THE SENTINEL.

Maryland and the Virginia Commission.

The following is the communication of the committee of the Maryland Conference Convention, which was sent before the Virginia Convention on Monday, and referred to the committee on federal relations:

To the Honorable the President of the Convention of Virginia:

The undersigned, citizens of Maryland, have been appointed a committee on behalf of a conference convention [illegible] in order to communicate with this convention [illegible] which is now occupying the attention of yourselves. It is upon the subject of the proposed conference with the southern border States.

It is to especially to be understood that in [illegible]

[illegible]

Our sole object is to avoid, by the terms of the adjustment, an occasion of such [illegible]

[illegible]

In the hope and expectation [illegible] convention we have the honor to [illegible] your obedient servants.

THE AFRICAN SLAVE TRADE.—The Congress of the Confederate States has passed a law prohibiting any person from engaging in the [illegible]

The law is so stringent and so guarded against the possibility of its infraction, that we presume few of the Northern [illegible]

We have no doubt this action of our Congress will give general satisfaction. [illegible] *Southern Confederacy, Christian Advocate.*

NEGRO APPLICANTS FOR OFFICE.—The Washington correspondent of the New York *Express*, in a recent letter to that journal says:

The number of applications for minor offices by colored men is perfectly astounding from Massachusetts alone. I am informed that the postmasters [illegible] applications, and the supposition is that these are several black applicants [illegible] the white ones. In order to save trouble, let me suggest to each applicant the propriety of making an affidavit as to the color of his skin, and enclose it in his application. [illegible] the colored ranks without knowing it, no matter how well they may be induced.

SECESSION IN THE METHODIST CHURCH.—The present sessions of the Baltimore and the East Baltimore Annual Conferences of the Methodist Episcopal Church, now assembled respectively at Staunton, Virginia, and at Chambersburg, Pennsylvania, are the most important ever held. The great question to be decided is the approval or disapproval of the new chapter added to the Discipline of the Church by the last General Conference, making non-slaveholding a test of membership. The feeling in the Church is very high on the subject, and it is expected that the controversy will result in the division of the Church, the main scheme opposed to the new rule preferring a separation rather than to submit to its provision.—*Baltimore Exchange.*

A "FUGITIVE SLAVE."—A few days since a great excitement was created in Hadley, Massachusetts, by a "fugitive slave" who went about town soliciting aid to enable him to reach Canada. He found hearts and hands open to aid him in his escape from officers who were reported to be on his track. Towards night it was ascertained that the fugitive was a white man who had blacked his face and dressed himself for the occasion.—The citizens, it is presumed, know very well that in that abolition region a white man meets with very little sympathy, and therefore painted himself black in order to raise [illegible]

NOW READY.

The Second Edition.

By Authority of the State of Maryland.

THE MARYLAND CODE,

CONTAINING ALL THE

Public General and Public Local Laws,
Now in force, in the State of Maryland,

COMPILED BY

OTHO SCOTT, & HIRAM M'CULLOUGH,

Adopted by the Legislature of Maryland, Jan. Session 1860: the Acts of that Session being therewith incorporated.

With an Index to each Article and Section,

By Henry C. Mackall, of the Maryland Bar.

Just Published, in Two Vols. 8vo., Law Sheep, 1000 pages, only $6, Interleaved, $10. Superbly bound in Half Calf interleaved, $12 per copy.

THE FIRST EDITION of 2,000 copies of the Code, being exhausted by the subscription of the State, the City of Baltimore and the public, the Publishers have the pleasure of announcing that the SECOND EDITION is now ready, for which orders are respectfully solicited.

