MANUFACTURING CHEMISTS

IN THE WORLD.

I am acquainted with H. T. Helmbold, he occupied the drug store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WM. WEIGHTMAN,

Manufacturing Chemists,
Ninth and Brown Streets, Phila.

[From the Phila. *Evening Bulletin*, Mar. 16th.]

We are gratified to hear of the continued success, in New York, of our townsman, Mr. H. T. Helmbold, Druggist. His store, next to the Metropolitan Hotel, is 28 feet front, 230 feet deep, and five stories in height. It is certainly a grand establishment, and speaks favorably of the merit of his articles. He retains his Office and Laboratory in this city, which are also model establishments of their class.

The proprietor has been induced to make the statement from the fact that his remedies, although advertised, are

Genuine Preparations;

And knowing that the intelligent refrain from using anything pertaining to quackery, or the Patent Medicine order—most of which are prepared by self-styled Doctors, who are too ignorant to read a physician's simplest prescription, much less competant to prepare pharmaceutical preparations.

THESE PARTIES RESORT

to various means to effect sales, such as copying parts of advertisements of popular remedies, and finishing with certificates.

The science of Medicine stands SIMPLE, PURE, and MAJESTIC—having Fact for its Basis, Induction for its Pillar, Truth alone for its Capitol.

A WORD OF CAUTION.

Health is most important; and the afflicted should not use an advertised medicine, or any remedy, unless its contents or ingredients are known to others beside the manufacturer, or until they are satisfied of the qualifications of the party so offering.

FINE THRIFTY YOUNG ORCHARD, of Peaches and Apples, of choice fruit, in full bearing—cannot be beat in the county; also, an additional young ORCHARD, of 300 Apple Trees and 110 Dwarf and Standard Pear Trees, of the finest selections; and a NURSERY OF YOUNG TREES, ready for planting, (all grafted.)

FARM is well watered, under good fencing, principally Locust Posts and Chestnut Rails, and Plank Fence, with an abundance of TIMBER for all purposes.

This farm is eligibly situated on public roads, eighteen miles from Georgetown, D. C., and two miles from the Chesapeake and Ohio canal, and four from the proposed Railroad from the Point of Rocks to the District.—FLOURING MILL on the same tract, affording a ready market for all grain grown on the farm.

The Canal and Railroad offers facilities for getting fertilizers, and lime can be procured at a cost of 12½ cents per bushel. There is a surplus of WOOD on this Tract, sufficient to pay for all lime and improvement on the farm. Churches, schools and post-offices within two miles of the farm.

The above property is susceptible of division of 100, 200 and 300 acre tracts. I will sell the whole, or divide to suit purchasers—provided I can sell the entire tract.

THE SAW MILL is equal to any in the county, or elsewhere.

All the Gearing throughout the Flouring and Saw Mill is Cast Iron. For durability and elegance of finish it is equal to any mill in the State.

White Men must Rule!

NEW YORK DAY-BOOK FOR 1866.

THE DAY-BOOK proposes to stand in the future, as in the past, upon the great doctrine that this is a WHITE MAN'S GOVERNMENT on the basis of a FEDERAL UNION, and it desires to be distinctly counted out of that class of journals which propose to surrender Democratic principles to a cowardly public clamor. It aspires to no higher honor than to be the organ of the great AGRICULTURAL CLASSES of the country against the public plunderers of all parties, who now, through banks, tariffs, taxes and free negroism, are striving to crush them. THE DAY-BOOK, or its substitute THE CATCAMAN, for four long and bloody years, kept the flag of State Rights and Constitutional Liberty flying at a great pecuniary sacrifice, in New York, and at a time, too, when it had no other journal to keep it company. It has not, therefore, been printed merely to make money, but has chosen rather to be *right* and with the *people*, than to court the favor of cliques and rich railroad corporations and be *wrong* with the few. It might have been better off pecuniarily, but it would have been sadly bankrupt in principle had it taken any other course. It does not now mean to run a competition with shoddy Democratic or Abolition papers, supported by political funds robbed from the people, and it warns the masses that there are many so-called Democratic papers engaged in the conspiracy to mortgage the bones and sinews of the farming and industrial classes to bondholders and capitalists, and surrender the old Union and the old Constitution to the Mongrelists. It, therefore, calls upon all true men to stand by it for another year's fight with the Abolitionists, monopolists and public plunderers. The DAY-BOOK is now recognized as the LEADING DEMOCRATIC WEEKLY OF THE COUNTRY, and has THE LARGEST CIRCULATION OF ANY PUBLISHED, being the only New York paper of its class made up as a FAMILY and AGRICULTURAL Journal.

COE'S AMMONIATED SUPER PHOSPHATE.

THIS Super Phosphate is known to be *SUPERIOR* to any other ever used in this part of the country. Its best recommendation is the fact that all persons who have tried it or seen it tried are using it in preference to any other fertilizer.

Farmers wishing a sure Fertilizer should be certain to buy the Phosphate made by Coe himself, and not that made by other parties using Coe's name.
