirements for the ~~Director of Administration~~ Personnel Officer of Anne Arundel County to request State and national criminal records checks from the Criminal Justice Information System Central Repository for a prospective or current employee or volunteer; requiring the ~~Director of Administration~~ Personnel Officer of Anne Arundel County to submit certain items to the Central Repository; requiring the Central Repository to forward the prospective or current employee's or volunteer's criminal history information to the prospective or current employee or volunteer and the ~~Director of Administration~~ Personnel Officer

of Anne Arundel County; providing that certain information obtained from the Central Repository is confidential, may not be redisseminated, and may only be used for a certain ~~employment~~ personnel–related purpose; authorizing the subject of a certain criminal history records check to contest the contents of a certain printed statement; ~~authorizing~~ requiring the County Council to adopt guidelines to carry out this Act; defining a certain term; and generally relating to criminal history records checks for prospective or current employees or volunteers in Anne Arundel County.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 437 – *Harford County – Alcoholic Beverages – Repeal of Class BDR Licenses – Additional Class B Licenses.*

This bill repeals in Harford County the Class BDR (deluxe restaurant) beer, wine and liquor license and all of the privileges, location restrictions, requirements, and other provisions associated with the Class BDR license. The bill also specifies when an independent ownership interest is presumed to exist for a specified purpose and increases to 9, the maximum number of Class B licenses that may be issued to an individual for the use of specified persons.

Senate Bill 62, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 437.

Sincerely,

Governor

House Bill 437

AN ACT concerning

Harford County – Alcoholic Beverages – Repeal of Class BDR Licenses – Additional Class B Licenses

FOR the purpose of repealing in Harford County the Class BDR (deluxe restaurant) beer, wine and liquor license and all of the privileges, location restrictions, requirements, and other provisions associated with the Class BDR license; specifying when an indirect ownership interest is presumed to exist for certain purposes; increasing the maximum number of Class B licenses that may be issued to an individual for the use of certain persons; and generally relating to alcoholic beverages licenses in Harford County.

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 483 – *Harford County – Special Taxing Districts – Creation.*

This bill authorizes Harford County to create special taxing districts for developing and financing infrastructure improvements. The county may impose *ad valorem* taxes and issue bonds and other obligations to finance the improvement projects. Special taxing districts must be in a designated growth area as defined in the county master plan and land use element plan.

Senate Bill 793, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 483.

Sincerely,

Governor

House Bill 483

AN ACT concerning

Harford County – Special Taxing Districts – Creation

FOR the purpose of authorizing Harford County to exercise certain powers concerning the creation of special taxing districts, the levying of certain taxes, and the issuing of certain bonds for developing and financing certain infrastructure improvements under certain circumstances; authorizing Harford County to create a special taxing district only in certain areas; requiring that a local law creating a special taxing district be enacted in a

certain manner; authorizing the governing body of Harford County to consider certain elements of a development that would receive the proceeds of a certain bond at a certain public hearing; ~~requiring certain disclosure to buyers of real property within a special taxing district of certain charges for which the buyer would be liable; providing that failure to provide certain disclosure makes a contract for the purchase of real property within a special taxing district voidable under certain circumstances;~~ requiring that adequate debt service reserve funds be maintained by Harford County; providing that Harford County may establish a special taxing district only if all the owners of real property within the proposed special taxing district petition the county for the creation of the special taxing district; prohibiting a vendor of certain property within a special taxing district from enforcing a contract for the sale of the property unless the purchaser of the property is provided with certain information relating to the special taxing district and the contract of sale contains a certain notice; providing that a vendor may provide a purchaser with certain information by providing the purchaser with a certain collection of documents; providing that a vendor may rely on certain documents filed in the land records when providing the purchaser with certain information; providing that a purchaser under a contract for the sale of certain property within a special taxing district may cancel the contract within a certain time after receiving certain information; providing that unless the purchaser consents, settlement of a contract for the sale of certain property within a special taxing district may not take place within a certain time after a purchaser receives certain information; requiring a vendor to refund certain deposits under certain circumstances; providing that a vendor is liable for certain damages caused by certain false statements or omissions; providing that an action against a vendor for certain false statements or omissions must be brought within a certain time; and generally relating to the authority of Harford County to create special taxing districts for developing and financing infrastructure improvements and to the sale of property located within certain special taxing districts.

The Honorable Michael E. Busch
Speaker of the House
State House
Annapolis MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 501 – *Anne Arundel County – Environmental Health Monitoring – Reimbursement of Costs.*

The bill would require the Maryland Department of the Environment ("Department") to reimburse Anne Arundel County for any future costs it incurs for environmental health monitoring and testing related to permit violations for which the Department collects a fine. Reimbursement may not exceed the amount of the fine. In addition, this bill would require the Department to retroactively reimburse Anne Arundel County for the testing and monitoring of well water that the County conducted for 83 homes in the vicinity of the Gambrills fly ash disposal site.

In accordance with current law, the Department delegates authority to local health departments to test and certify drinking water wells. The Department currently has a delegation agreement with Anne Arundel County under which the County voluntarily agreed to provide support such as investigation, inspection, monitoring, and sampling for the Department subject to the availability of staff and resources. The agreement does not address funding, nor does it require the County to perform testing or sampling.

Current law does not allow the Department to factor in the costs it or any other governmental entity incurs when assessing an appropriate penalty amount to a party who has violated the State's environmental laws. All funds, fees, and penalties collected by the Department for groundwater related violations must be paid into the Maryland Clean Water Fund. Reimbursement of expenses for sampling/testing/monitoring is not identified as a permissible use of the Clean Water Fund. Given this legal constraint, the reimbursement required under the bill would have to come from some source other than the Clean Water Fund, most likely from the Department's already tightly constrained General Fund budget.

Supporters of House Bill 501 argue that the Department should take local testing and monitoring expenses and costs into account when assessing fines related to sites that are permitted by the Department. Unfortunately, as noted above, the law as currently drafted does not allow the Department to shift the burden of those expenses to the parties who violate our State's environmental laws. Since the bill applies prospectively to any future Anne Arundel County costs, it is impossible to definitively calculate the future fiscal impact, which could be significant.

Thus, while the intent of the bill's supporters to ultimately shift the costs that local governments incur for testing and monitoring of well water to parties who violate our State's environmental laws may have merit, the bill is deficient in that it does not directly confront that issue. The Department completes approximately 2,000 enforcement actions a year, including approximately 900 actions for water violations, in jurisdictions across the State. An indeterminate number of those actions will include some activity by State and local agencies leading up to the action. The Department lacks statutory authority to require reimbursement in assessing the penalty, so the effect of the bill is to divert money from the Department to a local jurisdiction for activities the local jurisdiction has agreed to perform.

The bill is also deficient because it applies only to Anne Arundel County. Many counties provide environmental testing and monitoring services but they would not be eligible for reimbursement under this legislation. Requiring the Department to reimburse the expenses of only one of Maryland's 24 counties, many of which routinely undertake the monitoring, testing, and sampling of well water, is not a rational approach.

The appropriate public policy discussion is whether the Department should be authorized to incorporate reimbursement provisions in the assessment of a penalty, for every jurisdiction in the State. My Administration would be willing to engage in that discussion during the 2009 Session of the Maryland General Assembly. But House Bill 501 does not accomplish that public policy goal – instead, it diverts resources of the Department to reimburse a single local government a specific amount for a past event, and an uncapped, indeterminate amount for future events, for functions the County has agreed to perform.

For the above stated reasons, I have vetoed House Bill 501.

Sincerely,

Governor

House Bill 501

AN ACT concerning

Anne Arundel County – Environmental Health Monitoring – Reimbursement of Costs

FOR the purpose of requiring the Department of the Environment ~~and the Department of Natural Resources~~ to reimburse Anne Arundel County for the cost of certain environmental health monitoring and testing under certain circumstances; requiring a reimbursement only if a certain fine is collected; limiting the amount of a reimbursement to a certain amount; providing that this Act shall apply retroactively only to certain costs incurred by Anne Arundel County; and generally relating to requiring reimbursement of Anne Arundel County for the cost of certain environmental health monitoring and testing.

Annapolis, MD 21401

Dear Mr. Speaker:

In accordance with Article II, Section 17 of the Maryland Constitution, today I have vetoed House Bill 545 – *Dorchester County – Alcoholic Beverages Act of 2008.*

Among other things, this bill repeals the off–sale privilege of a Class B beer and light wine license in Dorchester County on or after July 1, 2008; and authorizes a holder of a Class B (on–sale and off–sale) beer and light wine license that is issued

on or before June 30, 2008, to continue to exercise the privileges of the license and to renew the license.

Senate Bill 154, which was passed by the General Assembly and signed by me, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 545.

Sincerely,

Governor

House Bill 545

AN ACT concerning

Dorchester County – Alcoholic Beverages Act of 2008

FOR the purpose of repealing the off–sale privilege of a Class B beer and light wine license in Dorchester County on and after a certain date; authorizing a holder of a Class B (on–sale and off–sale) beer and light wine license in Dorchester County that is issued on or before a certain date to continue to exercise the privileges of the license and to renew the license; prohibiting the Board of License Commissioners from approving the transfer of a certain license on or before a certain date; repealing a requirement that a holder of a certain license must purchase wine from the Dorchester County Liquor Control Board Dispensaries; clarifying that certain restaurants may obtain a certain license from the Board of License Commissioners; clarifying that a certain license provides for the consumption of beer, wine, and liquor; providing certain penalties for the violation of certain requirements regarding catering events; authorizing the Board of License Commissioners to grant a special license entitling the holder to exercise certain privileges at an event conducted by a not for profit club, society, association, or organization; requiring an applicant for a special license to submit to the Board of License Commissioners a certain application on a certain form; authorizing the issuance of Class A beer and wine licenses for certain premises under certain circumstances; *clarifying and* altering the hours of sale for certain licenses; and generally relating to alcoholic beverages in Dorchester County.

THE STATE OF THE STATE

Forward Again, Protecting our Families; A Better Future for Our Children

January 29, 2009

Mr. Speaker, Mr. President, Mr. Lieutenant Governor; Madame Treasurer, Mr. Comptroller; Congresswoman Edwards; Former Governors; Mr. Ambassador; my colleagues in local government; men and women of the Maryland General Assembly; Katie O'Malley; Members of the Cabinet; my fellow citizens:

I have never felt more energized, more positive about or more committed to the tough work ahead. And the work that we do has never been more needed than it is today by Maryland's families.

Since 1788, the State House dome, under which we gather, has served as a beacon of progress and hope.[1] Standing tall and resolute even over times of disagreement, adversity and conflict, this State House has symbolized for our diverse people a clear unity of purpose. From time to time, the foundations have cracked, piping and wiring has failed, but with renewed commitment, energy, and investment, the repairs have been made; the dome has been secured.

And so today, that unity of purpose continues: to strengthen and grow the ranks of Maryland's upwardly mobile middle class. To improve public safety and public education; and, to expand opportunity – this is our unity of purpose. This is our mission, as we fight to make our State government work again for the people we serve.

It is a mission and purpose founded upon the belief we share in the dignity of every individual; and upon the belief we share in our own individual responsibility to advance the common good.

It is a unity of purpose that is even more important for Maryland families in these very tough and challenging economic times.

In our short time together, I would like to talk with you about our hard-won progress, the serious economic challenges at hand, and the choices and actions we must take today in order to stand up for the families of our State in these tough economic times,...

[1] Source: Maryland State Archives: The exterior portion of Maryland's State House dome was completed in 1788.

And finally, I want to talk with you about how, together, we will emerge from this recession with the real hope of a better future for all of Maryland's children.

Making Progress Again

Thanks to the tough decisions we've made together over these last two years, the state of our State is once again strong enough to overcome the very challenging times at hand. And with the inspired leadership of our new President Barack Obama, we finally have a federal partner who shares our commitment to progress.

Even as we face the most serious national economic crisis in recent history, our unemployment rate in Maryland is 19% lower than the national rate.[2] We remain one of only seven states to earn a Triple A bond rating.[3] And we continue to draw upon on clear competitive advantages in key Maryland business sectors like life-sciences, bio-technology, information technology, aerospace and healthcare.

How do we measure our progress in these hard times?

- We measure our progress in public safety by the 66 fewer Marylanders we lost to homicides in the last year, our second largest single-year reduction in nearly a quarter century;[4] by the 34 fewer lives we lost to fire deaths last year, and by 60 fewer lives lost on our roads to traffic accidents last year – all thanks to the heroic work of our police officers, firefighters, and emergency medical staff.[5]

- We measure our progress in education by the #1 ranking we received this year from Education Week Magazine.[6] Let's say it again shall we? Maryland has the best public schools in America. Thank you Armistead Gardens – last year's highest scoring elementary math class in Baltimore City -- for being here to represent the generation which makes us so proud.

---

[2] Source: Department of Labor, Licensing and Regulation. Maryland's December unemployment rate was 5.8% versus a national unemployment rate of 7.2%.

[3] Source: Office of the Maryland Treasurer: AAA received from Fitch Ratings, Moody's Investors Service, and Standard & Poor's.

[4] Source: StateStat – 2008 recorded the 2nd highest percentage drop in homicides since 1985.

[5] Source: Maryland State Police. In 2007, Maryland experienced 561 homicides compared to 495 in 2008, showing nearly a 12% drop year over year. Source for traffic fatalities: Maryland Department of Transportation. Decreased 10% from 610 a year ago to 550. Source for fire deaths: Maryland State Police. A decrease last year from 94 in 2007 to 60 in 2008 (36%). Additionally, the Maryland Department of Juvenile Services indicates non-custodial juvenile homicides decreased 9% compared to the prior year.

[6] Source: Education Week's Quality Counts report, January 2009. Maryland's Public Schools ranked #1 in the nation overall. Additionally, the Milken Institute ranks Maryland as #1 in terms of the investments we make in our "human capital" – the skills and talents of our people. And our elementary and middle school students achieved the highest MSA scores ever recorded this year, with elementary math and reading scores each increasing by 29 percent compared to just five years ago.

- We measure our progress by the 28,000 additional Marylanders who, because of your hard work now have health care.[7] And by the huge numbers of children from humble families who will be able to see a dentist when they get a toothache instead of risking death.[8]

- We measure our progress by the vision and plans we now have in place to build a statewide transportation system that strikes a better balance between roads and mass transit like the Purple Line, the Red Line, improved MARC service, transit oriented development, and the inter-county connecter – which is now under construction. And perhaps best of all, we now have a new president who believes that America's transportation future is worth the investment.

- We measure our progress by the strides we are taking – along with our newly revitalized Public Service Commission and Maryland Energy Administration – to reduce our energy consumption by 15% percent by 2015; by the strides we are making to increase our Renewable Energy Portfolio by 20% by 2022; and by the strides we are taking to reduce enough peak energy usage to total the production of more than five power plants.[9]

- We measure our progress for our environment by the nearly 21,000 ecologically valuable acres we have protected through Program Open Space – this represents already five times as many acres as our predecessors.[10] And we measure our progress by the first successful auction of carbon credits through the Regional Greenhouse Gas Initiative conducted this year, and by the nation-leading launch of BayStat and the Maryland GreenPrint.[11]

- And we measure our progress in expanding opportunity to more and more Marylanders by the most important measures of all – by Mackenlov Dorival, Jessica Rindos and Tad Greenleaf who are with us in the Gallery this afternoon. Mackenlov is a senior at Bowie State and Jessica and Tad are seniors at the University of Maryland College Park.

---

[7] Source: StateStat. 28,000 Marylanders are now receiving coverage under the Working Families and Small Business Health Coverage Act of 2007 (Special Session). This legislation has made more than 100,000 Marylanders eligible.

[8] Source: DHMH. As an example of our dental initiatives, we are developing and expanding school-based dental programs, we increased reimbursements for dentists for providing Medicaid services, and we've removed bureaucratic roadblocks which had been preventing dental hygienists from providing a full array of legally permissible services at public health clinics.

[9] Source: Maryland Energy Administration and Public Service Commission. Additionally, the new Maryland Clean Energy Center promises to expand our efforts to create and attract new clean energy jobs.

[10] Source: Department of Natural Resources. In our first two years we protected 20,752 acres compared to the first two years of the prior administration where 3,968 were protected.

[11] Maryland participated in two RGGI auctions last year and because of these efforts we are able to invest $34.3 million in programs to promote cleaner energy sources, energy efficiency and conservation, and provide rate relief for low and moderate income households-all of which will go a long way to fight climate change and lower our electricity bills.

Because of the strides we have made together, more and more young people in our State like Mackenlov, Jessica and Tad are able to afford college.[12]

Standing up for Working Families

But for all of our progress, I cannot sugarcoat the difficulty of these times.

I receive letters every day from fellow citizens throughout our State, hard-working and honest people, bravely searching for a way forward in this tough economy. I want to share a few words from a letter very much like the letters that I know each of you is receiving.

This one happens to be written by one of our citizens from Allegany County, to whom, out of respect for her privacy and dignity, I will refer to as, "Sandra." She writes:

"I have been blessed in many ways living in Maryland,... [but] I'm at a loss as to how I can keep a warm home and the food in my refrigerator properly cool with the high cost of electricity. I'm sure this sounds like the 'same ole song and dance.' And I know you are working hard, but the situation is getting downright heart wrenching,... what can you do to prevent my son and I from becoming homeless due to electricity? I've been informed by the landlord if my electric is turned off,... I will be given a notice to move."

We have neighbors like "Sandra" in every part of our State. Resilient Marylanders who have worked hard all their lives and played by the rules, only to have the rug pulled out from under them. Who continue to be driven by faith and hope and just want to be able to provide for themselves and their kids.

People like "Robert" from Baltimore County, a 53 year old college student one trimester away from graduating college. Robert wrote to me in December, and I want to share with you part of his letter as well:

"Unfortunately my funds and loans have been depleted at this point,... I'm a father of three and my oldest son recently had to move back home due to kidney failure and [congestive] heart disease. This has increased my [wife's and my] financial struggles. It is my most humble request that your office or any part thereof assist me financially in paying for my final trimester in College. This has been a long journey for me and to graduate with honors would truly be a major blessing,... I'm six months away from a 35 year old dream."

We have all "been blessed in many ways living in Maryland," and it is because of "Robert," and it is because of "Sandra," that you and I get out of bed each morning and fight to turn our difficult days into better tomorrows. They, along with so many families across our State have shown a steadfast determination ever since this crisis hit. It is our job and our shared

[12] What's more, four of our colleges are rated by the Princeton Review as being among America's Top 50 Values in higher education. And Kiplinger's rates the University of Maryland as America's 9th best higher education value. Overall, in just three years, we have moved from the 6th highest tuition to the 16th – and we anticipate that we'll move to 18th this year.

responsibility to stand up and fight for them.

It is up to us in Maryland to respond to the inaugural challenge of our new President, who called upon us "*to pick ourselves up, dust ourselves off, and begin again the work of remaking America.*"[13]

The year ahead will be difficult, but we're fighting back and we're moving forward:

1. As Maryland families sit at their kitchen tables this year to complete their income taxes, the vast majority will be eligible for greater State refunds this year in these difficult times. Why? Because we've raised the personal exemption for all but the wealthiest Marylanders.[14]

2. We are working to help Maryland families fight back against the threat of rising energy prices. Last year, through our Public Service Commission – fighting once again for the public interest – we secured $2 billion in rate relief for Maryland energy consumers, the largest settlement, of its kind, in American history.[15]

   What's more, we won a major victory for consumers with federal regulators, ending unfair practices that added $85 million a year in costs to our energy bills. We assembled a multi-State coalition to protect our citizens from being overcharged for electricity. And, we are now offering energy-saving audits to help every family in Maryland determine what they can do themselves, in their own homes, to save on their electricity bills.[16]

3. We are leading the nation in the fight against the rising tide of foreclosures.[17] Thanks to Chief Judge Bell, we've assembled an army of more than 700 volunteer lawyers to aid at-risk homeowners. With our faith-based and non-profit partners we've invested

---

[13] President Barack Obama's Inaugural Address to the nation. January 23, 2009.

[14] Source: Department of Budget and Management. In addition, families eligible for the earned income tax credit will receive important new resources to help them through these difficult times, because we've increased Maryland's Earned Income Tax Credit by 25%.

[15] Source: Public Service Commission.

[16] Source: PSC and Maryland Energy Administration. We formed a coalition of four states, consumer advocates, industrial users, municipal power companies and co-ops in order to file a $12 billion complaint with federal regulators against overcharges that the citizens of our State and others have been paying for generation incentives that are serving only to juice the profits of generation holding companies. In addition to these accomplishments, we moved forward toward making smart meters and smart pricing a reality in Maryland, so our families can save more on their utilities and avoid costs in the future. We also created tax incentives for homeowners and businesses to help them transition to green energy. What's more, a $40 audit fee will be waived for homeowners who agree to allow compact fluorescent light bulbs and low flow shower heads to be installed in their homes. We are also offering discounts for energy efficient retrofits, lighting and appliances that help our families decrease their utility bills.

[17] We've passed what the Washington Post called "among the most sweeping [foreclosure reforms] in the country" to help our most vulnerable neighbors. In addition to enacting strong regulatory and legal reform, we've creating new financing products, launched an aggressive advertising campaign called "Mortgage Late? Don't Wait," and created a Foreclosure Prevention Assistance Network to get homeowners the help they need. Families should call the Maryland HOPE hotline at 1-877-462- 7555or visit www.problemsolver.maryland.gov for more information.

millions of dollars to provide the services of foreclosure prevention counselors to thousands of Maryland families. And we've negotiated agreements with half a dozen loan servicers to help borrowers and lenders find alternatives to foreclosure.[18]

Unfortunately, some companies like Wells Fargo continue to ignore this crisis, with no regard for the hardworking families of our State. Rather than stepping-up-to-the-plate (let alone even picking up the phone) for our most vulnerable neighbors, they choose short term profit over long-term homeownership. Rest assured, we're not going to let the self-interest of a few prevent us from making progress for the many.

4. With 33 One Stop Centers, which provide resume, computer training, and job search services, we are reaching out to neighbors who have lost their jobs.[19] And what's more, we're dispatching rapid response teams to meet and assist our fellow citizens who are on the verge of being laid off.[20]

5. We are now for the first time distributing unemployment assistance via debit cards and direct deposit, thus saving taxpayers hundreds of thousands of dollars in mailing and printing costs while at the same time saving our struggling families from having to turn to unscrupulous, profiteering check cashing centers that gouge their modest assistance in tough times with outrageously high check-cashing fees.[21]

6. We are expanding opportunity to more women and minority business owners, increasing State awards to MBE firms by $300 million between fiscal years 2006 and 2008.[22]

7. Working together as One Maryland, we not only passed the nation's first living wage law, but under the leadership of Secretary Perez, we've now recovered $1.2 million in unpaid wages owed to our workers.[23]

With a state government that is working again, we are making progress for Maryland families, but there is much more work to be done. Our great challenge for this session is to

---

[18] Source: Department of Labor, Licensing and Regulation. Participating servicers include Citi, Ocwen, HSBC, Litton Loan Servicing, GMAC ResCap and AmeriNational Community Service.

[19] Source: Department of Labor, Licensing, and Regulation. Additionally, in 2008 alone, we were able to reach 143,000 of our citizens through these important Centers.

[20] Source: DLLR. More than 3,000 employees who were laid off from more than 40 companies received information and services through the rapid response programs in 2008.

[21] Source: DLLR.

[22] Source: Office of Minority Business Enterprise. We awarded over $1.3 billion to MBEs in FY 2008 as compared to $1.0 billion in FY 2006. This represents a 30% growth in awards over the past 2 fiscal years. MBE participation for 10 StateStat reporting agencies collectively in FY 2008 was 27.2%, the highest in our State's history. MBE participation for all cabinet agencies was 22.5% and 20.3% for all agencies and departments statewide in FY 2008. And in just one example of our progress, yesterday our Public Service Commission announced that they successfully pressured a large and growing group of utilities to commit to a goal of 25% in MBE purchases.

[23] Source: DLLR.

redouble our efforts; doing all that we can to stand up for Maryland families and to power through the other side of this recession ahead of every other state.

- I need your help -- to provide a record $132 million in energy assistance for more than 125,000 Marylanders who are struggling to pay their heating bills this cold winter.[24]

- I need your help -- to expand health care coverage to more of our families. Together we can make a real difference by investing $15 million to assist small businesses with obtaining health care coverage for their employees. And together we can keep 700,000 Marylanders insured by investing $5.5 billion in Medicaid and the Maryland Children's Health Program.

- Many of our neighbors rely on part time jobs in order to feed their families. This year, I need your help -- to make them eligible to receive unemployment benefits for the first time in our State.[25]

- I need your help -- to crack down on the shameful practice of cheating workers out of rights and benefits by fraudulently "misclassifying" employees as independent contractors when clearly they are not.[26]

- I also need your help to guarantee a prevailing wage to workers on 118 more state-sponsored construction projects.[27]

- And I need your help to give State workers the right to organize themselves, if they should so chose, by passing Fair Share enabling legislation.

A Lean Budget that Protects Our People

In Maryland, we are in a better position than other states to climb out of this national recession, but until that day comes, as every family in our State is forced to do more with less, so too must we.

During the past two years, we've made some very difficult and painful decisions to attack an inherited structural deficit by reducing $2.2 billion in spending, and by eliminating 1,500

---

[24] Senator Barbara Mikulski, Senator Ben Cardin, Majority Leader Steny Hoyer, as well as Congressmen Elijah Cummings, Dutch Ruppersberger, Chris Van Hollen, Jon Sarbanes, Roscoe Bartlett, Congresswoman Donna Edwards, (and former Congressmen Al Wynn and Wayne Gilchrest), have successfully secured an increase in our federal energy assistance allocation, which will allow us to assist as many as 10,000 additional Marylanders.

[25] Governor's Legislative Package. Employers pay unemployment taxes for part-time workers, but the workers themselves are ineligible for unemployment benefits.

[26] Governor's Legislative Package. Our Workplace Fraud bill would impose strict penalties on employers who engage in this practice.

[27] Governor's Legislative Package. At present we have a $500,000 threshold for the prevailing wage on State-sponsored – one of the highest thresholds in America. Our legislation would lower this threshold to $100,000.

state government jobs as they became vacant. In fact, right now our State ranks 43rd out of 50 states in per capita state and local government employment – 43rd out of 50.[28]

Were it not for these choices, our fiscal outlook would be far worse.

But because of the downturn in the national economy, and even after all of the spending reductions already made, today we face a $2 billion shortfall in revenues for Fiscal Year 2010.[29]

It is my hope, and it is my belief, and it is my expectation that the balanced budget we were required by law to submit to you this month, will be a better budget by the time it's up for final consideration in April. Why? Two reasons. Barack,… Obama.[30]

I am hopeful and I am optimistic, but because of these challenging times, the balanced budget -- as it currently stands before -- you is very painfully lean.

Currently, there are more cuts in this budget than in any prior budget in our State's history; and we've proposed for the first time ever in Maryland, a negative spending affordability rate of -1.57%.[31] On many worthy initiatives, the best that we have been able to do in this budget, is to protect them by funding them at the same level at which they were funded last year.

But despite these challenges, we can and must protect our core priorities.

- We are, therefore, proposing the largest investment our State has ever made in our public schools of $5.4 billion,… even in these tough times.[32]
- We are also investing more in college affordability,… even in these tough times.
- We are investing more in public safety,… even in these tough times.
- And because of these tough times, we are increasing funding to provide a stronger safety net to support our hardest hit families,…

Let's talk about the betters, stronger future we prefer.

---

[28] Source: Department of Budget and Management.
[29] Source: DBM.
[30] We drafted this FY 2010 budget with the very conservative assumption that we will receive $350 million in federal stimulus funds from the American Recovery and Reinvestment Act. However, we have received encouraging news in recent days, and we have reason to hope and believe we'll be receiving significantly more assistance from a federal government which, under new leadership, is working again. But make no mistake about it, we need to do all we can to support President Obama and our Congressional delegation as they work to urgently pass the stimulus. It's up to us in Maryland to use these funds responsibly,… To put our children first and protect our priorities in this fiscal year, and to plan ahead for the next year as our country continues to weather this economic downturn.
[31] Source: Department of Budget and Management. Overall general fund expenditures in this budget will decrease by 1.3%.
[32] Source: DBM. FY 2010 Proposal includes a record K-12 investment of $5.4 billion. FY 2009 was a record at $5.3 billion.

The Better, Stronger Future We Prefer

Education and Our Economy

In Maryland, we have the nation's best public schools and therefore one of the best and most highly skilled workforces in the United States.[33]

Under Lt. Governor Brown's dedicated leadership, we are working to harness the vast potential of the BRAC process to bring 40,000 to 60,000 jobs to Maryland.[34]

At the center of our job-creation strategy is Maryland's greatest asset: the skills, creativity, talents and ingenuity of our people.[35] Now that we have the best public schools in America, we must strive through our first-ever statewide Teacher Survey,[36] and with expanded Career and Technical Education, and renewed emphasis on Science, Technology, Engineering and Math (or STEM) to make Maryland public schools the best in the world.[37]

The road is steep, but our legs are strong.

And there is no single investment we can make that expands opportunity to more Marylanders like the investments we make to put the dreams of a college education within the grasp of more hard-working Maryland families.

This isn't merely about trying to move up in some ranking, or generating another clip for a scrap book; this is about investing in our future. This is about doing for our children's generation, what the GI Bill did for my father's generation.

Is the fight for affordable college about politics??? You're darn right it's about politics. It's about the politics of inclusion. It's about the politics of prosperity. It's about the politics of opportunity. It's about the politics of posterity. It's about the politics of my kids and yours. It's about the politics of the hardworking people we serve. You're darn right it's about politics.

---

[33] Source: The Milken Institute report on Technology Economy Preparedness ranked Maryland one of two States best positioned to take advantage of the 21st century technology economy.

[34] Source: Office of the Lt. Governor

[35] To prepare our workforce for the demands of the 21st century economy – and to make sure we have the services in place to protect our families who are hardest hit by this recession – we've instated a Workforce Creation and Job Security Cabinet, which has been meeting regularly for a year Much of our future economic competitiveness rests in our growing life sciences sector. The strength of our bioscience sector's rating for potential job creation rose in the last year from #4 to #2 in America, according to the Milken Institute, and – like our public schools -- we want to be #1. This year we announced Bio2020: an initiative which represents the largest investment into the future that any State has ever made in its biosciences sector. Why? Because the life-sciences create jobs for Maryland families.

[36] Starting next month, we will begin surveying every teacher and principal in Maryland to get their input on the teaching conditions in their schools; to find out where the challenges and opportunities lie; and to guide our efforts to recruit and retain the best teachers and principals in America.

[37] We've made STEM education a priority, and it is one of the issues for which our P-20 Council is working to bring together stakeholders from the educational and business communities in common cause.

Public Safety

The road is steep, but our legs are strong, and last year, with a government that works, we saved a lot of lives by partnering like never before with our local jurisdictions and the District of Columbia, -- by cracking down on repeat violent offenders through our Violence Prevention Initiative; by ramping up our efforts to use DNA and digitally enhanced fingerprint evidence to solve crimes; and by supporting our courageous police officers, fire fighters, and first responders.[38]

We can build upon this progress with better technology, better law enforcement coordination, and better re-entry programs. We can build upon this progress with your support of our Child Safety Net legislation, and your support to take firearms out of the hands of domestic abusers.

And we could have even more resources to accomplish all of these important life-saving goals, if you would follow me in abolishing an outdated, expensive, and utterly ineffective death penalty in Maryland.

I'd like to publicly thank former Attorney General Civiletti who is with us in the Gallery today, and everyone who served on the Maryland Commission on Capital Punishment for your hard work, dedication, fairness, and your respect for differences of opinion.

Decent people can disagree on this issue, but as your Governor – I ask that you give this important moral question of repeal of the death penalty a fair up-or-down vote in both houses of this legislature.

The Health of Our Children and Our Environment

As I conclude today, I would like to talk with you briefly about two closely related and inextricably connected challenges – the health of our environment and the health of our children.

There are many things we do not know about the future, but there are many things we surely know about the present.

We know for example that a child who goes to bed hungry, wakes up hungry, and goes to school hungry is a child that is not likely to reach his or her full potential in God's eyes or ours. We also know that if the climate continues to rise, and we continue to treat the land, the air and the water with the same disregard that we have for the last 30 years, then the natural soul of our State, the Chesapeake Bay, will live no more.

[38] Source: Governor's Office of Crime Control & Prevention. There is no reason why one of the smartest and most compassionate states in the union should content itself with being one of the most violent states in the union.

There is a Native American proverb that holds, "*the way we treat the earth is a reflection of how we treat one another,...*" "*The way we treat the earth is a reflection of how we treat one another.*" Sadly do I see this truth. But I also have faith and belief in its corollary – that how we treat one another, might just usher forth a new era in how we treat the earth.

So let this year be the year that our great State becomes the first in the nation to humbly acknowledge this important duality, not only by pledging to redouble our efforts on land, water, and air to save the Chesapeake Bay, but let this also be the year, that we come together as the first State in the union to commit ourselves to eradicating childhood hunger by 2015. It is a matter of choosing and doing; and, we serve a people who want to help.

The road is steep, but our legs are strong.

This better future is ours, if we are willing to fight, and sacrifice, and work for it.

Conclusion

We have some very important choices to make in the months ahead, choices which will help determine who we are as a people and what kind of future we will leave to our children.

As we make these choices, the very good news is that we actually have a President and a Congress who -- rather than looking at government as the enemy – are committed to moving us forward again as a nation.

For there is a truth that thundered across the Mall in Washington, DC last week, and we hear it rumbling still – a growing and renewed sense of hope and optimism, based on the values of our community and our sense of personal responsibility. A reaffirmation that we are all in this together, and that tough times don't last but tough people do.

And just as our challenges cannot be underestimated, neither can our strengths. One Maryland: twelve stars in a circle, and one star still at the center. [39]

Thank you.

[39] When Washington's Army was outnumbered and surrounded on Brooklyn Heights in August of 1776, 400 Marylanders threw themselves at the overwhelming British force so that the Continental Army and The United States, could live to fight another day. 256 of these Maryland patriots lie buried in Brooklyn, NY near where they fought and fell. They fought under a flag with twelve stars in a circle, and one at the center.

A
Payments to Civil Divisions of the State

Budget Amendments

A19S00.01 Retirement Contribution – Certain Local Employees

Add the following language to the general fund appropriation:

, provided that $2,474,304 is reduced contingent upon the enactment of HB 101 or SB 166 containing a provision to require local jurisdictions to pay the retirement contributions for certain local employees.

Explanation: This action eliminates State support for the retirement contributions on behalf of certain local employees. Funds are reduced contingent upon enactment of the Budget Reconciliation and Financing Act of 2009 if it contains a provision to require local jurisdictions to pay the retirement contribution costs for these local employees.

Amendment No. 1

C00A
Judiciary

Budget Amendments

Add the following language:

Provided that a reduction of $6,155,223 is made for Other Post Employment Benefits (comptroller subobject 0157). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$5,672,685
Special	$396,976
Federal	$85,562

Explanation: This action reduces the Judiciary's fiscal 2010 allowance for Other Post Employment Benefits, thereby increasing the unfunded liability for this item. The total reduction should be split as indicated above among general, special, and federal funds.

Amendment No. 2

Add the following language:

Further provided that a reduction of $3,683,552 is made for regular earnings (comptroller subobject 0101). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$3,500,418
Special	$183,134

Explanation: This action reduces the Judiciary's fiscal 2010 allowance for merit increases. The total reduction should be split as indicated above among general and special funds.

Amendment No. 3

C00A

Add the following language:

Further provided that 11 positions are abolished and a $661,634 reduction is made for the deletion of vacant positions (comptroller subobjects 0101, 0151, 0161, and 0189). This reduction shall be allocated among the following divisions and fund types:

Fund	Program	Amount
General	C00A00.04	$104,941
	C00A00.09	$278,870
	C00A00.10	$155,290
Special	C00A00.09	$50,145
	C00A00.10	$36,730
Federal	C00A00.10	$35,658

Explanation: This action reduces the Judiciary's fiscal 2010 allowance for regular positions that have been vacant for more than 12 months. The total reduction should be split as indicated above among general, special, and federal funds.

