No "one-dimensional" product, advertised for "colds" can possibly do this. 666 is a broad-action, multiple-ingredient medicine, developed and marketed especially for the treatment of colds—and not for any other ailment.

A SPECIAL COMBINATION PRODUCT

666 is a dependable, proven combination of medicinal ingredients, which are used by many doctors in their prescriptions. I AM SURE that you have heard the name of Dr. Mary McLeod Bethune, colored, educator and government consultant. This distinguished woman has done much to exhalt the colored woman by holding her torch high so that women every where could see her light.

Among the many things that she did was the organization of the National Council of Negro Women, Inc. with headquarters in Washington, D.C.

One of the projects that the Council is operating is the Community Resource Library of Negro Baby Photo Date Book. You have seen the cute baby pictures on the "Jack Paar" show.

The pictures in this date book were made by the same person. You may help this worthy cause by securing one of these books. For further details, contact the Maryland president, Mrs. Emma D. Dudley at 247I Shirley Ave. N.W.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching and relieve pain—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form under the name Hi®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.