It is deemed superfluous to dwell on the merits or advantages of this great work, *the preparation of which has cost the State upwards of $50,000.* The distinguished Codifiers whose labors have been ratified by an Act of the recent Legislature, have comprised in *Full Detail*, in *Two Volumes*, ALL THE PUBLIC AND LOCAL LAWS *now in force in this State*, and of course, bearing on every department of business, and every interest of society. Into this comprehensive space, the Code, into which is incorporated the Acts of the last Legislature, *collects and digests the Entire Legislation of Maryland from the Provincial Period to the close of the January Session of 1860*,—with an elaborate and well digested Index to each Article and Section—careful and minute in its classification of subjects, the reader, no matter how unfamiliar with the science of law, may easily examine the enactments on any question referring to his *Property*, his *Rights*, his *Duties*, or his *Liberties* as a *Citizen*.

With the view of enabling every citizen to possess a copy, the Publishers have affixed the price at about one-half the usual charge for law books, relying with confidence on the intelligence of the citizens of Maryland for a liberal encouragement. It is perhaps the *most complete body of Domestic Jurisprudence ever Published, for Popular as well as Professional use. As a perfect Compendium of our State Law*, it should at once enlist the good will and secure the patronage of every citizen. Every *Law Office*, every *Merchant*, *Manufacturer* and *Farmer*, every *Mechanic* and *Artizan*, every *Professional* and *Business Man*, *ought to secure a copy of* THE CODE.

The code has been carefully examined by several of the most eminent lawyers in the State. All unite in pronouncing it the most complete body of Domestic Jurisprudence for Professional as well as Popular use, ever published, and one of the *best arranged*, as it is *unquestionably one of the neatest and cheapest law books ever produced in this country.* The unexpected demand, and the very favorable opinions expressed by competent judges, are gratifying evidences, that the mode of issuing the Work—in a superior style, and at about one-half the usual price of law books—has met with public approbation.

In order to render the work in every respect useful to Purchasers, we have made arrangements to issue in Pamphlet Form, uniform with the present volumes of the Code, *the* ACTS *of each* FUTURE SESSION *of the* LEGISLATURE. By this means the purchasers of the Code will be enabled to possess all the Legislation of the State, in regular order, at a very moderate price.

Preparing for Early Publication, A DIGEST OF THE DECISION, *Construing the Statutes of Maryland*, of which the Code of Public General Laws is composed, with specifications of the Acts of Assembly, by CHARLES F. MAYER and LEWIS MAYER, of the Baltimore Bar.

Early orders respectfully solicited.

J. P. BARTHOLOW

WOULD respectfully inform his friends and the public generally, that his STOCK OF AGRICULTURAL IMPLEMENTS, in extent, variety and quality, is unequalled by any house south of New York.

His annual tours through the New England States, made with a view of finding and being first in receipt of the latest and best Farming Implements, together with his thorough knowledge of every branch of his business, (being a *PRACTICAL MACHINIST*, and having *sixteen years practical experience* in Agricultural Machinery,) qualify him to assert the above.

He would state that he obtains his goods *from the MANUFACTURERS and not from Wholesale Dealers*, as is usual with Southern Houses—thereby getting them at FIRST PRICES; and it is obvious that he can offer them at *LOWER PRICES* than those who purchase from second hands, after one profit has been made on them.

BAUGH'S
RAW-BONE
SUPER-PHOSPHATE OF LIME.

ANALYSIS:

7 to 8 Per Cent. of Ammonia, and 54 Per Cent. Bone-Phosphate of Lime.

FOR FALL SEEDING it is a most invaluable manure, being made from pure Raw-Bone.

IT ACTS DIRECTLY—bringing forward the young shoots of the grain and grass, giving them a vigorous growth, healthy color, and imparting strength and stamina.

IT IMPROVES THE LAND PERMANENTLY. It does not, like Peruvian Guano, stimulate the growing crop, and leave the soil exhausted, but leaves the land permanently benefitted.

FARMERS AND PLANTERS GIVE IT A TRIAL.

It is rapidly working its way into favor, and is a reliable fertilizer.

Price $45 per ton of 2,000 lbs., in Baltimore, in strong sacks of 160 lbs. each.