Amendment No. 4

Add the following language:

Further provided that the Judiciary shall develop organizational charts for each of its programs providing the allocation of regular and contractual positions in each program. A report shall be submitted to the budget committees by November 1, 2009, and annually thereafter with the submission of the Judiciary's budget request. The report shall include a list of all vacant positions, the length of the vacancy, and the job title.

Explanation: The language requires the submission of a report by the Judiciary regarding the organization of its programs and personnel. Furthermore, it requires a detailed listing of all vacant positions across the Judiciary. This report is to be submitted in November as part of the Judiciary's annual budget request.

Information Request	Author	Due Date
Report on organizational charts and vacant positions	Judiciary	November 1, 2009, and annually thereafter

Amendment No. 5

C00A

Add the following language:

Further provided that a $5,679,452 reduction is made for operating expenditures. This reduction shall be allocated among the following divisions and fund types:

Fund	Program	Comptroller Subobject	Amount
General	C00A00.03	1202	$210,000
	C00A00.04	0301	$631,987
	C00A00.04	0302	$42,036
	C00A00.04	0303	$194,000
	C00A00.04	0305	$233,045
	C00A00.04	0306	$21,949
	C00A00.04	0322	$175,167
	C00A00.04	0891	$289,525
	C00A00.04	0912	$236,861
	C00A00.06	0819	$280,133
	C00A00.06	0828	$108,511
	C00A00.06	0891	$122,545
	C00A00.08	1206	$380,000
	C00A00.09	0304	$925,689
	C00A00.09	1015	$328,004
	C00A00.11	1206	$1,000,000
Special	C00A00.06	1207	$500,000

Explanation: This action reduces the Judiciary's fiscal 2010 allowance for various operating expenses in the circuit court, District Court, Administrative Office of the Courts, State Law Library, Judicial Information Systems, and Family Law Division. The total reduction should be split as indicated above among general and special funds.

Amendment No. 6

C00A

Add the following language:

Further provided that a reduction of $3,669,327 is made for employee turnover (comptroller subobject 0189). This reduction shall be allocated among the divisions according to the following fund types:

Fund	Amount
General	$3,669,327

Explanation: This action reduces the Judiciary's fiscal 2010 allowance to reflect a turnover rate increase to 4%. The total reduction should be applied as indicated above to general funds.

Amendment No. 7

C00A00.04 District Court

Add the following language to the general fund appropriation:

, provided that $500,000 of this appropriation made for the purpose of general operations may not be expended until the Judiciary submits a report to the budget committees on the status of bail debtors in the State. This report shall study defendants or promisors in each Judicial Circuit who pledged 10% to the court under the Criminal Procedure Article Section 5-205 (b)(2)(i) but continue to owe bail debts for all prior fiscal years up through and including fiscal 2009, and shall include the following information:

(1) the defendants' names, addresses, and other identifying information;

(2) the issuance and service of any bench warrants for failure to appear;

(3) the total of any forfeitures of bail bonds issued; and

(4) the date of satisfaction of any forfeiture of bail bonds issued.

The report shall be submitted by November 1, 2009, and updated annually thereafter for all prior fiscal years. The budget committees shall have 45 days to review and comment on the report from its date of receipt.

Explanation: The committees are concerned about the number of defendants and promisors who have not satisfied their bail bond forfeitures and the amount owed. This language restricts $500,000 of funds in the District Court pending a report detailing all such defendants and promisors and the amount of uncollected debt that is owed to the State.

C00A

Information Request	Author	Due Date
Report on all bail debtors in Maryland	Judiciary	November 1, 2009, and annually thereafter

Amendment No. 8

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Deny 25 contractual conversions for the District Court. The Judiciary is authorized to convert these 25 contractual full-time equivalents using existing vacant regular positions and vacant position funding.	939,726	GF	25.00
Total Reductions	939,726		25.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	1417.00	1392.00		25.00
General Fund	152,570,982	151,631,256	939,726	
Federal Fund	25,000	25,000	0	
Total Funds	**152,595,982**	**151,656,256**	**939,726**	

Amendment No. 9

C00A00.05 Maryland Judicial Conference

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for in-state conferences in the Judicial Conference. This reduction would level-fund the program.	658,000	GF	
Total Reductions	658,000		0.00

C00A

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	830,629	172,629	658,000	
Total Funds	**830,629**	**172,629**	**658,000**	

Amendment No. 10

C00A00.06 Administrative Office of the Courts

Add the following language:

Provided that no funds for the purpose of grants to the Maryland Disability Law Center (MDLC) may be expended until the MDLC submits a report to the budget committees on its financial posture. By November 1, 2009, the MDLC shall submit a report that includes a comprehensive summary of the following:

(1) a detailed history of the MDLC's actual revenue sources for fiscal 2004 through 2008 and budgeted revenue sources for fiscal 2009 and 2010;

(2) a detailed history of the MDLC's actual expenditures for fiscal 2004 through 2008 and budgeted expenditures for fiscal 2009 and 2010;

(3) a listing of private, nonprofit, and government organizations that received financial or technical assistance from the MDLC in fiscal 2004 through 2008;

(4) a summary of services provided by the MDLC in Maryland by jurisdiction; and

(5) audited financial statements for fiscal 2004 through 2008.

The budget committees shall have 45 days to review and comment on the report from its date of receipt.

Explanation: The fiscal 2010 allowance includes a total of $21.5 million for various grants, which are partially funded with $15.5 million in special funds from the Maryland Legal Services Corporation. This language restricts the expenditure of funds for grants to the Maryland Disability Law Center (MDLC) pending a report detailing its annual revenues and expenditures over seven fiscal years.

Information Request	Author	Due Date
Report on Maryland Disability Law Center revenues and expenditures	MDLC	November 1, 2009

Amendment No. 11

C00A

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for office relocation of the Administrative Office of the Courts (AOC). The fiscal 2010 allowance includes a $1.2 million increase for the purpose of relocating and consolidating AOC offices. Given the State's budgetary constraints, this action would provide sufficient funds to allow the AOC to remain in its current space.	1,200,000	GF	
2. Deny 3.0 contractual conversions and delete 0.5 new positions for the Administrative Office of the Courts. The Judiciary is authorized to convert the 3.0 contractual full-time equivalents and hire the 0.5 new position using existing vacant regular positions and vacant position funding.	127,122	GF	3.50
3. Reduce funds for the Office of the Problem-solving Courts. This action level-funds grants for drug and mental health courts.	410,057	GF	
Total Reductions	1,737,179		3.50

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	120.75	117.25		3.50
General Fund	25,893,339	24,156,160	1,737,179	
Special Fund	15,500,000	15,500,000	0	
Federal Fund	80,000	80,000	0	
Total Funds	**41,473,339**	**39,736,160**	**1,737,179**	

Amendment No. 12

C00A

C00A00.07 Court Related Agencies

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for grants. This reduction level-funds grants in the Mediation and Conflict Resolution Office.	305,000	GF	
Total Reductions	305,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	21.75	21.75		0.00

Federal Fund	60,040	60,040	0	
Total Funds	**6,561,032**	**6,256,032**	**305,000**	

Amendment No. 13

C00A00.10 Clerks of the Circuit Court

Add the following language:

Provided that a reduction of $917,090 is made for equipment replacement (comptroller object 10). This reduction shall be allocated according to the following fund types:

Fund	Amount
General	$658,644
Special	$258,446

Explanation: This action reduces the Clerks of the Circuit Court fiscal 2010 allowance for new equipment. The total reduction should be split as indicated above among general and special funds.

Amendment No. 14

C00A

Add the following language:

Further provided that a reduction of $739,857 is made for contractual services (comptroller object 08). This reduction shall be allocated according to the following fund types:

Fund	Amount
General	$617,977
Special	$121,880

Explanation: This action level-funds the fiscal 2010 allowance for printing, equipment repairs, building maintenance, freight and delivery, and office assistance expenditures in the Clerks of the Circuit Court. The total reduction should be split as indicated above among general and special funds.

Amendment No. 15

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for space study in the Clerks of the Circuit Court Baltimore County offices.	100,000 35,000	GF SF	
2. Delete six new positions and deny eight contractual conversions for the Clerks of the Circuit Court. The Judiciary is authorized to hire the six new positions and convert the eight contractual full-time equivalents using existing vacant regular positions and vacant position funding.	387,636 32,674	GF SF	14.00
Total Reductions	555,310		14.00

Total Funds	**20,354,742**	**19,126,695**	**1,228,047**	

Amendment No. 17

Committee Narrative

Courtroom Space and Retired Judge Data: Each year, the Chief Judge of the Court of Appeals has certified to the General Assembly the need for additional judgeships in the State's District and circuit courts. New judgeships have not been created since fiscal 2006, in part due to the lack of courtroom or chamber space in existing courthouses. As a result, the practice of recalling retired judges to the bench has been the only recourse for jurisdictions with certified needs for new judgeships and no space to accommodate additional judges. In order to ensure a plan is in place to address these issues, the committees request that the Judiciary include in its annual certification of judgeships an evaluation of the use and cost of recalling retired judges to the bench. The annual certification should also set forth a plan for addressing space constraints in both the District and circuit courts.

C81C
Office of the Attorney General

Budget Amendments

C81C00.05 Consumer Protection Division

Add the following language to the general fund appropriation:

, provided that this appropriation is reduced by $844,496. The Governor is authorized to process a special fund budget amendment for $844,496 to make use of the available balance in the Consumer Protection Recoveries Account.

Explanation: This action would reduce general funds in the Consumer Protection Division. The Governor is authorized to process a budget amendment transferring special funds in the amount of $844,496 from the Consumer Protection Recoveries Account to the Consumer Protection Division.

Amendment No. 18

Committee Narrative

Allocation and Costs of Assistant Attorneys General and Staff Attorneys: Salaries of Assistant Attorneys General (AAG) and staff attorneys assigned to Executive Branch agencies are budgeted within those respective agencies. While the AAGs and staff attorneys have a reporting relationship to the Office of the Attorney General (OAG), OAG does not manage the costs associated with those personnel. In order to maintain an understanding of the statewide costs relating to all activities of OAG, the committees request that OAG submit with its annual budget request a complete listing of salaries for all AAGs and staff attorneys throughout the Executive Branch.

Amendment No. 21

D12A
Executive Department
Department of Disabilities

Committee Narrative

Performance Measures Related to Housing Services: The committees request that the Maryland Department of Disabilities (MDOD) include in the annual budget beginning with the fiscal 2011 budget allowance additional or alternative performance measures to reflect the range of housing issues that MDOD considers important to individuals with disabilities. These performance measures will allow for a better understanding of the progress Maryland is making toward the housing-related goals of MDOD.

Information Request	Author	Due Date
Performance measures related to housing	MDOD	With the submission of the budget allowance

D13A
Executive Department
Maryland Energy Administration

Committee Narrative

D13A13.01 General Administration

Impact of Fiscal 2010 Bill Assistance, Rate Relief, Energy Efficiency, and Renewable Energy Program Spending: The budget committees are concerned that a substantial amount of new funding from the Strategic Energy Investment Fund and federal stimulus funding has become available for bill assistance, rate relief, energy efficiency, and renewable energy programs in fiscal 2010. Yet, there is no overall plan for how this funding will be used to meet the State's various energy goals as follows:

- per capita peak demand reduction;
- per capita energy consumption reduction;
- State agency energy consumption reduction;
- greenhouse gas reduction; and
- the renewable portfolio standard.

Therefore, the budget committees request that the Maryland Energy Administration (MEA) coordinate with the Department of Human Resources (DHR), Public Service Commission (PSC), Department of Housing and Community Development (DHCD), Maryland Department of the Environment (MDE), and Department of General Services (DGS) on a report outlining how the fiscal 2010 funding will be used to meet each of the aforementioned goals and how the funding will be aligned with the State comprehensive energy plan proposed to be completed by June 30, 2009.

Amendment No. 25

Committee Narrative

Report on Existing and Planned Multi-year Contracts: Primarily due to changes in budgeting, it is difficult to understand the changes in some contracts between fiscal 2009 and 2010. The committees request that the State Board of Elections provide a report on existing and planned multi-year contracts in effect in fiscal 2009 and 2010. This report should include information on the starting date of the contract, expected end date of the contract, number and length of option periods if applicable, and the estimated cost of the contract in each year of the contract including optional periods if applicable.

Information Request	Author	Due Date
Report on existing and planned contracts in effect in fiscal 2009 and 2010	State Board of Elections	October 1, 2009

D40W
Department of Planning

Budget Amendments

D40W01.01 Administration

Add the following language to the general fund appropriation:

, provided that $1,000,000 of this appropriation made for the purpose of general operating expenses may not be expended unless the Maryland Department of Planning submits the Maryland Land Preservation and Recreation Plan to the budget committees by July 1, 2009. The budget committees shall have 45 days to review and comment.

Explanation: The Maryland Land Preservation and Recreation Plan is required to be updated by the Maryland Department of Planning (MDP) in cooperation with the Department of Natural Resources every six years and was last updated in 2001. Last year MDP stated that the plan would be published May 15, 2008; however, the plan publication date now has been pushed back a year to May 2009. Therefore, $1,000,000 in general funds may not be expended in MDP's fiscal 2010 budget unless the Maryland Land Preservation and Recreation Plan is submitted by July 1, 2009.

Information Request	Author	Due Date

Amendment No. 30

D55P
Department of Veteran Affairs

Committee Narrative

Outreach and Service Efforts for Maryland Veterans: An increase in the number of veterans returning from combat in Iraq and Afghanistan as well as the Base Realignment and Closure Commission recommendations have produced a swell in the population of veterans living in Maryland. The fiscal 2009 budget included the addition of 4.0 positions in the Service Program to meet the demand of the surging population. Consequently, three new veterans' service offices were opened and staff members were added to existing offices. The committees request that the Maryland Department of Veterans Affairs (MDVA) report back on the progress made in reaching the veteran community including an update on MDVA's participation in the Veterans Mental Health Initiative.

Information Request	Author	Due Date
Outreach and service efforts	MDVA	October 1, 2009

D79Z
Maryland Health Insurance Plan

Committee Narrative

Maryland Health Insurance Plan

D79Z02.01 Maryland Health Insurance Program

Updated Maryland Health Insurance Plan Financial and Enrollment Information: The committees would like to monitor the status of the Maryland Health Insurance Plan's (MHIP) financial and enrollment information throughout the year because this information changes on a regular basis. MHIP should submit two reports to the committees.

The first report should update the committees with information about actual fiscal 2009 medical claims expenditures, enrollment, and fund balance.

The second report should also inform the committees regarding the cost of medical claims, enrollment trends, and any modifications to benefits or eligibility requirements. In addition, the second report should include updated expenditure estimates for the fiscal 2010 and forecasts for fiscal 2011 and 2012.

Information Request	Author	Due Date

D80Z
Maryland Insurance Administration

Budget Amendments

D80Z01.01 Administration and Operations

Add the following language to the special fund appropriation:

, provided that $100,000 of this appropriation made for the purpose of general operations of the Maryland Insurance Administration's Examination and Auditing Section may not be expended until the Maryland Insurance Administration in coordination with the Bureau of Revenue Estimates submits a report to the budget committees on an agreed upon practice for forecasting and tracking the premium tax. The report shall be submitted by October 1, 2009, and the budget committees shall have 45 days to review and comment.

Explanation: The Comptroller's Bureau of Revenue Estimates (BRE) seeks input from the Maryland Insurance Administration (MIA) regarding significant changes in the revenue patterns when formulating the premium tax estimate. However, in the past, MIA has not been able to provide sufficient information to the bureau. For instance, MIA has not been able to explain monthly variations in the revenue. This budget bill language restricts special funds in MIA until a report is submitted by MIA and BRE explaining an agreed upon practice for forecasting and tracking the premium tax.

Information Request	Authors	Due Date
Report explaining practice for forecasting the premium tax revenue	MIA BRE	October 1, 2009

Amendment No. 31

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete one position that has been vacant for more than a year consistent with the significant position and general fund reductions included in Section 18 of the budget bill.	51,066	SF	1.00
2. Reduce special fund support for equipment costs which provide level funding.	253,711	SF	
3. Reduce special fund support for salaries and wages.	246,289	SF

Amendment No. 36

E50C
State Department of Assessments and Taxation

Budget Amendments

E50C00.02 Real Property Valuation

Strike the following language:

~~, provided that this appropriation shall be reduced by $29,927,887 contingent upon the enactment of legislation that distributes 90% of the cost of the Real Property Valuation Program to the counties and Baltimore City. Authorization is hereby granted to process a Special Fund budget amendment of $29,927,887 to replace the aforementioned General Fund amount.~~

Explanation: This technical amendment strikes language authorizing a reduction in funding within the State Department of Assessment and Taxation's Real Property Valuation Program contingent upon the enactment of legislation that distributes a portion of costs associated with the program to the counties and Baltimore City.

Amendment No. 37

E50C00.04 Office of Information Technology

Strike the following language:

~~, provided that this appropriation shall be reduced by $2,048,173 contingent upon the enactment of legislation that distributes 75% of the cost of the Office of Information Technology Program to the counties and Baltimore City. Authorization is hereby granted to process a Special Fund budget amendment of $2,048,173 to replace the aforementioned General Fund amount.~~

Explanation: This technical amendment strikes language authorizing a reduction in funding within the State Department of Assessment and Taxation's Office of Information Technology Program contingent upon the enactment of legislation that distributes a portion of costs associated with the program to the counties and Baltimore City.

Amendment No. 38

E50C00.05 Business Property Valuation

Strike the following language:

~~, provided that this appropriation shall be reduced by $3,072,311 contingent upon the enactment of legislation that distributes 90% of the cost of the Business Property Valuation Program to the counties and Baltimore City. Authorization is hereby granted to process a Special Fund budget amendment of $3,072,311 to replace the aforementioned General Fund amount.~~

Explanation: This technical amendment strikes language authorizing a reduction in funding within the State Department of Assessment and Taxation's Business Valuation Program contingent upon the enactment of legislation that distributes a portion of costs associated with the program to the counties and Baltimore City.

Amendment No. 39

E50C00.10 Charter Unit

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce allowance for postage based on fiscal 2008 actual expenditures plus inflation. This reduction will appropriate $841,720. This reduction shall be allocated amongst the divisions.	12,439 9,770	GF SF	
2. Delete funding for security counter enhancements within the Charter Unit. While noting the department's safety concerns, there have been no prior safety incidents that warrant a new security counter.	24,300	SF	
Total Reductions	46,509		0.00

Effect	**Allowance**	**Appropriation**	**Amount Reduction**	**Position Reduction**

Amendment No. 41

Committee Narrative

Report on Teleworking Oversight Controls: The committees are concerned that the controls currently in place to oversee employees in the State Personnel Management System (SPMS) that telework are not sufficient. As such, the Department of Budget and Management shall submit a report to the budget committees that details the existing teleworking oversight mechanisms utilized in the SPMS and its recommendations for statutory and administrative changes that would enhance the State's ability to ensure maximum productivity in teleworking situations. The recommendations provided in the report shall contain estimates of the costs required for their implementation.

Budget Amendments

Department of Information Technology

F50A01.01 Major Information Technology Development Project Fund

Strike the following language:

~~Further provided that this appropriation shall be reduced by $1,643,715 contingent upon the enactment of legislation that distributes 75% of the cost of the State Department of Assessments and Taxation's Major Information Technology Development Project Program to the counties and Baltimore City. Authorization is hereby granted to process a Special Fund budget amendment of $1,643,715 to replace the aforementioned General Fund amount.~~

Explanation: This technical amendment strikes language authorizing a reduction in general funds in the Major Information Technology Development Project Fund contingent upon the enactment of legislation that distributes a portion of the costs associated with a State Department of Assessments and Taxation's Major Information Technology Development Project to the counties and Baltimore City.

Amendment No. 42

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funding for the Department of Juvenile Services' Treatment Assessment, Planning, and Tracking System. The project has issues with project management, choice of procurement, and the ability to integrate this system with its core case management system which is also being upgraded.	700,000	GF	
2. Reduce general fund support for fiscal 2010 major information technology projects by reducing the prior year commitment to the Statewide Personnel System as a cash-flow adjustment. Those funds can instead be committed to new fiscal 2010 projects.	3,000,000	GF	
3. Delete funding for the Department of General Services' Procurement System Modernization and Streamlining project.	600,000	GF	
4. Reduce funding for Independent Verification and Validation.	512,462	GF	
Total Reductions	4,812,462		0.00

F50

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	19,550,705	14,738,243	4,812,462

Total Funds	**6,674,267**	**6,274,267**	**400,000**	

Amendment No. 44

Budget Amendments

MARYLAND STATE RETIREMENT AND PENSION SYSTEMS

G20J01.01 State Retirement Agency

Add the following language to the special fund appropriation:

, provided that PIN #063204 and #075110 are deleted. Further provided that $352,749 made for the purpose of salaries and fringe benefits may not be expended for any purpose other than to fund investment analyst positions created through the reclassification of existing vacancies. Any unexpended funds may not be reprogrammed or transferred by budget amendment or otherwise but shall only be cancelled. The State Retirement Agency shall provide a report on the results of its efforts to reclassify existing vacancies and fill investment analyst positions. The report shall be submitted to the budget committees by December 1, 2009, and the budget committees shall have 45 days to review and comment.

Explanation: The system's investment returns have fallen into the lowest quartile of peer systems. No new positions are provided in the allowance. However, the agency could utilize current resources, reclassify existing vacancies, and hire additional investment management positions to assist the new Chief Investment Officer in achieving improved investment returns. The $352,749 restriction represents $89,130 in adjusted turnover expectancy allotted by the Department of Budget and Management to the agency, the salaries of the positions to be deleted ($80,493), and the positions not currently in significant recruitment that could be reclassified ($183,126).

Information Request	Author	Due Date
Report on investment position reclassification	State Retirement Agency	December 1, 2009

Amendment No. 45

Reduce appropriation for the purposes indicated:	Funds	Positions
1. Delete funds for printing member handbooks for 211,000 participating members. The updated handbook is already available on the agency web site. Printing hard copies is redundant and not supported by information detailing user demand.	380,671 SF	

2.	Delete funding for new contracts for an online training program for new Retirement Benefit Specialists, web conferencing services, and the recording of retirement seminars.	58,450	SF
3.	Reduce/delete "off-the-shelf" customer service software to better track customer interactions. The product would require in-house customization to yield the desired results. The Department of Legislative Services recommends awaiting the completion of the Maryland Pension Administration System (MPAS-1) until such purchases are made to facilitate capability and prevent information technology resource drains from the MPAS project.	75,000	SF
	Total Reductions	514,121	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	190.00	190.00		0.00
Special Fund	26,301,972	25,787,851	514,121	
Total Funds	**26,301,972**	**25,787,851**	**514,121**	

Amendment No. 46

G20J01.02 Major Information Technology Development Projects

Add the following language to the special fund appropriation:

, provided that $950,000 of this appropriation made for the purpose of the second phase of the Maryland Pension Administration System project may not be expended until the State Retirement Agency:

(1) completes the initial scoping of the project that will determine the parameters for this phase's Request for Proposals; and

(2) provides a definitive list of the desired project deliverables, including cost estimates and project time requirements, to the budget committees and to the Department of Information Technology. The committees shall have 45 days from receipt of the report to review and comment.

Explanation: To avoid project delays and cost overruns similar to those sustained due to poor scope definition of phase one of the Maryland Pension Administration System (MPAS) project, funding is restricted to provide for proper oversight of the next phase's development.

Information Request	Author	Due Date
MPAS-2 scope report	State Retirement Agency	45 days prior to expenditure

Amendment No. 47

Committee Narrative

Need for Total Project Cost Accounting: The budget committees are concerned that the cost overruns for the first phase of the Maryland Pension Administration System (MPAS-1) have not been fully accounted for by the new total project cost calculated by the agency. Costs that should have been forgone, such as maintenance of the legacy system, have not been included in the project's expense totals. Neither have items that once were listed in the agency's other operating totals, such as MPAS project management. Therefore, the committees request that the State Retirement Agency provide a report detailing all expenses related to the MPAS project that are not reflected in the $24.3 million total contemplated by the State's Major information technology project management system.

Information Request	Author	Due Date
Report on additional costs derived from Maryland Pension Administration System project	State Retirement Agency	August 1, 2009

G99G
Injured Workers' Insurance Fund

Committee Narrative

G99G00.01 General Administration

Increasing Short-term Cost of Settlements: The budget committees are concerned by the large fiscal 2008 increase in pay-as-you-go workers' compensation claims costs that represent the settlement of outstanding claims and the future budgeting implications of pursuing this strategy. The committees request that the Department of Budget and Management (DBM) prepare a cost-benefit analysis on the Injured Workers' Insurance Fund's (IWIF) policy of settling cases. The report should identify DBM's plans for funding the long-term liability and describe the most advantageous mixture of dollar contributions into the long-term liability account and payouts through case settlements. IWIF, in turn, should identify settlement costs by agency, with accompanying detail on the reserves reduction associated with each settlement, in its annual Assessment Report.

Identification of settlements in assessment report	IWIF	As required

H
Department of General Services

Committee Narrative

Submission of an Annual Report on Energy Conservation: The State Building Energy Efficiency and Conservation Act of 2006 required the Department of General Services (DGS) and the Maryland Energy Administration to develop energy use index and savings goals for every State agency. Beginning November 1, 2009, and annually thereafter, DGS shall submit a report to the committees outlining statewide utility costs and consumption (by agency). The report shall also outline what efforts have been made by the department to reduce statewide energy consumption. Lastly, the report shall include an update on the State's level of compliance with the State Building Energy Efficiency and Conservation Act.

Information Request	Author	Due Date
Report on energy conservation	DGS	November 1, 2009, and annually thereafter

Report on Facility Maintenance and Renewal Program: The budget committees are concerned that the demand for State facility maintenance and renewal funding far exceeds the State's capacity under the current funding structure to adequately support these programs and ensure that the State assets are properly maintained. The committees request that the Department of General Services (DGS) develop a strategic plan for improving the State's entire facility maintenance and renewal process, including facility assessment, project management, project procurement, and programmatic funding levels and sources. The strategic plan should include adding a square foot assessment charge for critical maintenance to the current annual square footage rent calculation for each State-owned facility. For facilities renewal projects, the plan should include adding a surcharge (excluding grant and loan programs) to projects that are administered via the State's general obligation bond (GO) program. The plan should specifically address:

- the amount of annual funding (on an ongoing basis) required to adequately address the State's critical maintenance and facilities renewal needs, including additional personnel required to administer the programs;

- the amount of annual funding required to reduce the State's critical maintenance and facilities renewal backlogs on a phased-in basis;

- the portion of the rental rate fee increase for facilities operations and maintenance that would be directly associated with critical maintenance projects, including how the critical maintenance fee would be assessed statewide (by facility and agency) across all fund types based on a statewide square footage calculation; and

- how the proposed GO bond program surcharge would be administered and assessed by DGS to raise at a minimum, $20 million annually.

The budget committees further request that the strategic plan include draft legislation for consideration by the General Assembly during the 2010 session. The draft legislation should include a provision that specifies the critical maintenance and facilities renewal set asides may only be expended for building maintenance. The strategic plan and legislation shall be submitted to the budget committees by October 1, 2009.

Information Request	Author	Due Date
Report on facility maintenance and renewal	DGS	October 1, 2009

J
Department of Transportation

Budget Amendments

Add the following language:

It is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program (CTP), shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

Explanation: This annual budget bill language requires the department to notify the budget committees of proposed changes to the transportation capital program that will add a new project that was not in the fiscal 2009 through 2014 CTP or will increase a total project's cost by more than 10% or $1.0 million, due to a change in scope. Reports are to be submitted with the draft and final versions of the CTP, with each using the 2009 session CTP as the basis for comparison.

Capital budget changes	Maryland Department of Transportation	With draft CTP With final CTP

Amendment No. 48

J

Add the following language:

It is the intent of the General Assembly that funds dedicated to the Transportation Trust Fund shall be applied to purposes bearing direct relation to the State transportation program, unless directed otherwise by legislation. To implement this intent for the Maryland Department of Transportation (MDOT) in fiscal 2010, no commitment of funds in excess of $250,000 may be made nor such an amount may be transferred, by budget amendment or otherwise, for any project or purpose not normally arising in connection with the ordinary ongoing operation of MDOT and not contemplated in the approved budget or the last published Consolidated Transportation Program without 45 days of review and comment by the budget committees.

Explanation: This annual language prohibits MDOT from using transportation funds for uses other than for transportation-related purposes without review and comment by the budget committees.

Information Request	**Author**	**Due Date**
Information on non-transportation expenditures exceeding $250,000	MDOT	As needed

Amendment No. 49

Add the following language:

Provided that the Maryland Department of Transportation (MDOT) shall not expend funds on any job or position of employment approved in this budget in excess of 9,079.5 positions and 168.59 contractual full-time equivalents paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2010. The level of contractual full-time equivalents may be exceeded only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport which demands additional personnel; or

(2) emergency needs that must be met (such as transit security or highway maintenance).

The Secretary shall use the authority under Sections 2-101 and 2-102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 150 imposed by the General Assembly. The establishment of new jobs or positions of

employment not authorized in the fiscal 2010 budget shall be subject to Section 7-236 of the State Finance and Procurement Article and the Rule of 150.

Explanation: The General Assembly has established a position ceiling for MDOT each year to limit growth in regular positions and contractual full-time equivalents.

Information Request	Author	Due Date
Additional regular positions and contractual full-time equivalents	MDOT	As needed

Amendment No. 50

Add the following language:

Further provided that 55 regular positions are abolished in the Maryland Department of Transportation (MDOT) budget and that $4,000,000 in special funds is reduced effective July 1, 2009. It is the intent of the General Assembly that these positions be reduced from the pool of vacant positions, and that the number of positions in this budget shall be reduced by 55 regular positions and that MDOT may allocate these reductions among the various personnel classifications and the modes as appropriate. In addition, MDOT shall submit a report to the budget committees by June 15, 2009, which details which positions were abolished by the Administration, the amount of savings, if each position was vacant, and the impact of the reductions on the operations. The budget committees shall have 45 days to review and comment on the report from the time of submission.

Explanation: The fiscal 2010 budget submitted by the Governor includes the abolition of 1,000 vacant positions, 13 filled positions, and a provision for reductions in personnel costs of $30.0 million, which may require additional layoffs. As a special fund agency, the Maryland Department of Transportation (MDOT) was spared in these position reductions. However, transportation revenues have declined just as severely as general fund revenues over the past year as the result of the national economic downturn. This language abolishes 55 vacant positions from MDOT. As of January 1, 2009, MDOT has 384.5 vacant positions, 7 of which have been vacant for over 12 months. This action also reduces MDOT's appropriation by $4.0 million to reflect the cost savings of abolition of these positions. In addition, MDOT shall provide a report to the budget committees by June 15, 2009, for review that details which positions were reduced, if the positions were vacant, the amount of savings, and the impact of the reductions.

J

Information Request	Author	Due Date
Report on vacant position reductions	MDOT	June 15, 2009

Amendment No. 51

Add the following language:

Further provided that the Maryland Department of Transportation shall submit a revised financial forecast to the budget committees no more than 3 days after the Board of Revenue Estimates releases its March 2010 revenue estimate. The revised financial forecast shall include information on the last actual full fiscal year and the subsequent 6 fiscal years as well as the following:

(1) a schedule of operating expenses for each specific modal administration;

(2) a schedule of revenues, including tax and fee revenues, deductions from revenues for other agencies, department program and fees, Motor Vehicle Administration cost recovery, deductions for highway user revenues, operating revenues by modal administration, and miscellaneous revenues; and

(3) a summary schedule for the Transportation Trust Fund that includes the opening and closing Fund balance, revenues, transfers, bond sales, bond premiums, any other revenues, expenditures for debt service, operating expenses, amounts available for capital expenses, bond interest rates, bond coverage ratios, total bonds outstanding, federal capital aid, and the total amount for the Transportation Capital Program.

Explanation: Under current law, the Maryland Department of Transportation (MDOT) submits a financial forecast to the budget committees in September of each year and with the Governor's allowance. Due to the current economic environment, the budget committees request an update of the financial forecast during the 2010 legislative session. MDOT should submit a revised financial forecast, consistent with existing statutory requirements, no more than three days after the Board of Revenue Estimates (BRE) releases its March 2010 revenue estimate.

Information Request	Author	Due Date
Update financial forecast	MDOT	Three days after BRE March 2010 revision

Amendment No. 52

J

Add the following language:

Further provided that the Maryland Department of Transportation (MDOT) shall submit a report to the budget committees by September 1, 2009, that outlines which projects, by mode, were reduced as a result of the special fund reduction to the capital budget in fiscal 2009 and 2010 as identified by MDOT in its March 2009 financial forecast. The report shall also detail how any federal funds from the special fund capital reductions were reallocated in fiscal 2009 or 2010.

Explanation: This language would require MDOT to submit a report detailing the special fund reductions to the capital program as a result of the changes in the March financial forecast. The report should also detail the movement of federal funds from any special fund capital reductions.

Information Request	**Author**	**Due Date**
Report on capital reductions	MDOT	September 1, 2009

Amendment No. 53

J00A01
Department of Transportation
The Secretary's Office

Budget Amendments

J00A01.01 Executive Direction

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for office supplies. Office supplies increase 7.1% in the allowance. This reduction would fund office supplies at the fiscal 2009 working appropriation level.	10,000	SF	
2. Reduce funds for additional assistance. Funding is provided for the Secretary's Fellows program which is a program for University of Maryland Baltimore County interns to work with the department. This action reduces funding for the program allowing for approximately eight interns.	30,000	SF	
3. Reduce special payments payroll. The Governor's fiscal 2010 budget includes a statewide reduction for contractual employees. The Maryland Department of Transportation was not included in the list of specified State agencies. In addition, given the fiscal constraints facing the department, additional cost savings can be applied to the fund balance to offset any revenue write downs and help the net income coverage ratio. This reduction would reduce the level of funding for contractual employees to the fiscal 2008 actual spending level.	56,374	SF	
Total Reductions	96,374		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	202.50	202.50		0.00
Special Fund	26,492,448	26,396,074	96,374	
Total Funds	**26,492,448**	**26,396,074**	**96,374**	

Amendment No. 54

J00A01.02 Operating Grants-In-Aid

Add the following language to the special fund appropriation:

, provided that no more than $4,063,488 of this appropriation may be expended for operating grants-in-aid, except for:

(1) any additional special funds necessary to match unanticipated federal fund attainments; or

(2) any proposed increase either to provide funds for a new grantee or to expand funds for an existing grantee; and

Further provided that no expenditures in excess of $4,063,488 may occur unless the department provides notification to the budget committees to justify the need for additional expenditures due to either item (1) or (2) above, and the committees provide review and comment or 45 days elapse from the date such notification is provided to the committees.

Explanation: This annual language caps the level of special funds provided for operating grants-in-aid. The cap may be increased to match unanticipated federal dollars or to provide new or expanded grant funding upon notification to the budget committees.

Information Request	Author	Due Date
Explanation of need for additional special funds for grants-in-aid	Maryland Department of Transportation	As needed

Amendment No. 55

Committee Narrative

J00A01.04 Washington Metropolitan Area Transit-Operating

Washington Metropolitan Area Transit Authority Budget Report: Thirty days after the Washington Metropolitan Area Transit Authority's (WMATA) Board of Directors has adopted a fiscal 2010 budget, WMATA and the Maryland Department of Transportation (MDOT) shall submit a report to the budget committees that explains what actions were taken to resolve the $154.0 million budget deficit identified by WMATA. The report shall include any information on service cuts made in the budget or fare increases and how they will impact riders. Finally, if WMATA increases the local subsidy payment, MDOT should indicate its share of the funding and what impact the funding increase will have on the department's financial forecast.

Information Request	Authors	Due Date
Budget report	WMATA and MDOT	30 days after board adopts fiscal 2010 budget

J00A01.05 Washington Metropolitan Area Transit-Capital

Capital Budget Needs and Expenditures: The Washington Metropolitan Area Transit Authority (WMATA) is expected to receive $3.0 billion in additional funding over the next 10 years from the federal government and compact jurisdictions. WMATA shall provide a report to the committees indicating how WMATA intends to spend the $3.0 billion. In addition, with the expiration of the Metro Matters agreement in fiscal 2010, WMATA should discuss its broader capital needs and the need for a second Metro Matters campaign. Finally, the Maryland Department of Transportation (MDOT) should also discuss what is an appropriate level of capital funding for WMATA given the other capital needs in the State.

