Garrison pupils lean to Orioles

This is the time of the year when everyone is predicting the winner of the next major league baseball season.

One hundred Garrisonians were asked the question, "Where are the Orioles going to wind up in the American League?"

The only thing these pupils agreed on was that the Orioles would wind up in the first division.

Here is how the Garrisonians voted: Forty per cent said Orioles would wind up in first place. Sixteen per cent said the Orioles had second place in the bag. Twenty four per cent said the Orioles would wind up behind the Yankees and White Sox in third place.

Ten percent said the Orioles would come in fourth.

Jeffrey Klausner, who is in the ninth grade summed up the opinion of most of the people polled by stating:

"I think the birds will wind up in first or second place. They have the best pitching and the youngest infield in the majors."

Chuck Schwartzman said: "I think the Orioles will come in second. Recent trades and the stocking of new franchises have left the Orioles with a group of first and second year men.

"It will take the players two or three years to learn the ropes".

Ronald Matz, another ninth grader, stated:

"The Orioles will wind up in fourth place. The addition of new teams makes the competition keener. Teams like the Minnesota Twins, Washington and New York aren't going to sit back and let the Orioles run away with the flag." Jeffrey Miller 9-10.

THE BIG MOMENT ARRIVES— These seniors at Forest Park High School were among those who received their diplomas at graduation exercises this week. Left to right: Bernard Millman, Mac Davis and Dennis Day.

Bails continued in 'Cig Swindle'

A Criminal Court judge continued bail for two men involved in the alleged $29,000 Cigarette Swindle, Thursday.

Robert Johnson, 22, 2200 block Roslyn Ave., and Leonard Flowers, 24, 3000 block Poplar Ter., had their bail continued pending an investigation by the Probation Department.

Judge Dulaney Foster held the cases sub curia when the men pleaded guilty to stealing $22,000 worth of cigarettes from a West Baltimore St. distributor.

The amount of larcenies, dating from January to June, 1959, was first put at $29,740.14. It was later corrected by an audit by the Comptroller's office.

TAKING THE STAND, both Johnson and Flowers admitted taking the cigarettes and cosmetics, which they later sold.

Two cigarette salesmen, charged with receiving goods in connection with the case, were freed in police court, in August, when police were unable to produce evidence linking them with the crime.

Tourin' Turners

By E. S. McDANIEL

Hurrah, at long last we are now in our very own Health Center at 11 and 13 South Le in the Ernest Lyons Homes.

We started after this goal three years ago. We have worked like beavers. The results, we have purchased a site with a lovely building on it which we have converted into an attractive health center. This is an example of what a community can do for itself, if the citizens work together.

For the past two years we have turned the proceeds from the Sweethearts Ball over to the health committee. Each of the schools have sponsored an activity for the benefit of the health committee. Individuals have given personal donations in cash and services. Clubs and churches have given cash donations, and still other groups have made contributions. Much more help is needed.

Presently, we have two projects going on, the sale of candy and the Sweethearts Ball which comes off on Feb. 25. Two new features of the dance this year are the dance is being held at a brand new hall that is twice as large as the hall where the dances have been held in the past and the music is being furnished by King Draper.

THERE ARE two pieces of equipment that are needed at the Health Center as soon as possible. We need an apartment size gas range for the kitchen and we are in need of an electric refrigerator. If you desire to help us with a donation of one or both of these utilities, please call the home of the chairman, Robert Lee Abbott — AT-4-3544. Thank you.