Capital budget needs and expenditures	WMATA and MDOT	November 13, 2009

Budget Amendments

J00A01.07 Office of Transportation Technology Services

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for in-state travel to conferences. The fiscal 2009 working appropriation increases $31,040 from the fiscal 2009 legislative appropriation. This reduction funds in-state travel for conferences at the fiscal 2008 actual spending level. In addition, given the fiscal constraints facing the department, additional cost savings can be applied to the fund balance to offset any revenue write downs and help the net income coverage ratio.	74,000	SF	
Total Reductions	74,000		0.00

J00A01

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	114.50	114.50		0.00
Special Fund	37,826,138	37,752,138	74,000	
Total Funds	**37,826,138**	**37,752,138**	**74,000**	

Amendment No. 56

J00A04
Department of Transportation
Debt Service Requirements

Budget Amendments

J00A04.01 Debt Service Requirements

Add the following language:

Provided that Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues shall not exceed $1,830,010,000 as of June 30, 2010. Provided, however, that the debt service will be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation may either use projected proceeds from bond sale premiums to reduce the size of the bond issuance or apply the proceeds from the premium to debt service for that bond issuance provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast.

Explanation: Section 3-202 of the Transportation Article requires the General Assembly to establish the maximum debt outstanding each year in the budget bill. The level will be based on outstanding debt as of June 30, 2009, plus projected debt issued during fiscal 2010 in support of the transportation capital program. The level of debt outstanding reflects the amount projected in the March 2009 financial forecast that was prepared by the Maryland Department of Transportation at the budget committees' request. The fiscal 2010 level of debt outstanding has been revised downward $110 million due to the fiscal 2009 bond sale being reduced $25 million and the fiscal 2010 bonds sale by $85 million as a result of downward revenue revisions. This reduction in bond sales will result in a corresponding reduction to the capital budget in fiscal 2010.

Amendment No. 57

Add the following language:

Further provided that the total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), may not exceed $661,810,000 as of June 30, 2010. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

(1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information

specifying the total amount of nontraditional debt that would be outstanding on June 30, 2010, and the total amount by which the fiscal 2010 debt service payment for all nontraditional debt would increase following the additional issuance; and

(2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and must signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Explanation: This language limits the amount of nontraditional debt outstanding at the end of fiscal 2010 to the total amount that is projected to be outstanding from all previous nontraditional debt issuances as of June 30, 2009, and all anticipated sales in fiscal 2010. The language allows MDOT to increase the amount of nontraditional debt outstanding in fiscal 2010 by providing notification to the budget committees regarding the reason that the additional issuances are required.

Information Request	**Author**	**Due Date**
Justification for increasing nontraditional debt outstanding	MDOT	45 days prior to the publication of a preliminary official statement

Amendment No. 58

Add the following language:

Further provided that the Maryland Department of Transportation (MDOT) shall submit with its annual September and January financial forecasts information on (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2009 through 2020. Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

Explanation: The budget committees are interested in monitoring the use of nontraditional debt by MDOT. The information requested provides the budget committees with additional information on the usage and annual costs of nontraditional debt.

J00A04

Amendment No. 59

J00B
Department of Transportation
State Highway Administration

Committee Narrative

J00B01.01 State System Construction and Equipment

Report on Supplemental Grant Program: As part of the American Recovery and Reinvestment Act, a Supplemental Grant Program for highways was created. States may submit projects for funding that are at least $20 million and no greater than $300 million. The Maryland Department of Transportation (MDOT) may submit projects, not just highways, which have a national or regional impact. It is likely that projects submitted will be larger construction projects that were taken out of the 2009-2014 Consolidated Transportation Program as part of the revenue reduction. Given the significance of the funding and the projects likely to be funded, MDOT should submit a report indicating what projects it has applied for 15 days after the federal deadline, or sooner. In addition, MDOT should report back to the committees what projects will be funded through the program once that information is available.

Information Request	Author	Due Date
Report on Supplemental Grant Program projects	MDOT	15 days after federal deadline and once information is available

Budget Amendments

Add the following language:

<u>It is the intent of the General Assembly that the State Highway Administration budget funds for snow removal in fiscal 2011 and beyond using a rolling 5 year actual average.</u>

Explanation: This language expresses the intent that the State Highway Administration accurately portrays the cost of snow removal in its annual budget submission. The current budgeted level for snow removal has not been updated since fiscal 1997, despite inflationary increases during this time.

Amendment No. 60

J00B01.02 State System Maintenance

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for vehicle maintenance and repair. The fiscal 2010 allowance increases $160,000, or 2.9%. This reduction would reduce funding to the fiscal 2009 working appropriation.	160,000	SF	

2. Reduce funds for engineering equipment. The fiscal 2010 allowance increases $108,598, or 27.5%, from the fiscal 2009 working appropriation. This reduction reduces the increase in the allowance by approximately 50.0%.	55,000	SF	
Total Reductions	215,000		0.00

Amendment No. 61

J00B01.05 County and Municipality Funds

Add the following language to the special fund appropriation:

Further provided that the appropriation made for the purpose of distributing the local share of Highway User Revenues (HUR) shall be reduced by $101,920,000 contingent upon the enactment of HB 101or SB 166 to reduce the local share of HUR.

Explanation: This action reduces the local share of Highway User Revenues by $101.9 million if provisions are adopted in the Budget Reconciliation and Financing Act of 2009 to reduce the local share of Highway User Revenues in fiscal 2010 and 2011.

Amendment No. 62

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce Highway User Revenues (HUR) to reflect downward revision in revenues. This action reduces the fiscal 2010 appropriation for HUR to match the Maryland Department of Transportation's March revision to the financial forecast. If revenues should improve a budget amendment may be processed to recognize additional revenues.	9,614,099	SF	
Total Reductions	9,614,099		0.00

Amendment No. 63

J00D
Department of Transportation
Maryland Port Administration

Budget Amendments

Add the following language:

Provided that the Maryland Port Administration (MPA) may not enter into a public-private partnership of Seagirt Marine Terminal without providing the General Assembly ample time to review the proposed agreement. Therefore, the General Assembly requires a report from MPA:

(1) not less than 30 days before issuing a request for qualifications related to a public-private partnership arrangement, subject to Section 2-1246 of the State Government Article. The report shall include a summary of the proposed document to be used for solicitation of the public-private partnership arrangement; and

(2) not less than 30 days before entering into any public-private partnership arrangement, subject to Section 2-1246 of the State Government Article, MPA shall provide a description of the proposed public-private partnership and a financing plan, including:

(A) the length of the proposed lease;

(B) the scope of payments to MPA from the proposed public-private partnership arrangement;

(C) a cost-benefit analysis of the proposed public-private partnership arrangement;

(D) evidence of the financial stability of the private partner;

(E) requirements pertaining to the ongoing operation and maintenance of the facility and contract oversight;

(F) requirements pertaining to capital investment in the facility and timeline for completion of that investment;

(G) a description of performance measures utilized in the contract, as well as actions that may be taken if performance goals are not met;

(H) information on the ownership and nationality of the private partner;

(I) the estimated dollar amount of any bonds, including private activity bonds, to be used to finance the public-private partnership and the estimated impact of the issuance of the bonds on the bonding capacity of the Maryland Department of Transportation or other issuing entity;

(J) a description, including the estimated value, of any land, buildings, or other structures or assets that are to be transferred to or exchanged with a private entity as part of the public-private partnership;

(K) the impact, if any, on federal funds; and

(L) the impact on the current employees at Seagirt Marine Terminal, including both State employees and union labor.

These reports shall be submitted to the Senate Budget and Taxation Committee, the Senate Finance Committee, the House Ways and Means Committee, the House Appropriations Committee, and to the Department of Legislative Services. Upon submission, the committees shall have 30 days to review and comment on each report.

Explanation: MPA is moving forward with a public-private partnership of Seagirt Marine Terminal. The General Assembly is concerned that the current statutory framework for legislative notice of public-private partnerships does not include port facilities. It is the intent of the General Assembly that MPA should follow the same legislative notice requirements as if the current statutory requirements applied. Therefore, this language requests two reports, one prior to issuance of a request for qualifications of a long-term lease, and one prior to entering into an agreement.

Information Request	**Author**	**Due Date**
Report summarizing the request for qualifications to be issued	MPA	30 days prior to issuance of a request for qualifications
Report providing a description of the proposed agreement	MPA	30 days prior to entering into an agreement

Amendment No. 64

J00D00.01 Port Operations

Add the following language to the special fund appropriation:

, provided that $75,000 of this appropriation made for the purpose of the Preakness event may only be expended for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall be cancelled.

Explanation: The Maryland Port Administration's (MPA) fiscal 2010 appropriation includes $75,000 in special funds for the Preakness event. At this event MPA works to build relationships

with its business partners and to attract and retain business at the Port of Baltimore. However, there is uncertainty about whether the Preakness will be held in future years due to Magna Entertainment Corporation, the owner of Pimlico Race Course where the event is held, recently filing for bankruptcy. If the event is not held, this language would prevent the money appropriated for this purpose from being used for anything else.

Amendment No. 65

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce funding for cell phone expenditures. The fiscal 2010 allowance includes an increase of $25,044 for cell phone expenditures. This action reduces the appropriation to a 5% increase over the fiscal 2009 working appropriation.	23,261	SF	
2. Reduce funding for the replacement of two sport utility vehicles (SUV). This action defers the replacement of two hybrid SUVs. Funding remains for the replacement of three other hybrid SUVs. Although the SUVs recommended for deferral both have over 100,000 miles, one SUV is only five years old and the other is six years old, and they are likely in good shape except for the high mileage.	42,883	SF	
3. Reduce funding for real property appraisals. This action reduces the appropriation to $20,000. In October 2008, the Governor recommended and the Board of Public Works adopted cost containment actions including the abolition of 830 positions. Among these abolished positions were 3 from the Maryland Aviation Administration (MAA) to abolish MAA's Office of Real Estate and consolidate these responsibilities under the State Highway Administration (SHA). Similarly, the Maryland Port Administration should work with SHA appraisers rather than contract these services out.	60,128	SF	
4. Reduce funding for the stevedoring contract. This action reduces the appropriation to $41.1 million, which is more appropriate based on fiscal 2008 expenditures of $40.6 million. Two shipping lines recently announced that each will contract directly	2,500,000	SF	

with the stevedoring company rather than contract through the Maryland Port Administration (MPA). A third shipping line announced it will no longer serve the Port, resulting in 25,000 fewer containers per year. Additionally, due to the weakened economy, little to no growth is expected at the Port in fiscal 2009 and 2010. MPA's Managing for Results submission shows only a 2% growth in containers from fiscal 2008 to 2010. Should business grow to levels not accommodated by this reduction, MPA is authorized to request a deficiency appropriation or process a budget amendment to obtain necessary funding.

5. Reduce funding for janitorial services based on executed contract. The fiscal 2010 allowance includes $436,176 for janitorial services at Dundalk and Seagirt Marine Terminals. The estimate was based on rates being charged under the three-month emergency contract that was in place at the time. However, pending Board of Public Works approval, a new three-year janitorial services contract has been secured with an annual cost of $228,783. This action reduces the appropriation to $236,176 to reflect these contract savings. 200,000 SF

Total Reductions	2,826,272	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction

Amendment No. 66

Committee Narrative

J00D00.02 Port Facilities and Capital Equipment

Remediation Efforts at Dundalk Marine Terminal: Given the potential for a long-term and expensive remediation of chromium ore processing residue at Dundalk Marine Terminal, the

committees request an annual report from the Maryland Port Administration (MPA) providing information on:

- progress made over the past year;
- actions expected to take place over the next year;
- State funding to date of investigative and evaluative studies, work plans, and remediation work; and
- future funding needs.

Furthermore, it is the intent of the committees that remediation efforts shall be defined as a major project for the purpose of preparing the fiscal 2010-2015 Consolidated Transportation Program and in future versions.

Finally, upon submission of the Corrective Measures Alternative Analysis to the Maryland Department of the Environment, MPA shall provide a copy to the Senate Budget and Taxation Committee, the House Committee on Appropriations, and the Department of Legislative Services.

Information Request	**Author**	**Due Date**
Annual report on remediation efforts at Dundalk Marine Terminal	MPA	December 15, 2009, and annually thereafter
Copy of the Corrective Measures Alternative Analysis	MPA	Upon submission to the Maryland Department of the Environment

Cost Recovery for Identifying and Developing Dredged Placement Sites: In the Maryland Port Administration's (MPA) current capital program, 93.3% of the funding in the major projects construction program is for dredging or dredged placement sites. More than 95.0% of this money is for the identification, construction, operation, and maintenance of dredged material placement sites. The cost of dredging the shipping channel is largely borne by the federal government. MPA and private terminal operators are responsible for dredging from the channel to its berths. MPA has primary responsibility for funding the identification, construction, operation, and maintenance of dredged material placement sites. Although the federal government will sometimes participate in the funding of these facilities, funding availability is extremely limited. MPA is able to recover some of its costs through tipping fees, whereby the private sector and the federal government pay a fee based on the amount of dredged material placed at these sites. However, these fees do not fully recover the cost of building these sites. Construction costs average $10 per cubic yard, yet the private sector pays fees of only $6 per cubic yard. MPA shall provide a report that includes:

- the methodology used to determine tipping fees;
- an explanation of why greater cost recovery is not pursued through tipping fees; and

how other ports along the East Coast charge private terminal operators for the placement of dredged material.

Information Request	Author	Due Date
Report on cost recovery of dredged material placement sites	MPA	December 1, 2009

J00E
Department of Transportation
Motor Vehicle Administration

Budget Amendments

Add the following language:

It is the intent of the General Assembly that the Motor Vehicle Administration (MVA) allow for an applicant for a driver's license or identification card to identify up to 3 emergency contacts and that MVA add the additional fields for this information during upgrades to its existing driver's license system.

Explanation: Currently, MVA only allows for an applicant to identify one emergency contact. This language expresses the intent that MVA allow for individuals to identify up to three emergency contacts and that the fields are added as part of upgrades to the existing driver's license system.

Amendment No. 67

J00E00.01 Motor Vehicle Operations

Add the following language to the special fund appropriation:

, provided that it is the intent of the General Assembly that the Motor Vehicle Administration shall reflect all costs for the Vehicle Emissions Inspection Program in the fiscal 2011 allowance.

Explanation: Currently, the Motor Vehicle Administration (MVA) does not include the actual contract cost for the Vehicle Emissions Inspection Program in its budget. The contractor collects the fee revenue and remits back to the State any revenue, excluding late fees, that exceeds the contract costs. If revenues do not meet the contract cost, MVA includes funding for the shortfall in its budget. To increase budget transparency, MVA should include the total contract cost in its allowance.

Amendment No. 68

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds for contractual employees. The fiscal 2010 allowance is $91,052, or 2.4%, more than the fiscal 2009 working appropriation. Funding in fiscal 2010 would be equal to the fiscal 2009 working appropriation level.	91,052	SF	

2.	Reduce funds for equipment repairs and maintenance. The fiscal 2010 allowance increases 21,218, or 12.5%. This reduction provides funding equal to the fiscal 2009 working appropriation.	21,218 SF	
3.	Reduce funds for ground maintenance. The fiscal 2010 allowance increases $71,651, or 64%. This reduction would still provide an increase of $35,825, or 32%, compared to the fiscal 2009 working appropriation.	35,825 SF	
	Total Reductions	148,095	0.00

Amendment No. 69

Committee Narrative

REAL-ID Status Report: The committees request that the Motor Vehicle Administration (MVA) provide a status update regarding any efforts to implement the REAL-ID Act. Specifically, the report should address the following:

- the status of implementing REAL-ID and whether or not the State will meet the January 1, 2010, benchmark outlined in the regulations;
- updated estimates of costs to implement REAL-ID as well as costs to applicants;
- updated information on the impact of REAL-ID on workflows and the process for obtaining a driver's license and what MVA is doing to resolve any issues;
- external communication efforts;
- any additional efforts to maintain privacy and security for the information obtained from applicants;

- the impact of central issuance on implementing REAL-ID and when biometrics may be introduced; and

- any additional information that MVA feels is important for which the committees should be made aware.

Information Request	Author	Due Date
Status report on REAL-ID implementation	MVA	November 2, 2009

J00H
Department of Transportation
Maryland Transit Administration

Committee Narrative

J00H01.01 Transit Administration

Farebox Recovery Compliance: The Maryland Transit Administration (MTA) is required by statute to have a farebox recovery ratio of 35% for Baltimore area core services. MARC also has a separate statutory 35% farebox recovery ratio requirement. In fiscal 2010, MTA projects a farebox recovery rate of 26% for Baltimore area core services and 42% for MARC. The committees are concerned about MTA's ability to meet the statutory farebox recovery rate of 35% in fiscal 2010. The committees request that MTA submit a report that details what actions it would need to take to meet the farebox recovery requirement in terms of expenditures, revenues, and/or a combination thereof. In addition, MTA should estimate the loss of revenue associated with free transit ridership for State employees and the sale of daily, weekly, and monthly passes which permit unlimited rides for a fixed price.

Information Request	Author	Due Date
Report on farebox recovery	MTA	November 16, 2009

J00H01.05 Facilities and Capital Equipment

Three Major Transit Lines Update and Financing: The Maryland Transit Administration (MTA) is currently in the planning phase for three major transit lines: Red Line, Purple Line, and Corridor Cities Transitway. Each of these projects will be applying soon for federal New Starts funding. The committees request that MTA submit a report by November 13, 2009, that provides an update to the committees regarding the status of the projects in terms of planning and the federal process. In addition, the report should include detailed information as to how the Maryland Department of Transportation will finance the construction and operation of all three proposed lines. This discussion should include any revenue-raising options, as well as local and private financing options. The report should provide a roadmap for the General Assembly to begin considering how the State will pay for the proposed transit lines if they are federal-aid eligible and the impact on the department's finances.

Report on major transit lines	MTA Maryland Department of Transportation	November 13, 2009

J00I
Department of Transportation
Maryland Aviation Administration

Budget Amendments

J00I00.02 Airport Operations

Add the following language to the special fund appropriation:

, provided that $5,000,000 of this appropriation made for the purpose of payments to the Maryland Transportation Authority Police for law enforcement services at Baltimore/Washington International Thurgood Marshall Airport may not be expended until the Maryland Transportation Authority provides a grant of $1,182,500 to the Police and Correctional Training Commissions to fund construction of a firing range at the Public Safety Education and Training Center in Sykesville. Funds restricted for this purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall be cancelled if the Maryland Transportation Authority does not provide this grant.

Explanation: The Maryland Aviation Administration's (MAA) fiscal 2010 appropriation includes $18.2 million for the contract with the Maryland Transportation Authority (MDTA) Police for law enforcement services at Baltimore/Washington International Thurgood Marshall (BWI Marshall) Airport. MDTA's capital budget includes the construction of a firing range at Hawkins Point for MDTA Police. Although there is a definite need for the facility, the need extends beyond MDTA Police to all State law enforcement agencies. The Public Safety Education and Training Center (PSETC) in Sykesville was created to serve as a central facility for the training of all law enforcement, correctional, and parole and probation employees. PSETC has all of the amenities central to law enforcement training, such as classrooms, driver training courses, and overnight accommodations. If built at Hawkins Point, MDTA's firing range would be a stand alone facility and lack all of these additional amenities. In order to further the intent of PSETC serving as a central facility for training, this language requires that $5.0 million of MAA's appropriation to pay for law enforcement services at BWI Marshall Airport may not be expended unless MDTA provides one-half of the funding for a new firing range to be constructed at PSETC by the Police and Correctional Training Commissions. The remaining one-half of the cost of construction will be provided by general obligation bonds.

Amendment No. 70

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce grants to private organizations to historical levels due to the current economic climate. The Maryland Aviation Administration (MAA) currently provides grants of $55,000 each to the BWI Business Partnership and the BWI Development Council. The	30,000	SF	

	BWI Business Partnership aims to improve employee transportation for businesses in and around the airport. The BWI Development Council helps to promote the airport. While both of these missions are beneficial to MAA, prior to fiscal 2007, the BWI Business Partnership was receiving only $30,000 from MAA and the BWI Development Council received $50,000. These organizations also receive funding from membership dues, and the BWI Business Partnership receives federal funding as well.			
2.	Reduce funds for shift differential based on actual spending. Shift differential is an additional $6.25 per shift paid to employees who are assigned to a permanent shift that begins between 2 p.m. and 1 a.m. or any shift worked by a member of the Fire Rescue Division. The three-year average of actual spending for this purpose is $137,610. The action reduces the appropriation to $160,614.	20,000	SF	
3.	Reduce funds for the repair and maintenance of closed circuit television systems based on actual spending. Fiscal 2008 spending for this purpose was $404,225. Three-year average actual spending was $328,510. This action reduces the appropriation to $506,658. This action still allows for $100,000 in additional spending over fiscal 2008, recognizing that, where possible, the Maryland Aviation Administration is utilizing security cameras in place of manned posts.	75,000	SF	
4.	Reduce funds for janitorial services at Martin State Airport based on actual spending. Over the last three years, spending on janitorial services at Martin State Airport has hovered around $122,000. This action reduces the appropriation to $143,000 to more accurately reflect actual spending.	50,000	SF	
	Total Reductions	175,000		0.00

J00I

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	471.00	471.00		0.00

Federal Fund	656,191	656,191	0	
Total Funds	**184,244,864**	**184,069,864**	**175,000**	

Amendment No. 71

Committee Narrative

Encouraging Staff Consolidation: Recent declines in transportation revenues have forced the Maryland Aviation Administration (MAA) to remove a project for construction of a headquarters building from its capital program. The benefits of such a building were first identified in 2001 as a means of centralizing staff currently dispersed to six different locations and to realize lease savings. Over the last eight years, minimal progress was made on construction of a headquarters building; yet, the benefits of consolidation still remain. In 2010, both of the leases with the private sector that MAA has entered into for office space will expire. Over the past two years, the addition of 4.6 million square feet of office space, coupled with the current reduced demand due to the economic situation, has increased office vacancy rates in the area surrounding Baltimore/Washington International Thurgood Marshall Airport from 9.8% in 2006 to 15.4% in 2008. These high vacancy rates make this an ideal time to renegotiate leases or to seek out new ones. The committees encourage MAA to take the opportunity afforded by the upcoming expiration of its leases to consolidate staff where possible and to take advantage of high vacancy rates in the market to maximize lease savings.

J00J
Maryland Transportation Authority

Committee Narrative

J00J00.41 Operating Program

Funding of Certain Employee Salary Increases and Benefits: The Governor's budget as introduced does not fund cost-of-living or merit increases for employees' salaries. It also does not include money for the State's Other Post Employments Benefits (OPEB) unfunded liability. Funding is included for a State match of employee deferred compensation contributions; however, this funding is deleted contingent on enactment of budget reconciliation legislation. The Maryland Transportation Authority (MDTA) developed its preliminary budget in December 2008 before these policy decisions were made. As such, the MDTA budget includes $3.0 million for OPEB, $2.3 million for salary increases, and $394,092 for the State match of employee deferred compensation contributions. It is the intent of the committees that if these items are not funded in the State's budget, then MDTA should also not fund these items.

J00J00.42 Capital Program

Legislative Notice of Proposed Public-private Partnership: The Maryland Transportation Authority (MDTA) is preparing a solicitation for the redevelopment of the Maryland House and Chesapeake House travel plazas on I-95 through a public-private partnership (P3). Section 4-205 of the Transportation Article requires MDTA to provide legislative notice 45 days before issuing a public notice of procurement related to a P3 and 45 days prior to entering into a P3. However, the current statutory definition of a P3 does not apply to the reconstruction, operation and maintenance of the travel plazas. It is the intent of the committees that MDTA shall provide legislative notice as if the statute applied to the travel plazas. As such, 45 days prior to issuing a public notice of solicitation, MDTA shall provide a summary of the proposed solicitation document. In addition, 45 days prior to entering into a P3, MDTA shall provide a description of the proposed lease agreement and financing plan, which includes:

- the length of the proposed lease;
- the scope of any rate-setting authority granted to the private entity;
- the scope of payments to MDTA from the proposed P3;
- a cost-benefit analysis of the proposed P3;
- requirements pertaining to the ongoing operation and maintenance of the facility and contract oversight; and
- remedies in case of default by the private entity.

Furthermore, it is also the intent of the committees that MDTA should make an effort to maximize the participation of minority business enterprises.

Information Request	Author	Due Date
Summary of the proposed solicitation document	MDTA	45 days prior to issuing a public notice of solicitation
Description of the proposed lease agreement and financing plan	MDTA	45 days prior to entering into a P3

Report on I-95 Cost Increases: The fiscal 2009-2014 Consolidated Transportation Program (CTP) includes a deferred completion of the I-95 Express Toll Lanes by up to four years and a cost increase of $312.9 million over the fiscal 2008-2013 CTP. This project has witnessed significant cost increases over the past three years, increasing from $810.9 million in the fiscal 2006-2011 CTP to $1.49 billion in the fiscal 2009-2014 CTP. The committees are concerned about this increase in cost and request that the Maryland Transportation Authority (MDTA) provide a report to the committees by November 1, 2009 explaining:

- why such large cost increases have taken place;
- what actions it is taking to mitigate these increases; and
- whether future increases are expected.

The report should also provide information about improvements along the entire portion of I-95 from north of Baltimore to the Delaware line. This information should include a range of cost estimates for this entire portion of I-95 as well as a timeline for completion.

It is the intent of the committees that MDTA continue to consult with the State Highway Administration regarding the best practices in estimating costs and constructing large highway projects.

Information Request	Author	Due Date
Report on the reason for cost increases on the I-95 project	MDTA	November 1, 2009

Firing Range Misses Mark: The Public Safety Education and Training Center (PSETC) was created to serve as a central facility for the training of all law enforcement, correctional, and parole and probation employees. It includes classrooms, pistol ranges, a driver training course, a laboratory, overnight facilities, and simulated environments. The facility also includes a rifle

firing rage; however, design flaws render it unusable. The fiscal 2009-2014 Consolidated Transportation Program includes $3 million for construction of a pistol and rifle firing range. However, the need for that facility extends beyond the Maryland Transportation Authority (MDTA) Police to all law enforcement agencies. It is the intent of the committees that MDTA should construct its firing range facility at PSETC and make it available to all law enforcement agencies. In recognition of the intent that all law enforcement use the facility, the State intends to fund half of the project with general obligation bonds.

Amendment No. 72

Committee Narrative

K00A03.01 Wildlife and Heritage Service

Mitigating Financial Impact from Black Bear Damage: Revenues credited from the sale of conservation black bear stamps to Maryland's existing Black Bear Damage Reimbursement Fund (Natural Resources Article §10-423) are insufficient to fairly compensate landowners for agricultural damage caused by black bears. Legislation was considered by the 2009 General Assembly to augment these revenues by earmarking permit application fees derived from the annual black bear hunting lottery conducted by the Department of Natural Resources (DNR) (Senate Bill 293/House Bill 327). However, it was found that the proposed statutory diversion of hunting license fee monies for such purposes violated certain federal and State laws. Therefore, it is the intent of the committees that DNR, in cooperation with the Maryland Legislative Sportsmen's Foundation, develop alternative funding proposals – deemed legally sufficient – for reimbursing landowners who incur agricultural damage caused by black bears. The proposals are to be submitted to the committees no later than November 1, 2009.

Information Request	Authors	Due Date

STATE FOREST AND PARK SERVICE

K00A04.01 Statewide Operation

Fishermen Access to Point Lookout State Park: It is the intent of the committees that the entrance fee at Point Lookout State Park be waived for local fishermen that are only using the fishing pier at Point Lookout State Park.

Budget Amendments

CAPITAL GRANTS AND LOAN ADMINISTRATION

K00A05.10 Outdoor Recreation Land Loan

Add the following language:

Notwithstanding the appropriations above, the Special Fund Appropriation for the Outdoor Recreation Land Loan shall be reduced by $33,955,854 contingent on the enactment of HB 101 or SB 166 crediting $33,955,854 of the transfer tax revenues to the General Fund and further contingent on the 2009 Maryland Consolidated Capital Bond Loan providing general obligation bond authorizations in an amount sufficient to fully replace the diverted transfer tax revenues. The reduction shall be distributed in the following manner:

Program Open Space – State Acquisition	9,835,419
Rural Legacy	11,812,252
Program Open Space – Local Share	6,149,076
Program Open Space – Capital Improvements	6,159,107
Total	33,955,854

Explanation: This action reduces the special fund appropriation by $33,955,854 for four programs funded by the transfer tax contingent on (1) the enactment of legislation that credits $33,955,854 of the transfer tax revenues to the general fund and (2) the 2009 Maryland Consolidated Capital Bond Loan providing general bond authorizations to replace the diverted transfer tax revenues.

Amendment No. 73

Committee Narrative

Five-year Plan for Capital Development Projects: The budget committees are concerned that capital development projects may not be receiving the funding necessary due to fluctuations in the transfer tax and the prioritization of large projects that require multiple years of funding. Therefore, the Department of Natural Resources should submit a report on a five-year plan for funding capital development projects.

Budget Amendments

K00A11.01 Boating Services

Strike the following language:

~~, provided that this appropriation shall be reduced by $1,794,000 contingent upon the enactment of legislation to reduce the General Fund contribution to the Waterway Improvement Fund.~~

Explanation: Technical amendment to reflect budget action.

Amendment No. 74

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete the Boating Services general fund appropriation. This action would reduce the general fund appropriation by $1,794,000. The inclusion of $1,794,000 was mandated by Chapter 6 of the 2007 special session. This action is consistent with the Governor's Budget Reconciliation and Financing Act of 2009.	1,794,000	GF	
Total Reductions	1,794,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	48.00	48.00		0.00
General Fund	1,794,000	0	1,794,000	
Special Fund	6,410,105	6,410,105	0	
Federal Fund	488,888	488,888	0	
Total Funds	**8,692,993**	**6,898,993**	**1,794,000**	

Amendment No. 75

CHESAPEAKE AND COASTAL WATERSHED SERVICE

K00A14.02 Program Development and Operation

Amend the following language:

~~, provided that this appropriation shall be reduced by $6,487,556 contingent upon the enactment of legislation to allocate Chesapeake Bay 2010 Trust Fund revenue to the General Fund~~, provided that no more than $1,900,000 of this appropriation funded with Chesapeake and Atlantic Coastal Bays 2010 Trust Fund revenue shall be spent on the Cover Crop Program.

Further provided that no portion of this appropriation made for the purpose of nonpoint source nutrient and sediment reduction funded with Chesapeake and Atlantic Coastal Bays 2010 Trust Fund revenue shall be spent until the Department of Natural Resources has submitted a report to the budget committees providing the name, location, description, and nutrient and sediment reduction targets for all projects to be funded in fiscal 2010. The budget committees shall have 45 days to review and comment from the date of receipt of the report.

Explanation: The Cover Crop Program receives $17.8 million in the fiscal 2010 allowance including $11.9 million from the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund. This funding level has not been supported by previous years' actual spending. Therefore, the Cover Crop Program shall receive no more than $1.9 million from the Chesapeake Bay 2010 Trust Fund, which, in conjunction with other actions, funds the Cover Crop Program at $12.3 million for fiscal 2010.

Chapters 120 and 121 of 2008 require that the BayStat Subcabinet submit annual work and expenditure plans as part of the annual budget submission. The submitted annual work plan contains neither nutrient and sediment reduction targets nor information about specific projects. Therefore, the budget committees require that a report be submitted on the name, location, description, and nutrient and sediment reduction targets for all projects to be funded with

Chesapeake and Atlantic Coastal Bays 2010 Trust Fund monies in fiscal 2010. The budget committees have 45 days to review and comment upon the report from the date of receipt of the report.

Information Request	Author	Due Date
Report on the projects funded with Chesapeake Bay 2010 Trust Fund revenue	Department of Natural Resources	45 days prior to the expenditure of the fiscal 2010 allocation from the Chesapeake Bay 2010 Trust Fund

Amendment No. 76

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce the Watershed Services appropriation from the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund allocation. It is recommended that this action be taken as part of the following: (1) reduce the Chesapeake Bay 2010 Trust Fund appropriation by $21.5 million; (2) reduce the cover crop reimbursable fund allocation from the Chesapeake Bay 2010 Trust Fund by $10.0 million; and (3) restrict $5.0 million of Bay Restoration Fund – Septic Account funding allocated to septic system projects instead to be used by the Cover Crop Program as part of the Budget Reconciliation and Financing Act of 2009. These actions (1) reduce the Chesapeake Bay 2010 Trust Fund allocation by $15.0 million more than the Governor's proposal leaving $12.3 million for cover crops in the Maryland Department of Agriculture budget; (2) provide $8.1 million for the non-cover crop allocations from the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund in the Department of Natural Resources' budget; and (3) in conjunction with budget reconciliation legislation provide additional general funds to address the State's revenue shortfall.	21,486,556	SF

Amendment No. 77

L
Department of Agriculture

Budget Amendments

OFFICE OF THE SECRETARY

L00A11.11 Capital Appropriation

Add the following language to the special fund appropriation:

, provided that this appropriation shall be reduced by $12,999,780 contingent on the enactment of HB 101 or SB 166 crediting $12,999,780 of the transfer tax revenues to the General Fund and further contingent on the 2009 Maryland Consolidated Capital Bond Loan providing general obligation bond authorization in an amount sufficient to fully replace the diverted transfer tax revenues.

Explanation: This action reduces the special fund appropriation attributable to the transfer tax by $12,999,780 contingent on (1) the crediting of $12,999,780 in transfer tax revenues to the general fund and (2) the 2009 Maryland Consolidated Capital Bond Loan providing general obligation bond authorization to replace the diverted transfer tax revenues.

Amendment No. 78

Maryland Agricultural and Resource-Based Industry Development Corporation

L00A12.20 Maryland Agricultural and Resource-Based Industry Development Corporation

Strike the following language:

~~, provided that this appropriation shall be reduced by $1,250,000 contingent upon the enactment of legislation reducing the mandated amount of funds for the Maryland Agricultural and Resource-Based Industry Development Corporation.~~

Explanation: Technical amendment to reflect budget action.

Amendment No. 79

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce the grant to the Maryland Agricultural and Resource-Based Industry Development Corporation	1,250,000	GF	

(MARBIDCO), leaving $2.75 million for fiscal 2010. The fiscal 2010 allowance includes the statutorily mandated $4.0 million appropriation. However, the Budget Financing and Reconciliation Act (BRFA) of 2009 reduces the grant to MARBIDCO by $1.25 million, which is equal to the fiscal 2009 working appropriation of $2.75 million. Therefore, the reduction level funds MARBIDCO at the fiscal 2009 appropriation and is consistent with the Governor's BRFA.

Total Reductions	1,250,000	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	4,000,000	2,750,000	1,250,000	
Total Funds	**4,000,000**	**2,750,000**	**1,250,000**	

Amendment No. 80

OFFICE OF RESOURCE CONSERVATION

L00A15.03 Resource Conservation Operations

Strike the following language:

~~, provided that this appropriation shall be reduced by $400,000 and 5 new positions contingent upon the enactment of legislation reducing the mandated amount of funds for the Resource Conservation Operations.~~

Explanation: Technical amendment.

Amendment No. 81

L00A15.04 Resource Conservation Grants

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce Bay Restoration Fund – Septic Account appropriation for cover crops to reflect an updated revenue estimate. The fiscal 2010 allowance includes $5,834,409 for cover crops from the Bay Restoration Fund – Septic Account; however, the current fiscal 2010 revenue estimate is only $5,320,000. Therefore, a $514,409 reduction is warranted.	514,409	SF	
Total Reductions	514,409		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
Position	9.00	9.00		0.00
General Fund	876,996	876,996	0	
Special Fund	6,305,458	5,791,049	514,409	
Total Funds	**7,182,454**	**6,668,045**	**514,409**	

Amendment No. 82

Add the following language:

Authorization to expend reimbursable funds received from the Department of Natural Resources for the Cover Crop Program is reduced by $10,000,000.

Explanation: The fiscal 2010 allowance includes $17.8 million for cover crops: $5.8 million in Bay Restoration Fund – Septic Account special fund revenue and $11.9 million in reimbursable funds from the Department of Natural Resources for an allocation from the Chesapeake Bay 2010 Trust Fund. This action reduces the $11.9 million allocation from the Chesapeake Bay 2010 Trust Fund by $10.0 million for a reimbursable fund appropriation of $1.9 million. In conjunction with the $5.8 million from the Bay Restoration Fund – Septic Account and the recommendation to transfer $5.0 million from the Bay Restoration Fund – Septic Account fund balance as part of the Budget Reconciliation and Financing Act of 2009 and other Department of Legislative Services recommended actions, this action would provide for a total cover crop appropriation of $12.3 million. The $12.3 million appropriation would allow for an increase of approximately $1.1 million from the cover crop spending proposed for fiscal 2009.

L

	Allowance	Legislative Appropriation	Change
Chesapeake Bay 2010 Trust Fund	$11.9 million	$1.9 million	-$10.0 million

Amendment No. 85

M00F03

M00F03.06 Prevention and Disease Control

Add the following language to the general fund appropriation:

Further provided that $665,000 of this appropriation made for the Office of Minority Health and Health Disparities to reduce infant mortality may not be expended for that purpose but instead may only be used to fund ongoing grants in the Babies Born Healthy Initiative. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund. Also, the Office of Minority Health and Health Disparities shall work in collaboration with the Babies Born Healthy Initiative to reduce the rate of infant mortality in the State and make the best use of the State's funding. The Department of Health and Mental Hygiene shall report to the budget committees by November 1, 2009, to provide a status report on both infant mortality programs, the allocation of grant funding, and the collaborative efforts of the Office of Minority Health and Health Disparities and the Babies Born Healthy Initiative.

Explanation: The fiscal 2010 allowance allocates $665,000 to the Office of Minority Health and Health Disparities that the Babies Born Healthy Initiative depends on to fund the second year of grant funding to entities receiving a three-year grant award in fiscal 2009. This language restricts the funding allocated to the Office of Minority Health and Health Disparities to be used to fund the grants awarded by the Babies Born Healthy Initiative. The Department of Health and Mental Hygiene (DHMH) administers two infant mortality programs, and the budget committees would like to ensure these programs are working together to make the best use of the funding available. The language requires a report to be submitted November 1, 2009, to provide a status report to the budget committees about the two infant mortality programs, how the funds have been allocated, and how the programs are working together.

Information Request	Author	Due Date
Status on funding and collaborative efforts of both infant mortality programs	DHMH	November 1, 2009

Amendment No. 86

Committee Narrative

Office of Oral Health Include Budget Detail: The budget committees note that the Office of Oral Health has numerous reporting requirements. Without adding an additional reporting requirement for the Office of Oral Health, the budget committees request the Office of Oral Health include budget detail in the annual report required by the Oral Health Safety Net Act. Also, the Office of Oral Health should ensure the report is submitted to the budget committees.

Department of Health and Mental Hygiene
Alcohol and Drug Abuse Administration

Budget Amendments

ALCOHOL AND DRUG ABUSE ADMINISTRATION

M00K02.01 Alcohol and Drug Abuse Administration

Add the following language to the general fund appropriation:

, provided that $3,343,418 of this appropriation made for the purpose of providing treatment grants to local jurisdictions, may not be expended for that purpose but instead may be transferred by budget amendment to the Medical Care Programs Administration, program M00Q01.03 Medical Care Provider Reimbursements, to be used only for adding Medicaid substance abuse service coverage to the Primary Adult Care program and enhancing Medicaid reimbursement rates for substance abuse services effective January 1, 2010. In reducing local treatment grant awards, the Department of Health and Mental Hygiene shall allocate the reduction based on local enrollment in the Medicaid and Primary Adult Care program. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund.

Explanation: The language authorizes the transfer of funds from the Alcohol and Drug Abuse Administration to the Medical Care Programs Administration to expand coverage of substance abuse treatment services to the Primary Adult Care program and enhance rates for Medicaid substance abuse services effective January 1, 2010. This action maximizes federal fund attainment and increases the total amount of funding in the substance abuse system.

Amendment No. 88

M00L
Department of Health and Mental Hygiene
Mental Hygiene Administration

Budget Amendments

Add the following language:

It is the intent of the General Assembly that community mental health and substance abuse services currently provided at the Walter P. Carter Community Mental Health Center in Baltimore City be preserved either at that facility or at another site in Baltimore City after the proposed closure of State-operated psychiatric bed capacity at the Carter Center on October 1, 2009.

Further provided that $10,000,000 in general funds appropriated for the purpose of providing inpatient care at the State-run psychiatric facilities may not be expended until the Department of Health and Mental Hygiene submits a report to the budget committees concerning the proposed closure of State-operated psychiatric bed capacity at the Carter Center on October 1, 2009. Specifically, the report shall detail:

(1) the placement of State employees at the Carter Center on September 30, 2009, into other State regular positions including what retraining and other placement assistance has been offered, what transportation assistance has been offered to those employees offered jobs at Perkins hospital, and what hiring freeze exemptions have been granted for positions for which these employees are eligible;

(2) the status of the proposed move of the University of Maryland outpatient mental health clinic and the Program of Assertive Community Treatment from the Carter Center to 701 Pratt Street including whether mental health services have been expanded and the renaming of the facility;

(3) the status of the proposed relocation of the outpatient methadone program and outpatient alcohol and drug treatment clinic currently located at the Carter Center and funded by the Baltimore Substance Abuse System;

(4) the status of the 20 crisis beds currently funded at the Carter Center by Baltimore Mental Health Systems;

(5) agreements with other community hospitals and private psychiatric hospitals to serve civil admissions in Baltimore City;

(6) how forensic admissions from Baltimore City that are currently served by the Carter Center will be served; and

(7) plans for the Carter Center after fiscal 2010.

The department shall submit the report by December 15, 2009, and the budget committees shall have 45 days to review and comment. Funds restricted pending the receipt of a report may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund if the report is not submitted to the budget committees.

Further provided, it is the intent of the General Assembly that any additional revenue generated from the movement of the University of Maryland outpatient mental health clinic and the Program of Assertive Community Treatment from the Carter Center to 701 Pratt Street shall be used to expand community mental health services. The University of Maryland School of Medicine is requested to report to the budget committees by January 15, 2010, on any additional revenues generated and/or forecasted from this move and the expansion and/or anticipated expansion of community mental health services.

Explanation: The language adds legislative intent and withholds funds pending receipt of report from the Department of Health and Mental Hygiene on the proposed changes at the Walter P. Carter Community Mental Health Center in Baltimore City. The language also adds intent and a reporting requirement concerning the movement of two community mental health programs operated by the University of Maryland School of Medicine.

Amendment No. 90

Committee Narrative

Staffing Study Update: In 2007, the Mental Hygiene Administration (MHA) completed a staffing study that pointed to serious staffing shortages throughout the State-run Psychiatric Facilities. That study prompted a reduction of operating bed capacity. Since that time, cost containment actions have further impacted capacity and personnel allocations, and the fiscal 2010 budget proposes yet more changes. The budget committees request MHA to update its staffing study following the implementation of these latest changes.

Information Request	Author	Due Date
Staffing study update	MHA	November 1, 2009

Cost of Somatic Care: Under current law, the cost of care (psychiatric and somatic) for patients at State-run psychiatric facilities is entirely borne by the State. The committees are concerned about the rising costs of somatic care in the State-run psychiatric facility budgets and at the anecdotal reports of potential cost-shifting of medical costs for patients transferred from local correctional facilities. The committees request the Mental Hygiene Administration to submit a report by December 1, 2009 detailing State-run psychiatric facility admission protocols from local correctional facilities, an estimate of somatic spending on patients transferred from local correctional facilities versus other patients, the total cost of somatic care to forensic patients, and a jurisdictional breakdown of per patient (forensic and non-forensic) somatic costs that exceed $25,000 during the commitment of a patient. The fiscal estimates shall be based on fiscal 2009 data.

Information Request	Author	Due Date
Cost of somatic care at State-run psychiatric facilities	Mental Hygiene Administration	December 1, 2009

Budget Amendments

M00L01.02 Community Services

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce fiscal 2010 grant funding because of the availability of fiscal 2009 funding for Veterans Behavioral Health Services. Based on current projections, only $256,000 of $1,452,281 available for services will be utilized in fiscal 2009. The Mental Hygiene Administration may encumber these funds to back-fill for the proposed fiscal 2010 reduction.	600,000	GF	
2. Reduce fiscal 2010 funding for Veterans Behavioral Health Services based on estimated demand. The allowance contains just under $2.3 million for services. The reduction still allows for a four-fold increase in fiscal 2010 over expenditures anticipated in fiscal 2009.	1,300,000	GF

Amendment No. 91

M00L01.03 Community Services for Medicaid Recipients

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce general fund support for Targeted Case Management in anticipation of the resumption of claiming federal matching funds for these services effective January 1, 2010. Beginning in fiscal 2008	1,750,000	GF	

and fully implemented in fiscal 2009, the Mental Hygiene Administration (MHA) stopped seeking federal fund participation for targeted case management services (a variety of services that seek to coordinate the delivery of Medicaid and non-Medicaid services). This change was prompted by a decision by the federal Centers for Medicare and Medicaid Services to change the reimbursement for case management from a monthly rate to a rate based on 15-minute service times. Case management services continued via contract through State funds only. MHA is currently seeking to restore federal fund participation for case management services.

Total Reductions	1,750,000	0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	286,751,867	285,001,867	1,750,000

Amendment No. 92

M00M
Department of Health and Mental Hygiene
Developmental Disabilities Administration

Budget Amendments

DEVELOPMENTAL DISABILITIES ADMINISTRATION

M00M01.02 Community Services

Add the following language to the special fund appropriation:

, provided that $1,500,000 of this appropriation made for the purpose of community placements shall not be expended until the Department of Health and Mental Hygiene submits a report on the actual number and type of services requested in the highest level of need category on the Waiting List, as well as the plan to keep the Waiting List regularly updated. The report shall be submitted by July 1, 2009, and the budget committees shall have 45 days from receipt of the report to review and comment.

Explanation: The Waiting List Equity Fund (WLEF) is designated to serve individuals with the highest level of need on the Waiting List in community placements. The Department of Health and Mental Hygiene (DHMH) reports that its record of individuals in the Crisis Resolution category may be incomplete or inaccurate. This language restricts the use of WLEF special funds until DHMH has full and clear knowledge of the individuals in the highest level of need on the Waiting List, as well as a plan to keep the list regularly updated. DHMH shall submit a report on the findings to the budget committees.

Information Request	Author	Due Date
Waiting List Report	DHMH	July 1, 2009

Amendment No. 93

Committee Narrative

Annual Cost to Serve Court-committed Individuals in the Community: The Developmental Disabilities Administration (DDA) is ordered to serve individuals that are involved with the court system. In most cases, these individuals can be served on a long-term basis in community settings. Currently, DDA does not budget separately for costs associated with serving court-ordered individuals in the community. The agency is asked to submit a census and cost report for serving the forensic population in the community. The report should be submitted annually.

M00M

Information Request	Author	Due Date
Annual report on cost to serve court-ordered individuals in the community.	DDA	December 1, 2009, and annually thereafter

M00Q
Department of Health and Mental Hygiene
Medical Care Programs Administration

Budget Amendments

MEDICAL CARE PROGRAMS ADMINSITRATION

M00Q01.02 Office of Systems, Operations and Pharmacy

Add the following language to the general fund appropriation:

, provided that $160,290 of this appropriation made for the purpose of the Medicaid Information Technology Architecture initiative may only be transferred by budget amendment to the Major Information Technology Development Project Fund (program F50A01.01) and may only be expended as provided under State Finance and Procurement Article Sections 3A-308 and 3A-309. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund.

Explanation: The Medical Care Programs Administration is in the preliminary stages of updating the Medicaid Management Information System through the Medicaid Information Technology Architecture initiative. In fiscal 2009, the administration plans to release the request for proposals for the design and implementation of this project. This budget language transfers the general funds for this project to the Department of Information Technology pursuant to the State finance and procurement article.

Amendment No. 94

M00Q01.03 Medical Care Provider Reimbursements

Add the following language:

Provided that all appropriations for program M00Q01.03 are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds not expended for these purposes shall revert to the General Fund.

Explanation: The language restricts funds for Medicaid provider reimbursements to that purpose.

Amendment No. 95

M00Q

Add the following language to the general fund appropriation:

Further provided that the appropriation for the Primary Adult Care Program shall be reduced by $9,100,000 contingent on enactment of legislation that authorizes the use of Special Funds ~~provided by a nonprofit health service plan~~ from the Community Health Resources Commission Fund for this purpose.

Explanation: This language amends budget language reducing general fund support for the Primary Adult Care (PAC) program contingent on the enactment of a Budget Reconciliation and Financing Act of 2009 provision authorizing the use of funds provided by a nonprofit health service plan to be used to fund PAC. As amended, the reduction is contingent on the enactment of legislation authorizing funding PAC as an allowable use of the special funds in the Community Health Resources Commission Fund for fiscal 2010.

Amendment No. 96

Add the following language to the general fund appropriation:

Further provided that $100,000 of this appropriation made for the purpose of provider reimbursements may not be expended until the Department of Health and Mental Hygiene and the Department of Human Resources submit a report to the budget committees on the determined scope of work for updating the Medicaid Management Information System and the medical care programs' eligibility systems. In addition, the report shall include the rationale for updating the eligibility systems to the determined level. The report shall be submitted by December 1, 2009, and the budget committees shall have 45 days to review and comment.

Explanation: The language restricts $100,000 of the general fund appropriation in the Medical Care Programs Administration until a report is submitted by the Department of Health and Mental Hygiene (DHMH) and the Department of Human Resources (DHR) regarding the determined scope of work for updating Medicaid Management Information System (MMIS) and all the eligibility systems.

The committees are concerned about the enrollment and eligibility systems used by DHMH and DHR for the medical care programs because the systems are out-of-date and inadequate for properly enrolling potential recipients into the medical care programs. In addition, the systems result in application backlogs, improper enrollments, and improper spending.

The Medical Care Programs Administration is in the preliminary stages of updating MMIS, and DHMH is also planning to update some portion of the eligibility systems. Design and implementation for MMIS receives a 90% federal match and the same work on the eligibility system receives a 50% federal match. Since both systems require many of the same changes on the same infrastructure, the State would benefit from updating both the eligibility systems and MMIS at the same time to leverage the 90% match for some portions of the changes for the

eligibility system that are the same as the changes for MMIS. The department is in the process of completing the advanced planning document for the project, and when that is complete the department will begin developing a request for proposals to put out in the fall of 2009.

Information Request	**Authors**	**Due Date**
Report on updating the eligibility systems	DHMH DHR	December 1, 2009

Amendment No. 97

Add the following language to the general fund appropriation:

Further provided that $425,000 of this appropriation made for the purpose of funding the managed care organizations' quality incentive pool, may not be expended for that purpose but instead may only be used for the purpose of providing a grant, not to exceed $425,000, to the Maryland Medbank Program under Section 15–124.2 of the Health – General Article. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund.

Explanation: The language restricts $425,000 of the general fund appropriation in the Medical Care Programs Administration to provide a grant to the Maryland Medbank Program. This is a program administered by Medbank of Maryland, Inc., which is a nonprofit corporation that works to assist low-income, chronically-ill Marylanders access prescription drugs at no cost from pharmaceutical manufacturers' patient assistance program. The Medbank Program was established by Chapter 134 of 2001 and has received grants from the State through various sources: the Maryland Health Care Foundation, the HealthChoice Performance Incentive Fund, the Senior Prescription Drug Program fund balance, and general funds.

Amendment No. 98

Add the following language to the general fund appropriation:

Further provided that this appropriation shall be reduced by $53,500,000 contingent on enactment of HB 101 or SB 166 containing a provision authorizing the use of Special Funds from the Health Care Coverage Fund for this purpose in fiscal 2010.

Explanation: This language reduces the general fund appropriation for Medicaid by $53.5 million contingent on enactment of legislation authorizing the Health Care Coverage Funds to be used to fund general Medicaid.

Amendment No. 99

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funding for the managed care organizations' quality incentive pool. The fiscal 2010 allowance includes $2.5 million for the quality incentive pool, but, in recent years, roughly half of that amount has been needed. The funding from the quality incentive pool provides additional incentive payments through the value-based purchasing mechanism. Value-based purchasing is a pay-for-performance scheme that includes monetary incentives and disincentives where the disincentive payments pay the incentive payments.	625,000 625,000	GF FF	
2. Reduce the general fund appropriation for funding non-emergency medical services for legal immigrants by $3 million. Currently the State provides these services through a State-only program. However, recently the federal government has passed legislation allowing States to receive a federal match for these services, and the department plans to implement this new federal option for the current program.	3,000,000	GF	
Total Reductions	4,250,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction

Total Funds	**5,333,209,478**	**5,328,959,478**	**4,250,000**	

Amendment No. 100

M00Q

Add the following language to the special fund appropriation:

, provided that $800,000 of this appropriation derived from swf305 Cigarette Restitution Funds made for the purpose of funding provider reimbursements, may not be expended for that purpose but instead may be transferred by budget amendment to the Family Health Administration (M00F03.06) to be used to fund the minority outreach and technical assistance program within the Tobacco Use Prevention and Cessation Program. Funds not expended for these restricted purposes may not be transferred by budget amendment or otherwise to any other purpose, and shall be cancelled.

Explanation: This language restricts $0.8 million in Cigarette Restitution Funds allocated for the Medicaid provider reimbursements to be used to fund the minority outreach and technical assistance program within the Tobacco Use Prevention and Cessation Program.

Amendment No. 101

Committee Narrative

Long-term Care Reform: Long-term care services account for about a quarter the Medical Care Programs Administration budget, and the budget committees are interested in staying informed on the work the Department of Health and Mental Hygiene (DHMH) is doing in the area of long-term care reform. The budget committees request the department submit a report outlining reform options the department is considering, including managed long-term care. Also, the department should include information about the department's research funded by the Robert Wood Johnson Foundation to examine the implications for state Medicaid programs in developing coordinated care programs involving long-term care.

Information Request	Author	Due Date
Report on long-term care reform	DHMH	January 1, 2010

Maintaining Eligibility Standards: The federal American Recovery and Reinvestment Act of 2009 provides states with a temporary increase in the federal matching rate on Medicaid expenditures. This increased federal funding is only available if states maintain the Medicaid eligibility standards in place on July 1, 2008. It is the intent of the committees that the Medical Care Programs Administration maintains eligibility at the July 1, 2008 level for as long as the increased federal matching rate is available.

Long-Term Care Quality of Care: The committees request that the Department of Health and Mental Hygiene (DHMH) submit a report detailing how Medicaid provides or plans to provide incentive payments to long-term care facilities and community providers to reward quality care.

The department is in the process of working with the Health Services Cost Review Commission to implement a policy of not reimbursing hospitals for "never events" or hospital-acquired conditions. The committees request that DHMH include in the report information about the extent to which "never events" occur in long-term care facilities and with long-term care community providers including information about the cost of these "never events" to the State. The report should also recognize the difference in the payment structure between hospitals and long-term care facilities and the role that the Office of Health Care Quality plays in reviewing quality issues in such facilities. In addition, the report should include information regarding the feasibility of implementing a process of not reimbursing long-term care facilities and community providers for "never events".

Information Request	Author	Due Date
Report on long-term care incentive payments and "never events"	DHMH	December 1, 2009

Budget Amendments

M00Q01.10 Health Care Coverage Fund

Add the following language:

Provided that all appropriations for program M00Q01.10 are to be used only for the purposes herein appropriated and for specialty mental health services, and there shall be no budgetary transfer to any other program or purpose other than M00Q01.03 and the Mental Hygiene Administration. Funds not expended for these purposes shall revert to the General Fund or be cancelled.

Explanation: The language restricts funding allocated for the Medicaid expansion to parents to that purpose.

Amendment No. 102

Committee Narrative

Medicaid Expansion to Parents: Fiscal 2009 is the first year of the Medicaid expansion to parents up to 116% of the federal poverty level, and the budget committees are interested in receiving information regarding the outcomes from the first year of implementation. The budget committees request the Department of Health and Mental Hygiene (DHMH) submit a report providing information about enrollment numbers and demographic information; how the actual costs compared with the estimates; and the reconciliation with hospitals regarding the averted uncompensated care savings.

Information Request	Author	Due Date
Report on the Medicaid expansion to parents	DHMH	November 1, 2009

Expanding to Childless Adults: The Working Families and Small Business Health Coverage Act of 2007 proposed to incrementally expand the benefits to childless adults through the Primary Adult Care (PAC) program from fiscal 2010 to 2013 at which point the childless adults were to be eligible for full Medicaid benefits. The expansion of benefits to childless adults was subject to the limitations of the State budget. Since general fund attainment has been lower than anticipated, the Governor's proposed budget for fiscal 2010 does not include funding to expand benefits under PAC to include specialty medical care and hospital emergency department services as proposed. It is the intent of the budget committees that the proposed expansion of Medicaid benefits to childless adults should continue when the State's general fund revenues attain the levels mentioned in the uncodified sections of the Working Families and Small Business Health Coverage Act of 2007.

Barriers to Enrollment at the Community Level: The committees are concerned about current enrollment barriers to the Medicaid program and the Maryland Children's Health Program. The Department of Health and Mental Hygiene (DHMH) should consult with stakeholders and report to the committees regarding options for reducing enrollment barriers at the community level, including the use of outstation eligibility workers.

In addition, federal law requires State Medicaid plans to provide for receipt of Medicaid applications for pregnant women and children at locations other than local departments of social services, including disproportionate share hospitals and federally qualified health centers. States are required to provide staff at these outstation locations to conduct eligibility determinations, at the state's expense. The report to the committees should include information about the department's compliance with the federal outstation worker requirements.

Amendment No. 103

MEMSOF
Maryland Emergency Medical System Operations Fund

Committee Narrative

Department of State Police Aviation Command Safety Improvements: The committees support safety upgrades for the Maryland State Police Aviation Command (MSPAC) and request that the Administration provide funding for safety enhancements and Part 135 (Commercial Air Taxi) certification. The committees request that MSPAC immediately seek Part 135 certification. MSPAC should also obtain flight safety equipment such as night vision goggles, which will require minor retrofits to existing helicopters; emergency locator transmitters; terrain awareness warning systems; and a flight simulator. MSPAC reports that $684,000 in cost savings will be realized from the purchase of a flight simulator. As such, to the extent possible, MSPAC should utilize operational savings resulting from the procurement of a flight simulator to purchase necessary safety equipment enhancements. Additionally, to the extent that funding is available, MSPAC should seek, and the Administration should provide, funding beginning in fiscal 2011 for MSPAC to achieve the Commission on Accreditation of Medical Transport accreditation and to begin phasing in co-pilots to coincide with the delivery of new helicopters.

Submission of an Update Report on the February 2009 Base Assessment Study: The Maryland Institute for Emergency Medical Services Systems (MIEMSS), in consultation with the Department of State Police (DSP), shall submit formal recommendations to the budget committees regarding the number of bases and helicopters necessary to provide statewide emergency medical services coverage. In developing the recommendations, MIEMSS and DSP should consider flight data collected over a two-year period following the September 2008 accident; the implementation of new triage protocols; DSP's assumption of the Department of Natural Resources' missions; and the impact of any changes to the existing trauma hospital network. MIEMSS and DSP should seek an alternative base assessment study that accounts for the true measure of the "golden hour," which is the hour between injury and delivery of a patient to a trauma center. The report shall be submitted by December 1, 2010, to the budget committees, any policy committee that is likely to have oversight over this issue, and if established by law, the Legislative Joint Oversight Committee on Emergency Medical Services

Information Request	Authors	Due Date
Update on the 2009 Base Assessment Study	MIEMSS DSP	December 1, 2010

Response to Independent Findings Regarding Triage Protocols, Helicopter Utilization, and Helicopter Safety: The National Transportation Safety Board (NTSB) has made recommendations to improve the safety of helicopter medical transport including:

- compliance with Federal Aviation Administration (FAA) Part 135 regulations;
- terrain awareness warning systems;

- formal flight risk evaluation programs; and

- formal dispatch and flight following procedures.

In November 2008, a panel of national experts convened to review and make recommendations regarding Maryland's emergency transport protocol following the September 2008 helicopter crash. The panel declared a Helicopter Emergency Medical Services system an essential component of a contemporary emergency medical services system as it improves outcomes in a high risk population of trauma patients. The panel made several recommendations that:

- the Maryland State Police Aviation Command comply with FAA Part 135 regulations and seek certification by the Commission for the Accreditation of Medical Transport Systems; and

- that the Maryland Institute for Emergency Medical Services Systems (MIEMSS) perform a rigorous and regular utilization review of pre-hospital transport to ensure compliance with triage process.

By June 30, 2010, MIEMSS and the Maryland State Police shall jointly prepare and submit a report on the status of implementation of each of the findings and recommendations of the NTSB and the expert panel summarized above. The report shall also include an analysis of national helicopter emergency services system "best practices." The report should be submitted to the budget committees, any policy committee that is likely to have oversight over triage protocols and helicopter utilization, and if established by law, the Legislative Joint Oversight Committee on Emergency Medical Services.

Maryland Institute for Emergency Medical Services Systems Governance: The budget committees request that the Governor expedite the process of filling expired terms on the Emergency Medical Services (EMS) Board. Members appointed to the EMS Board should have the required experience to represent the specific career fields required under Section 13-505 of the Education Article, Annotated Code of Maryland. Each board member must be a highly qualified professional, capable of exercising independent and impartial judgment regarding the competencies of the executive director of the Maryland Institute for Emergency Medical Services Systems (MIEMSS). The EMS Board should exercise due diligence in the nomination and appointment of a qualified executive director of MIEMSS.

N00A
Department of Human Resources

Budget Amendments

Add the following language:

Provided that no funds in this budget may be expended for the purpose of implementing or operating a system of local departments of social services that would result in a consolidation or regionalization of the departments or of the administrative functions performed within a jurisdiction until the Department of Human Resources submits a report to the budget committees on:

(1) the impact on clients of local departments of social services;

(2) the fiscal impact;

(3) the impact on personnel; and

(4) the reason for the change in administration.

The budget committees shall have 45 days for review and comment from receipt of the report.

Explanation: This language prohibits the Department of Human Resources (DHR) from expending funds to regionalize local department of social services or the administrative functions of local department of social services unless a report is submitted on the impact on clients of local departments of social services; the fiscal impact; the impact on personnel; and the reason for the change in administration of the local departments of social services.

Total Funds	**12,366,771**	**11,917,771**	**449,000**	

Amendment No. 105

N00A01.04 Maryland Legal Services Program

Add the following language:

Provided that $17,621,318 of this appropriation made for the purpose of the Legal Services Program may only be expended for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund or be cancelled.

Explanation: This language restricts the appropriation for the Legal Services Program to that purpose. It also requires that all unexpended funds be reverted or cancelled at the end of the fiscal year. The funding for the Legal Services Program was inadequate in fiscal 2007 and 2008 to cover the costs of all invoices for services provided in that fiscal year. All funding available for the Legal Services Program should be used for this purpose to ensure all invoices for services can be paid.

Amendment No. 106

N00G00.01 Foster Care Maintenance Payments

Add the following language:

Provided that all appropriations provided for program N00G00.01 Foster Care Maintenance Payments are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.03 Child Welfare Services. Funds not expended or transferred shall revert to the General Fund or be cancelled.

Explanation: This language restricts funds appropriated for foster care payments to that use only or for transfer to N00G00.03 Child Welfare Services which is where child welfare caseworker positions are funded.

Amendment No. 108

N00G00.03 Child Welfare Services

Add the following language:

Provided that all appropriations provided for program N00G00.03 Child Welfare Services are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program N00G00.01 Foster Care Maintenance Payments. Funds not expended or transferred shall be reverted to the General Fund or cancelled.

Explanation: This language restricts funds appropriated for child welfare services to that use only or for transfer to N00G00.01 Foster Care Maintenance Payments.

Amendment No. 109

Committee Narrative

Child Welfare Caseload Data: In light of the position reduction initiatives undertaken in the fiscal 2009 and 2010 budgets as part of cost containment and the resulting uncertainties regarding the child welfare services position complement that will be available to the Department of Human Resources (DHR) in fiscal 2010, the budget committees elected not to add budget language to the Child Welfare Services budget setting filled caseworker and supervisor targets. However, the budget committees continue to believe that maintaining an adequate child welfare workforce is essential to improving outcomes for children entering the State's care. Therefore, in order to maintain oversight of this important issue the budget committees request that DHR, on December 1, 2009, and March 1, 2010, report to the committees on the actual number of cases and filled positions assigned, by jurisdiction, for the following caseload types using data current within 60 days:

1. Intake Screening;

2. Child Protective Investigation;

3. Continuing Child Protective Services;

4. Intensive Family Services;

5. Families NOW Levels II – III;

6. In-home Family Services;

7. Foster Care;

8. Kinship Care;

9. Adoption Services;

10. Interstate Compact for the Placement of Children;

11. Court-ordered Home Studies;

12. Resource Family Development and Support – New Applicants;

13. Resource Family Development and Support – Ongoing and License Renewals/Kinship Caregivers; and

14. Casework Supervisors.

Information Request	Author	Due Date
Report on caseload data and filled positions assigned by jurisdiction for specified caseload types	DHR	December 1, 2009 March 1, 2010

New Child Welfare Staffing Needs Analysis: The committees understand that the Department of Human Resources (DHR) is developing a new Child Welfare Staffing Needs Analysis process that it hopes to start using on a quarterly basis for determining the appropriate levels of staffing to maintain recommended caseload levels. This analysis will determine staffing needs based on caseloads for the following three broad categories: out-of-home placements, Child Protective Services, and in-home services. DHR is currently working to further delineate levels of service for the in-home services category. DHR has indicated that it believes this new staffing needs analysis is a better method of determining staffing levels than the current method which relies on reported caseloads for 13 different programs, and would like to dispense with the current reporting requirement in favor of using the new staffing needs analysis. Before abandoning the current method, which DHR developed in consultation with the Child Welfare League of America (CWLA), the budget committees would like DHR to complete its work on delineating the levels of in-home services and present a report comparing the staffing levels which would be required to meet CWLA recommended caseload ratios using the current methodology and those that would be required under the new staffing needs analysis process. After reviewing the report, the budget committees will decide whether DHR can dispense with providing caseload data based on the 13 programmatic areas.

Committee Narrative

Report on Transfer of Adult and Correctional Education Programs: The Department of Labor, Licensing, and Regulation shall submit a report to the committees by December 1, 2009, on the transfer of adult and correctional education programs from the Maryland State Department of Education. Because the transfer of funds is not evident in the fiscal 2010 allowance, the report shall include a discussion of the budgetary impact on the department including any realized costs to physically move the programs and costs to upgrade the necessary technology. The department should discuss the number of positions transferred to the department, the number of positions that did not transfer, and the extent to which existing personnel are required to fill personnel gaps. Further, the report should discuss any new performance measures adopted by the department to gauge progress of the program. Finally, the report should include any early achievements of the transferred program that demonstrate how the department's emphasis on workforce development better serves adult education customers.

Budget Amendments

Add the following language:

Provided that the Department of Public Safety and Correctional Services (DPSCS) shall regularly conduct a new post-by-post security staffing analysis for each of its custodial agencies in order to identify the actual number of regular positions needed to safely and securely staff the State's correctional institutions. DPSCS shall provide a written report to the budget committees no later than December 1, 2009, with bi-annual submissions thereafter, summarizing the results of the analysis and explaining the need for any staffing changes resulting from the staffing analysis or changes in policy that require the use of additional positions. The budget committees shall have 45 days to review and comment following receipt of the report.

Explanation: This action requires the Department of Public Safety and Correctional Services (DPSCS) to regularly conduct a post-by-post security staffing analysis and submit a summary report to the budget committees no later than December 1, 2009, explaining the need for any increases in staffing. Providing proper staffing can have an impact on the amount of overtime used by the custodial agencies. Over the past two years, the department has increased its used of temporary posts filled with overtime in order to implement policies designed to improve safety and security in the facilities. After careful review, it appears that the majority of these temporary posts should actually be permanent positions. Conducting regular staffing assessments should assist the department and the General Assembly in monitoring the staffing and overtime situation in the State's correctional facilities.

Information Request	Author	Due Date
Analysis of custodial agency staffing requirements	DPSCS	December 1, 2009, and bi-annually thereafter

Amendment No. 114

Add the following language:

Further provided that the Department of Public Safety and Correctional Services (DPSCS), in collaboration with the Department of Budget and Management, shall submit a plan on how to fully fund DPSCS operations in fiscal 2010 and 2011, so as to avoid the need for future deficiency appropriations. The plan should specifically address underfunding for inmate food purchases, fuel and utility expenses, overtime expenditures, and adequate staffing. The report shall be submitted to the budget committees by October 1, 2009, and the budget committees shall have 45 days to review and comment following receipt of the plan.

Q

Explanation: The budget committees are concerns that the Department of Public Safety and Correctional Services (DPSCS) is not fully funded in fiscal 2010. The Department of Legislative Services has estimated the underfunding to be between $56 and $77 million. In addition, the budget committees are concerned with the habitual need for deficiency appropriations for specific purposes, such as inmate food costs, fuel and utility expenses, and employee overtime. The action requires DPSCS, in collaboration with the Department of Budget and Management (DBM), to submit a plan on how to fully fund DPSCS operations in fiscal 2010 and 2011.

Amendment No. 116

Q00A

Q00A01.04 9-1-1 Emergency Number Systems

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Delete funds for annual audit of 9-1-1 remittances from phone service providers. A February 2007 Office of Legislative Audits recommendation suggested the department establish procedures to audit all phone service provider remittances to the 9-1-1 Trust Fund since fiscal 2004. The report is due in April 2009. Given the high cost of the audit, the department should wait until it receives the results of the first audit to determine if future audits are needed on an annual basis. If it is determined that a significant amount of fees were not remitted, the agency may use a budget amendment to appropriate funds for this purpose in fiscal 2010.	600,000	SF

Amendment No. 117

Committee Narrative

Audit of 9-1-1 Service Provider Remittances: The committees direct the Emergency Number Systems Board (ENSB) to submit a report on the results of the audit of 9-1-1 service provider remittances to determine whether any discovered errors are significant enough to require future audits. ENSB should also consult with the Office of Legislative Audits and report on other possible alternative methods for auditing service provider remittances that would still be consistent with good accounting practices but is more cost effective. The report shall be submitted to the budget committees no later than July 1, 2009.

Q00A

Information Request	Author	Due Date
Audit of 9-1-1 service provider remittances	ENSB	July 1, 2009

Budget Amendments

Q00A01.05 Capital Appropriation

Add the following language to the federal fund appropriation:

, provided that no funds may be expended on this project until:

(1) the federal per diem rate paid to the State for housing federal detainees in State facilities has been renegotiated to a rate that ensures operating costs for the Maryland Correctional Adjustment Center will be fully covered through federal funds;

(2) the budget committees have received a federal award letter evidencing written confirmation that the federal funds have been approved and appropriated by the Office of Federal Detainee Trustee for this project;

(3) the Part I Program Plan has been approved by the Department of Budget and Management, and the budget committees have been notified in writing of the approval; and

(4) the budget committees have received a letter certifying that the Department of Public Safety and Correctional Services has met, and will continue to meet as necessary, with members of the communities surrounding the Jessup Correctional Complex to address community concerns.

Further provided that it is the intent of the General Assembly that the Jessup Community Correctional Facility be operated as a minimum security facility and that no inmates with a security classification above minimum security shall be housed at that facility.

The budget committees shall have 45 days from the receipt each of these reports to review and comment.

Q00A

Explanation: This project was not originally in the department's Capital Improvement Program but has been included in the fiscal 2010 budget largely because of the availability of federal funding to support approximately 43% of the estimated total project cost. To date, the department has not received any federal funding for this project. A letter of intent between the Department of Public Safety and Correctional Services (DPSCS) and the Office of Federal Detainee Trustee has expressed the desire to jointly fund this project. Given the significant reliance on federal funding to support the construction of the new facility, confirmation of an appropriation would be beneficial prior to moving forward. In addition, since the new facility will be adding to the department's facility operating costs, it is important to ensure that the State is not responsible for supporting the Maryland Correctional Adjustment Center (MCAC), which would be solely dedicated to housing federal detainees. To that effect, confirmation of a renegotiated per diem rate, which would provide sufficient federal funding to cover MCAC operating costs, is also required. This language also requires DPSCS to meet with members of the surrounding communities to ensure that any concerns are addressed and states the intent of the General Assembly that the facility be operated as a minimum security institution.

Information Request	Author	Due Date
Copy of federal award letter showing appropriation of federal funds	DPSCS	45 days prior to expenditure
Letter showing approval of the Part I Program Plan	DPSCS	45 days prior to expenditure
Certification letter of public meetings with surrounding communities	DPSCS	45 days prior to expenditure

Amendment No. 118

Q00B
Department of Public Safety and Correctional Services
Division of Correction – Headquarters

Budget Amendments

DIVISION OF CORRECTION HEADQUARTERS

Q00B01.01 General Administration

Add the following language:

Provided that funds for correctional education services within this budget may not be expended by the division but may only be transferred via budget amendment to the Department of Labor, Licensing, and Regulation (DLLR) for the purposes of correctional education only. Funds not expended for these purposes shall revert to the General Fund or be cancelled.

Further provided that it is the intent of the General Assembly that all funding for correctional education purposes be appropriated within one agency, either entirely within the Department of Public Safety and Correctional Services and then accounted for as reimbursable funds within DLLR, or entirely within DLLR. The General Assembly is concerned that the practice of partially budgeting correctional education funds in more than one agency obscures the true level of spending for this purpose; therefore, all funds shall be budgeted within one agency beginning in the fiscal 2011 allowance.

Explanation: The General Assembly has expressed the intent that the Department of Public Safety and Correctional Services (DPSCS) not be responsible for providing educational services at correctional institutions. This language restricts DPSCS from expending funds for education programs at Division of Correction institutions. The language instead allows DPSCS to transfer education funding to the Department of Labor, Licensing, and Regulation for the provision of educational services at correctional institutions. This language also expresses the General Assembly's intent that future funding for correctional education be budgeted within one agency beginning in fiscal 2011, in order to eliminate the process of an annual budget amendment and to better assess the amount of resources annually appropriated for correctional education services.

Amendment No. 119

Q00B01.02 Classification, Education and Religious Services

Amend the following language:

~~, provided that $6,000,000 of this appropriation shall be reduced contingent upon the enactment of legislation to change the calculation of the formula for payments to local jurisdictions for Division of Correction inmates housed in local jail and detention facilities.~~

, provided that this appropriation shall be reduced by $10,700,000 contingent on the enactment of HB 101 or SB 166 that contains provisions to modify the local jail reimbursement program and absolve the State of all prior year owed liabilities through June 30, 2009.

Explanation: This action includes a technical amendment to strike a contingent reduction included in the budget, as introduced. In addition, this action reduces the appropriation for the local jail reimbursement program by approximately $10.7 million contingent on enactment of a provision in the Budget Reconciliation and Financing Act of 2009 to modify the program from a reimbursement to a $45 per day grant based upon inmate days served from 12 to 18 months. Actions taken by the committee to convert the current local jail reimbursement program to a grant program require an appropriation of approximately $13.5 million. This action would reduce the appropriation to the level needed for the new program. It would also absolve the State of any prior outstanding reimbursement liability accrued through fiscal 2009.

Amendment No. 120

Add the following language to the general fund appropriation:

Further provided that this appropriation shall be reduced by $1,694,431 contingent on the enactment of HB 101 or SB 166 that contains a provision to modify the local jail back-up reimbursement program.

Explanation: This action would reduce the appropriation for the local jail back-up reimbursement program by approximately $1.7 million, contingent on enactment of a provision in the Budget Reconciliation and Financing Act of 2009 (BRFA). Under current statute, this program reimburses counties for each day that an inmate sentenced to the Division of Correction (DOC) is housed in a local correctional facility. This action, in addition to the adoption of an amendment in the BRFA, would eliminate the reimbursement structure of the program and replace it with a grant program that awards counties $45 per day for each day that a DOC sentenced inmate is held in a local correctional facility.

Amendment No. 121

Q00B

MARYLAND CORRECTIONAL PRE-RELEASE SYSTEM

Q00B06.12 Toulson Boot Camp

Add the following language to the general fund appropriation:

, provided that this appropriation shall be reduced by $650,000, as a result of ceasing the operation of the Herman L. Toulson Boot Camp as an adult correctional boot camp as of July 1, 2009. The facility shall instead be converted to a standard operating minimum security facility. The facility shall be named the Herman L. Toulson Correctional Facility and inmates housed at the facility shall continue to participate in work release and educational programming.

Explanation: This action reduces the general fund appropriation for the Herman L. Toulson Boot Camp by $650,000 as a result of prohibiting the Division of Correction from operating the facility as an adult correctional boot camp. The facility shall instead be operated as a standard minimum security facility, continuing to provide work release and education programming for inmates. The action also directs the Division of Correction to rename the facility the Herman L. Toulson Correctional Facility, in order to continue to honor the correctional officer killed in the line of duty, for which the facility is named. More than a decade worth of research has indicated that adult correctional boot camps have no effect on reducing recidivism among participating offenders. In addition, these programs operate at a significantly higher cost than other minimum and pre-release security facilities. The Herman L. Toulson Boot Camp has one of the highest per capita costs of any minimum or pre-release facility operated by the State. Future State resources targeting a reduction in recidivism would be better directed toward providing evidence-based practices proven to have an effect on reducing recidivism.

Amendment No. 122

Q00C01
Department of Public Safety and Correctional Services
Maryland Parole Commission

Committee Narrative

MARYLAND PAROLE COMMISSION

Q00C01.01 General Administration and Hearings

Impact of Parole Guidelines on Recidivism: The committees direct the Maryland Parole Commission to conduct and report the findings of a comparative assessment of its current parole guidelines after two years of implementation. The report should provide a comparison of the number of paroles and the one-year parolee return rates for fiscal 2005 through 2007. The report should also compare the one-year recidivism rates of parolees who had an education, substance abuse, or vocation program completion versus those who did not. The report shall be submitted to the budget committees no later than November 1, 2009.

Committee Narrative

DIVISION OF PAROLE AND PROBATION

Q00C02.01 General Administration

Technical Violator Impact Assessment: The committees direct the Department of Public Safety and Correctional Services to submit a report assessing the impact of technical violators on the supervision and correctional functions. The report should specifically estimate the population and fiscal impact on the Division of Correction and Division of Parole and Probation. The report should also analyze possible alternatives for handling the technical violator population, specifically examining statutory restrictions for reincarceration, dedicating programs or facilities specifically to the technical violator population, and providing rewards or good time credits for compliant offenders. The report shall be submitted to the budget committees no later than December 1, 2009.

Information Request	Author	Due Date
Technical violator impact assessment	Department of Public Safety and Correctional Services	December 1, 2009

Budget Amendments

Q00C02.02 Field Operations

Add the following language to the general fund appropriation:

Further provided that $351,414 of this appropriation made for the purpose of purchasing motor vehicles may only be expended for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund.

Explanation: This language restricts the Division of Parole and Probation's (DPP) appropriation for the purchase of motor vehicles for that purpose only. During the 2004 session, the budget committees expressed concern about the safety of DPP employees while working out in the field. As a result, DPP developed a five-year plan for enhancing its vehicle fleet for parole and probation agents. Fiscal 2010 was to be the final year of the enhancement. For the past two years, however, DPP has deferred vehicle purchases in order to fund other competing priorities. The committees continue to believe that the safety of field agents is of great importance; this language ensures that the division will provide the necessary vehicles to support that.

Amendment No. 123

Q00C02

Committee Narrative

Measuring the Effectiveness of the Violence Prevention Initiative: The committees direct the Division of Parole and Probation (DPP) to submit a report identifying potential outcome measures for determining the effectiveness of using the Violence Prevention Initiative (VPI) containment model of intensive supervision. VPI has been a major initiative of the current administration, yet after one year of implementation, there are no clear indicators of its effectiveness. Development and careful monitoring of VPI outcome measurements will assist DPP and the General Assembly in ensuring that the focused dedication of resources for this program is producing the desired outcome of preventing violent offenders from reoffending and contributing to increased recidivism rates. The report shall be submitted to the committees no later than September 1, 2009.

Q00N
Department of Public Safety and Correctional Services
Maryland Commission on Correctional Standards

Budget Amendments

MARYLAND COMMISSION OF CORRECTIONAL STANDARDS

Q00N00.01 General Administration

Add the following language to the general fund appropriation:

, provided that this appropriation made for the purpose of operating expenses for the Maryland Commission on Correctional Standards may only be expended for that purpose. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund.

Explanation: The budget for the Maryland Commission on Correctional Standards (MCCS) has been reduced by at least 11% annually since fiscal 2005, largely due to a realignment of general funds to other agencies within the Department of Public Safety and Correctional Services. Ensuring the compliance with State correctional standards is integral to maintaining safety, security, and proper operations of State correctional facilities; therefore, it is important for MCCS to be adequately funded. This language ensures that funding appropriated for MCCS will remain within this agency, and funds not spent will revert to the general fund.

Amendment No. 126

R00A01
State Department of Education
Headquarters

Budget Amendments

STATE DEPARTMENT OF EDUCATION HEADQUARTERS

R00A01.01 Office of the State Superintendent

Add the following language to the general fund appropriation:

, provided that it is the intent of the General Assembly that the Maryland State Department of Education (MSDE) practice of entering into contracts with local education agencies allowing local personnel to provide services to the State while remaining on local payroll be used in special, short-term projects, where local talent is a necessity.

Further provided that MSDE shall provide a report on the number of these contracts and any conversion of these personnel to regular positions to the General Assembly by December 15, 2009. MSDE shall also provide reports to the budget committees in the special circumstances prior to entering into any new loaned educator contract to provide short-term assistance to the State. The budget committees shall have 45 days to review and comment from the date of receipt of any report.

Explanation: The practice of entering into reimbursable contracts with local school systems should be limited.

Amendment No. 130

R00A02.04 Children at Risk

Add the following language to the general fund appropriation:

, provided that $100,000 of this appropriation made for the purpose of making a grant to the SEED School of Maryland may not be expended until the Maryland State Department of Education and the SEED School of Maryland jointly agree to a memorandum of understanding (MOU) which outlines a policy whereby the school reverts general funds in recognition of unfilled student slots for which the State has paid. This policy shall recognize that $25,000 shall be reverted to the General Fund if the school is appropriated funds for a student who does not complete either semester, if that student is not replaced from the waiting list, or that $12,500 shall be reverted to the General Fund if the school is appropriated funds for a student who does not complete one semester provided that the student is not replaced with another student from the waiting list. A copy of the executed MOU shall be submitted to the budget committees by July 1, 2009, and the budget committees shall have 45 days to review and comment from the date of receipt.

Explanation: This language requires the SEED school and the Maryland State Department of Education (MSDE) and the SEED School of Maryland to enter into a memorandum of understanding. The SEED School of Maryland is funded through a formula that requires the State to appropriate $25,000 per student. Each year the SEED school will add 80 students and maintain a waiting list. If students leave the school prior to the winter, they will be replaced from the list; however, at a certain point in the school year, the student cannot be replaced. The SEED school should revert any funds appropriated by the per student formula if actual enrollment drops below enrollment projections during the budget formation.

Amendment No. 141

Committee Narrative

Out-of-home Placements: To facilitate evaluation of Maryland's family preservation programs in stemming the flow of children from their homes, the Department of Human Resources, the Department of Juvenile Services, the Department of Health and Mental Hygiene, and the Maryland State Department of Education are requested to jointly prepare and submit to the budget committees a report on out-of-home placements containing data on the total number of out-of-home placements and entries by jurisdiction over the previous three years and similar data on out-of-state placements. The report should also provide information on the costs associated with out-of-home placements, the reasons for new placements, and an evaluation of data derived from the application of the North Carolina Family Assessment Scale. Data should also be collected concerning indicated findings of child abuse and neglect occurring while families are receiving family preservation services or within one year of case closure. The report should include a three-year funding history of family preservation efforts listing funding by agency and program. The report should be submitted to the committees by December 1, 2009.

R13M
Morgan State University

Budget Amendments

Add the following language to the current unrestricted appropriation:

, provided that the appropriation herein for Morgan State University shall be reduced by $970,839 in current unrestricted funds.

Explanation: After adjusting $73,789 to delete the deferred compensation match in fiscal 2010, the allowance provides $1.8 million increase in current unrestricted funds (general funds), which includes $858,000 to freeze resident undergraduate tuition. This language reduces Morgan State University's (MSU) appropriations by $970,839, the amount over the funding provided to freeze tuition. This reduction includes $655,622 adjustment to the fiscal 2010 budget reflecting the anticipated underattainment of Higher Education Investment Fund revenues in fiscal 2009 and an additional $315,217 included in the budget. This results in level funding MSU at the fiscal 2009 level, exclusive of the tuition freeze.

Amendment No. 142

MORGAN STATE UNIVERSITY

R13M00.00 Morgan State University

Add the following language to the current unrestricted fund appropriation:

Further provided that $1,500,000 of this appropriation, made for the purpose of improving student retention and graduation rates, may not be expended until:

(1) the public historically black institutions (HBIs) and the Maryland Higher Education Commission submit a report that outlines the programs and services that are needed and have shown success in promoting academic achievement to ensure that undergraduate students at HBIs who are less prepared for college graduate. The programs and services shall be comprehensive and use criteria for academic achievement that are shared by all HBIs, which shall include graduation rates as the primary criterion. The report shall be submitted to the budget committees by September 1, 2009; and

(2) Morgan State University submits a report that outlines how the funds will be used to implement the new program and the measures that will be used to evaluate performance, including graduation rate. The report shall include how all funds for the new program will be spent. The report shall be submitted to the budget committees by October 1, 2009.

The budget committees shall have 45 days to review and comment on each report.

R13M

Explanation: This language restricts expenditures of funds until the Maryland Higher Education Commission (MHEC) and the historically black institutions (HBIs) submit a report outlining programs and services needed to ensure student success and Morgan State University (MSU) submits a report outlining how funds will be expended to implement the new program and measures to evaluate the program.

R30B00
University System of Maryland

Budget Amendments

Add the following language:

Provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $9,367,562 in current unrestricted funds.

Explanation: After adjusting $1.9 million to delete the deferred compensation match, the fiscal 2010 allowance provides $24.9 million increase in current unrestricted funds (general funds) which includes $15.5 to freeze resident undergraduate tuition. This language reduces University System of Maryland (USM) institution's appropriations by $9.4 million, the amount over the funding provided to freeze tuition. This reduction includes $5.6 million adjustment to the fiscal 2010 budget reflecting the anticipated underattainment of Higher Education Investment Fund revenues in fiscal 2009 and an additional $3.7 million included in the budget. This results in level funding USM institutions at the fiscal 2009 level, exclusive of the tuition freeze.

Amendment No. 144

Add the following language:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $1,000,000 in current unrestricted funds.

Explanation: This language reduces current unrestricted revenues (general funds) for University System of Maryland institutions by $1.0 million, reflecting the expected cost savings from efficiency measures.

Amendment No. 145

Committee Narrative

Faculty Workload Report: The committees request that the University System of Maryland (USM) continue to provide annual instructional workload reports for tenured and tenure-track faculty. By focusing on these faculty, the committees gain a sense of the teaching activities for the regular, core faculty at the institutions. Additional information may be included in the report at USM's discretion. Furthermore, the report should include the percent of faculty meeting or exceeding teaching standards for tenured and tenure-track faculty for the University of Maryland, Baltimore's programs.

Amendment No. 148

R30B36
University System of Maryland
University System of Maryland Office

Budget Amendments

Add the following language to the unrestricted fund appropriation:

, provided the appropriation herein for the University System of Maryland Office (USMO) shall be reduced by $500,000. USMO shall allocate the reduction of the $500,000 to the University System of Maryland at Hagerstown (USMH). Further provided it is the intent of the General Assembly that funding for USMH shall be reduced over 4 years to an amount consistent with the regional higher education funding strategy which is used to fund most of the other regional higher education centers in the State, and USMH shall seek other sources of funding.

Explanation: The language reduces the funds allocated to the University System of Maryland at Hagerstown (USMH) by $0.5 million. The language also expressed intent that the funding of USHM be reduce over four years to an amount consistent with the funding strategy used to found the non-University System of Maryland regional higher education centers throughout the State and that USMH should find other sources of funding.

Amendment No. 149

Committee Narrative

Institutional Aid Report: The committees request that data be submitted for each University System of Maryland institution on all categories of institutional aid (need-based, merit, mission, and athletic). Data on tuition remission should be submitted as a separate category. The report should be in the same format it is submitted to the Maryland Higher Education Commission and include prior year actual, current year working, and allowance. The report should be submitted by January 1.

R60H
Maryland Prepaid College Trust

Committee Narrative

Report on the Actuarial Status of Maryland Prepaid Plan: The committees request that the College Savings Plan of Maryland submit a report by March 1, 2010, and annually thereafter, on the actuarial status of the Maryland Prepaid College Trust as of December 31 of the prior year. The trust is backed by the Legislative Guarantee which states if the current prepaid contract obligations exceed the market value of the trust assets, the Governor shall include in the annual budget an appropriation in the amount needed to cover the difference between current obligations and the market value of the assets. The appropriation would require approval of the General Assembly. Since the guarantee obligates State funds to cover potential shortfalls during a current year, the General Assembly needs to be kept informed on the actuarial status of the trust to be cognizant of potential liabilities, especially during periods of poor market performance.

MARYLAND HIGHER EDUCATION COMMISSION

R62I00.03 Joseph A. Sellinger Formula for Aid To Non-Public Institutions of Higher Education

Strike the following language:

~~, provided that this appropriation shall be reduced by $15,633,522 contingent upon the enactment of legislation to reduce the required appropriation for the support of non-public institutions of higher education.~~

Explanation: Technical amendment to reflect a budget action.

Amendment No. 150

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce Sellinger program aid to nonpublic institutions.	20,633,522	GF	
Total Reductions	20,633,522		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	66,079,480	45,445,958	20,633,522	
Total Funds	**66,079,480**	**45,445,958**	**20,633,522**	

Amendment No. 151

Add the following language:

It is the intent of the General Assembly that financial aid for undergraduate Maryland resident students funded by Joseph A. Sellinger Formula aid be held harmless from reductions to the Sellinger program to the furthest extent possible.

Explanation: This language states that it is the intent of the General Assembly that Sellinger funds supporting financial aid for undergraduate Maryland residents shall be maintained at least at current levels to the fullest extent possible despite reductions to the Selligner program.

Amendment No. 152

Add the following language:

Further provided that in reporting financial aid data to the Maryland Higher Education Commission Financial Aid Information System, independent institutions receiving funds through the Joseph A. Sellinger Formula shall report on all financial aid funded by this source, and that such data be clearly identified as Sellinger supported aid.

Explanation: Independent institutions receiving Sellinger aid currently report data on Maryland resident students receiving State aid to the Maryland Higher Education Commission Financial Aid Information System (FAIS). This language requires independent institutions to also report data on all financial aid funded by the Sellinger formula to FAIS.

Amendment No. 153

Add the following language:

Further provided that it is the intent of the General Assembly that the General Fund Appropriation to support Baltimore Hebrew University as provided by the Joseph A. Sellinger Formula shall be transferred to the Baltimore Hebrew Institute at Towson University contingent on the acquisition of the programs and operations of Baltimore Hebrew University by Towson University.

Explanation: The General Assembly understands that Baltimore Hebrew University and Towson University are negotiating a memorandum of understanding to facilitate the closure of Baltimore Hebrew University and the acquisition of its operations by Towson University. It is the intent of the General Assembly that the funds appropriated on a per-student basis to Baltimore Hebrew University shall follow these students to Towson University to support the operations of the newly established Baltimore Hebrew Institute during the transition year.

Amendment No. 154

R62I00.05 The Senator John A. Cade Funding Formula for the Distribution of Funds to Community Colleges

Strike the following language:

~~, provided that this appropriation shall be reduced by $49,912,643 contingent upon the enactment of legislation to reduce the required appropriation for the support of community colleges.~~

Explanation: This action is a technical amendment to implement the recommendation.

Amendment No. 155

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce the formula grant by $35,063,739. This reduction will allow for 3.1% growth in the grant, maintaining State support to community colleges on a per full-time equivalent student basis.	35,063,739	GF	
Total Reductions	35,063,739		0.00

Amendment No. 160

Committee Narrative

Report on the Current Fiscal Year Working Appropriation for the Maryland Higher Education Commission Scholarships: The committees request that the Maryland Higher Education Commission (MHEC) submit reports by October 15, 2009, and January 15, 2010, on the current fiscal year working appropriation for MHEC Scholarships by program. MHEC frequently moves money between scholarship programs to ensure that available funds are fully spent. A significant lag time often exists between when funds are moved and when the move is recognized through budget amendment. As a result, it is difficult to monitor the use of scholarship funds across fiscal years. The current year working appropriation reported by MHEC in the Governor's budget books is often not reflective of the actual working appropriation. These reports on the current working appropriation would ensure that the committees have access to the most updated data available.

HIGHER EDUCATION INSTITUTIONS

R75T00.01 Support for State Operated Institutions of Higher Education

Strike the following language:

~~Further provided that this appropriation shall be reduced by $2,383,467 contingent upon the enactment of legislation to reduce the required appropriation for Baltimore City Community College.~~

Explanation: This action is a technical amendment to implement the reduction to the Baltimore City Community College appropriation.

Amendment No. 161

Add the following language to the general fund appropriation:

Further provided that the appropriation herein for Morgan State University shall be reduced by $970,839 in general funds.

Explanation: After adjusting $73,789 to delete the deferred compensation match in fiscal 2010, the allowance provides $1.8 million increase in general funds which include $858,000 to freeze resident undergraduate tuition. This language reduces Morgan State University's (MSU) appropriations by $970,839, the amount over the funding provided to freeze tuition. This reduction includes $655,622 adjustment to the fiscal 2010 budget reflecting the anticipated underattainment of Higher Education Investment Fund revenues in fiscal 2009 and an additional $315,217 included in the budget. This results in level funding MSU at the fiscal 2009 level, exclusive of the tuition freeze.

Amendment No. 162

Add the following language to the general fund appropriation:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $9,367,562 in general funds.

Explanation: After adjusting $1.9 million to delete the deferred compensation match in fiscal 2010, the allowance provides $24.9 million increase in general funds which includes $15.5 million to freeze resident undergraduate tuition. This language reduces University System of Maryland (USM) institution's appropriations by $9.4 million, the amount over the funding provided to freeze tuition. This reduction includes $5.6 million adjustment to the fiscal 2010 budget reflecting the anticipated underattainment of Higher Education Investment Fund revenues in fiscal 2009 and an additional $3.7 million included in the budget. This results in level funding USM institutions at the fiscal 2009 level, exclusive of the tuition freeze.

Amendment No. 163

Add the following language to the general fund appropriation:

Further provided that the appropriation herein for the University System of Maryland institutions shall be reduced by $1,000,000 in general funds.

Explanation: This language reduces general funds for University System of Maryland institutions by $1 million, reflecting the expected cost savings from efficiency measures.

Amendment No. 164

Add the following language to the general fund appropriation:

Further provided the appropriation herein for the University System of Maryland Office (USMO) shall be reduced by $500,000. USMO shall allocate the reduction of the $500,000 to the University System of Maryland at Hagerstown (USMH). Further provided it is the intent of the General Assembly that funding for USMH shall be reduced over 4 years to an amount consistent with the regional higher education funding strategy which is used to fund most of the other regional higher education centers in the State, and USMH shall seek other sources of funding.

Explanation: The language reduces the funds allocated to University System of Maryland Hagerstown (USMH) by $0.5 million. The language also expressed intent that the funding of USHM be reduce over four years to an amount consistent with the funding strategy used to found the non-University System of Maryland regional higher education centers throughout the State and that USMH should find other sources of funding.

Amendment No. 165

R75T

Add the following language to the general fund appropriation:

Further provided that $1,500,000 of this appropriation, made for the purpose of improving student retention and graduation rates, may not be expended until:

(1) the public historically black institutions (HBIs) and the Maryland Higher Education Commission submit a report that outlines the programs and services that are needed and have shown success in promoting academic achievement to ensure that undergraduate students at HBIs that are less prepared for college graduate. The programs and services shall be comprehensive and use criteria for academic achievement that are shared by all HBIs, which shall include graduation rates as the primary criterion. The report shall be submitted to the budget committees by September 1, 2009; and

(2) Morgan State University submits a report that outlines how the funds will be used to implement the new program and the measures that will be used to evaluate performance, including graduation rate. The report shall include how all funds for the new program will be spent. The report shall be submitted to the budget committees by October 1, 2009.

The budget committees shall have 45 days to review and comment on each report.

Explanation: This language restricts expenditures of funds until the Maryland Higher Education Commission (MHEC) and the HBIs submit a report outlining programs and services needed to ensure student success and Morgan State University (MSU) submits a report outlining how funds will be expended to implement the new program and measures to evaluate the program.

Add the following language to the general fund appropriation:

Further provided that $1,500,000 of this appropriation, made for the purpose of improving student retention and graduation rates, may not be expended until:

(1) the public historically black institutions (HBIs) and the Maryland Higher Education Commission submit a report that outlines the programs and services that are needed and have shown success in promoting academic achievement to ensure that undergraduate students at HBIs that are less prepared for college graduate. The programs and services shall be comprehensive and use criteria for academic achievement that are shared by all HBIs, which shall include graduation rates as the primary criterion. The report shall be submitted to the budget committees by September 1, 2009; and

(2) The University of Maryland Eastern Shore submits a report that outlines how the funds will be used to implement the new program and the measures that will be used to evaluate performance, including graduation rate. The report shall include how all funds for the new program will be spent. The report shall be submitted to the budget committees by October 1, 2009.

The budget committees shall have 45 days to review and comment on each report.

Explanation: This language restricts expenditures of funds until the Maryland Higher Education Commission (MHEC) and HBIs submit a report outlining programs and services needed to ensure student success and the University of Maryland Easter Shore (UMES) submits a report outlining how funds will be expended to implement the new program and measures to evaluate the program.

S50B
Maryland African American Museum Corporation

Committee Narrative

Memorandum of Understanding on Use of the General Fund Grant: The Maryland African American Museum Corporation (MAAMC) and the Department of Budget and Management executed memorandums of understanding (MOU) governing the use of MAAMC's general fund grant for fiscal 2007 to 2009. The committees request that a similar MOU be executed for fiscal 2010. The MOU should specify that the State intends to support no more than 50% of MAAMC's operating costs in fiscal 2010, which is consistent with the previously expressed intent of the General Assembly.

Amendment No. 180

T00F00.12 Maryland Biotechnology Investment Tax Credit Reserve Fund

Add the following language to the general fund appropriation:

, provided that this appropriation made for the purpose of the Maryland Biotechnology Investment Tax Credit Program may not be expended until a report is submitted to the budget committees that details the goals, objectives, and outcome measures for the Maryland Biotechnology Investment Tax Credit Reserve Fund. The measures shall reflect the number of recipients, amount of private investment leveraged, any new jobs created, long-term company retention data, and any other measure deemed reflective of the program's mission. The budget committees shall have 45 days from the receipt of the report to review and comment. Further provided that the adopted measures shall be included in future budget submissions.

Explanation: This language restricts funds under the Maryland Biotechnology Investment Tax Credit Program until the department submits performance measurement data associated with the program. The department has long struggled with its Managing for Results (MFR) data. While it appears that the department has improved the accuracy of its submission, it cannot be said that the data allows for meaningful analysis of the department's programs. In particular, the department has failed to submit any goals, objectives, or outcome measures for the Biotechnology Tax Credit program. This language will encourage the inclusion of measures for this program under the MFR initiative.

Information Request	Author	Due Date
Report on performance measures	Department of Business and Economic Development	45 days before release of funds

Amendment No. 181

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds under the Biotechnology Investment Incentive Tax Credit. This action leaves $4 million for the program in fiscal 2010.	2,000,000	GF

Amendment No. 188

U00A
Department of the Environment

Committee Narrative

WATER MANAGEMENT ADMINISTRATION

U00A04.01 Water Management Administration

Study on Septage Disposal: The committees are concerned that septage – sewage pumped or removed from an onsite sewage disposal system, such as a portable toilet, or septic tank – is not being properly disposed of in Maryland. For instance, current regulations exempt onsite sewage disposal system owners and operators from a septage removal schedule and lack the requirement of a manifest system for septage haulers. Given that the Maryland Department of the Environment (MDE) currently is developing a new comprehensive regulatory regime for sewage sludge and septage that is anticipated to be released in 2009, the committees request that MDE submit a study on the state of septage disposal in Maryland including recommendations on how to correct any issues identified.

Information Request	Author	Due Date
Study on septage disposal	MDE	September 1, 2009

Budget Amendments

WASTE MANAGEMENT ADMINISTRATION

U00A06.01 Waste Management Administration

Add the following language to the general fund appropriation:

<u>, provided that this appropriation shall be reduced by $1,800,000 contingent upon the enactment of HB 101 or SB 166 to authorize the State Used Tire Cleanup and Recycling Fund to be used for administrative expenses.</u>

Explanation: This action would reduce the Waste Management Administration's general fund appropriation by $1.8 million to reflect the availability of special fund balance. This action is contingent upon enactment of the Budget Reconciliation and Financing Act of 2009 that permanently would allow the Maryland Department of the Environment Waste Management Administration to use 50% of State Used Tire Cleanup and Recycling Fund revenue to fund operations.

Amendment No. 189

U00A

Committee Narrative

COORDINATING OFFICES

U00A10.02 Major Information Technology Development Projects

Report on Full and Timely Information Technology Project Disclosure: The budget committees are concerned that the Maryland Department of Environment (MDE) has had a transparency and accountability problem with information technology projects. In addition, MDE has engaged in a pattern of financing projects outside of the oversight of the General Assembly. Therefore, the budget committees request that MDE provide a report on how it will provide full and timely (1) information technology project request submissions to the Department of Information Technology for review and approval; (2) disclosure of the exact fund sources, amounts, and program codes for all information technology projects in each annual budget submission; (3) disclosure of project summary reports to the budget committees; and (4) information technology scope, funding requirements, and changes to the budget committees for the web site revamp project and future information technology projects. The report is requested to be submitted prior to the expenditure of any funds on the web site revamp project.

Information Request	Author	Due Date
Report on full and timely information technology project disclosure	MDE	Prior to the expenditure of any funds on the web site revamp project

V
Department of Juvenile Services

Budget Amendments

DEPARTMENT OF JUVENILE SERVICES

Add the following language:

Provided that no funds provided in this budget for the Department of Juvenile Services may be used for reclassifications with the exception of noncompetitive promotions.

Explanation: In fiscal 2008 and 2009, the Department of Juvenile Services expended significant funds on reclassifications even though no funding was included in the allowance or appropriation. In both years, the department has experienced significant deficits in personnel expenditures, and funding of reclassifications was a contributory factor. The language prohibits the department from spending fiscal 2010 funds on reclassifications except in the case of noncompetitive promotions which are promotions within a classification series based on performance.

Amendment No. 190

Add the following language:

Further provided that it is the intent of the General Assembly that the Department of Juvenile Services' upgrading and enhancing of its Automated Statewide Support and Information System (ASSIST) shall be considered a Major Information Technology Development Project. Further provided that any general fund support provided in the Department of Juvenile Services' budget made for the purpose of upgrading or enhancing ASSIST may only be transferred by budget amendment to the Major Information Technology Development Project Fund (program F50A1.01) and shall be expended pursuant to State Finance and Procurement Article Sections 3A-308 and 3A-309. Funds not transferred to the Major Information Technology Development Project Fund may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund.

Explanation: The language expresses legislative intent that any upgrades or enhancement to ASSIST, the Department of Juvenile Services' backbone case management system, should be considered a major information technology development project and makes fiscal 2010 funding for those upgrades or enhancement subject to the statutory requirements for such projects.

Amendment No. 191

Committee Narrative

Facility Staffing and Community Caseloads: The Department of Juvenile Services (DJS) continues to struggle to meet its own standards for community caseloads and facility staffing. Recent revisions to the facility staffing standards exacerbate those struggles. The committees request that DJS provide a full description of community caseload and facility staffing standards by caseload type and facility. The report should include the basis for those standards including references to best practices. Given that the fiscal 2010 budget as introduced provides fewer personnel resources to DJS than prior years, the report should also detail how the department intends to meet its own standards.

Information Request	Author	Due Date
Facility staffing and community caseloads	DJS	October 1, 2009

W
Department of State Police

Budget Amendments

MARYLAND STATE POLICE

W00A01.01 Office of the Superintendent

Add the following language to the general fund appropriation:

, provided that $1,000,000 of this appropriation made for the purpose of providing police protection grants may not be expended until the Department of State Police (DSP) submits the Crime in Maryland, 2008 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report.

Furthermore, if DSP encounters difficulty in obtaining the necessary crime data on a timely basis from local jurisdictions who provide this data for inclusion in the UCR, DSP shall request that the Governor's Office of Crime Control and Prevention withhold a portion, totaling no more than 50%, of that jurisdiction's State Aid for Police Protection grant for fiscal 2010 until such time that the jurisdiction submits its crime data to DSP.

Explanation: This annual language was originally added because DSP had not been submitting its annual crime report in a timely manner due to issues related to receiving crime data from the local jurisdictions. As such, this language withholds a portion of the general fund appropriation until the budget committees receive the 2008 Uniform Crime Report. The language also permits the Governor's Office of Crime Control and Prevention to withhold a portion of the State Aid to Police Protection grant until certain crime data is submitted.

Information Request	Author	Due Date
2008 Uniform Crime Report	DSP	45 days prior to the expenditure of funds

Amendment No. 192

Committee Narrative

Helicopter Maintenance Study: An August 2008 performance audit conducted by the Office of Legislative Audits disclosed that the Department of State Police (DSP) Aviation Command's ability to make informed decisions about Medevac availability and maintenance was severely hampered by the lack of a formal process for determining whether an outside vendor should be used for more comprehensive inspections, such as T inspections (required every 600 flight hours). While the January 2009 request for proposal to replace the existing fleet of helicopters contemplates that DSP will provide helicopter maintenance in-house, DSP should consider other service delivery options such as outsourcing some or all of the maintenance functions. This could include a long-term contract with the helicopter manufacturer or with a private vendor. DSP should conduct a review of helicopter maintenance service alternatives and submit a report by October 1, 2009, to the budget committees, and if established by law, the Legislative Joint Oversight Committee on Emergency Medical Services.

Information Request	Author	Due Date
Submission of a study on helicopter maintenance	DSP	October 1, 2009

Y
State Reserve Fund

Budget Amendments

STATE RESERVE FUND

Y01A01.01 Revenue Stabilization Account

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce funds to reflect revised general fund revenue estimates. Section 7-311 of the State Finance and Procurement Article requires that the Revenue Stabilization Account (Rainy Day Fund) balance be 5% of projected revenues. To provide a Rainy Day Fund balance that is 5% of projected general fund revenues, the allowance appropriates $175.7 million. On March 11, 2009, the Board of Revenue Estimates reduced fiscal 2010 general fund revenue appropriations by $716.5 million. This reduces how much must be appropriated to maintain a 5% Rainy Day Fund balance. To provide fund balance that is at least 5% of revised general fund appropriations and reduce general fund appropriations, it is recommended that the allowance be reduced by $35.8 million.	35,800,000	GF	
Total Reductions	35,800,000		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	175,747,579	139,947,579	35,800,000	
Total Funds	**175,747,579**	**139,947,579**	**35,800,000**	

Amendment No. 193

Y

Y01A02.01 Dedicated Purpose Account

Strike the following language:

~~, provided that this appropriation shall be reduced by $63,000,000 contingent upon the enactment of legislation authorizing the use of General Obligation bonds for the Intercounty Connector~~

~~Maryland Transportation Authority …… 63,000,000~~

Explanation: This strikes the contingent language. Insofar as the $63 million have been deleted from the budget, the contingent language is no longer necessary.

Reduce appropriation for the purposes indicated:	**Funds**		**Positions**
1. Reduce funding for the InterCounty Connector (ICC). Section 4-321 of the Transportation Article requires that the Administration appropriate $63 million for the ICC. The Administration's capital budget proposes to issue general obligation (GO) bonds for the ICC, instead of appropriating general funds. The Administration's Budget Reconciliation and Financing Act of 2009 (HB 101/SB 166) allows GO bond proceeds to support the ICC. The use of general funds is consistent with the Spending Affordability Committee's (SAC) recommendation to use the increased GO bond authorizations to relieve operating budget pressure by issuing GO bonds instead of general funds. Consistent with the SAC recommendation and the Administration's funding plan, it is recommended that the general funds appropriated for the ICC be deleted.	63,000,000	GF

Fiscal 2009 Deficiency

STATE DEPARTMENT OF EDUCATION HEADQUARTERS

R00A01.04 Division of Accountability and Assessment

Reduce appropriation for the purposes indicated:	Funds		Positions
1. Reduce deficiency appropriation for Accountability and Assessment Contracts. The Maryland State Department of Education has not demonstrated that these funds are needed to make payments in fiscal 2009. The agency should not return to a pattern of encumbering funds for multiple years.	6,368,777	GF	
Total Reductions	6,368,777		0.00

Effect	Allowance	Appropriation	Amount Reduction	Position Reduction
General Fund	8,491,703	2,122,926	6,368,777	
Federal Fund	936,834	936,834	0	
Total Funds	**9,428,537**	**3,059,760**	**6,368,777**

Amendment No. 196

Technical Amendment

Budget Amendments

Strike the following language:

Section 12 Executive Pay Plan

~~Executive VII 9907 116,963~~

Explanation: This action deletes the technology policy advisor position from the Executive Pay Plan schedule.

Amendment No. 197

Strike the following language:

~~Executive VII 9907 114,444~~

Explanation: This action deletes the vacant EPP position from the Executive Pay Plan schedule.

Amendment No. 198

Amend the following section:

Section 17 Using Funds for Their Intended Purpose

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0157 (Other Post Retirement Benefits), 0175 (Workers' Compensation), 0217 (Health Insurance – Maryland Department of Transportation only), 0305 (DBM Paid Telecommunications) and 0322 (Capital Lease Telecommunications) are to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management.~~ Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0305, and 0322 between State departments and agencies by approved budget amendment in fiscal year 2008 and fiscal year 2009. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2-516 of the

State Personnel and Pensions Article of the Annotated Code of Maryland. Any funds restricted in this budget to be utilized for other postretirement benefits that are unspent shall be credited to the Postretirement Health Benefits Trust Fund as established in accordance with Section 34-101 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects herein listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or cancelled.

Explanation: This amendment makes it possible for the Office of Legislative Audits to track the disposition of funds in statewide subobjects 0152, 0154, 0157, 0175, 0217, 0305, and 0322. The language also deletes a provision that allows the Secretary of Budget and Management to transfer these funds for other purposes. This provision allows the Administration to eliminate spending shortfalls without legislative oversight. For example, fiscal 2001 budget shortfalls were eliminated by transferring $9.6 million from the workers' compensation account and $1.6 million from health insurance account. To promote fiscal accountability, the Department of Legislative Services recommends that the budget committees strike this provision.

Amendment No. 199

Add the following section:

Section 21 Deferred Compensation Funding

SECTION 21. AND BE IT FURTHER ENACTED, That notwithstanding the provisions of § 32-205 of the State Personnel and Pensions Article and contingent upon the enactment of legislation to eliminate the payment of employer contributions for State supplemental plans in the Optional Defined Contribution System in fiscal 2010 the State shall not be required to make the employer contributions to the applicable State supplemental plan for participating employees in the Optional Defined Contribution System. Funding for this purpose (Comptroller subobject 0172) shall be reduced ~~within Executive Branch agencies~~ in fiscal year 2010 by the following amounts in accordance with a schedule determined by the Governor:

~~Fund~~	~~Amount~~
~~General Funds~~	~~11,833,299~~
~~Special Funds~~	~~4,280,707~~
~~Federal Funds~~	~~4,314,091~~

~~Reimbursable Funds~~	~~336,721~~
~~Current Unrestricted Funds~~	~~2,323,627~~
~~Current Restricted Funds~~	~~599,021~~

Department	Fund	Amount
Executive	General	10,405,389
Executive	Special	4,184,548
Executive	Federal	4,293,817
Executive	Reimbursable	336,721
Executive	Current Unrestricted	2,323,627
Executive	Current Restricted	599,021
Judiciary	General	1,143,210
Judiciary	Special	96,159
Judiciary	Federal	20,274
Legislative	General	284,700

Explanation: This action deletes all deferred compensation for all branches of State Government. Of this reduction, $1,972,114 represents general funds in R75T for higher education. The Administration's budget plan assumes these reductions will be made.

Amendment No. 200

Add the following section:

Section 26 Across-the-board Reductions and Higher Education

SECTION 26. AND BE IT FURTHER ENACTED, That all across-the-board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College.

Explanation: This section explicitly applies reductions intended for the full Executive Branch to the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College, unless their exclusion is specifically stated.

Amendment No. 201

Sections

Add the following section:

Section 27 Injured Workers' Insurance Fund Accounts

SECTION 27. AND BE IT FURTHER ENACTED, That the Comptroller of the Treasury's General Accounting Division shall establish a subsidiary ledger control account to debit all State agency funds budgeted under subobject 0175 (workers' compensation coverage) and to credit all payments disbursed to the Injured Workers' Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the General Fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

Explanation: This section provides continuation of a system to track workers' compensation payments to IWIF for payment of claims, current expenses, and funded liability for incurred losses by the State.

Information Request	Author	Due Date
Report on status of ledger control account	IWIF	Monthly beginning on July 1, 2009

Amendment No. 202

Add the following section:

Section 28 Reporting Federal Funds

SECTION 28. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each Federal Fund Appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS.

Explanation: This annual language provides for consistent reporting of federal monies received by the State.

Sections

Information Request	Author	Due Date
Report of components of each federal fund appropriation	DBM	With submission of fiscal 2011 budget

Amendment No. 203

Add the following section:

Section 29 Federal Fund Spending

SECTION 29. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process:

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2010, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged; this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities, or to the Department of Health and Mental Hygiene with respect to funds to be carried forward into future years for the purpose of reducing the waiting list for community services for individuals with developmental disabilities or with respect to funds to be carried forward into future years for HIV/AIDS-related activities, or to the Maryland State Department of Education with respect to funds to be carried forward into future years for child care;

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management, whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) the Department of Budget and Management shall take appropriate actions to effectively establish these as policies of the State with respect to administration of federal funds by Executive agencies.

Explanation: This annual language defines the policies under which federal funds shall be used in the State budget.

Amendment No. 204

Add the following section:

Section 30 Indirect Costs Report

SECTION 30. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2010 as an appendix in the Governor's fiscal 2011 budget books. The report shall detail by agency for the actual fiscal 2009 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, it shall list the most recently available federally approved statewide and internal agency cost recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every 3 years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2010, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery may only be transferred to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries.

Explanation: This is annual language that requires a report on indirect costs and disallows waivers of statewide cost recovery.

Information Request	Author	Due Date
Annual report on indirect costs	DBM	With submission of the Governor's fiscal 2011 budget books

Amendment No. 205

Sections

Add the following section:

Section 31 Executive Long-term Forecast

SECTION 31. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the Executive budget proposal on the long-term fiscal condition of General Fund, Transportation Trust Fund, and higher education current unrestricted fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and 4 years thereafter. Expenditures shall be reported at such agency, program or unit levels, or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas.

Explanation: This annual language provides for the delivery of the Executive's general fund forecast and defines the conditions under which it is to be provided, requiring that recovered funds may only be transferred to the general fund.

Information Request	Author	Due Date
Executive's general fund forecast	Department of Budget and Management	With submission of the Governor's fiscal 2011 budget books

Amendment No. 206

Add the following section:

Section 32 Reporting on Budget Data and Organizational Charts

SECTION 32. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2011 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of the Treasury. The presentation of budget data in the State budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2010 except as indicated elsewhere in this Act; however, this shall not preclude the placement of additional information into the budget books. For actual fiscal 2009 spending, the fiscal 2010 working appropriation, and the fiscal 2011 allowance, the budget detail shall be available from the Department of Budget and Management's (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher education institutions, subobject expenditures shall be designated by fund

for actual fiscal 2009 spending, the fiscal 2010 working appropriation, and the fiscal 2011 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available upon request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of the Treasury.

Further provided that due diligence shall be taken to accurately report full-time equivalent position counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee-employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS, with the allowance for each department, unit, agency, office, and institution, a one-page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

Explanation: This annual language provides for consistent reporting of fiscal 2009, 2010, and 2011 budget data, and provides for the submission of department, unit, agency, office, and institutions' organizational charts to the Department of Legislative Services with the allowance.

Amendment No. 207

Add the following section:

Section 33 Interagency Agreements

SECTION 33. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that on or before August 1, 2009, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2009 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum:

(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not-to-exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full-time and part-time, associated with the agreement; and

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2009, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000, that were in effect at any time during fiscal 2009.

Explanation: The language requires all State agencies and public institutions of higher education to report on all interagency agreements between State agencies and public institutions of higher education having a total potential expenditure over the term of the agreement in excess of $100,000. This applies only to agreements for the purchase of goods and/or services and does not apply to grants or space agreements between State agencies and public institutions of higher education. Further, it requires that DBM submit a consolidated report on all agreements by December 1, 2009, to the budget committees and the Department of Legislative Services.

Information Request	Author	Due Date
Consolidated report on all interagency agreements	DBM	December 1, 2009

Amendment No. 208

Add the following section:

Section 34 Budget Amendments

SECTION 34. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions:

Sections

(1) This section shall not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance;

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee; and

(c) appropriating funds for Major Information Technology Development Project Fund projects approved by the budget committees.

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until (i) that amendment has been submitted to the Department of Legislative Services (DLS) and (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of impact on budgeted or contractual position and payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:

(a) restore funds for items or purposes specifically denied by the General Assembly;

(b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of the Maryland Department of Transportation shall be restricted as provided in Section 1 of this Act;

(c) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to the Maryland Department of Transportation; and

(d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a Federal Fund Appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.

(7) Further provided that the fiscal 2010 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2010 and the supporting electronic detail shall not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the Maryland Department of Transportation pay-as-you-go capital program.

(8) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2011 allowance the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

Explanation: This revised annual language defines the process under which budget amendments may be used.

Amendment No. 209

Add the following section:

Section 35 Maintenance of Accounting Systems

SECTION 35. AND BE IT FURTHER ENACTED, That:

(1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2009 in program M00Q01.03 Medical Care Provider Reimbursements have been disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2009 to program R00A02.07 Students With Disabilities for Non-Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.

(3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2009 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year and to prepare the periodic reports required under this section for that program.

(4) For the programs specified, reports shall indicate total appropriations for fiscal 2009 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2009, March 1, 2010, and June 1, 2010.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2009 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

Explanation: This annual language requires the maintenance of accounting systems for certain programs, states the intent of the General Assembly that general funds not disbursed be reverted, and requires reporting of disbursements by the Department of Health and Mental Hygiene (DHMH), the Maryland State Department of Education (MSDE), and the Department of Human Resources (DHR).

Information Request	Authors	Due Date
Report on appropriations and disbursements in M00Q01.03, R00A02.07, and N00G00.01	DHMH MSDE DHR	November 1, 2009 March 1, 2010 June 1, 2010

Amendment No. 210

Add the following section:

Section 36 Secretary's or Acting Secretary's Nomination and Salary

SECTION 36. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2009 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2009 session.

Explanation: This language ensures that the intentions of the Senate are reflected in the payment of executive salaries.

Amendment No. 211

Add the following section:

Section 37 Position Reporting Requirement

SECTION 37. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2009, the Secretary of the Department of Budget and Management shall determine the total number of full-time equivalent (FTE) positions that are authorized as of the last day of fiscal 2009 and on the first day of fiscal 2010. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2009 and 2010 including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self supported activities, and the Maryland Correctional Enterprises.

The Department of Budget and Management shall also prepare during fiscal 2010 a report for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This report shall also be provided as an appendix in the fiscal 2011 Governor's budget books. It shall note, at the program level:

(1) where regular FTE positions have been abolished;

(2) where regular FTE positions have been created;

(3) from where and to where regular FTE positions have been transferred; and

(4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2010 Governor's budget books shall also be provided.

Explanation: This is annual language providing reporting requirements for regular and contractual State positions.

Sections

Report on the creation, transfer, or abolition of regular positions	Department of Budget and Management	As needed

Amendment No. 212

Add the following section:

Section 38 Executive Pay Plan Salaries

SECTION 38. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services' (DLS) Office of Policy Analysis:

(1) a report in Excel format listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 1, 2009, October 1, 2009, January 1, 2010, and April 1, 2010; and

(2) detail on any lump-sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier, which describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to DLS' Office of Policy Analysis.

Explanation: Legislation adopted during the 2000 session altered the structure of the EPP to give the Governor flexibility to compensate executives at appropriate levels within broad salary bands established for their positions, without reference to a rigid schedule of steps, and through other compensation methods such as a flat rate salary. These reports fulfill a requirement for documentation of any specific recruitment, retention, or other issues that warrant a pay increase.

Information Request	Authors	Due Date

Amendment No. 213

Add the following section:

Section 39 Positions Abolished in the Budget

SECTION 39. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position.

Explanation: This language prevents employees from being moved into positions abolished in the budget. It also allows that incumbents in abolished positions may continue State employment in another position.

Amendment No. 214

Add the following section:

Section 40 Accounting of Health Plan Receipts and Spending

SECTION 40. AND BE IT FURTHER ENACTED, That the Secretary of the Department of Budget and Management shall include as an appendix in the fiscal 2011 Governor's budget books an accounting of the fiscal 2009 actual, fiscal 2010 working appropriation, fiscal 2011 and fiscal 2012 estimated revenues and expenditures associated with the employees' and retirees' health plan. This accounting shall include:

(1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit and other miscellaneous recoveries;

(2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and

(3) any balance remaining and held in reserve for future provider payments.

Explanation: This language provides an accounting of the health plan revenues received and expenditures made on behalf of State employees and retirees.

Information Request	Author	Due Date
Accounting of the employee and retiree health plan revenues and expenditures	Department of Budget and Management	With submission of Governor's fiscal 2011 budget books

Amendment No. 215

Add the following section:

Section 41 Other Post Employment Benefit Expenditures

SECTION 41. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall create a statewide subobject to provide for budgeting in all fund accounts in individual agency budgets for Other Post Employment Benefits expenditures.

Explanation: This section provides for the continuing usage of a subobject to capture Other Post Employment Benefits expenditures.

Amendment No. 216

Add the following section:

Section 42 Maryland Aviation Administration Agreement

SECTION 42. AND BE IT FURTHER ENACTED, That any agreement made through any State agency, including all promotional contracts offering money to airlines for joint marketing services, contracts that waive certain airport fees, and agreements guaranteeing an airline's profit or return on sales, that involves the payment of funds to an airline that results in a reduction in revenue to the State from any fees, rent charges, or other types of revenue charged to an airline:

(1) may not be approved or go into effect unless the agreement is approved by the Board of Public Works, except if the Maryland Aviation Administration or the Maryland Department of Transportation is using a standard agreement previously approved by the Board of Public Works; and

(2) must be included in the Maryland Aviation Commission's annual report submitted to the General Assembly in accordance with Section 5-201.2 of the Transportation Article. The report shall include the total number of agreements reached during the previous fiscal year, the total number of airlines involved in the agreements, and the total dollar amount for that fiscal year relating to those agreements. These summary reports shall be provided separately for agreements relating to fee waivers, joint marketing services, and agreements that guarantee an airline's profit or return on sales.

Further provided that all agreements guaranteeing an airline's profit or return on sales may not be entered into unless the executive director of the Maryland Aviation Administration or the Secretary of the Maryland Department of Transportation advises the chair of the Senate Budget and Taxation Committee, the chair of the Public Safety, Transportation, and Environment Subcommittee, the chair of the House Appropriations Committee, the chair of the Transportation and Environment Subcommittee, and the Department of Legislative Services of the proposed agreement.

Explanation: This language has been added to the past two budget bills in response to a 2006 audit of the Maryland Aviation Administration that found that an agreement had been entered into guaranteeing a certain level of profit to an airline, and that unbeknownst to the General Assembly, it was a potential liability of the Transportation Trust Fund of up to $5.5 million annually.

Information Request	**Author**	**Due Date**
Report summarizing all agreements with airlines concerning fee waivers, joint marketing services, and profit guarantees	Maryland Aviation Commission	January 15, 2010

Amendment No. 217

Add the following section:

Section 43 Workers' Compensation Assessments

SECTION 43. AND BE IT FURTHER ENACTED, That the funding of the State Employees Risk Management Administration included in the State's workers' compensation assessment from the Injured Workers' Insurance Fund (subobject 0175) shall be reduced in fiscal 2010 by the following amounts:

Sections

Department	Fund	Amount
Executive	General	392,413
Executive	Special	168,404
Executive	Federal	27,618
Executive	Current Unrestricted	14,795
Executive	Current Restricted	16,526
Judiciary	General	6,282
Legislative	General	296

Explanation: This language provides for a reduction of all funding associated with the State Employees Risk Management Administration (SERMA) program, which is currently included in the statewide assessment for workers' compensation claim administration paid to the Injured Workers' Insurance Fund (IWIF) through all agency budgets. Reimbursable funds of $1,217 and nonbudgeted funds of $539 – though not explicitly budgeted – will also be reduced as a consequence of this action. The total estimated fiscal 2010 reduction is $628,091.

Amendment No. 218

Add the following section:

Section 44 Reduction in Cell Phone Expenditures

SECTION 44. AND BE IT FURTHER ENACTED, That funding for cell phone expenditures (statewide subobject 0306) shall be reduced as follows:

Fund	Amount
General	$479,517
Special	364,892
Federal	150,362
Reimbursable	11,225
Nonbudgeted	2,935
Higher Education	409,847

The Governor shall develop a schedule for allocating this reduction across the various State agencies and across all funds based upon State agency use. In reducing higher education funds, all of the reduction shall be derived from State general fund support under Program R75T00.01.

Explanation: The section reduces funding for cell phone and other expenditures budgeted in statewide subobject 0306 by 20%. There are currently 12,500 cell phone users covered under the State contract.

Amendment No. 219

Add the following language:

Section 45 Interoperable Case Management System

SECTION 45. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended for the further development of the Case Management Modernization Project and the Offender Case Management System until the Judiciary and the Department of Public Safety and Correctional Services (DPSCS) develop a common State identifier for each offender.

Further provided that the Criminal Justice Information Advisory Board shall address the formulation of an interoperable case management system and submit a report to the budget committees, with bi-annual submissions thereafter, addressing the following provisions:

(1) the process and projected timeline for establishing a mechanism that allows the real-time transfer of information between the Judiciary and DPSCS;

(2) initial and ongoing cost savings resulting from the establishment of a common identifier and real-time data sharing; and

(3) the joint development and submission of reports providing long-term criminal justice system trend data (e.g., the number of individuals sentenced for certain offenses, the number of nolle prosequi dispositions, and the number of individuals sentenced to probation).

Further provided that on November 1, 2009, and annually thereafter, the Criminal Justice Information Advisory Board shall develop and submit a Joint Case Management Interoperability Information Technology (IT) Plan. The IT plan shall discuss the interoperability status of the IT systems currently under development by the Judiciary and DPSCS as well as whether any consideration has been given toward developing interoperable IT systems for new systems contemplated in the future.

The budget committees shall have 45 days to review and comment following receipt of the report.

Explanation: This action prohibits the Judiciary and DPSCS from expending funds related to the further development of their respective information technology systems until a common State identifier is developed for each offender. It also requires the Criminal Justice Information Advisory Board to submit periodic status reports. The board is tasked with establishing a

mechanism for the real-time transfer of information between the parties; identifying potential cost savings resulting from changes in the way information is tracked and shared between the parties; and developing reports providing long-term criminal justice trend data. Lastly, the language requires the development of a Joint Case Management Interoperability Information Technology Plan.

Joint Case Management Interoperability Information Technology Plan	Criminal Justice Information Advisory Board	With the submission of the fiscal 2011 allowance and annually thereafter

Amendment No. 220

Add the following language:

Section 46 Chesapeake Bay Restoration Expenditures

SECTION 46. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Governor's fiscal 2011 budget books include separately a summary of Chesapeake Bay restoration expenditures by agency and fund. The Department of Budget and Management (DBM) shall include the fiscal 2009 actual, fiscal 2010 working appropriation, and fiscal 2011 allowance for programs that have over 50% of their activities directly related to Chesapeake Bay restoration. Further provided that DBM should provide to the Department of Legislative Services (DLS) the same data disaggregated by program in an electronic format subject to the concurrence of DLS.

Explanation: The fiscal 2009 Governor's budget books contain Appendix Q: Summary of Chesapeake Bay Restoration Expenditures by Agency. Appendix Q provides an overview of Chesapeake Bay restoration funding across State agencies, which is helpful for understanding the scope and scale of the State's commitment of resources to bay restoration. However, this data is not contained in the fiscal 2010 Governor's budget books. Therefore, a revised version of the data presented in Appendix Q should be included in the fiscal 2011 Governor's budget books. The data should show the fiscal 2009 actual, fiscal 2010 working appropriation, and fiscal 2011 allowance for programs that have over 50% of their activities directly related to Chesapeake Bay restoration. The data should be presented separately by agency and fund. The agency presentation is to be modeled on Appendix Q in the fiscal 2009 Governor's budget books. In addition, DBM should provide to DLS the same data disaggregated by program in an electronic format subject to the concurrence of DLS.

Amendment No. 221

Add the following section:

Section 47 Office of the People's Counsel Performance

SECTION 47. AND BE IT FURTHER ENACTED, That $200,000 of the appropriation made for the purpose of the Office of People's Counsel (C91H00) and $200,000 of the appropriation made for the purpose of the Public Service Commission (C90G00) may not be expended until the Office of People's Counsel and Public Service Commission submit a report to the budget committees. The report shall include:

(1) the cause of the decreased performance for the Office of People's Counsel in the area of complaints and terminations resolved successfully between fiscal 2007 and 2008;

(2) the relatively low estimates of the Office of People's Counsel for the complaints and terminations resolved successfully for fiscal 2009 and 2010;

(3) the role of the Office of People's Counsel in examining the transactions of Constellation Energy Group with MidAmerican Energy Holdings Company and EDF Development Inc.; and

(4) the actions the Public Service Commission and Office of People's Counsel have taken, or intend to take, regarding issues of termination and arrearages for residential customers in fiscal 2009 and 2010 with a plan to provide relief to these customers.

The budget committees shall have 45 days from the receipt of the report to review and comment.

Explanation: This language withholds $200,000 of the appropriation for the Office of People's Counsel (OPC) and Public Service Commission (PSC) until a report is submitted on the reasons for decreased performance in the area of complaints and terminations resolved successfully for OPC between fiscal 2007 and 2008, the relatively low estimates for performance in this area for OPC in fiscal 2009 and 2010, the role of OPC in examining the recent transactions and terminated transactions of Constellation Energy Group, and the actions PSC and OPC have taken or intend to take regarding the issues of termination and arrearages for residential customers in fiscal 2009 and 2010.

Amendment No. 222

Add the following section:

Section 48 Maryland State Firemen's Association Grant Program

SECTION 48. AND BE IT FURTHER ENACTED, That $500,000 of the General Fund Appropriation for the Department of Budget and Management (DBM) and $500,000 of the General Fund Appropriation for the Military Department made for the purpose of general operating expenses may not be expended until DBM and the Military Department provide, within the submission of the fiscal 2011 budget volumes, the line item detail for the revenues and expenditures associated with the Maryland State Firemen's Association grant program. The submission shall include line item detail for the administrative expenses, the Trustee's Relief Account (Widows and Orphans Fund), and the Volunteer Company Assistance Fund's grants and loans. The submission shall include the revenue sources that support each expenditure and 3 years of detail showing the most recent actual expenditure, the current year working appropriation, and the allowance.

The budget committees shall have 45 days from the date of receipt of the report to review and comment.

Explanation: This language restricts funds until DBM and the Military Department clearly enumerate the expenditures and the revenue sources for the Maryland State Firemen's Association grant program in the fiscal 2011 budget volumes.

Information Request	Authors	Due Date

Amendment No. 223

Sections

Add the following section:

Section 49 Homeland Security Spending

SECTION 49. AND BE IT FURTHER ENACTED, That beginning on December 31, 2009, and annually thereafter, the Governor's Office of Homeland Security (GOHS), with the assistance of the Maryland Emergency Management Agency, the Department of Health and Mental Hygiene, the Department of State Police, and the Maryland Department of Transportation shall submit a report to the budget committees that details spending related to homeland security (by agency and by funding source) for the most recent federal fiscal year. At a minimum, the report shall include the amount of the funding pass-through to local jurisdictions (by county). The report shall also include a listing of the homeland security projects for which funding was expended and a description as to how these projects correspond to the 12 core goals for emergency preparedness (Interoperable Communications, Intelligence/ Information Sharing and Collaboration Capabilities, Hazmat/Explosive Device Response, Personal Protective Equipment for First Responders, Biosurveillance, Vulnerability Assessment, Exercise Evaluation and Training, Closed Circuit Television Network, Mass Casualty/Hospital Surge, Planning, Backup Power and Communications, and Transportation Security). The report shall also summarize the progress made toward achieving the 12 core goals. Prior to developing the report, GOHS shall consult with the Department of Legislative Services in determining appropriate data and information to include in the report.

Explanation: This language requires GOHS, in conjunction with the Maryland Emergency Management Agency (MEMA), the Department of Health and Mental Hygiene (DHMH), the Department of State Police (DSP), and the Maryland Department of Transportation (MDOT) to submit a report detailing annual expenditures for homeland security. The report should also include a summary of the State's progress toward achieving the 12 core goals of emergency preparedness, including a listing of the homeland security projects for which funding was expended. GOHS should consult with the Department of Legislative Service prior to preparing the report.

Amendment No. 224

Sections

Add the following section:

Section 50 Evidence-based Services for Youthful Offenders

SECTION 50. AND BE IT FURTHER ENACTED, That on or before October 1, 2009, the Department of Health and Mental Hygiene shall submit an application to the Centers for Medicare and Medicaid Services to amend the State Medical Assistance Program to allow the department to receive federal matching funds for evidence-based services provided to youthful offenders including, but not limited to, multi-systemic therapy, functional family therapy, and multi-dimensional treatment foster care.

If the department is not allowed to amend the State Medical Assistance Program to receive federal matching funds for services provided only to youthful offenders, the department shall, within 30 days of any decision by the Centers for Medicare and Medicaid Services, submit to the budget committees, the House Health and Government Operations Committee, and the Senate Finance Committee a cost estimate for amending the State Medical Assistance Program to allow the receipt of federal matching funds for evidence-based services to any eligible population.

If the department is allowed to amend the State Medical Assistance Program to allow the receipt of federal matching funds for evidence-based services provided to youthful offenders, the general funds for those services may be transferred by budget amendment from the Department of Juvenile Services (Program V00) to the Mental Hygiene Administration (Program M00L01.03).

Explanation: The language requires the Department of Health and Mental Hygiene (DHMH) to submit an application to receive federal funds for evidence-based services to youthful offenders. If the application is rejected, DHMH is asked to submit a report on the cost of adding those services to Medicaid for all eligible individuals.

Information Request	Author	Due Date
Evidence-based services for youthful offenders	DHMH	Within 30 days of an rejection of an application to the Centers for Medicare and Medicaid Services to amend the State Medical Assistance Program

Amendment No. 225

Sections

Add the following section:

Section 51 The "Rule of 150"

SECTION 51. AND BE IT FURTHER ENACTED, That the Board of Public Works, in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 150 positions in excess of the total number of authorized State positions on July 1, 2009, as determined by the Secretary of the Department of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 150 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, the Board of Public Works may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of men, which are necessary to protect the health and safety of the people of Maryland.

The Board of Public Works may authorize the creation of additional positions within the Executive Branch provided that 1.25 full-time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in a contractual position for at least two years. Any position created by this method shall not be counted within the limitation of 150 under this section.

In addition to any positions created within the limitation of 150 under this section, the Board of Public Works may authorize the creation of no more than 150 positions within the Department of Human Resources to provide services purchased by Local Management Boards through contracts with local departments of social services. If a Local Management Board terminates a contract with a local department of social services during the fiscal year, all the positions created by the Board of Public Works to provide services under the terms of that contract shall be abolished.

In addition to any positions created within the limitation of 150 under this section, the Board of Public Works may authorize the creation of positions within the Department of Human Resources to provide services funded by grants from sources other than Local Management Boards. If any grant entity terminates a grant award with a local department of social services or other unit during the fiscal year, all positions created by the Board of Public Works to provide services under the terms of the grant award shall be abolished. The employee contracts for these positions shall explicitly state that the positions are abolished at the termination of the grant award. General funds or any other State funds shall not be used to pay any of the salaries or benefits for these positions. Furthermore, the Department of Human Resources must provide a summary to the budget committees by December 1 of each year on the number of positions created under this section.

Sections

The numerical limitation on the creation of positions by the Board of Public Works established in this section shall not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of the Department of Budget and Management certify for each position created under this exception that:

(1) funds are available from non-State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non-State funds are no longer available.

The Secretary of the Department of Budget and Management shall certify and report to the General Assembly by June 30, 2010, the status of positions created with non-State funding sources during fiscal 2006, 2007, 2008, 2009, and 2010 under this provision as remaining authorized or abolished due to the discontinuation of funds.

Explanation: This language, the "Rule of 150," limits the number of positions that may be added after the beginning of the fiscal year to 150 and provides for exceptions to the limit.

HOUSE APPROPRIATIONS COMMITTEE REPRINT

HOUSE BILL 100

B1 9lr1587

By: **The Speaker (By Request – Administration)**
Introduced and read first time: January 21, 2009
Assigned to: Appropriations and Budget and Taxation

A BILL ENTITLED

Budget Bill

(Fiscal Year 2010)

AN ACT for the purpose of making the proposed appropriations contained in the State Budget for the fiscal year ending June 30, 2010, in accordance with Article III, Section 52 of the Maryland Constitution; and generally relating to appropriations and budgetary provisions made pursuant to that section.

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That subject to the provisions hereinafter set forth and subject to the Public General Laws of Maryland relating to the Budget procedure, the several amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be disbursed for the several purposes specified for the fiscal year beginning July 1, 2009, and ending June 30, 2010, as hereinafter indicated.

PAYMENTS TO CIVIL DIVISIONS OF THE STATE

SUMMARY

Total General Fund Appropriation	76,687,618
Total Special Fund Appropriation	100,000
Total Appropriation	76,787,618

JUDICIARY

Provided that a reduction of $6,155,223 is made for Other Post Employment Benefits (comptroller subobject 0157). This reduction shall be allocated among the divisions according to the following fund types:

2

Fund	Amount
General	$5,672,685
Special	$396,976
Federal	$85,562

Further provided that a reduction of $3,683,552 is made for regular earnings (comptroller subobject 0101). This reduction shall be allocated among the divisions according to the following fund types:

3

Fund	Amount
General	$3,500,418
Special	$183,134

Further provided that 11 positions are abolished and a $661,634 reduction is made for the deletion of vacant positions (comptroller subobjects 0101, 0151, 0161, and 0189). This reduction shall be allocated among the following divisions and fund types:

4

Fund	Program	Amount
General	C00A00.04	$104,941
	C00A00.09	$278,870
	C00A00.10	$155,290
Special	C00A00.09	$50,145
	C00A00.10	$36,730
Federal	C00A00.10	$35,658

Further provided that the Judiciary shall develop organizational charts for each of

5

its programs providing the allocation of regular and contractual positions in each program. A report shall be submitted to the budget committees by November 1, 2009, and annually thereafter with the submission of the Judiciary's budget request. The report shall include a list of all vacant positions, the length of the vacancy, and the job title.

Further provided that a $5,679,452 reduction is made for operating expenditures. This reduction shall be allocated among the following divisions and fund types:

6

Fund	Program	Comptroller Subobject	Amount
General	C00A00.03	1202	$210,000
	C00A00.04	0301	$631,987
	C00A00.04	0302	$42,036
	C00A00.04	0303	$194,000
	C00A00.04	0305	$233,045
	C00A00.04	0306	$21,949
	C00A00.04	0322	$175,167
	C00A00.04	0891	$289,525
	C00A00.04	0912	$236,861
	C00A00.06	0819	$280,133
	C00A00.06	0828	$108,511
	C00A00.06	0891	$122,545
	C00A00.08	1206	$380,000

General Fund Appropriation, provided that the amount appropriated herein for Maryland Environmental Service critical maintenance projects shall be transferred to the appropriate State facility effective July 1, 2009	10,689,401	
Special Fund Appropriation	409,972	11,099,373

Funds are appropriated in other agency budgets and authorizations for capital projects to pay for services provided by this program. Authorization is hereby granted to use an amount not to exceed $2,500,000 of these receipts as special funds for operating expenses in this program provided, however, that authorizations for capital projects may not provide more than $1,750,000 for this purpose.

DEPARTMENT OF TRANSPORTATION

48

It is the intent of the General Assembly that projects and funding levels appropriated for capital projects, as well as total estimated project costs within the Consolidated Transportation Program (CTP), shall be expended in accordance with the plan approved during the legislative session. The department shall prepare a report to notify the budget committees of the proposed changes in the event the department modifies the program to:

(1) add a new project to the construction program or development and evaluation program meeting the definition of a "major project" under Section 2–103.1 of the Transportation Article that was not previously contained within a plan reviewed in a prior year by the General Assembly and will result in the need to expend funds in the current budget year; or

(2) change the scope of a project in the construction program or development and evaluation program meeting the definition of a "major project" under Section 2-103.1 of the Transportation Article that will result in an increase of more than 10% or $1,000,000, whichever is greater, in the total project costs as reviewed by the General Assembly during a prior session.

For each change, the report shall identify the project title, justification for adding the new project or modifying the scope of the existing project, current year funding levels, and the total project cost as approved by the General Assembly during the prior session compared with the

proposed current year funding and total project cost estimate resulting from the project addition or change in scope.

Notification of changes in scope shall be made to the General Assembly concurrent with the submission of the draft and final CTP. Notification of new construction project additions, as outlined in paragraph (1) above, shall be made to the General Assembly prior to the expenditure of funds or the submission of any contract for approval to the Board of Public Works.

It is the intent of the General Assembly that funds dedicated to the Transportation Trust Fund shall be applied to purposes bearing direct relation to the State transportation program, unless directed otherwise by legislation. To implement this intent for the Maryland Department of Transportation (MDOT) in fiscal 2010, no commitment of funds in excess of $250,000 may be made nor such an amount may be transferred, by budget amendment or otherwise, for any project or purpose not normally arising in connection with the ordinary ongoing operation of MDOT and not contemplated in the approved budget or the last published Consolidated Transportation Program without 45 days of review and comment by the budget committees.

49

Provided that the Maryland Department of Transportation (MDOT) shall not expend funds on any job or position of employment approved in this budget in excess of 9,079.5 positions and 168.59 contractual full–time equivalents paid through special payments payroll (defined as the quotient of the sum of the hours worked by all such employees in the fiscal year divided by 2,080 hours) of the total authorized amount established in the budget for MDOT at any one time during fiscal 2010. The level of contractual full-time equivalents may be exceeded

50

only if MDOT notifies the budget committees of the need and justification for additional contractual personnel due to:

(1) business growth at the Helen Delich Bentley Port of Baltimore or Baltimore/Washington International Thurgood Marshall Airport which demands additional personnel; or

(2) emergency needs that must be met (such as transit security or highway maintenance).

The Secretary shall use the authority under Sections 2–101 and 2–102 of the Transportation Article to implement this provision. However, any authorized job or position to be filled above the regular position ceiling approved by the Board of Public Works shall count against the Rule of 150 imposed by the General Assembly. The establishment of new jobs or positions of employment not authorized in the fiscal 2010 budget shall be subject to Section 7–236 of the State Finance and Procurement Article and the Rule of 150.

Further provided that 55 regular positions are abolished in the Maryland Department of Transportation (MDOT) budget and that $4,000,000 in special funds is reduced effective July 1, 2009. It is the intent of the General Assembly that these positions be reduced from the pool of vacant positions, and that the number of positions in this budget shall be reduced by 55 regular positions and that MDOT may allocate these reductions among the various personnel classifications and the modes as appropriate. In addition, MDOT shall submit a report to the budget committees by June 15, 2009, which details which positions were abolished by the Administration, the amount of savings, if each position was vacant, and

51

the impact of the reductions on the operations. The budget committees shall have 45 days to review and comment on the report from the time of submission.

Further provided that the Maryland Department of Transportation shall submit a revised financial forecast to the budget committees no more than 3 days after the Board of Revenue Estimates releases its March 2010 revenue estimate. The revised financial forecast shall include information on the last actual full fiscal year and the subsequent 6 fiscal years as well as the following: 52

(1) a schedule of operating expenses for each specific modal administration;

(2) a schedule of revenues, including tax and fee revenues, deductions from revenues for other agencies, department program and fees, Motor Vehicle Administration cost recovery, deductions for highway user revenues, operating revenues by modal administration, and miscellaneous revenues; and

(3) a summary schedule for the Transportation Trust Fund that includes the opening and closing Fund balance, revenues, transfers, bond sales, bond premiums, any other revenues, expenditures for debt service, operating expenses, amounts available for capital expenses, bond interest rates, bond coverage ratios, total bonds outstanding, federal capital aid, and the total amount for the Transportation Capital Program.

Further provided that the Maryland Department of Transportation (MDOT) shall submit a report to the budget committees by September 1, 2009, that 53

outlines which projects, by mode, were reduced as a result of the special fund reduction to the capital budget in fiscal 2009 and 2010 as identified by MDOT in its March 2009 financial forecast. The report shall also detail how any federal funds from the special fund capital reductions were reallocated in fiscal 2009 or 2010.

DEBT SERVICE REQUIREMENTS

57 Provided that Consolidated Transportation Bonds may be issued in any amount provided that the aggregate outstanding and unpaid balance of these bonds and bonds of prior issues shall not exceed $1,830,010,000 as of June 30, 2010. Provided, however, that the debt service will be reduced by any proceeds generated from net bond sale premiums. To achieve this reduction, the Maryland Department of Transportation may either use projected proceeds from bond sale premiums to reduce the size of the bond issuance or apply the proceeds from the premium to debt service for that bond issuance provided that those revenues are recognized by the department and reflected in the Transportation Trust Fund forecast.

58 Further provided that the total aggregate outstanding and unpaid principal balance of nontraditional debt, defined as any debt

instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond issued by the Maryland Department of Transportation (MDOT), may not exceed $661,810,000 as of June 30, 2010. Provided, however, that in addition to the limit established under this provision, MDOT may increase the aggregate outstanding unpaid and principal balance of nontraditional debt so long as:

(1) MDOT provides notice to the Senate Budget and Taxation Committee and the House Appropriations Committee stating the specific reason for the additional issuance and providing specific information regarding the proposed issuance, including information specifying the total amount of nontraditional debt that would be outstanding on June 30, 2010, and the total amount by which the fiscal 2010 debt service payment for all nontraditional debt would increase following the additional issuance; and

(2) the Senate Budget and Taxation Committee and the House Appropriations Committee have 45 days to review and comment on the proposed additional issuance before the publication of a preliminary official statement. The Senate Budget and Taxation Committee and the House Appropriations Committee may hold a public hearing to discuss the proposed increase and must signal their intent to hold a hearing within 45 days of receiving notice from MDOT.

Further provided that the Maryland Department of Transportation (MDOT) shall submit with its annual September

59

and January financial forecasts information on (1) anticipated and actual nontraditional debt outstanding as of June 30 of each year; and (2) anticipated and actual debt service payments for each outstanding nontraditional debt issuance from fiscal 2009 through 2020. Nontraditional debt is defined as any debt instrument that is not a Consolidated Transportation Bond or a Grant Anticipation Revenue Vehicle bond; such debt includes, but is not limited to, Certificates of Participation, debt backed by customer facility charges, passenger facility charges, or other revenues, and debt issued by the Maryland Economic Development Corporation or any other third party on behalf of MDOT.

MARYLAND PORT ADMINISTRATION

64

Provided that the Maryland Port Administration (MPA) may not enter into a public-private partnership of Seagirt Marine Terminal without providing the General Assembly ample time to review the proposed agreement. Therefore, the General Assembly requires a report from MPA:

(1) not less than 30 days before issuing a request for qualifications related to a public-private partnership arrangement, subject to Section 2-1246 of the State Government Article. The report shall include a summary of the proposed document to be used for solicitation of the public-private partnership arrangement; and

(2) not less than 30 days before entering into any public-private partnership arrangement, subject to Section 2-1246 of the State Government Article, MPA shall provide a description of the proposed public–private partnership and a financing plan, including:

(A) the length of the proposed lease;

(B) the scope of payments to MPA from the proposed public-private partnership arrangement;

(C) a cost–benefit analysis of the proposed public-private partnership arrangement;

(D) evidence of the financial stability of the private partner;

(E) requirements pertaining to the ongoing operation and

1 maintenance of the facility
2 and contract oversight;

3 (F) requirements pertaining to
4 capital investment in the
5 facility and timeline for
6 completion of that
7 investment;

8 (G) a description of performance
9 measures utilized in the
10 contract, as well as actions
11 that may be taken if
12 performance goals are not
13 met;

14 (H) information on the
15 ownership and nationality of
16 the private partner;

17 (I) the estimated dollar amount
18 of any bonds, including
19 private activity bonds, to be
20 used to finance the public–
21 private partnership and the
22 estimated impact of the
23 issuance of the bonds on the
24 bonding capacity of the
25 Maryland Department of
26 Transportation or other
27 issuing entity;

Special Fund Appropriation	38,045,265	

Provided that of the Special Fund Allowance, $31,896,189 represents that share of Program Open Space Revenues available for State projects and $6,149,076 represents that share of Program Open Space Revenues available for local programs. These amounts may be used for any State projects or local share authorized in Chapter 403, Laws of Maryland, 1969 as amended, or in Chapter 81, Laws of Maryland, 1984; Chapter 106, Laws of Maryland, 1985; Chapter 109, Laws of Maryland, 1986; Chapter 121, Laws of Maryland, 1987; Chapter 10, Laws of Maryland, 1988; Chapter 14, Laws of Maryland, 1989; Chapter 409, Laws of Maryland, 1990; Chapter 3, Laws of Maryland, 1991; Chapter 4, 1st Special Session, Laws of Maryland, 1992; Chapter 204, Laws of Maryland, 1993; Chapter 8, Laws of Maryland, 1994; Chapter 7, Laws of Maryland, 1995; Chapter 13, Laws of Maryland, 1996; Chapter 3, Laws of Maryland, 1997; Chapter 109, Laws of Maryland, 1998; Chapter 118, Laws of Maryland, 1999; Chapter 204, Laws of Maryland, 2000; Chapter 102, Laws of Maryland, 2001; Chapter 290, Laws of Maryland, 2002; Chapter 204, Laws of Maryland, 2003; Chapter 432, Laws of Maryland, 2004; Chapter 445, Laws of

Maryland, 2005; Chapter 46, Laws of Maryland, 2006; Chapter 488, Laws of Maryland, 2007; Chapter 336, Laws of Maryland, 2008; and for any of the following State and Local Projects.

Further provided that, contingent upon the enactment of legislation, $1,217,000 of this appropriation for State land acquisition may be transferred to other programs within the department for administrative expenses.

Allowance, Local Projects $6,149,076
Land Acquisitions $12,552,419

Department of Natural Resources Capital Improvements:
Harriet Tubman Underground Railroad State Park – Visitor Center and Site Improvements ..$4,409,107
Critical Maintenance Program $1,250,000
Dam Rehabilitation Program $500,000

Subtotal $6,159,107

Heritage Conservation Fund $1,372,411

Rural Legacy $11,812,252

Allowance, State Projects $31,896,189

Federal Fund Appropriation 10,984,000 49,029,265

Notwithstanding the appropriations above, the Special Fund Appropriation for the Outdoor Recreation Land Loan shall be reduced by $33,955,854 contingent on the enactment of HB 101 or SB 166 crediting $33,955,854 of the transfer tax revenues to the General Fund and further contingent on the 2009 Maryland Consolidated Capital Bond Loan providing general obligation bond authorizations in

73

1 an amount sufficient to fully replace the
2 diverted transfer tax revenues. The
3 reduction shall be distributed in the
4 following manner:

5 Program Open Space – State Acquisition	9,835,419
6 Rural Legacy	11,812,252
7 Program Open Space – Local Share	6,149,076

General Fund Appropriation, provided that this appropriation shall be reduced by $14,800,000 contingent on enactment of legislation reducing funding for existing programs supported by the Cigarette Restitution Fund by $14,800,000. Authorization is hereby provided to process a Special Fund budget amendment of up to $14,800,000 to support the Breast and Cervical Cancer Diagnosis and Treatment Program.

Further provided that $665,000 of this appropriation made for the Office of Minority Health and Health Disparities to reduce infant mortality may not be expended for that purpose but instead 86

may only be used to fund ongoing grants in the Babies Born Healthy Initiative. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose and shall revert to the General Fund. Also, the Office of Minority Health and Health Disparities shall work in collaboration with the Babies Born Healthy Initiative to reduce the rate of infant mortality in the State and make the best use of the State's funding. The Department of Health and Mental Hygiene shall report to the budget committees by November 1, 2009, to provide a status report on both infant mortality programs, the allocation of grant funding, and the collaborative efforts of the Office of Minority Health and Health Disparities and the Babies Born Healthy Initiative 27,544,683

Special Fund Appropriation, provided that this appropriation shall be reduced by $5,400,000 contingent on enactment of legislation reducing funding from the Cigarette Restitution Fund to Academic Health Centers.

Further provided that this appropriation shall be reduced by $13,828,224 and 5 positions contingent on enactment of legislation reducing funding from the Cigarette Restitution Fund to tobacco programs 48,363,629

Funds are appropriated in other agency budgets to pay for services provided by this program. Authorization is hereby granted to use these receipts as special funds for operating expenses in this program.

MENTAL HYGIENE ADMINISTRATION

89

It is the intent of the General Assembly that community mental health and substance abuse services currently provided at the Walter P. Carter Community Mental Health Center in Baltimore City be preserved either at that facility or at another site in Baltimore City after the proposed closure of State–operated psychiatric bed capacity at the Carter Center on October 1, 2009.

Further provided that $10,000,000 in general funds appropriated for the purpose of providing inpatient care at the State–run psychiatric facilities may not be expended until the Department of Health and Mental Hygiene submits a report to the budget committees concerning the proposed closure of State–operated

psychiatric bed capacity at the Carter Center on October 1, 2009. Specifically, the report shall detail:

(1) the placement of State employees at the Carter Center on September 30, 2009, into other State regular positions including what retraining and other placement assistance has been offered, what transportation assistance has been offered to those employees offered jobs at Perkins hospital, and what hiring freeze exemptions have been granted for positions for which these employees are eligible;

(2) the status of the proposed move of the University of Maryland outpatient mental health clinic and the Program of Assertive Community Treatment from the Carter Center to 701 Pratt Street including whether mental health services have been expanded and the renaming of the facility;

(3) the status of the proposed relocation of the outpatient methadone program and outpatient alcohol and drug treatment clinic currently located at the Carter Center and funded by the Baltimore Substance Abuse System;

(4) the status of the 20 crisis beds currently funded at the Carter Center by Baltimore Mental Health Systems;

(5) agreements with other community hospitals and private psychiatric hospitals to serve civil admissions in Baltimore City;

(6) how forensic admissions from Baltimore City that are currently

1 served by the Carter Center will be
2 served; and

3 (7) plans for the Carter Center after
4 fiscal 2010.

5 The department shall submit the report by
6 December 15, 2009, and the budget
7 committees shall have 45 days to review
8 and comment. Funds restricted pending
9 the receipt of a report may not be
10 transferred by budget amendment or
11 otherwise to any other purpose, and shall
12 revert to the General Fund if the report is
13 not submitted to the budget committees.

14 Further provided, it is the intent of the
15 General Assembly that any additional
16 revenue generated from the movement of
17 the University of Maryland outpatient
18 mental health clinic and the Program of
19 Assertive Community Treatment from the
20 Carter Center to 701 Pratt Street shall be
21 used to expand community mental health
22 services. The University of Maryland
23 School of Medicine is requested to report
24 to the budget committees by January 15,
25 2010, on any additional revenues
26 generated and/or forecasted from this
27 move and the expansion and/or
28 anticipated expansion of community
29 mental health services.

M00Q01.03 Medical Care Provider Reimbursements

95

Provided that all appropriations for program M00Q01.03 are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose. Funds not expended for these purposes shall revert to the General Fund.

General Fund Appropriation, provided that no part of this general fund appropriation may be paid to any physician or surgeon or any hospital, clinic, or other medical facility for or in connection with the performance of any abortion, except upon certification by a physician or surgeon, based upon his or her professional judgment that the procedure is necessary, provided one of the following conditions exists: where continuation of the pregnancy is likely to result in the death of the woman; or where the woman is a victim of rape, sexual offense, or incest which has been reported to a law enforcement agency or a public health or social agency; or where it can be ascertained by the physician with a reasonable degree of medical certainty that the fetus is affected by genetic defect or serious deformity or abnormality; or where it can be ascertained by the physician with a reasonable degree of medical certainty that termination of

pregnancy is medically necessary because there is substantial risk that continuation of the pregnancy could have a serious and adverse effect on the woman's present or future physical health; or before an abortion can be performed on the grounds of mental health there must be certification in writing by the physician or surgeon that in his or her professional judgment there exists medical evidence that continuation of the pregnancy is creating a serious effect on the woman's present mental health and if carried to term there is a substantial risk of a serious or long lasting effect on the woman's future mental health.

Further provided that this appropriation shall be reduced by $9,000,000 contingent on enactment of the Maryland False Claims Act of 2009 and shall be reduced by $1,000,000 contingent on enactment of the Health Program Integrity and Recovery Act of 2009.

Further provided that the appropriation for the Primary Adult Care Program shall be reduced by $9,100,000 contingent on enactment of legislation that authorizes the use of Special Funds ~~provided by a nonprofit health service plan~~ <u>from the Community Health Resources Commission Fund</u> for this purpose.

96

Further provided that the appropriation relating to inpatient hospital costs shall be reduced by $4,500,000 contingent on enactment of legislation authorizing the use of Special Funds currently dedicated to the Maryland Health Insurance Plan for this purpose, and shall be reduced by $9,000,000 contingent on enactment of legislation allowing the use of hospital assessment funding for this purpose in fiscal year 2010.

Further provided that this appropriation shall be reduced by $4,428,224 contingent

on enactment of legislation reducing funding for existing programs supported by the Cigarette Restitution Fund by $4,428,224. Authorization is hereby provided to process a Special Fund budget amendment of up to $4,428,224 to support the Medical Assistance Program.

Further provided that $100,000 of this appropriation made for the purpose of provider reimbursements may not be expended until the Department of Health and Mental Hygiene and the Department of Human Resources submit a report to the budget committees on the determined scope of work for updating the Medicaid Management Information System and the medical care programs' eligibility systems. In addition, the report shall include the rationale for updating the eligibility systems to the determined level. The report shall be submitted by December 1, 2009, and the budget committees shall have 45 days to review and comment. **97**

Further provided that $425,000 of this appropriation made for the purpose of funding the managed care organizations' quality incentive pool, may not be expended for that purpose but instead may only be used for the purpose of providing a grant, not to exceed $425,000, to the Maryland Medbank Program under Section 15–124.2 of the Health – General Article. Funds not expended for this restricted purpose may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund. **98**

Further provided that this appropriation shall be reduced by $53,500,000 contingent on enactment of HB 101 or SB 166 containing a provision authorizing the use of Special Funds from the Health Care Coverage Fund for this purpose in fiscal 2010 ..... ~~2,004,705,818~~ 2,001,080,818 **99** **100**

DEPARTMENT OF HUMAN RESOURCES

Provided that no funds in this budget may be expended for the purpose of implementing or operating a system of local departments of social services that would result in a consolidation or regionalization of the departments or of the administrative functions performed within a jurisdiction until the Department of Human Resources submits a report to the budget committees on: 104

(1) the impact on clients of local departments of social services;

(2) the fiscal impact;

(3) the impact on personnel; and

(4) the reason for the change in administration.

The budget committees shall have 45 days for review and comment from receipt of the report.

N00G00.01 Foster Care Maintenance Payments

108

Provided that all appropriations provided for program N00G00.01 Foster Care Maintenance Payments are to be used only for the purposes herein appropriated, and there shall be no budgetary transfer to any other program or purpose except that funds may be transferred to program

1 N00G00.03 Child Welfare Services. Funds
2 not expended or transferred shall revert to
3 the General Fund or be cancelled.

4 General Fund Appropriation, provided that
5 funds appropriated herein may be used to
6 develop a broad range of services to assist
7 in returning children with special needs
8 from out–of–state placements, to prevent
9 unnecessary residential or institutional
10 placements within Maryland and to work
11 with local jurisdictions in these regards.
12 Policy decisions regarding the
13 expenditures of such funds shall be made
14 jointly by the Executive Director of the
15 Governor's Office for Children, the
16 Secretaries of Health and Mental Hygiene,
17 Human Resources, Juvenile Services,
18 Budget and Management, and the State
19 Superintendent of Education.

20 Further provided that this appropriation
21 shall be reduced by $5,546,994 contingent
22 upon the enactment of legislation freezing
23 Inter–Agency Rates Committee rates for
24 institutional residential placements at
25 final FY09 levels 249,639,637

DEPARTMENT OF PUBLIC SAFETY AND CORRECTIONAL SERVICES

114

Provided that the Department of Public Safety and Correctional Services (DPSCS) shall regularly conduct a new post–by–post security staffing analysis for each of its custodial agencies in order to identify the actual number of regular positions needed to safely and securely staff the State's correctional institutions. DPSCS shall provide a written report to the budget committees no later than December 1, 2009, with bi–annual submissions thereafter, summarizing the results of the analysis and explaining the need for any staffing changes resulting from the staffing analysis or changes in policy that require the use of additional positions. The budget committees shall have 45 days to review and comment following receipt of the report.

115

Further provided that the Department of Public Safety and Correctional Services (DPSCS), in collaboration with the Department of Budget and Management, shall submit a plan on how to fully fund DPSCS operations in fiscal 2010 and 2011, so as to avoid the need for future deficiency appropriations. The plan should specifically address underfunding for inmate food purchases, fuel and utility expenses, overtime expenditures, and adequate staffing. The report shall be submitted to the budget committees by October 1, 2009, and the budget committees shall have 45 days to review and comment following receipt of the plan.

Q00A01.05 Capital Appropriation

Federal Fund Appropriation, provided that no funds may be expended on this project until: 118

(1) the federal per diem rate paid to the State for housing federal detainees in State facilities has been renegotiated to a rate that ensures operating costs for the Maryland Correctional Adjustment Center will be fully covered through federal funds;

(2) the budget committees have received a federal award letter evidencing written confirmation that the federal funds have been approved and appropriated by the Office of Federal Detainee Trustee for this project;

(3) the Part I Program Plan has been approved by the Department of Budget and Management, and the budget committees have been

1 notified in writing of the approval;
2 and

3 (4) the budget committees have
4 received a letter certifying that the
5 Department of Public Safety and
6 Correctional Services has met, and
7 will continue to meet as necessary,
8 with members of the communities
9 surrounding the Jessup
10 Correctional Complex to address
11 community concerns.

12 Further provided that it is the intent of the
13 General Assembly that the Jessup
14 Community Correctional Facility be
15 operated as a minimum security facility
16 and that no inmates with a security
17 classification above minimum security
18 shall be housed at that facility.

19 The budget committees shall have 45 days
20 from the receipt of each of these reports to
21 review and comment 10,000,000

10

11 DIVISION OF CORRECTION – HEADQUARTERS

12 Q00B01.01 General Administration
13 General Fund Appropriation 11,004,902
14 Special Fund Appropriation 25,000
15 Federal Fund Appropriation 172,776 11,202,678
16

17 Funds are appropriated in other agency
18 budgets to pay for services provided by
19 this program. Authorization is hereby
20 granted to use these receipts as special
21 funds for operating expenses in this
22 program.

23 Provided that funds for correctional education
24 services within this budget may not be
25 expended by the division but may only be
26 transferred via budget amendment to the
27 Department of Labor, Licensing, and
28 Regulation (DLLR) for the purposes of
29 correctional education only. Funds not
30 expended for these purposes shall revert
31 to the General Fund or be cancelled.

119

32 Further provided that it is the intent of the
33 General Assembly that all funding for
34 correctional education purposes be
35 appropriated within one agency, either
36 entirely within the Department of Public
37 Safety and Correctional Services and then
38 accounted for as reimbursable funds
39 within DLLR, or entirely within DLLR.

The General Assembly is concerned that the practice of partially budgeting correctional education funds in more than one agency obscures the true level of spending for this purpose; therefore, all funds shall be budgeted within one agency beginning in the fiscal 2011 allowance.

Q00B01.02 Classification, Education and Religious Services

General Fund Appropriation~~, provided that $6,000,000 of this appropriation shall be reduced contingent upon the enactment of legislation to change the calculation of the formula for payments to local jurisdictions for Division of Correction inmates housed in local jail and detention facilities.~~, provided that this appropriation shall be reduced by $10,700,000 contingent on the enactment of HB 101 or SB 166 that contains provisions to modify the local jail reimbursement program and absolve the State of all prior year owed liabilities through June 30, 2009.

120

Further provided that this appropriation shall be reduced by $1,694,431 contingent on the enactment of HB 101 or SB 166 that contains a provision to modify the local jail back–up reimbursement program 31,306,642

STATE DEPARTMENT OF EDUCATION

HEADQUARTERS

127

R00A01.01 Office of the State Superintendent

General Fund Appropriation, provided that it is the intent of the General Assembly that the Maryland State Department of Education (MSDE) practice of entering into contracts with local education agencies allowing local personnel to provide services to the State while remaining on local payroll be used in special, short-term projects, where local talent is a necessity.

Further provided that MSDE shall provide a report on the number of these contracts and any conversion of these personnel to regular positions to the General Assembly by December 15, 2009. MSDE shall also provide reports to the budget committees in the special circumstances prior to entering into any new loaned educator contract to provide short–term assistance to the State. The budget committees shall have 45 days to review and comment from the date of receipt of any report 6,518,540

General Fund Appropriation, provided that $500,000 of this appropriation, made for the purpose of funding the Accountability and Assessment Program may not be expended until the Maryland State Department of Education (MSDE) submits a report to the budget committees outlining anticipated financial need for the program. The report shall include copies of executed contracts between the State and testing vendors justifying cash flow expenditure needs for fiscal 2009, 2010, and 2011. The report shall be submitted by January 1, 2010. The budget committees shall have 45 days to review and comment from the date of receipt of the report. Further provided that it is the intent of the General Assembly that MSDE provide this report on January 1 annually thereafter	34,449,863

R00A03.04 Aid to Non–Public Schools

Special Fund Appropriation, provided that this appropriation shall be for the purchase of textbooks or computer hardware and software and other electronically delivered learning materials as permitted under Title IID, Section 2416(b)(4), (6), and (7) of the No Child Left Behind Act for loan to students in eligible non–public schools with a maximum distribution of $60 per eligible non–public school student for participating schools, except that at schools where at least 20% of the students are eligible for the free or reduced price lunch program there shall be a distribution of $90 per student. To be eligible to participate, a non–public school shall:

(1) Hold a certificate of approval from or be registered with the State

Board of Education;

(2) Not charge more tuition to a participating student than the statewide average per pupil expenditure by the local education agencies, as calculated by the department, with appropriate exceptions for special education students as determined by the department; and

(3) Comply with Title VI of the Civil Rights Act of 1964, as amended.

The department shall establish a process to ensure that the local education agencies are effectively and promptly working with the non–public schools to assure that the non–public schools have appropriate access to federal funds for which they are eligible 2,440,000

Further provided that the Maryland State Department of Education shall:

(1) Assure that the process for textbook, computer hardware, and computer software acquisition uses a list of qualified textbook, computer hardware, and computer software vendors and of qualified textbooks, computer hardware, and computer software; uses textbooks, computer hardware, and computer software that are secular in character and acceptable for use in any public elementary or secondary school in Maryland;

(2) Receive requisitions for textbooks, computer hardware, and computer software to be purchased from the eligible and participating schools, and forward the approved requisitions and payments to the qualified textbook, computer hardware, or computer software

vendor who will send the textbooks, computer hardware, or computer software directly to the eligible school which will:

(i) Report shipment receipt to the department;

(ii) Provide assurance that the savings on the cost of the textbooks, computer hardware, or computer software will be dedicated to reducing the cost of textbooks, computer hardware, or computer software for students; and

(iii) Since the textbooks, computer hardware, or computer software shall remain property of the State, maintain appropriate shipment receipt records for audit purposes.

HIGHER EDUCATION

R75T00.01 Support for State Operated Institutions of Higher Education

The following amounts constitute the General Fund appropriation for the State operated institutions of higher education. The State Comptroller is hereby authorized to transfer these amounts to the accounts of the programs indicated below in four equal allotments; said allotments to be made on July 1 and October 1 of 2009 and January 1 and April 1 of 2010. Neither this appropriation nor the amounts herein enumerated constitute a lump sum appropriation as contemplated by Sections 7–207 and 7–233 of the State Finance and Procurement Article of the Code.

DEPARTMENT OF JUVENILE SERVICES

190

Provided that no funds provided in this budget for the Department of Juvenile Services may be used for reclassifications with the exception of noncompetitive promotions.

191

Further provided that it is the intent of the General Assembly that the Department of Juvenile Services' upgrading and enhancing of its Automated Statewide Support and Information System (ASSIST) shall be considered a Major Information Technology Development Project. Further provided that any general fund support provided in the Department of Juvenile Services' budget made for the purpose of upgrading or enhancing ASSIST may only be transferred by budget amendment to the Major Information Technology Development Project Fund (program F50A1.01) and shall be expended pursuant to State Finance and Procurement Article Sections 3A-308 and 3A-309. Funds not transferred to the Major Information Technology Development Project Fund may not be transferred by budget amendment or otherwise to any other purpose, and shall revert to the General Fund.

General Fund Appropriation, provided that $1,000,000 of this appropriation made for the purpose of providing police protection grants may not be expended until the Department of State Police (DSP) submits the Crime in Maryland, 2008 Uniform Crime Report (UCR) to the budget committees. The budget committees shall have 45 days to review and comment following receipt of the report.

192

Furthermore, if DSP encounters difficulty in obtaining the necessary crime data on a timely basis from local jurisdictions who provide this data for inclusion in the UCR, DSP shall request that the Governor's Office of Crime Control and Prevention withhold a portion, totaling no more than 50%, of that jurisdiction's State Aid for Police Protection grant for fiscal 2010 until such time that the jurisdiction submits its crime data to DSP 9,531,946

17

SECTION 2. AND BE IT FURTHER ENACTED, That in order to carry out the provisions of these appropriations the Secretary of Budget and Management is authorized:

(a) To allot all or any portion of the funds herein appropriated to the various departments, boards, commissions, officers, schools and institutions by monthly, quarterly or seasonal periods and by objects of expense and may place any funds appropriated but not allotted in contingency reserve available for subsequent allotment. Upon the Secretary's own initiative or upon the request of the head of any State agency, the Secretary may authorize a change in the amount of funds so allotted.

The Secretary shall, before the beginning of the fiscal year, file with the Comptroller of the Treasury a schedule of allotments, if any. The Comptroller shall not authorize any expenditure or obligation in excess of the allotment made and any expenditure so made shall be illegal.

(b) To allot all or any portion of funds coming into the hands of any department, board, commission, officer, school and institution of the State, from sources not estimated or calculated upon in the budget.

(c) To fix the number and classes of positions, including temporary and permanent positions, or person years of authorized employment for each agency, unit, or program thereof, not inconsistent with the Public General Laws in regard to classification of positions. The Secretary shall make such determination before the beginning of the fiscal year and shall base them on the positions or person years of employment authorized in the budget as amended by approved budgetary position actions. No payment for salaries or wages nor any request for or certification of personnel shall be made except in accordance with the Secretary's determinations. At any time during the fiscal year the Secretary may amend the number and classes of positions or person years of employment previously fixed by the Secretary; the Secretary may delegate all or part of this authority. The governing boards of public institutions of higher education shall have the authority to transfer positions between programs and campuses under each institutional board's jurisdiction without the approval of the Secretary, as provided in Section 15–105 of the Education Article.

(d) To prescribe procedures and forms for carrying out the above provisions.

SECTION 3. AND BE IT FURTHER ENACTED, That in accordance with Section 7–109 of the State Finance and Procurement Article of the Annotated Code of Maryland, it is the intention of the General Assembly to include herein a listing of nonclassified flat rate or per diem positions by unit of State government, job classification, the number in each job classification and the amount proposed for each classification. The Chief Judge of the Court of Appeals may make adjustments to positions contained in the Judicial portion of this section (including judges) that are impacted by changes in salary plans or by salary actions in the executive agencies.

SECTION 4. AND BE IT FURTHER ENACTED, That if any person holding an office of profit within the meaning of Article 35 of the Declaration of Rights, Constitution of Maryland, is appointed to or otherwise becomes the holder of a second office within the meaning of Article 35 of the Declaration of Rights, Constitution of

Maryland, then no compensation or other emolument, except expenses incurred in connection with attendance at hearings, meetings, field trips, and working sessions, shall be paid from any funds appropriated by this bill to that person for any services in connection with the second office.

SECTION 5. AND BE IT FURTHER ENACTED, That amounts received pursuant to Sections 2–201 and 7–217 of the State Finance and Procurement Article may be expended by approved budget amendment.

SECTION 6. AND BE IT FURTHER ENACTED, That funds appropriated by this bill may be transferred among programs in accordance with the procedure provided in Sections 7–205 through 7–212, inclusive, of the State Finance and Procurement Article.

SECTION 7. AND BE IT FURTHER ENACTED, That, except as otherwise provided, amounts received from sources estimated or calculated upon in the budget in excess of the estimates for any special or federal fund appropriations listed in this bill may be made available by approved budget amendment.

SECTION 8. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts for the operations of State office buildings and facilities to the budgets of the various agencies and departments occupying the buildings.

SECTION 9. AND BE IT FURTHER ENACTED, That $4,400,000 is appropriated in the various agency budgets for tort claims (including motor vehicles) under the provisions of the State Government Article, Title 12, Subtitle 1, the Maryland Tort Claims Act (MTCA). These funds are to be transferred to the State Insurance Trust Fund; these funds, together with funds appropriated in prior budgets for tort claims but unexpended, are the only funds available to make payments under the provisions of the MTCA.

(A) Tort claims for incidents or occurrences occurring after October 1, 1999, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $200,000 to a single claimant for injuries arising from a single incident or occurrence.

(B) Tort claims for incidents or occurrences occurring after July 1, 1996, and before October 1, 1999, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $100,000 to a single claimant for injuries arising from a single incident or occurrence.

(C) Tort claims for incidents or occurrences resulting in death on or after July 1, 1994, and before July 1, 1996, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $75,000 to a single claimant. All other tort claims occurring on or after July 1, 1994, and before July 1, 1996, paid from the State Insurance Trust

Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $50,000 to a single claimant for injuries arising from a single incident or occurrence.

(D) Tort claims for incidents or occurrences occurring prior to July 1, 1994, paid from the State Insurance Trust Fund, are limited hereby and by State Treasurer's regulations to payments of no more than $50,000 to a single claimant for injuries arising from a single incident or occurrence.

SECTION 10. AND BE IT FURTHER ENACTED, That authorization is hereby granted to transfer by budget amendment General Fund amounts, budgeted to the various State agency programs and subprograms which comprise the indirect cost pools under the Statewide Indirect Cost Plan, from the State agencies providing such services to the State agencies receiving the services. It is further authorized that receipts by the State agencies providing such services from charges for the indirect services may be used as special funds for operating expenses of the indirect cost pools.

SECTION 11. AND BE IT FURTHER ENACTED, That certain funds appropriated to the various State agency programs and subprograms in Comptroller object 0882 (In–State Services – Computer Usage – ADC Only) shall be utilized to pay for services provided by the Comptroller of the Treasury, Data Processing Division, Computer Center Operations (E00A10.01) consistent with the reimbursement schedule provided for in the supporting budget documents. The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management. Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller object 0882 between State departments and agencies by approved budget amendment in fiscal year 2010.

SECTION 12. AND BE IT FURTHER ENACTED, That, pursuant to Section 8–102 of the State Personnel and Pensions Article, the salary schedule for the executive pay plan during fiscal year 2010 shall be as set forth below. Adjustments to the salary schedule may be made during the fiscal year in accordance with the provisions of Sections 8–108 and 8–109 of the State Personnel and Pensions Article. Notwithstanding the inclusion of salaries for positions which are determined by agencies with independent salary setting authority in the salary schedule set forth below, such salaries may be adjusted during the fiscal year in accordance with such salary setting authority. The salaries presented may be off by $1 due to rounding.

12 SECTION 13. AND BE IT FURTHER ENACTED, That pursuant to Section
13 2–103.4(h) of the Transportation Article of the Annotated Code of Maryland the salary
14 schedule for the Department of Transportation executive pay plan during fiscal year
15 2010 shall be as set forth below. Adjustments to the salary schedule may be made
16 during the fiscal year in accordance with the provisions of Section 2–103.4(h) of the
17 Transportation Article. Notwithstanding the inclusion of salaries for positions which
18 are determined by agencies with independent salary setting authority in the salary
19 schedule set forth below, such salaries may be adjusted during the fiscal year in
20 accordance with such salary setting authority. The salaries presented may be off by $1
21 due to rounding.

22 Fiscal 2010
23 Executive Salary Schedule

	Scale	Minimum	Maximum
24			
25 ES 4	9904	74,608	99,478
26 ES 5	9905	80,160	106,940

Deputy Secretary	9909	143,270

Motor Vehicle Administration

Motor Vehicle Administrator	9909	136,650

SECTION 14. AND BE IT FURTHER ENACTED, That if a person is placed by the Departments of Health and Mental Hygiene, Human Resources, or Juvenile Services or the State Department of Education in a facility or program that becomes eligible for Medical Assistance Program (Medicaid) participation, and the Medical Assistance Program makes payment for such services, general funds equal to the general funds paid by the Medical Assistance Program to such a facility or program may be transferred from the previously mentioned departments to the Medical Assistance Program. Further, should the facility or program become eligible subsequent to payment to the facility or program by any of the previously mentioned departments, and the Medical Assistance Program makes subsequent additional payments to the facility or program for the same services, any recoveries of overpayment, whether paid in this or prior fiscal years, shall become available to the Medical Assistance Program for provider reimbursement purposes.

SECTION 15. AND BE IT FURTHER ENACTED, That all funds appropriated to the various State departments and agencies in Comptroller Object 0831 (Office of Administrative Hearings) to conduct administrative hearings by the Office of Administrative Hearings are to be transferred to the Office of Administrative Hearings (D99A11.01) on July 1, 2009 and may not be expended for any other purpose.

SECTION 16. AND BE IT FURTHER ENACTED, That funds budgeted in the State Department of Education and the Departments of Health and Mental Hygiene, Human Resources, and Juvenile Services may be transferred by budget amendment to the Children's Cabinet Interagency Fund (RA04). Funds transferred would represent costs associated with local partnership agreements approved by the Children's Cabinet Interagency Fund.

199

SECTION 17. AND BE IT FURTHER ENACTED, That funds appropriated to the various State agency programs and subprograms in Comptroller Objects 0152 (Health Insurance), 0154 (Retirees Health Insurance Premiums), 0157 (Other Post Retirement Benefits), 0175 (Workers' Compensation), 0217 (Health Insurance – Maryland Department of Transportation only), 0305 (DBM Paid Telecommunications) and 0322 (Capital Lease Telecommunications) are to be utilized for their intended purposes only. ~~The expenditure or transfer of these funds for other purposes requires the prior approval of the Secretary of Budget and Management.~~ Notwithstanding any other provision of law, the Secretary of Budget and Management may transfer amounts appropriated in Comptroller Objects 0152, 0154, 0305, and 0322 between State departments and agencies by approved budget amendment in fiscal year 2008 and fiscal year 2009. All funds budgeted in or transferred to Comptroller Objects 0152 and 0154, and any funds restricted in this budget for use in the employee and retiree health insurance program that are unspent shall be credited to the fund as established in accordance with Section 2–516 of the State Personnel and Pensions Article of the Annotated Code of Maryland. Any funds restricted in this budget to be utilized for other postretirement benefits that are unspent shall be credited to the Postretirement Health Benefits Trust Fund as established in accordance with Section 34–101 of the State Personnel and Pensions Article of the Annotated Code of Maryland.

Further provided that each agency that receives funding in this budget in any of the restricted Comptroller Objects herein listed within this section shall establish within the State's accounting system a structure of accounts to separately identify for each restricted Comptroller Object by fund source, the legislative appropriation, monthly transactions, and final expenditures. It is the intent of the General Assembly that an accounting detail be established so that the Office of Legislative Audits may review the disposition of funds appropriated for each restricted Comptroller Object as part of each closeout audit to ensure that funds are used only for the purposes for which they are restricted and that unspent funds are reverted or cancelled.

SECTION 18. AND BE IT FURTHER ENACTED, That for fiscal 2010 the number of vacant full–time equivalent (FTE) regular positions in Executive Branch agencies shall be reduced by 1,000 FTE positions. The number of positions and associated funding shall be reduced in fiscal year 2010 in accordance with the following schedule:

	Agency	Position FTE	General Funds
C80	Office of the Public Defender	25.0	989,831
C81	Office of the Attorney General	3.0	114,981
D10	Executive Department – Governor	1.0	63,992
D17	Historic St. Mary's City Commission	1.0	26,930
D18	Governor's Office for Children	1.0	34,573
D38	State Board of Elections	2.0	91,167
D40	Department of Planning	6.0	311,676
D50	Military Department	11.0	213,143

D55	Department of Veterans Affairs	3.0	140,356

W00	Department of State Police	1.0	81,127	038786
	TOTAL	13.0	601,328	

SECTION 20. AND BE IT FURTHER ENACTED, That notwithstanding the provisions of § 34–101 of the State Personnel and Pensions Article, and contingent upon the enactment of legislation authorizing the deposit of the Medicare Part D subsidy to the State Employees and Retirees Health and Welfare Benefits Fund in fiscal 2010, the State shall not be required to deposit the federal subsidy to employers as a result of the federal Medicare Prescription Drug, Improvement, and Modernization Act of 2003 to the Postretirement Health Benefits Trust Fund. Funds for the aforementioned subsidy shall be deposited to the State Employees and Retirees Health and Welfare Benefits Fund as established in accordance with § 2–516 of the State Personnel and Pensions Article. Total funding of $24,584,082 for health insurance expenses (Comptroller subobjects 0152 and 0154) shall be reduced within Executive Branch agencies in fiscal year 2010 by the following amounts in accordance with a schedule determined by the Governor:

Fund	Amount
General Funds	14,752,276
Special Funds	3,574,801
Federal Funds	2,512,191
Reimbursable Funds	240,403
Current Unrestricted Funds	1,786,177
Current Restricted Funds	1,718,234

SECTION 21. AND BE IT FURTHER ENACTED, That notwithstanding the provisions of § 32–205 of the State Personnel and Pensions Article and contingent upon the enactment of legislation to eliminate the payment of employer contributions

for State supplemental plans in the Optional Defined Contribution System in fiscal 2010 the State shall not be required to make the employer contributions to the applicable State supplemental plan for participating employees in the Optional Defined Contribution System. Funding for this purpose (Comptroller subobject 0172) shall be reduced ~~within Executive Branch agencies~~ in fiscal year 2010 by the following amounts in accordance with a schedule determined by the Governor:

~~Fund~~	~~Amount~~
~~General Funds~~	~~11,833,299~~
~~Special Funds~~	~~4,280,707~~
~~Federal Funds~~	~~4,314,091~~
~~Reimbursable Funds~~	~~336,721~~
~~Current Unrestricted Funds~~	~~2,323,627~~
~~Current Restricted Funds~~	~~599,021~~

200

Department	Fund	Amount
Executive	General	10,405,389
Executive	Special	4,184,548
Executive	Federal	4,293,817
Executive	Reimbursable	336,721
Executive	Current Unrestricted	2,323,627
Executive	Current Restricted	599,021
Judiciary	General	1,143,210
Judiciary	Special	96,159
Judiciary	Federal	20,274
Legislative	General	284,700

SECTION 22. AND BE IT FURTHER ENACTED, That for fiscal 2010, the appropriations in Section 1 of this Act for Executive Branch agencies shall be reduced by not less than $30,000,000 in General Funds in accordance with a schedule determined by the Governor. This reduction may be allocated to any object or subobject of expenditure related to workforce or personnel costs.

SECTION 23. AND BE IT FURTHER ENACTED, That for fiscal 2010, funding for contractual employees shall be reduced in Executive Branch agencies in the amount of $4,992,600. Funding for this purpose (Comptroller subobject 0220) shall be reduced within Executive Branch agencies in fiscal year 2010 by the following amounts in accordance with a schedule determined by the Governor:

General

	Agency	Funds
C80	Office of the Public Defender	152,412
C81	Office of the Attorney General	31,213
C82	State Prosecutor	29,868
C85	MD Tax Court	1,925
D11	Office of Deaf and Hard of Hearing	6,736
D15	Boards and Commissions	104,465
D16	Secretary of State	4,738

R15	Maryland Public Broadcasting Commission	2,006
T00	Department of Business and Economic Development	155,332
U00	Department of the Environment	457
V00	Department of Juvenile Justice	689,296
W00	Department of State Police	121,482
	Total	4,992,600

SECTION 24. AND BE IT FURTHER ENACTED, That for fiscal 2010, funding for contractual services shall be reduced in the amount of $25,000,248 in Executive Branch agencies to recognize savings from re–bidding contracts in a weak economy. Funding for this purpose (Comptroller object 08) shall be reduced within Executive Branch agencies in fiscal year 2010 by the following amounts in accordance with a schedule determined by the Governor:

Agency	General Funds

C80	Office of the Public Defender	112,483
C81	Office of the Attorney General	34,988
D05	Board of Public Works	3,497
D10	Executive Department – Governor	20,969
D15	Boards and Commissions	70,056

D50	Military Department	55,225
D55	Department of Veterans Affairs	35,278
D60	Maryland State Archives	4,909
E20	State Treasurer	14,738
E50	Department of Assessments and Taxation	48,121
F10	Department of Budget and Management	36,021
F50	Department of Information Technology	1,511,840
H00	Department of General Services	653,483
K00	Department of Natural Resources	206,139
L00	Department of Agriculture	202,531
M00	Department of Health and Mental Hygiene	7,334,757
N00	Department of Human Resources	5,762,367
P00	Department of Labor, Licensing, and Regulation	102,003
Q00	Department of Public Safety and Correctional Services	3,611,138
R00	State Department of Education	2,874,579
R15	Maryland Public Broadcasting Commission	29,456
R62	Maryland Higher Education Commission	31,940
T00	Department of Business and Economic Development	548,637
U00	Department of the Environment	82,937
V00	Department of Juvenile Justice	1,087,026
W00	Department of State Police	369,045
	Total	25,000,248

SECTION 25. AND BE IT FURTHER ENACTED, That $35,556,999 in Special Funds in Section 1 of this Act shall be reduced contingent on legislation reallocating the distribution of proceeds from the Regional Greenhouse Gas Initiative auctions. The Governor shall provide a schedule itemizing this reduction prior to July 1, 2009.

SECTION 26. AND BE IT FURTHER ENACTED, That all across–the–board reductions applied to the Executive Branch, unless otherwise stated, shall apply to current unrestricted and general funds in the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College. 201

SECTION 27. AND BE IT FURTHER ENACTED, That the Comptroller of the Treasury's General Accounting Division shall establish a subsidiary ledger control 202

account to debit all State agency funds budgeted under subobject 0175 (workers' compensation coverage) and to credit all payments disbursed to the Injured Workers' Insurance Fund (IWIF) via transmittal. The control account shall also record all funds withdrawn from IWIF and returned to the State and subsequently transferred to the General Fund. IWIF shall submit monthly reports to the Department of Legislative Services concerning the status of the account.

SECTION 28. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a summary statement of federal revenues by major federal program sources supporting the federal appropriations made therein along with the major assumptions underpinning the federal fund estimates. The Department of Budget and Management (DBM) shall exercise due diligence in reporting this data and ensure that they are updated as appropriate to reflect ongoing congressional action on the federal budget. In addition, DBM shall provide to the Department of Legislative Services (DLS) data for the actual, current, and budget years listing the components of each Federal Fund Appropriation by Catalog of Federal Domestic Assistance number or equivalent detail for programs not in the catalog. Data shall be provided in an electronic format subject to the concurrence of DLS. 203

SECTION 29. AND BE IT FURTHER ENACTED, That in the expenditure of federal funds appropriated in this budget or subsequent to the enactment of this budget by the budget amendment process: 204

(1) State agencies shall administer these federal funds in a manner that recognizes that federal funds are taxpayer dollars that require prudent fiscal management, careful application to the purposes for which they are directed, and strict attention to budgetary and accounting procedures established for the administration of all public funds.

(2) For fiscal 2010, except with respect to capital appropriations, to the extent consistent with federal requirements:

(a) when expenditures or encumbrances may be charged to either State or federal fund sources, federal funds shall be charged before State funds are charged; this policy does not apply to the Department of Human Resources with respect to federal funds to be carried forward into future years for child welfare or welfare reform activities, or to the Department of Health and Mental Hygiene with respect to funds to be carried forward into future years for the purpose of reducing the waiting list for community services for individuals with developmental disabilities or with respect to funds to be carried forward into future years for HIV/AIDS-related activities, or to the Maryland State Department of Education with respect to funds to be carried forward into future years for child care;

(b) when additional federal funds are sought or otherwise become available in the course of the fiscal year, agencies shall consider, in consultation with the Department of Budget and Management, whether opportunities exist to use these federal revenues to support existing operations rather than to expand programs or establish new ones; and

(c) the Department of Budget and Management shall take appropriate actions to effectively establish these as policies of the State with respect to administration of federal funds by Executive agencies.

SECTION 30. AND BE IT FURTHER ENACTED, That the Department of Budget and Management (DBM) shall provide an annual report on indirect costs to the General Assembly in January 2010 as an appendix in the Governor's fiscal 2011 budget books. The report shall detail by agency for the actual fiscal 2009 budget the amount of statewide indirect cost recovery received, the amount of statewide indirect cost recovery transferred to the General Fund, and the amount of indirect cost recovery retained for use by each agency. In addition, it shall list the most recently available federally approved statewide and internal agency cost recovery rates. As part of the normal fiscal/compliance audit performed for each agency once every 3 years, the Office of Legislative Audits shall assess available information on the timeliness, completeness, and deposit history of indirect cost recoveries by State agencies. Further provided that for fiscal 2010, excluding the Maryland Department of Transportation, the amount of revenue received by each agency from any federal source for statewide cost recovery may only be transferred to the General Fund and may not be retained in any clearing account or by any other means, nor may DBM or any other agency or entity approve exemptions to permit any agency to retain any portion of federal statewide cost recoveries. 205

SECTION 31. AND BE IT FURTHER ENACTED, That the Governor's budget books shall include a forecast of the impact of the Executive budget proposal on the long–term fiscal condition of General Fund, Transportation Trust Fund, and higher education current unrestricted fund accounts. This forecast shall estimate aggregate revenues, expenditures, and fund balances in each account for the fiscal year last completed, the current year, the budget year, and 4 years thereafter. Expenditures shall be reported at such agency, program, or unit levels or categories as may be determined appropriate after consultation with the Department of Legislative Services. A statement of major assumptions underlying the forecast shall also be provided, including but not limited to general salary increases, inflation, and growth of caseloads in significant program areas. 206

SECTION 32. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that all State departments, agencies, bureaus, commissions, boards, and other organizational units included in the State budget, including the Judiciary, shall prepare and submit items for the fiscal 2011 budget detailed by Comptroller subobject classification in accordance with instructions promulgated by the Comptroller of the Treasury. The presentation of budget data in the State budget books shall include object, fund, and personnel data in the manner provided for in fiscal 2010 except as indicated elsewhere in this Act; however, this shall not preclude the placement of additional information into the budget books. For actual fiscal 2009 spending, the fiscal 2010 working appropriation, and the fiscal 2011 allowance, the budget detail shall be available from the Department of Budget and Management's (DBM) automated data system at the subobject level by subobject codes and classifications for all agencies. To the extent possible, except for public higher 207

education institutions, subobject expenditures shall be designated by fund for actual fiscal 2009 spending, the fiscal 2010 working appropriation, and the fiscal 2011 allowance. The agencies shall exercise due diligence in reporting this data and ensuring correspondence between reported position and expenditure data for the actual, current, and budget fiscal years. This data shall be made available upon request and in a format subject to the concurrence of the Department of Legislative Services (DLS). Further, the expenditure of appropriations shall be reported and accounted for by the subobject classification in accordance with the instructions promulgated by the Comptroller of the Treasury.

Further provided that due diligence shall be taken to accurately report full–time equivalent position counts of contractual positions in the budget books. For the purpose of this count, contractual positions are defined as those individuals having an employee–employer relationship with the State. This count shall include those individuals in higher education institutions who meet this definition but are paid with additional assistance funds.

Further provided that DBM shall provide to DLS, with the allowance for each department, unit, agency, office, and institution, a one–page organizational chart in Microsoft Word or Adobe PDF format that depicts the allocation of personnel across operational and administrative activities of the entity.

SECTION 33. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that on or before August 1, 2009, each State agency and each public institution of higher education shall report to the Department of Budget and Management (DBM) any agreements in place for any part of fiscal 2009 between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000 over the term of the agreement. Further provided that DBM shall provide direction and guidance to all State agencies and public institutions of higher education as to the procedures and specific elements of data to be reported with respect to these interagency agreements, to include at a minimum: 208

(1) a common code for each interagency agreement that specifically identifies each agreement and the fiscal year in which the agreement began;

(2) the starting date for each agreement;

(3) the ending date for each agreement;

(4) a total potential expenditure, or not–to–exceed dollar amount, for the services to be rendered over the term of the agreement by any public institution of higher education to any State agency;

(5) a description of the nature of the goods and services to be provided;

(6) the total number of personnel, both full-time and part-time, associated with the agreement; and

(7) contact information for the agency and the public institution of higher education for the person(s) having direct oversight or knowledge of the agreement.

Further provided that DBM shall submit a consolidated report to the budget committees and the Department of Legislative Services by December 1, 2009, that contains information on all agreements between State agencies and any public institution of higher education involving potential expenditures in excess of $100,000, that were in effect at any time during fiscal 2009.

SECTION 34. AND BE IT FURTHER ENACTED, That any budget amendment to increase the total amount of special, federal, or higher education (current restricted and current unrestricted) fund appropriations, or to make reimbursable fund transfers from the Governor's Office of Crime Control and Prevention or the Maryland Emergency Management Agency, made in Section 1 of this Act shall be subject to the following restrictions: 209

(1) This section shall not apply to budget amendments for the sole purpose of:

(a) appropriating funds available as a result of the award of federal disaster assistance;

(b) transferring funds from the State Reserve Fund – Economic Development Opportunities Fund for projects approved by the Legislative Policy Committee; and

(c) appropriating funds for Major Information Technology Development Project Fund projects approved by the budget committees.

(2) Budget amendments increasing total appropriations in any fund account by $100,000 or more may not be approved by the Governor until (i) that amendment has been submitted to the Department of Legislative Services (DLS) and (ii) the budget committees or the Legislative Policy Committee have considered the amendment or 45 days have elapsed from the date of submission of the amendment. Each amendment submitted to DLS shall include a statement of the amount, sources of funds and purposes of the amendment, and a summary of impact on budgeted or contractual position and payroll requirements.

(3) Unless permitted by the budget bill or the accompanying supporting documentation or by other authorizing legislation, and notwithstanding the provisions of Section 3-216 of the Transportation Article, a budget amendment may not:

(a) restore funds for items or purposes specifically denied by the General Assembly;

(b) fund a capital project not authorized by the General Assembly provided, however, that subject to provisions of the Transportation Article, projects of

the Maryland Department of Transportation shall be restricted as provided in Section 1 of this Act;

(c) increase the scope of a capital project by an amount 7.5% or more over the approved estimate or 5.0% or more over the net square footage of the approved project until the amendment has been submitted to DLS and the budget committees have considered and offered comment to the Governor or 45 days have elapsed from the date of submission of the amendment. This provision does not apply to the Maryland Department of Transportation; and

(d) provide for the additional appropriation of special, federal, or higher education funds of more than $100,000 for the reclassification of a position or positions.

(4) A budget may not be amended to increase a Federal Fund Appropriation by $100,000 or more unless documentation evidencing the increase in funds is provided with the amendment and fund availability is certified by the Secretary of Budget and Management.

(5) No expenditure or contractual obligation of funds authorized by a proposed budget amendment may be made prior to approval of that amendment by the Governor.

(6) Notwithstanding the provisions of this section, any federal, special, or higher education fund appropriation may be increased by budget amendment upon a declaration by the Board of Public Works that the amendment is essential to maintaining public safety, health, or welfare, including protecting the environment or the economic welfare of the State.

(7) Further provided that the fiscal 2010 appropriation detail as shown in the Governor's budget books submitted to the General Assembly in January 2010 and the supporting electronic detail shall not include appropriations for budget amendments that have not been signed by the Governor, exclusive of the Maryland Department of Transportation pay–as–you–go capital program.

(8) Further provided that it is the policy of the State to recognize and appropriate additional special, higher education, and federal revenues in the budget bill as approved by the General Assembly. Further provided that for the fiscal 2011 allowance the Department of Budget and Management shall continue policies and procedures to minimize reliance on budget amendments for appropriations that could be included in a deficiency appropriation.

SECTION 35. AND BE IT FURTHER ENACTED, That: **210**

(1) The Secretary of Health and Mental Hygiene shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2009 in program M00Q01.03 Medical Care Provider Reimbursements have been

disbursed for services provided in that fiscal year and shall prepare and submit the periodic reports required under this section for that program.

(2) The State Superintendent of Schools shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2009 to program R00A02.07 Students With Disabilities for Non-Public Placements have been disbursed for services provided in that fiscal year and to prepare periodic reports as required under this section for that program.

(3) The Secretary of Human Resources shall maintain the accounting systems necessary to determine the extent to which funds appropriated for fiscal 2009 in program N00G00.01 Foster Care Maintenance Payments have been disbursed for services provided in that fiscal year and to prepare the periodic reports required under this section for that program.

(4) For the programs specified, reports shall indicate total appropriations for fiscal 2009 and total disbursements for services provided during that fiscal year up through the last day of the second month preceding the date on which the report is to be submitted and a comparison to data applicable to those periods in the preceding fiscal year.

(5) Reports shall be submitted to the budget committees, the Department of Legislative Services, the Department of Budget and Management, and the Comptroller on November 1, 2009, March 1, 2010, and June 1, 2010.

(6) It is the intent of the General Assembly that general funds appropriated for fiscal 2009 to the programs specified that have not been disbursed within a reasonable period, not to exceed 12 months from the end of the fiscal year, shall revert.

SECTION 36. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended to pay the salary of a Secretary or Acting Secretary of any department whose nomination as Secretary has been rejected by the Senate or an Acting Secretary who was serving in that capacity prior to the 2009 session whose nomination for the Secretary position was not put forward and approved by the Senate during the 2009 session. 211

SECTION 37. AND BE IT FURTHER ENACTED, That immediately following the close of fiscal 2009, the Secretary of the Department of Budget and Management shall determine the total number of full–time equivalent (FTE) positions that are authorized as of the last day of fiscal 2009 and on the first day of fiscal 2010. Authorized positions shall include all positions authorized by the General Assembly in the personnel detail of the budgets for fiscal 2009 and 2010 including nonbudgetary programs, the Maryland Transportation Authority, the University System of Maryland self supported activities, and the Maryland Correctional Enterprises. 212

The Department of Budget and Management shall also prepare during fiscal 2010 a report for the budget committees upon creation of regular FTE positions through Board of Public Works action and upon transfer or abolition of positions. This

report shall also be provided as an appendix in the fiscal 2011 Governor's budget books. It shall note, at the program level:

(1) where regular FTE positions have been abolished;

(2) where regular FTE positions have been created;

(3) from where and to where regular FTE positions have been transferred; and

(4) where any other adjustments have been made.

Provision of contractual FTE position information in the same fashion as reported in the appendices of the fiscal 2010 Governor's budget books shall also be provided.

SECTION 38. AND BE IT FURTHER ENACTED, That the Department of Budget and Management and the Maryland Department of Transportation are required to submit to the Department of Legislative Services' (DLS) Office of Policy Analysis: 213

(1) a report in Excel format listing the grade, salary, title, and incumbent of each position in the Executive Pay Plan (EPP) as of July 1, 2009, October 1, 2009, January 1, 2010, and April 1, 2010; and

(2) detail on any lump–sum increases given to employees paid on the EPP subsequent to the previous quarterly report.

Flat rate employees on the EPP shall be included in these reports. Each position in the report shall be assigned a unique identifier, which describes the program to which the position is assigned for budget purposes and corresponds to the manner of identification of positions within the budget data provided annually to DLS' Office of Policy Analysis.

SECTION 39. AND BE IT FURTHER ENACTED, That no position identification number assigned to a position abolished in this budget may be reassigned to a job or function different from that to which it was assigned when the budget was submitted to the General Assembly. Incumbents in positions abolished may continue State employment in another position. 214

SECTION 40. AND BE IT FURTHER ENACTED, That the Secretary of the Department of Budget and Management shall include as an appendix in the fiscal 2011 Governor's budget books an accounting of the fiscal 2009 actual, fiscal 2010 working appropriation, fiscal 2011 and fiscal 2012 estimated revenues and expenditures associated with the employees' and retirees' health plan. This accounting shall include: 215

(1) any health plan receipts received from State agencies, employees, and retirees, as well as prescription rebates or recoveries, or audit and other miscellaneous recoveries;

(2) any premium, capitated, or claims expenditures paid on behalf of State employees and retirees for any health, mental health, dental, or prescription plan, as well as any administrative costs not covered by these plans; and

(3) any balance remaining and held in reserve for future provider payments.

SECTION 41. AND BE IT FURTHER ENACTED, That the Department of Budget and Management shall create a statewide subobject to provide for budgeting in all fund accounts in individual agency budgets for Other Post Employment Benefits expenditures. 216

SECTION 42. AND BE IT FURTHER ENACTED, That any agreement made through any State agency, including all promotional contracts offering money to airlines for joint marketing services, contracts that waive certain airport fees, and agreements guaranteeing an airline's profit or return on sales, that involves the payment of funds to an airline that results in a reduction in revenue to the State from any fees, rent charges, or other types of revenue charged to an airline: 217

(1) may not be approved or go into effect unless the agreement is approved by the Board of Public Works, except if the Maryland Aviation Administration or the Maryland Department of Transportation is using a standard agreement previously approved by the Board of Public Works; and

(2) must be included in the Maryland Aviation Commission's annual report submitted to the General Assembly in accordance with Section 5–201.2 of the Transportation Article. The report shall include the total number of agreements reached during the previous fiscal year, the total number of airlines involved in the agreements, and the total dollar amount for that fiscal year relating to those agreements. These summary reports shall be provided separately for agreements relating to fee waivers, joint marketing services, and agreements that guarantee an airline's profit or return on sales.

Further provided that all agreements guaranteeing an airline's profit or return on sales may not be entered into unless the executive director of the Maryland Aviation Administration or the Secretary of the Maryland Department of Transportation advises the chair of the Senate Budget and Taxation Committee, the chair of the Public Safety, Transportation, and Environment Subcommittee, the chair of the House Appropriations Committee, the chair of the Transportation and Environment Subcommittee, and the Department of Legislative Services of the proposed agreement.

SECTION 43. AND BE IT FURTHER ENACTED, That the funding of the State Employees Risk Management Administration included in the State's workers' 218

compensation assessment from the Injured Workers' Insurance Fund (subobject 0175) shall be reduced in fiscal 2010 by the following amounts:

Department	Fund	Amount
Executive	General	392,413
Executive	Special	168,404
Executive	Federal	27,618
Executive	Current Unrestricted	14,795
Executive	Current Restricted	16,526
Judiciary	General	6,282
Legislative	General	296

SECTION 44. AND BE IT FURTHER ENACTED, That funding for cell phone expenditures (statewide subobject 0306) shall be reduced as follows:

219

Fund	Amount
General	479,517
Special	364,892
Federal	150,362
Reimbursable	11,225
Nonbudgeted	2,935
Higher Education	409,847

The Governor shall develop a schedule for allocating this reduction across the various State agencies and across all funds based upon State agency use. In reducing higher education funds, all of the reduction shall be derived from State general fund support under Program R75T00.01.

SECTION 45. AND BE IT FURTHER ENACTED, That no funds in this budget may be expended for the further development of the Case Management Modernization Project and the Offender Case Management System until the Judiciary and the Department of Public Safety and Correctional Services (DPSCS) develop a common State identifier for each offender. 220

Further provided that the Criminal Justice Information Advisory Board shall address the formulation of an interoperable case management system and submit a report to the budget committees, with bi–annual submissions thereafter, addressing the following provisions:

(1) the process and projected timeline for establishing a mechanism that allows the real–time transfer of information between the Judiciary and DPSCS;

(2) initial and ongoing cost savings resulting from the establishment of a common identifier and real–time data sharing; and

(3) the joint development and submission of reports providing long–term criminal justice system trend data (e.g., the number of individuals sentenced for certain offenses, the number of nolle prosequi dispositions, and the number of individuals sentenced to probation).

Further provided that on November 1, 2009, and annually thereafter, the Criminal Justice Information Advisory Board shall develop and submit a Joint Case Management Interoperability Information Technology (IT) Plan. The IT plan shall discuss the interoperability status of the IT systems currently under development by the Judiciary and DPSCS as well as whether any consideration has been given toward developing interoperable IT systems for new systems contemplated in the future.

The budget committees shall have 45 days to review and comment following receipt of the report.

SECTION 46. AND BE IT FURTHER ENACTED, That it is the intent of the General Assembly that the Governor's fiscal 2011 budget books include separately a summary of Chesapeake Bay restoration expenditures by agency and fund. The Department of Budget and Management (DBM) shall include the fiscal 2009 actual, fiscal 2010 working appropriation, and fiscal 2011 allowance for programs that have over 50% of their activities directly related to Chesapeake Bay restoration. Further provided that DBM should provide to the Department of Legislative Services (DLS) the same data disaggregated by program in an electronic format subject to the concurrence of DLS. 221

SECTION 47. AND BE IT FURTHER ENACTED, That $200,000 of the appropriation made for the purpose of the Office of People's Counsel (C91H00) and $200,000 of the appropriation made for the purpose of the Public Service Commission (C90G00) may not be expended until the Office of People's Counsel and Public Service Commission submit a report to the budget committees. The report shall include: 222

(1) the cause of the decreased performance for the Office of People's Counsel in the area of complaints and terminations resolved successfully between fiscal 2007 and 2008;

(2) the relatively low estimates of the Office of People's Counsel for the complaints and terminations resolved successfully for fiscal 2009 and 2010;

(3) the role of the Office of People's Counsel in examining the transactions of Constellation Energy Group with MidAmerican Energy Holdings Company and EDF Development Inc.; and

(4) the actions the Public Service Commission and Office of People's Counsel have taken, or intend to take, regarding issues of termination and arrearages for residential customers in fiscal 2009 and 2010 with a plan to provide relief to these customers.

The budget committees shall have 45 days from the receipt of the report to review and comment.

SECTION 48. AND BE IT FURTHER ENACTED, That $500,000 of the General Fund Appropriation for the Department of Budget and Management (DBM) and $500,000 of the General Fund Appropriation for the Military Department made for the purpose of general operating expenses may not be expended until DBM and the Military Department provide, within the submission of the fiscal 2011 budget volumes, the line item detail for the revenues and expenditures associated with the Maryland State Firemen's Association grant program. The submission shall include line item detail for the administrative expenses, the Trustee's Relief Account (Widows and Orphans Fund), and the Volunteer Company Assistance Fund's grants and loans. The submission shall include the revenue sources that support each expenditure and 3 years of detail showing the most recent actual expenditure, the current year working appropriation, and the allowance. 223

The budget committees shall have 45 days from the date of receipt of the report to review and comment.

SECTION 49. AND BE IT FURTHER ENACTED, That beginning on December 31, 2009, and annually thereafter, the Governor's Office of Homeland Security (GOHS), with the assistance of the Maryland Emergency Management Agency, the Department of Health and Mental Hygiene, the Department of State Police, and the Maryland Department of Transportation shall submit a report to the budget committees that details spending related to homeland security (by agency and by funding source) for the most recent federal fiscal year. At a minimum, the report shall include the amount of the funding pass–through to local jurisdictions (by county). The report shall also include a listing of the homeland security projects for which funding was expended and a description as to how these projects correspond to the 12 core goals for emergency preparedness (Interoperable Communications, Intelligence/Information Sharing and Collaboration Capabilities, Hazmat/Explosive Device Response, Personal Protective Equipment for First Responders, Biosurveillance, Vulnerability Assessment, Exercise Evaluation and Training, Closed Circuit Television Network, Mass Casualty/Hospital Surge, Planning, Backup Power and Communications, and Transportation Security). The report shall also summarize the progress made toward achieving the 12 core goals. Prior to developing the report, GOHS shall consult with the Department of Legislative Services in determining appropriate data and information to include in the report. 224

SECTION 50. AND BE IT FURTHER ENACTED, That on or before October 1, 2009, the Department of Health and Mental Hygiene shall submit an application to the Centers for Medicare and Medicaid Services to amend the State Medical Assistance Program to allow the department to receive federal matching funds for evidence–based services provided to youthful offenders including, but not limited to, multi–systemic therapy, functional family therapy, and multi–dimensional treatment foster care. 225

If the department is not allowed to amend the State Medical Assistance Program to receive federal matching funds for services provided only to youthful

offenders, the department shall, within 30 days of any decision by the Centers for Medicare and Medicaid Services, submit to the budget committees, the House Health and Government Operations Committee, and the Senate Finance Committee a cost estimate for amending the State Medical Assistance Program to allow the receipt of federal matching funds for evidence–based services to any eligible population.

If the department is allowed to amend the State Medical Assistance Program to allow the receipt of federal matching funds for evidence–based services provided to youthful offenders, the general funds for those services may be transferred by budget amendment from the Department of Juvenile Services (Program V00) to the Mental Hygiene Administration (Program M00L01.03).

226

SECTION 51. AND BE IT FURTHER ENACTED, That the Board of Public Works, in exercising its authority to create additional positions pursuant to Section 7-236 of the State Finance and Procurement Article, may authorize during the fiscal year no more than 150 positions in excess of the total number of authorized State positions on July 1, 2009, as determined by the Secretary of the Department of Budget and Management. Provided, however, that if the imposition of this ceiling causes undue hardship in any department, agency, board, or commission, additional positions may be created for that affected unit to the extent that positions authorized by the General Assembly for the fiscal year are abolished in that unit or in other units of State government. It is further provided that the limit of 150 does not apply to any position that may be created in conformance with specific manpower statutes that may be enacted by the State or federal government nor to any positions created to implement block grant actions or to implement a program reflecting fundamental changes in federal/State relationships. Notwithstanding anything contained in this section, the Board of Public Works may authorize additional positions to meet public emergencies resulting from an act of God and violent acts of men, which are necessary to protect the health and safety of the people of Maryland.

The Board of Public Works may authorize the creation of additional positions within the Executive Branch provided that 1.25 full–time equivalent contractual positions are abolished for each regular position authorized and that there be no increase in agency funds in the current budget and the next two subsequent budgets as the result of this action. It is the intent of the General Assembly that priority is given to converting individuals that have been in a contractual position for at least two years. Any position created by this method shall not be counted within the limitation of 150 under this section.

In addition to any positions created within the limitation of 150 under this section, the Board of Public Works may authorize the creation of no more than 150 positions within the Department of Human Resources to provide services purchased by Local Management Boards through contracts with local departments of social services. If a Local Management Board terminates a contract with a local department of social services during the fiscal year, all the positions created by the Board of Public Works to provide services under the terms of that contract shall be abolished.

In addition to any positions created within the limitation of 150 under this section, the Board of Public Works may authorize the creation of positions within the Department of Human Resources to provide services funded by grants from sources other than Local Management Boards. If any grant entity terminates a grant award with a local department of social services or other unit during the fiscal year, all positions created by the Board of Public Works to provide services under the terms of the grant award shall be abolished. The employee contracts for these positions shall explicitly state that the positions are abolished at the termination of the grant award. General funds or any other State funds shall not be used to pay any of the salaries or benefits for these positions. Furthermore, the Department of Human Resources must provide a summary to the budget committees by December 1 of each year on the number of positions created under this section.

The numerical limitation on the creation of positions by the Board of Public Works established in this section shall not apply to positions entirely supported by funds from federal or other non-State sources so long as both the appointing authority for the position and the Secretary of the Department of Budget and Management certify for each position created under this exception that:

(1) funds are available from non–State sources for each position established under this exception; and

(2) any positions created will be abolished in the event that non–State funds are no longer available.

The Secretary of the Department of Budget and Management shall certify and report to the General Assembly by June 30, 2010, the status of positions created with non–State funding sources during fiscal 2006, 2007, 2008, 2009, and 2010 under this provision as remaining authorized or abolished due to the discontinuation of funds.

SECTION ~~26.~~ 52. AND BE IT FURTHER ENACTED, That numerals of this bill showing subtotals and totals are informative only and are not actual appropriations. The actual appropriations are in the numerals for individual items of appropriation. It is the legislative intent that in subsequent printings of the bill the numerals in subtotals and totals shall be administratively corrected or adjusted for continuing purposes of information, in order to be in arithmetic accord with the numerals in the individual items. 227

SECTION ~~27.~~ 53. AND BE IT FURTHER ENACTED, That pursuant to the provisions of Article III, Section 52(5a) of the Constitution of Maryland, the following total of all proposed appropriations and the total of all estimated revenues available to pay the appropriations for the 2010 fiscal year is submitted:

BUDGET SUMMARY ($)

Fiscal Year 2009

General Fund Balance, June 30, 2008 available for 2009 Operations		487,111,012
2009 Estimated Revenues (all funds)		29,947,823,091
Reimbursement from reserve for Heritage Tax Credits		21,270,915
Reimbursement from reserve for Biotechnology Tax Credits		6,000,000
Transfer from Accounting Reserves		380,163,631
Transfer from the Revenue Stabilization Account		170,000,000
Transfer from other funds contingent upon legislation		264,388,820
2009 Appropriations as amended (all funds)	30,650,935,404	
2009 Deficiencies (all funds)	286,249,484	
Estimated Agency General Fund Reversions	(84,526,258)	
Subtotal Appropriations (all funds)		30,852,658,630
2009 General Funds Reserved for 2010 Operations		424,098,839

Fiscal Year 2010

2009 General Funds Reserved for 2010 Operations		424,098,839
2010 Estimated Revenues (all funds)		30,933,475,219
Reimbursement from reserve for Heritage Tax Credits		18,491,391
Reimbursement from reserve for Biotechnology Tax Credits		6,000,000
Transfer from the Revenue Stabilization Account		210,000,000
Transfer from other funds contingent upon legislation		15,598,109
2010 Appropriations (all funds)	32,051,265,919	
Reductions contingent upon legislation (all funds)	(449,291,437)	
Estimated Agency General Fund Reversions	(40,233,509)	

1	Subtotal Appropriations (all funds)	31,561,740,973
2	2010 General Fund Unappropriated Balance	45,922,585
